Corn Huskers To Compete For Honors At State Event

The Tenth Annual Ohio Corn Field Day and Husking contests will be held this year on the Lee Main 500 acre farm in Delaware County, just two and one-half miles northeast of Delaware on U. S. Route 42 today and tomorrow, Oct. 26th and 27th. The above map will show you the best route from any section of the state.

This has come to be the largest single agricultural event in the state of Ohio and preparations have been made to take care of a crowd of 50,000 people.

This two-day event will start today with a program that will be something like a 12 ring circus. There will be a line-up of machinery and equipment exhibits and displays in the big horseshoe in the center of the field and plowing and corn picking demonstrations in all directions.

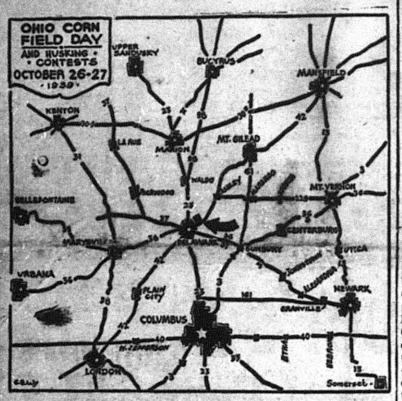
Forty acres of corn have been left in which the mechanical corn pickers will do their stuff. You will be able to see Case, International, John Deere, Minneapolis-Moline, Oliver, and General Implement machines operating in the field side by side. In the 50 acres set aside for plowing you will see 55 plow bottoms of a dozen different makes drawn by as many different tractors. Among them will be Allis-Chalmers, Ford, Silver King, International, Huber, Caterpillar, John Beere, Massey-Harris, Oliver, Minneapolis-Moline, Case, and Co-op.

HUSKING CONTEST ON SECOND DAY

On Friday the program will include as its major features a draft team show, both the standing and shock corn husking contests and a speaking program in the afternoon.

The starting gun for the husking contest in shock corn will be fired at 10:15 sharp, and the signal for the standing corn contest at 11 a. m. forty-five minutes later. In each contest there will be twenty huskers.

Corn Field Day is sponsored jointly by the Delaware County Committee, the Extension Service of Ohio State University, the Columbus Tractor and Implement Club. and The Ohio Farmer.



THE ABOVE MAP SHOWS THE LOCATION OF THE TENTH ANNUAL OHIO CORN FIELD DAY AND STATE CORN HUSKING CONTESTS TO BE HELD OCTOBER 26-27, 2½ MILES NORTH-EAST OF DELAWARE ON ROUTE 42.

Church Council Conference At Bucyrus Draws Crowd From Here

Eighteen men of the Lutheran Church traveled to Bucyrus on Tuesday evening to attend the Church Council Conference held in St. Paul's Evangelical Lutheran Church. They were well repaid for their time for the meeting was excellent. Dr. W. H. Greever, Executive Secretary of the United Lutheran Church in America, was the leader, and under his guidance the ninety men assembled went into the duties, rights and responsibilities of church councilmen in an informal but effective manner.

The meeting was opened with the reading of Scripture and prayer by the Rev. J. David Mumford, pastor loci, who then introduced Dr. Greever to the men. Doctor Greever arranged his discussion around the installation service used in the United Lutheran Church for church councilmen. He went briefly but pointedly into each phase of the vows taken by church councilmen, trying to indicate clearly what a tremendous force for good the forty thousand councilmen of the United Lutheran Church can be if they fully realize their responsibilities and obligations as members of local congregations.

After each section was discussed by Dr. Greever time was given for questions and discussion by men who entered into the discussions eagerly. Prominent place was given in discussion to the spiritual mission of the Lutheran Church on the point that it is the task of each Councilman to see to it that the pure Word of God is preached.

The meeting was closed with the use by Dr. Greever of the closing passages of the service of Installation closing with the Lord's Prayer and the Benediction.

Those who were in attendance from the local church were: D. J. Ford, Bert Rule. James Root, J. A. Root, Glen Dick, Neal B. Shepherd, Howard Biller, C. C. Pugh, Sam B. Fenner, E. K. Trauger, R. L. Hoffman, J. E. Nimmons, A. F. Donnenwirth, Reese C. Thornhill, Royal Eckstein, Orva Dawson. Dwayne McFadden and R. C. Wolf.

THREE COUNTIES HOLD RALLY

ANNUAL REFORMATION RALLY WILL CONVENE SUNDAY IN MANSFIELD.

The Annual Reformation Rally will be held in the First Lutheran Church, Mansfield, this Sunday evening at seven-thirty. This service which is held annually by the Lutherans of Richland, Crawford and Ashland Counties is an open meeting to which all Protestant church folks are welcome.

This year the arrangements were in the hands of a committee of which Rev. Richard C. Wolf, pastor of the local Lutheran Church, was chairman. The committee succeeded in securing for the Rally a truly excellent speaker, Doctor Abdel Ross Wentz, of the Lutheran Theological Seminary at Gettysburg, Pa.

Dr. Wentz is one of the outstanding leaders of the United Lutheran Church in America. He is widely known for his work in the American Church History of which he was secretary for many years. Dr. Wentz is not only highly known and loved in the Lutheran Church, but as well he holds the high regard of churchmen throughout the ranks of American Protestantism. He was selected as one of the American representatives to the Madras Conference Meeting of the International Missionary Conference in 1938. a signal honor.

In addition to his wide spread reputation, Dr. Wentz is an authority on the Reformation. As head of the Department of Church History of the Lutheran Theological Seminary at Gettysburg, Doctor Wentz has been a thorough student of the Reformation and its significance both in its day and in our day. He will bring a message backed up by authority. Dr. Wentz is the new President-elect of the Seminary at Gettysburg and will be inaugurated into that office next September to succeed The Rev. John Aberly, D. D.

GRADE CARDS GO OUT TODAY

Grade Cards will be given out today at the local schools.

Naturally, each child is anxious to know the grade for the six weeks period. Some are happy and some depressed. There have been some changes on the grading method this year. Instead of the usual A, B, C, D and F, there will be the letter U or S. The U meaning that the child did unsatisfactory work in the school. The S means that the child has shown an interest, had a good attitude, was cooperative, has maintained the proper respect for the teacher and his classmates, as well as a good scholastic attitude. Any child receiving a U should be in touch with the teacher to know how to become an S student. Some students are more apt and this is also taken into consideration by the teacher.

PLYMOUTH WINS OVER SHILOH SECOND TIME

PLYMOUTH DEFEATS SHILOH AGAIN 39—0.

Plymouth, not satisfied with their 18-0 victory over Shiloh here, moved in on them on their home field and walloped them twice as bad 39-0. The home team clicked right from the start with Hough making two long runs over the goal line. Both teams fought hard and several time-outs were called because of injury to the players. Shiloh once fought their way to a first down on Plymouth's one-yard line but there they met a defense they could not penetrate and they were held scoreless. During the last half Coach Dunham put in some of the second team and they added a couple of touchdowns to Plymouth's score. Both teams were well supported by their home town. Save the Coon Dens

Clyde B. Caldwell of near Plymouth, submits another good idea to the Ohio Farmer which appears in the current issue. We pass it on to our readers:

SOMETIMES I wonder as to the value of spending thousands of dollars propagating and distributing game thruout the state when cover for same is ruthlessly being destroyed.

This summer, when berry picking, I chanced into a woodlot placarded by the state with SAFETY ZONE notices. "It is unlawful to hunt or pursue wild life within this area," the signs read.. Timber cutters, however, had entered the area and tree tops lay everywhere amid the undergrowth. One of the trees cut was a big water elm that had been a coon den for at least twenty years.

The timber buyer, a stranger to the neighborhood, when approached said he didn't know the tree was a coon den until after it was down. "I wouldn't have had it happen for anything," he said. "I'm a coon hunter myself. I know the value of such trees."

Why can't the conservation department take some money allotted it for propagation purposes and divert it to a fund for the buying up of all such den trees from the farmers? Some coon hunting associations thruout the country have been doing this. but their funds and scope of operations are limited. Such a program, if adopted by the state, would prevent mistakes like the above occuring in the future and insure homes for all coons to be released.—Clyde B. Caldwell, Richland Co., O.

SILVER KING TRACTOR TO BE SHOWN AT STATE CORN HUSKING CONTEST TODAY

Thousands of farmers in the state will see the Silver King Tractor in action today and tomorrow, when the annual corn husking contest, conducied by The Ohio Farmer will be held near Delaware. This event drew more than 43,000 farmers last year, and it is predicted that attendance this year will be greater.

J. O. Schreck will be in charge of the display, and several tractors will be on exhibition. Actual tractor performance will be one of the features that will draw the attention of hundreds of farmers, and it is predicted that the Silver King will more than do its part in putting on a real show.

In announcing the new 1940 Silver King in January, farmers in this immediate vicinity will be pleased to learn that MORE POWER has been included in the new model, and that other improvements have been made which will make the Silver King one of the "best performance" tractors in the field.

If you plan to be at the husking contest. be sure to stop at the Silver King exhibit—or if you wish to visit the plant—a cordial invitation awaits you.

Plan Anniversary of U. S. Route 40 in 1940

Plans for the celebration of the 100th anniversary, in 1940, of the completion of U. S. Route 40 through Ohio to Indiana are being completed by the Ohio Chamber of Commerce. Route 40 bisects Ohio from Wheeling, W. Va., to Indianapolis, Ind., and is of outstanding interest. not only in Ohio's history, but nationally, as it is a portion of the route used by pioneers in taking civilization westward. It is anticipated that a concerted celebration will tend not only to educate Ohioans as to the route's historic significance, but also will attract trans-continental tourist travel.

Your hair won't turn white in a night; or stand on end with fright; or grow after you're dead; blondes aren't more sensitive than redheads or brunettes; explains Dr. Donald A. Laird, among other things — but worry can make you bald. Read this interesting article in The American Weekly, the magazine distributed with next Sunday's Chicago Herald-American.

NOT SO BAD, HUH?

Only forty-nine more shopdays until Christmas—Ho, Hum! How my readers will like that down to earth fact — and those who receive pays every two weeks will get exactly five more pays, which makes one stop and think a moment. But a cheery thought for this—for those only who invested in Christmas clubs —they will soon be due. Isn't that fine? Christmas falls on Monday the 25th, which brings to light another happy thought — working girls and boys will get three days vacation. Things are not so bad after all, are they?

Bigelow Plan Threatens To WIPE OUT WELFARE WORK IN OHIO!

Think of Ohio's unfortunate boys and girls—the many thousands of crippled, blind and dependent children in the state—before you vote on November 7. Think of the homes that will be wrecked, the many lives that will be ruined by adoption of the Bigelow proposal, which will stop welfare work throughout Ohio!

Remember this proposal will operate as a first mortgage on all state revenues. It has first call on every tax dollar collected in Ohio. Bigelow payments must be made before a single dollar goes into welfare activities.

Welfare Agencies Doomed!

Wm. S. Evatt, Tax Commissioner for the Ohio Department of Taxation, estimates the Bigelow plan will cost 310 millions of dollars. Two back-breaking new taxes are set up in the amendment. But even then there will be a shortage upwards of 170 millions of dollars.

Welfare funds will be seized to make up this shortage. The Bigelow plan will strike a death-dealing blow to all welfare work in Ohio.

31,000 Needy Children

There are 31,000 needy children in the state whose homes will be broken up if Aid for Dependent Children is stopped. State aid to the widowed mothers and incapacitated fathers in these homes keeps these 31,000 children in school, lets them lead normal lives, saves them from crime.

3300 Crippled Children

Today 3300 crippled children—more than ever before—are helped by state welfare work. They are cared for in 35 state hospitals. They are given special school class instruction in 86 classes in 32 cities. 1300 crippled children are given school instruction in their homes, and others are given special training in hospitals or convalescent homes. All this work will be stopped by the Bigelow plan.

4000 Blind Persons

Welfare work in Ohio is rehabilitating 4000 blind persons. They are trained to do useful work, earn money and be independent. To prevent blindness, a special sight-saving program is conducted in the schools. For deaf persons, there are 68 classes in lip-reading and other training—in 18 cities in the state.

The Bigelow plan threatens to close the School for the Blind, the School for the Deaf, and stop all welfare assistance to these afflicted persons.

All State Institutions Endangered

Money now going to state prisons, state hospitals for the insane, feeble-minded and epileptics will be cut off. What will happen to the 38,000 persons in Ohio's penal and correctional institutions? Overcrowded now, badly in need of more money, what will happen if even part of Ohio's Welfare Funds are used for the huge Bigelow payments of 310 million dollars a year?

The Bigelow Amendment will throw 5000 trained welfare workers out of employment and wreck services of the Welfare Department affecting half a million people. It will stop Welfare Department administration of relief funds, cutting off services to another half million people.

Ohio's welfare system is one of America's finest and best—the model for many states. The Bigelow plan will wreck and ruin it and set back welfare work in Ohio 100 years.

The Second Bigelow Amendment

This amendment is a direct blow at representative government in Ohio. It gives small minorities the power to initiate any bad law or crank proposal. By cutting down the signatures required by our present initiative system, this Amendment will give control to special interests and have exactly the opposite effect intended originally for the initiative.

THE OHIO EMERGENCY COMMITTEE

B. B. Brumley, Chairman, Neil House, Columbus, Ohio

Because these amendments are vague and detailed, we hope you will write to the above address for descriptive literature. If you can spare a dollar bill to help in the fight, enclose it.

NEWS BREVITIES

SHERIFF E. P. LONG OF RICHland County warns against the purchasing of home furnishings from peddlers unless they represent reputable firms. The old saying "that you only get what you pay for" still holds good and you are bound to be "gyped" unless you are on your toes, so as to speak. This warning was given out when a number of complaints came to the sheriff's office that linoleum salesmen were short measuring" when they sold floor covering. Down Lousonville way, a large sign as you enter the village is very emphatic stating "Positively no peddling permitted in the village, by order of council." Not a bad idea to copy.

CHIEF OF POLICE COFFEE OF Shelby has placed all the boys and girls on their honor not to Hallowe'en in the city. Their compensation is a great big celebration on October 31 with an ox roast, barrels of apples, cider and thousands of buns and doughnuts for the pleasure of the boys and girls and grownups. The celebration is to take place along the Blackfork.

SHEEP ARE NOT THE ONLY animal that "follow the leader." Thursday evening on the Ira Snyder farm northwest of Shelby a sow fell into an abandoned well and was followed by eleven little piggies who refused to go supperless. It was necessary to tie a rope around the sow and lift her out; the piglets were placed in a basket and brought to the surface. Last reports, all are getting along nicely

POOR LITTLE BEETLES! IT required 14,397 traps maintained at a cost of approximately $50,000 to catch 28 Japanese beetles in Missouri, last year according to J. Carl Dawson, state entomologist. The traps were put out in 1934 ot guide the department of agriculture in protecting vegetation in that area after several of the insects were found in a lumber shipment for the east.

A crew of seventy-five men will continue to check the traps daily this year. Dawson said. In 1937 only one beetle was caught in the 14,397 traps.

FOR REAL FARM RELIEF WHY not observe two Thanksgiving Days this year with a law demanding that all turkey hash must be eaten up between the first and second holidays.

THIS WEEK'S MAIL BROUGHT to the Advertiser a postcard from the "old Fogy" who advises that "In preparing the pamphlet citing the advantages of Plymouth as a town for a new factory, do not fail to mention the fact that the "Big bugs" do not pay their electric and water bills. Only the "small potatoes" are held to the rule of payment by the 20th or . . . . . Hoping for the new Factory. The Old Fogy.

WE TAKE IT THAT THE "OLD Fogy" lists himself among the "small potatoes" who with other small potatoes by their prompt payment of bills have made it possible for the village to keep its head above water with the ever present "not sufficient funds" facing the town. It is regrettable, of course, that conditions are as they are but mulling over the past only hinders the future. Having learned the hard way, the "cash and carry" basis will always serve as a reminder that the town best serves others when it serves itself. But after all, the town will never be any better than its individuals, who know deep down in their heart whether they have paid their light and water bills or not. And as is usually the case, the fellow who knows all the answers on how the city, state and national affairs should be run, can be found on any park Bench, wearing the seat of his pants out, and drawing his $22.50 per month.

But until you hear an outsider interested in your town and list all its possibilities which we daily take for granted, you are blissfully unaware of just how progressive Plymouth really is, and how THANKFUL we ought to be.

And coming down to an individual standpoint, now that the "Smoke in our Eyes" has lifted and the real task of getting work on a production basis has started, there is still plenty of room to be thankful for all that DID NOT HAPPEN, even though at the time we wondered just why it had to be us again.

PLASTER, BRICKS AND MAchinery can all be bought and built again and insurance will cover such material things but the loss of health, an eye or the ability to carry on are the things that cannot be replaced.

HEROES ARE NOT ALWAYS IN the public eye and many men and women are cerrying responsibilities to which the answer of "why" is never revealed and yet never complain but humbly try to do the best they can. This week when Dent Shields paid his subscription to the Advertiser for the 38th consecutive year, and we were down in the "dumps" over the fire loss, he was more than an inspiration. Mrs. Shields has been bed-ridden for over two years with arthritis and Dent has exhausted practically all his funds for a futile cure; not thinking of himself but only some relief for Mrs. Shields he still hopes that maybe some day, health will be her's again. So, hats off to a man who can take it! And incidentally, plans for a bigger and better Advertiser are still going forward.

Monroeville Firm Feels Effect of War

According to Monroeville's alert Spectator, the Hermann-McLean Co. is among the first of that village's industries to feel the effect of the war. Cod liver oil is used in the feeds produced by the company and cod liver oil comes for the most part from countries in or adjacent to the war zone. An embargo has been placed upon all exports of cod liver oil.

There is also a shortage of bags because the government has placed orders for millions of bags with the bag companies.

We will have an average of at least two reels weekly throughout the year. This week we are showing for the science and physic classes two reels of "Principles of Electro-static."

SONG FLUTES MAKE THEIR APPEARANCE

Mr. Eley has organized two new groups in our school which are quite interesting. They are the Song Flute organizations. The children in grades 4, 5, and 6 at Shiloh is one group. This group has 25 enrolled at the present. The other group is organized at Rome. The Rome group have 15 pupils in their organization. The purpose of this organization is to learn the fundamentals of music by playing an instrument called a Song Flute. In appearance it is similar to the "Sweetpotato." The fingering is similar to a Fife or a Piccolo.

The purpose of the Song Flute is to teach the student to learn to play a rather easy instrument so ghat they will be able to take up a band instrument more readily when they get older.

We will ask Mr. Eley to feature these organizations at some P. T. A. meeting so everyone will have the opportunity of seeing and hearing this novelty instrument.

Eighth Grade in Charge Of First Chapel Program

The Eighth Grade presented its first Chapel program last Wednesday. The setting was a school room broadcasting system. Mary Alice Weller sang "An Apple For the Teacher" and "Over the Rainbow." Both were well received. Clarence Mills gave about five minutes of worthwhile entertainment playing "Sweet Violet," "Victory March" and "Building a Sailboat of Dreams" on his accordian. Pete Ruckman and Jim Rhine "brought the house down," singing (or trying to sing) a comic song. Ten minutes were then spent in laughing over the "We Wonder" columns spread by Harold Biller. The song which was very much enjoyed, wass ang by Phyllis Miller. It was the "Pickaninny Lullaby." After the entire cast sang the "Man with the Mandolin," with the audience joining in, a quartette consisting of Harold Biller, Kenneth McQuown, Eugene Bettac and Sid Thomas sang "The Beer Barrel Polka."

Mr. Moist closed the program by leading in the Alma Mater.

The Eighth Grade wishes to thank Mr. Dunham and Mr. Griest for helping them prepare their program.
