VILLAGE ENACTS CAB ORDINANCE

The village council has approved an ordinance governing the operation of taxi cabs in Plymouth. The new ordinance requires a license from cab operators, and a monthly inspection of all cabs.

The new license fee is set at $10.00 for the first cab, and $5.00 for additional cabs. The new ordinance also requires that each cab operator shall be covered by insurance within the limits of $10,000 to $20,000, and at least $10,000 for personal injury and property damage.

Bruce McQuown, operator of Plymouth's only cab service, has complied with all the new provisions of the ordinance. McQuown has successfully conducted a taxi service here for the past several years.

The new ordinance, passed May 3, goes into effect immediately.

SENIORS OVER TOP IN DRIVE

The Seniors have completed their Washington Trip Achievement Chart with flying colors.

By means of various projects the Seniors earned for themselves $1290 during the year. They had $170 in the Treasury at the beginning of the year. The Senior mothers saved their profit from serving the Junior-Senior Banquet last year and presented the class with $126 to be used toward their Washington trip.

The Mothers' Fund and the balance in the treasury after the Senior's earnings were deducted were divided evenly among the twenty-five Seniors planning on the trip.

Of the twenty-five, thirteen went over their allotment and civided their surplus among those who did not work hard enough during the year to hold up their end of the trip's expenses.

The ones who so willingly transferred their hard earned surplus to their less fortunate classmates are:

Alice DeVore	$40.72
Edna Myers	24.80
Richard Lowery	23.90
Janice Rhine	21.65
Joanne Gustafson	19.85
Betty Huttenhiser	17.75
Henrietta Binion	15.45
Norma Lou Ford	14.65
Deloris Predmore	10.65
Marlene Hunter	8.35
Carmella Fenner	4.95
Julia Dawson	3.15
Donald Cunningham	.20

Two others, Bill Trauger ($17.20) and Charles Baldridge ($4.10) who are not going on the trip, contributed their earnings also.

The plans for the trip are well under way and will be published as soon as final arrangements are completed.

TRAIL IS HOT ON BOGUS CHECK PASSERS

Federal investigators were in Plymouth Wednesday afternoon to question Robert Kisor, 26, of Wellston, Ohio, in connection with a series of bogus check-pass ing which occurred in this area in January.

Kisor was picked up Monday afternoon by Chief of Police Robert Meiser on a charge of "suspicion," and brought to Plymouth where he was held for federal authorities. Kisor admitted that he was one of a trio that visited Plymouth in January, but claims that his two companions passed the worthless checks here to several business people. He also admitted having cashed two worthless checks in Bucyrus, but his father made restitution for them.

The investigators ordered that Kisor be held in the Huron county jail in Norwalk for the present time while further evidence is being studied. The young man was taken to Norwalk by Sheriff Broome, who came to Plymouth Wednesday afternoon.

SHEPHERD BOUND OVER

Kendall Shepherd, Jr., who has been out under a $1.000 bond the past ten days on a manslaughter charge, was given a hearing at 4:00 o'clock Wednesday afternoon in Mayor Robinson's Court. Shepherd was bound over to the Huron county grand jury by May or Robirison, and was released under bond. The grand jury will hear the case Friday of this week.

Shepherd's car struck and fatally injured Chancy Chronister, 72, on May 1 on the County Line road. Chief Meiser charged that Shepherd was driving a car with faulty brakes. Shepherd resides with his parents three miles west of Celeryville on the Bull Heac Road. He is twenty years old.

FINISH REPAIRS TO WATER TANK

Installation of the new riser pipe beneath the water tank on the south side of town will be completed by Friday provided weather conditions remain favorable.

Work on the new pipe was started Wednesday of last week by the W. P. Feigner Welding Works of Fremont. Removal of the large pipe was done by cutting it into sections with torches, and then lowering it piece by piece. The lengths averaged 20 to 25 feet.

The old riser pipe was installed in 1925, and its condition was found to be very poor with many rust spots showing up from the inside. In many places a light tap from a hammer would punch a hole clear through the metal. The past year it has been necessary for workmen to seal up holes to carry over the water supply through the winter months.

The contract was let some months ago for a new pipe, but installation was held up until favorable weather. The new pipe which is being installed is 48 in. in diameter, and the capacity of the riser is 92 feet. While the amount of the contract was around $2200, this does not include an extra charge of $300 for scraping and painting the inside of the tank, and extra workmen required to man the pumps at the water plant on a 24-hour basis.

Supt. E. L. Rooks stated Tuesday afternoon that the pumping facilities at the plant were on three eight-hour shifts, and that while the water mains are being fed direct from the reservoir, the pressure is only about ten pounds under normal operating requirements.

Supt. Rooks also pointed out that after the new riser pipe is place into service, there might be a "funny" taste in the water for a couple of days. This will be due to a heavy charge of chlorine which will be placed in the tank and riser pipe, and then flushed out. Both the tank and pipe will be treated with a rust-resistant material, but this will not affect the taste of the water.

High winds which prevailed on Tuesday prevented workmen from doing any welding of the joints in the riser pipe, but they spent the day inside the tank scraping and painting. The tank goes up 125 feet and has a capacity of 50,000 gallons of water. Workmen found the interior of the water tank in a very satisfactory condition with the exception of a few minor spots, and these have been repaired.

Leonard Wilson, Edd Phillips and Leon (Slim) Motter are taking eight hour shifts at the water plant, to keep the pumps running 24-hours a day. So far, the functioning of every pump has been perfect.

With the completion of the job Plymouth shouldn't have any interference from its water service for some years to come as far as the standpipe is concerned.

Rev. H. L. Resigns Sunday As Pastor of Presbyterians

Will Retire After Filling Pulpit Here For Eight Years And Serving In Ministry More Than 40 Years; Family to Make Home In Ashtabula.

When members of the Presbyterian church convene Sunday morning, May 15, they will hear Rev. H. L. Bethel, pastor of the local church, read his resignation, which will end more than forty active years in the Presbyterian ministry.

Coming to Plymouth the latter part of 1940, Rev. Bethel succeeded Rev. John A. Thomas. Taking over the pulpit and the work of the church with much enthusiasm, Rev. Bethel put forth great effort in establishing a firm foundation for the church, and a goal to work for. The years that followed were not easy ones, but the time, energy and effort spent by Rev. and Mrs. Bethel, and their daughter, Miss Joy Bethel, were fruitful ones. For in that period of time nearly one half of the present membership of the church, were won by Rev. Bethel; a new organ and furnace were added to the edifice. The church and manse were painted and redecorated and shrubbery placed in the church lawn which has added beauty to one of Plymouth's outstanding landmarks.

Realizing there were other duties and services to perform other than those he found in his pulpit, Rev. Bethel assisted in founding the North Richland County of Religious Education, and served as its first secretary. This entailed extra work which included all the correspondence for the first two teachers of Religious Education in the public schools. He has twice served as vice president of the Plymouth Community Club, and sponsored the organization of the Inter-church Council, which has charge of inter-church events in the town, but which passed "through the desuetude" some two years ago. He has served faithfully in community affairs such as Memorial Day programs, graduation exercises, and other events.

A graduate of Denison University, Rev. Bethel continued his studies, receiving his Master's Degree in Religious Education at the Theology Seminary in Dubuque, Chester, N. Y. He has served various churches in western New York State and Ohio. For ten years he was a professor of History in Rio Grande College in Ohio, and also served as registrar and secretary to the board of trustees there. He was chosen as moderator of the Wooster Presbytery for one year, and was elected to attend the General Assembly which was held in Atlantic City in 1946. He was twice chosen as a delegate to the Synod of Ohio, which was held in Wooster.

Rev. Bethel won recognition by having one of his sermons printed in a book of outstanding sermons, which was published not too long ago, in 1948. The collection, entitled, "Sermons of Good Will" was received with much praise by many of the nation's outstanding churchmen. "How Much, Then, Is a Man Better?" was the title of Rev. Bethel's discourse, which brought him several fine testimonials.

Along with the many activities that have been conducted within the church, Rev. Bethel has always had the pleasure of working with the splendid cooperation of Mrs. Bethel, who also has been instrumental in keeping together some of the splendid organizations of the Presbyterian church. She organized and conducted the Nora Wyandt Class, whose members responded on all occasions to help the church financially and spiritually in many of its goals. Miss Joy Bethel proved herself a zealous member of the Presbyterian congregation for she assisted in getting together a Junior Choir of which she acted as director. She was also organist for the adult choir, and at one time served as director of the Daily Vacation Bible School in Plymouth.

Climaxing their service to the Presbyterian church and to the community, the Bethels will make their new home in Ashtabula, Ohio, where they have purchased a property on Route 20 in East Ashtabula. They expect to be comfortably settled by June 15, and their address after that date will be 2117 East Prospect St., Ashtabula, Ohio.

"Retirement means only a change of work," said Rev. Bethel, "as life begins at seventy." I plan to work on various articles for publication, do supply work, and substitute in the high schools."

Not only will the Presbyterians miss Rev. Bethel as a pastor, but the community will lose a citizen who has filled a valuable niche in its social and religious life. Best wishes are extended to the family in their new home and endeavor, and we shall cherish their memory and experiences here for many years to come.

Mr. and Mrs. Robert Hampton spent the week-end in Coshocton, Ohio, with Mrs. Hampton's parents, Rev. and Mrs. E. R. Haines. They were accompanied over on Friday evening by Mr. and Mrs. Jim Gullette and Mr. and Mrs. Dan Henry.

Mrs. Wm. Jump and children are visiting in Middletown, Ohio with her sister, Mrs. R. C. Nein.

WIRES SHORT

A short circuit in the basement wires at the Wm. Jump home on North Street brought out the fire department at 1:30 Sunday afternoon in response to an alarm.

Mr. Jump, who has been operating a sander, stated that a fuse was blown, and that he went to the basement to replace it. As he started back upstairs, he noticed flames shooting out of two wires in the far-end of the basement. He asked the phone operator to contact Fire Chief McDougal, which she did, and also sounded the alarm at the same time. Chief McDougal was on the scene within minutes with a fire extinguisher, and the fire truck made a run down to North Street. The blaze didn't do any damage except to a few feet of wire.

DONKEY BALL GAME A FLOP

The "Donkey Olympics" scheduled to appear in Plymouth Sunday afternoon under auspices of the American Legion, proved to be a flop. Advance representatives of the amusement outfit staging the donkey show got off on the wrong foot, and Legion officers state that the show was called off at the last minute due to misrepresentations.

Officer Meiser was stationed at the school ground Sunday afternoon to inform ticket holders to go to the Legion Hall for refunds on their tickets.

In the past Plymouth business men have been asked to contribute heavily toward such promotions through advertising on a special program. The incident of the past week should be used as a guide before attempting to sponsor future money-raising schemes.

SPECIAL NOTICE

If fair weather prevails Thursday afternoon, May 19th, the power in Plymouth will be cut off at 1:30 for a couple of hours. The shut-off is due to a connection to be made to new switching equipment.

Supt. Rooks states that after the change-over has been completed that the street lights will be tied into a new switching system which will automatically operate the cutting on and off of lights. The new switch will be governed by the amount of light rather than the clock system that has been in use for several years.

Merchants and residents are asked to check electrical appliances on Thursday, May 19, so that the power shut-off will not cause any inconvenience.

POPPIES ARE RECEIVED HERE

"The poppies are here!"

This is the word which flashed through the ranks of Ehret-Parsons-Hall American Legion Auxiliary today, when a shipment of memorial poppies to be worn here on Poppy Day, May 28, arrived from Sandusky, where they were made by disabled war veterans.

The poppies made of crepe paper with wire stems, are exact, replicas of the wild poppies which grew between the crosses row on row" in the battle cemeteries in France and Belgium during World War 1.

They were nature's floral tribute to those who died, and as soon as The American Legion and Auxiliary were organized after the war, they were made the memorial flower. When more young Americans gave their lives in Europe's poppy-studded fields in World War II, the poppy became their memorial flower, too, and it now signifies remembrance for America's dear dead, no matter in what part of the world they gave their lives.

The poppies received here are the work of disabled veterans in the Sandusky hospital (or workshop), where poppy making is directed by the Poppy Department of the Auxiliary. The veterans not only earn badly needed money, but make the little red flowers, but the employment is considered valuable as occupational therapy.

Members of the Auxiliary's Poppy committee, are headed by Mrs. Marie Russell.

Around THE Square

By Phineas Whittlesood

WITH THE LUTHERANS being without a pastor for some weeks, and the Presbyterians losing their pastor this Sunday, it seems like a logical time to mention "consolidation" to the congregations. It is often been expressed by outstanding church members that "Plymouth isn't big enough to support three protestant churches." And if you want proof, attend any of the churches on a Sunday morning, (other than Easter.) One church will house the entire attendance

SMALL TOWN churches are facing the same problems as schools . . . . increased costs of operation, plus insufficient funds to pay a living wage to pastors. Combining the salaries which the three churches are now paying out would be sufficiently attractive for any minister. Additional savings could be made on building maintenance and heating. Provide youngsters with capable teachers and class rooms and you'll see christianity and the church prosper. Christ did not pick all fishermen when he selected His twelve disciples. I don't believe He would look with disfavor if the Lutherans, Presbyterians and Methodists all joined together under His flag.

WHILE WE DIDN'T see it, and it's not our version, we're telling you about a BIG hen egg which came to the Harold Ross farm on the Town Line Rd. recently. Mrs. Ross, who has taken on poultry-raising as a hobby (and for extra cash) told me Saturday night about a triple yolk (not triple A) egg which she gathered in the other day. Now she claims that the egg measures not less than ten inches . . . . around, that is, and that it contains possibly four yolks, not less than three. Well, you can draw your own conclusions, but I say it's still a pretty big egg for any hen to lay.

FLOPSY, MOPSY, Cotton Tail and Peter, four young rabbits were found frolicking in the grass near the front steps of the home of Miss Dana Stine on Plymouth Street this week. The youngsters had no return to care for them and no doubt she went into "McGregor's garden" and ended up in a pot pie." Mrs. Gertrude Meiser has adopted the four youngsters and is attempting to bring em up on the bottle.
