

### New Haven.

Mr. and Mrs. D. F. Dawson spent Sunday with their aunt, Mrs. M. J. Brown.

W. B. Hoover is seriously ill; his niece, Mrs. Frank Ruth, is caring for him in his new home.

Mrs. Alberta Woodworth spent Wednesday at the home of her sister-in-law, Mrs. Mariett Woodworth.

Mr. and Mrs. Croninger are improving their new home in town and expect to move in the near future.

Mrs. Frank Cline and little daughter, of Newark, spent a few hours Saturday at the home of her father, F. H. Long.

Miss Hermie Knight attended the Bow Bee club meeting at the home of Mrs. Hutchinson in Celeryville Wednesday.

A number of Odd Fellows from here attended the home-coming of Chicago Junction lodge Thursday evening, the 19th inst.

Mr. W. L. Long of Columbus, spent the day Saturday with his sister, Mrs. H. J. Heller; they were guests at dinner of Mr. and Mrs. W. A. Garrett.

Mr. Emma Fox of Plymouth, spent a few days with her cousin, Mrs. Ada Barhart, during the illness and death of their aunt, Miss Jennie Dufkins.

Mrs. Geo. Spangier of Greenwich, with her daughter, Mrs. E. R. Falger, of Chicago Junction, spent Monday afternoon with their cousin, Mrs. W. A. Garrett.

Mrs. W. L. Long returned to her home in Columbus Monday, accompanied by her sister, Mrs. H. J. Heller, who will spend a short time with her, and intends to spend the winter in Palmyra, Mo., with another sister, Mrs. Howard.

### Ripley Items.

Wayne Underwood was an over Sunday guest of Ripley friends.

Dan Malone and wife of Shiloh were Sunday afternoon guests of their cousin, Mrs. M. Dewitt.

The New Haven W. M. S. will meet with Mrs. Anna Crum next Thursday; all interested are cordially invited.

Ripley township S. S. association: G. S. Lottin, Pres.; F. G. Fenton, vice-pres.; Ada Underwood, Palm, sec'y-treas.

Jane Sonbey, aged 84, was an all week guest of Mrs. G. S. Catlin and sister. She was taken home last Sunday.

Foster L. Hassinger, who is working in Cleveland, is now enjoying a vacation with his parents and sister, and a certain friend in Monroeville.

J. H. Gleason and others of our debaters are anxious for the Literary to begin their work to trim Fin Kemp and Lake Acker as soon as they can, for a starter.

The social workers of Ripley reorganized at their last meeting by electing the following officers: Mrs. Alice Tooker, vice-pres.; Olive Barker, Sec'y; Ethel Ross; Treas.; Lizzie K. Young.

Mr. and Mrs. F. P. Boardman has as guests for an after church dinner, Mr. E. D. Hinkle of Cleveland, and his brother, Mrs. Eudine Hinkle, of North Fairview, and W. B. Ross, wife and daughter.

Cottage prayer meetings and bible studies are held this week at the home of Fred Hoff and W. B. Ross on Thursday. All homes where these interesting meetings are held are open to all who wish to attend.

Rev. C. N. Crabbs and family of Chicago Junction, last Sunday callers at the home of F. C. Young and wife, Mrs. Crabbs and Mrs. Young as sisters.

Mrs. Anna Cole, who stepped from a peach tree a few weeks ago and sprained her ankle, and by red womanly grit bore her pain, expecting to get over the torture in a few days, when Dr. Seale found a fractured bone, which means a few weeks more on crutches.

Next Sunday afternoon and evening the Ripley township S. S. convention and in two weeks from that time the world's temperance Sunday will be observed with an appropriate entertainment given in the Dutch church. Then the way is cleared for Christmas. To be in time we wish all a merry Christmas.

Third quarterly meeting at Dutch church Sunday afternoon and evening, Oct. 29, at 1 o'clock standard time. Song services, devotions, Rev. A. M. Brown, Music, Ripley orchestra; Report of a-c-y; offering; solo, Marcus Duffco; Historical lecture of the S. S. Rev. Belle Gates; Music, orchestra; Paper, Olive Hinkle, Chicago, O.; Solo, Mrs. U. W. Rank; Responsibilities of the adult class; Mrs. Cress, Chicago, O.; Q. U. A. C. Young, Gleason, Ceding, sinners' benediction, Rev. H. H. Huynes.

The Young People's Rally, F. G. Fenton, presiding; 6:30 p. m., music, Ripley orchestra; Scripture and Prayer, Mrs. S. S. Simmons; Praise Solo, Florence Fenton, Announcement; Offering; Duet, Mabel Gleason, Agnes Kurtz. Recitation, Florence Dewitt; Solo, The Prodigal Son, John Alberts; Paper, M. E. S. Bell, Greenwich; Duet, Ada Palm and Sarahelle Pifer; Address, Rev. E. H. Hughes, pastor Shiloh M. E. church; Quartet, G. R. Young, S. E. Gleason, G. S. Catlin, B. J. Blockmore; Benediction; Inspiration, orchestra.

CANDIDATE FOR  
**JUDGE COURT OF COMMON PLEAS**  
Non-Partisan Judicial Ticket.  
**SECOND TERM**

**AGAINST OPEN SEASON**  
For Quail—Claim is Made That It Would Cost Farmers a Million-Dollars.

In commenting on the claim made by the League of Ohio Sportsmen, and the arms and ammunition interests, that they have enough legislators pledged to give Ohio an open season on the quail in 1917, Dr. Eugene Swope, Ohio educational agent for the National Audubon society, has this to say:

"If at the next general assembly Ohio legislators grant an open season on the quail it is safe to say that at least 100,000 hunting licenses will be taken out. The state fish and game commission's reports show that the number in the past has far exceeded this. If the open season lasts but ten days it is safe to estimate that each of the licensed hunters will kill on an average of one small quail, making a total of 1,000,000 dead quails.

"At the lowest possible estimate, as quail as a destroyer of injurious insects is worth to a farmer. This then means that Ohio crops would suffer \$1,000,000 loss in order that 100,000 hunters may have some quail to eat. The state fish and game commission may have \$100,000 from the sale of licenses.

"In view of the fact that food prices are constantly advancing because the supply, in proportion to the increase of population, is constantly diminishing, would not our legislators be making an economical blunder to grant an open season on the quail? Such an action would be directed against the entire agricultural interests of the state and every consumer of food in Ohio."

**Even Lowly Soap Bean Soaring in Price.**

Speaking of the high cost of soap beans are certainly beans at the present time. And there is any one person in the state realizes this better than any other person, it is I. V. Lyons, who makes the purchases of the state for the board of administration.

In the fiscal year ending July 1, 1915, the state paid out \$23,000 for common soap beans. And to show how the price advanced just a little previous to the first of last July, it is only necessary to state that for the year ending July 1, 1916, the state paid for the same beans, or rather the same amount, over \$25,000.

If the state of Ohio feeds as many soap beans to the 22,000 wards of the state during the next 12 months, the bill will be close to \$50,000. In the past beans have been considered the cheapest and most satisfactory food that can be purchased. But not so now. A substitute must be found, but where and when is a hard problem to solve. Everything has accompanied the bean in its journey skyward.

In 1915 the board paid over \$40,000 potatoes. Next year the bill will be near \$50,000, and next year if the present prices are maintained it will be about \$75,000. In 1915 the board paid out \$100,000 for corn while the bill for 1916 is above \$124,000.

**Sloan's Liniment for Neuralgia Aches.**

The dull throbbing of neuralgia is quickly relieved by Sloan's Liniment, the universal remedy for pain. Easy to apply, it quickly penetrates without rubbing and soothes the sore muscles. Cleaner and more promptly effective than many ointments or salves, it does not stain the skin or clog the pores. For stiff muscles, chronic rheumatism, gout, lumbago, sprains and strains it gives quick relief. Sloan's Liniment reduces the pain and inflammation in insect bites, bruises, bumps, and other minor injuries to children. Get a bottle today at your Druggist, 25c.

That the citizens of Lykens township, Crawford county, are very proud of the new central d school building is shown on every hand. The building contains a large auditorium for public meetings and last Saturday night the first number of the Lykens lecture course was held in the auditorium and over three hundred were present at this community gathering. It is said that those who opposed the erection of the building are now becoming enthusiastic in the new spirit that is being developed and it would care to go back to the old way.

Vote for Stephen M. Young, second term for Judge Court of Common Pleas.

**Judge R. S. Shields**  
CANTON, OHIO.

**For Judge of the Court of Appeals.**  
Judges are now elected on a non-partisan judicial ballot, which gives to every voter an opportunity to vote for the best qualified candidate, irrespective of party affiliation.

Richard County is in the fifth appellate district, and Judge Robert S. Shields of Canton, O., who is now serving his first term, is a candidate for re-election to the appellate bench.

His record as a judge is of the highest order; and if faithful, earnest service is to be rewarded he certainly merits the unanimous support of all voters in the district, without regard to party fealty.

Judge Shields has been endorsed by nearly every bar association in the district. He is a ripe lawyer, a fearless and just judge, and his opinions are recognized by bench and bar as being clear and vigorous expressions of the law with which they deal.

Judge Shields is personally popular in this county and throughout the district, and we predict for him not only in this county, but in the district, a large majority, thus insuring his re-election on November 7th.

**WOMAN HAD TRUE CHARITY**

Refusal to Judge Others Harshly Proves Possession of the Highest Christian Character.

There died a short time ago a woman who never occupied, or aspired to occupy, a conspicuous position in the world but who was beloved by all who knew her. The secret of her charm lay in her charity—not the charity of almsgiving, although she was always openhanded to those in need—but the broader charity that consists in leniency toward the frailties of others. When gossip, even gossip not unduly harsh, assailed man or woman she invariably met it with the one response: "Well, now, maybe if you knew all about the case you'd find the poor man (or woman) wasn't so much to blame after all."

What an insight into a Christian character that remark conveys. And what a lesson in Christian charity it teaches. It is the Ten Commandments in a single sentence. Philosopher or theologian never uttered a more beautiful thought for mankind to ponder over. Epigram maker never directed a more perfect shaft.

What a different world it would be if everyone judged the world's people that way.—Youngtown Telegram.

**The Contrary.**

As an interpreter of the shrewd and humorous immigrant Jew in American business life, Mr. Glass is delightful. His characters in this series of sketches are representative of a very numerous type in our cities, especially New York. Get acquainted with Birskey and Zapp!

**REMOVAL SALE**

192, Fair to Middling Suits, Season-before-last's Make \$13 to \$25.

Used to be \$16 and \$21, but on account of moving we marked them up because some people has got an idea that when you move you reduce prices, and maybe they wouldn't see this advertisement.

B. SCHEMIEL & CO.

"And who would go to work and pay money to put in a paper an advertisement like that?" Birskey inquired.

"Everybody nowadays," Zapp said. "They doesn't do otherwise, because what with the Federal and State pure food laws and newspapers which is paying fellers fifty thousand dollars a year to show up advertisers so that no advertiser would take a chance on an advertising, Birskey, if you want to advertise your merchandise, you understand, you've got to tell the truth or the worst that has happened to you, \$10.00 ball on a certificate of reasonable doubts. So that's the way it goes, Birskey. Former times a lady reads in the paper

**WOMEN'S TAILORED SUITS**

The Latest From Paris

WAS \$120. NOW \$116.25

understand, and right away she forgets that she is going to take dinner Friday night with her husband's folks out in Borough Park; that the doctor says that people who wear trouble could live for years anyway.

"But what is it nowadays for such a woman?" She reads

**WOMEN'S SUITS**

Bankrupt Stock of Morris Schlecht.

Schlecht's price.....\$16.55  
Our price.....\$11.25

and not only does all her troubles come back on her, but she thinks she is also developing a peculiar pain in her side.

"Maybe the advertisement give it to her," Birskey suggested.

"She it did," Zapp replied. "This here first-to-last-the-truth advertising is driving women to moving places, Birskey. Another thing is the way drygoods stores are doing nowadays. Former times a woman buys a dress at a drygoods store on April 2nd and wears it up to and including July 15th, when she buys another with symptoms of a beefsteak supper, two weddings and a chocolate nut sundae on the front panel, Birskey, and for the next six months she has the time of her life trying to get a credit check on it. It gives her a fresh interest in things. Her eyes get bright and her cheeks get fresh color in them, the same like an advertisement for a complexion cream before the enactment of Section 31416, Subsection A, of the Federal Code in relation to Misleading Advertising. What is it nowadays, Birskey? A crepe de chine dress could have enough soap spilled on it to make it look like more veal, Birskey, and when a woman returns it with the pleasant expectations of never being so interested in things, Birskey, before she gets an open her mouth to say 'Lies! I've never heard of that!' she gets a credit check on her."

"And I suppose," Birskey commented, "for the best for her is to have around looking so downhearted that whenever her lady-friends see her they go home and practically throw the meals at their husbands and give an explanation that they'd like to see themselves worrying themselves to death over any man."

"Well, I'll tell you," Zapp said, "maybe the drygoods stores is getting down on their money back guarantees, Birskey, but that's because they are suffering from the fact that people are acquainted with up-to-date advertising ideas. Their customers still think that when a drygoods store says:

is confirmed in an action brought for that purpose, it being understood and agreed that nothing in this guarantee shall apply to or bind the party making the same, his heirs, executors, administrators and assigns.

"Before a newspaper accepts an advertisement nowadays, it is censured the same as an interview with General Zoff, and if an advertisement comes in from a shoe manufacturer with his picture on it, they send a reporter to make sure that the feller is bald like his photograph claims he is, and if he isn't they wouldn't print the advertisement till the manufacturer comes down and signs his name in the presence of the managing editor, an art editor, two prominent clergyman and a hand-writing expert.

"I wish I couldn't understand it! Why should a manufacturer suppose it helps the sale of his shoes to advertise 'em with a picture of a bald-headed man, even supposing he does look that way?" Zapp said.

"For that matter, Zapp, my wife's brother Sig as a young feller used to rub talcum powder on his upper lip, because he thought it would make her grow for him a mustache like the feller on the box," Birskey said.

"Why has there any such claim on the box for the picture?" Zapp asked.

"No," Birskey said, "but Sig had just come over from the old country and couldn't read English."

"Well, I could say if he is lucky he didn't want to raise a bald head in the paper

"I would be a reputable merchant, and I would be a reputable merchant."

"Signs His Name in the Presence of the Managing Editor, the Art Editor, and Two Prominent Clergymen."

stead of a mustache," Zapp replied, "because he would be seen back at least \$3.50 for shoes instead of twenty cents for talcum powder."

"A feller who thinks he could get bald headed by wearing any particular brand of shoes should ought to get stuck for \$3.50," Birskey said, "never mind he couldn't read English."

"Well, that only goes to show how careful a newspaper should be if it doesn't want its readers to be misled," Zapp said. "Some people which is too foxy to believe anything they read in the news section of a newspaper gets fooled very easy by advertisements. They could read it in the paper how seals has become so scarce that if all the seals in existence was divided up among the inhabitants of the State of Kansas there would be only .00022 seals to an inhabitant. Also they could see in a Sunday paper how the Secretary of Commerce and San Francisco an interview that the United States is keeping a line of battleships in Alaska to prevent poachers from killing seals, Birskey, but the price of seal skins is high price of seal skins in New York, the poachers takes a chance on getting shot, starved, frozen and drowned and sometimes catches as many as twenty-eight and a half seals in a season, you understand, and yet, Birskey, when a concern by the name of the Paris and San Francisco Fur Importing Company advertises fur overcoats with Buffalo Bay Seal lining and genuine Prussian Lamb collars for from \$19.99 to \$21.50, Birskey, newspaper readers figure out what do the Secretary of Commerce and Labor know about seals anyway."

"Maybe they figure that way, and maybe they figure that the feller which is running the Paris and San Francisco Fur Importing Company is just some poor goose that has got hold of a line of seal overcoats and don't know their real value, Zapp, and never mind if the feller WOULD have a wife and family depending on him, Zapp, that's HIS lookout. If he is fool enough to let them seal overcoats go for from \$19.99 to \$21.50, he shouldn't be in the fur business if he don't know no more about fur than that; so they buy an overcoat of his Zapp, just to teach him a lesson as it were."

"Sometimes they also figure that the reason why the Paris and San Francisco Fur Importing Company could sell genuine sealskins at \$19.99 is that the overcoats was stolen, Birskey," Zapp said, "so they go to work and buy on the principle of what the eye don't see it, what is it the lawyer's business?"

"Then what is the use of newspapers protecting them crooks by not printing the advertisements?" Zapp asked.

"I don't know, Birskey," Zapp said, "but, Birskey, I ain't got no sym-

pathy for a bargain hunter anyway.

"And quite right too," Birskey said. "It's always a joke to stick a bargain hunter, Zapp, because if he wasn't out to stick somebody himself a bargain hunter would be a bargain hunter. There is fellers in this town, Zapp—millionaires and college gradewaters—which when they talk about quack stores gets so red in the face that you'd think they was discussing labor unions, Zapp, and in the very next breath, understanding they'll tell how they was motoring in the mountains of West Virginia and how they come across a log cabin where an old feller never stop to consider that while a feller for a living and eating it of a broken down mahogany table with bendy legs, club feet and all the other deformities which turns a human being into a helpless cripple and a table into a \$1,000 antique, Zapp. Then they'll tell you how they bought the table from the poor mountaineer for \$2.25 and it polished for \$1.08 and sold it to an antique dealer for \$1,275.00; and the next thing you know, the dealer and his wife was raising a little corn for a hobby and eating it of a broken down mahogany table with bendy legs, club feet and all the other deformities which turns a human being into a helpless cripple and a table into a \$1,000 antique, Zapp. Then they'll tell you how they bought the table from the poor mountaineer for \$2.25 and it polished for \$1.08 and sold it to an antique dealer for \$1,275.00; and the next thing you know, the dealer and his wife was raising a little corn for a hobby and eating it of a broken down mahogany table with bendy legs, club feet and all the other deformities which turns a human being into a helpless cripple and a table into a \$1,000 antique, Zapp. Then they'll tell you how they bought the table from the poor mountaineer for \$2.25 and it polished for \$1.08 and sold it to an antique dealer for \$1,275.00; and the next thing you know, the dealer and his wife was raising a little corn for a hobby and eating it of a broken down mahogany table with bendy legs, club feet and all the other deformities which turns a human being into a helpless cripple and a table into a \$1,000 antique, Zapp. Then they'll tell you how they bought the table from the poor mountaineer for \$2.25 and it polished for \$1.08 and sold it to an antique dealer for \$1,275.00; The End of a Perfect Day.

While picking pears one day last week, Henry Weaver, a Bald Eagle Valley (Pa.) farmer...

Head Off That All-Winter Cough.

At the first sign of sore throat, tight chest or stuffed up head take a dose of Dr. Bell's Pine-Tar-Honey.

Murphy Stayed Out Late Nights.

Josephine Murphy is asking the common pleas court to divorce her from Charles Murphy, because, she says, of his idleness, profligacy, dissipation and his habit of staying out at night.

The wife relates that they were married at Plymouth, Oct. 9, 1909...

Just as Scores of Plymouth People Have.

Waiting doesn't pay. If you neglect kidney backache, urinary troubles often follow.

Mr. and Mrs. Chas. Einsel accompanied by Mr. and Mrs. F. E. Dick and son, Glen, motored to Bellefonte Sunday where they called on friends.

Miss Jeannette Gebert left Tuesday noon for Springfield, where she will attend the 27th annual session Grand Chapter of Ohio, Order of the Eastern Star.

Mr. and Mrs. Jay Stotts of Colfax, Wash., arrived the first of the week and will devote some time to visiting among relatives and friends and looking after property interests hereabouts.

Mrs. Aaron Kappenberg, accompanied by her son, Mose, left for Eberus Monday morning, where she will visit at some length with her father and husband, Mr. and Mrs. Jacob Bach, Mose returning home the same day.

D. Walter Ritchey of Philadelphia, Pa., spent Sunday night and Monday with relatives in Plymouth. He was on a business trip to Ohio and called on his uncles and aunts, Messrs. J. Earnest, Fenner and Bottenfield being sister of his mother.

Presbyterian Church.

The usual church services will be held next Sunday. All are cordially invited.

We are glad to note the increased attendance at the Sunday School.

Do not forget the Richland county convention at Mansfield Nov. 1.

The Sunday School committee is preparing a program for Rally Day in November.

Lutheran Church.

The usual services at the Lutheran church Sunday morning. The subject of the sermon will be, "True American Citizenship."

This is a timely theme and should claim the careful attention of every one. Bring your friends with you.

Sunday School at 9:30. There is no better place for you to spend an hour than in the Sunday School studying the true chart of life—the Scriptures.

The Spirit and the Church invite you.

Methodist Notes.

Read this slowly and think: Have I ever had a direct answer to prayer?

Am I trying to bring my friends to Christ?

Just where am I making my greatest mistake?

The offering for Armenian and Syrian Relief last Sunday amounted to fifty-three dollars. The time will be extended to next Sunday to give all others who have not contributed opportunity to get their offering in.

We wish to call your attention to

F. L. RICE

the contractor from Shelby, Ohio, who aspires to be your next County Commissioner. If elected Mr. Rice will retire from road building business, and his experience has been broad and long, having

Built Over 200 Miles

Improved roads in 23 years, he deserves the support of all who wish good, hard surface roads, and being from this end of Richland county should be given loyal support.

Chas. McClave,

Republican Candidate

FOR State Legislature.

Clean and upright, honest and efficient, worthy and conscientious, are terms that are often applied to the record of Chas. McClave in the State Legislature. If ever public servant deserved re-election, Chas. McClave does. The wise voter needs but one word of advice.

For Sale - Excelsior motorcycle, with extra tire and seat. Will be sold cheap if taken soon. Call at the home of Frank Sheely on Plymouth street.

Legal Notice.

Special Election in Village of Plymouth to Increase Tax Rate for Water Works Filtration Plant. To the Qualified Electors of the Village of Plymouth, Counties of Huron and Richland, Ohio. You are hereby notified that at the next election to be held in the Village of Plymouth, Huron County and Richland County, Ohio, on the 7th day of November, 1915, at the usual voting places and the usual hours of holding such election in the Village of Plymouth, the question of levying taxes for the taxing district comprising said Village of Plymouth, in excess of the maximum rate of taxation as authorized by Sections 5603 and 5603-3 of the General Code of Ohio in the amount of three mills and for the period of five years, will be submitted to you.

Those voting in favor of such additional levy of taxes shall have on their ballot "For an additional levy of taxes for the purpose of Water Works Filtration Plant not exceeding three mills, for not exceeding five years.—Yes." Those opposed to such additional levy shall have on their ballot "For an additional levy of taxes for the purpose of Water Works Filtration Plant not exceeding three mills, for not exceeding five years.—No." E. R. TRACOM, Clerk of the Council of the Village of Plymouth Ohio.

DICK BROTHERS

What would he give for the coffee you serve?

Like a million other women, you can serve coffee that he would give most anything to have—coffee which starts the day "right" for all. One woman says: "My husband used to swallow his coffee and hurry off. Now we have Arbuckle's and you'd think it was Sunday the way he lingers over his breakfast." Everyone loves the rich flavor of Arbuckle's Coffee. Of all the coffees in America today, it is by far the most popular!

Today there are whole towns where Arbuckle is practically the only coffee used. In one State, alone, in a year, four pounds of Arbuckle's Coffee was used for every man, woman and child in the State—four times as many pounds of coffee as the population of the State! Arbuckle Bros., New York.

Why Ashbrook Should Be Defeated.

William A. Ashbrook of Johnstown, has been in Congress ten years and is now seeking to be elected for his SIXTH TERM. The people have deemed it wise to limit other officials, including the president of the United States, to TWO terms. Yet Mr. Ashbrook is unsatisfied after having had five terms.

As with the presidency an honor is conferred upon a man by election as Congressman and many able men in the district, Republicans and Democrats are well deserving of such honor, but there is scant chance of it being conferred upon even several of them in the course of a lifetime if the inclination of one man to hold onto the office for twelve or fourteen years is encouraged.

Exceptional ability might justify the election of a congressman for a third term, but William A. Ashbrook has now had FIVE terms and his record at no place discloses even mediocre ability in statesmanship, his only claim to continued recognition by the voters of the Seventeenth district being that he is a slick politician who has shown marked ability as a policy-player and vote dodger.

Ashbrook has become notorious through his astounding misuse of the franking, or free-mailing privilege, which is accorded congressmen for correspondence upon official or department business, but which he has used openly, without apology and to monstrous extent in the conduct of his campaign for re-nomination and re-election.

In important questions where there is a division of sentiment among the voters in his district, Ashbrook has not stood anywhere on anything and has dodged the issue by failing to record his vote in many such matters.

He has built up a patronage machine in the district by which he has muzzled a number of newspapers which refuse to print, even as paid advertising, anything that is unfavorable to the continued candidacy of Ashbrook for congress.

He has taken the unpardonable attitude of attempting to show that veterans of the Civil war and of the Spanish-American war are under obligations to him for what he claims to be unusual activity in their behalf. But the veterans fully realize that it is the Ashbrook who is seeking another term in Congress rather than a disinterested friend of the soldier, who is attempting to victimize them with his blandishments, and they have been quick to see that it is his own interests rather than theirs that claims Mr. Ashbrook's first attention.

A vote against William A. Ashbrook will be a vote in rebuke of an egotistical, policy-playing, vote-dodging self-seeker.

Vote for Judge E. L. Porterfield for Congressman.

Republican Congressional Committee, 17th District. J. L. Davidson, Ashland; E. W. James, Coonstown; N. H. Bodurtha, Olaton; Simpson D. Dean, Mt. Vernon; William G. Hall, Newry; Charles E. Morris, Shelby, Chairmen.

Baltimore & Ohio EXCURSION

TO

Chicago

SATURDAY, OCT. 25.

ROUND TRIP FARE

\$5.00

Fra. leaves Chicago Junction, O., at 7:30 a. m. Tickets good returns to this point following Monday.

For full particulars consult Ticket Agent.

Vote for Stephen M. Young, second term for Judge Court of Common Pleas.

The Ford Motor Co. will erect two large blast furnaces at their auto plant at Detroit. The idea is to "smelt" small auto parts. First time we know they'll be making Ford out of cement.

Election one week from Tuesday. That Indian summer is still due out. It gets dark early and stays dark late. Tuesday evening will be halcyon in sale. Saturday is the last day of Gebert's clean up sale. A week from Tuesday we will know all about it. And 'he kept us out of war'—with what nation? In three more days the November winds will be blowing. Going to hear the Florentine Musicians Tuesday evening? One fire in October can cause more cursing than a dozen in July. Read all the political advertisements and then vote as you choose. For Rent—A new 8-room house on West Broadway. Enquire of Mary A. Ames. Vote for Stephen M. Young, second term for Judge Court of Common Pleas. Shelby is making arrangements to hold a poultry show the second week in January. The Unity Bible class will meet with Mrs. S. Bottenfield, Wednesday evening, Nov. 1. Wanted—About six roomed house, with modern conveniences. Reply C. M. H., P. O. Box 263. For Rent—November 1st, an 8-room house on Park ave. and Walnut St. Inquire of Mrs. Clara Fenner. The Friendship class will meet on Wednesday evening, Nov. 1, with Mrs. Rockman, assisted by Miss Frost. The regular meeting of the W. C. T. U. will be held at the home of Mrs. Frank Ramsey, Wednesday, Nov. 1, beginning at 2 o'clock p. m. Mrs. J. J. Goetz, who underwent an operation at the Blaine hospital, Chicago Union, last week, is making very satisfactory recovery. Olive Oil Emulsion with Hypophosphite a pleasant tasting food tonic, excellent in Pulmonary affection, coughs and colds, at Judson's Drug Store. The Women's Home and Foreign Missionary Society of the Lutheran church will hold their regular meeting in the church parlor, Friday Nov. 3. The C. E. Miller Livery will run a hack line to and from all trains, or any part of town. Phone calls will be promptly answered and passengers called for. Notices of Piano Tuning—I will tune pianos in Plymouth Monday, Tuesday and Wednesday at Ralston, Hardware or Judson Pharmacy. If J. Vogel, Galion, O. At the democratic rally held in Hamilton's hall Saturday evening, only a mere handful was present, the actual number by whom we are told, being twenty-three. During the storm last week Friday morning, Bentford Deveny, residing a mile east of town, had a very valuable cow killed by lightning, and as usual the best one. If you are troubled with Colds, Bronchitis, Croup, Whooping cough or Lung trouble, get a bottle of Eureka Cough Honey on a Guarantee. Satisfaction or money returned. For sale by all Druggists. A deal was consummated last week whereby Alvin Scriver becomes the owner of the Reo W. H. Crafts property just south of town lying on the Plymouth Shelby road, having all ready taken possession. The education of the youth is necessary and should not be neglected. Give the school board the two mill levy they are asking for and we will do our best to improve the schools and advance education. Ed Swartz, a schoolkeeper at Port Clinton, fought a match to see if all the liquor was out of a barrel. It wasn't. There was a terrific explosion and both ends were blown out of the barrel, showing that the liquid contained hell, fire and brimstone. The first gun in the Republican campaign in Plymouth was fired Wednesday evening when the Hon. Beecher W. Walter, vice, member of public utilities commission and Hon. Chas. H. Workman, were in a small assemblage at Hamilton's Hall, the total number of which is not over 75. The first woman in the history of Huron county to procure a hunting license has come to us. Miss Agnes Koehliot Norwalk has procured the necessary permit which will permit her to kill rabbits when the season opens November 1, and wild ducks and geese are now legitimate prey for her. C. O. Merry, an Elvira farmer owns a very valuable and remarkable cow. Boring the field when she grazes are numerous walnut trees. She goes to these trees, waits for the nuts to fall and chews off the shells, leaving the nut perfectly clean and ready to eat when dried. Friends have suggested to Merry that he feed his cow butternuts so as to increase the supply of butter, as the nuts she swallows impart a butter luster and flavor to butter made from the milk she now gives.

Vote for Stephen M. Young, second term for Judge Court of Common Pleas. Hard or soft corn will find quick relief in Rector's Corn Solvent at Judson's Drug Store. For Sale—Second-hand Florence Coal Heater, will sell cheap. Don't delay. Ralston Hdq. & Fur. Store. Mentholine Balm, always pain, relieves inflammation, headache and neuralgia, for all kinds of colds and chest, 25c for large jar at Judson's. The following is a recent Plymouth township real estate transfer. "Robert H. Nimmmons to Harry F. Brooks, 1064 acres, Plymouth township, \$1. Good old German coffee cakes, cinnamon rolls, and all kinds of other rolls, cream puffs Saturday at J. J. Goetz's bakery. See their show window.

Edward R. Haughey, aged 68, and Mrs. Loretta Donovan, aged 67, embarked upon their fifth matrimonial venture recently when they were united in marriage at Butler by J. S. Colp, justice of the peace. The groom was divorced from his fourth wife at Dayton last month. The bride had been a widow about one year and came to Butler recently from Indiana. The school board asks you to vote for a tax levy of two mills for school purposes for a period of five years. The money is needed to carry on the school work as laid down by statute. The ballots will be handed you at the November 7th election and you should not fail to vote yes. Taxpayers have always come forward and helped out any worthy object, so now help the board of education to take care of the schools and advance the education of the youth. The amount asked for in excess of the minimum tax is not requested, but will enable the school board to do a great amount of good. C. A. Ringle vs. Cora Seibel et al. Money is the title of a suit filed in the Huron county courts, all the parties thereto residing in the north part of the county. Plaintiff's petition states that on October 10, 1916, he advertised a public sale of a part of his goods and chattels, but Christofants, Cora Seibel, August Seibel, Louise Miller, Chas. Miller, Rose Frederick, Wilbur Frederick, Lawrence Gever and Charles Seibel interfered and prevented as far as possible the sale by publicly questioning his title to said chattels; also used foul and profane language and presented bidders from bidding freely upon said property, all to his damage in the sum of \$1,000. He prays judgment for this amount. Situations of conflict between good and evil, the strong and the weak, vice and virtue and similar "opposites" in human existence, are ever entertaining upon stage or screen, and from those problems illustrated in Photoplays have chosen, through the play as originally named, "The Strength of the Weak" as the entertainment at the District Library, on Wednesday evening, with Mrs. Fuller, the magnetic star of the occasion. It is a word-ful moral lesson in "The Strength of the Weak." No man or woman can see this great picture-drama without having one of the great lessons of life pointed out for their benefit. Whether or not they abide by the lesson is another thing—the moral is there for their instruction, in spite of themselves.

Notice. The Farmers Farm Co. hereby give notice that hereafter no visitors will be allowed at the goose farm. Farmers Farm Co. CALF MEAL For adding calves, pigs, colts and lambs, recommended highly as a whole milk substitute and less expensive than whole milk. Protein, 25 to 26 per cent. Carbohydrates, 46 to 47 per cent. Crude Fibre, 51 per cent. Fat, 54 to 64 per cent. You'll find it at Judson's Drug Store, a large package for \$1.00.

Season's Greetings. Fall and Winter 1916-'17

**Announcing**  
A Money Saving Service to All Auto Owners.  
THERE has opened up in Plymouth a shop where any kind of a pneumatic tire—in almost any condition can be put back in running order—good for more than 50% of hard road service. And if the tire isn't worth repairing, we tell you so—if it is—and we fix it—that repairs it.  
**Unconditionally Guaranteed**  
The plant which we have installed is the best make that money can buy—it is designed to repair successfully any "fixable" injury on any kind of tire—from 25-in. motorcycle to 34-in. auto tires. And our workmen have learned the tire repair business in the local shops of the manufacturers. The best equipment that we can get and the best practical training to be had, put us in a position to produce the best tire work that can be done. Remember! We guarantee every nickel's worth of work we do.  
Come to Us With Your Tire Troubles

Friends have suggested to Merry that he feed his cow butternuts so as to increase the supply of butter, as the nuts she swallows impart a butter luster and flavor to butter made from the milk she now gives.

The public schools have now rounded out two months of the school year. And too, everything pertaining to the same is passing off with precision. The Ladies Aid Society of the Presbyterian church will meet Friday, Nov. 3rd at the home of Mrs. Chas. Hutchinson. Leave Plymouth on the 12:41 car. Sec'y. You can now begin buying your Christmas presents and pay your fall taxes, after which, if you have any thing left, you can attend the January clearance sale. At a special election held in New London last week in a proposition to bond the town in the sum of \$53,000 for a water works plant, the same carried by a 7 to 1 vote. The open season for hunting rabbits starts Wednesday. They are said to be plentiful this season and hunters are anticipating some fine sport during the open season. Mrs. Mahla Saunders died at her home in Bentford last week on her 50th birthday, because, it is believed, she had invited a large number to help her celebrate and the guests did not appear.

Dr. R. C. Price the optometrist, will make his regular monthly visit to Plymouth, Monday, Nov. 6. Those desiring to have their eyes examined find him at his father's place of business on the above day. The Shelby chautauque association wound up its affairs of the past season Monday night and found it was \$140 in the hole. They dug down for the shortage and the members agreed not to promote another this coming season. Miss Briggs having kindly offered her windows for a display of the Hamilton room, which are also taken from the catalog, if what is in stock is not the desired article. Plymouth had her first fall of the beautiful last week Friday evening. While there was no snow of it, there was enough that the season can be made. Figuring on the old saying that the shorter the winter, the stormier this season, as the first fell on the 20th of the month.

Merl Dinsinger lost his driving license Monday evening as he was driving into Plymouth from the west on the county line road, at a point near the home of Geo. Hatch, when his rig collided with one being driven by Walter Ferguson, who was on his way home. The thrill of the buggy penetrated the horse's breast, which caused its death in a few minutes. It is said that men were driving on the north side of the road, Dinsinger being on the wrong side of the road, a particularly dangerous point in the road on account of the darkness caused by the hallow and the lights ahead in the village cause a peculiar condition in regard to the view, it being impossible to detect the approach of a vehicle going west. However, it has been demonstrated fully that two trains or two rigs can not pass on the same track, and only a few years ago two horses, one owned by Sam Fenner and the other by E. J. Carahan, were killed in a similar accident at or near this point. With the close of business Saturday evening the old and well known grocery house of Lewis Gebert will only remain a matter of history, as on Monday morning the goods and fixtures will pass into the possession of Russell Chappell, who for the past few years has held a clerkship in the Lofland grocery and is fully acquainted with all details of the grocery business. Mr. Gebert has been identified in Plymouth's business for a long term of years and it is with much regret that his friends are learning of his departure from the town. He has conducted the grocery business always at the same stand, for a period of 20 years, previous to which he held a clerkship for six years. He is a total of 26 years he has been identified with the grocery business. He has no fixed plans for the future, but will take his time to decide about before he again engages in business. The new proprietor, is a young man well known about town, who needs no introduction from us. He knows the ins and outs of the grocery business from a z. and will endeavor to keep this grocery business up to its high standard. Many success attend all parties concerned in the deal.

Two or three more car loads of geese will be added this week to the 1,000 geese already in the Farmers Farm Co. land, which will bring the number up to 16,000. To give you some idea of the amount of feed required to feed the 16,000 already on hand, four wagon loads of shelled corn are hauled out daily to the geese, as well as a large quantity of chopped corn fodder and other feed. They are now fattening 5000 for the market, and this feeding is being done in a scientific manner, and the geese weighed weekly to see how they are doing. People from all over the county are visiting the farm daily, as the geese are so numerous that it is one place and it is well worth your time to go many miles to see.

Superintendent J. A. Kerchner and the teachers of Plymouth public schools are attending the North-western Ohio Teachers' association being held in this week, some going Wednesday evening and others Thursday morning. The schools closed Wednesday evening for the remainder of the week, thus giving all teachers an opportunity to attend the various meetings of the association. Kerchner and the teachers of Plymouth public schools are attending the North-western Ohio Teachers' association being held in this week, some going Wednesday evening and others Thursday morning. The schools closed Wednesday evening for the remainder of the week, thus giving all teachers an opportunity to attend the various meetings of the association. Two or three more car loads of geese will be added this week to the 1,000 geese already in the Farmers Farm Co. land, which will bring the number up to 16,000. To give you some idea of the amount of feed required to feed the 16,000 already on hand, four wagon loads of shelled corn are hauled out daily to the geese, as well as a large quantity of chopped corn fodder and other feed. They are now fattening 5000 for the market, and this feeding is being done in a scientific manner, and the geese weighed weekly to see how they are doing. People from all over the county are visiting the farm daily, as the geese are so numerous that it is one place and it is well worth your time to go many miles to see.

Ed Swartz, a schoolkeeper at Port Clinton, fought a match to see if all the liquor was out of a barrel. It wasn't. There was a terrific explosion and both ends were blown out of the barrel, showing that the liquid contained hell, fire and brimstone. The first gun in the Republican campaign in Plymouth was fired Wednesday evening when the Hon. Beecher W. Walter, vice, member of public utilities commission and Hon. Chas. H. Workman, were in a small assemblage at Hamilton's Hall, the total number of which is not over 75. The first woman in the history of Huron county to procure a hunting license has come to us. Miss Agnes Koehliot Norwalk has procured the necessary permit which will permit her to kill rabbits when the season opens November 1, and wild ducks and geese are now legitimate prey for her. C. O. Merry, an Elvira farmer owns a very valuable and remarkable cow. Boring the field when she grazes are numerous walnut trees. She goes to these trees, waits for the nuts to fall and chews off the shells, leaving the nut perfectly clean and ready to eat when dried. Friends have suggested to Merry that he feed his cow butternuts so as to increase the supply of butter, as the nuts she swallows impart a butter luster and flavor to butter made from the milk she now gives.

## Captain of Whaleback Rescued After Clinging to Life Raft for Thirty-four Hours.

### TWO WASHED FROM RAFT

Tells Thrilling Story of Long Struggle Against Wind and Waves. All Jump into Water as the Boat Went Down.

Cleveland, O.—Another big tragedy of Lake Erie's black Friday, which cost the lives of 21 men, came to light when a life raft to which Capt. Walter Grashaw of the whaleback steamer James H. Colgate had clung since she foundered, 24 hours before, was picked up off Rondeau, Canada, taken to Conneaut, Pa.

Nineteen men were cut down to death when the steamer foundered at 1 o'clock Friday night off Long Point, Pa. Capt. Grashaw's two companions on the life raft were washed away just as the rescue ship, the car ferry steamer Marquette & Bassener No. 2, came, plowing through the waves toward the wreck. Grashaw, the sole survivor of the Colgate's crew of 22.

Raft Is Sighted.

Now mounting the top of a wave, now engulfed, the life raft to which Capt. Grashaw, Second Engineer Harry Oseman and a coal passer clung was sighted by the whaleback Marquette. The three figures, rope entangled, were prone on it and at every onslaught of the seas they washed back and forth, apparently lifeless. The captain was notified and the ferry steamer quickly directed her bows toward the bit of jettison. Just as she rounded the point, the life raft, as if engaged at seeing its prey escape, swept over the raft. As it receded only one man remained, and far out to sea two grotesque figures sank slowly beneath the green waters.

Capt. Grashaw was lifted from the raft and carried semi-conscious to the Marquette's fire room.

Slowly Capt. Grashaw's senses cleared and he asked: "Where are the boys who were with me? Did they go?" And his voice dropped to a husky, awed whisper.

"Both," was the answer.

"The Captain's Story.

"We were passing Long Point about 6 or 7 o'clock Friday night when trouble began. The boat sprang a leak for me. We were all at the time and immediately began to feel her heaving and setting at the head.

"Every man worked for his life then, but it was no use. By 10 o'clock the storm had increased and the Colgate didn't have a chance. The gale was terrific, rain was driving and the waves pounded. We got the life raft ready just as the boat was so far down that her decks were awash.

"When she sank everybody jumped into the water. I went down and when I came up I found my hand to my hand touched the raft. I grabbed it and pulled myself on it just as Oseman and the coal passer reached it. What happened to the others we don't know. I never saw them again. They must have been sucked right down with the ship.

"Then our awful fight began—something I'll never forget. Twice the raft turned completely over and we were washed loose. We were managed to regain our hold. We must have been so far down that the time, for now I can't remember, distinguishing night from day while the storm went on and our raft plunged with never an end in sight of a ship that might rescue us until this morning."

"D. L. Fitzgerald was followed by the roar of his shotgun. The cavalryman was shot in the calf of his leg. But to him the old squatter had struck on his head. Fitzgerald died. The old man straightened to his knees and his body went rolling down the raft.

It was Taft's birthday anniversary. He was 58 years old. In all his life he had never recognized the law.

An examination of his body revealed two bullet wounds in his legs. He had tied these up with strips from a bandanna handkerchief.

His Own Case Among Let.

Chicago, Ill.—Informer Plotke, an attorney, was defending Frank Winters and Daniel Cunningham, accused of stealing \$300 worth of clothing in a Chicago store. The clothing was offered as evidence and Plotke's case was found among the other articles.

Fear for Child Causes Suicide.

Elizabeth N. J.—Because of fear that her five-year-old son would be stricken with infantile paralysis, Mrs. Alma Lieberg suffered a nervous breakdown, which unbalanced her mind and drove her to suicide. She shot herself in the head on a porch of her home.

\$25,000 for Baby's Eyes.

San Francisco, Cal.—J. F. J. Murasky, in superior court, gave judgment for \$25,000 for the loss of a baby's sight to the parents of Mary Ruby, one year old, against Mrs. Amalia Ranzoni, a graduate midwife. It was alleged that she failed to care for a baby's eyes properly at birth and now the eyes are sightless.

"A pair of baby eyes are priceless," said Judge Murasky. "No amount of money can buy them, or any court could give a would compensate for the loss of this baby's sight."

## Crash Through Teton Lines on Verdun Front for a Gain of Two Miles.

### GERMANS TAKEN BY SURPRISE

Win Back in Twelve Hours That Which Took Germans Months of Fighting and Thousands of Men to Gain.

Paris, France.—In the greatest surprise blow struck on the western front since Gen. Gallien's "tactical army" smashed the Germans on the Marne, the French launched a surprise drive against the armies of the German crown prince east of Verdun.

In one impetuous headlong assault the defenders of the great protrusion plot in France crashed through the Teton defense on a front of four and a half miles from the Meuse to the West. The French made a heavy assault carried them at points almost two miles into the German lines. They went back in their furious concern with trenches, forts, villages and forests which the Germans had bought at the cost of thousands of lives.

Win Back Lost Ground.

Fort Douaumont and the village of Douaumont, names written with blood upon the pages of history, once more are in French hands. The Tiletumt works, some of secret operations, also is held by the French. The Hautremont quarry, the Callette wood, the Chemise wood and the Dampant battery all have been won back.

News of the tremendous victory reached Paris while the soldiers were still retracing their way through the German lines.

Utter secrecy had masked the French preparations for the blow. The German staff had been taken by surprise and, off their guard and with their ranks drained to supply the demands of the armies on the Somme, fell easy victims to the French thrust, which was carried out with flawless strategy by Gen. Nivelle.

There had been a tremendous bombardment and heavy bombardments have been common on the Meuse front. But when the unprecedented intensity of the shellfire warned the Germans that great general attacks were near it was then too late for them to concentrate their forces to meet the blow.

The drum fire of thousands of guns, kept up without intermission throughout the night, wiped out the foremost Teton defenses.

With the dawn the increase of the fire became an inferno. Promptly at the moment—11:40 o'clock—the fire ceased and the German troops were leaped from their trenches for the grand assault. The pillbox at last were hitting back after months of buffeting.

They went through the first German lines as though they were made of cardboard. And as they advanced the shellfire had been blown to death by the fury of the fire.

According to accounts reaching Paris, the Germans were swept from the line by the first few hours of fighting. This hill marked their point of closest approach to Verdun. From its crest the army had been driven to the forts and city to the southward. Its capture had been hailed by them as the final step toward the capture of Verdun.

In less than 12 hours Joffre had won back most of those blood-drenched fields and forests which it cost the German crown prince months of fighting and thousands of lives to attain.

Simultaneously with the Verdun assault the British and French troops on the Somme launched a series of terrific charges against the lines of the Germans, attempting to break through the lines at the center.

This led to the belief among military observers that the two attacks presage a tremendous and unrelenting assault against the army of the crown prince along the whole lines in the French theater, probably with the intention of creating a diversion which will render it necessary for the Germans to withdrawing some of the troops that are crushing Roumania by swift successive blows.

Wealthy Man Guiltless.

Gatipolis, O.—Thomas Conington, aged 75, wealthy property owner of Pomeroy, Ohio, was killed himself because of his illness.

U.S.S. Sunk, Is Reported.

Boston, Mass.—Capt. G. Tudor of the British steamship Hopton, which arrived from Louisiana, said that before he left Nova Scotia he had seen the U.S.S. Sunk, which was carrying the German U-boat 83 had been sunk off Sydney by the patrol boat Stanley.

"Before I left Louisiana I was told by a ship's captain that I need not be worried about the German submarine," said Capt. Tudor. "This man said the U-boat would not bother any more British vessels, because she had been sunk by the Stanley."

Unconfirmed reports have been received of the death of Lieut. William Thaw, the American aviator, who has gained fame with the French aviation corps.

## SAVE CREW OF BOAT, FIRST FALL VICTIM

### Sailors Rescued by Passing Vessels in 50-Mile Gale; Ship Goes Down.

Cleveland, O.—The freight steamer Marshall F. Butters, carrying a cargo of lumber to Cleveland, foundered in Lake Erie in a heavy gale, while two other steamers stood by, powerless to help.

The entire crew of the wrecked vessel was saved, three of the men being picked up by the ore carrier Frank Billings of the Hutchinson fleet. The remainder of the crew, according to the commanding officer, were taken aboard the steamer F. O. Hartwell of the Tomlinson fleet.

Foundering in a 50-mile gale, the Butters' wooden craft of comparatively light tonnage, was swept helplessly in the trough of heavy seas for hours before the crew finally decided to abandon her.

The Billings and the Hartwell had watched the smaller vessel for several hours and proceeded in her direction in response to her distress signals.

Roughness of the sea made it impossible to send life lines to the wandering vessel. The crew of the Billings poured gallons of oil overboard in an effort to smooth the surface of the waves. The Butters' was careening about like a more shell, in momentary danger of crashing into the two larger vessels.

Waves were washing the decks, tearing away the deck load of lumber when the crew finally lowered the life boats. All except three got away from the ship safely in the boats.

The next moment the nose of the Butters was buried in the sea, and the vessel quickly sank beneath the surface.

The three men left aboard by the last life boat jumped over the side as the vessel took its final plunge and were picked up by the Hartwell 30 minutes before the crew of the Billings could rescue them. They were taken aboard in a serious condition, half frozen from their immersion.

## SQUARTS INK ON WOMEN

### BOSTON MAN TAKES PLEASURE IN MARRING WHITE SHIRTS AND SHOES.

Boston, Mass.—A man who amuses himself by shooting ink on the white dresses and shoes of women is being punished by the city of Boston. Over 100 women have reported that they have been the victims of the "ink shooter."

The man who has invented this amusement uses a water pistol and his hours for operation are from 6:30 to 11:30 p. m. He hides in dark doorways on downtown thoroughfares and waits for women with white dresses to pass. If there aren't enough white skirts passing he shoots at white shoes. Many women feel the police he is an unerring marksman.

Elects Ohion Treasurer.

Indianapolis, Ind.—The 26th annual farmers' national convention, just closed here, elected John W. Darger, Waverly, O., as treasurer.

Gets \$5,000 Verdict.

Freehold, N. J.—By the verdict of a jury, rendered after a three-hour deliberation, Mrs. I. Patterson, widow of Samuel A. Patterson, lawyer of Asbury Park, was adjudged guilty of alienating the affections of Rev. J. M. Robinson, for year pastor of a church at Asbury Park, but now a fugitive from justice. The jury gave Mrs. Patterson \$5,000 damages.

Man and Woman Killed.

Worcester, Mass.—Murdered. It is believed, for \$1,200 in gold, which she carried, the body of a woman known as the body of John Smith, a farm laborer, was found concealed in the farm yard of William J. Hunt, near here.

Four hours later the body of James Ryan, the employer of the farm hand, was found in the woods a short distance away.

The police decided that both murders were committed by the same man and started a search for Smith.

## CONTRACTOR IS BANKRUPT

### Big Losses on Sharonville and Dayton Jobs Given as Cause.

Springfield, O.—T. A. Graham, local building contractor, who recently filed a voluntary petition in bankruptcy in the United States court at Cincinnati, identified in the hearing of his case before Referee Frank M. Krapp here that his books, containing the accounts of his business, had disappeared from his office, Room 240, Bushnell building, about two weeks before filing his petition. Graham testified that about a year ago his assets were \$32,000, including property owned by his wife and which was represented by bonds for various contracts. During the examination Graham said that he had lost about \$46,000 on the Sharonville and Dayton work, and that he had \$15,000 on a new contract in Dayton. The 1216 petition was filed at Dayton.

## NATURAL GAS SUPPLY CUT OFF

### From a Number of Small Towns in Northern Ohio

Lima, O.—Kenton, Ada, Alger, Mt. Victory and other smaller towns here before the natural gas, was cut off ordered of the line of the Lima Natural Gas Co. when the first cold snap saw a heavy decline in pressure which was not restored until the gas was believed this action will leave Lima, Wapakoneta, St. Marys and Celina without gas for the winter, but the company will continue to keep coal or kerosene in the cellar.

## BUCKEYE NEWS NOTES

Springfield, O.—Mt. Sterling was chosen as the next meeting place of the Ohio State Christian Association. The 1216 petition was filed at Dayton with the election of officers.

Marion, O.—A proposition to increase the annual dues of the members of the Marion Chamber of Commerce. The annual meeting will be held November 15.

Marion, O.—Rev. John Allen Winkler, formerly of Dayton, has been installed as pastor of the Presbyterian church at La Rue by Moderator Herbert, of Bellefontaine, and other officers of the Marion Presbytery.

Alliance, O.—Following the discovery of a case of infantile paralysis, the authorities of Avon township, near Avon, Ohio, notified all day schools and churches closed in order to guard against the spread of the plague.

Columbus, O.—Sheriff Swenson, of Ross county, president of the Ohio Sheriff's organization, was given a sentence of 40 days in the Delaware county jail by United States Judge John B. Sater for having permitted a convict prisoner in his custody to take long automobile rides and have other liberties outside of the jail at Chillicothe.

Springfield, O.—Rooms for 1,600 delegates have been reserved for the grand chapter of the Eastern Star, which will be held at the hotel here next week. Nearly 60 chapters, in all parts of the state, will be represented.

Marion, O.—The contract for drilling a well for the Calcasieu Oil and Gas Co. has been awarded to Fenwick & Co. of Houston, Texas. The well was discovered near Calcasieu and was owned by the Calcasieu company and recently.

## SESSION OF EXECUTIVES OF BAKERS' NATIONAL ASSOCIATION HELD AT COLUMBUS.

### COMMITTEE TO BE APPOINTED

To See President Wilson if Situation Is Not Settled Soon—Many Bakers Fall.

Western Newspaper Union News Service.

Columbus, O.—Should the demand for such a committee grow? S. P. McDonald, president of the National Association of Master Bakers, issued a statement through a local officer of the organization stating that he would appoint a committee of representative bakers to go to Washington and ask President Wilson to place an embargo on the exportation of wheat and flour in order to solve the high cost of these articles and the resulting high cost of bread. The bakers contended that the high cost of flour is caused by the great export shipment of wheat to Europe. Statements have just been issued showing that the high prices had forced a large number of bakers over the country into failure.

Mr. McDonald's statement follows: "If a committee of representative bakers to wait on the President in reference to an embargo on wheat, or such other regulation of grain and flour exportations as shall tend to conserve American resources to America, will do any good in solving the difficulties of the present high level of prices, I shall name such a committee for the National Association of Master Bakers. This is provided all bakers to go to Washington and ask President Wilson to place an embargo on the exportation of wheat and flour in order to solve the high cost of these articles and the resulting high cost of bread. The bakers contended that the high cost of flour is caused by the great export shipment of wheat to Europe. Statements have just been issued showing that the high prices had forced a large number of bakers over the country into failure.

TO BRING SEVERAL THOUSANDS TO VOTERS' PLACES TO BUY VOTERS' PUND BEING RAISED, 'TIS CHARGED.

INSURANCE CO'S HEAD SUPPORT

Reports at Columbus Say—Wall Street Also Is Said To Be Contributing Its "Mite."

Western Newspaper Union News Service, Columbus, O.—Despite the standpoint of the workers was taken when the Inague, formed for the preservation of the Workmen's Compensation Act, of Ohio, Senator Frank Williams Gross is chairman and Representative O. B. Chapman, secretary, sent out a warning to the toilers of the state. It asserts that a huge corruption fund was being raised to buy the electoral vote of Ohio, the sum being fixed at \$600,000, to be contributed locally, but it is not known to add to it in an unknown amount. The employers' liability insurance companies were giving generously, so it was charged. Purchasing the Ohio intimidation of the labor vote was intended it was declared.

"This warning is to every man who wishes in our country, on the farms or in the city, and who expects to get justice as the result of the election," says the appeal and warning.

It behooves every working man to be extremely careful that he is not misled, even by men who are supposed to be representatives of the state, whose influence has been purchased. He should not even permit himself to get under suspicion. Every wage earner should resist the temptation of the formation of this corruption fund, that his vote can be bought."

Turner Confident of Victory.

If the questions asked by the justices of the supreme court in the course of an oral argument have any significance at all as indicating the court's best of minds, the State of Ohio already has won its appeal in the blue sky case. The court was in an unusually inquisitive mood and volleys of questions were asked by the justices at the lawyers during the hearing in Washington. The grueling reached the climax when Timothy Hogan of Ohio former Attorney General George W. Wickersham, of New York, were trying to impress the court that the state had exceeded their authority in passing the blue sky law. The National all had one trend. They carried the conviction that the highest court in the land is determined to uphold the right of the states to pass legislation, to protect the public from the flotation of worthless or questionable securities. Apparently there was no other thought running in the minds of the justices than that this right must be upheld.

Schools for Pilots of Balloons.

Army aviation officers at Washington are preparing to carry their campaign for the development of the air service into the field of balloons and lighter than air craft. Major Charles deF, Chandler, of the Signal Corps, who has had many years of practical experience with balloons, has been appointed head of a new division created in the aviation section of the Signal Corps. All matters pertaining to free and captive balloons, dirigibles, lighter than air craft, blimps, etc., will hereafter be under his charge. Bids have been advertised for two spherical and two kite balloons. The amount to add to the \$1,000,000 or dirigibles as rapidly as they can be made to handle and care for them can be trained. The balloon school probably will be established at Fort Ord, Calif., or possibly at Akron, O., where it is expected the first balloon equipment for the army will be constructed.

Clean Election Urged.

Without expressing any opinion as to the truth or untruth of charges that non-residents are being colonized, Attorney General Edward C. Turner sent letters to all prosecuting attorneys in the state asking their fullest co-operation in insuring to the state a clean election. The letter follows: "The newspapers have been carrying charges to the effect that 'colonization' of non-residents is being attempted for the purpose of illegal voting at the coming election. I know not what may be the foundation for such stories or whether there is the slightest justification for them. I do know, however, that the honor of the State of Ohio demands that there shall be no fraud. Every citizen of this state, and that the slightest rumor should be carefully and thoroughly investigated.

Property in Ohio.

How Ohio has prospered is told by the Department of Banking Harry B. Hays in a report just made up. National banks have grown 2 per cent faster than state banks in deposits. The increase for national banks was \$21,900, with a total of \$1,828,925,000, and of state \$116,425,000, with a total of \$653,644,000. The total resources for national banks have gained \$1,950,400 in a year. Big city contributions: Cleveland, \$28,828,874; Cincinnati, \$9,613,446; Toledo, \$6,972,511; Akron, \$5,680,494; Columbus, \$2,884,174.

Deplores Open Season. According to an estimate made by Dr. Eugene Swope, Ohio educational agent for the National Audubon Society, if the claim made by a sportsmen league, to the effect that they have enough legislators pledged to give Ohio an open season on quail next year is true, Ohio sportsmen are facing an economic loss of \$1,000,000. Dr. Swope believes that an open season, say for ten days, would result in 150,000 hunting licenses being taken out, and each hunter would average, at the lowest estimate, about one quail a day. A quail as a destroyer of injurious insects is worth about a dollar a year to farmers, he says. "This would mean," says Dr. Swope, "that Ohio crops would suffer a million-dollar loss in order that 150,000 hunters may have some fun, and that the Fish and State Game Commission may have \$100,000 from the sale of licenses."

For Betterment Expenditures.

The Ohio State Telephone Co. filed with the Public Utilities Commission a statement of expenditures for 1915 made on proposed and uncompleted improvements totaling \$3,446,447, and asked authority to issue an additional \$2,000,000 of preferred stock. The remainder as follows: Cleveland, \$705,615; Toledo, \$587,552; Columbus, \$344,465; Franklin county, \$42,670; Dayton, \$190,842; Montgomery county, \$63,212; Youngstown, \$410,950; Canton, \$187,912; Findlay, \$13,509; Alliance, \$27,544; Massillon, \$49,801; Washington, \$15,826; Zanesville, \$1,513; Akron, \$216,275.

Compensation Awards Are Made.

Awards for compensation in death claims were just made to the following by the State Industrial Commission: Mrs. George Lester Banks, and two children, of Atlanta, Ga. \$2,744; on account of the death of their husband and father, killed at Cleveland, July 24, in the water works tunnel during the construction of the tunnel. Cleveland, \$17,744; Mrs. Mary Harper, mother, and William Garner, minor son, of Alliance, \$3,180.56; Mrs. Mary Smith and daughter, of Gurney county, \$2,611.44; Mrs. Hala J. Moore and daughter, of Shelby, \$5,116.88; Mathew Pulk and wife, of Harrisonburg, Va., \$1,574 for the death of their son, Frank Pulk, of Dayton; Mrs. Barbara Stedrovska, of Cleveland, \$1,560.

Steam Railroads Bear Weight

Compensation of assessments for 1915 and 1916 issued by the State Tax Commission show that the valuation of public utility companies, with the exception of the electric companies, has been increased \$52,122,866. The express companies have not yet filed their reports. The greatest advance was in the case of the pipe lines which were valued \$35,287,150. Pipe lines come next with \$9,626,440, and after them the street and interurban railways, which were valued \$4,400,000. The electric companies got a raise of \$4,085,604 and electric lighting plants \$4,056,020. A reduction was made in union depot valuation of \$800.

If You're 21 on November 8, Vote.

Atty. Gen. Turner holds that any man who becomes 21 years of age on November 8, the day after election day, is entitled to vote this year. This ruling was given to Secretary of State Elsie Hildebrand. Turner said that the California case is the law in this respect to the general common law rule that consideration will not be given to a fraction of a day. The attorney general cited cases in which it was held that the minor attains 21 years on the day previous to his 21st anniversary of his birth.

Proposal for Referendum.

When it was proposed here that the Franklin County Bar Association take a referendum vote among its members on judicial candidates a lively row developed. The meeting is set for a later date, and it was promised that more free polls will be held. It was held that the minor attains 21 years on the day previous to his 21st anniversary of his birth. The reason for the trouble lies in local political conditions.

Hog Serum Cheaper.

The State Board of Agriculture reduced the price of hog cholera serum \$2.50 a quart. It is estimated this will save the farmer \$1,000 a year. In cholera, the board reported, has been wiped out in many localities as the result of the work of the state. The board also agreed to buy a certain grade birds for shipment to farmers.

Report on Findings Filed.

A report on Gibsonburg, Sandusky county, was filed in the state bureau of accounting. One dollar has been taken out of the treasury for every inhabitant the village has a population of 2,000. The findings are \$2,394.72. The finding against the Modern Construction Company is \$1,962.

City Can Not Prosecute.

Automobile speeders can not be prosecuted for speeding on municipal roads, but only under state laws, according to a ruling of State Examiner C. E. Lippincott, of the state bureau of accounting. The ruling is based on the mayor of Gibsonburg, holding that the village and his marshal must return a \$5 fine and \$2 costs assessed against a driver for speeding on a municipal road. The prosecution was under a city ordinance. This means that many cases assessed against speeders must go to the state and not to local tribunals.

REPEL CARRANZA REPEL CARRANZA REPEL CARRANZA

Charges Made by Political Opponents that the First Chief is Preparing to Leave Mexico.

FAMILY CROSSES BORDER

Washington Officials Believe Carranza Has Left Political Asylum; Villa Pressing on Chihuahua City.

Washington, D. C.—Hard on the heels of the news that Francisco Villa has arrived at the outskirts of Chihuahua City and that the populace is feeling in a panic come the unofficial report that Gen. Carranza, provisional president of Mexico, is preparing to quit the republic.

Charges that Carranza is ready to leave are being freely made by his political opponents in Mexico City. They are based upon his announced decision to quit his capital for Queretaro and the fact that Mrs. Carranza already has crossed the border in the United States, accompanied by the wife of her husband's war minister and chief supporter, Gen. Obregon.

Information to this effect is reaching officials here from various reliable sources. So far nothing tangible tending to support the story has come through official channels.

Political Blunder.

It is known, however, that many officials here believe Gen. Carranza has committed a political blunder at least, if he is not in fact preparing for flight, by permitting his family to leave Mexico at this time. The truth, they say, was certain to be construed by his enemies as a confession of weakness.

The purpose of the visit of Mrs. Carranza and Mrs. Obregon, as explained at the Mexican embassy, is for a tour which delegates were elected last week. The state department has not received word that Gens. Carranza and Obregon have left Mexico City for Queretaro. Previous advice, however, said that the first chief would go to that place in connection with the meeting of the constitutional convention, for which delegates were elected last week. This is the only explanation obtainable here for Carranza's departure from his capital.

Former reports that Carranza was about to leave Mexico have been in circulation along the border for some time. It is not known that the American military authorities have been able to gather any definite information in regard to these reports outside of the coming of Mrs. Carranza and Mrs. Obregon.

Saw Hold Weakening.

Many war department officials have privately expressed their conviction, however, that the fact of Carranza's departure, or at least Gen. Carranza's personal control of the political situation, is growing steadily weaker.

Confirmation of the report that Villa has reached the outskirts of Chihuahua City and of fighting in the suburbs between Villa's men and Gen. Trevino's command was contained in a dispatch received by Gen. Funston at San Antonio from Gen. Bell, commanding at El Paso. Gen. Bell's report is understood to be based on information from Gen. Pershing. Information has reached army circles from several sources that Gen. Trevino is short of ammunition and is in a bad way.

Reports received by United States agents say Villa is receiving recruits from Sonora, Durango and Coahuila, but is unable to arm and equip them. In direct contradiction to reports that the Carranzistas are not in shape to fight is the statement, made by Andres Varria, inspector general of Carranza consulates in the United States, to the effect that 12,000 Carranza troops are to be sent to take part in the campaign against Villa.

ARGUE FOR SIMPLE LIFE

CLINICS SHOW STOMACH ILLS MORE COMMON AMONG RICH THAN POOR.

Philadelphia, Pa.—Clinics held in many hospitals, attended by hundreds of members of the Congress of Surgeons of North America, in session here, were arguments for the simple life.

It was the consensus of opinion among the surgeons that high living is responsible for poor operations that is the life led by poor operators. The rich are more subject to cancer of the stomach than others, it was stated.

Dr. M. E. Rehms, during a clinic at one of the hospitals, made immediate prospects of enfranchisement, the prohibition party believes in the justice of suffrage for them just as it has for 44 years, the party's national candidates declared in various towns.

It did not require four million ballots held in the clearest list of women to make us declare for our party, J. Frank Hanly, the presidential nominee, said at Lyons. "Our party declares for it through principle 44 years ago."

Dry's Are For Suffrage.

Geneva, N. Y.—Although the women of New York have made immediate prospects of enfranchisement, the prohibition party believes in the justice of suffrage for them just as it has for 44 years, the party's national candidates declared in various towns.

"The Woman With a Hoe."

CABBAGES AND A KING

By ELIZABETH VAN BENTHUSEN.

When the Walrus, in the time-honored verse, called attention to the fact that the time had come to speak of cabbages and kings, the best did not have any idea that the time would come when there would be any actual relationship between the two. Now kings have come to know the value of the cabbage while the value of the king has taken something of a slump in the opposite direction.

This story deals with an Old King and a cabbage crop. Midas, with his fond of gold; Croesus, long mentioned as a marvel of money, and the other owners of large kingly chests were but ordinary pilfers compared to John D. Rockefeller. He has in one vault in the basement of the produce exchange in New York more hidden wealth than all of the old kings put together.

Yet he has a lively interest in raising cabbages.

His interest in this direction is valuable to all of the persons in the country who have garden plots because it is a lesson in the economy of space, and a tip from the richest man in the world as to the value of using every spare spot for raising something from the soil.

What he sees in New York is equally possible on the most remote hillside in America, and it is for this reason that I am showing you a picture of the Old King's cabbage patch and telling you how the man with the greatest store of wealth wisely refuses to let a chance to raise even a tiny crop be wasted.

When I say cabbages, I do not mean that the patch is confined to this one thing. It is only one of many. All of the garden products that can be used in a tiny space are utilized, and around the edges, to work in a little art along with utility, there are flowers.

The Rockefeller cabbage patch is located in the yard of the world-famous Rockefeller Institute at Sixty-sixth street and the East river, New York city. It is in this remarkable institution that the wise men of science try germs on monkeys and dogs so that they can learn how to save the lives of babies and grownups. Many of the greatest discoveries of science have been made in the big building. But when the master of the millions came along he saw something beside the germs and the mysterious researches of science in the vicinity. It occurred to him that the germs had nothing to do with the yard about the place, and that no amount of bacilli could interfere with putting the open ground to some use.

So he ordered that the women and children in the congested, poor neighborhood be given a chance to raise vegetables on the unused yard. The order brought about a transformation. Now on any day one may see the woman with the hoe at work on the garden that fringes the skirts of great learning. She is not bowed by the weight of centuries like Edward Markham's famous "Man With The Hoe." She is happy in the chance to make a better table for her little ones at the expense of a man whose millions do not prevent him from seeing little things clearly.

I wonder my readers are using their available space for garden purposes with as much wisdom as the very poor of New York are doing in the cabbage patch of the Old King?

How Not to Fix Your Garden.

MONEY CAN'T MAKE A GARDEN

By ELIZABETH VAN BENTHUSEN

One who has all the money in the world and as artistic or practical ideas to go with it, he could not produce a garden worth while. I am struck with this fact while looking at some of the new landscape work at the rich estates that make the Eastern coast a fairyland.

The accompanying illustration will show a case in point. Here is a garden where money enough has been spent to buy a farm. Yet the figures are still and grouped with about as much art as the man used who first put figures in a multiplication table. Regular, stiff and awkward, the costly bits of woods are placed just like so many pawns on a chessboard.

JAPAN AND THE TELEPHONE

Remarkable Increase in Their Use is Reported in the Land of the Mikado.

Japan recently celebrated the twenty-fifth anniversary of the establishment of the telephone in that country. In 1890 the first exchange was installed at Tsukubashi, although instruments were in use "from one room to another" as early as 1877.

On March 31, 1915, the total number of telephones in Japan aggregated 224,484, equivalent to 0.4 telephones per 100 population; at the same date the number of unfilled applications for service was 1,324,315, as against 182,707 on March 31, 1914.

The Journal of the Communication association, a monthly magazine published in Japan, surveys the constable place in its issues of November and December, 1915, to the development of the telephone in that country, with pictures of Mr. Carthy, chief engineer of the Ansei Telephone Co., and Mr. T. Kikyo, president of communication. The latter after the first demonstration of wireless telephony from New York to San Francisco:

"Today I heard speech by our company's new wireless telephone from New York to San Francisco. I am sure of ultimate success in talking from New York to Japan."

"And Mr. Kikyo's reply: "God tender our sincere congratulations upon great achievement which your unceasing and never flagging researches into remote secrecy of telephony have attained. May you be crowned with further success."—The Telephone Review, New York.

PREPARING STOCK FOR SOUP

Some Practical Advice That the Housewife May Find to Be of Value.

For the canning club members who do not find it practicable to procure stock in large quantities, the following suggestion may be of value. It is a vegetable soup during the winter, the specialists in charge of boys' and girls' clubs, North and West, suggest that the vegetable portion of the soup be canned separately. Whenever the soup stock is available during the winter the preparation of the soup is a simple matter. Mixed vegetables for the purpose may be canned according to the following directions:

Soak 6 pounds of lima beans and 4 pounds of peas in 12 quarts of water for each one-half hour. Blanch 16 pounds of carrots, 6 pounds of cabbage, 3 pounds of celery, 6 pounds of turnips, 4 pounds of cauliflower, 1 pound of onions and 4 pounds of parsley for 3 minutes and dip in cold water quickly. Prepare the vegetables and chop them into small cubes. Add 1 pound of potatoes and celery extra fine. Mix all of the vegetables together thoroughly and season to taste. Pack in glass jars or tin cans. Put in 1/2 inch of water. Sterilize in special glass jars. (Cap and tin cans). Process 90 minutes if using a hot-water bath; 60 minutes if using a pressure cooker. 5-pound steam-pressure outfit; 45 minutes if using a pressure-cooker outfit.

Life of a Gas Well.

The drilling of wells is only one of the big items of expense of a gas company. H. C. Reeser writes in the National Magazine. The acquisition of land and carrying it over to the well is perhaps the largest item, and one which is not given much consideration by the consumers, who very seldom stop to consider the cost of the gas which obstructs the management has to overcome in order to acquire a good supply of gas each year. In some quarters the life of a gas well is estimated to be forever and that it is not necessary to carry much unoperated territory; but it is far from the truth. The average life of an Ohio gas well is four or five years and six months, which has been proved by taking the records of almost 2,000 wells and ascertaining how many have been abandoned. Some wells are only last a year; others 11 or 12 years; but the average of the entire number is as noted above.

Mothers in India.

Even in India, where the rate of literacy among women is but 1 per cent, the woman movement is being felt. In India, which is peculiar in all things, has its own way of responding to the new and restless impulses, declares the London Times. There is no tumult or violent action, but a quiet influence even in works. The immense majority of Indian women are totally uneducated, and it is not in their nature to consider the possibility of general interest. Yet as education makes its way into the lives of Indian girls there springs up at once a desire to understand the cause and well-being of the rights of women. Though the burdens of custom and tradition lie more heavily on Indian women than on any other class of beings, individualism among the students are slowly rising to the feet and looking around on an undisciplined country.—Woman's Journal.

Wool Hats Will Be High.

There are indications that the "wool hat" may become an article of luxury. The cause and well-being of the rights of women. Though the burdens of custom and tradition lie more heavily on Indian women than on any other class of beings, individualism among the students are slowly rising to the feet and looking around on an undisciplined country.—Woman's Journal.

NOTES OF THE GARDEN

Parasols for winter use should be dried and stored before the ground freezes. In 1914 the value of the output of 124 fertilizer plants in the United States was \$168,388,403. Out to try for winter use and tie it in small bunches. Hang it in airy, shaded place.
