Co-operation

Stirring was the address at the Chamber of Commerce, last Tuesday evening. Co-operation is a word with which to conjure. The speaker gave some thrilling instances of practical co-operation.

Hearing an address and putting the address into practice is something like faith and works—they should go together. A hearer and not a doer "is like a man beholding his natural face in a glass; for he beholdeth himself and goeth his way, and straightway forgetteth what manner of man he was."

To get permanent results one must co-operate along every worthwhile line. The writer has noticed carefully, that there are folks who co-operate when it is to the good of their own interest, their own business or their own church. But when it is to the good of the other fellow's interest, they fail to co-operate. They have alibis for not co-operating, "too numerous to mention." According to Wm. Reed's New International Dictionary, Co-operation means, "Concurrent effort or labor; the association of a number of persons for their common benefit."

The meeting was one of the best ever held by this organization, with about 44 present. Rev. J. J. Tisdal of Mansfield was the principal speaker of the evening and he delivered a strong address.

A dinner was served at 6:30 by the ladies of the Lutheran church.

HARD RIDING BUCK JONES

IN FINE FILM
 Buck Jones, hard-riding Fox Films star, will be seen at the Castamba Shelby, on Saturday in "Whispering Sage," a tense drama of the Southwest in which the popular Western ace is seen at his best in some hair-raising situations.

The action centers about the love and homestead of Mercedes, a charming daughter of a Basque patriarch, who is threatened by a band of desperadoes headed by Hugh Acklin, an unscrupulous rancher with a hand of thugs under his control.

Buck, bent upon avenging the death of his brother, who has been shot under strange circumstances, rides into the Basque country, wholly in ignorance of the critical situation.

When the father of Mercedes is assassinated, Acklin figures it will be comparatively easy to switch the blame to Buck.

Pictorially, the release is one of the most beautiful offerings the Western star has offered in recent months.

Natalie Joyce, a little southern beauty has the leading feminine role.

"DESERTS TOLL" POSSESSES

NOVEL WESTERN ANGLES

No style of motion picture entertainment has yet met with the tremendous popularity ever accorded the western feature. The public seemingly never tires of this form of entertainment, and happy, indeed, is the producer who hits upon some thing new and novel in a western story and presentation.

"The Desert's Toll," a Metro-Goldwyn-Mayer production starring Francis McDonald, which will be the feature attraction at the Castamba Theatre, Friday, is without doubt, something new in western production.

Francis McDonald is starred in this great drama of the West, with Kathleen Key as the fair lady. Tom Santschi registers as the villainous corner of the triangle.

STEBEN CLUB HAS DONE MUCH SINCE ORGANIZATION IN 1921

The following interesting report from the records of the secretary of the Steuben Lend-A-Hand club, which has become widely known for its good works, shows what the club has done since its organization in "lending a hand." The club was the idea of Mrs. Weltha McNamara, who organized it and who has served as president since its organization. The following is the report:

"This little country 'Lend-A-Hand' club of the village of Steuben, Greenfield township, Huron county, Ohio, was organized with 8 members, October 21, 1921. We now have a membership of over 50, with an average attendance of 30.

This report is made to give an idea of what a country club may do and does accomplish. Our meetings are every two weeks. During the summer months of July and August we have "vacation." We have wonderful "potluck" dinners and pay 5c per member. We have a flower fund wherein we may contribute as little as to as many as one chooses. The fund provides flowers for the sick, while flowers for funerals are taken out of the regular treasury.

Here are a few of the things which we have accomplished, taken from the secretary's minutes at random. Aside from our regular club work, we took care of a young lady one year who was dying with consumption. We provided her with bed feedings, night clothes, outer wrappings, split cup medicine, paying for fresh milk every day, etc., and continued until she died.

We have made as many as 20 comforts every year, some of them for members, some sold out right for \$5 each, and others given to needy people. We have sent many plants and impregnable flowers to the sick; and this past year have sent eighty sprays and wreaths to funerals.

We made dresses, outfitting flannel night dresses and have given comforters to the sick. We have a home of their teacher, Mrs. Houchen in Boughtonville, Saturday night. Mrs. H. is a splendid leader and manager. The young people told the writer that their gathering was 100%. They promised their teacher they would be in the class Sunday morning. 17 were present.

The W. F. M. S. will celebrate its 40th anniversary next Sunday evening, May 1st, in a Thank Offering Service. A splendid musical and literary will be given. Rev. Dr. G. R. Remets of Shiloh, a former popular pastor will deliver the address. We trust it will be illustrated. He has the Best on the market.

Rev. P. D. Slevic and wife of Oklawaha are taking a vacation among his former parishioners on the North Fairfield circuit.

forts to family burned out, the club donating material and members who were mothers, donating clothes for the children of the afflicted family.

We made aprons for a club member, tied comforts for members time after time, made curtains for another, made 16 towels for another, made shirts for an orphan boy, shirts, pillow cases, aprons and nightgowns for children's home in Norwalk, our county seat. The home 'urnishes' the material, the club did the work and also donated 2 comforts.

We sent showers of cards to sick members at different times. Donation of towels, bedding, pillow cases, 2 comforts and dishes to another family burned out. We also gave \$10 to sick man and \$5 to a crippled boy. Comforts, canned fruit and Jellies were sent to another family burned out recently.

We are now making children's clothes for a family in the township, and also for a member whose mother for sick. Joined with a Farm Women's club to provide window shades for our centralized school, 10 shades, 55 inches wide at \$2 per shade, each club to pay half.

We made and embroidered aprons and huckabees, sets for Xmas bazaars for the Florence Crittenden Home at Cleveland, Ohio. Sent one-half bushel basket of fruit to 3 poor families, made wardrobes for dolls, (60 garments), for Opportunity school at Norwalk. Sent box of outfitting flannel made up in diapers to the sick babies in hospital at Porto Rico.

Besides our 5c dues, we occasionally sell a comfort, also sell sandwiches, pie, doughnuts and coffee at an occasional fair sale and all this helps us to "carry on."

This is an important meeting and several matters of local interest will be up for action. Let us not think it is always necessary to have an out of town speaker as a drawing card for attendance at our sessions.

DERELICT---

Anyone Can Be Sorry

Derelicts on the sea of finance have only themselves to blame. 'Tis human to have an alibi—and blame conditions over which we think we have no control. But in the last analysis, this is not true. Every man in his heart knows we speak the truth.

The first rule of thrift is to keep the outgo always within the limitsof income. Failure to do this results in shipwreck. The best anchor in time of storm is money—and money to fulfill its full purpose should be busy at all times. Your modern bank makes this possible—paying interest on savings and dividends on good and sound investments.

The firm, family or man who comes safely thru all storms is the one which has learned this lesson well and regulates its affairs accordingly.

Our Weekly Sermonette

(By Dr. G. R. Mente)

Blessed are the Pure in Heart
Have you ever in your quiet meditations come to the conclusion that the Bible is brim full of rich suggestions, calculated to lead the studious mind round to the thus far unexplained truth? At the same time it is not less marvelous how bare or barren the richest portions of the word of God, when an impure heart comes face to face with the great riches of the words of life. Truth is of no value unless it is extended into our every day life, in the sight of God and before our fellow man. My text therefore, means but very little, if studied in its condensed form, but the moment you picture to yourself a being, cross, ugly tempered, selfish, intemperate, greedy, the heart full of unholiness, passions, and pride, you realize the hidden meaning of the text. Should you follow such a one through the days journey, from the greetings of the early morning, through the selfish performance of the daily task, to the unholily evening, will you agree with me that unloveliness will emanate from that unlovely life. Ask such a one how much enjoyment he gets out of this beautiful world, how much he learns from the writings of noble men and women, what perception he has of the charms and beauties of nature, and you will soon discover that he is blind and deaf to all having an uplifting tendency. Why? Because the heart is impure, full of the unrepented and unforgiven venom of sin. There are people of this stamp even in the so-called Christian church, but the shadows resting upon the impure heart will prevent the entering into the real spirit of worship, prayers will be meaningless, songs will have lost their sweetness, in fact his whole vision of spiritual things will be blurred.

NEW HAVEN SCHOOL NEWS

Juniors Entertain High School
The last class party of the year was given to the school by the Juniors, Friday evening at the Portable. Because of the weather, the party could not be given at Recio grove. Another social evening was spent together playing games, and eating what the Juniors fed us. The feed was sandwiches, nabiscoes, cocoa and candy. Three cheers to the Juniors for the good time.

A week ago Tuesday our boys went to North Fairfield and licked them on their own ground in a 3-1 victory. The New Haven nine took home the bacon and we believe they will a few more times. Several star plays and hits were made by the N. H. boys. Next Friday they play Greenwich at New Haven.

With three more weeks of school and the spring fever our work is becoming crowded. But the end of a successful year is drawing to a close.

Other members on the program were: Piano Duet—Margaret Swartz, Dorothy Dick; Reading—Harold Parr; Violin Duet—Jeanette Pirettons, and Miriam Huddleston; Rev. Moore spoke in a very interesting way of the three important words God, I, They, and of how properly to pronounce them.

The school display showing the work of the pupils this year received favorable comment from those present. Be sure to see the "EARLY BIRD," a comedy in three acts, presented by members of the Senior Class, this Friday evening, April 29th. Tickets can be secured from any member of the class. The Get-To-gether club entertained members of the school orchestra at a banquet held in the Domestic Science Room last Friday noon. Members of the orchestra, Mr. Rosenberry and Mr. Ford appreciate very much the kindly interest taken by the Get-To-gether members. At their meeting they decided to give fifteen dollars towards a fund to keep orchestra rehearsal practice during the summer. The school music department has made rapid progress during the year and if it would be possible to keep our orchestra in practice during the summer still more progress could be made in another year. It will take fifty dollars to keep these rehearsals going during the summer and any help received from any organization or individuals would be appreciated. Suggester grants would be gladly received.

The local high baseball team has two games scheduled this week, one with Adario at Adario Wednesday and Plymouth here Friday.

Eight grade pupils from all the schools in Bloominggrove and Cass eight grade examination at the school building Monday. All pupils were required to take English, History, Arithmetic and Geography.

Words Cannot Describe Mississippi Flood Disaster

Fentons Writing Another Letter Telling of Many Difficulties Encountered.

The disastrous floods and storms throughout the Mississippi Valley, causing such great loss of life and property were so vividly described by Mrs. Fern Penton in her letter last week, which we were permitted to publish, that our readers will be glad to know that they finally arrived at

their destination in safety. Through the courtesy of Miss May Lerch, the following letter is published giving details of their trip: On Choctaw Limited (Rock Is.) 11:00 p.m., 4-18, Monday. Were to leave Little Rock at 6:30 p.m. Left exactly at 9:00 p.m. presume it will be 3:30 a.m. when we reach Wister, Okla. Hope we catch Fricos there for Rogers' arrival at 8:00 a.m. Doesn't seem as if I could stand many more hours of this suspense about safety from being drown-

ed. We are just crawling along. Water over track in many places. Women frightened.

Chas. is fast asleep on a pillow against window. Clear conscience! But, not I! I am as wide awake as an owl.

3:00 a.m. 4:15 Still on "Choctaw" and four hours late. In a bad storm between 1:00 to 3:00 a.m.

7 minutes to 4:00 a.m. and about 15 minutes ride from Wister.

Then take Fricos R. R. to Rogers. Don't know when.

Finally got to Wister about 5:00 a.m. Tuesday. Had a water spout here Sunday night, and 15 feet water. Soda fountains, grocery supplies, etc. floating. Waters down, now. But streets are canyons. No trains can get in from south; so, nowelling when we leave for Rogers. Awful looking place here. Traveled blocks from depot to get around to this Hotel. Going to bed at 5:30, to sleep off this jag. No sleep since 5:30 Monday morning.

10:30 a.m. Tuesday 1917. 4 hours solid sleep. Now, I've had a cold sponge from an old cracked pitcher and bowl, after sleeping in a very ordinary (but clean) bed. But, feel wonderfully refreshed.

Operator rooms and boards here, and they will get us up in time, if they can get a train down here from Rogers way to send us back on a 2 hour ride, ordinarily. If no trains today, of course will be "marooned" here!

Our second floor hotel room still has water on floor. In places, from water spout deluge Sunday evening. Cap't get into but this one hotel.

11:30 a.m. Chas. has just been to see operator. No chance out of here (except by air-plane (and no airplane) until this afternoon at best. May get one between 4:00 and 5:00 p.m. May not. One man said he went into the depot Sunday evening during beginning of storm; in there only long enough to walk to another exit, and plunged in water to his knees. Merchants are nearly ruined. Soda fountains, counters, etc., loosened in flood (water spout) and moved up and down store. Stacks of goods are a sight. Track of R. R.'s coming in from south (to take us north to Rogers) all washed away.

Bye! Going to eat at noon—our first real meal since 2:00 p.m., yesterday. Will write when we get to Ro-

ers. 4:19-27. Tuesday 1:15 p.m. Ate dinner with Chas and a bunch of rough looking road workers, numberling 50.

Tackiest old meal I ever tried to eat. Knives and forks weren't even clean, coffee like lye, no butter; fat pork, beans, and "sich." Have gotten word from train dispatches that they expect to get train to back down here from Rogers this p.m., to take Pentons and 4 or 5 more out of this awful place at 4:43. Such awful looking streets, and worse looking people. They stare at me as if I were a 3 legged calf! Every store in town is wrecked and full of mud. Can't telegraph. Can't get to P. O. for deep mud and water; they aren't doing any business.

One man sent a letter to his wife, Monday, morning by an outgoing conductor that was to mail it at a mailable point. Got a note back by another conductor this a.m., that he had lost the letter in flood waters. So—poor wife!

Men here say they wouldn't have come over road we did Monday evening for anything. It was terribly scary. One man even got hysterical.

When we were having bad storm between 1:00 and 2:00 this a.m. on "Choctaw" Limited, a town by name of Arthur in Texas is thought to have been totally destroyed by a cyclone.

The depot here is partly undermined by Sunday night's water spout and had our baggage been here that night we would have lost everything.

Sun is shining out, hot. Clear skies at noon. If we get on way to Rogers at 4:43 p.m., should be there about 8:00 to night. Dispatcher says we can get there if we can get a train out, but I don't imagine it's any boulevard! Will mail this at Rogers on arrival.

Chas. will return for car in June or July then should be motorable to Rogers.

3:45 p.m., Tues. 4:19. On our private train waiting for 4:43 p.m. start. May have to "change" at Ft. Smith. If it's a "change of environment" I need, I'm surely getting it! Our "private train" consists of one engine, a tender, one coach for mail, baggage, express, etc., and this day coach. Very exclusive! Both so tired we can hardly sit up. Hot and clear. Frogs yell'n' their heads off near track. Banks not doing business. Couldn't cash money (travelling cheques) but in one place—money all spread out, yet, to dry.

6:30 p.m. 4:19. Just came 42 miles—through more flood waters and a crazy tunnel. Have to stay here, Ft. Smith, Ark., till tomorrow noon. Then on to Rogers at 12:30, I believe. Going to find rooms and eat new and get a night's rest. Will mail this soon. Be-

lieve we are out of danger, truly, now 80 miles to Rogers from here.

Love—heaps FENTONS. A card was received upon arrival at Rogers stating the Pentons had reached their final destination in safety. Found all nature in full bloom. But the heavy freeze had killed the fruit and berry crops.

Overdoing?

Hurry, Worry and Overwork Bring Heavy Strain.

MODERN life through a heavy burden on our bodily machinery. The eliminative organs, especially the kidneys, are apt to become sluggish. Retention of excess uric acid and other poisonous waste often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning perfectly is often shown by burning or scanty passage of secretions. More and more people are learning to assist their kidneys by the occasional use of Doan's Pills—a stimulant diuretic. Ask your neighbor!

County Auditor Arthur S. "Listing of property has been exceedingly slow during the past two weeks and unless there is a big rush this week hundreds of citizens including automobile owners, will be deprived of the \$100 exemption," the auditor asserted. He also mentioned the law which allows 50 per cent to be added for those who failed to file before May 1.

P.T.A. Meeting

The April meeting of the Parent-Teachers' Association was held at Hamilton Hall on Thursday evening, April 21, with a goodly number in attendance.

The Plymouth Troop of Girl Scouts composed of twenty-nine members, under Mrs. E. M. Sells, Captain, gave a demonstration of their activities. The formation and Scout Laws were given also a Hiking Song and several Scout Songs. Mrs. Sells' talk on Girl Scouting was certainly appreciated as most people know 'so little about this organization. She said it started in England and in the United States it first made its appearance in Savannah, Georgia, March 1912. It spread very rapidly. Its headquarters was first at Washington, D. C. but now is in New York City. A girl may become a Scout at 10 years of age.

She explained the Tenderfoot Test which we all have heard spoken of repeatedly. She invited the public to their regular meeting.

Miss Sears the nurse was present and awarded ninety-six pupils of Plymouth School. There was 40% of eligibles and higher than any other school in Richland county.

Miss Sears told the requirements of a Blue Ribboner and complimented Plymouth on her success.

Mrs. Sam Bachrach, chairman of the committee to decide on a plan to celebrate the victory of the Hiroo County side in the recent contest announced a Community Picnic about the middle of May, the place to be decided later. The report was accepted. The Treasurer's Report for the year was given and showed a balance on hand of \$346.94.

Mr. Stacy Brown gave rules governing the Tennis Court. Mr. Derr, chairman of the nominating committee, reporting the following nominations for the coming year: President—Rev. A. M. Himes. Secretary—Stella Nye. Treasurer—Grace Trimmer. As there were no other nominations,

"No, mandolins. Sweet peas don't last long enough." "But why 'mandolins, they're not lasting either?" "Huh, come around next winter and enjoy these with us."

It's just like we told a lady the other day, the reason we are so enthusiastic about the Tappan Gap Range is because the owners keep telling us how much they appreciate their ranges.

The Difference
Most men do not wake up to find themselves famous, then wake up.

Next week is National Tappan Gap Range Week. The Greatest Gap Range opportunity of the year. Prices are reduced during this period of this sale only.

After the business session, the Rosenberg family Orchestra entertained very delightfully. They were encored repeatedly and responded cheerfully. The youngest member of the family, seven years old in April, was a wonder on his trap drum. His playing was enjoyed by all but especially the little folks in attendance.

P. T. A. Alumni

Have the local members of the Alumni, who received the cards from the April Work Committee of the P. T. A., put them away so carefully that they have been forgotten? It is not too late yet to help your bit.

Responses have come from members in all parts of the country—from Alabama, Florida, Massachusetts, New York, Indiana, Illinois, California, and other sections of Ohio. Some from as far back as the class of 1878. Many have written notes inquiring about old friends, and telling of the pleasant memories they still cherish of old P. T. A.
