

Paragraphs

D. W. Ellis says if the cold weather keeps up that most people will have a supply of coal on hand for next winter.

Well, all we know this week is what "Doc" Heller shouts around the square. This Messenger of Express tells of Plymouth's new institution—a real academy for riding.

The rules and regulations governing the riding academy are very strict. The horses have to be curried and groomed, glass eyes polished and stiff joints rubbed each morning by 6 a. m.

Walter Cook was in Monday and forced by the continued cold spell to spend it for a couple of lumps of coal to pull us through the winter.

Business in Plymouth over the past weekend can be termed as "rotten."

Did you ever stop to think that The Advertiser is the only newspaper in this whole wide world that gives a darn about Plymouth and vicinity?

New speed limit signs have been erected on all streets leading into the square. It's a wise motorist who abides by the 15-mile limit.

Carl Carnahan stopped in the other day and wanted a little information, which we were unable to furnish. However, we referred him to F. P. Downd. Carl wanted to know that if the ham hangs out in the smoke house, where does the real loaf?

E. H. Ervin spent all day Monday hauling wheat to the Plymouth Elevator. This speaks well for the farmer or that knows how to farm.

J. E. Nimmons says that the public is getting used to the bank being closed on Thursday afternoon. Looking at figures six days a week, Saturday nights makes one entitled to a half day rest.

What in the world are we coming too? It is said that the Junior-Senior banquet of a nearby high school will cost over TWO HUNDRED DOLLARS. We're not saying anything against high education, but we're thinking an awful lot the way some of our schools are conducted.

Former Shiloh Man Meets Tragic Death

SHILOH—Word was received here that Herbert Shaw while operating a corn borer pulverizer near Lodi, Friday, was drawn into the machine and killed. Mr. Shaw was well known in Shiloh being a young married man about twenty-five years of age and the only child of his mother and Mrs. T. W. Shaw. Supt. Shaw was a former superintendent of our school, and has the sympathy of many friends here.

A. C. & Y. Opens Huge Tract to Home Builders

Development Program Sees New Industries for Akron With Millions in Investment

In a recent edition of The Times-Press of Akron much prominence was given the development of the A. C. & Y. tract which plans to release 1000 acres of land suitable for factory and home sites. The following is the story in full: "Nearly 1000 acres of land, up the valley of the Little Cuyahoga River from East Akron toward Mogadore, the property of the Akron, Canton & Youngstown Railroad, Wednesday was thrown open to prospective buyers.

"The land is a continuation of the A. C. & Y. industrial area, and provides home and factory sites for the largest industrial development in the history of Akron.

"The tract extends from the A. C. & Y. track in East Akron thru a territory where, due to proximity to light and power lines, water and fuel, wide industrial development is easy.

"A. C. & Y. Railroad and its subsidiary, A. C. & Y. Terminal Properties Co., are to conduct an informational sales campaign to industries for which an Akron location is a good strategy, Stewart indicated.

"Our sales program, we believe, will lead many new industries to the city," he said.

"Our aim is primarily to increase the number of factories of the Akron district, thereby increasing payrolls, and incidentally, our own business."

"The property, extending from the heart of East Akron's business district, includes much property acquired years ago at what were, even then, advantageous prices.

"Acting on the theory that 'he who serves best profits most,' the company intends to release this property to new industry, primarily. We believe that their location here will lead to the construction of many new homes, and for this reason, ample space for residences has been provided in the area."

"Stewart's ambition is to create a new and modern industrial center up the valley.

"Akron, he declared, is today more strategically set for wide industrial development than most American cities.

"In announcing that the new section will be opened up, Stewart Wednesday asked co-operation of the Chamber of Commerce and all other civic agencies in an effort to bring new industries to the city.

"The sales and development program will be in charge of Chalmers L. James and associates, with offices in the A. C. & Y. Building, Exchange street, near Main."

DO YOU KNOW—

That in the Spring of 1919 amidst complete devastation, the poppies bloomed in abundance on the battlefields of France where so many of our men had fallen in battle, and because of this the poppy has become the Memorial Flower of the American Legion and the American Legion Auxiliary.

It is because of this close association with the supreme sacrifice made by the men who fell in France, that the poppy has become the memorial flower of the Legion of Honor, and is annually by these organizations to raise money to aid those for whom the war is not yet over.

The local post of the American Legion will sell poppies again this year on Friday, May 20, at 10 o'clock. The poppies will be sold on has not been determined. However, watch for them and buy them!

Something New

Avoid all divorce suits by coming to see a play entitled "Go Slow Henry," at the Eighth grade of Plymouth school. It is given on May 19, 1927, at 8:00 p. m. Be careful of that roughneck Grubb and Murphy, the cop. You better bring some padding along to use on those holy terror Dolly and Bobby.

Dr. E. Motley was a business visitor in Shelby Tuesday.

ALUMNI BANQUET FRIDAY NIGHT

The Annual Alumnal Reception and Banquet is going to be a big success according to the plans of the various committees.

The Graduating class of 1927 may be assured that they will have a good time and may feel at home Friday evening in the Chamber of Commerce room.

There will be an interesting program, consisting of music and letters, from old graduates which will be read.

The program will be in charge of Mrs. J. Seville and will be of interest to all.

Harold Maurer is the toastmaster for the occasion.

The dinner will be served by the ladies of the Lutheran church.

Library Now Has a Good Selection

Latest Fictions and Literary Successes Can Now Be Secured by Patrons

We wish to announce a change of hours for the library. Beginning June 1, the library will not be open afternoons but will be open every evening but Saturday and Sunday from 7 to 9. The library will be closed both afternoon and evening on Monday, May 30, but will be open Tuesday, May 31, from 7 to 9.

Just at this time we have on hand an especially good assortment of both fiction and non-fiction. Among our new rental books is Louis Brandeis' latest novel, Early Autumn. This book was awarded the 1926 Pulitzer prize of \$1,000 for being the best novel of the year delineating American life and customs.

For a limited time we have "The Man Nobody Knows," and "The Book Nobody Knows," both by Bruce Barton. If you wish to read them do it soon for they must be returned to Mansfield shortly.

Remember the change of hours which becomes effective on June 1.

Dr. Alton Delivers Address at N-H Commencement

Rev. Alton of the Methodist church of Newark, gave a talk to the New Haven Seniors which was filled with advice and healing. The church was filled for the baccalaureate sermon Sunday evening, May 15 at the M. E. church of New Haven. Rev. Gibson of Plymouth gave the invocation.

Rev. Alton's speech was an appeal for learning and thinking and the acceptance of the Bible as your guide in religious thinking and in life. He stressed the importance of a good library containing the right books, and the reading of these as a great aim in life. His warning and advice to the seniors was a good send-off on their road through life and will not be forgotten for some time to come.

The last week of school has brought sorrow and happiness. With it has come examinations which will end the year for all. The year will be closed by giving a picnic Friday. In the afternoon a baseball game will be played with Plymouth by the boys.

Thursday evening will be the Senior commencement. The speaker is Dr. Graham of Oberlin, O., or the Oberlin Theological school.

The eight-grade commencement will be at the M. E. church also. The speaker will be Dr. Monte of Shiloh. The date is Friday evening, May 20, at 8:15.

We know that Kevator will give you years of care-free refrigeration because it has given it to others since 1914.

Impressive Service at Mt. Hope

Lutheran Church at Shiloh Scene of Beautiful Program Sunday

SHILOH—Mt. Hope Church school was well attended Sunday morning at which time a few special numbers were appreciated. It being "thread" Sunday, a special contribution was substituted instead of the regular gifts of thread.

This was explained by a short dialogue given by three girls, Nellie Patterson, Jane Bushey and Margaret Swartz. The violin and piano duet by Miss Floy Rose and Lloyd Kader was a spiritual message which must have reached the heart of every one present, judging from the tensed silence of the audience which followed the rendition. But Mr. Kader is artistically gifted was demonstrated in real Kreislerian style, by a message that few violinists realize. Mrs. Rose supported the artist at the piano with her usual artistic sympathy and fine sense of accompaniment cooperation.

Another treat was much enjoyed when Miss Martha Hodges of Cleveland accompanied on the piano by her sister, Miss Alice, sang a beautiful solo with sweet expression.

Next Sunday Rev. A. McCord and Miss Margaret Swartz will furnish some of the entertainment.

17 Graduate From High School Here

Red Cross Sends Out Another Call

Word was received from national headquarters at Washington, Saturday morning by the Richland county chapter that due to the increasing seriousness of the Mississippi flood situation more financial help would be necessary from each of the chapters.

The letter which came from Washington to Mrs. Gertrude English, executive secretary of Richland county is stated thus:

In view of the growing seriousness of the Mississippi flood disaster situation and the increasing demands upon our funds, we are compelled to ask all of our chapters to submit as early and as promptly as possible, funds now on hand. It would aid us materially if daily remittances could be made to this office of at least \$100 or multiple amounts until the campaign is finally closed.

With 350,000 refugees being cared for daily and the probable increase of that number within the next few days I am sure you will agree with me that every dollar secured will be needed to take care of these suffering people. Will you therefore arrange to have your treasurer remit as above suggested.

The Peoples National Bank is receiving donations for the food sufferers and every Plymouth resident is urged to give to such a worthy cause.

The Girl Scout rooms are still open to receive clothing and all kinds of wearing apparel.

Remains of Mrs. Hannah Shoup Laid to Rest Here

Mrs. Hannah Bushey Shoup passed away at her home in Shelby early Monday morning at the age of 89 years. Death was due to heart trouble. Mrs. Shoup had been ill for several weeks and was unconscious part of the time previous to her death.

The deceased was the daughter of Mr. and Mrs. Jacob Bushey. She was preceded in death by her husband six years ago, and is survived by two sons and two daughters. She was a member of the Lutheran church and a resident of this community for many years. Funeral services were conducted at the home Wednesday afternoon by Rev. D. Bruce Young. Interment was made in Greenwald cemetery here.

PLANS BEING MADE FOR MEMORIAL DAY

Memorial Day services this year will again be sponsored by the American Legion.

Altho the Legion is unorganized plans are being formulated to make these services the best ever held in town.

Honoring our fallen heroes, their heroic deeds and sacrifices we come to the Legion hall this time of the year that their memories might again be refreshed in our minds and our respect paid them.

Sunday, May 29, the Memorial services will be held at the Methodist church with Rev. Himes delivering the sermon.

All ex-service men are requested to meet at the Legion hall promptly at 9 a. m. and will march in a body to the church.

On Monday, plans are being made for the services at the cemetery. A cordial invitation is extended the school children of this time of the year, the girl scouts and ex-service men to join in the parade. All are requested to meet at the school at 9 a. m. along the line of march. Rev. Monte, talented Shiloh speaker, has been secured to give the address at the cemetery.

Adjutant G. W. Pickens, assisted by Messrs. George Herhsier and Ned Earnest, are endeavoring to secure a band and complete other details.

RABID DOG ATTACKS FIVE COWS MONDAY

A rabid dog attacked the cattle on the Altan Snyder farm Monday morning, biting five of the cows. The dog was hit and finally killed by Dr. W. H. Babcock who shot the head of the animal to Columbus for examination, the result of which proved that the dog was infected with rabies.

Treatment is being given the cows but it is said that a cow seldom recovers from the attack of a mad dog. The canine was a large yellow collie without name or license plate. It probably was the same dog that attacked and killed over a dozen head of sheep in the vicinity of Delphi recently.

Activities of School Year Come to a Close; Fine Address by Dean Baldp.

Seventeen boys and girls who have been blaring the trail to higher education came to their first stop Wednesday night when the annual commencement exercises of the Plymouth High school were held, at which time the presentation of diplomas was made.

A very appropriate program made this event a most impressive one, and in spite of inclement weather the attendance was good.

Dean E. W. Baldp of Chicago gave the commencement address at the Lutheran church, using "Values" as his topic. Mr. Baldp made a forceful and interesting speech and one that will no doubt bear fruit in the lives of the graduates.

B. & O. Makes New Schedule

Quite a change in the Baltimore and Ohio schedule has been made and all passenger trains will begin operating on the new time table, effective Sunday, May 22. The new schedule will give Plymouth an earlier mail from the south and east, which will be pleasing to the public.

Northbound Trains Number 741 will arrive at 8:20 a. m. Sunday only.

Southbound Trains No. 42 will arrive 6:25 p. m. daily. No. 48 will arrive at 7:44 p. m. Sunday only.

SPECIAL MEETING OF E. E. S. CLASS WELL ATTENDED

The special meeting of the E. E. S. class held May 16 in the church parlors was well attended and all enjoyed the beautiful supper. A short program was rendered and matters of important interest to all were taken up and voted on hereafter. It will be a mixed class and pot luck dinners will be served four times a year, to which husbands and families are invited. About 50 participated in this meeting.

Prominent Farmer Dies

O. P. Wolford of the Shenandoah county, died on the evening of May 16, 1927, at the age of 76. He was buried today. The funeral services will be in the Shenandoah church at 2:30 p. m.

Mr. Wolford was one of the very old citizens of Richland county, as he came to Mansfield where there were three brick buildings on a farm, and before the first railroad reached further west than Wooster.

He was born in Franklin county, Penn., July 1, 1851. At the age of 6 years his parents removed to Wyandott county, Ohio, where they remained three years. Then they moved back to Pennsylvania and remained one year after which they moved to Mansfield and have resided in Richland county ever since.

He was married July 24, 1873, to Emma Wolf. They were born two children, Alvin L. Wolford and Charles R. Wolford.

Mr. O. F. Wolford in his younger days was a carpenter as well as a carriage and wagon maker, but after his marriage he set up on a farm, north of Shenandoah in this county and has resided there since.

He was a member of the Christian church and in his younger days was very active in the political life of the country.

He was a man of great human interest and made many friends. The close relatives that survive are his wife, his two sons, Alvin and Charles, two grand sons, Vernon, Raymond, Roland and William. Without an immediate great grand son; one sister, Mrs. William Kochenderfer of Adario and two brothers, William Wolford of Shelby and Dr. C. T. Wolford of Grand Rapids, Michigan.

Mrs. Wolford has had one and one half month of being 84 years old.

SHILOH SENIORS ISSUE SPECIAL SCHOOL NUMBER

The final issue of “The Teller,” Shiloh's high school paper, was issued this week in a booklet form of 22 pages, making a fine showing for the school and the staff responsible for its publication. The booklet contains pictures of the Board of Education, the faculty, the graduating classes and various group photographs, as well as sketches of the past school year. The publication was in charge of the seniors.

Liberal advertising space was taken by merchants of Shiloh, Plymouth and Shelby, and the book as a whole, makes a splendid showing for the community.

The Shiloh school, under supervision of H. L. Ford as superintendent, has made rapid progress towards higher education and the community feels grateful for his efforts in pushing Shiloh to the front, and they are co-operating in every way possible. The Board at a recent meeting recalled Mr. Ford as the school head for the coming term.

The Whistle

Have you ever stopped to think
What the whistle means to you?
In the morning when you hear it,
Or in evening when you're through?

Have you ever stopped to think
That the noise was not all,
But of the vexing problem,
To keep up the whistle call.

A town without a factory,
Allow me to this decide,
Is only a quiet place,
Where retired folks reside.

The factory brings dollars,
From business everywhere,
As we do gladly help,
A portion of it to share.

We love to hear the whistle,
And see the wheels go around,
It affords us more pleasure,
Than anything we ever found.

It means our bread and butter,
And the necessities of life,
A home for all to live in,
Our children and our wife.

That blessed little envelope,
Which contains our pay,
Supplies our daily needs,
And keeps the wolf away.

Now reader take fresh courage,
When you do work, do your best,
The firm will appreciate this,
And they will do the rest.

If you are looking for a job,
Where all to you is ease,
You better keep on going,
This firm it sure will please.

WHAT CHILDREN SHOULD KNOW EYE SHADES

Grandfather used to sit with his paper beside the glowing lamp and when he began to feel sleepy the paper over his head and went to sleep. Ask dad, he knows.

The new way of hanging electric lights and gas lights above the heads of people prevents the rays of light from hitting the eyes abruptly. That is one reason why sleepy parents do not use newspapers as eye shades any longer.

Printers and bookkeepers have long used green eye shades. Within the last year of two boys and young men have used this same type of shades, both as a fad and as a substitute for a cap or hat.

Recent figures show that 7,600,000 eye shades were produced last year, and it is interesting to know that they were chemical product with cotton as a basis of the proxylon plastic. This same class of chemical treatment of cotton is seen in nearly everything about you. It is used in automobile curtains, automobile windshields, and it is even the decorative piece on musical instruments that appears in the big brass bands, or orchestras de luxe.

Tirestone Dealers

Have Purchased 100% More GUM-DIPPED TIRES

[This Year Compared With Same Period Last Year]

THE demand for car owners for Gum-Dipped Tires has given Firestone Dealers a large increase in volume enabling them to sell these tires to you at the lowest prices in history.

On the cars of motorists everywhere, these wonderful tires are delivering unheard-of long mileage with greater safety and comfort.

The Firestone Balloon Tread, scientifically designed three years ago, and unchanged today, follows the contour of the tire carcass with no excess rubber at the edges to cause “shoulder breaks”. Narrow rider strips permit the tread to yield to depressions and cling to the road, preventing skidding. This tough, pliable tread has the wear-resisting qualities for thousands of extra miles.

Such a tread must be placed on a carcass with the qualifications to withstand the terrific flexing that this design permits. The Firestone carcass is made of cords dipped in a rubber solution which not only saturates and insulates every fiber of every cord, but unites sidewalls with carcass, avoiding separation under the extreme flexing.

Many Firestone Dealers are prepared to offer you a liberal allowance for your old tires, on a new set of Gum-Dipped Tires to start the motoring season.

To meet a demand for a low price tire and tube, Firestone designed and manufactured, for Firestone Dealers only, Oldfield Tires and Tubes, which carry the Standard Manufacturers' Guarantee.

BLUE HOLE HOLDS PLACE OF SCENIC BEAUTY IN OHIO

The Blue Hole at Castalia has long held a place among the points of scenic interest in Ohio. It is well worthy of being named after the Green fountain on Mt. Parnassus, sacred to Apollo and the Muses. It is Ohio's largest and finest spring. Our admiration of it, however, should not render us wholly oblivious to the other outbursts of subterranean streams in our vicinity, any one of which, were it not so overshadowed by the Castalia spring, would be a wonder. The main rival, of course, is that at Green Spring, but in this article we mean to confine ourselves more particularly to the area northwest from Bellevue.

The group known as the Rockwell Springs, lying on the eastern boundary of Townsend township, Sandusky county, have an attraction all their own. One and one-half miles northwest of the centralized school at Whitmore is a pond about two acres

It was a case of rebuilding the system from the ground up and such a process can not be completed overnight. It requires time, care and forethought.

About a month before school began Mr. F. H. Berry was hired as superintendent. He began at once to help the Board fill the vacant ranks with teachers. He knew well that he was following that he was filling the place of a man who was extraordinarily successful and dared not hope to build a system in one year to equal the preceding system which had required four years in the building.

One of the first official acts of Mr. Berry after he had been hired was in the capacity of advisor. The Board had been planning to purchase, erect, heat and furnish a new portable building to accommodate the crowd in the seventh and eighth grades. This was to cost about \$2400.00. There were sixty-five enrolled for those grades and the seating capacity was forty. Mr. Berry produced a plan which was designed to furnish seating capacity for sixty-six students. The Board adopted the plan and saved the \$2400. for they were contemplating a new school building project.

On Friday, September third, before school began, a teachers' meeting was held at the school building. All teachers were present but one, who had not yet signed a contract. The high school curriculum and schedule had been prepared and was presented to the teachers of the high school. The grade teachers arranged their schedules also. On Monday morning all classes met according to schedule but with shortened periods. Books were distributed and lessons were assigned. Students were then dismissed for the day. However, one teacher who had attended the teachers' meeting failed to appear Monday. Later, her resignation was received. On Tuesday school was in full swing. Two teachers had forsaken the faculty at the last minute, but substitutions were made and school continued.

The aim of the school, Social Efficiency, was adopted and every teacher was urged to stress in every way possible the moral, mental and physical development of pupils, which if continued, will result in social efficiency.

Librarians were appointed. It was found necessary to reorganize and rearrange the books in the library. Text-books are furnished by the Board of Education for grades one to twelve inclusive. A system was installed for checking on the condition of these texts when lent and when returned.

A course in Bible literature and history was installed for the purpose of arousing interest in Bible heroes and Bible romances. The object is to continue this course so that the young may grow up with some knowledge of its great principles. It is to contribute to the moral development, according to Mr. Berry. This course was not designed to teach the creed of any church. It has not been compulsory. If a parent objected, his child was excused upon presentation of a written signed objection. The course was made possible by the kindness of the pastors of the town, who so graciously consented to furnish teachers and material for the course.

Schedule in all rooms in the school were constructed to provide one hundred minutes a week for physical education. This is according to law.

The response and life of the P. T. A. has been an inspiration to us all. If the P. T. A. continues to rise in its might as it has this year, nothing will be able to stop it; no task will be too difficult to tackle for the good of the youth of the community.

The year's work has been completed by most of us. Others have accomplished little or nothing. The se-

lors have finished. Their work here has been completed and P. H. S. has sent out another talented group to do something worth while in the world.

Mrs. Tillie Golding Given Surprise Party

Other Notes of Interest of Delphi and Vicinity

Mrs. Tillie McBride Golding was given a birthday surprise Sunday by her brother and sisters family's connections amounting or numbering over 40 present at potluck dinner and in social converse. A beautiful wrist-watch was given as an appreciation of their high esteem and good wishes for Mrs. Golding and that she may survive many more birthdays.

VISITING IN OHIO

F. P. Olds, who formerly was connected with the old J. D. Fate company here in capacity as foreman, but who has been making his home in Canada for a number of years, was in Mansfield Tuesday enroute to Lima where he will visit relatives.

Mr. Olds has been located at Nairn, Saskatchewan, Canada, but will probably locate somewhere in the states in the near future. Friends here will be pleased to know that he is still robust and enjoying the best of health. It is hoped that he will visit Plymouth before leaving the state.

Attend District Meeting

Mrs. G. E. Hersher and Mrs. H. I. Jeffrey attended a district meeting of the Ohio Library Association held in Mansfield on May 12. Among the speakers were Mr. Herbert S. Hirschberg, librarian of the Ohio State Library, Mr. Chalmers Hadley, librarian Public Library of Cincinnati and president of Ohio Library Association, and Miss Bertha M. Ruesch of the Mansfield High school faculty.

Alice Willet Class Meets

The Alice Willet Class of the Lutheran Sunday school met for their monthly meeting at the home of their teacher, Mrs. Alice Willet on Sandusky street on Tuesday evening with Mrs. Willet and Mrs. Nimmons as hostesses.

The ladies of the class were the only members present and games and sewing were the diversions of the evening.

Delicious refreshments were served the members at the close of the evening meeting.

The entire class will meet next Tuesday evening, May 24, for their annual evening supper in the Lutheran church annex. All members are urged to be present and enjoy the good time.

IN RETROSPECTION

With the year 1925-26 came the successful climax of several years of hard work on the part of Supt. T. S. Davis. He had worked up a splendid system, built upon a capable group of experienced teachers and industrious students. After years of striving, he gained his end. Backed by the Board of Education and the P. T. A., he succeeded in building the kind of system he had worked for.

A splendid class was graduated in 1926. Late in the summer Mr. Davis and three-fourths of the faculty resigned. The school was left with no high school teachers and but three grade teachers. Mr. Davis had gone and with him the class and faculty, constituents of the systems which it had taken years to perfect.

Three good teachers were left, but there were nine vacancies to be filled.

Friendship Class Enjoys Meeting

Twenty-eight members of the Friendship Class of the M. E. church enjoyed the hospitality of Mrs. E. A. Stotts, Tuesday evening at her home on Sandusky street, assisted by Mrs. J. L. Judson and Mrs. John I. Beaman.

The president, Miss Ruth L'Amour-

eaux presided over the meeting while Mrs. Florence Brokaw took charge of the devotions. A short program consisting of a reading by Miss May Fleming, solo by Miss Ruth L'Amoureux and a contest conducted by Miss Jessie Cole entertained the guests. Miss L'Amoureux was the winner in the contest. Following the business session a social hour was enjoyed and a tempting lunch served by the hostesses.

Convict Trades Gun For Bible

Will Give Talk In M. E. Church May 29

W. H. (Bill) Cook, who for twenty years lived in the underworld of Chicago and New York, was one time the master mind of a gang of gamblers and crooks, who had many clashes with the police of the larger cities of Canada and the United States, but now, following the straight and narrow path, pointing others to Christ, will be here to speak:

Cook was converted May 1914 after noon prayer meeting at the Central Baptist Church in Memphis, Tennessee through the influence of the Pastor, Dr. Ben Cox who met him at the door of the church and spoke to him in such a nice way that he took a liking to this man and followed him inside the church where he surrendered himself to God at the close of that meeting.

A few months later Cook went to France with the Canadian Army where he remained at the front for nearly four years. He was wounded several times and was sent back to Canada a few months before the armistice was signed. Upon his return, he went to his home town to see his relatives whom he had not seen for 13 years. A few days later he was arrested for offences he had committed 19 and 20 years before and was placed in prison.

His Sins Had Found Him Out. He remained in prison for over three years and through a miracle of God he was given his freedom and immediately started going about telling the story of his life and conversion and helping others to follow the right road. The largest churches have been too small to seat the crowds to hear him.

Cook has a thrilling Gospel message which he tells in such a way that he keeps his listeners spellbound, many with tears in their eyes and some have followed him from church to church to hear him again and be helped.

Unlike many, he does not dwell on the darker side of his career in the underworld but proclaims the Mighty Power of God to Save and keep Saved.

His work is endorsed by many courts and federations of churches and many ministerial associations and by over 1000 pastors in whose churches he has spoken.

Cook does not receive a salary for his work and will not accept any collections. He just trusts in the Lord and anyone who wishes to give him something to help him in his work can do so as they pass out of the church. Cook says that the Lord provides and that He has not only provided for him but has made it possible for him to help hundreds of released prisoners in securing for them meals and room and finding them food positions.

Watch for the large outdoor signs in front of the churches announcing his meetings. He is now speaking nearby and will be here on the following date: Methodist Church, Sunday evening, May 29, at 7:30 p.m. Mr. Cook is highly recommended by churches at Willard, Sandusky and elsewhere.

OUTLOOK IS GOOD

In spite of the prophecies of evil, who are always with us in some form, there is no reason, according to the best judgment of those in touch with the business situation of the country, to feel that the balance of the present year will be anything but prosperous, in the country at large.

Easter trade, it is said, was generally good where the weather conditions were at all favorable, the tire manufacturers have had a big year so far and the cotton goods industry is decidedly on the up-grade. In addition, the building records for March show that it was the best March in a long time for construction. It is true that the Mississippi floods have created an adverse situation in certain sections of the country but it is not believed that this will affect the national situation.

One significant statement given out by the National City Bank in its May resume of the business situation is to the effect that "clearly the difficulties from which industry are suffering are to a large extent the result of the intense and destructive competition that prevails within it."

The free traders have for years told us that a protective tariff destroys competition in the home market and promotes monopoly. Evidently this has not been the case with the present tariff law.

From the farming districts there comes of course the complaint, in certain sections of the Middle West, but, according to statistics gathered in Iowa by banking interests, the sale of farm land in that great corn state is on the increase and things are looking up.

Evidently this is no time for busy pessimism so far as the United States is concerned. The principal thing we have to do is to refrain from rocking the boat.

It seems that the Snyder-Gray trial was too strong even for the sob-sisters.

The sum of \$32,000,000 was moved through Fifth Avenue safely the other day by 22 armed guards. But you will notice that they didn't try to take it down Broadway.

Our Weekly Sermonette

(By Dr. G. R. Mente)

LIVING EPISTLES
(2 Cor. 3: 2, 3)

We all know that an epistle refers to a written communication. Thus true Christianity serves as letters to recommend both the true follower of Jesus and the Lord Himself to those who are trying to find the way of life. Our neighbors and friends as well as all who come in touch with us in daily conversation or action, should at once recognize the power of the gospel and the love of God through

us. Many different materials have been employed through the ages to preserve letters or records. All need a certain preparation before fitted for writing material. Our Lord does not find upon earth any one pure and holy by nature, but in the process of regeneration he makes the anxious soul a fit temple for the indwelling of the holy spirit and a messenger or epistle to be read by all men.

John, the divine, tells us of a vast multitude standing around the throne arrayed in garments of pure white, originally they were impure but through the cleansing process by the blood of Jesus, they have become pure and are gathered out from the mire of a corrupted world. They were once in darkness though now they are light bearers of truth. What a wonderful lesson we can receive here if we will but listen to the spirit of God. There is none too evil, but the blood of the covenant will be sufficient to bring about a radical change, for him that cometh to Christ, he will in no wise cast out, and again: The blood of Jesus Christ cleanseth from all sin. Upon Sinal's mountain crest the Almighty Father gave to Moses the Law of the covenant written upon tablets of stone, upon the fleshy tablets of our hearts, will be recorded the mind of Christ, and as he desires that none should perish, let us surrender all to him, that he may blot out every stain and make our daily life an epistle fit to be read and studied by our fellow men.

Do not misunderstand me, to be a living epistle for Christ does not mean that we must subscribe to some printed or man-made creed, but it does mean: Christ enthroned in the heart; the mind of Jesus is to be on record in every true life; to shed his likeness; shine through it and throw a ray of hope upon the pathway, to guide some poor misguided sinner aright. How eagerly the public reads the letters of great men and women, when printed and distributed to the world. People expect to know better by these letters than any other means the real life and character of the departed one.

Now it is well understood that our blessed Lord and Redeemer, let us monument in granite or marble; he left no letters written by his own hand; he did not record his life and law upon tablets of stone or sheets of parchment, still the true Christian as a witness bearer before the unconquered world, and the world judges of Christianity chiefly from the life of the professing follower of Jesus. Are we living epistles, to be read by all? If not, why not?

METHODIST CHURCH
Next Sunday, May 22, the Rev. H. K. Hilberry D. D. of Cleveland will speak at New Haven at 9:30 and at Plymouth at 11 a.m. and 7:30 p.m.
Dr. Hilberry is not a stranger to this part of the Conference as he, began his ministry near Willard some years ago. Having had experience as pastor in some of our best churches, District Supt. for six years, now Fiscal secretary for St. Luke's Hospital, of Cleveland, is well prepared to give us splendid sermons, and all should plan to hear him.

Another treat is in store for us on Sunday evening, May 23, when W. H. (Bill) Cook, who has spoken in a number of churches around us, will speak of his experience through his life. In another place in this paper, will be found more complete detail of his subject.

Those who have heard him, say he has a message well worth hearing. No collection will be taken for him, but he will accept any gift that may be presented, and it will be used in furthering his work in relief of those who have served sentences in prison, and in finding employment for them.

Mr. Gibson is spending a day or two this week with their daughter in Toledo.

OAKLAND SALES SET NEW RECORD

April set a new sales record for the Oakland Motor Car Company, Pontiac Mich., 19,422 cars being sold during the month, it was announced by W. R. Traca, vice-president in charge of sales. This exceeds the sales of last August, previous high mark of the company, when a total of 17,662 cars were sold.

May production schedules have been increased again and the Oakland factories now plan a combined output of 24,000 Oakland and Pontiac cars this month, an average of more than 1000 cars each working day.

The 1000 cars a day goal was reached one day during the last week in April, but this month the production will have to average above this record mark if the schedule is to be maintained.

Oakland is running far ahead of its 1926 sales, each month showing a big increase. During the first four months of 1927, Oakland-Pontiac sales totalled 53,618 cars as against 39,209 cars for the same period last year.

Attaining of the new production record was accomplished in April in spite of the fact that the new Pontiac Division factories were being occupied and new additional assembly lines and equipment utilized for the first time. With the added facilities working smoothly, no difficulty is anticipated in accomplishing the large schedule during May.

Production is still far behind orders according to factory officials, and every effort is being made to increase production without interfering with careful inspection methods and the quality of cars built.

IMPORTANT ROAD WORK IS STARTED

An important road work development has been started in Huron county. Contractor Louis Dehmer of Tiffin, has been awarded a contract to apply coal tar treatment to macadam roads of this county. These roads include those improved last year under the Green law. In a short time, the roads will be given a coating of hot asphalt and stone chips. This plan of saving macadam roads has been used with good success in Erie county. Among the roads to be improved are the following: Wells, Hartland Center, Court, Butler (three sections), Olivesburg-Greenwich, Green-

I. T. Class Meets

The I. T. Class of the M. E. church home were royally entertained at the home of Mr. and Mrs. Charles Seaman Tuesday evening. It must have been an ideal social meeting judging from the number in attendance and all the good reports.

The thirty-nine present enjoyed games and contests, and also the refreshments served by the hostess, assisted by Mrs. H. S. Marling. Four new members, Mr. and Mrs. Harry Hochleberger and Mr. and Mrs. Lester Seaman were added to the class.

Community Auction Sale

At the Equity Union Grounds, Shiloh, Ohio, Saturday evening, May 21, 8:30 p.m.: 20 head feeding hogs, feed mill, auto oil, last press, milk tester, 2 cook stoves, 2 washers, washer, flour, bedstead, 8 pairs ladies shoes, couch, stand, tinware, bread mixer, seed potatoes, Moline Maunre spreader, Buckeye's 9 hose drill and other articles. Phone C. H. McKinney if you have property to list in this sale.

Despite the bad weather, a well-attended church honored the graduating class with their presence at the M. E. church on Sunday evening. Mrs. Hudson at the pipe organ played a procession as the class led by their instructors entered, garbed in gown and cap. After a hymn had been rendered by the audience, Rev. McCourt read the scripture lesson and led in prayer, followed by a quartet of young ladies from Shiloh High.

Dr. Mente took for his subject, "The Lord watch between thee and me while we are absent one from another." After paying due regard to the sacrifices made by the parents, the painstaking work of the faculty, and brief allusion to the chapel instructions by the clergy, the speaker brought the class face to face with the demands this age of progress will make upon them, warning them of false friends and dangers along the road to success, very feelingly alluding occasionally to the words of the text, assuring them that the prayers of the community were to be their assist. The services certainly left a deep impression upon all present.

Mother - Daughter Banquet Was One Of Great Success

The first mothers' and daughters' banquet was rewarded by an attendance of one hundred and eighty-five which proved that the mothers and daughters of this community were courageous supporters of anything that would be a moral uplift or social advancement.

Mrs. Firestone presiding as toast mistress added much to the entertainment by the usual gracious and humorous introduction of speakers and singers as had previously been announced on the program, and each name was applauded by the audience. Mrs. Cox of Mansfield gave a short talk and following references of the previous speaker she emphasized the life of the old fashioned mo-

ther, and the holy Christian life for all.

And the men who served the sumptuous dinner deserve a eulogy, not only for their splendid culinary art and the efficient serving by the young men, but for their willing cooperation. Thank you.

Sprague-McKinney Wedding

Wednesday evening at 7 o'clock in the home of Mr. and Mrs. H. B. Palms, the wedding of Miss Catherine Alice Sprague and William J. McKinney was solemnized by the Rev. McCBroom. It was a pretty home wedding, to which thirty-seven relatives and close friends had gathered to witness. The decorations and appointments were in green and white, and a three course dinner was served.

The bride was very attractive in pale green georgette with tan accessories. Miss Biers of Mansfield played the wedding march.

The bride is one of the communities' fine young women and the best wishes of her host of friends goes with her to her new home.

Plymouth People Entertain Mansfield Formen's Club

The orchestra and quartet which made a favorable impression at the Ohio Brass Foreman's Club a few weeks ago entertained the City Foreman's Club last Thursday evening.

The 6 o'clock dinner was served in the Elk's banquet hall. Due to the illness of Mr. L. B. Robert, Mr. William Harris led the orchestra.

Below is a clipping from the Mansfield News:

"A varied entertainment program was presented at the dinner. Music was furnished by the Plymouth concert orchestra and quartet.

Three young women in the group sang solo numbers. They were Ruth Baldwin, Vera Hatch and Clarice Beamer. Two men who sang male parts in the quartet were William A. Harris, bass, and E. E. Baldwin, tenor. Other members of the orchestra were Russell, Eyer, Mrs. Frank Hoffman and Harry Wilkinson.

"Lawrence Chamberlain presented a humorous reading, 'Levinisky at the Wedding.'"

"This was the last dinner of the foreman's club for the 1926-1927 season. It was announced."
