## Council Ok's North Road Improvement

Other Matters Transacted At Special Meeting; Dogs to be Muzzled.

Council held a special meeting Tues day night at which time the proposed improvement of North street road was carried through without a dissenting vote. A motion was presented to the body before the signatures of a goodly number of citizens asking for the improvement, while representatives from that road district were present.

The condition of Trux street is such that council agreed to erect a sign: "Travel at Your Own Risk," while necessary repairs are being made. Street Commissioner Burkett was instructed to fill up all holes which have been causing motorists to become stalled, and to do other work which will improve the street. It is probable that the state will take no steps on this project until next August or September and the paving will probably not be done this year. However, it's hard to tell what the State Highway commission will do. Bonds may be sold and the road finished this year. Hundreds of motorists hope so, anyway.

An ordinance and resolution on Trux street was passed. The ordinance is for grading the street and the resolution declares the necessity of improvement.

Village officials are trying to get rid of the dog nuisance this year by issuing an order requiring all dogs to be muzzled from July 15 to September 15. This will probably aid to some extent, the fear of rabid dogs in this community.

## Clifford Oates Died Sunday

The death of Clifford Oates of East Smiley avenue, Shelly, occurred at the Shelly Memorial hospital Sunday afternoon at 2:30 o'clock. Death was due to a pulmonary abcess and the contributing cause being a bursted appendix. Mr. Oates has been ill health for the past year.

He was born at North Fairfield, June 21, 1871 and was the son of John G. Oates. For many years he was employed as a motorman on the andusky, Norwalk and Mansfield electric line and eventually moved to Shelly. When the road was discontinued he was employed at the operation of a plater.

He is survived by his wife and three children, John, Kathryn and Robert. He was a member of the First Lutheran church and of the Masonic fraternity. He was a good citizen, a kind father and had many friends who will sincerely regret his passing.

The funeral was held Wednesday afternoon at 3 o'clock at the First Lutheran church. Rev. D. B. Young, pastor of the church, preaching the funeral sermon.

The body was brought to Plymouth and interred in Greenlawn Cemetery.

Mr. Oates is a brother-in-law of Miss May Fleming and John Fleming and well known in Plymouth.

### WOTREN DIES.

MAGNOLIA, MISS.—William Monroe Wotren, 80, former commander in chief of the United Confederate veterans died here late Saturday of erysipelas.

Mr. and Mrs. James Rhine and son, Miss Beulah Rhine, Mr. Robert Rhine and Mr. Norman Preston spent Sunday at Sandusky and Cedar Point.

### NAMED COLLEGE PREXY.

SPRINGFIELD, MASS.—Professor Arthur Stanley Pease of the Latin department of Amherst college has been elected president of the college to succeed President George D. Olds. Announcement of Professor Pease's election was made late Saturday by George A. Pleimont of the Board of Trustees.

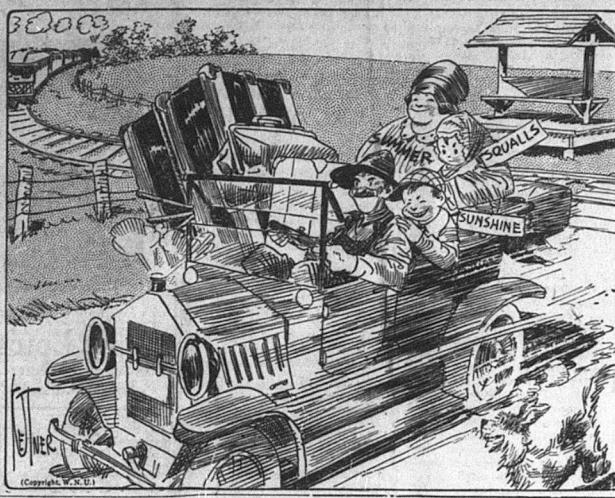

### NOTICE

## Uniform Rank to Meet Here Sun.

Activities Will Begin at 1 P.M.; Many Representatives to be Present.

Plymouth will have a military ascent Sunday when members of the Uniform Ranks, Knights of Pythias, will gather here from Sandusky, Tiffin, Marion, Willard and other towns, put on degree and drill work in Superior Lodge Uniform Rank, No. 4.

Several members of the local lodge will take the degree work and the entire lodge will practice drills. It is probable that the visiting teams will stage an exhibition drill in the Public Square. It is said these drills are very interesting and the formations attractive.

The lodge will begin its session at one o'clock which will probably last throughout the afternoon.

Superior Lodge met here Tuesday evening for practice drill, and a good attendance was present. The uniforms make a splendid showing, being made up of black material, with a wide stripe on the sides. The cost of the swagger type is still another button.

Much interest is being shown in the Uniform Rank and it will probably not be long before we will have the pleasure of seeing our lodge in an exhibition drill.

Shelly has invited Knights of Pythias to attend a meeting of that degree tonight where degree work will be conferred. Plymouth has a good degree team and it is probable that several members from this lodge will journey over this evening.

## Celeryville in Second Place

Celeryville still retains her position of second place despite her failure to play good ball. Monday's game with the B. & O. ended 15 to 17. Celeryville's coppering the odd run. Last Thursday's game was lost to the American Legion 6-2. Celeryville was dead at the bat, but were alive at it Monday. It was a regular hit-and-run game. Errors and hits galore were made by both sides.

Donald Becker still holds his record as an all around ball player, hitter and fielder. Wiers made three hits to three times up, a good record for the game. H. Watts of the B. & O. still retains his luck by making a star catch in right field.

### Class to Hold Picnic

The Alice Willett Class of the Lethner Sunday school will hold a picnic supper in Sam Reed's grove, east of New Haven on Thursday evening. The men will furnish the eats and amusements. Any one without a way to go will please call G. W. Pickens or J. E. Simmons. Bring the kids as there is a fine place for them to wade.

Supper at 6:30 prompt. Every one comes. If weather is bad supper will be held in church annex.

## The OFFICE CAT

BY JUNIUS

### FOURTH OF JULY

Well, this is your birthday, dear old U. S. A. —

Many happy returns! May you live long and thrive!

They say you're one hundred and six today.

But you don't look a day over seventy-five.

It's never a happy marriage/unless both get better mates than they deserve.

Someone says that choruses are the backbone of a show, and we confess to seeing some that we thought were the whole durned anatomy.

Short skirts have disposed of the clinging vine type of girl. There is self-reliance in every stride.

Foreman: "Don't you see that sign, 'No hands wanted'?"

Applicant: "Oh, yes, but I promised the missus I'd ask for a job to-day and that's why I applied here."

### SALESMANSHIP

In response to my inquiry as to whether she carried such a thing in stock, the young woman in charge of one of New York's "beauty food" establishments produced samples of three cereal substitutes for coffee. I examined them casually and asked her which was best. She did not know she said "They're all about the same, I guess."

"Which do you use?" I asked.

"Me? I drink cawfee," was her answer. "My Gawd, misfer, if I didn't have a cuppa caffee first thing after I get up, I'd die."

"In one hundred years the world will have a billion more people than it can feed," some on predicts. Well, it won't have them long.

New Office boy "I've added those figures up ten times, sir."

Employer "Good boy."

New Office boy "And here's the ten answers, sir!"

Mr. Gene Tunney bids fair to rival Mr. Jack Dempsey as a "fighting champion."

Some folks learn from experience; others never recover from them.

We wonder if the reason so many of the modern shingled-haired girls lost their heads is because their locks are gone?

### TIS A CONVENIENCE

Money can't buy happiness.

That is all there is about it;

Mr. Paul Shepherd who has been living in Mansfield the past year returned to Plymouth Thursday.

Mr. and Mrs. C. H. McDougal were Sunday callers in Greenwich.

## Business Men to Meet

There will be a meeting of the business men of Plymouth at the Chamber of Commerce rooms, Friday evening, June 24, at eight o'clock for the discussion of having a band for the summer. If interested on either side of the question please come and make your wants known. Talk it over with your fellow business associates and come to some understanding. Let's all be together one way or the other. If you cannot come please send your report with some one else or else we will take it that you are not interested.

J. E. NIMMONS, President  
Chamber of Commerce.

## Attempted Robbery At New Haven

Pair Enter Davis Store By Jimmying Front Door; Robt. White Makes Discovery.

New Haven was the scene of an attempted robbery early Tuesday morning when two men were discovered inside the Davis Store by Robert White about 3 a.m. as he was on his way to Shelly. Mr. White notified Mr. Ted Davis, proprietor of the store.

Mr. Davis secured his gun and walked to the front of the building, while Mr. Bill Strimple, who was working, got his rifle and took his position on the west side. A light had been left burning in the store as the usual custom, and as Mr. Davis appeared in front, the men left their work of opening the safe and walked from one side of the store to the other where they were seeking a place to hide, knowing they had been discovered. As the robbers started down below, a row of counters for the rear end of the store, which is partitioned off and used as a stock room, Mr. Davis fired at them from the outside, but his aim was bad. Although the stock of goods received a good peppering. The men made their way to the back of the building, and Mr. Strimple who had been guarding this end of the structure commenced using his gun very effectively, shooting through the boards, and causing the thieves much discomfort.

The comical part of the affair is that the fire became so hot the would-be robbers were forced to take their place in the ceiling, which is made of beaver board, and in stumbling around they tumbled down to the first floor, where they surrendered.

With both hands in the air the pair marched to the front where Mr. Davis had them covered with his gun, and the instant they were outside, made a dash for liberty, and effecting their getaway. The robbers presumed that Mr. Davis and Strimple were out of ammunition, and this was true.

An examination was made, which later disclosed that the pair, while in the roof of the building, had discarded two revolvers, bag of pennies and a letter which was torn to pieces. The safe was damaged beyond repair, while no goods were taken. The safe contained a good many stamps, a sum of money and checks. Willard police were notified but arrived on the scene too late to be of assistance. Sheriff Trimmer was down Tuesday morning with his men and finger prints were taken. It is expected postal authorities will make an investigation as this store is used as the post office.

Four men were arrested in Willard Tuesday as suspects, but nothing definite was learned at the time of going to press. The robbers, it is said, appeared to be about 20 years old, and very youthful.

This is the second robbery, one being staged last March, when money, cigarettes, and other articles were stolen.

## KILLS RATTLESNAKE

FREMONT, O.—Charles Thomsen, a Green Creek farmer, killed a rattlesnake measuring six feet in length. Thomsen was working in his barnyard when he heard the rattle peculiar to this snake. Turning, he held the reptile coiled in a strawstack above his head. Thomsen obtained his shotgun and shot the reptile.

## MILLIRON WILL FILED

The will of J. R. Milliron, late of Shelly gives his wife, Martha A. Milliron, the use of all the property with the privilege of selling part of it if necessary. After her death the estate is to be divided equally among the children. The will is dated May 2, 1927. It is witnessed by George Shilling and C. J. Anderson. A. L. Milliron, one of the sons, is executor.

## Last Chance

Mothers who wish to send their small children to the playground which will be opened June 27 in the portable building of the school house, will please notify at once Helen Becker, Mary E. Himes or Betty Brichrak.

Children from two to six years of age will be accepted and arrangements can be made to have one of the supervisors call for them. The playground will be open from 9 to 11:30 in the morning and from 1:30 to 4 in the afternoon.

The playground will be almost a junior kindergarten and the children will be well cared for and amused.

Unless the children are enrolled by Sunday, June 26 these plans cannot be carried out.

## SOCIAL AT DELPHI

A church social will be held at Delphi Friday night, June 24. Strawberries, ice cream and other delicacies will be served with 100 per cent sociability thrown in. It's going to be a real evening's entertainment, so let's go.

Here is a clipping we are reproducing, and we believe that it speaks a world of truth. The article is taken from Ford's Dearborn Independent:

"A nation to endure must be something more than a heterogeneous mass of individuals, held together by geographical boundaries," observed the Man from Washington, as he faced the editorial chair. "It must be a mass of individuals whose ideals and customs, whose thoughts and language, are similar, and whose ideas of law and government closely coincide."

"Being somewhat credulous and also extremely busy, we fail for a great hoax, the theory of the melting pot. This theory likened the United States to a great crucible, into which was placed human material from many and varied countries, and melted the heat of the fire of patriotic alloyed by American ideals and traditions; it was cast in the mold of American institutions, tempered in the milk of human kindness, annealed by our laws and polished by the ballot, and—lo and behold—the finished product was an American citizen, loyal, law-abiding and patriotic.

"Finally, investigation disclosed the inferior ore flowing into the crucible and many flaws were discovered in the products of its casting. We discovered that our jails, reformatories, penitentiaries, asylums and poor-houses were being filled at a rapid rate by this element; and that the people of the United States were being made to pay dearly for the privilege of providing a haven for the poor and oppressed.

"Then, it began to dawn on the public that something was wrong with our immigration system and our legislative mind ground out an act restricting immigration, which, though being far from perfect, has relieved the sit-

nation a great deal and also served to pull the public to sleep on this subject.

"The United States is the common property of the citizens of the United States, not the common property of the peoples of the world. Neither must it be allowed to become the haven of the physically and mentally unfit nor the refuge of the politically disgruntled of the world.

"Our forefathers by their blood and toll subdued the world and independent of this nation, shaping her destiny, wrought with language, ideals and customs suited to their posterity.

Let us therefore preserve our national integrity in the future as in the past."

#### REEDS RETURN FROM TOUR OF WEST COAST

Mr. and Mrs. Wm Reed returned home Friday evening after a delightful four weeks trip through the West.

Mr. Reed was elected to represent the local Presbyterian church at the General Assembly held at San Francisco, and Mrs. Reed accompanied him.

A royal welcome awaited the Presbyterians from all over the states, the most formal greeting being extended over them.

San Francisco is known as the City of Conventions, owing to its wonderful facility for accommodating the crowds. It boasts of 220 fine hotels and its natural scenic beauty unsurpassed.

The Assembly was the 168th Convention held in the city since the first of January, 1927.

A crowd of 5000 attended practically every session and very rousing and enthusiastic meetings were held with nationally known speakers present. The fifteen million dollar goal for their retired minister's fund was

Mr. and Mrs. Reed also took advantage of the many side trips offered and visited the Garden of the Gods, Colorado Springs, Cheyenne Mountain with an altitude of 8940 feet and while in Salt Lake City attended an Organ Recital at the Mormon Tabernacle. They were also visitors at Westminster College.

Men of all forms Plymouth residents being in the West the Reeds were fortunate in meeting Miss Neva Chappell, who lives at Sacramento, but came to San Francisco for the lay; Dan Wyant at Los Angeles as well as Mr. George McDonough and family who reside in San Francisco.

On their return trip the Reeds made a stop over at Kansas City and called on relatives and also saw Mr. L. W. LaDow who gave them a hearty welcome.

The next General Assembly will be held at Tulsa, Oklahoma.

Miss Nellie Carson  
Receives Promotion

Miss Jessie Cole has just received an interesting letter from Miss Nellie Carson, former principal of Plymouth High school, wherein she states that she expects to go to Mississippi this summer.

Miss Carson has been teaching the past year at Tucson, Ariz., in a girl's school under the supervision of the Women's Home Missionary Society of the M. E. church.

In Mississippi she will take charge of the Elizabeth Rust school, located at Holly Springs, as superintendent. This school is under the same society. Miss Carson is well qualified for the position, having had eleven years' experience in a similar South Carolina school and also considerable teaching in public high schools.

A crowd of 5000 attended practically every session and very rousing and enthusiastic meetings were held with nationally known speakers present. The fifteen million dollar goal for their retired minister's fund was

Mr. and Mrs. L. Z. Davis were in Shelly Sunday evening attending "The Holy City" given at the Methodist church.

Mr. Moore was about 87 years of age, and had been ill in health for some time. He has made his home with his daughter for the past few years.

Remains were brought to Plymouth after the R. & O. this evening at 6 o'clock and conveyed in the Postle funeral car to the home of his son Otto Moore, on Franklin street. Services will be held Saturday afternoon at the M. E. church at 2:30 o'clock, conducted by Rev. W. H. Gibson.

The deceased was born near Plymouth and is well known here. His death was received with much sadness by his many relatives and friends.

The service was survived by three children, two sons, Otto Moore of Plymouth and Russell Moore of Muskegon, Mich., and one daughter, Mrs. Chas. Lloyd of Saranac, Mich.

Willard M. E. Observes First Anniversary

## SPINE IS AUTOCRAT OF THE ENTIRE SYSTEM

Back Rules Body with Iron Hand, Nerve Weakness Predisposes Sickness

Declares B. P. LASH, Doctor of Chiropractic

He is now located in office tastefully arranged and thoroughly equipped in the McKindly Building  
PUBLIC SQUARE

One pair of hands, which, through training and experience, possess the almost magic ability to banish colds, fevers, aches and other ailments, through aligning the spinal vertebrae to relieve pressure on the nerves, the carriers of nerve energy.

This is the secret. There are no dread-inspiring instruments of torture. There are no awe-producing machines for making nature undergo a "third degree." These are not to be found there and if they are necessary in his work of encouraging natural health in his battle with disease, he has failed to discover it.

I find that some people, usually chronic sufferers with some disease, are afraid to come to see me, especially when they lack the lack of an apparatus. They don't seem to grasp the idea that they are there to be relieved of their ailment but seemingly expect to be abused or tortured or some-

thing.

#### Cells Disease Restraint

Misplaced, or as we say technically, subluxated vertebrae, pin the nerve, causing loss of the nerve energy to the cells which the impinged nerve supplies. Disease develops from weakness, lack of vitality resulting that the body has lost its natural power. If pressure on the weakened part is removed, the normal flow of nerve energy to that part will soon restore it to its full usual vitality and dis-

ease will cease to be an annoyance.

That is the reason we work with the spine.

Thirty-one years of practice have shown the theory to be correct in general and in detail.

#### Analyses Each Case

The science of Chiropractic is far removed from other health methods. As a Chiropractor, I do not use surgery, and leave obstetrics to other practitioners.

I analyze thoroughly each case brought to my attention and pick out the weak spots before making an adjustment. Analysis is one of the studies in which a Chiropractor is thoroughly schooled before he is given a diploma, for if he can't find a weak spot in the spine, he can't find a weak spot in the body.

The whole thing is to get the vertebrae off the nerve. If the sciatic nerve is cut, the leg is gone. So if there is pressure on that nerve, even though the leg is gone in proportion to the amount of pressure.

#### Must Advertise

"We Chiropractors are sometimes criticized for advertising. Our critics forget that the practice of Medicine and Osteopathy pass through the advertising stage more rapidly than Chiropractic does. Just as the automobile is the chief means of transportation in this country, so is Chiropractic just as the bus is the chief means of transportation in this country."

The body will throw off disease if they are supplied with nerve energy. If the nerves are not supplied between two vertebrae as they leave the spinal column.

#### Disease Responds to Adjustments

There is hardly a disease or disorder to which the human body is heir than Chiropractic has not succeeded in curing when given the time. Both chronic and acute cases of common diseases have been met and conquered.

It was during influenza epidemic and accompanying pneumonia scourge of 1920 that Chiropractic received a great bonus. Very few patients were lost under Chiropractic care.

Chiropractic has been successful in curing many cases of rheumatism, neuritis, neuralgia, sciatica, etc., as long as nerve energy is supplied to them. Nerve energy is properly supplied as long as the nerves are unhampered in their work of transmitting this power or energy.

It is the spinal column which the entire body is built upon. The entire body is supported by the spinal column where they leave the interior

of the protective bony structure between the bones or vertebrae.

#### Your Life Belt

A drowning man will grasp at a straw if no life belt is in sight. Grasp the Life Belt: Chiropractic and it will save you. Let me tell you how and why. Consultation and spinal analysis free.

Spine is Keyboard

But let me explain in brief the theory upon which Chiropractic is based. The bases of the whole thing is this—THE SPINE IS THE KEYBOARD TO THE MUSCLES, GROSS AND SENSITIVE.

It is the spinal column which the entire body is built upon. The entire body is supported by the spinal column where they leave the interior

## OBITUARY

### MRS. JOHN KENESTRICK

Loretta Wilson, daughter of James and Nellie Kenestricks, was born in Auburn Township, Crawford County, Ohio, September 25, 1881, and passed to her Heavenly Home on Sunday evening, June 19, 1927.

She was converted and waited with the McKinstry Methodist Episcopal church in early childhood, and continued until the membership was transferred to Plymouth, a few years ago.

She was a teacher in the county schools from 1878 to 1881. She was married to John Kenestricks March 8, 1882, and lived in the home where she went as a bride, until her death.

Three children were born to this union, all of whom remain to bless the memory of one of the best of mothers, and were present during the illness and passing away in great peace the one who has been their counselor and guide through all these years. Bernice Morrow of the home, Miss Edith J. of Cleveland, and Harold G. of Columbus.

The writer, in his visits to the home, has picked up some incidental statements let drop occasionally, that lead him to say with assurance, that the church was her delight, and no sacrifice was ever too great for her to do for the cause she loved so well.

When the old church was in need of attention, great or small, she could be depended upon to do her part while the McKinstry church was struggling for its existence, and since their membership has been at Plymouth, only impassable roads prevented her attendance. What a testimony to her faithfulness lies in the fact of closing incidents of her life. While her illness was at first thought not to be serious, a sudden turn for worse gave assurance the end could not be far off and at sunset, on the Holy Sabbath Day, June 19, 1927, her spirit left her as sweetly fell asleep to awake in that land that knows no setting sun. The tender memories of wife and mother will give comfort to those who remain, and the friendships formed through the years will linger as a blessed memory to all who have known her.

Brief service was conducted at the home, the main service at the Methodist Episcopal church at Plymouth with her pastor, W. H. Gibson, in charge, assisted by her former pastor, the Rev. C. F. Mott, of Menor, O.

A close friend of the family, Mrs. Rose W. Collier, of Berea, Ohio, sang appropriate numbers, assisted at the organ by Mrs. Jessie Phillips.

Immediate relatives are, Mr. and Mrs. R. C. Bevier, of Shelby, Mable and Florence Hanna of Tiro, Mr. and Mrs. Carl Wilson of Ashland, Grace Wilson, of Mansfield, Robert Wilson, of Elyria, W. D. Cummings and Mrs. Lewis Brucker of Mansfield, Ohio.

MOTHER

Patient and kind, loving and good.

Always generous and fair,

Watching o'er youth with yearning eyes.

Safe-guarding youth with care. Living for others, forgetting self,

Cheerful when others despair,

Sweet little mother. "May God Bless you."

Is your children's earnest prayer.

## MISCELLANEOUS SHOWER

A miscellaneous shower honoring Mr. and Mrs. Clyde Moore, newlyweds, was given at the Chamber of Commerce Rooms Wednesday evening. The affair was sponsored, by the Sunshine Club and parents of the pupils of the Griffith school where Mrs. Moore was employed as teacher for the past seven years.

Summer flowers artistically arranged throughout the rooms proved a fitting decoration for the occasion.

Two hundred and twenty-five guests were invited and the evening was a merry one.

Mr. and Mrs. Moore also received a large assortment of gifts for their new home.

A lovely lunch was served the guests at a late hour.

## ATTEND REUNION

Mr. and Mrs. Newt Miller, Mrs. Cora Miller and Mr. and Mrs. Beryl Miller and daughter attended the Noble Reunion Sunday held at the home of Mrs. Winnie Miller at New Haven.

A basket dinner was enjoyed by almost 50 members. The afternoon was devoted to a social time.

## NEWS FROM DELPHI

The angel of death has again entered our peaceful community and removed one of our most noble women in the person of Sarah Awmend Light wife of Clem O. Light of Ripley, aged 61 year. Her greatest heritage was the life she lived and many friends she won and retained in her journey through this vale of tears. She was worshipped and adored by her children and husband, the angel of peace always wins in the end.

A good neighbor, hospitable, generous, industrious, never eating the bread of idleness, peacefully and quietly passed into the great beyond at the home of her son George in Greenwich where she had made all arrangements for her funeral.

She is survived by her husband and two sons and grandchildren. Rev. Smith was in charge of the service. Grace Farndon and Gertrude Maynard sang.

Corn planting was generally finished the second week in June.

The Noble family reunion was held at the Winnie Mills home in New Haven last Sunday. A good turnout reported.

Dalton Sage is occupying the Melvin Howard property. Dalton is engineer to the Richards Contracting Co.

Ira A. Moloch has petitioned for a Federal permit to keep as well as sell wild game birds upon his game reserve that he is arranging to establish

W. J. Wilkinson and wife were visitors in Ripley Sunday.

F. E. Craig and wife and son Chester visited their son Theodore and the J. C. Ward family in Mansfield Sunday.

Thomas G. Campbell, Sr., and wife celebrated the 44th anniversary of their wedded life last Sunday by having all their children with them in social converse and banqueting.

We are congratulating them and offering our best wishes for many returns.

Mrs. Jeannette Howard, son Oliver and daughter Sylvia of Tiffin were callers in Delphi last Thursday while enroute to Shiloh to visit her sister, Mrs. Marvin Howard.

The rural mail carriers of Ripley and Erie County were in session in Greenwich Saturday evening. F. E. Craig of Boughotonville, R. D. 1 and family were present.

G. W. Brinson who entered Shelby Hospital a week ago for the removal of an abscess has recovered. The operation was a success. Dr. Scarle, Jr. was the operator.

Finley Kemp and housekeeper were in Ripley Monday evening seeking seed potatoes. Their goal was Lyman and Clara Wakeman's.

Rev. Belle Gates has gone back to the pastorate. She has accepted a call to the Congregational church at Nova and went into the work a week ago. She has spent nearly her entire life in preaching the gospel. She was the resident pastor of the Friends

church in Ripley for many years. Since the death of her husband, she will give her entire time to pastoral activities.

Ethel Shade and father of Findlay were entertained a part of last week by her sister, Mrs. G. R. Young and husband.

The Keesey families of Willard and Richwood, as well as the Dawson, Riddell and others have been in Delphi late on account of the deaths of Bobbie Young and Mrs. C. O. Light, relatives of theirs.

W. B. Ross, G. A. Hassinger and family of Shelby were among the many friends at the funeral of Sarah Awmend Light Sunday.

Clyde Young and family were guests of Melvin Howard and family last Sunday.

John Keesey and family were callers at the home of their daughter and husband, Mr. and Mrs. Dalton Sage in our village.

Say, friends! The long expected picnic is at hand in Delphi. It will be held in the church basement of the Delphi church this week Friday evening, June 24. Strawberries, ice cream and other delicacies will be served with 100% sociability thrown in. So the very best thing to do before harvest will be to gather up a little cream and egg money and come to the social.

Paul Barnes, the oldest son of Mr. and Mrs. Harry Barnes was sent by the Central Tractor Co. of Greenwich, to Campaign, Ill., to demonstrate their machinery. We are congratulating Paul for his company's confidence in him.

Just keep on doing.

The difficulties are a TEST:

The reward is worth the labor,

When you know you've done the BEST.

Just cut out your whining.

Do not give up in DESPAIR;

It only adds to your burdens,

And you will get no WHERE.

The pleasures of labor we earn,

By the sweat of your brow, you see;

### SEE WINTER'S NEEDS NOW IN SUMMER'S GARDEN

A vegetable budget for the long months next winter when the garden is covered with snow is offered to Ohio farm women for use now, when the garden is beginning to yield its harvest.

"So many tell me apologetically, along about March," says Lucy G. Swift, nutrition extension specialist at the Ohio State University, that they find it hard to serve enough vegetables, especially green ones.

"An hour with pencil and paper may save dollars of the doctor's and grocer's bills and keep the table adequately spread. A goal to aim for is to raise enough so that the year around you can have either fresh,

The revised version of the text is not as hopeless as the old King James version, for the revised text reads thus: "Our lamps are going out, but not gone out." In other words we are facing a crisis, a dangerous condition is approaching, the law of exhaustion is crowding upon us; it has truthfully been said that exhaustion is the law of nature. The more force we employ, the greater the power of exhaustion in reaction. Watch the closing of the year, see the renewal of leases, the limitations of partner-

VIOLIN AND PIANO ATTRACTS ATTENTION

Mr. Hope church school was again given a rare treat by Mr. Bader and Miss Fey Rosey. The inspiring piano and violin duets were Andante Tramquillo by De Veriot, and Poeme by Tidich. They also furnished the story for the church service.

Mr. Bader has the power to make his audience received the messages from his violin, and the grace and ease of his playing lends a particular charm.

## Fine View of River Bends from New Telephone Bldg.

A BIRDS-EYE view of the tortuous, narrow bends in the Cuyahoga river, obtained from the upper stories of the new headquarters building of The Ohio Bell Telephone Company in Cleveland, shows better the map or description to what extent traffic is hampered in negotiating the bends.

The picture was made from the sixteenth story of the telephone building as a lake freighter was going under one of the bridges at Collison Bend. Some of the boats that go up and down the river are larger than the one shown here, and lose much valuable time in getting past this sharp angle.

**ACCOUNTING FOR FARM IS ASKED**

Minor K. Johnston has filed a petition in common pleas court asking that his brother, Elbert E. Johnston, and his wife Jane Johnston, be required to give an accounting of the rents and profits of a farm of 100 acres located in Plymouth township. The plaintiff also asks possession of this farm.

The petition sets up the claim that Minor K. Johnston was the sole heir of his mother, Hannah Johnston. The plaintiff claims he was financially embarrassed and that his brother offered to come to the rescue and advance money to pay the debts.

The plaintiff says his brother proposed to his mother that he should pay the debts on condition that she deed the farm to him and that he would hold it as a mortgage until Minor K. Johnston could repay him.

The plaintiff alleges the farm was deeded to his brother on these terms. He charges that his brother then deeded the farm to his wife, Jane Johnston, without any consideration. The plaintiff avers Mrs. Johnston knew of the understanding that the farm was deeded to her husband as a mortgage.

The plaintiff says his brother proposed to his wife, who now live in Buffalo, N. Y., took possession of the farm in 1924 and have never accounted for the rents. He asks an accounting and that the farm be returned to him. The petition was filed by Attorney C. W. Chew and attorneys McBride and Wolfe.—Mansfield News.

Forty young lads from Newark on a Y. M. C. A. educational tour, visiting points of interest over the state, made a partial inspection of the state house this week and also called at the office of Secretary of State Clarence J. Brown. That official shook hands and had a pleasant word for every boy in the party and the youngsters enjoyed it just as much as did the popular official. Secretary Brown has never forgotten the fact that he was a boy once himself and he is always ready and willing to do everything within his power to aid them. He is especially interested in the boy or girl who is striving to success. The boys visited the penitentiary and left late in the afternoon for a trip to the Ohio cays. They will also visit Cincinnati during their week's itinerary on the road.

### SMITH REUNION HELD

The twenty-fifth reunion of the John Smith family was held last Thursday at Willard Grange Hall with fifty-nine members present.

The morning was enjoyed in a social way with games and contests followed by a bountiful basket dinner. The crowd was then called together by the president and the business transacted. Dalton McDougal of Mansfield was re-elected president while Miss Dorothy Crum of Attica was elected first vice-president. The balance of the afternoon was given over to the program committee in charge of Mrs. Bertha McDougal, chairman. Mrs. Edith Smith and W. H. Mowery.

The following interesting program entertained the crowd:

Address—Emery Crum, President  
Song—The Wild Bird.  
Recitation—Zada Smith.  
Reading—"Way Down East", Mrs. Reed.

Recitation—Helen Herr.  
Reading—"What We Are," Thelma McDougal.

Recitation—Vera Smith.  
Reading—Mrs. Bertha McDougal.  
Remarks—Rev. Redd of Willard.  
Lord's Prayer—Crowd.

Visitors from Cleveland, Cuyahoga

mouth, Attica, Willard and North Fairfield were present.

The next reunion will be held the third Thursday of June 1928, at the Warren McDougal home near Spring Hill Road.

### Missionary Society to Meet

The W. H. M. S. of the M. E. church will meet this afternoon with Mrs. J. L. Judson. Owing to funeral services of Mrs. John Kenenick, the date was changed until today.

### DISCHARGING FIREWORKS

Several boys have had the habit of discharging fireworks around town the past week, and we have been informed that village officials intend to put a stop to this dangerous practice. Young ladies have been seen with cap pistols, air rifles, etc., and as long as these are in the hands of youngsters, eyesights are in danger.

### BOYS BREAK GLASSES

## Moonlight Lawn Party

The Altar society of St. Joseph's Catholic church held an ice cream festival at the rural home of Miss Florence Mittenbuler last Thursday evening. The grounds were beautifully illuminated and the tables were decorated in Miss Mittenbuler's unique style. Not without the aid of the kindness of the weather, the attire was good and the receipts were far beyond expectation. New London, Mansfield, Shelly and Willard were well represented.

Two exquisite oil paintings executed by Mr. Dominic Dorian were awarded to Mrs. Rummel of Delphi and Mr. Will Barrett of New London. The committee in charge wish to thank the public and those present who assisted in making this a success.

opinion furnished Secretary of State Clarence J. Brown by Attorney General, Edward C. Turner. While the Abele law made Eastern Standard time the official time in Ohio for the opening and closing of commercial banks, the statute of hours for holding elections was not changed and still reads 5:30 to 5:30 Central Standard time. The Legislature did, however, in the Election Code, which was voted by Governor Donahue, change the law to read from 6:30 to 6:30 East Standard time, the veto killing the measure. The Attorney General's opinion that Ohio must run its election on the old Central Standard time gives the effect of the new law, however.

John L. Clifton, Professor at Ohio State University is slated to become Director of Public Education July 1st of next year. It is understood that he will be appointed by Governor Donahue for a four year term to succeed Vernon M. Riegel, present director who is resigning his office. Mr. Clifton is well known in state education circles, having formerly been a assistant superintendent of Public Instruction. Mr. Riegel has proved one of the most efficient and popular state superintendents Ohio has ever had and when he retires to enter private business he will leave behind him a host of friends in every section of the state.

According to statistical records just completed in the office of the Secretary of State Clarence J. Brown, 515 boys were sent to the North Central Industrial School during the year 1926 and 345 girls sent to the Girls' Industrial
