### Mrs. Catherine Mount Celebrates Her 90th Birthday Anniversary

#### Mrs. Arthur McBride Entertains Friends and Old Acquaintances.

Honoring her mother's 90th birthday, Mrs. Arthur McBride entertained informally at her pleasant home Friday afternoon, several of her mother's old neighbors and friends. Mrs. Catherine Mount has lived nearly all her life in this community coming with her parents when about ten years of age from Pennsylvania. She has always loved people and been interested in them, and during all of her active years, her generous hospitality was dispensed graciously at her farm home and also her home in town. She was active in her church, Mt. Hope, of which she has been a member many years.

Indeed, it can be truly said of her "That she lived by side of the road and was a friend of man" and today Mrs. Mount is lovingly known by a wide circle of warm sympathetic friends.

Mrs. Mount has been widowed many years, but maintained her own home until stricken with blindness about thirteen years ago, and she has been bedridden the past three years.

She remarked to her friends that day "that she was waiting for her Master's call each day, and it was his happy, peaceful waiting that leaves its impression and rich example for her friends." When her daughter served the refreshments each guest received a cake with the figure 90 artistically placed on the cake, the color scheme being pink and white. Before eating, the guests gathered around Mrs. Mount's bed and she asked Mrs. Huddleston to return thanks, which she did in a most touching and impressive manner.

Music was one of the diversions of the afternoon.

Miss Dorothea and Mrs. Donna Echeberrigar aided their grandmother, Mrs. McBride in entertaining which added much to the beauty of the afternoon.

Mrs. Mount is surrounded by many comforts and blessings, especially in the care given by her daughter and son in her sad affliction.

She received many presents and the good wishes of hosts of friends.

### Architect to Start Work On Plans

The board of education of the Plymouth Public schools held their regular meeting Tuesday evening. The regular routine of business was transacted after which the board took up the matter of the new building. Architects from different places were present and presented their propositions and after much discussion the board chose Walker and Norwick, Architects of Dayton, Ohio, as the ones to do the work. Mr. Wilson who represents this firm stated that work would begin at once on the preliminary sketches and plans and rush along as fast as possible. Petitions have been placed with the Plymouth Township schools to ask for transfer from that township district to the Plymouth Village district in order that they might share in the new project. It will be necessary for these petitions to be gotten into the County Board Office as soon as possible and no doubt that will be done. The local board have considerable work before them this summer but are enthusiastic over the new project and it is hoped that all will be ready for our voters at the November election.

There are still three vacancies to fill in the teaching staff as two of the grade teachers have resigned and there remains one vacancy in the high school.

**TWO JACKS MISSING**  
If the parties who borrowed the one 10-ton lever jack, and a 14-inch screw jack from me will return them I will be very grateful, as I need them very badly.

**STANDING TOGETHER**  
Another town in Georgia has voted for saloons, and here are the reasons given by one of the citizens: If we are going to stand for our women folks wearing shawl skirts, and silk skirts, and transparent skirts, and our younger women learning to dance the half center, the boll weevil waltz, the "Fiddlin' King" tang, the bunny hug, the bear dance and the buzzard flop, the puppy bulldog and so on down the line the men folks might just as well have their saloons and the whole push go to hell together.

### Are You Lucky?

Beginning this week and continuing each week The Advertiser is giving away two Theatre tickets good for any performance of the regular shows at the Shelby Theatre.

All you have to do is find your name among one of the advertisements, then come to this office and receive the tickets. No red tape—just find your name in the ads.

Who is the lucky one this week—it may be YOU.

### DeWitt's In Auto Wreck

No late reports have been received concerning the accident in which Mr. and Mrs. Willis DeWitt of Greenwich and Mrs. Wilbur DeWitt were severely scratched, while her son Billy was dangerously injured. The DeWitt car was struck by Deputy Sheriff Easterly of Ashland, O., near Maynardville, Tenn., while the DeWitts were on their way to Florida.

Billy flew out of the window as a result of the impact, and stones scraped the hair, flesh and part of the bone of the back of his head. His jaw was cracked on the left side and broken at the chin. His right arm was almost cut entirely off, while the right eye was also injured.

The wreck occurred last Monday week and friends here of the DeWitts were shocked to learn of the accident. A speedy recovery is hoped for them by all.

### BREAKS ARM

Mrs. Joe Meyer had the misfortune to break her left arm, just above the wrist, last Wednesday. Mrs. Meyer was out in the yard when in some unaccountable manner, slipped and fell breaking her arm. Medical aid was summoned and the arm set but it was indeed a regrettable accident inasmuch as Mrs. Meyer had broken her right arm just about a year ago and was getting so she could use it freely when the second mishap occurred.

### Twilight Game Scheduled Today

#### Southside Walloped Northerners Last Week; Fast Game Promised This Afternoon; Ladies Invited.

The twilight game last Thursday was so fast we couldn't keep track of details. Never before did we know that Plymouth had so many star ball players, and such action! Joe Lash did a flip-flop in the pitcher's box, and "Hot" Willett made some fast runs between bases. Doc Uskiff is a second and Babe Ruth, knocking a couple of home runs. And "Pede" Webber still retains his youthful ability on the diamond. It was a game thoroughly enjoyed by those who participated as well as the onlookers.

Another game will be played this afternoon, and a regular line-up will represent both the north and south side of town. Dave Sraefield was afraid to make public his team mates, and the north side have been holding sessions all week trying to decide just what men could play the pistons best. And from what we hear, tonight's game is going to be better than ever.

Now, just plan to have early supper, and bring the wife and kiddies along. There's no admission charge, and plenty of standing room. Let's go. Game starts at 6 sharp.

### Aid For Trux St. Is Now In Sight

#### Funds Available Aug. 9th; Bond to be Sold Aug. 19; Will Make Temporary Repairs Til That Time.

Word comes to us this week that the proper authorities will speed-up action on the Trux street improvement, and relieve the strain of traveling over this road. It was made known Tuesday at a road meeting in Mansfield that state funds have been allotted, but that the money will probably be on hand August 9. The sale of the bonds will no doubt be around August 19. Officials are making an effort to secure state road machinery to work the street temporary until construction starts in the early fall.

### TO EXHIBIT LOCOMOTIVE

The Fate-Root-Heath Co., have arranged to exhibit a type of their gasoline engine in Cleveland during the Ohio Industrial Exposition, which begins the latter part of this month and continues for three weeks. The Plymouth locomotive will no doubt draw much comment from industrial heads.

Funeral services will be held Friday afternoon at the Methodist church in Shiloh with Rev. E. B. McBroom in charge. Interment will be in Green Lawn cemetery at Plymouth.

### Holcomb Promises Big Band; Good Music Assured Public

News that the Mansfield High school band will render a program here Saturday night will be received with much delight by Plymouth citizens. This band, under the direction of Mr. Holcomb, will probably prove one of the biggest musical hits of the season, and it is expected that an unusually large crowd will be on hand Saturday night to enjoy the concert.

Mr. Holcomb states that he will bring 35 or 40 pieces and that the concert will begin at 8 o'clock, lasting one hour and fifteen minutes, or longer.

 Roscoe Shibley, Field captain.

Shoots will be held at various times and other details for the betterment of the club will be brought up at the monthly meetings. Those who wish to make a membership of the club may make it known to any of the above officers for information which they may desire.

A goodly number of members were present and also two visitors.

 We cordially invite visiting Masons to meet with us.

The Mansfield High school band made an excellent showing in the state contest recently held at Cleveland, and attained a prominent place among contestants in the national contest held at Council Bluffs, Iowa. While only a small portion of the organization will be here Saturday night, yet when the entire roster is augmented the number runs to 68 pieces.

A band stand is being constructed suitable in size to care for the needs of this and other bands who will probably play here at intervals during the summer.

Tell your neighbor to come along to town and enjoy the evening's entertainment. Everybody likes to come to Plymouth and from what we hear around town most everyone within a radius of ten miles will be here.

### HOME DAMAGED BY FIRE

A small blaze, believed to have been started by a hot cinder from a passing Baltimore and Ohio train, damaged the home of F. C. VanWagner to the extent of about one-third Sunday morning. Several volunteer firemen were on the job and it looked for a while that a good headway would be made by the flames, and it was decided to sound the fire siren which brought out a large number of people from their Sunday morning slumber.

The blaze was checked in the small shed room in which it started, but household goods were somewhat damaged by water. The loss on the house is covered by insurance.

### DOWNEND BUYS SHEEP

F. P. Downend unloaded a double-deck car of young sheep last week at his farm east of town. Out of the 240 sheep, one hundred are black-faces and 140 are white. He is contemplating on bringing such a shipment to the community and proves that he is interested in other farmers as well as his own welfare.

### DOGS KILL 47 SHEEP

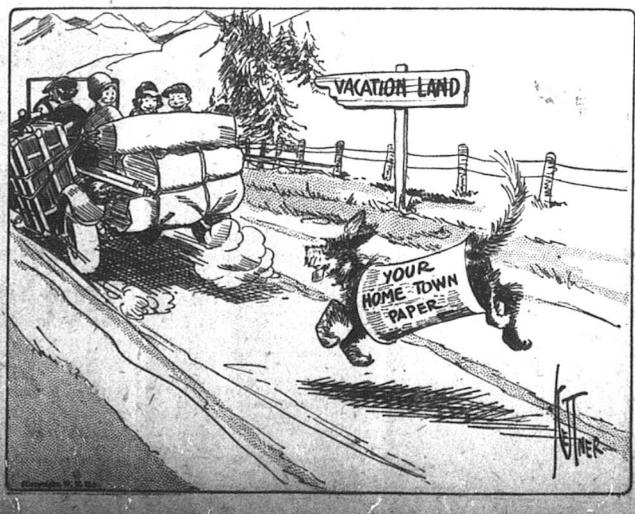

The daddy claim of them all was heard by the Auburn township trustees in monthly session recently. The trustees have become quite used to hearing long drawn out claims for damages on account of sheep killed by dogs, but the banner claim of them all came when Philip Delarber, prosperous farmer residing north of Tiro presented a claim for seventeen dead ewes and 30 dead lambs appraised value \$320. The loss was viewed on the morning of June 6 by John Alt and R. M. Karl who stated that the premises just to the north of the Delarber farm yard looked like a terrible battle had been fought. The carcasses lay thick upon the ground. The work of gathering up the dead sheep required some time.

Another claim presented by Bryan Karl was for several killed and injured. Mr. Delarber has lost over a hundred head in the last few months. His entire flock has practically been exterminated by savage dogs, the ownership of which cannot be determined.

### TO VISIT PLYMOUTH

Mr. and Mrs. Harry Curpen and two daughters of Cleveland, Ohio, will probably arrive in Plymouth next Wednesday for a short visit with friends and relatives. Mr. Curpen is in the employ of the Milwaukee and St. Paul railroad, and this will be his first visit to Plymouth since 1918. His many friends will be glad to see him, and will accord him and his family a warm welcome.

# The Pontiac Six

was introduced  
January 1, 1926

All during 1926—up-to-date in 1927—repeatedly, it has established production and sales records for a new automobile.

There are now more than one hundred fifty thousand satisfied PONTIAC owners.

Production is in excess of eight hundred cars a day.

The Pontiac Six has the biggest and most powerful motor in its price class:

It has the lowest engine speed at thirty-five miles per hour.

It has the largest piston displacement.

It has the biggest piston pin.

Its oil pump circulates more gallons per hour.

It has the best and most positive oiling system.

It has a higher percentage of resale value.

And in addition it has: full automatic spark; force feed oiling system; short stroke; honed cylinders; bronze backed interchangeable bearings; lapped piston rings; VV windshield; tilting beam foot-controlled headlights; Fisher body and many other outstanding features of design and construction.

It stands unchallenged — its dominant margin of leadership and all-around supremacy is firmly established.

Page by page since 1926, Pontiac has written Automobile History.

It's the talk of the street.

It's the decided preference of discriminating buyers.

Thousands of new salesmen — hundreds of new dealers have joined the ranks.

What does all this mean to you?

## we tacked up the Sterling Sign!

Experience in catering to the needs of motorists has taught us that successful business depends entirely on the good will of our patrons. We must not only get, but must hold customers. Courtesy and service play important parts, but our many friends come back because of satisfaction with their purchase.

We, therefore, want to give them the best. We have thoroughly investigated the Sterling line. We know its worth, and know that we can depend on it to give our customers the service we promise.

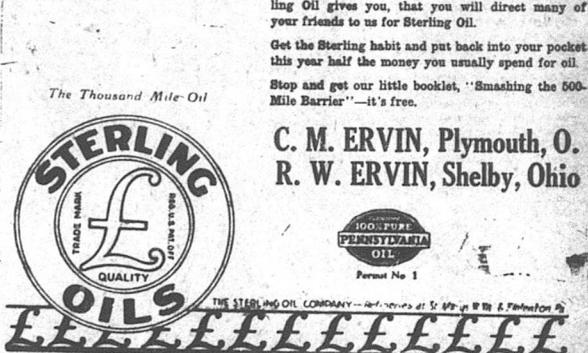

We know that in servicing you with Sterling Oil, we can't expect to sell you AS MUCH oil, because Sterling Oil will go twice as far as the average motor oil—a thousand miles without changing oil instead of the customary 500-mile change.

But we know, too, that you will be so well pleased with the extra mileage and performance that Sterling Oil gives you, that you will direct many of your friends to us for Sterling Oil.

Get the Sterling habit and put back into your pocket this year half the money you usually spend for oil.

## New Ruling for Nomination of School Board Members

The name of candidates for members of Boards of Education cannot appear on primary ballots according to Attorney General Edward C. Turner, who has furnished an opinion to Secretary of State Clarence J. Brown that nomination of candidates shall be made by nominating papers duly signed by not less than twenty-five electors of the school district, of either sex, for each candidate to be nominated in village districts, and in city school districts by not less than two per cent of the electors voting at the next preceding general election in such city school district. Nominations of candidates for the office of mem-

ber of the County Board of Education shall be made by petition signed by petitioners who shall be qualified electors voting at the last preceding election for members of local boards of education in the districts within the county school district, and not less in number than twenty-five in any case. Under the opinion of the Supreme Court "the Legislature having removed boards of education from primary elections it necessarily remains that nominations must be made by the only other course available, to-wit, by petition," and this provision applies to rural school districts as well.

**State Treasury Soon to Be Out of Financial Straits**  
 That Ohio will soon be out of its financial difficulties is shown by a report just submitted by Harry D. Silver, Chief Deputy in the office of State Auditor Joseph T. Tracy. Mr. Silver's report shows that the last General Assembly acted wisely and well in passing revenue measures and that instead of having a further deficit that the new revenues will not only provide for the expenditures of the present fiscal period but will also liquidate the deficit of \$13,900,000 carried over from the last biennium and perhaps leave a surplus as well.  
 There are over twenty-one thousand corporations in Ohio coming under the new Corporation Franchise Tax Law. Of this number 18,136 have made returns to the Auditor of State for a total amount aggregating \$3,392,906.10. Of this amount \$374,356.07 has already been paid in cash to State

Treasurer Bert B. Buckley. The time for filing such corporation returns does not expire until July 15, and of course, the total will be greatly increased by that time.  
 These figures prove that the new Corporation Franchise Tax is bringing in approximately 35% more revenue than the old law and incidentally bear out the contention of legislative leaders and others that the Legislature had furnished sufficient income to supply the money for expenditures voted in the General Appropriation bill, many items of which were vetoed by the Governor. As a result the veto of the Library Appropriation and other items now seem entirely unnecessary and the Governor's contention of insufficient revenue unfounded.

**NATIONAL TRAFFIC CODE**

The National Conference on Street and Highway Safety, headed by Secretary Hoover, has formulated what it believes to be a model municipal traffic ordinance. The Committee is continuing the study of motor vehicle movement and regulation, pedestrian facilities and regulation, traffic signs, signals and markings, parking, terminals, garages, public motor vehicles, street cars, emergency vehicles and traffic ordinances and enforcement in general. Forty industrial groups are participating in the work to secure a universal traffic code to apply to the Nation. One of the benefits of such a system, if it can be more general, will be the discarding of many local regulations which are a nuisance to motorists. As a rule regulations of this kind are enforced by conservative, by strong-minded citizens who are apt to have more prejudices than knowledge concerning highway traffic. The universal code may also serve to help these same prominent citizens to devise more scientific ways to stop "them goll darn automobile hell hounds."

**At Shelby Theatres**

**WHAT HAPPENS WHEN WIVES LOOK FOR ROMANCE**

What happens when a middle aged wife thinks her husband old fashioned and no longer the ardent lover of their courtship days. Is shown in a highly diverting manner in "Slaves of Beauty." Fox Films feature release to the Playhouse, where it will be shown at the Castamba Shelby, Sunday.

There is a sermon in this picture, sugar coated with laughs it is true, but nevertheless a sermon, which both wives and husbands may take to heart.

The story of "Slaves of Beauty" was written by Nina Wilcox Putnam, one of America's foremost writers, and transferred to the screen under the direction of a master of comedy-drama, J. G. Blystone. And then a cast of screen favorites including Olive Tell, Earle Foxe, Richard Waller, Margaret Livingston and others live the life of their characters with whole hearted sincerity. So the complete result is a photodrama that keeps an audience absorbed every moment of the showing of the picture. Laughter, thrills and suspense and very interesting scenes of what is done to achieve beauty by middle aged flappers in New York's famous beauty parlors, are a feature of this fine entertainment.

**WINS HORSE RACE IN COMEDY "NO CONTROL WITH AID OF THE RADIO"**

There is no end to the possibilities of the radio. Harrison Ford goes so far as to win a horse race by remote control in "No Control" a new Metro politan picture co-featuring Harrison Ford and Phyllis Haver, which will be presented at the Castamba, Shelby, Saturday.

A trick circus horse entered a 4 race. The horse, however, would rather dance than show his hoofs on the turf. The only thing that speeds him up is dread of a lion, used in his preliminary training. Up to the show the lion at the track on the day of the big race. Ford hits upon the plan of gaining access to a radio broadcasting station accompanied by Numa, the huge jungle cat. An aerial is placed on the horse's head and when the lion roars into the microphone the horse tears down the track madly to win the race.

Phyllis Haver, the golden-haired comedienne of the screen, is co-features in "No Control," which Scott Sidney directed. The adaptation was made by Zelta Sears and Tay Garnett.

**CLARA BOW, ESTHER RALSTON CO-STARRED**

Clara Bow and Esther Ralston are co-starred in Frank Lloyd's sensational Paramount picture, "Children of Divorce," which arrives at the Castamba, Shelby, Wednesday and Thursday of next week. As Kitty Flanders and Jean Waddington, both players are said to do their very best work.

Kitty and Jean first meet in a convent as "children of divorce." All four parents have gone their own separate ways. The tragic mistake her father and mother have made upon their lives makes a deep impression on Jean and she resolves never to marry until she is sure the right man

presents himself. Ten years later, and Larrabee, a handsome youth whom Jean loves dearly, proposes. Wishing to test him out, Jean, without his answer until he has actually made good. Realizing her motives Ted engages in practice as an engineer. Everything goes along smoothly until the eventful afternoon on which Ted enters his office to find it transformed into a bedlam of jass by Kitty and her wild friends. After the first hour, Ted forgets his eyes and again becomes one of the gang. Next morning he finds Kitty in his room and a wedding ring on her hand. They are now husband and wife.

That's the start of "Children of Divorce," Gary Cooper, Elmer Hanson and Norman Trevor are featured. Hope Loring and Louis D. Leighton scenarized Owen Johnson's novel.

## MT. HOPE LUTHERAN CHURCH

Lehr A. McCord, Pastor

10 a. m. Sunday school, Ronald R. Howard, supt. Lloyd Rader has promised a violin solo for Sunday which will be the usual program of the hour should bring a large attendance. Come and bring others.

11 a. m. Morning worship with sermon by the pastor: "Christianity in Theory and Practice."

Though this is vacation season we need the strengthening of the church service for two hours on Sunday. Two from one hundred eighty-eight leaves the same and we need to do just as much as we please. Why deny God a proper portion of His day?

Rev. and Mrs. Lehr A. McCord and son, Ross, left Sunday morning after a brief service to be present at part of the services attending the burial of an uncle of Mr. McCord, Albert G. McCord of Sherwood, O. The deceased was born near North Fairfield, one of several brothers who are still remembered by many of this and adjacent sections. In recent years he had served as mayor of Sherwood for several terms and was the founder of the Masonic Lodge and Eastern Star there, as well as a member of the Defiance, Ohio, Commandery, which had charge of the funeral services. The Rev. Mr. McCord was especially concerned in paying his respects at the last rites because he had been reared in the uncle's home in early childhood for a considerable period of time between the death of his mother and the re-marriage of his father. Another brother, Elvin P., who survives, is remembered as a school teacher in the Stillman school and others of Huron county. Rev. Mr. McCord and family returned to Shiloh Tuesday afternoon.

If you think the job has not been handled right, this is the time and place to register your convictions and give the reasons for your attitude. ### Preparations Under Way For Annual State Fair

Preparations are under way for the annual Ohio State Fair and the principal feature this year will be the big Rodeo and Stampede and the Aeroplane exhibit. The grounds will open on Friday, August 29th and continue until Saturday night, September 3rd. It is not general known that Ohio State Fairs have been held in a number of cities over the state, but it is a fact nevertheless. The first fair was held at Camp Washington near Cincinnati, on October 2nd, 3rd and 4th, 1851. One of the notable features was the Agricultural Ball given each evening at the Burnett Hotel and which was largely attended. During the fair an extra fair train was run between Columbus and Cincinnati. The receipts of the first fair totaled \$7,250.00. The second fair was held at Columbus and the receipts totaled \$8,209 and an Agricultural Ball was given at the Odium each evening. Following in 1853 the State Fair was held in Cleveland and then in the order of their occurrence at Dayton, Newark, Columbus, Cleveland, Cincinnati, Sandusky, Zanesville, Dayton, (twice) Cleveland, (twice) Dayton, (twice) Toledo, (twice) Springfield, (twice) Mansfield, (twice) Toledo, (twice) Springfield, (twice) Mansfield, (twice) and since the year 1874 the fair has been held continually in the city of Columbus.

### CORPORATION TAX SWELLS TREASURY

The operation of the new Corporation Act in the office of Secretary of State Clarence J. Brown is meeting with the expectations of those in charge of the work. The act went into effect on June 8, and during the next thirty days 349 articles were filed. This would indicate that attorneys over the state were taking advantage of the liberal provisions of the new law and are filing amendments and various certificates, accomplishing results not possible under the old statutes. The volume of business of the first thirty days indicates that a number of large corporations apparently waited for the new act to go into effect. Considering the change in procedure in many cases, and the difference in forms required to be filed from the old to the new Corporation Act, the work has been accomplished with practically no trouble or difficulty in the corporation department of Secretary Brown's office. It may also be interesting to know that \$96,742.80 was collected in fees in the department during the first thirty days, the largest single fee being \$8,200, one over \$7,000 and five approximately \$5,000 each.

**ARE YOU A CHRISTIAN?**

What a question to ask, I hear you say. But really what is your answer? Anybody can be a member of some Christian church by subscribing to the creed of that church, but this does not constitute such a one a Christian. To be a Christian in deed and in truth is widely different from what multitudes suppose. The Christian character as delineated in Holy Scripture, is one of a most peculiar and highly elevated nature. It rises almost as much above the ideas apparently entertained of it by many believers of the gospel, as it does above those of the careless followers of the outside world. Fortitude and faith, unbounded faith were required in the days gone by, when prison doors swung open to receive those who did dare to confess the living Christ, when the flames of the funeral pyre were the reward of those who openly accepted the story of the cross as the foundation of their faith in God, but thanks be to the alwise father we are no longer living in fear of death by simply following the commands of the great Galilean teacher. Thus again the question arises: Are you a Christian? What constitutes a Christian? Let the revealed word of God give the key: A christian in reality, is one whom grace makes free, and enriches with untold blessings; whom grace prepares for a life of usefulness, whose chief business is to do the will of God, leading the blind into the true and shining light of truth. A Christian is a new creature in Christ Jesus, the old things have passed away, behold all things have become new. A child of that great family of the redeemed and blood bought multitude,

One boy died in infancy and the five remaining children are Ira Pittenger, Scooby, Montana, J. J. Pittenger, Chicago; Mrs. L. H. Johnson, Tulsa, Okla.; Mrs. E. B. Ziegler of Shiloh; Mrs. Emily Agate who has been staying with her mother, since she has been unable to look after her household duties. Mrs. Pittenger has been a widow seventeen years.

She has been a member of the Lutheran church many years and as long as she was able was an active member there, and also active in the missionary society and was made a life member in 1917.

The funeral services were conducted Wednesday afternoon at 2:30 in the Lutheran church with Rev. L. A. McCord in charge.

The whole town honored this noble woman by placing flags out at half mast all day Tuesday.

The missionary society and Angela Chapter, G. E. S. attending in a body. She was laid to rest in Mt. Hope cemetery by the side of her husband.

That will some time meet around the throne of God, to sing the songs of redeeming love, ye let me emphasize, a true Christian is not a church member, tho this is praise worthy at times but a one who bears in his every day life the image of the great teacher of long ago. How different is the religion which produces such wonderful changes in human lives from that cold formal uninteresting thing, the world calls religion. The principal object of these few words of mine, is to assist some one if possible, in his earthly pilgrimage, to reach that state of real Christianity, which makes the human family one great body of believers in God and doers of the word. Should a man expect to spend a few hours in Paris, London or Berlin, and then never see those places again, but the rest of his life spend in America, is it not natural that he would desire the most extensive knowledge of the land where he expects to finish his earthly career? What real benefit would the knowledge of passing incidents exercise upon us? What should we care about the things that are today and gone to morrow? Christianity teaches us to prepare for that long time ahead, Gods time, eternity. The friendship or displeasure of earthly companions may cheer or embitter the few moments we are destined to live here on earth, but the friendship of our God will brighten and bless all the years of eternity, hence you will see why it is so important to be able to answer the above question aright. How worthless is to us, born for eternal existence, the knowledge concerning only affairs of this world, when compared with a holy acquaintance with God. How utterly valueless all earthly friendships, if we do not possess a knowledge of his friendship and love. This can only be obtained by living the life of a Christian, a true follower of Christ. Are you a Christian? Are you saved by grace? If not, why not?

"No, Bobby, remember your manners and don't turn around and stare. But who is that woman directly behind you?"

**Mrs. Pittenger  
Died Monday**

Although "Aunt Susanna" or "Grandma Pittenger," as she was familiarly known, was very ill and every one was interested in her condition, yet, when the news was flashed from friend to friend early Tuesday morning that she had died at 9:30 Monday evening, it seemed hard to believe, as all wished she might be spared until the 26th of September when she would have reached her 102nd birthday. A remarkable life has closed. The optimism which predominated in her, the cordiality for all, and the sweetness with which she met every crisis in her life, illustrate the answer of the many blessings that were hers during the last years.

The outstanding example in the community, and the one which will always be associated with "Grandma" was the devotion and loving care of her children. Her two daughters have been a continual source of help and comfort. Mother came Mrs. Agate, who sacrificed the pleasure of her only daughter's companionship, and home in Los Angeles, and Mrs. Ziegler, who sacrificed the comforts of her own home and denied herself pleasures for "mother's sake." These qualities are unmeasurable in their influence upon the uplift of community life.

Susanna Miller Pittenger was born near Harrisburg in Dauphin County, Pa., Sept. 26, 1825 and was the seventh girl there being eleven children in the family. Her parents moved to Ohio and settled in Bloominggrove township one mile east of Rome when Susanna was among children of age. She has always lived in Richland county since coming to Ohio, and in her present home in Shiloh for fifty-four years. She was married to Milton Pittenger in 1852 and was the mother of three boys and three girls. One boy died in infancy and the five remaining children are Ira Pittenger, Scooby, Montana, J. J. Pittenger, Chicago; Mrs. L. H. Johnson, Tulsa, Okla.; Mrs. E. B. Ziegler of Shiloh; Mrs. Emily Agate who has been staying with her mother, since she has been unable to look after her household duties. Mrs. Pittenger has been a widow seventeen years.

She has been a member of the Lutheran church many years and as long as she was able was an active member there, and also active in the missionary society and was made a life member in 1917.

The funeral services were conducted Wednesday afternoon at 2:30 in the Lutheran church with Rev. L. A. McCord in charge.

The whole town honored this noble woman by placing flags out at half mast all day Tuesday.

The missionary society and Angela Chapter, G. E. S. attending in a body. She was laid to rest in Mt. Hope cemetery by the side of her husband.

That will some time meet around the throne of God, to sing the songs of redeeming love, ye let me emphasize, a true Christian is not a church member, tho this is praise worthy at times but a one who bears in his every day life the image of the great teacher of long ago. How different is the religion which produces such wonderful changes in human lives from that cold formal uninteresting thing, the world calls religion. The principal object of these few words of mine, is to assist some one if possible, in his earthly pilgrimage, to reach that state of real Christianity, which makes the human family one great body of believers in God and doers of the word. Should a man expect to spend a few hours in Paris, London or Berlin, and then never see those places again, but the rest of his life spend in America, is it not natural that he would desire the most extensive knowledge of the land where he expects to finish his earthly career? What real benefit would the knowledge of passing incidents exercise upon us? What should we care about the things that are today and gone to morrow? Christianity teaches us to prepare for that long time ahead, Gods time, eternity. The friendship or displeasure of earthly companions may cheer or embitter the few moments we are destined to live here on earth, but the friendship of our God will brighten and bless all the years of eternity, hence you will see why it is so important to be able to answer the above question aright. How worthless is to us, born for eternal existence, the knowledge concerning only affairs of this world, when compared with a holy acquaintance with God. How utterly valueless all earthly friendships, if we do not possess a knowledge of his friendship and love. This can only be obtained by living the life of a Christian, a true follower of Christ. Are you a Christian? Are you saved by grace? If not, why not?

"No, Bobby, remember your manners and don't turn around and stare. But who is that woman directly behind you?"
