

Program for Band Concert Saturday Nite

Inclement Weather Halts Program Last Saturday; Ohio Brass Again.

Much disappointment was caused among the many visitors here last Saturday evening when the Greenwich band failed to give their concert, owing to inclement weather. Heavy downpours recorded throughout the morning and the overcast skies continued into the late afternoon, and the concert was postponed for this reason only. Plymouth citizens regret that they could not have the pleasure of hearing the Greenwich band.

However, the regular band concert by the Ohio Brass Company's band will be given Saturday evening, if the weather permits, and the following program has been arranged by Carl H. Morlan, director:

- March—New Colonial.
- Fox Trot—Me and My Shadow.
- Serenade—Organ Echoes.
- Fox Trot Song—Idolizing.
- Waltz—Along Miami Shores.
- March—Garden du Corp.
- Fox Trot—Tanzani Trail.
- Overture—Caliph of Baghdad.

Intermission: 15 Minutes
 March—St. Bernard's Commandery.
 Fox Trot—Hello Bluebird.
 By Request—Our Yesterdays. Corset Duet.

Overture—Princess of India.
 Fox Trot—Drifting and Dreaming.
 Novelty—Bartion Polka.
 March—Phi Kappa Emblem.
 Selection—American Patrol.

In their initial concert here this summer, The Ohio Brass Company's band made a big hit with the public, and the fact that they will be here again Saturday night will no doubt bring out a large number of people to hear this splendidly arranged concert.

Mr. William Harris, who is well known in Plymouth, is manager of the band.

Special Big Bargain Day, Tuesday, August 9th at NOBIL'S BARGAIN STORE, Norwalk, Ohio

Big Crowds Expected at Huron Fair

All indications point to an attendance of over 100,000 people at the Huron County Fair, August 30-31, September 1-2.

Huron County people are making a strenuous effort to put over the largest and finest display of Agricultural products ever held in Northern Ohio. Their motto is "Make the 1927 Huron County Fair a Real Farmers' Fair."

Over ten thousand dollars is being expended for arrangements to entertain the tremendous crowds of people that are expected. The management is making plans to accommodate over 100,000 people and feel justified in doing so because reports from miles around indicate that nearly everyone is planning to attend.

Huron County Breeders of livestock have already expressed their intentions of exhibiting in sufficient quantities to see Max M. Phillips so that he feels that Huron County's exhibits alone will fill all the spaces. Arrangements are being made to accommodate the overflow in tents.

The Boys and Girls, Granges, and Farm Women Clubs are some of the principal farm organizations that are planning large exhibits.

The Speed Committee has arranged for three Harness races and one running race each day. Bleacher seats are being erected to accommodate the race fans.

Wednesday is Merchants day and a Special Program is being arranged. School children will also be admitted free on that day.

Special Big Bargain Day, Tuesday, August 9th at NOBIL'S BARGAIN STORE, Norwalk, Ohio

WILL THE DREAM COME TRUE?

Can Plymouth Township Schools Afford to Stay Out of the New Proposed School Building Project

The Board of Education of Plymouth Village has decided to go ahead with the new building project and have extended an invitation to the Plymouth Township School District to participate in this project, which means that Plymouth Township would be divided, the north half coming to Plymouth and the south half going to Shelby and thus availing themselves of better school facilities than could possibly be obtained in the country schools. It would mean that Plymouth Township would be annexed to the Village for taxation purposes in building the new structure and that after same was built that the entire district would be under one board, the same as the Village. It would mean that the children of the Township schools would be brought into town in buses or suitable conveyances, delivered to the school house door and returned in like manner, without having to walk or use their own conveyances. It would mean that the children of the town would receive the same instruction and attention that the children of the town would receive. It would mean that instead of one teacher trying to teach seven or eight different subjects and giving the children of each class but a few minutes' attention to each subject that one teacher would have but a limited number of subjects to teach, would be specialized in those subjects and that each child would get thorough attention in each subject. It would also mean better supervision and would relieve the Township from building a centralized school and hauling their own pupils and maintaining them. They would have their old buildings and grounds to sell and so longer maintain.

Then, too, building with Plymouth would be considerably cheaper than building alone and also maintenance would be cheaper and better. The children would get the benefit of not only a good first class school, but of gymnasium, domestic science, and all the other important features that go toward making up a first class school. As to raising the taxes, this is the least to be considered, for it would be very little and the education and welfare of the youth should come first. In figuring a school to cost \$100,000 for Plymouth Village alone, the tax rate would only be raised 4 mills. Taking in Plymouth Township would reduce this considerable and just make a very little increase for both Village and Township.

Plymouth Village writer feels that the Township School District is passing up a wonderful opportunity to get in on a good school system at minimum cost if they pass this proposition by. Petitions are in the hands of the Township school people now asking that the county board transfer them to Plymouth Village and one District has had their petition in for some time with better than seventy five per cent of the voters signing and it is hoped that the other three or four districts will get in before September first as the County Board and the Village Board must know by September first, whether or not they are going to be transferred so that Plymouth can figure the size of building to build, if the Township comes in it will mean a larger building than Plymouth would build alone.

There will no doubt be some opposition to this proposition for there never was a worth while proposition advanced without some objection. But look at it squarely, be fair to the child, give him the best education possible, be fair to yourself and give it to him at a less cost than he can get it in the country and also give him the benefits that the town children get. These are only a few things to think about for there are many more advantages to be derived from a good school in the village, well heated, well lighted, and well equipped with all the facilities necessary to education. Think it over and get busy.

INJURED WHILE AT WORK
 SHILOH—Joseph Fox, living south-east of town, had the misfortune to strike his head on a beam while entering the gara with a load of hay on last Thursday morning, and his injuries were considered dangerous. He had been confined to his bed the past five days, but was able to sit in a chair a short time Tuesday, and his friends hope for a complete recovery.

AT CLEVELAND
 Messrs. J. L. Smith and Fred Busard left for Cleveland today where they will have charge of the Fair Root-Heath Co.'s booth at the Industrial Exposition. The local works will have clay-working machinery and a locomotive at the exhibit and it is expected that the booth will draw much attention.

Here's a Real Speed Program for Huron County Fair

The Norwalk races this year promise to be one of the big features at the Huron County Fair, according to the program given below. Tom Sibbett, D. L. Webb and Frank Nagle are superintendents of speed. The program and its dates is as follows:

- Wednesday, August 31:**
 2:25 Pace, purse \$350.
 2:21 Trot, purse \$400.
 2:15 Pace, purse \$500.
 Run—One half mile, purse \$50.
- Thurs, Sept. 1:**
 2:23 Trot, purse \$350.
 2:12 Pace, purse \$500.
 2:18 Trot, purse \$400.
 Run—One mile, purse \$100.
- Friday, September 2:**
 2:21 Pace, purse \$400.
 2:15 Trot, purse \$500.
 18 Pace, purse \$400.
 Run—One half mile—purse \$50.

Conditions.
 Harness Horse Association rules to govern.
 Entrance three per cent. No deductions.
 Five entries required to fill and four to start.
 Three heat plan.
 Entries close Saturday, Aug. 27.
 Records made on and after Aug. 16 no bar.
 Straw fees.
 Horses called at 1:30 o'clock, start at 2 p. m. each day.

PARTY HAS NARROW ESCAPE IN ACCIDENT

A new Chevrolet sedan belonging to Ed Phillips was badly damaged and its occupants shocked and cut by a truck which crashed over the right side of the road as far as possible. The car from the north made a lunge to the left, trying to get into the filling station entrance, and had it not been for the quick work of Phillips the wreck would have been an affair with probably a fatality or two. However, the Chevrolet received a blow in the rear and was smashed into the body, smashing the running board and breaking the glass in the windshield and door.

This is the second auto mishap of the week in the vicinity of Plymouth. A Buick sedan, owned by one of the same party, was smashed into a Buick machine going east at the New Haven corners early last Monday, with the result that both cars were badly damaged. Occupants of the machines were not injured, however, the rear end of the Buick had to be smashed in to release two women who were in the back seat. The names of the parties could not be learned but it is understood that they were from different parts of the state.

TEACHING AT WOOSTER
 Mrs. J. W. Miller is spending the week in Wooster where she is teaching in a 1926 Institute being held there.

Mr. John Jewel Observes Sixty-Sixth Birthday
 A birthday party in honor of Mr. John Jewel, was held at his home, and the affair was thoroughly enjoyed by those present.

That helping Mr. Jewel celebrate his 66th birthday were Mr. and Mrs. Chas. Miller and children, Mr. and Mrs. Jesse Westwell and children of Ashland, Mr. Guy Gusinger of West Salem and children, Mr. and Mrs. O. C. Jewell and children of Shelby, Mr. and Mrs. Whitman and children of Greenwich, and Miss Vivian Finley of Greenwich and Miss Kimball of Ashland, and other guests.

CLOTHING SALE
 A mammoth clothing sale, which includes the entire stock of The Kennebec Store Co. at Shelby, is announced this week in a page advertisement of this issue. It is impossible to itemize all the savings, but if you need anything in the clothing line it will pay you well to attend this great annual event. See page 8.

Mrs. Lewis Shaver Dies
 Friends here have received a letter stating that Mrs. Lewis Shaver had passed away at her home in Santa Ana, California, July 12, after an illness of several weeks.

The Shaver family will be remembered by the older residents of Plymouth. The letter also stated that Mrs. Shaver had been in failing health for some time and the death was not unexpected.

BUYS PROPERTY
 Fred Phillips has purchased the Minnie Ervin property on Porter street. The purchase price was not made known.

BE OUR GUEST!
 Perhaps your name is in one of the advertisements this week, if you find it, just come to The Advertiser and we will give you two tickets. Look in the ADS for your name. It may be there! Who knows?
 There is a D. W. Griffith production—Sorrow of Satan, at the Castamba theatre next Wednesday and Thursday and you will more than enjoy the picture.
 Misses Harriet Rogers and Helen Pollock have been the lucky persons so far.

NOTICE
 Inasmuch as I hold the entire interest in the Smith Hotel, I will continue to be known as The Smith Hotel. The change of name was not authorized by me.
 FRANK SMITH

Visiting in Kentucky
 Mr. and Mrs. Edward Curpen and daughter left early Monday morning on a motor trip to Burgin, Ky., where they will visit Mrs. Curpen's mother, Mrs. James York, for about ten days.

THE CREED OF A FOOL
 I am a fool. I believe that fire is a respectable accident which occurs in the other man's house. I believe that my house is free from danger, although I take no precaution of any kind. If I stopped to think, I would realize that my house is even as other houses are, but it is unnecessary for me to think about such matters. The other man should think deeply.

I believe that fires are caused by carelessness, the carelessness of the other man. I believe that I am a privileged character. I may throw matches about, cast away half-lighted cigarettes and without looking to see where they fall. I believe that I can do such things with impunity. So far I have not been arrested for arson.

I believe all this, without any guaranty of immunity from the attack of fire. I have no surety that my house is so nominated for membership in "the club of other men." But, as I have said, I am a fool.

DO NOT DESTROY OLD ROADS
 Unless it is true that the cheapest road is the hard surfaced road, it will be so many years hence that the built and building throughout the United States at a time when road engineers know more about road building and its advantages than men have known since Roman roads were built.

Securing good roads does not mean it is necessary to build entirely new highways. Many states are simply covering their worn-out rock, gravel, concrete or asphalt roads with a surface of asphaltic concrete, thus utilizing the material, time and money already put on the roads. This type of surface can be quickly applied and maintenance costs are very small.

The modern caterpillar tractor with the road building machinery which it can operate, brings economical road building within the reach of every road district.

OLD TIME FIDDLERS AND DANGERS TO BE AT STATE FAIR
 If you happen to be one of the old-time fiddlers, or so-called, or if you step the light fantastic according to the style of an earlier generation, here's your chance to indulge in one or both at the 77th Ohio State Fair, August 29th to September 3rd, and get paid for it. The State Fair Management announces that there will be old-time fiddlers' contests and old-time dancing contests each day of the fair. They will not be elimination affairs, but rather separate, distinct contests each day.

Rules and regulations and entry blank may be secured by writing L. K. Cooper, care State Department of Agriculture at Columbus, who is managing the contests for Director Traxler. Contestants in the old-time fiddlers' event must be not less than fifty years old. They may play without accompaniment or use of an accompanist of their own or one will be supplied. They may make their own music selections, but are limited to three minutes playing in competition. Each day first and second prizes of \$16 and \$5 will be awarded. The fiddlers will be judged on the following: accuracy, tonal quality, carrying power, inspiration, and personality.

The dancing will be of four kinds, old-time waltz, schottische, Virginia Reel, and the square dance. Particular points must be forty years old or over. Dancers will be judged on the following points: accuracy of step, time, grace, and quality of leadership. The daily prizes will be: for the waltz, best couple \$5.00; for the Schottische, \$5.00; and for the best set of four couples in the Virginia Reel and the square dance, there will be prizes of \$20.00 for each event. It is suggested that where possible, contestants in the Virginia Reel and the square dance make up their sets in their own company, and enter in their own name. However, sets will be made up on the grounds whenever necessary.

There will be no entry fee in either of these events, incidentally.

Posters Portray Historical Events Of B. & O. Railroad

The Baltimore and Ohio Centenary Exhibition and Pageant to be held in Baltimore, September 24th to October 8th, has provided interest and inspiration in poster designing for announcing the event. Four posters have been selected and will be displayed quite generally in the near future.

One of these posters, "The Phantom Engine," pictures an early type of locomotive puffing along in its antique way, manned by an engineer and a fireman in red shirts. Above their heads, faint but distinct against a light background, is the phantom engine, a dream of far-seeing prophecy come true; ponderous yet graceful, with smoke streaming straight back and giving a sense of speed, beauty and power. The color scheme is harmonious and bright. This poster was designed by H. D. Stitt, of Baltimore.

A second poster shows in three sections, one above the other, the parade on July the Fourth, 1828, in the City of Baltimore, in honor of the laying of the "First Stone" of the Railroad. Drawing from history for material, the artist has reproduced a colorful picture in the costumes and atmosphere of the festive occasion of that early period, with its carriages, horse-drawn coaches, floats, leading citizens, Maryland militia and a clipper ship resting at anchor in the background. This was designed by Edward A. Wilson, of New York.

Another poster is a visualization of the 100 years that span the development of the railroad, placing the tiny "Tom Thumb," first American built locomotive of 1829-30, alongside the "Lord Baltimore," the large passenger engine built at Mount Clare shops, Baltimore, in 1925. In back of the former stand houses typical of Baltimore Town in early days, while rising above the big "Lord Baltimore" are buildings and towering skyscrapers of the present age. This is the work of L. Vasser Elam, of New York.

Hunters Should Secure Copy of State Game Laws

Ohio nimrods should secure a copy of the state game laws before taking the field this fall as many of the hunters are unaware of changes made in the General Code in the last General Assembly relating to game protection. Many sportsmen are securing hunting licenses believing that the open season for squirrel remains the same. The first open season for Squirrel is to be October 1, 1928, and every two years thereafter. The year 1927 will be a closed season and all odd numbered years thereafter will be considered as closed seasons. A person may take and have in his possession at one time, not more than four squirrels, and none may be bought or sold either within or without the state. The open season for rabbits remains the same, November 15th to January 1st, but hunters are limited to taking five in any one day. Open season for Hungarian partridges and pheasants is from November 15th to the 25th, and cock pheasants only may be taken during the first two or two and one person. The taking of ruffed grouse at any time is prohibited.

Oakland Announces New Six

Entirely new in design, larger, more roomy, with a wheelbase with a wheelbase of 117 inches, new engine, new chassis, new Fisher bodies, new Duco coloring and a host of advanced engineering features, the Oakland All-American Six is being presented throughout the nation this week. The new Six is brilliant, flashing car of sleek rhynd lines is distinctly new designed from the ground up the skilled Oakland engineering staff for American standards of reliability, appearance, comfort and performance. Because the Six is so thoroughly American in character, designed by American engineers, tested on General Motors' great American proving ground and built by American workmen using American precision production methods, it has been called the "All American Six."

Despite the larger size of the car, the advanced engineering design and the more luxurious finish, they are offered at new low prices.

The size and low-stung appearance of these cars may be guessed from the

fact that they have an overall length of 175 inches between bumpers, a road clearance of 8 5/8 inches and a height of but 70 inches from the ground to the top of the roof. Altho the entire car has been lowered, no head room has been sacrificed in the spacious interior.

The low lines of the car are emphasized by a high, narrow radiator, sweeping full crown fenders, lower running boards, oblong windows, a double row of heading, and especially by larger tires on smaller wheels. Artillery wheels of 19 inches diameter are combined with 23 by 5.50 inch balloon tires. The spokes of the wheels are of larger diameter than used heretofore.

Among the more important, new mechanical features are a gasoline pump to supersede the long familiar vacuum tank, a new system of crankcase ventilation to reduce oil changes to a minimum and triple sealed oil filters. A new and softer acting clutch, a new and smoother transmission, a four bearing crankshaft, a 15 plate balancer and new oiling system are among the noted features of the new. Chrome plating, which is non-rusting, preserves the bright finish on the nickel plated radiator shell and rims of head and cow lamps and on the door handles.

Seven Body Types
 The new engine has a displacement of 212 cubic inches and is of the six-cylinder L-head type, casting block with the crankcase and cylinder block integral. It has a 3 1/4 inch bore and 4 1/4 inch stroke and develops 60 brake horsepower at 2,800 r. p. m.

Seven Body Types
 The new Oakland All-American Six body types present new grace of lines and new richness in character which are further enhanced by smart upholstery and exquisite interior trimmings and appointments. The complete line includes the Two-Door Sedan, Four-Door Sedan, Landau Sedan, Landau Coupe, Sport Phaeton, Sport Roadster and Four Passenger Cabriolet.

the-road appearance; graceful sloping, full crowned fenders; wide range of vision gained by narrower windshield pillars; narrower, deeper radiator; ornamental radiator cap with eagle rammer; head light and cow light colors matched with body colors and colored garnish rails. One of the most beautiful features of the interior decoration is the instrument board. It has a tri-clustered panel decorated with bas-relief engravure, silver-platinum inlaid. The center assembly consists of speedometer, gasoline gauge, oil pressure gauge and ammeter, glass covered and indirectly lighted. On the left assembly consists of a combination lighting, ignition and back-up light control switch. On the right, the assembly consists of the combination choke and throttle units, all engraved in oak leaf motif and finished to match the body hard ware. The instrument assemblies have silver platinum dials and are also engraved with the oak leaf design.

The upholstery in the Landau Coupe the Sedan, the Four-door Sedan and the Landau Sedan is of genuine mohair in shades to harmonize with body colorings.

The Sport Coupe and Sport Roadster are upholstered in Spanish leather, and the Sport Phaeton in Spanish leather with pillow type upholstery. A feature adding to the comfort of the car is an arm rest in the rear compartment of the Sport Roadster, Sport Cabriolet and Landau Sedan. The standard equipment on all cars includes besides the eagle ornamental radiator cap and instrument panel, a 17" walnut finished steering wheel, rubber floor covering in the driver's compartment, limousine rug in the rear of closed bodies, rear view mirror, new type tire carrier, rim for spare tire and automatic windshield cleaner.

For open cars a folding top with boot and door opening curtains are supplied. A number of special body features are found in various cars. A door on the right side of the rear deck for golf clubs is standard on the Landau Coupe, the Sport Roadster

and the Cabriolet. The one-piece clear vision windshield on the Sport Roadster and Sport Phaeton may be tilted for ventilation or the entire windshield folded forward to a horizontal position. The door-opening curtains are of single pyralin panel, the door handles are chrome plated with inlaid imitation pearl design. A distinctive heading design and color panel on the top of the doors distinguishes these sport cars. The Sport Roadster and the Sport Cabriolet each save a rumble seat. Two spare tires may be carried with the Sport Roadster, one on either side. Both the Sport Phaeton and the Sport Roadster are equipped with a trunk rack.

In the Sedan, Four-door Sedan and Landau Sedan are found embossed leather smoking case and satin finish dome lights. The Four-door Sedan and the Landau sedan have pockets in the rear doors, robe rails and foot rests

Announcing The
OAKLAND
ALL-AMERICAN SIX
At New Low Prices!

Built to meet every American demand for Reliability, Style and Performance

All-American—that's the world! No other word describes it!

American design. American lines. American endurance for the roughest American roads—proved on General Motors' great American proving grounds and built by American workmen using American precision-production methods!

A bigger, better, brilliantly beautiful car. New bodies—new chassis—new engine. New standards of performance, endurance, and value—and

NEW LOW PRICES!

wheels (19"), larger tires (29x5.50), a longer wheelbase (117"), and an exceptionally low center of gravity. And a new engine of 212 cubic inches displacement—the largest used in a car of Oakland's price. Power—smoothness—snap and silence that will be the talk of all America from this day hence. A combination of features never before employed in any automobile engine!

—a 78½-lb. crankshaft, counter-balanced and incorporating the Harmonic Balancer—a crankcase of bridge truss construction—Oakland's famous rubber silencing principle—and a new combustion chamber design from General Motors' Research Laboratories.

A gasoline pump that supercedes the long familiar vacuum tank—a new and efficient system of crankcase ventilation—triple engine protection by gasoline, oil and air filters—

Editorial And News Comment On National Happenings

Seems the ears of President Coolidge must have been burled last week while governors of 13 states were holding their annual convention at Mackinac Island. Gov. Hammond of Iowa, hinted that the federal government was directly to blame for the agricultural financial conditions of the country and suggested that steps be taken at the special session of Congress called for October to relieve the conditions of the farmers. He did not ask that financial aid be given, but cooperation in the marketing and be handled by men that were real farmers, not pencil-pushers and white collar experts. Gov. Ritchie of Maryland, urged that a house of governors would be in effect a "league of states" of the Union to combat excessive federal legislation. Evidently hinting that too much legislation had been taking place in Washington without fulfillment of any of it. It was said that Coolidge will really call a special meeting of Congress in October and take up the matter of rehabilitating the Mississippi flood area, but why has he waited until October? Six hundred thousand people are now suffering from the effects of this flood. A special session in July would have been better than October. It was clearly indicated in Secretary Hoover's report to Coolidge that prompt and immediate relief was needed, the special session in October will not do as much good as one held immediately; however, it will be better than nothing if it is really called and functions as it should.

Some sort of an organization intimates it will ask Congress to investigate the recent battles in Nicaragua. And if Congress grants the request it will probably select as investigators half a dozen gentlemen who have had training in the decoration of binders and curbs at gas stations, then there will be an investigation of the investigators.

Fatal accident occurred in Indiana when an airplane struck a tree. Some day, any remaining trees will have to wear danger signals day and night.

Recently several well-known politicians has stated that they will retire from the political grind to private life and keep out of the limelight. In some instances that is going to be a great relief to the public in general as well as to the relief of these politicians' nerves. We cannot blame them for reaching such decisions considering the company that some of them have to go in with while acting as public servants, with a few honorable exception. There is no pleasure in constantly planning and advocating constructive improvements to have one's efforts chloroformed by opponents to gratify petty spies and receive the benediction of machine bosses. There is a great deal of pinhead politics and it produces a condition of pessimism that is becoming a real danger to our democratic system of government. The average man adopts a bored, what's the use policy, refrains from attending the primaries and holding at elections, and abandons the field to political ignoramuses and corruptionists and reaction is encouraged to seek relief in dictatorship. It is no wonder they retire and seek seclusion in private life.

"There were 90,000 persons at the fight the other night," says the editor of the Lorain Journal. "Wonder how many tickets could be sold for a hang-in." Thousands and thousands, if you'll hang the right man.

If the law enforcement officers of Canton, Ohio, had done their work as well before editor Don R. Mellett was murdered as they have been doing since, his life would not only have been saved, but the gang that killed him would have been broken up. The success with which his slayers have been prosecuted not only shows what can be done, but what could have been done. The saddest feature of our social and political attitude is that we seem unable to do what decency calls for unless horrified into action by some disaster.

In a speech in Paris the other day, Poincaré said: "We cannot forget. He was not talking about the debt to the U. S."

Tex Rickard, the million-dollar prize fighter promoter, has been in Chicago arranging for the next big "gate" which will feature the Dempsey-Tunney battle for the heavy-weight championship. Rickard only deals in the seven-figure class and he has prophesied that \$2,000,000 is not unlikely as the receipts for this new class of boxing. Already many of the Dempsey enthusiasts can see him winning back

his old title. In their minds they make pictures of Tunney being beaten more easily than Sharkey was. They can see their favorite's downfall at Philadelphia avenged and his prestige restored. Tunney is to receive something like \$250,000 for his few minutes performance while Dempsey draws down the smaller end or something like \$220,000. Meanwhile, prominent officers of the American Legion are waging a battle against the staging of this fight declaring that Dempsey was a "slacker." Representative Landis of Logansport, Ind., a brother of the baseball czar, declared openly at the Legion convention in South Bend, that every effort should be made to prohibit this battle between Tunney and Dempsey. It is either going to have weight for the opposition or will be a matter of publicity for the promoters.

President of the Ohio branch of the National League to Abolish Capital Punishment has written a letter to Gov. Donahue using these words: "The fact that we are horrified by a brutal murder gives us no right to commit murder." This is in protest to the execution of Floyd Hewitt, a beastial and merciless young murderer who killed a mother and her little boy in Connecticut. It is very clear that sentence means the State of Ohio is committing murder to prevent this youth. It implies that the crime of the slayer who kills for his own selfish purpose is morally on the same plane with the taking of his life to prevent more murders. The essence of murder cannot

be found in the execution of a murderer. He is not killed in malice, nor slain for anyone's pecuniary profit, immoral desires, nor put to death to gratify lust, appease a fury of hatred or remove an obstacle to anyone's advancement. Murderers are killed to prevent more murders. They are done away with to make less of their kind. Will any zealot of a fantastic cause say that they are murdered or subjected to the peril of murder by the state?

New York paper says the man who invented the circus calliope never got a cent out of it. That's all right; he never got a sentence for it, either.

trip to Marion last Thursday where they were the guests of Mrs. Etta Foster.

Mr. Ralph Textor of Cleveland was a pleasant caller at the home of Mr. and Mrs. Orson Hofman last Friday.

SUNDAY SCHOOL CLASSES

ENJOYED PICNIC WEDNESDAY

The primary classes of the Presbyterian church enjoyed a picnic Wednesday afternoon at the church. About fifty children were present and enjoyed the games and good things to eat. Mrs. Southard, Mrs. Ralph Hoffman and Miss Harriet Rogers were in charge of the affair.

PERSONALS

Mrs. A. F. Donnewirth and daughters Ruth and Miriam returned from a weeks outing at Lakeside.

Mrs. A. F. Donnewirth and daughters Ruth and Miriam spent Tuesday afternoon at New Washington.

Mr. and Mrs. Lester Vanasdale and Mr. W. D. Payne of Newark took dinner with G. E. Payne and family Sunday. Miss Helen Payne returned home with them for a short visit.

Misses Laura Whittier, Claretta Sheely, Edna Fremeo, Mildred Sheely and Mary Sheely formed a congenial party that enjoyed the amusements at the lake Friday afternoon.

Mrs. Ray Sykes of Cincinnati is spending this week with her parents.

Mr. and Mrs. Orson Hofman have had as their guest for sometime, Mrs. Emma Beitel, of the Nell House, Columbus. Tuesday, Mr. and Mrs. Hofman accompanied Mrs. Beitel to Norwalk where she made changes for Lorain to meet friends from Columbus. They will spend sometime in Lorain before returning to their homes.

Mr. and Mrs. George McGuire of Marion, Mr. and Mrs. B. J. Walters of Toledo were charming guests at the H. B. Postle home over the week-end. Mr. and Mrs. McPherson and Mr. and Mrs. Swank of Fremont were visitors at the home of Mr. and Mrs. S. M. Brokaw Monday.

Mrs. Katherine Taylor is spending this week in Mansfield, guest of Miss Lili and Mr. James Dickson.

The Thousand Mile Oil.

STERLING OILS

STERLING OIL COMPANY - 217 Erie Ave. at St. Mary's W. & E. 5th St. Columbus, O.

Can Stretch it!
another 500 miles!
when you use Sterling
the 1,000 Mile Oil.

You can just add 500 miles more to that clever little memory jogger if you fill your crank case with Sterling Oil.

Sterling is the champion long-distance-runner. It's the one oil that has smashed the "500 milestone to change your oil" barrier erected by other oil concerns.

It hops the first 500 mile hurdle as though it wasn't there and takes the second one with ease, finishing at the tape still in good condition.

Get the Sterling habit and put back into your pocket this year half the money you usually spend for oil.

Stop and get our little booklet, "Smashing the 500-Mile Barrier" - it's free.

ky.

Save \$10.00
by ordering your **SUNBEAM** CABINET HEATER during **Sunbeam Saving Season**
August 1st. to 31st.
Order your Sunbeam Cabinet Heater before August 31st, instead of waiting until a few weeks later—and save \$10.00. Make a down payment of \$5.00 and receive, in accordance with the Sunbeam Saving Season offer now in effect, a credit of \$15.00. Start paying the balance, when your Sunbeam is installed.
The Sunbeam thoroughly heats the home with 5 to 7 rooms, but requires no basement. Only a heater constructed like the Sunbeam with a cast iron heating unit of the furnace type; an 84 pound fire-pot; one joint above fire bed; an inner casing that doubles the heating surface, can give this result. For the heating capacity, economy, efficiency and long life of a cabinet heater depend on these parts, which you do not see. Everyone can afford Sunbeam whole-home warmth. Sunbeam prices are now the lowest in Sunbeam history.

Brown & Miller
Plymouth, - - Ohio

RESOLUTION
Declaring it necessary to improve North Street From the End of the Brick Pavement East and North to the Corporation Line, by Grading and Paving the Same with Four Inches of Water Bound Macadam With Surface Treatment of Chipstone.

WHEREAS, an agreement has been entered into between the Village of Plymouth by its Council and New Haven Township, Huron County, Ohio, by its Board of Trustees for the improvement of North Street within the corporate limits of the Village of Plymouth under which agreement the Village of Plymouth agrees to pay 50 per cent of the total cost of said improvement, New Haven Township agrees to pay 35 per cent of the entire cost of the entire cost to be assessed against the abutting property, Now Therefore:

BE IT RESOLVED by the Council of the Village of Plymouth, Huron and Richland Counties, Ohio, three-fourths of all members elected thereto concurring:

SECTION 1. That the public convenience and welfare required and it is therefore necessary to improve North Street from the end of the present brick pavement east and north to the corporation line by grading and paving same with four inches of water bound macadam together with a surface treatment of chips all in accordance with the agreement heretofore entered into between the said Village of Plymouth and the Trustees of New Haven Township.

SECTION 2. That the grade of said street shall be that shown by the plans and specifications for said improvement by reference to said plans said grade is hereby established.

SECTION 3. That the plans, specifications, estimates and profiles of the proposed improvement heretofore prepared and now on file in the office of the Clerk of the Village of Plymouth and also of the Clerk of New Haven Township be and the same is hereby approved.

SECTION 4. That 15 per cent of the entire cost of said improvement shall be assessed by the foot front up on all the lots and lands bounding, and abutting upon the proposed improvement which said lots and lands are hereby determined to be especially benefited by said improvement, and the cost of said improvement shall include the expense of the preliminary and other surveys, and printing and publishing of the notices, resolutions and ordinances required and the serving of said notices, the cost of construction together with interest on bonds issued in anticipation of the collection of deferred assessments and all other necessary expenditures.

SECTION 5. That the assessment as to be levied shall be payable in 10

annual installments with interest on deferred payments at the same rate as shall be borne by the bonds to be issued in anticipation of the levy and collection thereof; provided that the owner of any property assessed may at his option pay such assessment in cash within thirty days after the passage of the assessor's ordinance.

SECTION 6. That the bonds of the Village of Plymouth shall be issued in anticipation of the levy and collection of assessments by installments to an amount equal thereto.

SECTION 7. That fifty per cent of the entire cost of said improvement, including the cost of interest, together with the cost of any expenses of any appropriation proceedings and damages that might be awarded to any owner of adjoining lands and interest thereon, shall be paid out of the street maintenance fund; all by the issuance of bonds of the Village of Plymouth for such purposes as is provided by law; the balance of the entire cost of said improvement shall be borne by the Trustees of New Haven Township in such manner as they may provide.

SECTION 8. This Resolution shall take effect and be in force from and after the earliest period allowed by law.

E. K. TRAUTGER, Clerk
J. B. DERR, Mayor.
Passed Aug. 2, 1927. 4-11

Interesting News From Shiloh

HONORS CLASSMATE

Honoring Miss Virginia Penner of Chicago, Mrs. H. W. Hurdleston was hostess at a finely appointed dinner to the members of her graduating class. Those present were Miss Fenner, Mrs. W. E. Koerber of Ashland, and Mrs. Levi Malone of Shiloh, who was accompanied by her daughter, Miss Beatrice Malone. The absent member of the class, the only male member was Prof. Dibert Cleland of St. Louis. A most enjoyable evening was spent at this hospitable home.

ON MOTOR TRIP

R. R. Barnes and daughter Miss Amy Barnes left Tuesday morning for an extended trip to Pittsburg and other points in Pennsylvania.

LOSS OF SEVERAL THOUSAND DOLLARS
The large barn belonging to Mrs. Margaret Allan, northeast of town, burned to the ground early Friday morning. Grain and hay belonging to Mrs. Allan, and corn, hay and farming utensils belonging to others were all consumed.

Everybody wants to hear the colored folks sing at the Shiloh school auditorium, Friday evening, August 5, at 8 p.m. This group of folks from the Calvary Baptist church of Mansfield, who present "The Slabtown Convention," will give an entertainment well worth the money. Don't forget the date, Friday, August 5, at 8 p.m.

INTERESTING MEETING
The Ladies Aid held at the home of Mr. and Mrs. C. L. Bloom, a very good midsummer meeting with a fair attendance and an excellent picnic dinner. Mrs. Margaret Ferrell of Cleveland and Mrs. Irene Bloom were the guests.

SPECIAL TRAINING
Mr. and Mrs. Boyd Hamman and son Donald motored to Mansfield Sunday, and Donald left from there for Decatur, Ind., where he enrolled Monday in the agricultural college, and will specialize in Livestock, Pedigree study and Salesmanship.

SHILOH M. E. CHURCH
Sunday, August 7, 1927
E. B. McCroon, Pastor
Faye Hamman, S. S. Supt.
Sunday school 10 a.m.
Missionary Sunday, Special opening programme. The orchestra is getting better each week.
Public Worship 11 a.m.
This is Sacramental Day. An opportunity will be given for baptism of infants and adults, and for any who may wish to unite with the church. This service will close with the sacrament of the Lord's Supper.

Church Nine services Thursday evening.
RETURNED HOME
Mr. and Mrs. A. W. Firestone and son returned Wednesday from a most enjoyable motor trip. Miss Jeanette stopped at the home of her grandparents, the Hon. and Mrs. H. E. Buck at Delaware, Sunday and she returned with them.

The members of the I. T. Class of the M. E. church are sponsoring a bake sale to be held at the Township hall in Shiloh, Saturday, August 6. The proceeds are to be added to the new piano fund. The class would appreciate donations from all members and friends of the church and the patronage of all. The committee in charge request all donations be on hand as soon after 6:30 p.m. as possible.

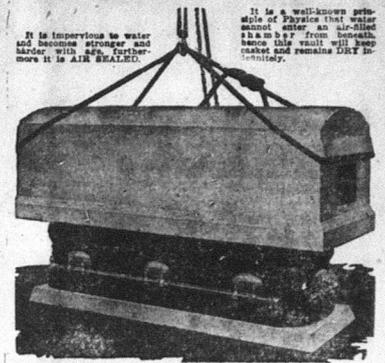

Have you ever experienced the joy that comes to a fellow when he is remembered by friends with flowers, while he could enjoy them? Well the Mentie family certainly was made happy on Saturday when Mrs. Mary Snyder and Mrs. A. L. Moser from Pettit street paid a visit to the home on Prospect street, bringing a beautiful basket of gorgeous gladiolas and roses. We have seen and raised flowers for years, but this collection of gladiolas takes the first prize. Thank you, ladies.

The Louis O'Connell Co.'s

Air Sealed Reinforced Concrete BURIAL VAULT

It is impervious to water and sea-level changes and harder with age. Furthermore it is AIR SEALED.

It is a well-known principle of Physics that water expands on a slight increase in heat. It is this expansion which causes the concrete to crack and remains DIRT in the cracks.

Manufactured by

The Louis O'Connell Co.

78 Adams Street Tiffin, Ohio
Sold by Chas. G. Miller, Plymouth, Ohio

with relatives in Greenwich.
Mrs. Roscoe Willet at Olmstead Falls, Sunday.

Mr. and Mrs. George Woods of Toledo visited with Mr. and Mrs. P. L. Willet Sunday with relatives.

WHEAT FARMERS: HERE IS NEWS—

40 BUSHELS

Where 30 Grew Before

Libon, Ohio
Sept. 20, 1926

The American Agricultural Chemical Company,
Cincinnati, Ohio
Sirs:

I have used "AA QUALITY" Fertilizers for years and will continue to use them. Mechanical condition has always been right, and the results never have disappointed me. They hasten maturity, increase the quantity and wonderfully improve the fertility of the soil.

Using 300 lbs. of "AA QUALITY" Fertilizer per acre, I obtained 40 bushels of wheat per acre, an increase of 10 bushels.

Yours very truly,
C. C. PIKE

An exception? Not at all. 1739 such cases have been reported to us. In this instance, the increased yield meant an added profit of \$8.41 per acre. To say nothing of higher grade and better price for the entire crop. Proof that it pays to select fertilizer on its crop-producing record.

"AA QUALITY" Fertilizers assure a higher grade of wheat with the same seed, the same acreage, the same labor. Result, lower production cost for every bushel and a greater margin of profit for you. "AA QUALITY" Fertilizers usually pay you several times their cost in increased yield and quality.

THE AMERICAN AGRICULTURAL CHEMICAL COMPANY
Cincinnati Sales Department
405-411 Provident Bank Building, Cincinnati, Ohio

Look for the "AA QUALITY" seal on every bag of fertilizer. It stands for 60 years of manufacturing experience.

This seal guarantees more than correct chemical analysis—it assures you of proven crop-producing value.

THE BEST IS ALWAYS CHEAPEST IN THE END
