HARTMAN GETS PRISON TERM

Clarence Hartman caused the death of Mrs. Wm. Broadhead and her ill-tempered granddaughters on July 4th when, after he was warned, drove carelessly up and down the highway at Vernon Junction. His machine went wild. The lives of two almost taken instantly—the third woman died some time later as a result of injuries. The Mansfield News tells of the trial and sentence as follows:

For the next ten years Clarence Hartman will be confined to the Ohio penitentiary not only to pay for the death he has caused three persons, but as an example to others that the rights of pedestrians must be respected.

In common pleas court Saturday morning Judge James W. Galbraith pronounced the sentence, that will keep the 25-year-old youth in custody of the state for not less than ten years nor more than twenty.

The court room was filled when Hartman was called to his feet. He said he had nothing to say as to why sentence should be passed on him. "I have no fear as to what people may say as to the sentence I am about to give you; I only know I am doing my duty," Judge Galbraith commenced, speaking slowly and clearly. "In the ten years I have been on the bench I have never had a case that has given me so much concern; that has caused me so many hours of trouble and concern in my effort to reach a conclusion that will be just, that will be right and which, I sincerely trust, will serve, in a measure at least, to warn to other thoughtless persons that the rights of others must be respected and regarded."

Carefully, Judge Galbraith reviewed the case as it was presented by witnesses.

He pointed out the occurrence of July 4th when Hartman drove his car speeding over the highway in the vicinity of Vernon Junction and as a result of his action, the lives of two people were snuffed out.

"At that time you violated the rights of others," by your act of carelessness and thoughtlessness, the lives of an aged lady 65 and a little baby of three were snuffed out," the court said.

"There was not a scrap of evidence produced here to show that either of them were in any way acting in any way or in any other than within their perfect rights. They had a right to walk on that highway and it was your duty and the duty of every prudent and careful driver to respect those rights."

"I am inclined to take the word of those eight or nine witnesses who testified here as to the speed you were traveling and the way you drove your car."

UNION SERVICES TOMORROW

Thanksgiving Day will be observed here tomorrow in a quiet and general way. All business houses will be closed as well as the post office and banks, and business will be suspended at the local plants for the entire day.

Many out-of-town visitors will be here to partake of the annual feasts and many families will once again be reunited. Several of the younger people who are at college or who are positioned in distant towns will be here for the day, and Thanksgiving on the whole will mark the beginning of the Christmas holidays.

The main feature of the day will be the Union Services of the three churches which will be held at the Presbyterian church tomorrow evening at 7:30. Rev. A. M. Hines of the Lutheran church will deliver the Thanksgiving message. The entire community is invited to attend this service for it will be filled with inspiration and will help us to appreciate the real meaning of Thanksgiving.

Several hunting parties are being planned and many sportsmen from the city will come to Plymouth and enjoy a day's hunt. All in all, Thanksgiving will more than likely prove a day of real genuine happiness and thankfulness to the people of our community, state and nation.

UNITY BIBLE CLASS

The Unity Bible Class of the Lutheran church will hold the next meeting on Monday, December 3rd, at 7:30 p. m. in the Lutheran church.

PLYMOUTH PUBLIC LIBRARY

Last summer a Miss Pearl Smith started a subscription for a set of books "Our Wonder World." These eleven volumes cost \$59. Miss Smith collects \$33 while she was here and had about \$12 more pledged. All of this has not been paid. If you promised to help on the set while she was here will you please bring the money to the library as soon as possible. We are open every evening except Saturdays and holidays.

Contributions in any amount will be welcome to help us meet the cost of this obligation. Come in and see the books which you have paid for. They are good.

Come in and use the library which is a branch of the Mansfield Library. Mrs. H. I. Jeffrey, Lib.

TWO COUNTIES SHOW NICE SUM

COLUMBUS—Ohio's budget for Christmas purchases will be increased by almost \$26,000,000 early in December when the banks of the state distribute Christmas Savings funds of that amount to more than one-half million people who have been saving systematically throughout the year.

A large portion of this vast sum will go to the retail business establishments of the state in payment for Christmas gifts and supplies. Portions of it also will be used to meet obligations incident to the end of the year, while a share of it will go back into the banks in the form of permanent savings.

The actual amount of Christmas Savings Club money to be released by the banks is \$25,751,000, according to Charles H. Mylander, Secretary of The Ohio Bankers Association, which obtained the figures through a survey of all the banks of the state.

This amount will be divided among 523,753 Ohioans who will receive from \$12.50 to \$1,000 each, depending upon the size of their weekly deposits. Increasing popularity of the Christmas Savings system is indicated by the figures for the state is \$43.78. This amount will be divided among 523,753 Ohioans who will receive from \$12.50 to \$1,000 each, depending upon the size of their weekly deposits.

While the banks accept Christmas Savings deposits in various amounts, the average for the state is \$43.78. Richard and Haron County citizens to the number of 9,413 held Christmas Savings accounts in the banks. These deposits totaled \$488,000.

"The availability this year of almost \$26,000,000 for Christmas buying in Ohio is a matter of considerable economic importance," says Mr. Mylander. "Distribution of the funds will stimulate holiday purchasing and, because the amount released this year is greater than ever before in history, retail establishments should feel a very marked effect."

"In receiving and distributing these funds, the banks of the state are performing a distinct service to both the depositors and the businessmen of their communities. Work handling these accounts imposes a direct expense upon the banks with no opportunity for profit. Bankers, however, are willing to render this service in the interest of stimulating business and making the accumulation of Christmas funds easy and convenient. Popularity of the system is shown by the increasing number of persons who hold membership in the Christmas Clubs this year."

WOMAN ARRESTED

NORWALK—Mrs. Lillian Lillard, of Willard, a colored woman, fined \$1,000 recently on a liquor charge by Mayor E. K. Morris at Willard, is in the county jail here and probably will be taken to the prison for women at Marysville this week by Sheriff C. D. Trimmer.

TO GIVE XMAS CANTATA

The combined choirs of the Shiloh Plymouth M. E. churches are already hard at work on their Xmas Cantata, "Chimes of the Holy Night." L. Z. Davis is directing the Cantata and approximately twenty-five voices will be in the chorus. The date will be announced at a later date.

CHANGE IN SCHEDULE

Plymouth people who use the Shiloh-Mansfield trolley will observe that a change in schedule has been made to the effect that the car now leaving Shelby for Mansfield at 2 p. m. will be held over until 2:15. This will make connections with the Big Four train.

THE START OF AN ORIENTAL ROMANCE

Childhood is the same the world over as this photograph indicates. It was taken in the "Golden Rule Orphanage" of the New East Relief on the island of Syria, Greece. It is to complete its work among these children that the relief organization is appealing for the observance of International Golden Rule Sunday on December 2.

FIRST TOUCH OF GREENWICH MAN WINTER SUNDAY TRIES SUICIDE

Winter set in Saturday night with high winds and snow flurries, and Sunday morning found this vicinity well covered with ice. Many motorists who ventured out for the day met with various mishaps. A Buick touring car owned by Bill Nickler of Bellevue left the road near the Chancy Hamilton place and smashed both left rear and front wheels with out removing the hub caps. Several windows were broken out of the winter top, thus endangering the lives of the other two occupants of the machine.

Two Ford sedans, suffered the loss of a wheel each as the result of the slippery pavement Sunday. Both of the mishaps occurred on West Broadway, one at the intersection of Park Avenue, when the driver started to make a turn from Park into Broadway, and the ice carried the machine to the ditch. The other mishap happened within a block. All of the cars were towed to the Ford Repair Shop.

Filling stations were kept busy all day Sunday filling radiators with alcohol and other anti-freeze fluids and predictions are that with the next cold spell another lot of accidents will be recorded.

OLENA MAN IS KILLED BY AUTO

Funeral services were held Tuesday for John S. Lawrence, 65, of Olena, who was instantly killed Sunday morning when he was struck by a machine. Rev. W. H. Shields officiated and interment was made at Olena.

The fatal accident occurred on the Main road about 100 feet north of the filling station conducted by Burt Coffey. H. D. Walters, a young man from Shelby, was the driver of the car. With Walters at the time of the accident was David Cowd, a young man of Mansfield. Walters stopped his car within about 200 feet of the scene of the accident and he and Cowd returned to the place.

Coroner Bell was informed that just before Mr. Lawrence was killed, the victim of the accident, and Colonel O'Dell, were about to cross the pavement from the east side.

The lights of the on-coming car were conspicuous, and when Mr. Lawrence started to cross, his companion uttered words of warning. But Mr. Lawrence was thought to have ample time to cross. The man was struck by the right front fender and right front lamp within a few feet of the western edge of the pavement. The lamp was bent sharply to one side and the fender was considerably bent out of shape. Coroner Bell reports that Mr. Lawrence's neck was broken.

FIRE DESTROYS FARM PROPERTY

Hinkley House and Buildings Burn Near Fairfield.

NORTH FAIRFIELD—The Charles Hinkley farm house and three other buildings on the property, three and three-quarter miles east of here, were burned to the ground Sunday noon. The loss is estimated at approximately \$5,000 with only a small portion covered by insurance.

The fire is believed to have originated from an over-heated furnace. The family had gone to New London to visit relatives for the day and it is believed that they left a large fire burning in the furnace. When the blaze was noticed by Robert Earl, a neighbor, it was impossible for Earl to enter the house which was filled with smoke. The furnishings and the clothing of the family burned with the building.

A wood house, a workshop and a chicken house with their entire contents were the other buildings burned.

BREWBAKER STILL GOING

There's many among our readers who will be surprised and glad to know that Plymouth's Brewbaker is as young at 82 years as he was at the age of forty. When asked how he kept his health and enjoyed such vitality at his age, he replied that "plenty of hard work and hearty meals were responsible." Mr. Brewbaker, who has been in Plymouth most of the shopping and he can be seen most every morning around the Square, always smiling and always a good word. That's a blessing that comes with old age... smiling and cheerful... spreading a little sunshine in the declining days, and that's just what Uncle Jake does.

In honor of Mr. Brewbaker's birthday, which occurred Monday, November 26th, his daughter, Mrs. Will Sykes of Cleveland, served an old-fashioned birthday dinner at her home. Besides the immediate family several close friends were present and all wished Mr. Brewbaker many years of continued health and happiness.

SHILOH CITIZEN DIES SUDDENLY

SHILOH—Albert Moser, a life long and highly respected citizen of this place, died suddenly at his home about 12 o'clock Monday night. Mr. Moser had been in poor health about a year, and had recently been seriously ill but was apparently recovering, and felt better Monday than he had for some time. But death came swift and sudden, and his demise seems doubly sad on account of the widow Mrs. Elizabeth Moser being seriously ill. Mr. Moser was born October 25, 1854 and was aged 73 years, 1 month and 4 days. He had been employed by the rail road for 58 years, having received his pension about one year ago. He leaves to mourn his loss besides his widow, two daughters Mrs. Pearl Hulbert and Mrs. Bertha Bell of Cleveland, one step daughter Mrs. Mrs. Florence Miller of Elvira, one brother Wm. Moser of Windsor and one sister Mrs. Elizabeth Dibble of Lorain. The funeral services will be held Friday afternoon at 2 o'clock at his late home, by Rev. E. B. McElroy, and the body laid to rest in Mt. Hope cemetery.

Mr. Moser was quiet and unassuming and will be greatly missed in his home and by his many friends.

AUTO MANUFACTURERS MERGE

FLETCHER TALKS HERE DEC. 6TH

Brooks Fletcher, highest paid orator since Bryan, will appear here next Thursday evening, December 6th, at 8:00 at the Lutheran church under auspices of the High School Athletic Association.

Mr. Fletcher is a former congressman and has had unusual experience with conditions in Washington and he will speak on the subject: "Behind the Scenes in Washington," which will prove very beneficial to every citizen of Plymouth and the community.

Brooks Fletcher needs no introduction to Plymouth, for he is a native of Crawford county, and is one of Ohio's ablest men. He is an orator with a tongue of silver and he holds the attention of his hearers. Brooks Fletcher is Ohio's most promising man, and the public should not miss the opportunity of hearing this man of talent, for he will give information that you will find valuable in your every day walk of life. He will give you something to think about, he will reveal the true standing of the United States at Washington. Don't fail to hear him next Thursday night at the Lutheran church.

COUNTY GROUP OF DEMS REPORT \$435.00 EXPENSES

All expense accounts of the last election have been filed with C. O. Frederick, clerk of the board of elections, and will be ready for the attention of the board. The Huron County Democratic organization reports receipts of about \$435 and expenses of practically that amount. On Dec. 4, the ballots of the last election will be burned as is required by statute.

NEW PONTIAC TO BE ANNOUNCED

Pontiac, Mich. — A Pontiac Six, new in practically everything but name, shortly will appear on the market. It was announced here by the Oakland Motor Car Company.

A bigger, smarter, more powerful and more luxurious Pontiac, bringing big car features within the price range of the small six, was promised by the Oakland company.

This announcement comes near the close of the most successful year in the company's history with an estimated total output for 1928 of close to 270,000 units, forty percent above 1927.

In preparation for 1929, extensive building projects under way here for some time past now are practically completed and will give the Oakland-Pontiac plant a capacity next year in excess of 350,000 cars.

Production of parts for the new car is now under way at the company plant, said to be the most modern and best equipped in the industry. The new Pontiac Six will be built almost entirely in factories owned by the Oakland Motor Car Company and the Fisher body plant at Pontiac, Mich.

cause the opening of new production units will enable Oakland in 1929 to build parts formerly manufactured elsewhere.

Keen interest in the new Pontiac Six was evidenced in automotive circles here and at Detroit because the Pontiac, first introduced in 1926, has since consistently shattered all previous sales records for a new make of car.

While embodying big car features and performance, the new Pontiac Six will remain within the price range of the smaller six, according to the announcement issued today. National showings will be held around the first of the coming year.

CHAPEL SERVICES

Chapel services were conducted by Rev. McBroom on Tuesday, November 27. He began his series of talks on building of the pyramids of life. In this, the first talk he stressed the importance of a strong physical body. He said that a strong physical body is not only an advantage in itself, but also is an aid to our learning power. He warned the students against the use of cigarettes, because of the physical harm.

The next time Rev. McBroom leads chapel he will speak on the importance of literature in life.

PICTURE SHOW

SALLY OF THE SAWDUST, a picture now by D. W. Griffith will be presented in the school auditorium Thursday evening, November 29.

As the story goes the spirited, defiant Sally is a pitiable young thing cast inebriated into the whirl of the wagon circus. Still there is within her the mad ray dash of an imprisoned and indignant bird beating its wings against the smelly bars of a cage in which it knows by instinct it does not belong.

Always beside her and to protect her is the happy-go-lucky juggler faker and circus ballyhoo man, Prot Eastace McGardle, in whose care Sally was left by her dying mother who had been cast out from her home when she married a circus man. The tender devotion which wraps these two strange and captivating travelers is made a thing of exquisite beauty, all the more engaging because of the rich and almost continuous vein of humor in which, by their very nature, they carry on.

When the circus goes broke, the

ENDOW FUND FOR LIBRARY.
Greenwich Women Give \$700 for Books in School.

GREENWICH—The Congregational Ladies' Union has endowed a library fund for the Greenwich High School.

A sum of \$700 has been presented by the disbursing union to the school for library purposes. It will be known as the Congregational Endowment Fund and the interest from the sum will be used for the purchase of books at the discretion of the school committee. In establishing the library the group urged that the books might also be used by the public and that the library be open to the public at least one afternoon each week through the vacations so that books may be kept in circulation.

The society also presented a flower fund to the Ladies' Union of the Methodist church.

60 hours by
train—6 minutes by telephone

Long Distance is not only the fastest, but the most economical method of transacting business or making social visits. Where any hours, by the fastest train would be taken in travel, Long Distance telephone reduces the time to six minutes. The results are practically alike, yet time and money are saved by Long Distance.

The cost of Long Distance Service need not prevent you from being so economical. It costs so little and will do so much for you. It is so simple as to offer at 1 P. M. and had better call it at 1 P. M. and 7 P. M.

There are many times when Long Distance Service can save you long, tiresome and expensive trips. Pick up the receiver, tell the operator whom to call and before you know it, you are actually talking to your friend—your loved one—or business client.

The Parson's Column

There is an old proverb which reads "Familiarity breeds contempt", and its truth is demonstrated to us daily. The writer used to be employed where his window commanded a view of the entrance to a large industrial concern. Scarcely a day passed that an ambulance did not dash up and in a few minutes go hurrying away with a

piece of human wreckage, and some time this would happen two or three times in a day. Why? Because men became careless from familiarity with the dangers that surrounded them. Scarcely ever was a new employee the chief actor in one of these ambulance scenes.

This truth also has a significance in the realm of spiritual things. I sometimes wonder if it would not be a good thing to wipe the calendar clean of our national holidays. For to so many people the spiritual values and the ideals involved in their celebration are lost under the mass of details of certain activities commonly related to the day. For instance on next Thursday we will observe the national Thanksgiving Day, but to a great number of our people it will simply be a day, when they will not

carry on their usual occupations. A day of turkey, chicken or goose dinners. A comparatively few will attend some service of worship, where a perfunctory thankfulness will be expressed for material blessings and prosperity. Dr. Franklin tells that on one occasion in the early history of New England in a time of difficulty some one suggested, a day of feasting. A hardy old settler arose and exclaimed "Why will you provoke God by your complaints? Let us proclaim a day of Thanksgiving to God for the opportunity to act with a conscience void of offense."

Can we on Thursday next say with St. Paul "In all things I give thanks unto the Lord Jesus Christ who strengtheneth me."

Miss Mabel Fernald, Huron County Home Demonstration Agent, and the ladies of this vicinity, held an all day meeting in the church parlors, Wednesday.

Fourty relatives and friends pleasantly surprised Mrs. E. E. Bucking, born Friday evening in honor of her birthday.

Miss Henrica Cok was a Sunday supper guest of Miss Florence Sharrida.

SCHOOL NEWS

Nine new pupils were enrolled in the Celeryville school the past week. This makes an enrollment of twenty-nine.

Those who received 100 in spelling every day the past month are: Kenneth Sanford, Evelina VanZoozt, Mary Blanche Barnett and Elizabeth Adams.

L. Van Horn attended the play, "Varsity" at Ohio Theatre, Mansfield, Thursday afternoon.

TOURIST CLUB

Mrs. Harry Knight was hostess to the Tourist club on Monday night. The evening began with a delicious dinner served at 6:30. Then Mrs. Elden Nimmons conducted the club over the greater part of Asia. We followed in the footsteps of Marco Polo the world's greatest overland explorer who lived during the thirteenth century. The lesson was most interesting and was ably presented by Mrs. Nimmons. Roll call was responded to by thirteen members.

The next meeting held will be the club's annual Christmas Party at the home of Mrs. Elden Nimmons.

ATTENDED LUNCHEON

Mrs. George Bevier attended the luncheon bridge affair given on Thursday by the joint hostesses Mrs. V. O. Peters and Mrs. David Bevier at the Peter's home on South Broadway, Shelby.

Mr. and Mrs. B. L. Van Horn spent Sunday with relatives in Gallon.

O. E. S. SOCIAL CIRCLE ENTERTAINED

The Social Circle O. E. S. was entertained in the afternoon of November 28th, at the home of Mrs. Maile Doyle,

with Mrs. Fannie May as assisting hostess. We had our first real taste of winter that day, but in spite of the blizzard the attendance was good, and the meeting enjoyed by all.

At this time of the year, with Xmas fast far away, the grown-ups often find themselves wishing they were children again. The members of the Social Circle will have the opportunity to go back to childhood days, for on the evening of December 5th, Mrs. Jennie Ruckman and Mrs. Gladys Fetters, at the home of the latter, will entertain them with their regular "Kids Party." All are urged to dress in appropriate costumes, and the evening will be spent in playing kids games and forgetting for a brief while, the cares and troubles of every day life. But here is hoping the hostess' will not carry the idea too far, and serve spinach and Cod Liver Oil for refreshments.

SEVEN BROADWAY ACTORS IN GILBERT FILM 'FOUR WALLS'

It takes seven New Yorkers to make up the cast of John Gilbert's new starring picture of the New York East Side, "Four Walls," which comes Monday and Tuesday to the Temple Theatre.

Gilbert himself was at one time on the New York stage and spent several years in that city during his childhood. Joan Crawford, although not a native New Yorker, is one by adoption. She was dancing in the Winter Garden when Harry Raff, a Metro-Goldwyn-Mayer executive, saw her and gave her the great chance on the screen.

Vera Gordon who plays the role of Gilbert's mother, was for years one of the best known actresses on the New York stage. Carmel Myers, who plays Bertha, is another one of the millions who in their youth called the great city "home."

Louis Natheaux and Jack Byron, who are the villains of the play, have both spent many months in New York while on the "big time" in vaudeville. Robert Emmet O'Connor, who plays the New York detective who arrests Gilbert, is also to be found in the long list of those who have made a name for themselves on the New York stage.

Hartman Gets

(Continued from Page One)

car. I don't think each of them deliberately perjured themselves in an effort to send you to the penitentiary.

The court declared that he strongly questioned the testimony of Hartman when he said he was traveling at a rate of speed not in excess of 35 miles an hour.

He pointed out when the car was passing over the railroad tracks in a

westerly direction Hartman said he was going just 35 miles an hour.

"You drove down the road three-quarters of a mile and turned around. Then you say you returned at the same rate of speed. That is impossible as you can figure for yourself in the time allowed for the trip. Your speed must have been much greater," the court commented.

"Turning to the matter of the punishment Judge Galbraith said: "I realize that the life of that aged lady, that the little baby and Mrs. Montelhi, who died from the injuries she sustained at your hands, cannot be brought back but I hope that others may be brought to the realization that they cannot drive thoughtlessly and without regard for the rights of others and escape punishment.

"Within the past year I have seen two persons struck while crossing the streets around our park, out there. Just a few months ago I pulled two little boys from in front of the Southern hotel. Twice I have narrowly escaped being struck while crossing the street from the court house.

"There are a lot of idiot drivers in this town who think they merely need to blow their horns and everyone must yield to them. I hope those kind of people will realize they can't continue to act that way and hope to escape punishment from the court house.

"If I was to deal lightly with you, you others would say they could do the same thing and possibly escape. I am attempting to send a warning on all careless, reckless and thoughtless drivers.

"That is the reason I am sentencing you to the Ohio penitentiary for not less than ten years nor more than twenty. The sheriff will take charge of the prisoner."

As Judge Galbraith passed sentence there was a strange silence in the court room. As the words came slowly and with care the big clock ticked and occasionally a stifled cough seemed unusually loud.

Sheriff Schadt stepped forward as the court finished and beckoned to Hartman. The prisoner followed him from the court room which became a hum of muffled voices until Court Bailiff Hugh Dillon rapped soundly for silence.

Before sentence was pronounced state and defense counsel spoke briefly.—News

The new Ford has a very simple and effective lubrication system

The lubrication system for the engine of the new Ford is as simple in principle as water running down-hill.

A gear pump in the bottom of the oil pan raises the oil to the valve chamber reservoir. From here it flows on to the main crankshaft bearings and the front camshaft bearing. Overflow oil drops into the oil pan tray and runs into troughs through which the connecting rods pass.

As the ends of these rods strike the oil they scoop up a supply for the connecting rod bearing. At the same time they set up a fine spray that lubricates the pistons and other moving parts.

From the tray the oil runs into the bottom of the pan, and is again drawn up through a fine mesh screen and pumped to the valve chamber.

This system is so effective that the five-quart contents of the oil pan pass through the pump twice in every mile when you are traveling at only 30 miles an hour. Yet there is only one movable part—the oil pump.

Vol. III Published in the Interest of the Plymouth Schools

- THE BASKETBALL CODE**
1. Learn the rules of the game so that either as player or spectator you will be intelligent.
 2. Accept decisions of officials without question during the game.
 3. Permit no irritating or abusive remarks on the sidelines to players or officials.
 4. Recognize and applaud an exhibition of fine play or good sportsmanship by a visiting team.
 5. Insist on the courteous treatment of the visiting team and show its

remarks on the sidelines to players or officials.

6. Remember that the spectator as well as the athlete represent the school or community and that a good name is of more value than any victory.
7. Acquaint the community with the ideals of sportsmanship, for which you stand and impress upon the communication its responsibility for self-control and fair play at all contests.
8. Insist on fair, courteous and truthful accounts of athletic contests in local papers. When in doubt, give your opponents the benefit. Never all but.
9. Be familiar with the rules of eligibility. Support their strict enforcement.
10. Encourage full discussion of fair play and sportsmanship. Make the "code of sportsmanship" your code and play the game.

members every possible consideration.

FOR YOUR HELP—1928-29

Changes in Basketball Rules—1928-29

1. It is recommended that the ideal floor for secondary schools be 48 ft. x 75 ft.
2. A recommendation is made that the metal in the basketball rings be not more than 5-8 in. in diameter.
3. A held ball is now declared when a player is making no effort to put the ball into play. An unguarded player may hold the ball indefinitely in the court, but as soon as an opponent takes a position close to (say within a yard of) player with the ball, the latter must get the ball into play.
4. The ball is not dead when it strikes an official.
5. Running with the ball (traveling or carrying the ball) is progressing in any direction while holding the ball.
6. Guarding from the rear which results in personal contact is a personal foul.
7. The referee shall determine upon appeal with the time-keepers to denote "time out" and "time in," especially on fouls and free throws.
8. Whenever play is suspended, (unless otherwise provided in the rules) play shall be resumed by tossing the ball up between the two players of opposing teams nearest to it at that spot where it was when play ceased.
9. A player shall not tap and catch the ball on the second of two successive jump balls if he tapped and caught it on the first of the two jump balls.
10. The dribble is still legal. However, if the dribbler's path is blocked, he is expected to pass or shoot; that is, he ought not to try to dribble by an opponent unless there is a reasonable chance of getting by without contact. This is not intended to free the defensive player from responsibility; it is the duty of both players to avoid contact, but more attention than hitherto is to be directed to the dribbler's responsibility. In attempting to stop a dribble the offensive player must play the ball.
11. If a player in the act of shooting is fouled simultaneously by two or more opponents, only one free throw shall be allowed for each foul, but a personal foul shall be charged for each offense.

CHAPEL

Reverend S. Struyke of Celeryville gave us a very inspiring talk at chapel last Wednesday morning. The trend of his talk was "Success." The three things that make success are cooperation, application and aim.

He said that the students in school should make their aim higher than that of their ancestors. That they should apply themselves diligently and take an interest in their work. They should also cooperate with the teachers and with each other. These three things determine whether or not they will be successful.

At the end of his talk Reverend Struyke quoted quite appropriately the following verse:

"What brings the archer fame? Is it his bow and arrow, Or his aim?" M. P. 30

Jack: "Why didn't you hear about it, I tried to play the piano by ear."

Mr. Fisher (hurriedly explaining a problem): "Now, young people, pay close attention to the board while I run through it again."

Raymond: "A man's hair and teeth are his best friends."

Luvier: "Yes, but the best of friends will fall out."

Miss LeFevre: "I am going to be personal: How many in this class have never received a whipping?"

Sophomore: "I haven't."

Miss LeFevre: "I always wondered what was wrong with you."

Caller: "Is your husband a fast writer?"

His wife: "Fast? Why I've got out seven lines of washing while he's been writing four of poetry."

BOOKS!

Last Thursday evening the grade libraries experienced a complete revision. During the course of years, many books have been misplaced. For example, seventh grade books were found in the second grade, fifth grade books were found in the first grade libraries. Now every book is in the proper grade.

All this work was done by the teachers and three high school pupils. After all the books were sorted as to grade, they passed an examination as to fitness. More than one book was discarded never again to fill and litter the shelves, with snags of paper from the torn leaves.

All grade books are indexed in the main file, then issued to the room which they belong. The teacher in charge has these books to pass out

ESSAY CONTEST

Last spring, literature was received to the pupils as reference or supplementary work. All text books are indexed with the number of volumes on one card. Supplementary work for the teacher is indexed. All this is fixed in form of sub-libraries which makes it easy for both the teacher and pupil.

To read this it doesn't seem complicated or difficult to do. But it took the whole force from 4 to 10 o'clock to complete the work satisfactorily.

Each teacher provided a dish or two towards the supper, all combined we enjoyed a good meal. Several home girls had charge of the kitchen and served supper.

GRADE NEWS

Last week we organized a Safety Club in each of the lower grades. After we had given the pledge to look up and down before we crossed the street we were given pins. Each room has a captain and judges and if we are caught "jaywalking," our pins are taken from us by the judges and kept for one week.

First grade have as their officers, Roger Ross for captain and Thomas Root, Robert Hamdel and Jean Bevier for judges.

The officers selected by the second grade are David Foster for captain and Herb Himes, David Dick and Gene Cornell for judges.

The little folks are very careful to cross in the white lines because they all want to keep their pins.

FIFTH GRADE

There are three people in our room that have lost their "Safety Club" pins and one was a Judge. These three people will be without their pins for one week.

In "Health Inspection" the first row has the most colored stars.

We have a bulletin board in our room to put interesting stories on.

In music class we have learned seven new songs for Thanksgiving.

SIXTH GRADE

Ben Smith was elected captain of our "Safety Club." The judges were: Bob Bachrach, Billy Ross and Bill Root. If you "jaywalk" or cross the street carelessly your pin will be taken from you by the judges and kept for one week.

Room Reporter B. B.

SEVENTH GRADE

We selected James Root as our "Safety Club" Captain and Betty Aslakson, Doyle Taylor and Thomas Himes as our judges.

We are proud of our new library, although the books are not just off the press; they are new for us and we find them very interesting.

We'll observe Thanksgiving this year by having a play the setting to take place in "Pilgrim Days."

CAR CO. MERGES

Final action on the merger of the Versare Corporation, of Albany, N. Y., with the Cincinnati Car Company's manufacturing business is expected to be taken at a meeting of the Directors of the car company this morning. Disposition of the Car Company's remaining assets, including the stock of the Cincinnati Street Railway Company now held by it, also is to be effected, it is said in the financial district.

The merger with the Versare Corporation not only will assure the continuation of the manufacturing operations in Cincinnati, but will bring to the city a business with large future possibilities. The control of the new company to be formed to take over the two manufacturing industries will remain with Cincinnatians, but there will be represented therein, important Eastern financial powers, including the Rockefeller, Brady and Frayn interests.

Taken from Saturday's issue of The Cincinnati Inquirer, Cincinnati, O. H. Ray Sykes, former Plymouth resident, will continue with the new company in his present capacity, and he states that his firm is enjoying a good business in all departments.

ROAD COMPLETED

The Blausay Contracting Co. of Woodville has completed hauling and spreading stone on the road from Shiloh Corners to Bunker Hill, a distance of about six miles. The road is a county job and is of the traffic bound type, and the stone has greatly aided travel over this stretch. Large piles of stone have been placed at various points so that when the road opens it can be put in condition again by using more rock.

This road is one of the shortest to Mansfield, and it will no doubt have much travel over it during the winter months.

DEMONSTRATION ARRANGED

For New Gasoline-Powered Locomotives for Switching.

Demonstrations of the practical operation of one of its new gasoline-powered locomotives in switching railroad.

cars and other haulage work are to be conducted Monday, Tuesday and Wednesday of next week by the Cincinnati Car Company at its plant at Spring Grove and Mitchell Avenues. The demonstrations will be conducted at all hours on the days named.

These locomotives are built in a variety of sizes for all kinds of industrial haulage as well as for quite a range of switching work.

Officials of the company say that not only is greater economy possible in the use of these locomotives, but many conveniences as well, and certain disadvantages are eliminated. Such as smoke and fire hazards present in the use of steam locomotives.

The demonstration will be held under the direction of H. H. Sykes, of the locomotive division of the company. They are open to all who may be interested in the possibilities in the use of such locomotives. Cincinnati Inquirer, Saturday 24.

BRINGS HOME THE TURK

"Bill" Ellis is a lucky fellow, although you can't tell it by looking at him. But the reason we say Bill is lucky is the simple reason that he has to pay about six berries for a turkey and all Bill had to do was to go to Mansfield Tuesday, shoot a couple of times and make high score, and then comes home with a fine turkey gobbler. Mr. Ellis is one of the best marksmen around here and the fact is, many of the traps that the field traps here have resulted in doing him some good.

All the local sportsmen are congratulating Bill on his good luck, and Bill is pretty well tickled at the saving he has made.
