## LAST RITES HELD TUESDAY FOR CRASH VICTIMS

Funeral services were held Tuesday for Louis Schwenn, 35, and Leroy Hylar, 16, both of Willard, who were killed early Saturday morning near Greenwich when a Big Four flyer hit the truck in which they were returning home. Services for young Hylar were held at the home of his parents, Tuesday morning, while the rites for Schwenn were provided in the Presbyterian church in the afternoon.

Paul Fletcher, the third member of the party, escaped fatal injury, when he was caught on the front of the engine and carried almost a mile. The trio were returning from filling a musical engagement for a dance, and when they approached the Main street crossing at Greenwich the machine stopped for an east-bound flyer, and as it passed it is thought the driver made an attempt to cross without looking further to see if the other track was clear, for just as the machine was on the track a west-bound train crashed into the truck, snuffing out two lives and seriously injuring Fletcher.

Schwenn leaves a wife and a six-months old baby.

### TAKEN TO HOSPITAL

Mr. George Harris residing on the Plymouth-Bucyrus Road was taken to Willard Hospital Monday where he will take treatment.

## Bill Provides Mothers For European Pilgrimage

In a bill which was presented to the house military affairs committee Friday, provision was made for a pilgrimage to Europe of gold star mothers. Strong endorsement was given the bill which provides that the government shall bear the expense of a trip to Europe of all mothers and unmarried widows of World War soldiers buried abroad.

## This Farmer Gets A Free Subscription

If the farmer who wrote the literary gem reprinted below will acknowledge the authorship, we will send the Advertiser free for one year.

The little item was picked up from the floor of the Farm Bureau office at Mansfield where the farming element generally hang out. Someone reports that F. P. Downend is the author while others say it is the work of Robert Giger. However, we're publishing it as we consider it a real literary gem:

### WHAT MOUNTAIN DEW WILL DO

"The tumble bug was rolling his own down a Kentucky peak. The sun was mighty hot.

"Mr. Bug stopped to rest as he was all in.

"Just then a moutaineer dropped a nearly empty bottle of moonshine whiskey near Mr. Bug. He sniffed the fumes, wiggled a little, and then crawled into the bottle and drank a drop, then he took five more drinks. His legs shivered. His body shimmied. He looked for the ball which he had been rolling but could not locate it. Then his blurred eyes rested upon a hay stack.

"Backing up to the stack he stretched out his legs and shouted, 'Come on, big boy! Let's go!'

## Restricted Parking On Portner Street

A new ruling for parking automobiles on Portner street has been passed by the village council and the new ordinance appears in this issue of The Advertiser. The ruling is that no cars shall be parked on the west side of Portner street between Spring street and the Public Square, at any hour of the day or night. The new ordinance becomes effective within the time allowed by law.

### CUBANS TO USE CENTAURS

The Central Tractor Co. of Greenwich shipped a carload of tractors to Cuba last week. This firm is becoming known the world over for its product which is being received with much favor among the buyers.

## Attica Clothing Store Big Loser In Robbery

Instead of the bucking Broncho, the Jesse James of today rides in a motor van which he fills with loot stolen or otherwise. "Just naturally took." The Attica Clothing Store at Attica was a heavy loser early Saturday morning when burglars entered the establishment and made away with clothing valued around \$4,000. The loot included suits, hosiery shoes, and miscellaneous men's apparel.

It is believed the robbers gained entrance through the front door making exit through the rear. The only clue to the robbery is that residents living near the store claim they heard an automobile start from the neighborhood about three o'clock Saturday morning.

### SCARLET FEVER FATAL

Elmo Keiser, seven-year-old son of Mr. and Mrs. Cloyd Keiser of Greenwich succumbed Thursday to an attack of scarlet fever. A private funeral was held last Friday and burial made in the Southern cemetery. No steps have been taken to close the Centralized school which had attended.

### COUNTY BASKETBALL TOURNAMENT

This year the county basketball tournament will be held in the Mansfield High School Gymnasium on Saturday, February 18. The semifinals and finals will be held at the same place the following Saturday, that is on February 25. The reason for this plan of tournament is a recent ruling of the State Athletic Association making it illegal for any team to play more than two games on one day. Under the old plan, as it generally worked out the two teams playing in the final game would be playing their third game for that day.

A complete program, including a schedule of drawings for the tournament will appear in next week's paper. Season tickets for the complete tournament will be placed on sale here in a short time. They will sell for \$1.00 which is considerably less than it will cost to pay separate admissions to all the sessions.

## Local Girl to Appear In College Opera

Already over 150 delegates have signified their intention of coming to the National Pi Kappa Delta forensic convention which is to be held at Heidelberg College, Delta. Over 300 are expected to register before the convention opens April 3rd for a four day session.

In the four days of the convention there will be approximately 40 debates held in the discussions and some of the best college debaters in the country will be heard. Plans are now being made to have the final debate broadcast. The convention question is, "That the United States should cease to protect, by armed force, the cantons interested in socialism except after formal declaration of war."

Besides the debates extempore contests will be held. Past contests have shown that this form of forensic competition keenly rivals that of debate.

In order that the program can be adequately taken care of the preliminary contests will be held at Baldwin, Wallace and Otterbein Colleges. Both men and women will be represented in these contests.

Miss Ruth Baldwin, Freshman at Heidelberg College has been chosen to take part in Gounod's opera, "Faust." The play will be given March 23. The choosing of Miss Baldwin speaks well for her accomplishments. She is a singer; she is the daughter of Mr. and Mrs. Elmer S. Baldwin, Plymouth St., Plymouth, Ohio.

Every young man has been advised by his elders, "Don't be the kind of fellow who knows it all. There are people who know more about everything than you do. Take instruction, heed advice. Don't be too sure in your opinion of yourself."

Recently a New York journalist found in his bath tub the body of a feminine singer of folk songs. Thirty years old, she had just made her New York debut, and the critics had implied (some by words and some by silence) that she was a failure. Her friends knew that she had the talent requisite for success. In a year or two, if she had persevered, the same same critics who had treated coldly would probably have been applauding her. That happens frequently. Her suicide was the result of giving heed to the opinion of others concerning herself. Now then, which is sensible? To be conceded, to set up a high opinion of yourself without considering what others think of you, or to refuse against your own worth by succumbing to the skeptical estimation of outsiders? Obviously neither. The safe thing is this: To make yourself a competent critic in the kind of work you are doing by the study of the achievements of others in the same field and to judge yourself by the standard of others concerning it. In any line of work until you are able to judge yourself dispassionately and accurately you cannot do your best.

An Iowa city council has passed an ordinance prohibiting interference with radio receiving. The ordinance makes it a misdemeanor to operate, after noon and before midnight, any electrical machine which will interfere with clear radio reception. Naturally the rule is attracting attention all over the country. For a few days this effort to regulate "neighbor's squeals" will be a very serious thing in the city that tries to play it safe. The thirty days it will be relegated to the same domain as public service which attempts to abolish the smoke nuisance. There are a few things which cannot be done by law as all experience has gone to show.

Pinchot feels sad because "we have never had a president who has really been interested in dry enforcement since prohibition went into effect." How about having two presidents—one to do the work and the other to feel sincere about the Volstead act?

A Michigan mob which stormed the doors of the Flint jail in an effort to lynch the man who killed a little girl, had good reason to be angry. The minister who preached the little victim's funeral sermon "It would be no sin in the eyes of God," he said, "nor would it be a blot upon the community if the people were put to death by this man." Michigan laws to the contrary notwithstanding. He went on to say that "some such restraining influence upon other sadists of this type is needed here and everywhere."

This expression will not justify mob action. A lynching at every crossroads would not reach the victims of the killer as the man concerned in the Michigan case. If they do not fear the country's law they would more regard the restraining force of public opinion as revealed by mob action. The best deterrent of these crimes would be a little more of the justice that courts and juries in bringing an ordered disposition of these cases. It will be observed that the Los Angeles community which a fortnight ago was clamoring for the life of Hickman seems to be quite indifferent to the pleasurably wretched "cat killer's case" being disposed of.

A Yale student was elected "best looking and most modest man on the campus." Either half of that may be true.

There is nothing new. Jesse James and Captain Kidd had the same kind of insanity the alienists are discovering now.

A New York dancer, alleging that she was burned to death in a home, in which she was a guest, burned down, sued the owner's estate for \$10,000. Her lawyer told the court that she wanted the judge and jury to go into a private room and take a look at the girl's back. The judge ruled that out. "The doctor testified in which part of her back," he said ".... whom would you rather have settle a case in which" (Continued on Page 2)

## Plymouth People Arrive In Miami

Entering Miami through the pine and palm forests is a sight to behold, so says a letter from Mrs. S. S. Holtz, who is accompanied by Mrs. A. C. Morse on an overland tour.

There are hundreds who have never enjoyed the real thrill of the "hamming plains," beautiful natural forests, the Southern plantation homes, and many other things that go to make a trip entertaining as well as educational.

In part, Mrs. Holtz says, "The trip was a beautiful one over hills and mountains for two days, and then through the pine and palm forests for miles along the ocean and Indian River. The orange and grapefruit groves make a spectacular sight, and then as we neared Miami—cocoanuts and blooming flowers.... It is real warm here, the temperature being 75 degrees."

Before returning Mrs. Holtz and Mrs. Morse will enjoy many of the scenic cities in Florida as well as historical points.

## Car Drops 20 Feet Off Bridge; Driver Uninjured

Irving Myers, 40, Bronson Township, had an unusual and thrilling experience when his car plunged a distance of twenty feet from the Eastern Bridge into Huron river, on the Peru Hollow road last Thursday. Neighbors heard the crash and investigated, finding Myers entangled in the machine on the rocky bottom of the river bed. He was taken to a physician where he was given medical aid, and then removed to his home on the Old State Road. The wrecked machine later became ignited and was completely burned.

## Auto Tags Bring In Neat Sum For State Treasury

COLUMBUS — Revenues from the sale of 1927 automobile license tags total \$10,646,222.09, an increase of \$713,437.53 over the 1926 revenues, according to Secretary of State Clarence J. Brown.

A total of 1,373,000 passenger cars and 197,500 trucks were registered during the year. This is an increase of 77,346 in passenger cars and 13,000 in trucks.

## EIGHTH ANNUAL

## Automobile Show in Shelby Will Be Greatest Held in Years.

The eighth annual automobile show, which will be given in Shelby

Fourth, the entertainment given each afternoon and evening will be worth the price of admission. The entertainment committee is one of the busiest and is negotiating with E. J. Jones and his famous entertainers at Radio Station WTAM. These artists will give an entertainment of three hours' duration with not a dull moment in that time. While you are looking over the latest models in motor cars and the latest accessories, you will be entertained by some of the best talent possible to secure. Many special features will be announced later when the committee has closed its various contracts.

First, the building in which the exhibit will be held is new. It is 150 feet long and 60 feet wide and was built for the home of the new Ford on South Gamble street. The show was extremely fortunate in securing the use of this building for the show before the Ford agency occupies it. It is admirably adapted for an automobile show. Blueprints of the floor have been made and the space committee is closing contracts for floor space.

Second, the year 1928 is to be one of the greatest years in the automotive trade and the motor buying public is anxious to see the new models and the various changes and improvements. The new models will be shown by Shelby dealers under the most favorable circumstances. Considerable interest, naturally, will be taken in the new Ford, which has been talked about for the past year. Equal interest will be taken in all the other cars on the market.

Third, in addition to the new building and latest model cars, there will be a full and complete line of automobile accessories. There will be many who, perhaps, have purchased their new cars, but if they have they will be interested in what consists of every device of which the latest accessories, many of which they have not seen. The accessories

provided during the year for motor cars.

Interest in the motor car is greater than ever today and it is estimated that the largest crowd ever accommodated will attend the eighth annual auto show in Shelby. Local auto dealers are up on their toes, ready for the gateway, and the combination of the Shelby Advertising Club and local dealers means a successful show.

The dates are February 21 to 25 inclusive, in the new Purdy building on South Gamble street, opposite the Methodist church.

**IMPROVEMENTS FOR HOTEL**

Plymouth is in line for a first class modern hotel, according to plans of Mr. Walter Wecht of Wooster who last week purchased the old Smith Hotel property.

It is said that Mr. Wecht intends to install a steam heating outfit, and add a number of baths to the rooms. Besides the other interior decorations will be carried out, all rooms receiving the attention of wallpapers and painters.

Mr. Lombard, who has been in charge of the hotel for some time, states that he has not yet decided whether or not he will remain in Plymouth. It is likely that he may consider a proposition from Mr. Wecht to handle the hotel here.

**HAULS BIG LOAD**

Hauling a load of wheat so heavy that it took two days to get to the Plymouth Elevator, is the latest feat formed by Oscar Caldwell, who resides on one of Sim Carnahan's farms. Oscar left home Friday with a load of 123 bushels and thirty lbs. of wheat, and before arriving in town Saturday morning he had broken down his wagon and also his horse. The situation was a sad one, after hauling a load of 118 bushels and twenty lbs. had to go and give Oscar relief, but Oscar still holds the honor of hauling the biggest load of wheat to the elevator this year.

**GIRL SCOUTS NEWS**

That Girl Scouts are ever on the alert to help those in distress, was plainly demonstrated Monday evening at their meeting when upon the reading of the Governor's proclamation for assistance for the miner's children, Plymouth Troop No. 1 immediately voted that a check for \$5 be drawn

and sent to the Custodian of the Relief Fund.

It was also decided at this meeting, that the mothers of the Scouts be invited to attend the enrollment ceremony of the class now completely their Tender Foot Test, date to be announced later.

Miss Mary Jo Fato was present, and gave a very interesting talk about her troop in Cleveland. She also offered her services to Plymouth Troop, and at once showed her sincerity in this offer by taking charge of the class preparing for their second class test. The troop is to be congratulated in securing the interest and help of Miss Fato as she has had very successful experience in this work.

**SECRETARY**

**JOHNS APPOINTED POSTMASTER FOR ANOTHER TERM**

W. M. Johns received a telegram yesterday from Senator Frank B. Willis at Washington announcing his appointment as post master by the Senate. Mr. Johns has made an enviable record since he entered charge of the office here about five years ago. Un-

der his management the office here was entered into the second-class rating, and the receipts have been increased from \$7000 per year to \$6400. Many friends are extending Mr. Johns best wishes over his appointment for another four years.

**Oakland-Pontiac Cars to Be Shown in Plymouth**

Landefeld Brothers, authorized dealers for Huron county of the Oakland-Pontiac cars, will have new models on display this weekend in the Beaman building. These cars are very popular the country over, and no doubt the showing here will draw favorable comment. Messrs. Landefeld have leased the building for an indefinite period.

Now that Lindbergh is going so good in Latin-America we trust no one will take advantage of this and try to get him to act as umpire in the Tacoma-Arica dispute.

**"TWO ARABIAN KNIGHTS" AT TEMPLE THEATRE, WILLARD SUNDAY, MONDAY, TUESDAY**

"Two Arabian Knights," with Wilhelm Roy, Mary Astor and Louis Wolheim in a post-war comedy film, will be the feature at the Temple Theatre, Willard Sunday, Monday and Tuesday. Telling the adventures of Private, W. Daingerfeld Phelps, and Sergeant Peter McGaffney, following their escape from a prison camp to Arabia, "Two Arabian Knights," thumbs its nose at the serious spectacle of war. Its screen play was written by James T. O'Donohue, scenarist of the film, "What Price Glory?" and Wallace Smith.

One of the principal players was the original "Captain Flag" of the Lawrence Stallings Maxwell Anderson stage play, "What Price Glory?" Roy was the star of "The Volga Boatman," and Mary Astor was leading lady for Douglas Fairbanks in "Don Quixote" and for John Barrymore in "Beau Brummel."

Where the war ends, the story of "Two Arabian Knights," begins. In no sense derived from Omar Khayyam's tales, the title is explained by the fact that the American buck private and top sergeant are knighted by an Emir in Arabia for no good reason. The private is less concerned with a knight hood than with the Emir's daughter, Annie Bin Adham, who is really Mary Astor. It is said that "Two Arabian Knights" employs divers avenues of laughter, ranging from the hysterical amusing sequences of the doughboys' escape through electrified barbed wire surrounding a prison camp, to the spectacle of Louis Wolheim in his red flannels. Lewis Milestone, the 28-year old director of the comedy was assigned the post by John W. Considine, Jr., because of his work as director of "The Caveman," Thomas Meighan's "The New Klondike," and his co-direction of Harold Lloyd's "The Kid Brother."

# THE P. H. S. POST

VOLUME II We Publish the Truth, the Whole Truth, and Nothing but the Truth

In the preliminary, Plymouth High girls gained a rather easy victory over Madison girls, conquerors of Lucas girls. P. H. S. completely outclassed Madison during the first half, scoring eight points, while holding the opponents scoreless. In the last half, Madison scored nine points, mostly by the fast playing of Kopal, while Plymouth scored sixteen points. The score at the end of the games was Plymouth 24; Madison 9. Fate and Becker were the stars for Plymouth with ten and eight points respectively while Kopal was high scorer for Madison with seven points.

P. H. S. boys ran their present winning streak to three games by noosing out Madison Township, last year's County Champs, Friday night at Hamilton Hall. Plymouth took the lead in the first few minutes and completely outplayed their opponents all during the first half. At the intermission the score was 15 to 9 in favor of P. H. S. During the third quarter Plymouth continued to outplay Madison and pile up points. However, during the last quarter, with the score 22 to 12 in favor of Plymouth the boys began to let up a little and Madison, taking advantage of this, put on a rally that netted eight points but fell a little short of the victory. The whistle blew with the score 23 to 20 in favor of P. H. S.

Four year old Mary stood watching her mother clean and draw a chicken. As one thing after another was removed and laid on the table, Mary's curiosity got the best of her and she asked: "Did you find what you were looking for muer?"

"Freshie, you came very near being a Christmas present for your mother" grinned a Sophomore. "You were born a day after Christmas."  
"Good thing I wasn't" replied the Freshie. "I might have been a Sophomore."

Client (to his lawyer): "I paid \$15 a dozen for those glass jugs F. O. B. and when they arrived they were empty."  
"But what did you expect?" asked the lawyer.

**Dear Folks:**  
Some steps have been taken (no this is not Halloween!) towards the learning of new songs for Chapel exercises. With the co-operation of the students and with their "lovely" verses, I am sure we will make some marked progress.  
Opera practice as usual and for the chorus, a new song to learn, Hooraay!  
Found! Found! The lost orchestra books. Their absence has caused the impossibility of any practice for several weeks.

The boys' Morals and Manners class of the seventh and eighth grades were asked to write a definition (of not more than twenty words) of a true gentleman. The following written by Donald Anderson, was selected as the best one:  
A true gentleman is a man who is true and loyal to his country and courteous and honorable toward his fellowmen.

**GRADE NEWS**  
What?  
The second half of the school year is in full swing. Teachers and pupils are down to work again with new zeal. After a much needed rest the trials of a reporter again begin. Owing to the fact enthusiasm was lacking the grade news column was discontinued for an indefinite period of time. However, new plans are afoot and ——— just watch this column next week!

**New Haven Christian Endeavor Is Very Active**  
The world-wide Christian Endeavor movement of young people will observe for eight days beginning Sunday, the forty-seventh anniversary of the founding of the first young people's society. The Christian Endeavor organization which was spread to 100 countries and has an active membership of 4,000,000 members, with the society of twenty-five members, organized under the leadership of Rev. Frances E. Clark, D. D. in Portland, Maine. Dr. Clark continued to head the growing organization for nearly half a century. Shortly before Dr. Clark's death and the founding of the present organization, Rev. Daniel A. Poling, D. D., of New York City, became president of the world-wide movement in which years he had been prominent.  
Thousands of churches of numerous Christian denominations will observe next Sunday as denominational day, with Christian Endeavor in charge of programs that will emphasize loyalty to church and denomination. In the week following meetings of interdenominational Christian Endeavor unions, in cities and countries of the United States and Canada will be held, with addresses by the young people and by former Christian Endeavor members.  
It is estimated that 2,000,000 members of Christian churches have been enrolled in the Christian Endeavor society. In many cities former members still retain a connection with this movement through alumni fellowship.  
The New Haven Christian Endeavor society is giving a special program on February 5th. R. R. Jenkins, Secretary of Willard Y. M. C. A. will talk on the subject, "The Value of the Young People's Societies," that night at 7:30.

Loveliness of form and color are continuously beckoning to us through every season and from every quarter. But neither shapeliness nor hue exhaust the beauty of material things. They scarcely scratch the surface. The deeper beauty of coordination, purpose thought, underlies all outward forms. Carlyle says, "See deep enough and you will see musically; the heart of Nature being everywhere music, if you can only reach it." Therefore, why not hear a sky tune now and then? Did you ever pause to listen to the symphony in color or to the melody in Holy, holy, holy, Lord God Almighty. (Edited by members of the Freshmen English Class)

**BASKETBALL**  
Last Friday Weller played Shiloh and left with a score of 23-25 in favor of Weller. Both teams played a very hard game. The Weller boys would bring the ball up to the center and then shoot. The ball would generally miss but one of the Weller boys would be there to roll it in with a follow up shot. Shiloh had plenty of fight and used a very good pass-work but their shooting was a thing terrible to behold. It is very doubtful if some of them could have made a basket even with the aid of a step ladder.

Bob Ruckman played a good game as guard. Bob Hamman was high score man, scoring seventeen points.

The following was the Shiloh lineup:

F. G. T.	1	5
H. Hamman, rf	1	8
R. Brumback, lf	1	2
Paul Ruckman, c	0	1
C. King, rg	0	2

### CHESTER TROXELL

Last Friday evening the girls won from Weller by a score of 26-12. The game was exciting as well as rough. Moser was the best shot in the game making thirteen out of twenty-six shots. The girls played a good game and their guards were playing their best all the time. Dick had an off night and couldn't connect with the basket although she got plenty of shots. The players were—Firestone, Moser, Clinker, Swartz and Griffith. Downd was substituted for Griffith in the second half.

### DORIS CLARK

### CHAPEL

Dr. Mente had morning of chapel services Monday morning. His talk was on the life of Abraham Lincoln. He gave the following facts on the life of this great man. He was born February 12th, 1809 in a little log cabin. This little home had no windows, only one door and just one room. His father and mother were quakers. When Abraham was seven years old they moved to Indiana where his mother died. After a period of time his father married again. This woman made Thomas Lincoln, Abraham's father take his responsibilities more seriously. Lincoln became the President of the United States at the age of fifty. His great act was the freedom of the slaves.

After Rev. Mente's talk we sang an old time song and the pupils adjourned to their different classes.

Congress is to be asked to confer a long-delayed recognition upon Orval Wright, inventor of the airplane. Now that America has begun to see the importance of flying, it would be a good thing to do this. It would serve as a memorial of the nation's applause. It would stimulate other potential inventors to action. And it would keep us in mind of the fact that we are converted to the cause of aviation—and keeping us reminded of the fact is exactly what Lindbergh has been doing since his return from Paris. \*
