FINANCES OF LOCAL SCHOOL BOARD NOW SHOW BIG SURPLUS

In addition to the routine business, several special masters claimed the attention of the Plymouth School Board at their regular monthly meeting on Tuesday night of last week.

George Superintendent H. H. Phillips, who was present, explained the working of the new tax laws, and the board was gratified to learn that the financial situation of the Plymouth Schools is not so deplorable as they had been led to believe. Under the new tax law, it is not necessary, in fact it is not good business, to carry over a large balance from one year to the next. This means that there is money now available to make some badly-needed repairs and to purchase some much-needed equipment.

The big problem of the meeting was to outline a definite constructive policy to care for the housing situation of the school. The state authorities have let it be known that the present overcrowded condition must not be allowed to continue. They have also let it be known that the portables may not be used any longer than the time needed to construct a permanent additional building in the election last fall, a majority of the citizens voted their disapproval of the plan to abandon the old school house. Therefore the logical conclusion was accepted and it was decided to place before the voters at the next November election the proposition of voting for a bond issue for the construction of a new high school building. The amount of the bond issue has not yet been decided. It was decided to allow various architects to submit plans and estimates for the cost of such a building and to report at the next meeting.

In view of the results of the inspection of the building by the state departments, it was felt that it would be wise to complete the remodel of the old building. However, repairs necessary to make the building usable for its estimated life will be made as soon as possible. The building and grounds committee was authorized to make arrangements to have a new roof put on as soon as weather permits. Such arrangements have been made through a local dealer who offered a guaranteed roof at a very moderate price.

Some of the much-needed equipment has already been ordered, so the pupils may begin to have the advantage of better school facilities at once.

TO ATTEND CENTENNIAL BANQUET

Mr. Frank Tubb has received an invitation to attend the Centennial Banquet to be held Friday evening at the Mansfield Leland hotel, as a feature of the one-hundredth anniversary of the founding of Mansfield which will be observed on that day.

Approximately 100 reservations have been made so far. Residents of Mansfield and Richland County who have reached the age of 80 years or over are invited.

Mr. Tubb expects to attend if his health permits.

FRITZ SISTERS HERE

The Fritz sisters will be here tomorrow evening for a short time at the Methodist church, which is being held under auspices of the Epworth League. Proceeds from the performance will be used for good causes. The general public is invited to attend. The program begins at 8:15.

REV. C. B. PHILLIPS DIES SUDDENLY

H. W. Danner received a telegram Sunday morning bringing the sad news of the very sudden death of Rev. C. B. Phillips, which occurred at 1 o'clock on Saturday evening at his home in Berea. Rev. Phillips gave up his long labors for the Lord and his daughters, Mrs. Grace Cherry, Mrs. Gladys Vandover of Cleveland and Miss Ruth and Pauline at home. Rev. Phillips gave his services at Berea on Monday evening, Mr. and Mrs. D. W. Danner, C. O. Cramer, Deryl Cramer and Luella Briggs.

DEGREE WORK PUT ON IN NEW HOME OF K. O. P. LODGE

Two candidates took the initiatory degree of the Knights of Pythias in the new lodge room Tuesday evening. The affair was attended by many members and the evening proved a delightful one. This was the first work staged in the new home, and the degree was put on in a satisfactory manner.

The official opening of the lodge home will probably be held in the near future when all the finishing work is completed. At the same time is the aim of the lodge to have several state representatives here.

Members from the Willard Lodge were present for the meeting Tuesday evening.

DESES IN TIRO

Mrs. William Leaphay died at her home in Tiro Saturday morning after a long period of ill health.

W.T.A.M. RADIO STARS IN PERSON AT SHELBY OPERA

Radio fans and music lovers will be given an unusual opportunity to hear one of the best programs ever rendered in Shelby when WTAM RADIO STARS appear at the Shelby Opera House next Wednesday night at 8 p.m. This will be the only appearance of the stars outside of Cleveland this year, and they have been secured for the Shelby performance at a great expense.

Among the performers are Mr. Joe Ferrie, "the melody man," who possesses a tenor voice unsurpassable. Mr. E. Jones at the piano, and who also will make you laugh with his "witscraps." Walburg Brown, violin virtuoso, now playing first violin in the Cleveland Symphony orchestra, and Eddie Conners, who makes the banjo talk. The above need no further introduction to assure you that an evening of real high class entertainment is in store for you, and for this quartet have enjoyed much radio popularity for their talent.

Messrs. Alvelts and Shreffler can count themselves very fortunate in being able to secure these star performers and from indications it is going to be a problem to get a seat. So the best thing to do is to make reservations at Kuhn Drug Store, Shelby. All seats reserved. Admission 75¢.

PLYMOUTH GIRLS MAKE FINE SHOW AT TOURNEY

Boys Lost to Lucas While the Girls Give Lexington a Real Walloping.

H. S. Boys lose to Lucas High for the third time this season in the first round of the Richland County Tournament at Mansfield. Lucas started out with a rush and soon had a substantial lead. All during the first half they continued to heave in baskets and held a 2 to 2 lead at the half. In the second half, Lucas came back and fighting with all their might played their opponents almost to even terms. During the last two periods, Plymouth scored 15 points to 19 for Lucas. However Lucas continued to hold their long lead acquired in the first half and the game ended with the score 45 to 37 in favor of L. H. S. Mooy and Qude were high scorers of the game with 20 points each.

By virtue of this victory our girls earned the right to play Wellsville in the semi-final. These two are the strongest teams in the county and the winner is generally conceded the county championship. The winner must play the winner of the Belleview-Lucas game but a victory over either one of these is generally conceded.

The tournament. After a slow start they began to heave in baskets and when they got started they didn't stop. Kelly of Lexington made their lone basket during the first half and after that it was just Plymouth. During the last quarter Plymouth began shooting from all angles just for fun but they continued to pile up points. The game ended with the score Plymouth 59, Lexington 2. Ing. Fate took high scoring honors with 30 points. Sheeley and Himes followed with 11 and 10 points respectively.

With 11 and 10 points respectively.

By virtue of this victory our girls earned the right to play Wellsville in the semi-final. These two are the strongest teams in the county and the winner is generally conceded the county championship. The winner must play the winner of the Belleview-Lucas game but a victory over either one of these is generally conceded.

The subject being "Resolved that Bachelor's be Taxed" Mr. G. W. Pickens and Mrs. Bert Anderson took the affirmative and Mrs. C. A. Seller and Supr. R. R. Miller the negative. Mr. Miller taking the place of Dr. G. J. Seale Jr., who could not be present. Mr. Fisher and Miss Gooding were chosen judges and they chose Mrs. D. E. Hoffman as the third judge. The debate was a trifle humorous, each debater doing justice to his side of the question. The judges decided in favor of the affirmative. The next meeting will be held on Thursday evening, March 8.

MASONIC ORDER ENJOYS BANQUET

Plymouth Chapter R. A. M. enjoyed a very sumptuous banquet at the Palace Restaurant after its meeting Monday evening. Four candidates received the M. D. degree. Reuben L. Smith was present, and also F. K. Hall, district lecturer of Shelby, accompanied by Messrs. Cook and Williams.

About thirty enjoyed the meeting and banquet and all expressed a word of commendation to the management of the Palace for the manner in which the dinner was served. Reuben L. Smith was present and the evening was one of full enjoyment.

Memorial Services Are Held By M. E. Leaguers

Lincoln Memorial Services were held in the M. E. Church Sunday evening under the auspices of the Epworth League.

Willard Ross very capably gave brief sketches of this great statesman's life during his administration president; while a short playlet portrayed to the audience the kindness and generosity to his fellowmen which characterized Lincoln throughout his life. The characters were as follows:

Lincoln-Raymond Brooks

The Wounded Soldier—Victor Weaver

The Soldier's Young Brother—Harry Duffy

The Nurse—Lucille Moore

The scene was laid just a few days following the famous Gettysburg speech, which to the President at that time had seemed a dismal failure. It was not until he had rendered the dying soldier his last request in assistance him to make a will did he learn of his country's attitude toward his speech.

McBroom then spoke on the religious and educational work being conducted in the Kentucky Hills, the same hills from which arose one of the outstanding men of history.

LEASE UHL HATCHERY

Dwight and Vern Sawyer, two young brothers from Shelby, have leased the old Uhl Hatchery at New Washington and have already started operations. These young men had several years in the chick business. Best wishes for success are extended them by their many friends.

NEW WASHINGTON MAN BUYS PERFECTION ELECTRIC CO.

M. M. Kibler of New Washington was the successful bidder at the sale of the Perfection Electric Products Co. which was sold at public auction Thursday afternoon, the consideration being \$5,000. The real estate and machinery first sold separately and totaled \$4,000. The plant was then offered as a whole and brought \$1,000. Several out-of-town buyers were present.

TO BUILD HOME

Mrs. Mary Van Wagner of Shelby has purchased a lot from L. J. Beaman on Dix street, and she expects to have the house built in early spring, where she will make her home. Mrs. Van Wagner is the mother of Mrs. Chris Sheely.

R. R. Co. Wins Suit

The \$20,000 damage action of John W. Carson of New Washington against the Akron, Youngstown and Canton Railroad Company, heard in common pleas court at Bucyrus last week was decided by a jury in favor of the defendant railroad.

The action was a suit to collect \$25,000 from the railroad company for the death of Lloyd Carson of New Washington, who was killed when a car in which he was riding was struck at Plymouth, Ohio, by an A. C. & Y. train, January 7, 1927.

The suit was started by John W. Carson, father of the deceased, as administrator of the estate.

GIRL SCOUT NEWS

On Tuesday evening, Plymouth Troop No. 1 held open meeting.

And Comment

On National Happenings

Edward Hickman is to die (possibly) on the end of a rope in payment for his brutal murder of a little girl. His insanity plea and the self-committal of relatives that they were a "little unbalanced," did not phase the decision of a jury. Since the trial he has admitted that he had planned to assassinate President Coolidge. When asked whether he had ever contemplated killing any newspapermen he promptly replied, "No, not the American press, killing them isn't people's business."

If it is true from the statements and testimony of Hickman's parental lineage that insanity is prevalent, then he is of poor breeding . . . facts. Every country in the world, the United States government and the governments of every state individually, appropriate money for use by the agricultural extension service to operate better cattle, hogs, sheep, horses, and poultry. This, of course, has made a wonderful progress toward the welfare of the animal kingdom. But is it possible for governments to give some thought to the betterment of the human race?

Speakers are sent out to the so-called "poor people" and the "poor people" have grown out of the original farmers' institutes. Why not secure services of biologists and sexologists and others who can enlighten parents on character building?

Hickman has its influence on environment and to have environment permanent and to have knowledge of breeding animals, to have knowledge of creating environments for better living, to have greater environment in public schools, especially in some localities, where taxpayers have turned themselves into the "poor people" and are growing up in the growing generation must have co-operation from the parent to the teacher and not depend entirely upon the teacher for moral character building.

It is true that a certain percentage of prison population is educated men, but they have no opportunity for betterment, merely robbery, punishment.

It will be learned that the lost luxuries once bestowed upon them and have then tried to hold their social welfare, have been taken away to try to imitate another man's signature on a bond, note or check.

The subject being "Resolved that Bachelor's be Taxed" Mr. G. W. Pickens and Mrs. Bert Anderson took the affirmative and Mrs. C. A. Seller and Supr. R. R. Miller the negative. Mr. Miller taking the place of Dr. G. J. Seale Jr., who could not be present. Mr. Fisher and Miss Gooding were chosen judges and they chose Mrs. D. E. Hoffman as the third judge.

A Philadelphia shoemaker, who had divorced four wives, is married again. Can these shoemakers stick to their hats?

Probably more important than all else taken up at the session of the New York State section of the American College of Surgeons at the Academy of Music, Brooklyn, was the matter of splitting of fees between physicians and surgeons. A citizen's independent physician, a physician for consultation.

The physician decides an operation is necessary and sends his call to a surgeon. Let the physician call on the surgeon for an estimate of fees paid. This most unethical practice, long complained of, is said to be eliminated on many physicians.

The result of this practice is that the physician prefers operations than necessary," said Mr. Robert Holt, superintendent of the Baptist Hospital, Houston, Tex. "A physician of this type, with a prospective profit in mind, will often urge a patient to be operated upon when an operation is unnecessary."

This is plain talk and to the point, and Mr. Holt is to be highly commended for his frankness. But he did not stop there. He added that the association had adopted a ruling that any hospital which employs such a physician will be barred from the approved list. This will be highly appreciated by the public. At times operations are necessary. Often they are not, and we are sure Mr. Holt will support by the sensible portion of the healing art. The other portion must be looked out for.

The British feminists have found a way of getting what they want, and it has been successful. So they don't change it. It is a method known to many women, and consists simply in writing to the Queen of England—so Americans—so it is twice as effective with our dignified and uncommunicative cousins of the British Isles to write a simple double distaste.

Having done this, the feminists through this method, the British feminism is now trying to make it complete, in the midst of the solemn ceremonies which regularly attend the king's address to Parliament. The British monarchs have come down from ornate antiquity—a group of British flappers interrupted the dignity of the queen's speech to present a petition that women should be allowed to vote when they reach the age of 21, as men are privileged to do. It worked. Almost the first word after parliament was opened was the Queen's promise that the law would be changed.

It is easy to sympathize with a young transatlantic flyer for his arrest in Connecticut; but the fact remains

"A TEXAS STEER"

Reviewed by Edwin Schallert
LOS ANGELES — Will Rogers comes to the screen at last in a motion picture that coincides in a variety of aspects with his popular reputation, and one that promises to be a whirlwind hit.

This is "A Texas Steer," produced by Sam Kork for First National—a striking example of good showmanship.

Rogers now enjoys a national and international fame as a humorist and a figure in public life, and it is unquestionably a great coup to present him in a film feature, closely associated with his activities as a commentator on events political and social. This, as it happens, is just what "A Texas Steer" in its modernized adaptation from the old Hoyt stage farce, aims to be. It is what may be termed a "natural."

Rogers starts as a cattleman on the Texas plain. He has been elected to office without any personal solicitation on his part. His cowboys have managed to steer him away from the seat of the election during the campaigning, which is engrossed by his friends, and by his wife, who has high social ambitions for her daughter, Rogers, after debate, accepts his election, but advises his constituents not to tell anybody where he has gone during his impending absence, the inference being that he is afraid it might hurt his repute as a cowboy.

"A Texas Steer" will be shown at the Temple Theatre, Willard Monday and Tuesday, February 27th and 28th.

TOM MIX SCORES AGAIN IN FINE WESTERN DRAMA OF TEXAS BAD LANDS

"Daredevil's Reward," Fox Film's latest feature starring Tom Mix will be shown Friday and Saturday, February 24th and 25th at the Temple Theatre, Willard.

Mix, cast as Tom Hardy, actor of Rangers, receives orders to capture or destroy a dangerous gang of high-waymen.

Led by Lane Foster, foreman of the Powell ranch, which is the stronghold of the outlaws, the gang attempts to hold up the Greely stage. They are dumbfounded to discover that someone has held up the stage ahead of them.

Tom, too late to notify the stage driver, has held up the stage himself in the hope of saving the money shipment. Overcome by the beauty of one of the passengers, Tom neglects to take full precautions and is nearly captured by the gang.

Desirous of knowing the girl better, Tom follows her and discovers that she is Ena Powell, niece of James Powell, one of the leaders of the gang. Recognized as the "Ace of Rang-

al members.

The line-up for each side consists of Bobby Agnew, Pauline Garon and Rex Lease, on behalf of beauty; while Bert Turpin, Joan Standing and Churchill Ross vie for honors by displaying virtues in the class not often considered attractive.

Bert Turpin declares, and justly, that his face is his fortune. It has certainly placed him on easy street.

Joan Standing affirms that the pictures sought her and not that she sought the pictures.

"It was my freckles," she said, "I didn't even have to look for my first job. My face is my fortune, all right, and it maintains me very comfortably indeed."

FINDS BLUE HOLE ONLY TWENTY-FIVE FEET DEEP

A belief dating back more than a century was shattered when Prof. George D. Hubbard, head of Department of Geology at Oberlin College, told the Kiwanis Club at Sandusky that the Blue Hole near Castalia is not bottomless.

Prof. Hubbard said that with another geologist he had made soundings and had found that the Blue Hole is nowhere more than twenty-five feet deep.

He admitted that to persons standing on the brink and looking down into it, seemed "much deeper."

"Were there no bottom to the Blue Hole, what would hold the water up?" Prof. Hubbard asked.

For years tourists have been coming many miles to look into the little body of bubbling water, icy cold in summer as well as winter, that always has been supposed to be virtually infinite depth.

HURON COUNTY HAS TWENTY TOWNSHIPS

How many townships has Huron county? Nine out of ten would say nineteen. But the county now has twenty. The new one is the part of the town of Bellevue that is in Huron county. Recently, Bellevue, which is in Huron and Sandusky counties, became a separate township and that city settled legally from Lyndon township in Huron county and York township in Sandusky county.

It is commonly believed that both Bellevue and Lynde township will probably be split in boundaries and the statement has been made on good authority that Norwalk city and Norwalk township would profit if the two districts were made into separate units. The charge has been made that Norwalk voters, while acting under the best of intentions, have voted for candidates not approved by the voters of the township.

FEATURED PLAYERS DISAGREE AS TO REQUIREMENTS FOR SUCCESSFUL CAREER AS MOTION PICTURE STAR

Members of the cast of "The College Hero," the Columbia Pictures production which will be shown at the Shely Opera House, Saturday February 25th, declare that the industry one of opposites. By this they infer that to become popular and rise to fame one has the choice of being extremely beautiful or exceptionally homely. The characters in "The College Hero" call for both of these types, and so as not to offend either class it was decided to feature sever-

al members.

The line-up for each side consists of Bobby Agnew, Pauline Garon and Rex Lease, on behalf of beauty; while Bert Turpin, Joan Standing and Churchill Ross vie for honors by displaying virtues in the class not often considered attractive.

Bert Turpin declares, and justly, that his face is his fortune. It has certainly placed him on easy street.

GAS HEARING

Denial was made by the Public Utilities Commission last Wednesday that any action has been taken with reference to the new and higher rates which the Logan Gas Company asked permission to file. The petition filed by the company February 16th was received and awaiting announcement of date for hearing by the commission.

At the office of the Public Utilities Commission at Columbus it was stated that reports to the effect that the petition of the Logan Gas Company had been rejected were unfounded and were apparently a misrepresentation intended to mislead.

Officials of the Logan Gas Company expressed surprise at reports of the rejection of their petition without a hearing and upon inquiry at the Commission office were assured these reports were not true. Inquiry by Logan Gas Company officials developed that efforts have been made to confuse the news reports of the filing of their petition as has been done constantly by way of misleading the public on the part of those supposed to be representing the cities in the case.

Logan officials further point out that this petition is not in conflict with the Supreme Court decisions but on the contrary is based upon those decisions in that, by reason of the long delay and postponement of definite action in the rate case, new inequities and conditions involving confiscation have developed. Logan Gas Company officials state that it is their opinion the rate cases would have been long since settled had they had the same opportunity of giving to the public the facts involved as has been enjoyed by the so-called representatives of the cities. They explained that they have not asked for any interpretive news from any publication but only a fair statement of the Logan Gas Company's substantial facts as presented.

INDICATIONS OF BETTER BUSINESS

If advertising is a weather vane whereby the currents of the business world may be measured, then conditions for the advertising year are favorable and point to a period of good business activity, according to Leo W. Maxwell, President of the Crowell Publishing Company and head of a group of national magazines.

The lines on which the most energetic advertising and other sales activities are indicated include food products, drugs and toilet goods, automobiles, tires, building materials and household equipment. The lines which, in general, show hesitation and uncertainty are clothing and dress goods, furniture, automobile accessories and radio.

Mr. Maxwell comments: "If business generally had less to sell, or if the people of the country just simply could not buy, then we might look forward to a year of rough sledding and thin picking. But business generally has a whale of a lot of production capacity, therefore a lot to make and quite plainly a lot to sell."

"But the people of this country—the greatest consuming group in the world—ever though they have a tremendous purchasing power, must be

reached and convinced.

"Business houses, therefore, except those dying of dry rot, will need every possible sales aid, such as advertising. You may be sure they will seek every possible sales aid."

"Consumer demand cannot be caught, hook-tied, and branded by any one outfit or by any one group. Freedom of choice on the part of the consumer creates the great hunt and sport in American business. And that is where advertising gets its income."

"Advertising is something which, economically and effectively, can aid business in influencing the consumer's choice. It can help the business man to do a better job in 1928. There are many businesses which need it and many which will make effective use of it during the next year."

GIVES STARTLING FIGURES ON HIGH RAILROAD RATES

That mid-west manufacturers can ship their goods to the Atlantic coast by rail and those carried by boat to the Pacific coast cheaper than they can ship them by rail across half the continent is one of the startling facts disclosed in the present issue of Farm & Fireside in its campaign for deepening the Mississippi river and its tributaries.

The case in point is that of an Iowa harrow manufacturer who ships his goods by rail to Baltimore and thence by ship through the Panama Canal and lays them down in San Francisco at \$100 per carload less than he can ship them direct by rail to the Western port.

Thus, says the magazine, in freight cost per ton mile, New York is closer to San Francisco than Omaha, Kansas City or St. Paul. This peculiar situation in freight rates puts the factories of the Central West at a disadvantage in competing for sales either abroad or on the seaboard. Agricultural, it is added, suffers through the freight cost both on its products and its purchases and in addition from the retarded growth of the markets in cities of those areas.

500,000 MEN WITHOUT A COUNTRY

A generation ago, the "man without a country" was so unusual and exceptional that he provided an intriguing title for a great novel. Today, there are so many people in this category that a nation of them could easily be gathered together.

The Near East Relief, in its annual report to Congress, estimates at more than 500,000 the number of refugees in the Near East who are officially classed as people without a country. For years international law had no method of dealing with them, but now they carry an international passport, issued by the League of Nations.

Wherever they go, these unfortunate are aliens. No country wants them; no nation bids them welcome. They have no political claim on any government, and no racial tie with any existing state.

Most of them are Armenians, but many thousands are designated by the League of Nations merely as "of undeterminable nationality." At least half of them owe their lives to American relief effort during the post-war period—otherwise, they would have fallen victims to massacre, famine or epidemic.

They still remain an international problem and a problem in human

tarianism. The final campaign of Near East Relief for \$5,000,000 to complete its overseas work, aims to provide about a third of this sum for the solution of several of the more acute problems arising out of this refugee situation, particularly as it affects the women and children among the 500,000 people without a country.

sentence seems all out of proportion.

But when you consider it closely we believe you'll agree there was justice in it. The boys, to begin with, carried off the voters this year on other issues than prohibition. And then there were other voters who were not interested; it is logical to assume that they would have used them. It was the operation of chance, not their own will, that made them free men.

In the same place suppose a man of \$10,000 had his pocket instead of \$250. If you read a man of \$10,000 you would have thought the sentence particularly excessive. Yet their crime, even the it actually involved \$250, was just. We are going into this case at this length because it is typical of many cases which are seized on by sensationalists. People will feel that they are being taken advantage of in comparing the dollars and cents involved in such cases with the sentences imposed. These people need to realize that it isn't the amount of the fine that makes a robbery serious; it is the act of highway robbery itself.

enough that politicians, both wet and dry, and in both parties, want to go before the voters this year on other issues than prohibition. The Tourist Club was delightfully entertained at 6:30 dinner at the Fall Restaurant Monday night by Miss Harriet Fortner. Table decorations were in keeping with the patriotic season. The guests enjoyed a brief walk in the crisp air and held their meeting at Miss Fortner's home. Mr. Shafer had chosen two interesting articles for study — "Delmont Days" and "The White City of Algiers" both of which were beautifully illustrated. The next meeting will be with Mrs. Shafer, Mrs. Sherman acting as leader.

ATTEND MILITARY BALL

Mr. and Mrs. M. F. Dick of West Broadway attended the annual military ball of Mansfield Commandery No. 21 Knights Templar held Friday evening at the Elks home.

More than four hundred knights and their ladies were present to enjoy the event which continued from 9 to 1 o'clock. Color was lent to the scene when the knights appeared in full Templar uniform, without swords, or in formal dress, contrasting with the beautiful gowns of the ladies.

Dancing to the excellent music of the Lens orchestra of Norwalk, was continued during the remainder of the evening. For those who desired tables had been provided in the balcony where cards could be enjoyed. A luncheon was served also during the evening.

The affair proved one of the most brilliant that the commandery has held in a number of years, and the committee in charge was complimented on the manner in which the party was conducted.

HOME GUARDS ENJOY MEETING

The Home Guards held an interesting meeting Saturday afternoon at the home of Miss Velma Close. Ten members were present.

Mrs. Thurman Ford, the supervisor, had charge of the program with the subject "The Right Use of Money" as the main feature. It was also decided to take up a Larkin Order, proceeds to be used for their pledge.

A Valentine Box and a social hour followed the business meeting. Refreshments were then served by the hostess' mother.

The next meeting will be held with Agnes Anderson on the second Saturday in March.

DR. HECKLEMAN SPEAKS**ON JAPAN**

Dr. F. W. Heckleman, missionary to Japan, but now home on a furlough gave an instructive and interesting address at the M. E. church, Tuesday evening, on the Japanese question.

He gave special stress to the seemingly impossible barriers to preach the gospel to these people, and with numerous illustrations pointed out that the Christian nations are largely responsible for their attitude.

Dr. Heckleman for a quarter of a century has worked and studied among these people. He has seen the return of Japanese youth from our American colleges with ideas and ideals bitterly shattered, completely disappointed in our Christian life; then it is to be wondered that the Missionary's work is struggling under a great burden—with insufficient funds, with too few workers and an indifferent attitude from the home folks.

He also spoke on the social, moral and political life of the Japs.

A movement is on foot to raise funds for educational purposes in Japan as a memorial to Dr. Heckleman's son whose untimely death by asphyxiation last November was such a shock.

Before going to Japan, Dr. Heckleman served as pastor at North Fairfield and other Huron County points and his numerous friends welcomed him on this furlough.

INFECTED KNEE

Thomas Himes is laid up with an infected knee which has been causing him considerable trouble.

CATHERINE REED CLASS

Mr. J. W. Miller entertained the members of the Catherine Reed class Tuesday afternoon at the Manse.

A short program pertaining to Washington's birthday was given and a lovely lunch served.

The next meeting will be held with Mrs. Zella Southard on Bell street.

LENTEEN SERVICES IN**THE LUTHERAN CHURCH**

During the Lenten season, Rev. A. M. Himes, pastor of the Lutheran church will conduct Lenten Services each Sunday evening at 7:30. A series of discourses will be given based on the Apostle's Creed seeking to answer the questions, "What Shall a Man Believe and Why?" Special music will be rendered at each service consisting chiefly of solos by various members of the choir.

FRIENDSHIP CLASS ENTERTAINED

George Washington Decorations predominated Monday evening when Mrs. Florence Brokaw and her assistants, Mrs. Geo. Schreiber and Mrs. R. Scott entertained the members of the Friendship class at the home of Mrs. Brokaw.

Mrs. Ruth L'Amoreaux presided and Mrs. J. L. Price was in charge of the devotions. During the business session it was decided to purchase new books for the Sunday School. An interesting letter from Miss Nellie Carson, a former teacher of the class, but now doing missionary work in Mississippi was read.

During the social hour, an animal contest was held in which Mrs. May won the prize. A very nice lunch was served to thirty-four members.

The March meeting will be held with Mrs. Hossler on Sandusky street.

The meeting was originally to have been held with Mrs. L. Z. Davis' but owing to illness, it was held with Mrs. J. L. Judson.

Mrs. Stacy Brown presided and the regular business taken care of. Fourteen members, two guests and four children were present.

JUNIOR BOOSTER MEETING**GROUP NO. 1**

The Junior Boosters, Group No. 1 of the Presbyterian Sunday School held a very interesting meeting at the Manse last Friday evening.

There were sixteen present to enjoy the games and contests which were provided by the entertainers. During the course of the evening a dainty lunch was served by Harriet Cornell and Vera Webber.

SCRAFIELD BUYS CLARK'S GROCERY

After successfully conducting a grocery business in Plymouth for the past eighteen years Armand H. Clark has sold his interests to David Scrafield, who has been connected with the store for the past year. Mr. Clark was for years associated with his brother, Robert Clark.

Mr. Scrafield, the new owner is a capable and energetic young man and his future is a most promising one in this line, being well known in this vicinity and is well liked throughout the rural section. It is his intention to conduct the store in the future along the same lines in the past, and he extends to his many friends, an invitation to call at his store.

The change in ownership is just another one of the many Plymouth has experienced during the past three years, and it is pleasing to know that the business is still confined to home interests.

An announcement of the change and also the policy which the store will pursue will be found in an advertisement of this issue.

Mr. Clark states that while he is yet undecided as to his future, he will continue to make Plymouth his home.

ONE O'CLOCK LUNCHEON

Mrs. John A. Root entertained at a one o'clock luncheon Monday the following guests: Mrs. Frank Root, G. Miller, Mrs. F. Dick, Kirk Wilson, Glen Dick, Frank Sheely and G. A. Artz.

FRONT WHEEL IS SMASHED AS CAR STRIKES CURBING

When a Ford coupe came to a sudden stop at the North Gamble street Big Four crossing Saturday morning, O. J. Lybarger, who was driving a Chevrolet sedan avoided a rear-end collision when he turned his car into the curbing, smashing the right front wheel and doing other minor damages to the car.

Lybarger states that he was following the coupe and just before the crossing was reached the signals began to operate causing the Ford driver to come to an immediate stop. The road was covered with ice and brakes were almost useless, so Lybarger turned into the curb causing slight damage to his car. The wrecked machine was towed to Plymouth by Russel's Garage wrecker.

KIDDIES GET ONE GOOD MEAL A DAY

C. H. Sisson, special investigator for Governor Donahay, has a position which keeps him busy every hour, minute and second of 365 days of a year. When an effort is made to have prisoners in the penitentiary either pardoned or paroled the matter is turned over to Mr. Sisson for investigation. Upon his report almost invariably depends the action of the Governor or Board of Clemency. Many peculiar cases are brought to his attention. Convicts, or "Cons" as they are called, sometimes feign illness that can scarcely be detected even by experts, then request release that they may die at home. When Mr. Sisson gets on the job they seldom get away with it; then others bring influence to bear and these are hard to contend with. Scores of cases come up every month and he has proven a valuable man for Governor Donahay.

Watch The Kidneys After
Winter's Colds.

Cold and grip are hard on the
kidneys. When the kidneys slow
up, there is trouble in the blood
and are apt to make one tired
and achy with headaches, dizziness and
often nagging backache. A common
warning is scanty or burning secretions.

Doctor P. L. McQuade, our

SQUARE MEETS

Twelve members of the "P" Square
club held a lovely covered dish
dinner at the home of Mrs. H. W. Hud-
dleston Wednesday, February 14th.

During the afternoon the regular business
session was held, followed by a very
interesting program which had been
arranged by the committee. The roll
call was responded to, with a valentine
verse. This was followed by a
very good discussion on the "Relative
cost of kerosene, gasoline, natural
gas, or electricity for cooking."

A reading pertaining to Lincoln
was given by Mrs. Grace Howard.
The meeting adjourned to meet
March 21, with Mrs. Inez Kinsel and
every member requested to be present,
and be there early as there will
be a number of baskets to finish.

MISSIONARY SOCIETY MEETING

The Woman's Missionary Society of
the Presbyterian Church will meet
Friday, February 24th at 2:30 in the
church parlor.

ALPHA GULF MEETING

The Alpha Gulf held their regular
meeting on Tuesday evening. Twenty-
five members were present. Mrs.
Seville told of her visit to Valley
Forge and Mt. Vernon, Washington's
old home. Mrs. Hoffman read an
interesting article about Geo. Wash-
ington. A guessing contest was held.
Delightful refreshments appropriate to
the occasion were served by the hos-
pitality, Mrs. Votaw, Miss Stella Ney
and Miss Rilla Traeger.

The R. A. M. Chapter at Plymouth
met in regular session on Monday
evening. A class of four received the
M. D. degree, and we were indeed
glad to see our townsmen Rev. Lehr
McCORD, pastor of the Lutheran
church take this advanced step in
Masonry. Atty. Hall of Shiloh,
accompanied by several commissioners
inspected the chapter and highly com-
mended the members for the excellent
condition of the chapter and the
efficient initiatory work. Among
those from Shiloh we noticed: Chas
Nelson, Ivan McQuade, W. W. Pittin-
ger, Chas. Reynolds, Rev. G. R. Menta
Prof. Bushey, Chas. Hamilton, Glyd-
Russell, W. W. Kester, Floyd Down-
end, J. B. Ziegler and Rev. McCord.
The Palace Hotel served an excel-
lent banquet. All considered it an
evening well spent.

CHAMBER OF COMMERCE

Annual meeting and election of offi-
cials for the coming year Friday even-
ing, March 2nd. Oysters will be
served. Reports of what has been
done during the year, work begun but
not completed and other work that
should be accomplished. Other com-
munities do not advance without the
combined efforts of numbers of citi-
zens.

We have the money we have proved
we can and will work together, and
we have some results. What may be
accomplished the coming year with
all hands staying hitched and pulling
together no one knows, but it will be
worth while.

**FORMER SHILOH BOY WRITES
INTERESTING LETTER HOME**

Dear Folks:

We arrived at Miami about seven
o'clock this evening. We would have
gotten here sooner, but we had a flat
tire about ten miles out. That was
not bad though. We traveled one
thousand five hundred and ten miles
on the whole trip.

Only one flat tire and no other
trouble. We used about one hundred
and thirty-seven gallons of gasoline
on our whole trip. Those mountains in
Kentucky were surely interesting.

We were in Virginia for about ten
rods after we passed through the
Cumberland Gap. We ferried across
the Tennessee river which was very
interesting to all of us.

We saw a few old water wheels
working, some small coal mines, pine
trees tapped for the making of turpen-
tine. We also saw a number of orange
groves and tangerine groves.

We made a picture of a house
with a balcony, and the interior of a
house was house in Kentucky,
which will probably be of interest to
those at home. Will send more photo-
graphs later.

I saw a large shark last evening
when we were crossing the Indian river
to the hotel where we stayed all
night. It was a mighty fine hotel.
However, I will not say what our room
costs six dollars per day. One can
learn a lot by traveling.

I took a drive over to the beach
tonight. It looks nicer than it did
last year.

When you write try to fill more than
one sheet of paper, but you know I
cannot do that, even though this
paper costs me nothing. It is now
12:30 a.m.

Hoping this finds you all well, I
remain,

Your son, —

mile stone on life's highway. Thanks!

D. Mente exchanged dates with Rev.
McBride and held chapel services
on Monday morning at the High
School; dwelling upon the Master's
Definition of a Neighbor, as exemplified
in the life of the Good Samaritan.

The doctor spoke on the life of
the great French enthusiast, LaFay-
ette, who in the hours of the colonies
greatest need enshrinéd himself into
the hearts of every true patriotic
citizen. His wills were given to under-
stand that the life of sacrifice is
the only thing he sought to buy.

SHILOH SCHOOL NEWS**LITERACY**

Friday, February 17th, Literacy was
held by the Atlian Society. There
was one visitor present. We all en-
joyed the program very much. It was
one of the best that the Atlians gave
this year.

The program was as follows:

Song Wallace Firestone

Reading Dorothy Au-

Written Book Review Margaret Hanley

Picture Solo

Trials of the Paper Staff

Essay Ulrich Roethlisberger

Short Story Catherine Dick

Voiced Solo Juanita Huddleston

Critic Report

Miss Firestone surely must be a
good teacher by the way her pupils

are improving along the Dramatic
line. Wallace gave a very good read-
ing.

We are all sure that the num-
ber "Trials of the Editor" was

the main feature of the afternoon. We
surely can express our sympathy for
the editor as well as pity the ink bot-
ties. Juanita's comic solo was well

done and we hope the Eskimo and
Eski Miss lived happily ever after-
wards.

The next program will be given

March 2, by the Delphian Society.

GIRLS WIN MADISON

Wednesday evening, February 15th,
Shiloh girls played Madison at Madison

and won with a score of 18-17. Madison
team has improved a great deal. The
last time we played them we won by
a wide margin. Shiloh thought they had
won because they had won before they
went into the game, but after the first
half they decided it wasn't going to
be so easy. Miss Cuppy, our
coach, was not at the game and so
the girls had no one to keep their
spirit up. This was the last game of
the season so the girls knew they had
to win. The girls didn't play like
they might have but the form
wasn't far off. Dick made a good
start but he was cut down. The last
few shots out of ten. The last foul she made was the winning point.
Those who played were: Moser,
Dick, Firestone, Swarts, Clinker and
Griffitt.
