### MRS. W. McNAMARA DELIGHTS AUDIENCE

IN ELK'S PROGRAM  
Norwalk—Mrs. Walthes McNamara, one of Huron's country's most talented daughters, was engaged last week to give monologues-entertainment-art of the program arranged for a meeting of the Antler club of the Elk at Mansfield. The affair took place at the Mansfield-Leland Hotel.

That Mrs. McNamara made a resounding hit is indicated by the following written in "Fifty-Six," a house journal issued by Mansfield Elks: "Mrs. Walthes E. McNamara, the beautiful attraction of the evening was humorously and pleasantly introduced by Toastmaster Beachy in front of the three-quarters of an hour she kept her audience riveted, with her sparkling, humorous recitations and impersonations. Mrs. McNamara explains that she makes no claim to being an elocutionist—that she is "just a nature born fool," as she puts it, but she certainly did have her hours during all of the time of the depicted scenes. Her recitations and impersonations were so good that all of us were laughing and crying at the same time."—Redeemer Herald

## Marshal Has a Busy Week

The weekend proved to be a busy one for Marshal Burkett according to the records, and several minor offenses were taken before Mayor Derr. Tom Jacobs was arrested here Monday night on advice from the Sheriff of Ashland county who came to Plymouth Monday evening for his prisoner. It is claimed Jacobs was connected with a recent robbery in the vicinity of Ashland. He had been staying in Plymouth for several days. Walker Smith of Delphi unknowingly parked on the wrong side of Front street and he was informed of the new ordinance recently passed prohibiting the parking of machines on the east side of this thoroughfare.

Marshal Burkett rounded up three youths of the village Sunday afternoon and bailed them before Mayor Derr on a charge of loitering around a local pool room. It is very evident that this practice will be broken up in time as many of the older citizens do not approve of youngsters making pool rooms their headquarters.

Clifton and Willis Grimwoods were told that they could not use the main thoroughfare in Plymouth as a racing track. About noon Monday they started out in a well-known car to see just how fast it would travel. Several times they passed through the Public Square at a dangerous speed, and it was late Monday afternoon before Marshal Burkett rounded them up. They were not given a fine, but were instructed as to the speed limit.

## You'll Laugh at the Minstrel Show Tonight

Speaking of entertainment, you've read the critics' review of the "Show Boat," Ziegfeld's Follies, Artists and Models, etc., but you haven't read an press agent stuff about the Twentieth Century Minstrel Show which is being staged here tonight by the Twentieth Century Circle under auspices of the P. T. A.

It's not our lot to tell you all the jokes and the funny sayings and sketches—because if we did perhaps you'd think the writer another "Will Rogers." But we will say this: that if you really want to enjoy an exceptionally good home talent show then attend the minstrel tonight at Hamilton Hall!

Making the entertainment more effective the players wear costumes that are witty—some bottle and some bottle—and the blackface work they do no better even by the "Two Black Crow's."

Two hundred new seats have been purchased by the school and they will be used in Hamilton Hall. They will add greatly to the comfort of the public.

It is also announced that a complete change of program will be used instead of the one presented recently at the Club's annual good night. The Minstrel starts tonight at 8 p. m. and the admission we are told is very reasonable.

Funeral services were held Saturday, and interment was made at Edwards Grove cemetery. Besides the two sisters here, Mrs. Watts leaves two other daughters, Mrs. F. D. Donaldson of Greenwich and Mrs. V. D. Hanville of Ashland and Mrs. J. B. Sherman, also a daughter died several years ago.

### DR. KOLLER WILL ADDRESS CLASS

Rev. Dr. Paul W. Koller of Mansfield, president of the Ohio Synod of the Lutheran Church will deliver the Commencement address at Hamma Divinity School of Wittenberg College, May 8th.

Twenty-six young men are candidates for the degree of bachelor of divinity to be granted on the evening of the commencement exercises.

An Iowa youth, 18 years old, testified at the trial of another man who was accused of driving while intoxicated, and told a life story caught at it. Brought to trial, he pleaded guilty to perjury and was sentenced to ten years in the reformatory. That seems like an extremely severe sentence. Perjury, to be sure, is a deadly and a vile crime, but its very foundations of justice. It is the most serious problem facing the courts today, and if we seek to punish witnesses or attorneys who are involved we are beset by the pleadings of friends who tell us this person is very young or that one has a sick mother who will be the real sufferer. But the crimes of perjury and subornation of perjury are becoming a serious menace to orderly justice. The law holds the person who testifies almost identical in tone, made by two prominent judges. Will the newspapers help the courts in this process? Vigorously against lawyers guilty of subornation of perjury and witnesses who consider their oath in a court of record as something to be deliberately and immediately broken. If there are lawyers whose only conception of local ethics is lower than that of their clients serve let them be known. If they are serious violators of accepted standards of their profession they should be forbidden the right to practice in any state. Respect for authority has nowhere attained a lower level where we can afford to tolerate flagrant dishonesty upon the part of men sworn to uphold the highest standards of citizenship.

The 1928 campaign has begun in earnest as can be determined from these facts. Hoover has anchored his bid in Ohio to the top job into Senator Willis Batefield. Tammany has ordered a "non-bid" delegation at all points in the state. The Continental Trail Co. have been traced to Republican headquarters. Kansas City has announced an advance in prices for accommodations. The first-tooth comb artists are appearing with their microscopes to dissect the candidates at all points in the state. Kansas City will be occupied longer than those at Houston and there will probably be more sun-burned heads at the Kansas City from having had the sun.

A actress in California has refused to take alimony from her divorced husband. However, it cannot be said that alimony is not appropriate.

The writer of this column has been waiting in vain for news of news from King Ben, who is supposed to return from the death row. But, no news has come. Pre-arranged signals of anti-spiritual people have never materialized. Hoodlums arranged a code of signals with the police. The police have been from the grave, and although some mediums have tried to tell her they have not been successful. Her dead husband and that he asked for goodness for his expose of their transactions. It is never yet been any signals from him. And yet the world is full of people who allow themselves to be deceived by mediums handing out their money to fake mediums and cults founded for financial and sexual gain.

Several persons with especially fine automobiles are preparing to make an attempt to break the record of 209 miles an hour made last year by Major Seagrave at Daytona, Fla. It would be interesting to know from some authority whether there is any practical value in these attempts to break the record. We are already driving automobiles too fast for our own good. Unless there are some constructive uses for these tests—unless its purpose is to improve the design and construction of the motor and the chassis—there is no excuse for all this expenditure of energy. The question is, are these speed tests and publicity experiments, or just more flag-pole-attitudes?

For self-protection, when elected government of Indiana would be to appoint your best friend warden of the penitentiary.

The average citizen knows there is a law against murder, a law against assault, a law against assaulting his neighbor, a law against driving his automobile at an excessive rate of speed, a law against drinking too much beer, a law against drinking. He knows these laws, and can remember them. But there are 5,000, 600 words in the law books. How can an assistant U. S. district attorney point out 3,000,000 words in each state general code and additional millions of words in the state codes of statutes... He can't possibly know all the laws represented in these millions of words. How, then, would he be asking a bit too much of him to carry around with him constantly the statute books in which they are contained... Ignorance of the law is not deemed an excuse for crime. Yet, the lawyer at the point of arrest, when we can expect the people to obey the law when we have made it physically impossible for the people to know the law? We have been speaking here of the average citizen. We are wondering what the lawmakers themselves, the members of Congress, of the U. S. Senate, of the state legislatures are familiar with all of the laws, that the lawmakers themselves know and that appear on the law books of city, state and nation. What this citizen does at this time is fewer and better laws, but it erudite legislators would, in a sad way, make some laws. It is not inconceivable that we may awaken some day morning to find that no damage was done.

"WHAT PRICE GLORY" AT ROXY SMASHES WORLD'S BOX OFFICE RECORDS

"What Price Glory," at the Roxy Theatre in New York broke every theatre box office record, both for money and attendance, ever since Eve

Brooks started it revolutionizing the "Apple." The total for the first week's run was more than \$144,000 and the attendance over 176,000 people. This is more significant when it is remembered that there are only 47 cities in the United States with a population equal to, or greater than this number.

On Saturday, August 12, the picture opened to capacity. The first day's receipts were greater than any taken in at the Roxy on a Saturday before.

Monday's total was larger than any other week-day receipts. Tuesday mounted above that and Wednesday mounted even higher. Thursday was a few dollars short of Wednesday. Friday, the seventh day of the run, was bigger than Monday. For the second week-end, the receipts exceeded those of the first.

The receipts for any day during the showing of "What Price Glory" at the Roxy would satisfy the manager of a 3,000 seat house for a week's income. While establishing this new world's record, the Roxy had forty city police assigned to its premises. Through gathered at the theatre before the opening on Saturday and all week a continuous stream of people kept flowing into the house as long as its doors were open. When the theatre closed each night, there were still hundreds clamoring for admission.

"What Price Glory," was held over for three weeks and continued to set new figures each week. This picture triumph comes to the Temple Theatre, Willard Sunday for three days, Sunday, Monday and Tuesday, March 4th, 5th, and 6th.

"ON YOUR TOES" WITH DENNY KEEPS AUDIENCE ON EDGE

It's a safe bet that you'll be sitting on the edge of your seat through most of "On Your Toes," the latest Paramount Jewel picture with that most inimitable of stars, Reginald Denny. This highly entertaining feature will be shown at the Temple Theatre, Willard, Friday and Saturday, March 2nd and 3rd for an engagement of two days.

Denny, the brilliant comedian, known to screen fans throughout the world for his highly entertaining and amusing pictures, gives a performance that beats his former work in such efforts as "Fast and Furious," "Skinhead," "Duke Sullivan," "The Show You the Town," It is one of his roles that will long be remembered.

Stevenson as the prize fight manager, Frank Hagney as the champion, Myrta Carr in another of her famous "mother roles" although this time she's the "mad" "grand" before mother. Directed by George Fitzmaurice.

Although he is the star, Denny is forced to show his best efforts in order to dominate the picture, for the supporting cast is made up of a group of really capable players. Barbara Worth, as the leading lady, astonishes by her beauty. She is undoubtedly one of the most beautiful, not to mention skillful, actresses on the screen. Then there was Hayden

BILLY BLETCHER NOW A TEXAS RANGER WITH TOM MIX IN FEATURE

Billy Bletcher, cast as Mix in "Tweedie," a rookie Ranger, is the cause of many laughable situations in "Daredevil's Reward," a Fox Films production, starring Tom Mix. Film pleads for a chance to show his worth as a Ranger and when Tom Mix offers to take him with him on a dangerous mission, he is joyrized.

Sim wins his spurs as a Ranger and proves to his scoffing comrades that he can amount to something.

"Daredevil's Reward" was directed by Gene Ford and will be the feature attraction at the Shelby Opera House Saturday, March 3rd.

PARTS HAIR ON SIDE

Victor Varconi - Buck Driver in "The Angel of Broadway"

Merely changing the part in one's hair often makes a remarkable difference in a screen characterization.

Victor Varconi, notable DeMille leading man, has been wearing his hair either parted in the center, as in "The Volga Boatman," "Fighting Love," and "The Little Adventurer," or swept back in a maculaine pompadour, as was the case in "The Kings of Kings." When he was selected to portray the role of a rough truck driver in Leatrice Joy's current starring vehicle, "The Angel of Broadway," which comes to the Shelby Opera House Sunday, March 4th, Varconi, as leading man, parted his hair on the left side, leaving a shock of hair that frequently fell over his eyes.

"Who ever heard of a tough truck driver who parted his hair in the middle?" asked Varconi when the players at the DeMille studio remarked on his changed appearance.

WHERE'LL WE ALL BE TEN HUNDRED YEARS FROM NOW

What will the great centers of population resemble a thousand years from now? Whether you have or haven't asked yourself that question, be thankful that you are living in the twentieth century. You'll understand why this is said when you see "Metropolis," Paramount's grand melodrama which arrives at the Shelby Opera House next Monday and Tuesday, March 5th and 6th.

it a violation of the law to inhale more than one lungful of oxygen a minute.

Manufacture of wearing apparel is a perilous business. Styles change so frequently, suddenly and completely, in women's wear particularly, that a factory busily turning out shirtwaists, petticoats, corsets or union suits may find that demand for its product has vanished somewhat instantly and entirely. The possible effect of fashion on the clothing business is a familiar fact by now and progressive manufacturers guard against it by having side lines ready to become main lines at any minute.

"The Congressional news up to this date possesses not the slightest interest—Congress seems determined to fritter away its time, instead of rendering it profitable to the nation." From a Philadelphia newspaper of 1834. Seems as though the present Congress is living up to tradition.

A New York publication says that in 1859 Abraham Lincoln saw all the modern farm problems. We differ materially with that statement. Lin-

coln had not the slightest idea of the problem of a farmer today, for instance: Whether to install an oil station or a hot dog stand; how much land to rent for billboard purposes; whether to build an addition to his house to provide more rooms for tourists; whether to buy a new car this spring or next; what kind of a radio set to buy; whether to sell the team and buy a tractor.

GRETA GARBO

"Merely a right" under the motion, they were right, the world is a love, Nobil's Bargain Store and a love.

**WALTER DONALDSON INTRODUCES AMERICAN THEME AS MUSIC FOR "LOVE"**  
New York City.—There's been a big battle on Broadway between the contenders for American music and those for foreign classics. And the Americans have won with colors flying.

It all started because most motion pictures have been cast with excerpts from classics and the public wants American jazz. Now, the first sighted producer is themeing his picture in American rhythm.

Walter Donaldson, songsmith de luxe, who has made more money from song writing than any other person, now or ever before, was asked to write the first motion picture song. He did with "That Melody of Love," for "Love" featuring John Gilbert and Greta Garbo.

"He re we have the music that all the world wants, yet we in America

have been tossing it aside for foreign classics. And we do this just because certain compositions are called "classics." In a hundred years from now many of the popular songs of 1928 will be in that category," Donaldson explains.

"Every country on the face of the earth runs our motion pictures and plays our music, yet we have hesitated to combine these two outstanding arts. It makes no difference what the story of the picture or how foreign its flavor, all of these qualities can be preserved and the music still truly American—if done in our inimitable rhythm.

"Our popular songs are our folk songs," he further explains, "and if musical productions have been supplanted by 'movies' in many towns, these motion pictures certainly should 'carry on' and bring the expected songs to the small communities."

### C. E. Crusade Begins April 1st

Evangelism, World Peace and Christian Citizenship will be the points of emphasis in the nationwide movement of christian youth which will begin on Easter Sunday, April 8th. The Christian Endeavor groups and other young people's church organizations in this section and throughout the country will be united in the crusade with Christ, as the new movement is named.

Twenty-five demonstrations and leaders in religious education and citizenship are associated with the International Society of Christian Endeavor in the Crusade, which was inaugurated at the Cleveland Conven-

tion of the International Society in July, 1927. Before 17,000 young people gathered in this convention, Rev. Daniel A. Poling, D. D., international president, presented the challenge of the three-fold loyalty of youth to the great tasks of the christian church, in the fields of personal living, good citizenship and law observance, and international brotherhood and peace. Following the approval of the program by the young people, three commissions were formed to study the possibilities of evangelism, world peace and christian citizenship as ideals for a North American movement of youth of the churches.

The Crusade actually takes form throughout the continent on Easter Sunday, April 8th, when it will be inaugurated with early morning prayer meetings arranged by inter-

denominational groups of young people in cooperation with the various churches and Sunday Schools and Christian Endeavor Societies. The devotional emphasis of these meetings will be on an enlarged service for young people in their individual churches and in carrying the message of the churches among their friends. The Crusade will have as its further objectives the study and practice of patriotism in the use of the ballot by those entitled to vote, the observance of all laws, the fulfillment of every citizenship obligation. In the broader field of international good will the Crusade will seek to understand the viewpoints of other peoples, and to break down some of the barriers of prejudice and jealousy. The Christian Endeavor organization in particu-

lar is a world-wide fellowship, having 4,000,000 members in 100 countries of the world. The Sunday Schools and denominational bodies likewise have international affiliations that will enable them to advance this objective by a closer fellowship among those similarly affiliated in other nations. Young people's leaders have been impressed with the development of the Christian Crusade ideal since it was proposed in Cleveland by Dr. Poling. The address which gave to the Crusade its name and other general policies and plans outlined in the International Christian Endeavor Convention were discussed in young people's institutes of christian youth groups, with a resulting demand for information and literature and speakers for

young people's mass meetings. When the three commissions had met in December, setting for the certain objectives for the Crusaders, an interdenominational central committee was formed and definite plans for extending the usefulness of young people to the church were made. One of the first purposes will be to enlarge the force of young people connected with the churches of America. In spite of unfavorable comments made by some concerning the young people of today it is doubtful if the churches have ever had available so large a youth force for recruiting new members and engaging in citizenship and welfare work as they now possess. The Crusade will energize and educate this youth force so that its usefulness to the churches and the communities will

doubtless be greatly increased. In view of this new movement within the church, Easter 1928, will have a real message of reconsecration and spiritual power to several million young people.

**THE CITY HORSES**

Headless, Tailless they stand Pounded park on Bell street, Cops for travelers warning To those who chance do meet.

David likes the city horses He calls them his pet Nellie, Instead of head or tail light He hangs them on their belly.

You pass this traffic cop Known as David's Nell, Means a trip on a street That you will say is —

Spring time is fast coming As all seasons will repeat, Then navigation may open up On this forsaken Bell street.

Dave says he has a saddle In which who care may ride, Will place it on his Nellie And all may get astride.

The horse sure is faithful At their post they toil, Their keeper deserves credit In supplying them with oil.

The street is simply awful All are sorry to see it last, We do not blame the present But credit it to the past.

**PLAY PRESENTED LAST FRIDAY NIGHT**

The Shenandoah Dramatic Club presented the play "You Can't Keep a Good Man Down" at the Shiloh High School Auditorium last Friday night. It was well attended and everybody enjoyed it.

Altogether it was a very good play. It was supposed to take place in New York city. The Shiloh High School orchestra furnished the music for the evening.

**THE TOURNAMENT GAME**

Shiloh boys played Adario in the semi-finals of the tournament last Saturday afternoon and won by the score of 30-22. The boys took the lead at the beginning and were never headed through out the game. Chuck was out in a suit again and it surely helped the team. Bill Kaylor played a good floor game but was unable to make any baskets.

In the evening the boys played Lucas in the final. The Lucas boys won the championship last year and again this year. The boys were defeated by the score of 30 to 32. The game was the fastest game of the tournament. The regular team played the whole game. There were quite a few long shots made which helped the score. The last quarter was very exciting because at one time they were 4 and 6 points ahead of Shiloh. After the boys discovered the difference in the scores, baskets were made from all points of the floor. Bob made a basket which would have tied the score, a second after the bell rang. George Dick played the best game of the season and Bob also played a very good game. But our best forward made the all County Star team.

As Shiloh was the runner-up in the tournament they received a new basketball and have the privilege of going to the sectional tournament at Norwalk.

Bob Bachrach, Cecil Burr, Robert Cornell, Donald Davis, Adea McFarland, Donald Shaver, Carl Wilford, Betty Brown, Monroe Van Wagner, Irene Fogal, Jean Curpin, Alphine Doyle, Rhea Kendig, Margaret Phillips, Edward Babcock, Alexander Dows, Frederick Mills, Charles Payne, Betty Colyer, Mary Thoms.

**Fifth and Sixth**

We are very glad to have Thomas Himes back with us again.

Friday afternoon we had a very delightful program furnished by Jane Bachrach's diversion. We celebrated some of the February birthday.

Room Reporter RICHARD MAJOR

**A NARROW ESCAPE**

After school Mary was running across the street when she heard someone calling to her. A dog came running down the street in front of a fire engine. The dog was barking so excitedly, the engine was coming so fast, the boys yelled so loud, and she was so frightened she could hardly move.

The dog was nearly upon her when someone came up behind her and grabbed Mary just in time to keep her from being trampled on by the horses of the fire department.

JANE BACHRACH

**JOKE**

Last Monday Mr. Fisher reported the loss of a button of his coat. But to our surprise and regret we found that Happy Colyer was hiding it from the public eye, (in her pocket). We haven't any explanation for it as yet. But hope to clear it up soon.

Napoleon said there wasn't such a word as "can't" but I wonder if he ever tried to strike a match on a cake of soap?

We'll have some fine chairs now for our auditorium, and so all we need now is an "auditorium."

Old Lady: "Oh, officer I feel so funny."  
Officer: "Have you vertigo, ma'am?"

Old Lady: "Yes, about a mile."

**WASHINGTON LITERARY PROGRAM**

From all reports the program put on by the Clonians last Friday was a huge success. It was something different. Instead of a long list of essays and stories, more tedious than words can express, it was full of life and interest.

As a "curtain raiser" the school sang two patriotic songs, with the salute to the American flag between the two.

Eloise Shaver, as Little Orphan Annie, gave us some real philosophy and exposition on "How to Live." Of course, her act would be incomplete without her faithful dog, Sandy. Raymond Hatch was Sandy! And at all appropriate intervals he put in his customary "Auf, auf! His costume was unique, consisting of a number of grain sacks; it was all very well as long as he kept turned toward the audience.

There were two editorials read by Rosemary Bachrach and Harry Long; and the Clonians can feel complimented because, for once, their eyes were not glued on their papers.

The third act was a series of scenes from George Washington's life, enacted behind a sheet. This was amusing. Part of it was read by David Bachrach in Italian dialect, but the rest was left to the imagination of the audience.

The afternoon ended by a "peppy pep rally" under the direction of the boys' basket ball team. For the first time this year, real pep was shown.

The Orphanians caused some disturbance when they announced that they wished to invite Mr. Harasema, Mr. Fisher and Miss Gooding to join their society as honorary members. Not to be outdone, the Clonians also extended the same invitation, but for some reason, the second invitation was not accepted.

The Orphanians now proudly claim ownership to these three members of the faculty as honorary members of the society.

**GIRLS ELIMINATED BY WELLER LASSIES; BOYS LOSE**

Our girls were submerged under a deluge of baskets by Miller and Snyder and came out on the short end of a 28-12 score. Weller's team has improved greatly since the last meeting of the two teams and with our girls in a slump the result was inevitable. Weller took the lead at the very first and never relinquished it. The guards could not stop Miller and Snyder and these two made nearly all the scores. The forwards couldn't penetrate Weller's defense with any consistency and when they did they missed most of their shots. By virtue of defeating our girls Weller earned the right to play Lucas in the finals, which game they won and thus gained the County title.

The boys lost a close game to Weller boys in a preliminary to the finals of the tournament Saturday night. Although the game had no effect on the outcome of the tournament the rivalry was great since it was the "rival" game, each team having won a game previously. There was not much fast basketball displayed but the two teams were evenly matched and this made the game exciting. Weller took an early lead and still held it at the half. In the last half our boys caught up, only to drop behind again and lose by the score of 27 to 24.

**RESOLUTIONS**

The W. M. Society of New Haven submit the following resolutions:

1. Whereas: The hand of divine providence has removed our beloved sister and co-worker, Mrs. Lizzie Woodworth, from the scene of her temporal life to the beautiful home beyond.

2. Resolved: That the sudden removal of such a life from our midst leaves a vacancy and a shadow that will be deeply realized by all her neighbors and friends, and will prove a serious loss to the community.

3. Resolved: That we recognized in her a loyal worker of the Missionary Society. We mourn her loss and we shall miss her helping hand.

4. Resolved: That we emulate her christian character, and that we ever hold in remembrance the friendly face of one who always had a pleasant smile and a kind word for all.

5. Resolved: That we extend our heart-felt sympathy to the dear ones so deeply bereft, commending them to the care of our "Heavenly Father," who alone can comfort and sustain them in the dark hours of sorrow.

6. Resolved: That a copy of these resolutions be spread upon the records of this society, and a copy printed in the local paper.

The Golden Gates were open.  
A gentle voice said "Come,"  
And with farewells unspoken,  
She calmly entered Home.

OBITUARY

MRS. DAVID DICK

Ada Mae Adams, only daughter of Mrs. David Adams was born September 18th, 1870 and departed this life at her late residence on the afternoon of February 23rd, 1928, at the age of 57 years, 5 months and 8 days.

On December 22nd, 1891, she was united in marriage to David Dick, to which union was born one daughter, Dorothy A., at home. This devoted wife and mother leaves to mourn her departure, her bereaved husband and daughter, and one brother, Barney Adams, and a host of relatives, friends and neighbors. Her funeral was preceded in death by both her father and mother and one brother, Harkness Adams.

During the pastorate of the Rev. Dr. F. B. Helbert of Mt. Hope Lutheran Church, Shiloh, Mrs. Dick was baptised. At the age of sixteen years she moved with her parents to the Adams homestead in Cass Township. This place adjoined the Dick homestead to which place she came as a bride and lived happily until death severed her many pleasant earthly relations.

She was of a quiet manner and pleasant disposition and made many friends. Adept at all phases of house-keeping, skilled at the art of gardening, her home and flowers were ever a source of infinite joy to her family and the many friends whom her generous hospitality was ever extended.

Her devotion to her parents in their

declining years was beautiful. His willingness to help was manifested throughout her life and was not confined to her family but went out to whosoever help was needed.

"THE GREENWICH VILLAGE FOLLIES, 1928"

The Bohemians, Inc. announce they will present their eighth revue of New York's Latin quarter at the Hanna Theatre, Cleveland for a week's engagement opening Sunday night, March 4th. "The Greenwich Village Follies, 1928" is described as a musical production of gorgeousness in colorful scenery and costumes, and irrepressible gaiety. The latest production is said to literally gleam and sparkle with a varied view of scenic wonders and marvellous lighting of effect which, at times, are said to give almost the effect of a fantastic scene from some dream situation of the imagination. The humor is delightful, and what is best of all, it is distinctly new and has an unctious which carries hilarity right over the footlights. There are fifty young artists' models who seem to derive as much pleasure out of their work as if they were out for a holiday.

In the large cast of favorites are: Blossom Seeley, Dr. Rockwell, Grace Brinkley, Benny Fields, Jack Stanford, Jane and Whalen, Lola Raine, Florence Ingram, Laura Lee, Walter Plimmer, Eddie Shubert, Annie Pritchard, Ben Dova, The Merediths, Stella Barrett, Graham Trio, Sylvia Carol, the Parisian dance sensation, Carlos and Valeria and Arnold Johnson's famous orchestra. Max Lief a well known newspaper writer, and his brother Dr. Nathaniel Lief, wrote the lyrics, and Ray Perkins did the music. The sketches are by Harold Artzfeld, Ralph Reader staged the dances, and Charles Judels and Lew Morton directed the dialogue. Settings are by Watson Barratt. Jan Orya, famous ball master from the Casino de Paris, created the pantomimes and ballets.
