

FROM Our Point OF VIEW

P.T.A. Meeting Well Attended

NINETY-ONE CHILDREN RECEIVE BLUE RIBBON BADGES

The P. T. A. meeting was quite well attended on Thursday evening, April 19th. It opened with a short program by the first and second grade pupils.

The program was as follows: Daffodil Song—First and Second Grade Girls. Genevieve Kennel was the Daffodil girl.

After the program Miss Sears and Miss Miller two Richland County nurses presented ninety-one grade pupils with Blue Ribbons. More will qualify before May 1st.

Miss Sears gave a short talk and invited all Blue Ribboners to take part in the May Day parade at Mansfield on May 1st.

The nominating committee submitted the following names as officers for the coming year:

President—Mrs. Bert Anderson Vice President—Mr. Paul E. Fisher Secretary—Miss Lucille Fenner Treasurer—Miss Grace Trimmer

All were elected by acclamation. The association voted to send Miss Hardy \$10 to pay her expenses the night of her address.

The officers of the association together with the Library committee were to consider the purchase of a set of books on Modern Eloquence for use in the Library.

The President is to appoint a committee to lay plans for a playground and supervised play for the summer months.

With committees were to report at a special meeting on the evening of May 10th. The new officers will be installed at that time.

WILLARD YOUTH WINS EAGLE SCOUT BADGE

SECOND YOUTH IN HURON COUNTY TO CLAIM HONOR

Richard Simmermacher is the second Boy Scout in Huron-co. to be awarded the highest badge in scouting, the Eagle badge. It was presented to him last Wednesday night by E. A. T. L., chairman of the Huron-co. district of the Firelands Council, Boy Scouts of America, at the United Brethren Brotherhood meeting at the church.

He became a first class scout in 1925 and has since then won many merit badges. It is announced by L. R. Bucher, scout executive for the district—athletics, first aid, life saving, pioneering, personal health, public health, bird study, camping, civics, cooking, pathfinding, carpentry, chess, first aid, first aid, first aid, first aid to animals, handicraft, hiking, marksmanship, music, photography, plumbing and safety first. "I am sure the citizens of Willard should feel very proud of Simmermacher and his accomplishments in the field of scouting," says Mr. Bucher.

NATIVE OF RICHLAND DIES

Mrs. Alice Macomber Gedney, native of Richland county and widely known throughout the northern section of the county, died last Wednesday evening at the home of her daughter, Mrs. Bertha Fritz, of Shiloh, with whom she had made her home for a number of years. She had been in failing health for a long period, but her death came suddenly.

Mrs. Gedney was 84 years of age, and was born near Lakewood, in Shiloh near the old Bloomington church. With the exception of about fifteen years, she spent her entire life in that vicinity.

She is survived by three daughters, Miss Ada Gedney, principal of the Madeline school in Lakewood, Mrs. Bertha Fritz and Mrs. P. L. Willet, of Shiloh and a son, Ray Gedney, of Ashland; also ten grandchildren, eleven great grandchildren, a sister, Mrs. Rosa McDonald, of Greenwood and a brother, W. H. McDonald, of Lorain.

Funeral services were held Saturday afternoon at 2:30 o'clock at the home of her daughter, Mrs. Fritz in Shiloh, conducted by the Rev. M. McCremon, of the Shiloh M. E. church. Burial was made in Shiloh cemetery.

CARPENTER MENTIONED

Judge Irving Carpenter of Norwalk is mentioned in press dispatches from Washington as possible successor to Federal Judge John M. Killitz of Toledo, who has been retired. Judge Killitz will retire around July 1st. Senator Fess will make the appointment to fill Killitz's vacancy.

ROOTS SHING SOLO PART

The men's chorus service conducted last Sunday evening at the Shelby Lutheran church was received with much enthusiasm by the church congregation, and many requests for "repeats" have been received by E. E. Baiduff has charge of the singing. About thirty-five are in the choir and a space for about seventy-five men is reserved in the main auditorium. Last Sunday, John Root, Jr., took a solo part in a special chorus number, "The Hand That Was Wounded" by D. B. Towner.

HONEYMOON IN AIR IS LATEST

COUPLE MARRIED AT SHILOH TO "FLY HIGH" ON FIRST TRIP

Honeymooning in the air is the latest accomplishment credited to the use of the modern airplane. Last Wednesday evening an airplane landed on the Howard Dick farm south of Shiloh and the aviator made great haste to Shiloh. At the same hour a young lady arrived in that place by motor and the new arrivals met at the parsonage of the Mount Hope Lutheran church where they were united in marriage by the Rev. L. A. McCord. The bride was Miss Helen McCord who was former parishioner of the Mount Hope church while the groom was J. R. Adams, owner of the plane. J. Adams is employed by a railroad company and is also engaged in commercial flying.

The young couple left Shiloh by airplane to enjoy a trip through the south. By honeymooning in the air this aviator has checked up another one of his airplanes.

KINDERGARTEN TO REOPEN

Those mothers who have children from two to six years of age, will have again this summer, the opportunity to send them to a combined nursery and kindergarten under the supervision of a room in the High School building, and the school playground will be used for work and play under the supervision of Mary Elizabeth Himes and Betty Bachrach. Here mothers may feel sure that their children are out of mischief, are in contact with other children, and are learning the essentials of kindergarten work. The kindergarten will open June eighteenth, and those interested in entering their children may get particulars, time, price and so forth, from Mary Elizabeth Himes.

BURGLARS FAIL

An attempt was made last Wednesday night to open the large safe of the Norwalk Power Co., but they failed. However they did secure a few dollars from the cash drawer. The work, it is believed, was done by amateurs.

Grand Chancellor To Visit Lodge

REFRESHMENTS AND DEGREE WORK TO BE FEATURED

Next Tuesday evening the K. of P. Lodge will entertain a Grand Chancellor C. C. Root and his six at the lodge rooms when work will be given in the third degree. After the regular business and work the lodge will enjoy refreshments and a social time.

A call has been issued to all members of the lodge to be present next Tuesday evening and make the welcome of the grand chancellor a warm one.

RANKIN ENTERS RACE

O. E. Rankin, Elyria star fly detective, will enter the sheriff race of Lorain county. Rankin is well known throughout Huron county for the many successful raids he has pulled off.

OBERT ELECTED PRESIDENT

At a recent meeting of North Central Ohio Dental Society, Dr. M. A. Gebert of Huron was chosen president of the body for the coming year. There are 267 members representing six counties.

Citizens Urged to Help Make Big Showing

DON'T SAY "NO" WHEN ASKED TO ASSIST IN PLYMOUTH'S BLUE RIBBON PARADE.

No doubt you have heard of the plans for a May Day Parade of Blue Ribbon Children in Mansfield on the afternoon of May 1st, provided the weather permits. Our County Superintendent has requested us to disband school for the afternoon, and we will do so if enough of the Plymouth Blue Ribbon children will go to justify the dismissal.

This year, the registration of Children will be done here at the school in Plymouth, and the children will not be required to stand in line at Mansfield. All the smaller children will be taken in automobiles in the parade, and if they wish, all the children may ride. We will get our instructions for position in the line of march at the office of the Health Department on 49 West Second Street, Mansfield, just before the parade which will leave the Health Department at 2 o'clock. Those children who wish to do so may get flags at the Health Department before the parade for 6c each.

The business men of Plymouth, under the leadership of the Chamber of Commerce, will see that transportation is provided for all Blue Ribbon children who do not have ways to go. If you have some extra room in your car, please let us know here at the school how many extra children you will take along. You may call us on the phone, our number is 178.

We already have the most Blue Ribbon children of any village in the county, and hope that Plymouth will have a worthy showing in the parade.

We have just learned that the parade will form on Park Avenue West. There will be place cards along the street, showing the location of the schools in the parade. The village schools will form in the line of march in alphabetical order. Bellevue, Butler, Lexington, Lucas, Plymouth, Shiloh.

For the benefit of any who may not know what it is all about, the Blue Ribbon are awarded by the Health Department to all pupils who have reached certain health standards in regard to cleanliness, cleanliness, straight teeth, posture, and scholarship. If defects are given proper attention, the pupil may qualify for his blue ribbon. This means that teeth must be filled, weak or abnormal eyes fitted with glasses, defective tonsils or adenoids removed. Those of your weight must correct this by proper diet.

On the whole, it is a most worthwhile program, and deserves the support and encouragement which the May Day parade is intended to give.

DEER IN OHIO FOR THE BIG GAME HUNTERS

Columbus, Ohio—Deer in Ohio for the big game hunters. This may be established within a few years if the preliminary start made by Dent O. Thompson, chief of the fish and game division, develops as fast as it should and with satisfactory results. During the past week 125 fine white-tailed deer, the kind that thrive in Ohio climate, were delivered to the state. They were purchased from the estate of J. O. Clark, at Glen Campbell, Pa. They were sent to the game preserve in Scioto county where they were kept in pens. Later some of the deer may be sent to the new game preserve in Jefferson county. For several years experiments have been going on with the raising of deer and they have proven so successful that the state game division plans to engage deer more extensively in the future.

SAMUEL WAGNER DIES

Samuel Wagner, aged about 55, a farmer of Fairfield township, died last evening in Willard hospital where he was operated on for appendicitis a day or two before. Mr. Wagner formerly lived in Steuben and had resided in Fairfield township about six years.

Scientific psychology shows that floating on week days and sermons on Sundays do not constitute the ideal technique for the production of virtue.—Bertrand Russell.

DAUGHTER IS GIVEN PROPERTY BY WILL

The will of Sarah C. Darling bequeaths to her daughter, Pearl Darling, the home on Walnut Street, Shiloh, so long as she remains single. Should she marry, the property is to be divided equally among the three children, Pearl Darling, Mary W. Williams and Edie C. Hodges.

The mother provides in the will that in case Pearl Darling should die before her mother did, her share of the estate should be divided equally between the two surviving sisters. The personal property is divided equally among the three children.

Pearl Darling is named executrix of the will. The testatrix asks that no appraisal be made. The will bears the date of September 18th, 1926. It is witnessed by G. H. Shafer and F. M. Williams.

TIRO AVIATOR SHOWS RESPECT

FLIES OVER HOME TOWN AND DROPS MOTHER MESSAGE

A thrill that comes once in a life time came to Tiro one day this week, and residents of that village now feel they are on a par with New York, San Antonio, Frisco and the nation's capital.

Ever since airplanes became popular in America, it has been customary for noted aviators, as a mark of respect, to circle over the nation's great cities whether they were going to land or not. The name of Tiro, Crawford county, Ohio, can now be annexed to the list of great cities at which aviators pause to give their respects. Ray Allen, former Tiro youth, and another aviator while enroute from Washington to a southwestern army camp, chose a course that took them over Allen's home town where they circled about true times at low altitude in several Tiro families young Alvin Drogger's message from the plane to the lawn of his parents home after which the plane continued on its southwesterly course.

NORTH FAIRFIELD VET DIES AT 90

WAS LAST SURVIVOR OF CIVIL WAR IN NORTH FAIRFIELD

North Fairfield—William Henry Trembly died at his home at North Fairfield Saturday evening. He was the last surviving civil war soldier of North Fairfield. The death of this excellent citizen will prove a severe loss to the community.

Funeral services at the North Fairfield Baptist church Tuesday at 2:30 p. m. Mr. Trembly was 90 years of age.

INFLUENZA AFFLICTS MANY PATIENTS AT NEW LONDON

New London—Many cases of influenza are reported here. While many have the disease, fortunately the form of the malady on the whole is not serious.

COURT GRANTS RIGHT TO SELL PARSONAGE

Judge Irving Carpenter has granted right to the trustees of the Evangelical Lutheran church at Willard to sell the parsonage property. The congregation has decided the property is of no further use to the church.

COLORADO SINGERS TONIGHT

Tonight The Deisler theater offers a double feature program, and it is predicted that it will please in every way. The main attraction this evening will be "The Ebony Serenaders," a troupe of eight colored artists who show their skill on various musical instruments as well as singing and dancing. They will make their appearance here for tonight only.

The picture bill includes Al Wilson in "The Miles Up," one of his latest pictures, and is said to be by critics, one of his best productions. "The Relay," a comedy with the "Collegians," will also be shown.

For entire program at the Deisler theater to the advertisement in this issue.

ILL

Mr. Brown who makes his home with his daughter Mrs. E. Flanagan on Trux Street is reported as quite ill.

BIRTHS

Born to Mr. and Mrs. Walter White of Steuben a son on April 4th, named Harold Wayne. Mr. White is a nephew of Miss Eva White.

Young People In Conference

PLENDED PROGRAM GIVEN; THE NEXT MEETING IS HERE

Despite the very inclement weather, last Saturday, there was a fair attendance of the District Number One, Richland County, Young People's Council of Religious Education, at Shiloh. From the local churches, there were eighteen present, as follows: Presbyterian eight; Lutheran five; and M. E. five. Rev. Bosch of Mansfield delivered a practical address on the subject—"Loyalty to the Church."

Ray Keller gave a short talk on the subject—"Uncovering Doubts."

In the evening a sumptuous banquet was served by the young people of the M. E. church, Shiloh.

The officers for the next year are: President—Raymond Stroh; Vice President—Tom Ruckman; Secretary—Ruth Donnenwirth; Treasurer—Helen Preston.

A brief installation service was conducted by Rev. J. W. Miller of Plymouth. After which the young people formed a circle and joined in singing "Blessed Be The Tie That Binds."

The next Council meeting will be held at Plymouth.

3000 FISH PUT IN RESERVOIRS

Under the direction of Harry Crossley, state game and fish protector of the Lake Erie district and with the assistance of L. S. Bedell, local game warden and a number of local sportsmen, about 3,000 live fish, chiefly silver catfish, crappies and perch, were placed in the two reservoirs at Norwalk last week. Mr. Bedell happened to be in Sandusky when the state fish department was at a loss where a shipment of live fish was to be sent.

"Why not send them to Huron county? We have a wonderful water over there," said Bedell. Crossley at once agreed and the fish were hauled to Norwalk in the new \$8,000 state fish department's Federal truck. A similar amount of live fish was sent to the Bellevue reservoir and Bedell announces that Willard, Plymouth, and other southern Huron county districts will get their quotas soon. Mr. Crossley, who is one of the best posted men on fish and game in the United States is planning to make a trip through Huron county in order to look over the streams.

ENJOYABLE AFFAIR AT FLEMING HOME

Mr. and Mrs. Nathaniel Spear, Jr. of Pittsburgh, Pa. were the weekend guests of their grandmother, Mrs. Solomon Spear, and Mr. and Mrs. John S. Fleming. Mrs. Fleming in honor of her nephew and niece, who returned to Pittsburgh several weeks ago, gave the month's wedding trip in Italy, Egypt, Palestine, Austria, entertained a company of relatives and friends Sunday evening. Mrs. Spear's former home was in Vienna, Austria, and this is her first trip to the United States.

The guests were delightfully entertained with a five-reel moving picture taken by Mr. and Mrs. Spear and guide of their travels in foreign lands and vividly described by Mr. Spear as they were thrown on the screen by Mr. John Root. All the latest rivers, mountains and cities with beautiful palaces, cathedrals, temples and ruins were shown interspersed with interesting scenes of the stranger customs and native loveliness of these countries.

Faintly retrospectives were served by the musical bill included Mr. and Mrs. Abe Bachrach and Mr. and Mrs. William Glick of Willard, Mr. and Mrs. Alec Bachrach, Mr. Mose Bachrach, son and daughter, Miss Ruby Nelson, Mr. and Mrs. Sam Bachrach, Mrs. Edith Kappert, Mr. Saul Bachrach, Miss Jennie Bachrach, Mr. and Mrs. John A. Root and son, Mr. and Mrs. Howard Smith and son, Miss Helen Polzel and Miss May Fleming.

LIGHT VOTE HERE

Evidently an election here Tuesday did not interest the average voter as the turnout was very light. Only about 40 votes were cast in the Huron county precinct, while about 30 were counted in Richland. A rough estimate indicates that the votes balloted Tuesday coast about \$1.00 each.

In some parts of the state at least apple scab spores are mature and ready to be discharged when rain falls. Fungicide in delayed dormant spray is indicated.

The appointment of Rev. A. M. Himes, pastor of the local Lutheran church, to head the Lutheran Boys' summer camp on Lake Erie this year shows that the Lutherans KNOW a good man. Rev. Himes has an unusual ability for leadership which appeals to the younger members. The Boys' Camp in past years has proven popular, and the Lutherans over the state this year are taking more interest in fitting up our young boys.

And speaking of boys, what is more glorious than a clean, healthful and intellectual camp? Mr. and Mrs. Louis Simmermacher of Willard should be justly proud of their three boys. No smoking, no loitering around pool rooms and other places of improper environment, lovers of sports, top-notchers in their studies, and regular attendants at church services. What more could be asked? And they respect their fellow man as well as their parents.

Just last week Richard Simmermacher, one of the sons, was awarded the highest badge in scouting, the Eagle Badge. When a boy sets out to attain this mark in scouting he has a big task before him, and the ceremonies and banquets given in his honor are well earned. "Out of Little Acorns come Big Oaks"

In a nation-wide co-operative plan the cities over the country are centering their efforts on the young boys by setting aside a week each year known as "Boys' Week." In our opinion there should be no limit in educating our boys, to show them the results of clean and wholesome living, and to use their good influence over his chum. It is only through education that we can hope to overcome the temptations that befall the boy, and the home, the parents, everyone should join in this movement of better boys.

FIRE DESTROYS WILLARD HOSPITAL

ONLY QUICK WORK OF FIREMAN SAVED OTHER BUILDINGS

Fire of undetermined origin gutted the Willard hospital early Sunday morning which resulted a loss of approximately \$7,000, partly covered by insurance.

Smoke was discovered in the building about one o'clock, and an investigation at that time by the night watch showed no sign of fire. About an hour later, however, the building was in flames, and the eight patients who were inmates of the institution, were carried with safety to nearby homes.

The loss of the hospital will be keenly felt by the night watch, but steps will be taken in securing another structure suitable for a hospital is anxiously awaited by the townspeople.

The fire department did splendid work in keeping the flames confined to the one structure, and it goes to the credit of the firemen, has a very efficient department.

M. E. Men Give Banquet Tonight

FATHERS AND SONS TO GATHER FOR SOCIAL EVENING

The first Father and Son banquet sponsored by the Methodist men of the local M. E. church will be held tonight in the church parlors at 7:30. The purpose of the banquet is to promote a friendly and social feeling among the men of the church. The event tonight will include an address by Rev. E. R. Brown, pastor of the Methodist church at Mansfield, and a musical program by the Methodist orchestra from Shelby. Dr. Brown is a strong and forceful speaker and his address this evening will be found entertaining as well as instructive.

The Friendship Class will have charge of the menu and a very appetizing one has been prepared at 7:30.

The committee in charge of arrangements for the Father and Son banquet are: Messrs. Neal Shepherd, chairman; Wm. Johns, Willard Ross and Stacy Brown.

Tickets have been on sale the past week and those holding more than one ticket, are expected to bring their son, or some young boy. It is requested that every grown-up man invite a boy to accompany him to the banquet and enjoy the evening's program.

PUBLICITY FOR EXPENDITURES  
According to information from Columbus, county officials in certain parts of the state are planning a concerted drive for the repeal of the recent law requiring publication of county financial statements. The campaign will not be carried on in the open, for few county officials will want it known that they desire its repeal, but through lobbying by their state associations.

The financial statement for Trumbull county was published in the March 29 issue of the Western Reserve Democrat and the Warren Tribune.

The report probably cost \$900 to publish and tells where the more than \$5,000,000 was spent which was taken in by the county. Every person and firm receiving a dollar from the county is named with the amounts they

Nine hundred dollars for "illusions publicity" for county expenditures is cheap insurance against graft and corruption. What other form of insurance can be bought for one-fiftieth of one per cent?

If Youngstown had been publishing reports as complete and clear as are these new reports required of the counties, it is possible she might have saved the \$10,000 or more which has been embezzled from her treasury during the past score of years.

The campaign against publication of these reports assuredly can not be in the interests of economy, for in the counties where the agitation originates, the officials are most careless about the expenditure of large amounts and most conscientious about the expenditure of a small sum which will inform the public how their taxes are spent.

One argument by the opponents of publicity is that audits by the Bureau of Public Offices ought to be enough. Perhaps it ought to be, but it has not been enough to prevent recent scandals. There are no better detectives than "home folks" who are acquainted with the firms named in the reports and know whether they usually give value for the money they get.

Advocates of secrecy also declare such reports are on file in the county offices and open to public inspection. Yes, but few have the nerve to ask for this privilege and lay themselves open to the charge of "suspecting somebody."

Exposing expenditures to public view, placing a complete statement of the accounts in the hands of the most effective check we know against officials who are either extravagant or corrupt.

Editorial-News  
And Comment  
On National Happenings

Mrs. Florence E. Knapp, former secretary of state in New York, is charged with juggling the state funds and some of them dropping into the pockets of officials. Now the women of suffrage are having a ray time flaunting the dirty rag into the faces of women voters. Should Mrs. Knapp be found guilty, just in what respect would it reflect upon women officeholders as a class? What about some of the gentlemen officeholders in this country? Indiana has its governor in the federal penitentiary; a southern state impeached a governor; New York itself impeached one governor; hundreds of state officials throughout the country are serving or have served time for juggling state funds or tampering with law. Rather weak is one to bring up against the feminine officeholders!

Senator Thomas J. Walsh of Montana, stepped into the limelight in the Senate and defeated Gov. Al Smith of New York, when another Senator attempted to link Smith in the oil scandals. Now Senator Walsh is a candidate for the presidential nomination against Al Smith. Mr. Walsh's candidacy is sincere and, also he has acquiesced in defending Smith from the "oil" attack, it is well known in Washington that there is no love lost between Smith and Walsh.

Great combines and trusts have been able to efficiently organize because of their close proximity of their offices which are in a narrow street in New York. But the farmers have 2,000,000 offices spread over a vast territory which stretches from ocean to ocean with all its barriers.

The ballyhooing of senators and congressmen is going to cost the taxpayers of the United States no less than \$2,000,000 in postage during the next few months. Here is how the scheme works: The procedure of a candidate or a friend of a candidate is to tell it to Congress, it is then published in the Congressional Record and distributed through the mail "gratis" via the frank system to the people. This can include both personal and party propaganda and it is going out by the carload from the seat of government. A recent piece of mail was a 22-page article against one of the proposed candidates for the presidential nomination.

The season which is just closing has been a wonderful one for Florida tourists. Not half as many had to walk back last year.

Columbia University professor says: "The world in general is a merry place and I find the basic pleasure of living sufficient reason for existence, without the necessity for any philosophical or religious justification."

That seems to be the sort of view that colleges are planting in the minds of thousands of young people. Life is merely a basic pleasure. But all the fun out of it you can; the habitual criminal has a similar view of life. Go out to any zoo and you can observe it in the chimpanzee, also.

Senator Borah of Idaho, thought it would be an easy task to collect \$160,000 in small sums from high-minded level partisans to repay Sinclair for liquidating the decency in the 1920 Republican campaign fund. The Senator overestimated the temperance of his party's resentment which he thought was a fever of righteous indignation. After a month's efforts the Senator was able to collect just \$8,300 and then the contributions ceased. Something had to be done with the money in hand. It would not do to turn over just that much to Sinclair. So the Senator has decided to send the money to needy miners and their families. This is one place where Sinclair has lost without aid of judges or jurymen.

Newark, N. J., man has married the widow of a man he killed. He may be sorry one of these days that he killed that man.

Illinois had a taste of old-time campaigning by a daughter of the maker of the presidential ticket, Ruth Hanna McCormick. She is the daughter of the once nationally known Mark Hanna, old-time politician. Mrs. McCormick was nominated Congressman-at-large in Illinois at the recent primary election. Mrs. McCormick's knowledge of farming is said to have been a factor in her nomination, as she is the owner of a large farm and know what to say in her daily speeches through the corn belt of that state.

News from London says Mr. and Mrs. Henry Ford are kept busy dodging crowds of admirers. That's nothing. Think of the people in this country that have been dodging Fords for years.

A short time ago some fertile brain in the newspaper field of Washington broadcast a story regarding the possibilities of Charles A. Lindbergh. In the story it was stated that Lindbergh was easily worth a million dollars and could marry any girl in the country. This, however, has gone to the winds from the fact that out of 150 girls at the St. Louis college in St. Louis, Missour, 105 of them flatly answered no, when asked if they would marry Lindbergh. Sixty-three of the 105 already had love affairs, but of course, should Lindbergh drop in on the scene he might cure them of the madly silly notion. But he was too popular and they wished to build a career of their own. Fifteen were favorably inclined, but said they wished to "date" him a few time before making any answer. Eleven of the fair ones answered "pass him right this way at once." But the theory that every girl in the country is looking for laurels to hang on the wall of fame, has been put aside and the majority are looking forward to making their own future.

The jury listening to evidence in the Sinclair trial was locked up every night, but Sinclair never has been locked up. Funny, isn't it?

Reports of the farmers' intentions to plant which have been reaching the department of agriculture show no definite disposition on their part to curtail acreage for the coming season. The acreage planted in grains will probably be larger this year than last, and while the cotton acreage may be reduced in the older sections of the belt this will be offset in considerable degree by heavier plantings in the newer districts where production costs are lower. Apparently the politicians are more anxious for a reduction in plantings than are the farmers themselves. They are hoping that substantially higher prices next autumn will at least partially offset the loss and thus remove one of the worst thornbrambles from the Congressional bed of thorns. Yet the failure of the farmers to reduce their acreage, after the past year's experience raises a question over which Congress might well ponder.

The Seattle Women's Home Missionary Society has made a move to bar who was once Nancy Miller from the United States. Nancy is now the third wife of an ex-maharajah of India, having abandoned her country and her country's religion, that is her country had a religion. Last week a Hindu distributed handbills in New York denouncing the Christian religion of this country. We send missionaries to India to denounce their religion in this country, so we cannot condemn their move in this country. Perhaps Nancy can reform her second-hand husband and make him believe the way she does if not discouraged by other women.

Reports come from the style experts in Paris that skirts were made longer to please the old women. One thing sure they were not made longer to please the old man.

The pupils of the Fourth and Fifth grades lately elected housekeeper and health officer. Robert Bachman was voted for health officer and Edith Mae Hackett for housekeeper. During the past week many of the pupils have been absent on account of sickness.

**MUCH ILLNESS**  
Checking the attendance list it is found that the attendance percentage is hardly more than fifty per cent. This is due, mostly to an epidemic of influenza which seems to be going around. Many students are returning to school after an absence of a week or more while others are dropping out to take their places.

**SENIOR CLASS PLAY**  
Work has started on the Senior class play which will be given about the eleventh of May. The play is a three-act comedy entitled "Smile, Rodney, Smile." Most of the characters have been selected, but there are two minor characters for which there will have to be try-outs.

Mr. Fisher is directing the play.

Dear Folks:  
The only music around here is either sung under the title, "The God The Pin" or "It Won't Be Long Until School's Out." Both are very attractive and catching—especially the "Pin" song which promises to become quite popular and to completely overshadow the somewhat waning in popularity song "Appledite's Waltz." It is frankly understood that new dance steps will be improvised to go with the "Pin" song. New books probably will be written and perhaps dramatized. The new dance steps (it is whispered) will be called "Flu Hop" and most likely be somewhat like the "Flu Hop" which is as passed as the Charleston.

The new song hit words were written by Mr. Disease Germ and the music is none other than set to the old tune of Mr. A. Had Cold—in which there is much chance for the piece to be enhanced by many trumpet solos—if played by an orchestra.

Flauntily yours,  
I. E. '28

The annual Junior-Senior Banquet will be held on Friday night, April 27th.

There has been much fluster and running about by the Juniors in preparation for the big event. Everything of course is done in dark secret so that the Seniors will know nothing about it. From all indications it will be a great success.

### SEED CORN WITH O. K. IS SELLING RAPIDLY

Growers of Certified Seed Report That  
Stocks are Moving as Warm Days  
Hit Ohio.

Ohio's 1928 supply of certified seed corn will, it seems, be sold to the last ear by the time corn-planting time comes. Eighty members of the Ohio Seed Improvement Association this year produced a total of approximately 10,000 bushels of certified seed corn, more than ever before produced.

On April 16th a considerable number of these men reported to the secretary of the association that they had sold about half of their seed corn. Some had sold out. All reported that the sale of seed had been started. It is probable that the warm days the first week of April started corn growers to thinking of seed corn and stimulated the demand at about that time.

Only a small fraction of the corn land of the state will be planted with certified seed. It requires some 500,000 bushels of seed corn for Ohio.

### Sure Way to Stop Night Coughing

A Prescription That Ends Night  
Coughs in 15 Minutes

Persistent night coughing is usually due to causes which cough syrups and patent medicines do not touch. A remarkable prescription known as Thoxine, working on an entirely different principle, goes direct to the cause, and is guaranteed to stop the stubbornest cough within 15 minutes. One swallow is all that's needed. If it fails, get your money back. No chloroform or other harmful drugs. Safe for children. Equally good for sore throat, for which purpose it is far superior to lozenges. Ask for Thoxine. 25c, 50c, and \$1.00. Sold by Webber's Drug Store and all good drug stores.

This year, in the opinion of Wallace E. Hanger, crops specialist of the Ohio State University, the farmer should pay more attention to the quality of his seed corn than ever before, because of the comparatively low germination ability of the corn selected from the 1927 crop.

Seed corn prices for the certified seed are about the same as they were last year, Hanger says. One bushel of seed corn, which will sell for about \$7, is enough to plant at least six acres of corn.

## Alumni Banquet Saturday, May 19

INVITATIONS SENT OUT TO ALL MEMBERS THIS WEEK

Invitations for the annual alumni banquet will probably be sent out to members this week end. The committee in charge have chosen Saturday evening, May 19th as the date. The banquet will be held in the Chamber of Commerce rooms at 6:30 o'clock to be served by the Junior Aid of the Presbyterian church.

Toasts and short talks will feature the program when this year's graduating class will be welcomed into the association.

Following the dinner a dance will be given at the Plymouth Hotel. The Plymouth Alumni association was organized in 1889 with E. K. Trauger as president. The first banquet was given on Friday evening, June 7, 1889 at 9:30 o'clock at the old Opera House, and the following program, which no doubt will interest many, was given:

- Program  
Address of Welcome — Pres. E. K. Trauger  
Instrumental Duets — Misses Edna Weh and Hattie Portner  
Class of 1872 — Mrs. A. T. Hills. (nee Tucker)

"Our Girls" — Frank E. Strong  
"Our Banquet" — Dr. R. D. Sykes

**MOTORISTS PAYING LITTLE FOR OUR IMPROVED ROADS**  
Automobile registration fees and gas taxes total less than 5 per cent of the annual motoring bill, according to C. M. Babcock, president of the American Road Builders' association. Mr. Babcock estimates that of the total road bill, including state aid, town and county levies, about 10 per cent is spent for motor transport. He points out that taxes are a small part of the cost of operating a car and motorists may cut their expense by driving less or using a smaller car, or by putting more money into better roads.

A good lawn requires as much previous preparation as does a vegetable garden.

## COMMUNITY PICNIC TO BE HELD ON JUNE SECOND

At the Plymouth Township Picnic meeting held Monday evening, April 23 at Kuhn school, it was decided that the community picnic would be held at the home of Gertram Adam on Saturday, June 2.

The following committees were appointed: Lumber Committee—Milton Lynch. Address Committee—Bert Kuhn. Music Committee—Chas. Keller and A. C. Weiser.

Stand Committee — Harry Stroup and Wm. Mathews, and J. A. Major. Refreshment Committee—Mrs. Harry Stroup, Mrs. A. C. Weiser and Mrs. Howard Moore.

Amusement Committee, Alvin Holtz and Milton Lynch.

Program Committee — Chairman Miss Tuttle and Teachers assisting. A meeting of all committees to make reports will be held on the last Monday of May.

A motion was made and seconded that Miss Helen Tuttle be appointed as secretary of this organization in the absence of Mrs. Stuckey, the acting secretary.

The meeting was adjourned to meet again May 28th.

## FIRE DAMAGES HOME

Tuesday afternoon about 3 o'clock fire was discovered in the Arimid Clark home on West Broadway that resulted in quite a bit of damage to the home, which was caused mostly by water. Through the efforts of the neighbors practically all of the household goods were saved; and the bucket brigades and fire ladies did a good job in extinguishing the flames.

## What Some Editors Say

### TELEPHONE DEVELOPMENT

From your home or office in Columbus you can talk over your telephone to people in city or village or on the farms at almost any place you select in the United States, Cuba and Great Britain, and reach many principal cities in Mexico and continental Europe. That is one of the announcements in the annual report of the American Telephone and Telegraph Company.

To build and develop the plants and equipment that assure that service in the United States money amounting to \$3,457,000,000 has been expended. During the last year the investment was increased more than a million dollars for each day.

The most important improvement being made by the parent company is the establishment of toll cables between important points. One runs from Boston to New York to Chicago, another is under construction from New York along the Atlantic Coast territory to Florida. One of the big cable "all lines runs through Ohio."

Other lines of cable will be built that toll business is to be handled very largely over the new cables, leaving the wires for the ordinary volume of business.

The telephone has won its place in American life. Brought in as much of a luxury at the beginning, it has become a necessity; that need is emphasized each year and more wires are added, because the daily demand seems never to slacken.

### TELEPHONES

It has long been a matter of habit to criticize public service—public utilities like the telephone, street cars, gas and electric service. Telephones, especially, have come in for the barrage of jocosimiths, letters, articles and newspaper editors. But the fact is—apparent to the fair-minded—that the change and improvement in telephone service in America is one of the most interesting and outstanding developments of modern industrial civilization.

Today a long distance call can be made between cities thousands of miles apart in from one to three minutes. Frequently a long distance call requires less than a minute, or no longer than a local call. Such service is of recent development. Motor car and airplane development has been so much more dramatic and spectacular that few have given much thought to what has been going on in the telephone world.—Toledo Blade.

## Sparks Circus to Be In Mansfield Thursday, May 3

Thursday, May 3rd, afternoon and evening under huge masses of canvas, the finest circus ever made by the ingenuity and courage of men, will parade and show in Mansfield on May 3rd to make the young folks happy and the old folks young. The great parade is on Thursday morning at 11 o'clock. First of all, a real wild animal circus is a 1925 acquisition, having been imported from the world's greatest wild animal training quarters at Steingham, Germany. Included in these displays will be found lions, tigers, leopards, polar and grizzly bears—even trained ostriches will be seen in addition to the Sparks group of sixteen "Rotations" horses, the two elephant herds, fancy gaited and posing horses, the Bibb County Pig Circus, Sparks' Seals, and hosts of others of a novel nature. The circus proper opens with an elaborately staged spectacle, "L'Or, the Jungle Queen," in which all of the animals, performers, premier dancers, and a large chorus participating. As a fitting finish to the all feature performance, the mammoth pageant, "The Making of the Flag" will be presented, in which 800 people and 500 horses appear. Sparks Circus has been tripled in size this season and is today one of the largest in the world. DON'T FORGET THE DATE, THURSDAY, MAY 3rd at Mansfield, Ohio.

## Richard Barthelmess In 'Patent Leather Kid'

The Film Achievement That Won Him Sensational Triumph on Broadway.

Patrons of the Temple Theatre, Willard, O. will see an entirely new Richard Barthelmess next week in "The Patent Leather Kid." This epic of the tank corps, produced by First National Pictures on an imposing scale, introduces Barthelmess as a cynical, hard boiled privateer—a characterisation differing very radically from anything he has heretofore essayed.

Barthelmess long since gained the reputation of being the most versatile of the screen's younger stars with a remarkable list of screen delineations ranging from the philosophic Chinaman of "Broken Blossoms" to the swagging job in "Shore Leave."

In "Experience," the allegorical story of life and its temptations, he appeared as the symbol of "Youth"; in "Scarlet Days" he was the moustache twirling, The beachcomber of "The Idol Dancer," the country boy of "To-Be-Or-Not-To-Be," the dreamer of "The Bright Shawl," the Cromwellian soldier of fortune in "The Fighting Blade," these are high lights of Richard Barthelmess' diversified career.

"The Patent Leather Kid" will be shown at the Temple Theatre, Willard, O. Sunday, Monday, Tuesday, April 29, 30 and May 1.

### BRAVES LEOPARDS: RUNS FROM MOUSE!

Jacqueline Logan Gritty, Bus Just a Woman in "The Leopard Lady."

The feminine fear of a mouse holds true even if a woman leopard trainer is the victim! Jacqueline Logan, appearing in the title role in "The Leopard Lady," a dramatic DeMille Studio production, which will be shown at the Shelby Opera House, Saturday, April 28, displayed remarkable bravery during the filming of the scenes in which she put six of her trained leopards through their prancing paces. Her whip cracked and the vicious animals cringingly went through their performance.

But when Miss Logan stepped triumphantly from the iron-barred cage, a mouse flitted across her path. She screamed and almost fainted from fright, forgetting that she was the celebrated "Leopard Lady."

Wax floors may need renewing twice a year, but the worn places can be touched up without refinishing the entire surface.

## Two Women In Cast Of "Beau Sabreur"

There are only two feminine principals in "Beau Sabreur," Paramount's spectacular sequel to "Beau Geste," which is to be projected on the screen at the Shelby Opera House on Monday and Tuesday, April 30, and May 1. These roles are played by Evelyn Brent, as Mary Vanbrugh, an American girl who becomes a pivotal point in a great Sahara desert tribal rebellion, and Joan Standing, cast as the Cockney maid, Maudie.

This same condition existed in "Beau Geste." There were but two women in that story, which was also from the pen of P. C. Wren. They were Alice Joyce and Mary Brian, but their characterizations were more or less subordinated by the great theme of brotherly love. In "Beau Sabreur," directed by John Waters, the love is an equally strong one, but it is divided between a girl and the hero's country.

### DO YOU REMEMBER?

We can so well remember  
Of Kochey's cider mill  
In cider making season  
We went to get our fill,  
We always had a good time  
Did about as we please  
As we waited on the apples  
To get that awful squeeze.

The grater had an appetit.  
My! How the apples it eat.  
Had no choice for any kind  
Either sour or sweet.

Cider is like us people  
When young it is weak  
And as it grows older  
It will learn to speak.

One thing I wish to mention  
Lest in this it be forgot  
Mamie and Ruth fired the boiler  
And kept the kettle hot.

Emery finally took their job  
And left the girls go free  
Shoveled the coal, cut the wood  
Says "It is ready, yes yore."

We hated to give the mill up  
And blot it from our memory.  
The greatest warning it got  
Was given by—ask Emery.

### RISSE—HILTY NUPTIALS

A wedding that will be of interest to local people occurred Saturday, April 14th at the M. E. parsonage in Pandora.

The recent Mrs. Hilty is the sister of Mrs. Jesse Lehman and for a number of months last year made her home with the Lehman family.

The following account is taken from the Pandora Times:

"Last Saturday evening at about 8 o'clock at the M. E. parsonage took place the wedding of Mr. Aaron Hilty and Miss Margaret Risser, accomplished daughter of Mr. and Mrs. Wm. Risser, Rev. G. C. Dibert, local pastor officiating.

Mr. Hilty is engineer for the Schumacher Stone Co. and is operating the steam shovel for that concern. Mrs. Hilty a graduate of Ohio Wesleyan University has been a successful

teacher in our High School in the past. Both are graduates of the Riley township high school.

They will make their home temporarily with the groom's parents Mr. and Mrs. Jesse Hilty where they are already at home. We wish this happy couple a long and happy married life.

Mr. and Mrs. Hilty have already received two or three rousing bellings by the young folks of this place. We don't know whether this will keep up all weeks or not, but they have 30 many friends just now that we anticipate more visitors.

## OBITUARY

**MRS. JENNIE MOORE**

Funeral service for Mrs. Jennie Moore who died last Wednesday morning at her home on First Street was held Saturday morning at 9 o'clock at the Plymouth Catholic church, the Rev. Foran officiating.

Burial was at the Maple Grove cemetery at New Haven.

Pallbearers were Purl, Clyde, Clinton, Edward, Charles and W. R. Moore.

The funeral was largely attended and also beautiful floral offerings.

Mrs. Moore was survived by her husband and eight children, three girls and five boys, all at home; also her mother and five sisters and three brothers all of Wisconsin.

Those from out-of-town were: Mrs. Carrie Zoellner of Loudou Lac, Wisc. and Edward Lapine of Milwaukee, Wisconsin, sister and brother of the deceased.

stant use in the United States. Some of these cars are many years old. Every now and then there are reports of Ford cars of the old brass-bound radiator types of twelve or fourteen years ago, still running after more than a hundred thousand miles of service.

The newest of the Model "T" Fords is now nearly a year old, for the production of assembled Model "T" cars was suspended in May 1927 to make way for the new Model "A."

This suspension of assembled Model "T" cars did not affect the production schedule of Model "T" replacements parts, however. Throughout the past year the manufacture of Model "T" parts continued to occupy about one-third the production capacity of the Ford plants.

A few days ago newspaper correspondents here asked Henry Ford how long he expected to continue making parts for Model "T" cars.

"Until the last Model 'T' is off the road," Mr. Ford replied promptly. Then he added: "That may be ten years, but we do not intend to allow any Ford car ever to become obsolete as long as it can be made useful with reasonable replacements."

Ford engineers, from tests and observations made over a long period of years, have estimated that the average useful life of a Model "T" Ford car is about seven years.

## Harvey S. Firestone, Jr., Sends First Message From Liberia To Rubber Company's Own Station In Akron—Daily Reports On Rubber Growth To Follow

Harvey S. Firestone, Jr.

American Staff on the Du River Division

Aerial Atop Firestone Factory—Akron

Radio Operator Receiving First Message

Mr. and Mrs. Harvey S. Firestone, Junior, now in the African jungles, today broadcast the first message sent from the special radio station recently erected on the Firestone rubber plantation in the interior of Liberia, on the West Coast of Africa. The message was received at a similar station on the roof of the Firestone factories at Akron, Ohio.

This marks a new era of communication with the interior of inaccessible countries. Heretofore, the method used was to send foot messengers through jungle trails, taking days to get in touch with the outside world. Broadcasts by radio direct from one continent to another thus gives the Firestone Tire & Rubber Co. a great advantage in developing its million acres of rubber lands that were secured from the Liberian government. Although these properties are located over 6,000 miles from the Firestone headquarters at Akron, Ohio, it will now be possible to send reports every day by radio from the Liberian plantations to Akron.

### 100,000 Acres Laid Out

Mr. Firestone, Jr., has been in Liberia since early January, and his first report by radio today, he said that the Liberian government officials were enthusiastically cooperating with Firestone in the company's great undertaking to make Liberia one of the important rubber-growing countries of the world. Mr. Firestone said that during the first year two 50,000-acre plantations had been laid out, one on the Du river and the other 150 miles south of the Du on the Cavalla river.

Firestone engineers in the same time had constructed over 75 miles of roads and had built and established headquarters on the two plantations, with housing facilities for the resident staffs of 118 Americans. Power plants for the development of electric power, light and refrigeration had been built, as well as hospitals and made stores for the benefit of the Americans and also to supply the needs of the 15,000 natives who are employed in clearing the jungles and planting rubber trees.

### 1,500,000 Trees Planted

During the past year, according to Mr. Firestone's first radio report, over 1,500,000 rubber trees have been planted on a total of over 15,000 acres of cleared jungle lands. This is a record in rubber plantation work. It is the largest number of trees set out and acclimated by any single company in the same length of time. And Mr. Firestone stated that the rate of progress in clearing land and planting rubber trees is being constantly increased.

Mr. Firestone reported that the steamship sent over for service had been placed in commission along the Liberian coast and is now linking up the Firestone plantations and the coast towns of Liberia. He expressed the hope that Firestone will soon have its own vessels operating directly between New York and Liberia, making the Atlantic passage in less than two weeks. When this is done, it will not only give Firestone an advantage of from two to five weeks in time as compared with other rubber-growing countries, but will also greatly reduce the cost of transportation.

### Teach Natives Trades

Great progress in the development of the Firestone trade schools was also reported. Mr. Firestone said that the natives were very anxious to learn under the instruction of the Firestone technical staff. The dark-skinned Liberians being taught to be carpenters, smiths, plumbers, electricians, noble mechanics, auto mechanics,

engineers, soil experts and foresters. Now that the Liberians, for the first time in the history of the country, have a system of good roads, they are suddenly becoming enthusiastic about motor transportation, and they all want to ride in automobiles, trucks or tractors. As a result, Monrovia, the capital of Liberia, has established a traffic squad to police the traffic on its principal streets. When the Firestone company went into Liberia, there were no roads in the country, and only one automobile. This was owned by the President of Liberia, who had very little occasion to use it because of the absence of good roads.

When Mr. Firestone arrived at the Du river plantation, he was greeted as the "Great White Chief" by many thousands of Firestone native employees who had erected a great arch of leaves and ferns at the entrance of the property and lined the road on both sides as he drove through eleven miles of the plantation to headquarters.

### \$5,000,000 Loan to Liberia

Mr. Harvey S. Firestone, Sr., has successfully arranged for a \$5,000,000 loan in America for the Liberian government. This places Liberia on a firm financial basis, and permits the development of roads, schools and public buildings. The 118 Americans comprising the Firestone technical staff are helping to organize the 2,000,000 or more native Liberians and give them remunerative employment which had not been hitherto available in their own country. The natives are proving very adaptable and willing to work in an organized way. This has made possible the clearing and planting of such a large acreage during the past year and has undoubtedly had a very appreciable effect in the recent reduction in the price of crude rubber.

European newspapers have carried many articles deriding Firestone for going into Africa to plant rubber. They claimed the soil was poor for rubber growing and that the natives would not work. The British government now realizes that Firestone's Liberian enterprise is anything but

a folly. It is conceded by everybody that Firestone has made the greatest rubber development ever accomplished by any single company in the same length of time. Liberia confronts the British and Dutch rubber growers as an increasingly important competitor. And now the British Parliament is seriously considering the question of abandoning or at least modifying the rubber restriction policy.

The British colonies in the Middle East have vigorously expressed themselves along this line. Ceylon has voted to abandon rubber restriction entirely. In Singapore, Straits Settlements, 47 out of 72 rubber growers have voted to abandon rubber restriction or to modify it so it would not be effective. When Premier Baldwin brought up the question of modifying rubber restriction in the British Parliament, rubber was selling around 42 cents a pound. Within a few weeks it dropped about 18 cents a pound. Since a variation of 1 cent a pound means a difference of over \$8,000,000 a year to American rubber buyers, the decline from 42 to 24 cents a pound will mean a saving of \$180,000,000 a year to America if the present price is maintained.

### CARD PARTY

Miss Agnes Carson entertained Saturday evening at a card party the following guests: Misses Florence Danneberg, Irene R. Benson, Helen Preston, Mr. Ivan Bowman, Ollis Cline and the hostess.

Following the game a very nice lunch was served.

Miss Jessie Cole was a Willard visitor Tuesday evening.

The Women's Missionary Society of Mt. Hope will meet Wednesday afternoon at the parsonage. Mrs. McCord and Mrs. Domer are the hostesses.

**C. O. P. MEETING**  
Regular meeting of the Chamber of Commerce will be held Friday evening, May 4th, and a good attendance is desired.

**YOUNG PEOPLE'S CONFERENCE**  
The second conference of district No. 1 was held Saturday afternoon and evening at the M. E. church. Rev. Herbert Bosch from St. Paul's church of Mansfield delivered the afternoon address, his subject being "Loyalty to the Church."

Mrs. Schuyler Zackman and Ray Keller gave short talks.

A banquet followed the recreation hour. The following officers were installed for the coming year:

President—Raymond Steele  
Vice President—Thomas Ruckman  
Secretary—Ruth Donnenwirth  
Treasurer—Helen Preston.

**FAMILY PARTY**  
A family surprise party for Charles Graff, Jr., of Marlon, was attended by Mrs. H. F. Dick and Misses Winogone, Catherine and Janice Dick of this place who went Saturday returning Sunday evening. They were accompanied home by Miss Avis Graff who expected to remain several days, but was called back Tuesday on account of the death of an uncle.

**THRIFT CLUB MEET**  
The Thrift club was entertained Thursday afternoon at the home of Mrs. V. C. Moser. A good attendance and the usual social time was enjoyed with an excellent luncheon served by the hostess.

**DAUGHTER IS GIVEN PROPERTY BY WILL**  
The will of Sarah C. Darling bequeaths to her daughter, Pearl Darling the home on Walnut street, Shiloh, so long as she remains single. Should she marry, the property is to be divided equally among the three children, Pearl Darling, Mary W. Williams and Effie C. Hodges.

The mother provides in the will that in case Pearl Darling should die before her mother did, her share of the estate should be divided equally between the two surviving sisters. The personal property is divided equally among the three children.

Pearl Darling is named executrix of the will. The testatrix asks that no appraisement be made. The will bears the date of September 15th, 1926. It is witnessed by G. H. Shafer and P. M. Williams.

**CARD OF THANKS**  
We wish to express our gratitude and appreciation to all who in any way aided us in the performance of the last sad rites of the burial of our mother.

MRS. BERTHA FRITZ  
MRS. HATTIE WILLET  
MISS ADA GEDNEY

Mrs. Rudy Radler was hostess to the B. Square club at an all day meeting Wednesday. The usual fine pot luck dinner followed by the business and entertainment session. General discussion on subjects relating to farm improvement and farm progress were a benefit to the members. Guests for the day were Mrs. Artie McDonald and daughter of Plymouth, Mrs. M. M. Gigger and Mrs. Harry Roethlisberger. Mrs. Fred Guthrie became the new member at this time.

The next regular meeting will be held at the home of Mrs. Harry Roethlisberger.

**OBITUARY**  
**MRS. ALICE MACOMBER GEDNEY**  
Mrs. Alice Macomber Gedney was born October 22, 1847, and died April 4, 1928, age 84 years, 3 months, 26 days.

Early during her girlhood, she became a member of the Bloomington United Brethren church and always remained steadfast in that faith.

At twenty-three, she married Dr. D. B. Gedney and four children, all now living, were born to them.

Mrs. Gedney is survived by three daughters, Miss Ada Gedney of Lakewood; Mrs. Bertha Fritz and Mrs. Hattie Willet of Shiloh and one son, Mr. Raymond Gedney of Ashland; also ten grandchildren and eleven great grandchildren, a sister, Mrs. Rosa McDonald of Greenwich and one brother, Mr. Fremont Macomber of Lorain, O.

Shortly before a shut-in for several years Mrs. Gedney never complained. She was ever a fond mother. The end came peacefully and suddenly.

She has finished her work; she has kept the faith; henceforth, she has been called to her reward.

**LOYAL DAUGHTER'S PARTY**  
Mrs. F. C. Dawson and Mrs. R. J. Howard were hostesses at Mrs. Dawson's home to the Loyal Daughters class of Mt. Hope, on Friday evening. A delightful time was enjoyed by all. Much interest is being manifested by this class in the filling of a Mexican friendship bag for a fair. Delicious refreshments were served by the hostesses.

**MRS. WILLIAMS' DEATH**  
Mrs. John Williams of the County Line passed away at her home Saturday after a long illness. Mrs. Williams was a progressive civic leader, a great incentive in the County Women's clubs, and organized the Richmond County Farm Women's club. Short services held at the home Tuesday were followed by services and burial in Attica. Miss Pearl Darling and Mrs. Arthur McBride attended the services at Attica.

**FOR SALE—Truck and dray business in Shiloh. Inquire R. C. Fair.**

**FARM SOLD**  
Mr. and Mrs. Golden of Illinois have purchased the Norris Giger farm consisting of 192 acres situated in Cass township and will take possession April 1st, 1928. Sale made by Dr. H. E. Higgins.

Mr. and Mrs. Bent Goodridge and Mr. and Mrs. Willard Ealey were the Sunday guests of Mr. and Mrs. Perry Parks.

**MASONIC INSPECTION**  
Preceding the inspection Monday evening a sumptuous dinner was prepared and served by a committee from Angelus chapter O. E. S. and sixty-two masons enjoyed the meal.

Charles Wilson after inspecting the work in the Master Mason degree, complimented the lodge highly on their work, and also gave some criticism which was very helpful. He was much pleased in their progress in work as well as numbers, which he said, was plainly discernible since his previous inspection four years ago.

Several visiting brothers gave short talks, all of which were favorable to the work of the lodge.

The local quartette furnished music which was appreciated by all.

Those present from other places were: W. H. Sidle, Shreve; Walter Shaffer, Rodney Hale, Arthur Beck, Henry Valley, L. R. McIntyre, Charles McDermott and W. W. Connelly of Mansfield; Ed Heeden Beaver; John Chew, C. D. Seton, E. B. Pettit and Owen Cricker of Shelby.

**SHILOH M. E. CHURCH**  
Sunday, April 29th, 1928  
E. B. McBroom, Pastor  
Frances Shafer, S. S. Supt.  
Sunday School—10 a. m.  
Public Worship—11 a. m.  
Epworth League—6:30 p. m.  
Public Worship—7:30 p. m.

We cannot say it was exactly a quiet wedding that was performed by the Rev. McCord last Saturday, for many people were curious about the sudden arrival of an airplane over Shiloh with its subsequent landing on the farm of Howard Dick south of town.

We learn that the McCord's met the young lady, Miss Helen W. McGold in Mansfield in the afternoon and gathered up the aviator, a Mr. Adams soon after his arrival. The young people were entertained at the parsonage, properly married and the next morning departed at daylight to resume their usual occupations in the community in which they will live.

The bride was from a former congregation served by Pastor McCord.

**NOTICE**  
Will the persons that borrowed the forks belonging to Angelus Chapter O. E. S. please return them at once. By Order of the Worthy Master.

**JUNIOR-SENIOR BANQUET**  
The Junior-Senior banquet of the classes of '28 and '29 will be held Friday night, April 27th. The Junior class is sponsoring the affair under the leadership of their advisor Mr. Bushby.

It has been the custom in Shiloh for the last ten years for the Junior class to banquet the Seniors. This is the first event of a series to pay farewell tribute to the graduates. The auditorium will be decorated with the Junior colors, blue and silver and with the Seniors colors, green and gold. The reception room will be furnished with wicker furniture and other articles which will tend to make it attractive.

The president of the Junior class, Dale Kayler will act as toastmaster and will call on various members of each class for short talks. The outstanding event of this banquet is that the school board and ministers have been invited to take part in this affair.

**BASEBALL GAME**  
Shiloh High defeated Madison High 7 to 1 in the second game of the season, Friday, April 20th. Bud Hammon pitching for Shiloh did great work being supported by good fielding, he was able to hold the visitors to one run which was scored in the first inning.
