## SHILOH RESIDENT DIES SUDDENLY

SHILOH, O.—The entire community was shocked Friday afternoon when the news was flashed over the wires and told from friend to friend that C. H. Rose had suffered a cerebral hemorrhage.

Mr. Rose and his brother, S. F. Rose had motored to Greenwich on business shortly after the noon hour and it was while parking his car that he was stricken. He was removed to his home on High Street where he died at 5:30 p. m.

He was one of the prominent men of this community, whose honesty, integrity, and noble character, were unquestioned, and his devotion to his home and its surroundings was an outstanding characteristic. He not only had a large acquaintance, but also a circle of friends who were sorrow with the family in their great loss.

Mr. Rose had been an employee of the Big Four Railroad Co. for fifty-three years, retiring last April. He was affiliated with the Mansfield Commandery No. 21, Knights Templar, the Masonic Blue Lodge and O. E. S. at Shiloh. He was also a member of the Lutheran church.

A romance that began in school days, culminated Saturday afternoon at the home of Miss Opal Phillips to Raymond Lehman. The ceremony was performed by Rev. Armington, pastor of the First M. E. Church, Mansfield, at 10 a. m. the double ring ceremony being used. Mr. and Mrs. Charles Lehman of Shelby were the attendants.

The bride was charming in a gown of heavy blue crepe, made with a tight bodice, and uneven hem; her slippers were black suede and hose of gun metal.

Immediately following the exchange of vows the young couple left by train for Cleveland to spend the weekend. Enroute home, they stopped in Akron, to call on Mr. and Mrs. Percy Lehman, a brother of the groom and his wife.

Mr. and Mrs. Lehman are making their home for the present in the bride's parents, until the roof house on Plymouth Street is complete with alterations and repairs when they plan to move in a week or two.

The bride is a daughter of Mr. and Mrs. Fred Phillips of the Bucyrus Road. She is a graduate of our local High School, of Tiffin Business College and for the past several years has been employed as stenographer at the Auto Call Company of Shelby. Both Mr. and Mrs. Lehman are popular among the younger set and best wishes are extended the newlyweds.

## Local People in Auto Accident

An auto accident occurred at the East Side Square night about 8 o'clock. Walter Kuhn driving a Nash sedan was driving west on Main and was just passing the East Side Square. A Ford coupe driven by Newell McQuown of Plymouth in which four people were riding came into the square and running through the red light collided with the Kuhn Nash as it was crossing the square. The door of the Ford coupe flew open and three of the occupants were thrown out on the street. Alberta Hale was injured and was taken to the office of a local physician where her wounds were attended to. The others were uninjured. The Ford had a wheel broken off and fenders and running board damaged. The Nash was only slightly damaged.

## FIRST GAME WILL BE WITH SHILOH

The lid lifter of the basketball season in Plymouth will be on Friday evening, December 27th, at which time Shiloh high school will play the Plymouth high school teams in the new auditorium at this place.

The local school, however, will play before that date but they are out of town games. The first game of the season will be on Friday night of this week at Ontario. Both boys and girls will play.

The next game is at Weller on next Tuesday evening, November 25th.

The members of the teams are hoping that a large delegation of local fans accompany them for these two evenings of basketball. An enthusiastic cheering section always helps a team to victory and, of course, it is hardly necessary to say that the boys and girls want to win these games.

Coach T. S. Jenkins, of the boys' squad, is ready to say that everything looks bright for the season. A total of 1000 spectators from the three upper classes have reported for practice and it is expected that a winning team may be made out of this material.

Coach Pancoast is directing the girls team and it is understood their hopes for a winning team this season are also very bright. About twenty girls have come out for practice and a very good first line team should be selected from this number.

The backing and support of the community is asked by the boys and girls.

The guests after gathering at the home were conducted to the Church parlors at that with a splendid three-course dinner had been prepared by the Methodist ladies of that church every detail of preparation such as table and hall decorations, the golden candles, wedding bells, and the massive wedding cake, having been looked after with that supreme care, neatness and nicety, bespeaking the climax to the fullness and ripeness of the well-spent life of this remarkable couple who now for half a century have clung together through all the trials and vicissitudes of life yet still happy and expectant of many a bright day.

## Meeting Tonight

The Plymouth Parent Teachers Association will meet at the school building this Thursday evening at eight o'clock. This will be the last meeting for 1929 as there will be no December meeting. The December meeting would have come so close to Christmas that it was thought best not to hold it.

The first grade room, taught by Miss Stella Nye, will give an entertainment. There will be the usual song study.

An interesting feature of the meeting will be a fifteen minute talk by J. B. Derr, 8th grade teacher, in which he will talk on Arithmetic Methods. Another interesting feature will be a short talk by Miss Lucille Fenner, high school teacher, who will explain her system of teaching literature.

The question box will be continued from the last meeting. It is hoped that more time can be devoted to the question box as this is undoubtedly one of the most interesting and instructive features of the P. T. A. meetings.

It is understood that some of the questions that are considered to be of greater importance will be discussed more fully before a final answer is given.

The meeting will close by singing the Plymouth Alma Mater.

At both the September and October meetings there was a very excellent attendance, and it is hoped by the officers of the Association that this meeting tonight may be even better attended. ## YOUNG MAN HAS FORTUNE IN BIRDS

A considerable number of people in this community, while traveling out on state route No. 98 towards Bucyrus, have wondered who was the owner of the large flock of turkeys a few miles on the other side of Tiro.

The owner of the flock is Paul Pfeiderer, a young man 24 years old. He has them on the farm of his father, John Pfeiderer. It is undoubtedly the largest flock of turkeys in this section of the state. There are 2,400 in the flock and it means just that many good Thanksgiving and Christmas dinners. It is well worth anyone's time to see them.

In the Sunday Cleveland Plain Dealer there appeared the following story about his Pfeiderer and his turkeys: Five years ago Paul Pfeiderer, at the age of 19, was graduated from the rural high school at Sulphur Springs and began wondering what to do.

He was averse to following his father's occupation of farming, although his parents, Mr. and Mrs. John Pfeiderer, own 110 acres of good farm land ten miles east of Bucyrus on State Route No. 98 known as the Pleasant Ridge Turkey Farm.

Paul at first thought of raising chickens. But after talking to some of his friends who had had experience in that he decided against it.

He knew that, to make a success, he would have to specialize on something and finally decided to raise turkeys.

From 3 to 2,400

Having had no experience in turkey raising and knowing of no available literature on the subject, he set about to learn the business by actual work.

He has been raising turkeys now for three years. The first year he raised and marketed three turkeys, the second year eighteen, the third year 93, the fourth year 404 and this year, out of 3,200 to 3,300 baby turks, hatched in the spring, he has a flock of 2,400 ready for the Thanksgiving and Christmas market.

Besides that, he sold and shipped by mail 2,000 baby turks last spring.

## Mrs. DePew Head's Address Interesting

Mrs. Dewey Head, of the Ohio State Library, gave an address at the Lutheran church at this place last Friday night.

The subject of her address was "Children's Reading." She spoke on the various types of books which children enjoy and the various ways of getting them to read. Her particular books without putting a feeling of antagonism in their minds. Mrs. DePew had with her a brief list of all classes of books suitable for all ages of children from the picture book through the senior high school. A number of these lists were left in the community and anyone interested can obtain one at the Plymouth library.

Mrs. DePew explained the organization of the Ohio State Library and the things they do for the people of Ohio in furnishing books.

Her talk was most interesting and was greatly enjoyed by those present. Their address was sponsored by the following Plymouth organizations: Library Board, Lions Club, Parent-Teachers Association, 20th Century Circle and the Tourist Club.

## LIBRARY MAY GET IN NEW LOCATION

The Creative Reading Circle, or what is better known as the Library Board of Plymouth, a group of women, who by their efforts are making a free public library possible for the community, are planning a Christmas tree this year for the benefit of the library.

The tree will be erected in some store window, centrally located. It will be an invitation for who care to do so to attach gifts or donations on the tree which will be used to make the library in Plymouth bigger and better. While gifts of books are acceptable at the same time it is finances that are mostly needed now. All donations from cents on up will be welcomed. As small as sum as five cents is mentioned in order that the children of the community, who are so greatly benefited by the library, may have an opportunity of joining in the work.

Realizing that the present room in which the library is located is too small it is hoped that it can be moved into a new and bigger quarters some time in the near future. The ladies in charge of the library are deeply appreciative to the members of the Board of Public Affairs for the loan of their room for the housing of the library but at the same time it is only stating a fact to say that the space is limited and for that reason it is hoped that a room can be rented of suitable size and somewhere in the central part of town.

To rent such a room and to pay running expenses it is thought that \$50 a month will be needed. At the present time, of course, there is not nearly this large an income in the library, as the only source of revenue is that which is paid for past due books and the occasional small donations that come into the hands of the board. With this Christmas tree idea it is hoped to raise enough to provide for the expenses for three or four months. If this is done the ladies will feel justified in making the move into new quarters.

As a starter the 20th Century Club has donated \$10, and the Tourist Club a like amount. This is a total of \$20 to begin with on the Christmas tree. The library board is especially appealing to the other clubs and organizations in town.

It should be understood that all work in connection with the library is done free. The ladies who are connected with this are donating their time in order that Plymouth and community may have something worth while. The eight ladies that make up the board are: Mrs. Percy Root, Mrs. Sam Haachbar, Mrs. George Herliher, Mrs. Ann Seville, Mrs. George Eastman, Mrs. Bert Anderson, Mrs. Harold Jeffrey and Miss Pearl Elder. Those who have charge of the library on the various days are: Monday, Mrs. Herliher; Tuesday, Miss Elder; Wednesday, Miss Helen Preston; Thursday, Mrs. G. A. Ariz; Friday, Mrs. Russell Carrick. The substitutes are Mrs. Jeffrey, Miss Mary Payne and Mrs. Barynton Mills.

The Plymouth library is a branch of the Mansfield or Richland county library. For that reason if anyone wishes a particular book and it is not on the shelves here it can be secured at Mansfield. At the present time the library here contains about 1800 volumes. For a town of the size of Plymouth this is a very exceptional showing. It proves that the people in this community are readers. According to a statement made by those in charge of the library at Mansfield this is the best showing of any of the branch libraries.

The principal thing needed by the library now is a room of their own. Library will be money well placed.

This would provide a reading room that is now lacking and so many other things that are needed.

Certainly, funds given to the local it will be money for a good purpose and will have a lasting benefit.

## Cupid Seems Asleep In Huron County

Cupid has been doing little work in Huron County recently, if one is to judge from reports received from the office of Probate Judge J. M. Decholt. Between November 7th and November 18th there was not a single marriage license issued at that office. At the same time the divorce court has been fairly busy in the same court house.

### TALK OF BREAKING UP

#### LITTLE BIG SEVEN

There is considerable talk that the Little Big Seven high school athletic League will break up or be reorganized, for the reason that the larger schools in the league, it is claimed, have an unfair advantage over the smaller schools, since it is practically impossible for the latter schools to win championships.

The present members of the league are Willard, Norwalk, Tiffin, Fremont, Sandusky, Oberlin and Bellevue. According to feeling at Willard, that school would be entirely willing to leave the league and enter a new league made up of schools of their own size. Norwalk is another one of the schools that there is talk of eliminating. Officials at that school, however, are opposed to this. They point out that their record compares very favorably with the larger schools in the league. They point to the fact that Norwalk is now in third place and only last Saturday defeated Fremont, one of the big moguls.

According to the Willard Times one proposal has it that another league favorable with the larger schools in the league, will be formed. This would include Willard, Fremont and Tiffin. It seems, want to get into faster company.

A meeting of League officials will be held at Norwalk on December 4th.

## WILL SERVE HEAVY SENTENCE FOR ATTACK ON CHILD

Lloyd McCarty, 23-year-old former Millin township school teacher, was sentenced to serve not less than one year nor more than ten years in the Ohio penitentiary, Saturday morning, by Judge James W. Galbraith in Common Pleas Court in Mansfield.

McCarty who one week ago entered a plea of guilty to an indictment charging felonious assault, alleged committed on an 11-year-old child appeared before the court Saturday for sentence.

After Atty. George H. Blecker and A. S. Beach, his counsel, had made plea of leniency, in which they told of circumstances in the case, McCarty was sentenced.

His counsel declared that a "grudge" feeling was born against McCarty by certain residents of the school district in which he taught. They declared that while at first they had decided to submit the case for trial by jury, the plea of guilty was entered for the reason of culminating the necessity of six school children to come before a crowded courtroom and testify in the case.

The court declared that while he appreciated McCarty's idea in eliminating the jury trial and protecting the school children "from the prying eyes of a crowded courtroom," the offense was of such a nature that leniency should not be allowed.

Assistant Prosecuting Attorney James V. Will presented the nature of the case in behalf of the state.

Rob Gentry and Upward Toward the Heart as Blood in Veins Flows That Way

Many people have become dependent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches.

If you will get a two-ounce original bottle of Menon's Emerald Oil (full strength) at any first-class drug store and apply it night and morning as directed you will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Indeed, so powerful is Emerald Oil that it cures hemorrhoids and is often entirely healed and anyone who is disappointed with its use can have their money refunded.

### rites Held For GRANT MILLER

Grant B. Miller, of Willard, chief inspector of the postoffice department, died Sunday at his hotel in Washington. He was aged 63 years.  
 The body was returned to Willard and funeral services were held at the United Brethren church at that place this Thursday afternoon at 2 o'clock, conducted by Rev. P. M. Redd, pastor of the church, and Rev. G. A. Gibson, pastor of the Willard Methodist church, assisting. Burial in Greenlawn cemetery, Willard.  
 Surviving Miller are two sisters, Mrs. Orrin Austin and Mrs. J. A. Keefe and a brother Earl Miller all of Willard. His wife died last year and the couple had no children.  
 Following Miller's death word has been received from Washington that Thomas A. Milligan of Toledo will succeed Miller. Milligan for fifteen

years inspector in charge of the Toledo office was promoted to assistant chief inspector on October 1st, during Miller's illness which followed a cold contracted at the funeral of Senator Theodore E. Burton.  
 Miller was the terror of postal bandits, crooks and grafters. It was he who directed the successful pursuit of the notorious D'Autremont brothers after they dynamited a train in Oregon, killed the engineer and fireman, robbed the mail car and escaped with many thousands of dollars in loot. One brother was arrested while serving in the United States army in the Philippines, the other two — while working in a Steubenville rolling mill.  
 While serving as inspector in charge at Chicago, Miller ran down and sent to prison and the electric chair several other noted criminals. He had a genius for unravelling crime mysteries. He had served as postmaster at Chicago as well as at Cleveland.  
 Senator Burton was an admirer and

friend of Miller. It was at his request that Miller was put in charge of the Cleveland postoffice. The request was made at a time when political opponents of Postmaster William J. Murphy now secretary to City Manager W. R. Hopkins had started a fight for his removal which threatened to disrupt service. Miller was succeeded by H. A. Taylor the present postmaster.  
 Miller also was a close friend of Senator Simon D. Fess while a student at Ohio Northern University, Ada, O. He was one of the latter's pupils.  
 Postmaster General Walter F. Brown was shocked and grieved by the news of Miller's death. Only Saturday he had been told Miller was better and expected to return to his desk Monday.  
 "A man of inflexible judgment, Grant Miller was honest, brave and able," Brown said. "By his untimely death the postoffice department has sustained a heavy loss."  
 Miller was a Mason and a member

of the Temple club, composed of postoffice and department officials belonging to the Masonic orders.  
**WOMEN REPAIR FURNITURE AT MEETING**  
 On Tuesday nine women of New Haven township met in the New Haven town hall to finish repairing chairs which they started at a meeting in October. The meetings were held under the direction of Mabel G. Fernald, Home Demonstration Agent, and Anne Biebricher, Home Furnishing Specialist of the Extension Department of Ohio State University.  
 The furniture which was repaired, was not all antique. Modern chairs of good design, the seats and backs which have been broken by constant use, are receiving equal attention. The frame work of the furniture was put in good condition before the wearing of the cane was started.  
 The women who attended the meetings are Mrs. W. S. Clark, Mrs. Mel-

vin Buckingham, Mrs. Perl Buckingham, Mrs. Herbert Slessman, Mrs. Frank Albright, Mrs. John Wiers, Mrs. Dalton Rang, Mrs. Maggie Smith and Mrs. F. T. Sparks.  
**SHILOH WILL BU FIRE ENGINE**  
 The village of Shiloh will soon be amply protected against fire, according to a resolution recently passed by the council of that village.  
 The resolution asks for an expenditure of \$2100 for the purchase of a suitable fire engine and bonds in that sum will be issued in the near future.

**W. C. T. U. MEET AT PUGH HOME**

The Plymouth W. C. T. U. met with Mrs. J. W. Page, Friday afternoon, November 15th.

In the absence of the devotional leader, the president read the first part of the twenty-first chapter of Job, after which a short business session was held.

It was decided to start a circulating library as soon as possible. Also that Willard W. C. T. U. and Greenwich W. C. T. U. be invited to meet here for a group meeting on December 13. The address of Rev. George Pugh of Shelby was interesting and inspiring that all thought of business and plans was forgotten.

In writing Rev. Pugh to ask if he could come to Plymouth the President had asked him to stress the thought "Shall the W. C. T. U. Continue?" His entire talk was built around that topic. He said if an organization was for pleasure that question was never asked. But if for righteous, it was

often asked. He illustrated how organizations of the church which endeavor to get out their membership are often confronted with the question.

"But," added Rev. Pugh, "Prohibition is not quite solved by organization. The mere fact that there is an organization is not a proof that there is no intoxicating liquor, that the problem is solved. Organization helps, but does not solve problem. The sources of evil are organized, too."

"Neither does the mere having of the law solve the problem in spite of the fact that much good has been done. We thought too long the problem would be solved when we got the law. Law against moving picture shows on Sunday does not mean anything unless law is enforced. Neither does 18th Amendment. That Amendment is just as important as law against stealing. The fact that it isn't entirely obeyed does not mean it should be wiped out—it's a protection. Putting the best man in office does not solve problem. It takes years to train a policeman. Too often he stands alone as representative of law and enforcement. A thief is immediately

an outcast but the bootlegger has part of the town behind him. We must stand back of officer."

"We are thinking more in terms of education today. Unless we do teach youth the harm of intoxicants we are neglecting our duty—Truth needs to be gotten to the people. But, as important as education is, is it the solution of the problem? You may teach a girl Home Economics but that doesn't mean she will wash the dishes at home. Teaching youth the harm there is in drinking will not save them. There is no want to find out for themselves."

"If organization law, officers and education does not solve the problem, what will? I believe there is a solution."

"Let's look at the name of your organization—Woman's Christian Temperance Union. The important thing is in which word you stress most Union? Well, I don't know if that is most important. It helps of course. Put Temperance in big letters, get people to sign cards. Be temperate in your own life. That is truly of great value but I doubt if that's the eternal value. Stress Woman's? As soon as women say "You do this," then men say, "Well, I don't know." Men resent the curtailing of their personal liberty. The biggest thing women can do is to maintain the dignity of womanhood. If they will dignify womanhood so that they will stand for right things they have a great influence."

"There's just one way to spell W. C. T. U.—make C large, spell Christ big. That's what counts and I believe that solves the problem. Take what a man wants away from him and he's going to fight and that's what he is doing today. But if we come to him and tell him we have something better to give him, that solves the problem. Take Christ to the individual and tell him how Christ satisfies, and changes character until the old desires are gone. Christ is more than a substitute for the old life of sin. If there is a spiritual fervor in our lives we can satisfy youth and man. Make Christ big and your problem is solved. Keep Him uppermost."

The next meeting of the W. C. T. U. will be with Mrs. Dan Clark, December 13th at which time it is likely that Willard and Greenwich W. C. T. U. will be guests of the Plymouth ladies.

**NEWS FROM RIPLEY CENTER**

**A WONDERFUL RECORD**  
In the Long family of New Haven Township there were five children. Four of them with Mrs. Silliman held their Golden Wedding—the fifth Dr. Long died six months before the fifty years.

Continued rains have deferred clover hulling and corn husking. The hunting season opened with the usual din and noise. Leroy Chandler one of our popular trappers caught a blue skunk on the first day of the season. The only trouble is after a long and furious clubbing of the well known feld animal of this country he went away and left a lot of the stink in the writers cornfield.

We hear that the New Haven church choir sang at the North Fairfield church Sunday night. We have called them real vocalists. Look out they are going to wear the gown as a singing group of the North Fairfield, New Haven, Delphi Circuit.

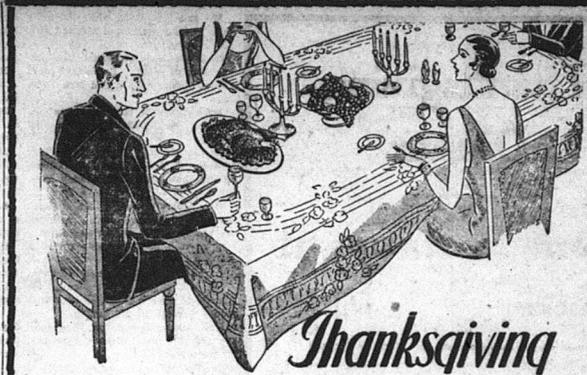

Mrs. G. W. Tooker is among the sufferers with sciatia. Clifford Campbell has taken a transfer from his position as timekeeper for trackmen at Sullivan to work at Boughtonville for the winter.

Mrs. Andrew Campbell is under the care of the physician at the Campbell home. Tom G. was also under orders to hold fast to the bed.

Ripley was represented at the Sunday School convention held in Greenwich a week ago. We are feeling the passing of C. H. Rose of Shiloh with considerable severity. We were always good friends. We were in the school, he being in a younger class. He was stricken with appendicitis while parking his car in Greenwich Friday. He was 52 years of age. Became an operator at an early age trained by his uncle and brother—as operator and agent for the Big Four R. R. retiring after fifty-three years of service.

There were thirty-one members and guests at the home of Mrs. Gattis as hostess with an all day service Thursday with a potluck dinner. It may be noted that the writer may be sluggish in thought after such a banquet.

George H. Parish of Fairport Harbor near Palmsville, O. was a week-end guest of Rev. E. B. Henderson of the North Fairfield Circuit and as a sequence traveled the circuit with

him. He told the writer Fairfield suffered a loss in letting Mr. and Mrs. Henderson move away.

The Voluntary played by Miss Helen Gleason Sunday morning at church was a most worthy prelude to the interesting services of the day. The beautiful sacred duet sung by Donna Belle and Elaine Young was our inspiration. It rejoiced the hearts of the older people to see the young people taking hold of the programs of the church. Fair ports to our gain.

**MARRIED IN LONGMONT, COLORADO**

Dr. Rudolph Brand and Miss Donna Mae DeVoe, both of Longmont, Colorado, were united in the holy bonds of matrimony, November 8th, 1929, at the home of the bride's parents, Mr. and Mrs. F. W. DeVoe, 242 Collier St., Longmont. The mother of the bride was a former Ripley girl, Millicent Catlin DeVoe. The bride spent one year as a Junior in the North Fairfield High School making her home with her uncle and aunt, Mr. and Mrs. W. J. Wilkinson, afterwards graduating from the Longmont High and from Park's Business College in 1927. She was holding a responsible position in the Longmont city clerk's office.

The Golden wedding of Mr. and Mrs. Geo. B. Silliman was appropriately celebrated at their hospitable home, north of Delphi on Tuesday, November 12th, 1929, by the ingathering of over sixty guests from the two families of Silliman and Long including only a very few of most intimate friends and former neighbors. On account of the probable inclemency of weather at this time of the year they secured the assistance of the community workers of the Delphi church to aid in the serving of the sumptuous feast. The tables and

church parlors were beautifully decorated in appropriateness for the occasion and season of the year. After the banquet all went to the home of the bride and groom where they were entertained. It was open house until late in the evening. The happy guests left for their distant homes.

Mr. Alex Spear returned Tuesday to New York City after a week's visit with his mother Mrs. Sol Spear. Mrs. F. W. Blackford and Mrs. Ira Ross spent Tuesday in Attica.

**SUNDAY GUESTS**  
Mrs. Henry Cole and daughter Miss Jessie had as their guests Sunday, Mrs. Josie Cole, Misses Helen and Lois Cole and Margaret Wynkoop of North Fairfield.

## CHAPEL

Wednesday morning, November 13, we were pleased to have Rev. Struyk from New Haven speak to us. His main subject was on "Bricks." He compared the bricks in our school house to ourselves. If one brick is bad, no matter whether it is concealed on the inside of the wall or out where it may be seen, it causes a lot of trouble. If this brick is seen when the builder is building it will be thrown away and a new one put in its place. Are we going to leave our lives be thrown away like that bad brick and leave some one else take our place? Or are we going to be the useful bricks that can be used at any time? I am sure after listening to the interesting talk Rev. Struyk gave us we will all try to make our lives be the useful bricks.

at an average price of \$1 each. He also sold many dozens of eggs for hatching purposes.

He will carry over, for next year, 500 hen turkeys and 50 gobblers and expects to raise 25,000 eggs or an average of 50 eggs to the hen. He has one hen turkey in his flock, however, that laid 113 eggs last spring.

**Great Expectations**

From these 25,000 eggs he expects to raise from 1,000 to 5,000 turkeys for shipments to market next November and December, besides selling many eggs for hatching and shipping baby turkeys by mail.

This year he gathered 11,000 eggs and this year's crop, at prevailing market prices of live turkeys, is valued at between \$12,000 and \$15,000. This year his brother Milton, 31, is with him.

Pfeiderer states that, in the five years, he has had to learn from experience how to feed and care for turkeys. He raises no feed himself, buys it all and mixes it according to the formula which he has found by experience is best suited for certain conditions.

Early spring and September are the two worst times for Mr. Turkey. In

September, the birds are sometimes stricken with disease similar to appendicitis in human beings. If not checked in time this malady will decimate the flock.

Pfeiderer's turkeys are of the bronze strain. He crosses the White Holland, Narragansett and Bourbon Reds as almost equal for general purposes to the bronze, but declares that dealers prefer a turkey of about fourteen pounds, live weight. The bronze grow to about this size.

In the five-acre field fenced off with high wire fencing, Pfeiderer picked out the hen turkey which he thinks will receive one of the prizes at the national show in Chicago during the first week in December. He declared he would not take \$125 for this hen and proudly spread her wings and fan-like tail while she was being photographed.

The picture accompanying, however, shows him with his largest gobbler, carried over for next year's flock. Turkeys, running about in open fields, are valuable property. On Pfeiderer's house, barn and some of the outhouses are automobile head lights, so arranged that their light, at the least disturbance at night, can be made to sweep the fields and sheds where the turkeys are kept.
