## BAND DIRECTOR NOW SELECTED

J. M. Crimm of Marion, has been secured to give private band lessons in this community on Monday of each week.

Mr. Crimm has stated that if he gets a class of at least fifteen students at the local school he will give group rehearsals without extra charge. This group rehearsal will mean much in the organization of the Plymouth band, which, it is hoped, will be of sufficient merit to warrant them being engaged to give concerts on the square next summer.

The new instructor was in town Monday and gave the first lessons. The response to the invitation has been very gratifying to those behind the band movement. It is understood that thirty-three pupils have expressed their desire to take lessons. However, part of these, it is learned, have not had a final answer from their parents.

The group rehearsals will be given at the school building every Monday evening from 6 to 7 o'clock. These group rehearsals it is understood are not confined to the pupils of Mr. Crimm. He has stated that anyone who wishes to take part in them may do so, provided, of course, that he has the fifteen students for private lessons. Mr. Crimm charges \$1.00 for

## DECIDE DEFINITELY TO MAKE HURON COUNTY A DISTRICT

The state highway department has definitely decided to establish a separate highway department for Huron county with headquarters at Norwalk, according to information coming from that city.

It will be recalled that it was mentioned some time ago that this would probably be done, but the official information to this effect had not been received until recently.

At the same time it is understood that the state highway department will purchase the large Moehman property on Chatham street in Norwalk for headquarters.

At the present time Huron county is located in the Erie-Huron county highway district with headquarters at Milan, in the former county. The change will be of great importance to Norwalk and in fact all of Huron county. About 60 men will be employed by the district for road work throughout the year and it is understood that they will be required to live in the county.

## HAS BROKEN NECK BUT STILL LIVES

Joe Barsic of this place, who is suffering with a fractured neck sustained in an automobile accident west of Tiro on November 5th, is expected to recover. He is confined to his home in southwest corner of Tiro.

The injured man has two fractured vertebrae in the neck, according to his physicians, and is suffering intense pain. Straps and heavy weights are fastened to his head and suspended from the head of his bed to hold his neck in place. Dr. J. C. Steiner of Willard is in charge of the case.

Barsic was injured in an auto accident, traveling three weeks ago while traveling towards Bucyrus on State Route 98, in attempting to pass a loaded wagon they pulled too far to one side and the car slipped into the ditch. They were traveling at a fast rate of speed which caused the car to turn over.

A small boy in the car at the time was uninjured. According to people who were at the scene of the accident, it is claimed the boy stated his name to be Ruckman.

Barsic's brother, residing in the New Haven marsh, and who was in the car, was also injured but not seriously.

## WILL IMPROVE STATE ROUTE 20

A very important road improvement will be carried out by the state highway department when the brick paving of Road No. 20 will be given a six inch coating of concrete between Monroeville, Bellevue and the triple grade crossing about two miles east of the latter town.

The engineering force of County Surveyor C. T. Williams has completed the important surveying work. This project probably will be carried out early next season.

## P. T. A. MET LAST THURSDAY

The Parent-Teachers Association of Plymouth met in regular session at the school building last Thursday night with a good attendance.

The meeting opened with the singing of "America the Beautiful." After the business session the first grade taught by Miss Stella Nye, gave a drill, which was greatly enjoyed by all.

After the song service the first grade again entertained, this time with a playlet entitled "The Trial on Book Hill." This was given in recognition of the fact that it was Good Book Week.

J. B. Derr, eighth grade teacher, gave an interesting fifteen talk on Arithmetic Methods. After hearing Mr. Derr's talk it was well understood why the pupils were asked to grade their own papers in certain cases.

Miss Lucille Penner, high school English teacher, spoke for fifteen minutes on English Standards. The book for attendance was awarded the first grade as they had the most parents attending the meeting.

The next P. T. A. meeting will be held the third Thursday night in January, 1930.

## CHRISTMAS SEAL SALE TO START NEXT MONDAY

On Monday, December 2nd, the Red Cross Christmas seals will go on sale throughout the country. The quota of 250 seals for Plymouth has been sent to Superintendent R. R. Miller, who will distribute them through the school. It is requested that all orders accompanied by the price, one cent per seal, be sent with the pupils who will deliver the seals. This will avoid the need for handling the seals and selling them.

The following is copied from the letter which was received with the seals that were received at the local school. It gives a good idea of what the seals are used for.

On occasion as the Christmas season approaches and the Spirit of Giving is in the air, we bring you the opportunity of contributing to the great fight against tuberculosis, the results of which are already apparent. "An ounce of prevention is worth a pound of cure"—nowhere quite as much as with this dread disease.

And so this appeal comes to us all, not for a large gift from anyone but for many small gifts from all, young and old. The proceeds are used in the form of anti-tuberculosis work in the State, but mostly right here in Mansfield where, besides the help given throughout the County, a Summer Camp has been maintained for several years for the benefit of the undernourished children of Richland County.

This campaign against tuberculosis is constructive and must appeal to every citizen; not only does it help the afflicted, but it protects your health from danger. We cannot afford to let it fall.

Supt. Miller reports that Plymouth has not failed to reach its quota since he has had charge of the sale, and hopes the good record may continue. A sample of this year's seal can be seen in the bulletin board on the bank corner.

## M. E. CANTATA TO BE ON DEC. 22

Sunday evening, December 22nd, has been named the date for the combined Plymouth-Shiloh choirs to give their Christmas Cantata in Plymouth.

L. Z. Davis, director, will be assisted by a chorus of twenty-five voices, and the evening's program promises to be exceptionally good. A trio consisting of Messrs. Maurice Davis, C. E. Rose and Roy Pettit of Shelby have consented to help on the program.

Mrs. Edd Phillips will preside at the organ and Mrs. Huddleson of Shiloh at the piano.

The Cantata "The Christmas Adoration" by Carrie B. Adams was selected from a number and music lovers will hear a treat on that evening. It will be repeated in Shiloh at a later date.

Misses Catherine and Elizabeth Weber and Chris Weber motored to Fort Wayne, Ind., Wednesday afternoon where they spent Thanksgiving with Frank Lofland, Jr., an old Plymouth resident.

## RESIGNS FROM SCHOOL BOARD

J. E. Nimmons, president of the board of education, has tendered his resignation as a member of that body. It is understood that the resignation is to take effect at once.

The resignation of Mr. Nimmons was presented to the board at a special meeting held on Wednesday evening of this week. It was expected that the board would accept the resignation.

As to who will succeed Mr. Nimmons on the board and as its president is not known. Past precedent has been that the senior member of the board in point of service would be the president, but at the present time George Spaulding, Jr., and Willard Ross. It is very probable that the president will be chosen from those three.

No reason was given as to just why Mr. Nimmons tendered his resignation. It naturally came as a great surprise to the people of the community. He had been very active in his service to the school, and this naturally necessitated giving a considerable amount of his time. He had been elected for a second term this past November 5th and would have started serving that term on January 1st.

Mr. Nimmons did indicate that other business and affairs with which he is connected took so much of his time that he was prompted to hand in his resignation.

The retiring president has a large number of very close friends in the community, all of whom will regret his decision to resign.

## BIG SOCIAL EVENT AHEAD

A Library Bridge Benefit will be given on Thursday evening, December 5th, at 8 o'clock at the K. of H. Hall. If you play bridge, five hundred or more, be sure to come for an evening's entertainment. Admission 50c. A prize for each table—sandwiches and coffee. Tickets may be procured from any Library Board member or at door. Don't forget it.

## Mr. and Mrs. Robt. Nimmons Celebrate 50th Anniversary

Thanksgiving Day Mr. and Mrs. Robert H. Nimmons of this place celebrated their Golden Wedding Anniversary in a quiet manner with a reunion at which all the members of the immediate family were present.

Actually it was Tuesday that Mr. and Mrs. Nimmons had attained the 50 years of wedded life since it was on November 26th, 1879, that they were married. However, since it was thought best to postpone the actual celebration of the event until that day, as Mr. Nimmons himself puts it, "in that way we could kill two birds with one stone."

Heartly congratulations are brought to the happy couple upon their reaching the golden milestone.

The golden milestone in the community and everyone at heart celebrates the occasion with their good friends.

At this time a short account of the life of the happy couple is not amiss.

Mr. Nimmons was born near Butler, Ohio, in December, 1818. He was cordially he will soon be 74 years old. His boyhood was passed on the farm and in 1855 he came with his parents, Mr. and Mrs. Mahlon Nimmons, and brother John, to Plymouth and resided on a farm on the Springmill road.

Margaret Upp was born near Willard on September 23rd, 1855. There were six children in the Upp family. But two, however, survive. They are Mrs. Nimmons and Mrs. Anna Brandt, of California.

In Plymouth, just fifty years ago, was solemnized the marriage of Miss Margaret Upp and Robert H. Nimmons by Rev. W. A. Keesey, pastor of the United Brethren Church in the presence of the immediate family. This was a home wedding. The bride of twenty-four years was a gown of

## BEN WOOLET IN AUTO MISHAP

Ben Wollett, restaurant owner at this place, sustained a broken leg when his car overturned into the ditch near Monroeville, Thursday morning about nine o'clock.

He was taken to the home of Mr. and Mrs. Jason Mellick, a former Plymouth resident, but who now resides at Bellevue, where it can be expected that he will be confined for some time.

During his absence his restaurant is managed by Mrs. Lena Becker.

Mr. Wollett was traveling towards Bellevue at the time of the accident. According to his own statement he had dozed off to sleep. When he awoke he noticed that his car was hanging from the ditch and that it was too late to get it back into the road and prevent it turning over. He opened the door and attempted to step out but the car was turned over and the door was closed against his leg breaking it in two places. He was picked up by passing motorists and taken to Bellevue.

Local reports state that he is improving, but that it will be some several weeks before he is again able to be up and around.

## CHRISTMAS CLUB MONEY WILL BE DISTRIBUTED

Between the first and the tenth of December the Peoples National Bank at this place will distribute something over \$4,000 to local people who are members of the Christmas Savings Club.

This is according to a statement made by J. E. Nimmons, cashier of the bank, Tuesday afternoon. He added that there were approximately two hundred accounts in the Christmas Club this year.

The new 1930 club will start about December 15th, it is stated.

The Christmas Savings Club is becoming more popular each year since there are more accounts this year than ever before and there is a larger total amount of money than any previous year.

It can naturally be expected that a large part of this money will be spent in the local community. Also a part of it will be returned back into the bank in regular savings accounts.

They are the parents of two children, Fred Nimmons of Plymouth and Mrs. Charles McDonough of Cleveland, and four grandchildren, Mrs. Harold Duncan of Norwalk, Mrs. Frank Twaddle and Bobby Nimmons of Plymouth and Norman McDonough of Cleveland.

In past years Mr. Nimmons has been a successful farmer and hard-work merchant. He was one of the organizers of the Peoples National Bank at this place and was vice president of that institution until eleven years ago, when he became president.

Mr. Nimmons is a republican and has been central committee man for his precinct for a number of years. He is also a member of the New Haven township trustees. In past years he has been a member of the village council, Plymouth board of education and has held other positions of trust.

Mr. and Mrs. Nimmons are members of the local Presbyterian church. They have been active in its support and have taken particular pride in its welfare.

Fraternally Mr. Nimmons is a member of the Masonic order and Knights of Pythias. Mrs. Nimmons is a member of the Order of Eastern Star.

At this time of the celebration of their Golden Wedding Mr. and Mrs. Nimmons recall the fact that Mrs. Nimmons' parents Mr. and Mrs. Phillip Upp celebrated their golden wedding on April 2nd, 1886, and also the fact that Mr. Upp had been for many years a director and vice president of the First National Bank, which was formerly at this place.

The celebration Thanksgiving Day was held at their family home where they have resided for the past thirty years.

## PLYMOUTH GETS AN EVEN BREAK

Plymouth high school basketball team opened their season at Ontario last Friday night by gaining an even break with the aggregations from that high school.

The local girls finished the preliminary on the long end of a 44 to 7 score, while later in the evening the Plymouth boys dropped a hard battle to their opponents, the final score being 11 to 5.

The Ontario boys came from behind in the last few minutes of play to overcome the lead set up by the locals and to finally nose out the victory by a two point margin. Close guarding on the part of both quietest was a feature of the contest. This was indicated by the close score.

Bachrach at guard lead the scoring for the Plymouth team with four points. Ross at forward chalked up three points while Norma, guard, scored the other two. The scoring for the opposition was well divided among the five players.

The local girls made a runaway with their game. Early in the fray they established a lead that was never even threatened by the Ontario girls.

Becker for Plymouth scored 21 points during the game. Furch chalked up 12, Sourwine 5, L. Moore 4 and Anderson the other two.

Indications are that this year's girls team that is representing Plymouth high is going to be hard to beat. They should be a very important challenger for the county championship.

## NEW BUSINESS FIRM TO OPEN HERE MONDAY

The Holder Co. the firm which purchased the J. W. McIntire Co. Department Store at this place about thirty days ago will open the store Monday morning, December 2nd, under its own name.

Since the announcement of the purchase of the business block and the entire stock from McIntire some time ago the Holder Co. has conducted a sale of the stock. This sale will come to a close this Saturday with the odds and ends of the store left.

Monday morning, as stated, the Holder Co. will reopen under the store's own name. The store will be restocked with a new and complete line of up-to-the minute merchandise. Much of this has arrived and is being arranged on the shelves.

The Holder Co. will conduct a general dry goods business along department store lines. They will handle many of the same reliable brands and lines of goods at moderate prices that have endeared them so largely to the popularity and success of the store while it was under the ownership of J. W. McIntire during the past many years.

C. A. Holder, the secretary of the company and who is actively managing the local store, has but one thought in mind and he presents his new store to the public, and that is that it can be a place where the people of this community may buy with the utmost confidence and with the feeling that they are getting genuine value in the store.

Mr. Holder wants to make it the home store of the Plymouth community.

## AN INTERESTING ARTICLE COMMENTED TO OUR READERS

The first installment of an article "The Discovery and Development of Rubber" written by Jesse Lebow of Mansfield, appears in this week's issue of the Advertiser.

This is one of the most interesting articles that has come to our attention and we commend it to our readers. Everyone, particularly automobile owners, are interested in rubber and for that reason will find much of value in what is written by Mr. Lebow.

## L. S. E. CO. FILES PROTEST

The Lake Shore Electric Co. operating interurban cars between Toledo and Cleveland has filed a protest with the state public utilities commission against the order of State Director of Highways Robert N. Wald for the elimination of a grade crossing on intercounty highway No. 2 in Acorn town.

## PAUL RUSSELL TO HANDLE TAGS

Paul Russell will again handle the motor vehicle license plates for Plymouth Community for the year 1930 at his garage just east of the square.

Mr. Russell stated Wednesday afternoon that the plates will go on sale on December 1st. They may be put on machines in place of the 1929 plates on December 21st, and they must be on January 1st. That last is to be strictly enforced this coming year, and the state automobile license bureau at Columbus has instructed to all police officers of the state that they cannot grant an extension of time. Every auto owner who appears on the highway on and after January 1st with the 1929 plates will be promptly arrested. It is stated.

It is not known for sure just what will be the series numbers for passenger plates at the local office. Mr. Russell, states that he has made no request for a special series and consequently cannot tell until they are issued. The numbers will be the same as last year.

The new numbers will be carried up until Wednesday afternoon.

The 1929 series was from C93201 to C93290. During the present year Mr. Russell sold nearly one thousand license plates of all classes. Included in that number were eight hundred passenger plates and one hundred truck

## RED CROSS DRIVE ENDS SATURDAY

The drive for membership in the Red Cross has been carried in this community by the local Lions Club will come to a close Saturday.

The closing time was to have been the middle of this week but due to the fact that some of the solicitors, because of lack of time, had not completely covered the territory, it was thought best to extend the time, so as to some of the homes that had been called on 25-400 was found at home at this extension of time will give those people an opportunity of still joining.

If any of those who have been missed will call E. E. Balduf, chairman of the Lions, he will see that some one calls at their home.

A number of the business houses in town have joined the Red Cross one hundred percent and are now displaying the sign of perfect membership. Mr. Balduf stated that it is desirable that there are some business houses that are entitled to the sign but who have not received it yet. If there are any cases of this kind he asks they be notified at once.

The streets of the town that have been completed have a very good report. This would indicate that the drive is going over a good shape.

Anyone wishing to enroll can do so at any of the five business places as follows: Peoples National Bank, Brown & Miller Store, Lippus Dry Goods Store, Rule Clothing Co., and Advertiser Office.

The Red Cross membership is the only kind of drive of this kind that is conducted in the community, since there is no community chest fund.

The membership fee of the Red Cross is \$1.00. Of this amount 50c remains in the Richland county chapter and is used for local work. That 50c is all that is sent to the national organization. All donations over and above membership fees remain in the county.

Everyone should join the Red Cross. The money is used for a good cause, a good share of it being used right in your home county. Join be joining whether or not you are solicited.

The Plymouth board of education met with the State Director of Education at Columbus last Friday relative to making application for state aid or to finding out what relief could be obtained for the local school district in a financial way.

It is understood that no definite decision was given by the state department but it is also stated that it is now in their hands.

It is expected that the local board will make formal application for this state aid and it is believed that they will ask for one and thirty-five one hundred mills, an amount that it is believed will see the district through fairly well financially.

All this is an outgrowth of the defeat of the three mill levy at the general election on November 5th. It will be recalled that two weeks ago the local board met with the Richland county board of education asking that the levy be added to the school tax duplicate. They were turned down by the county, as it was understood was expected. However, in order to follow the procedure of law it was necessary to first ask the county board.

The local board then carried the appeal to the state. In that way it is pending at the present time.

One thing is understood, however, by everyone in the school district and that is that the board has sufficient funds on hand with which to complete the construction and purchase all the necessary equipment for the new school building. A mistaken impression had made headway in the community that such was not the case and that the new building could be completed but would stand empty because of a lack of money with which to buy furniture and equipment.

G. W. Dickens, clerk of the board, stated Tuesday afternoon that this was incorrect as the records revealed that there were sufficient funds.

The purpose of the three mill levy asked by the board was not for the purpose of purchasing equipment that was to be solely for the purpose of financing a part of the running expenses of the school. The \$75,000 bond issue passed by the voters some time ago was sufficient to pay for the entire cost of constructing and equipping the new building.

There is at the present time a one mill levy in force but this runs out on January 1st. Accordingly, after that time it is very plain that the board will be faced with the problem of maintaining two school buildings on less money than they had for one. Unless some financial help is received, just what effect this will have on the school is not known for certain. It is not likely that there will be any shortening of the term this year, but there is a strong possibility that the teachers cannot be paid for the last month of school at the time when the money would be due.

At the time the so-called three mill levy was presented to the voters at the last election it seems that there is no question but what there was considerable misunderstanding. Some voters seemed to be of the opinion that this was for the purpose of providing funds with which to equip the new building. Such was not the case. Others felt that it would add exactly three mills. This again was not the case since the district already had one mill. Furthermore, it would not necessarily add two mills since the wording on the ballot was for a sum "not to exceed three mills," or in other words not to exceed an additional two mills.

Whether or not this misunderstanding caused the defeat of the proposition, of course, can never be determined, but there is little doubt but what it did cost some votes.

# SANTA CLAUS AT LOCAL STORE

Santa Claus, that jolly old gentleman from the north pole regions, and who is very much in mind and evidence during the coming month, will be at Brown & Miller's Hardware Store at this place on Saturday, December 7th, according to an announcement made by Stacy Brown, of that store, on Wednesday.

This will be welcome news to every child in the community. Everyone will want to see Santa and greet him and at the same time tell their wishes for Christmas. It will be recalled that he was at the same store last year at which time over five hundred children saw him.

Mr. Brown states that he is expecting a larger number in this year. He says that Santa Claus will be at the store from 2 o'clock until 5 o'clock in the afternoon and from 7 o'clock until 9 o'clock in the evening. He wants particularly to greet everyone of his little friends in the Plymouth community and he has something to give each of them.

At the same time he asks that every child write down just what they want in the form of a letter and drop it in the box that will be provided at the store.

Right here the publishers of this newspaper wishes to say that many of the letters as possible will be printed in the Advertiser. In this way we are cooperating with Santa Claus. We ask, however, that the letters be plainly written and on one side of the paper only. If every child does this there will be no misunderstanding either by Santa or ourselves.

Brown & Miller are cooperating with Santa Claus to the fullest extent and are going to display one of the largest assortments of toys that has ever been seen. For that reason every child in the community should be at the store either in the afternoon or evening of December 7th. Meet Santa, get what he has for you and also be sure to write down just what you want and leave it in the box at the store.

## J. C. BREWBAKER HAS BIRTHDAY

Jacob C. Brewbaker, well known citizen of this place, celebrated his 53rd birthday anniversary on Tuesday, November 26th, at the home of his son-in-law and daughter, Dr. and Mrs. W. S. Sykes at Cleveland.

Mr. Brewbaker was in the grocery business in Plymouth for over thirty-four years, but is now retired. However, even though he is not actively engaged in any particular occupation, he is very active and insists in keeping busy about his home and garden. His erect carriage, alertness and good health makes him appear many years younger.

He has resided in Plymouth for the past 50 years. Besides being a successful business man he has found time to hold several public office in his home community. Mr. Brewbaker states that he cast his first ballot for president for U. S. Grant and has not missed an election since that time.

Mr. and Mrs. Brewbaker left for Cleveland on the 23rd. They expect to visit for two weeks in that city with their daughters, Mrs. Sykes and Miss Lotta Brewbaker. They will then go to Philadelphia where they will spend the winter with another daughter, Mrs. F. B. Meyer and family.

### PUPILS OF PROF. WILLET GIVE CONCERT

Prof. A. E. Willet, of this place, sponsored a Thanksgiving vocal concert in the Presbyterian church at this place Tuesday evening. The concert was given by the pupils in the various rural schools in the vicinity of Plymouth in which Prof. Willet is instructor in music.

The church was crowded for the occasion, every available seat being occupied. It can be said that the hundreds that came were in no way disappointed with the evening's concert, and all felt that certainly Prof. Willet is deserving of no small amount of praise for what he has accomplished in vocal music in these country schools.

The names of the schools taking part Tuesday evening together with the names of the individuals will appear next week.

An interesting reading was given by Miss May Fleming, a short program of readings and songs were given by the Misses Margaret Phillips, Betty Colyer and Velma Close, who were guests of the class. Other guests were Mrs. Holder and Mrs. Bess Snyder. A clever contest and delicious refreshments supplied diversion for the remainder of the evening. ## Civil War Vet Dies at Willard

Otis Sykes, 82, Civil War veteran, pioneer of Willard, and one of this town's earliest business men died at his home that place Friday morning at 5 o'clock.  
Mr. Sykes was born on May 17th, 1847, one mile west of Willard. He was a hero of the Civil war, serving two years and losing a leg at the battle of Westfield, Va. His two brothers, A. J. Sykes and Royal Sykes, were killed in the great conflict. The former's sacrifice was perpetuated by the naming of the local post of the G. A. R. for him. At the close of the war, Otis Sykes returned to his home and married his martyred brother's widow. To their union were born two children, Miss Doris, who resided with her father, and another daughter, who died several years ago.  
Sykes' drug store was one of Willard's first business places. Later Mr. Sykes also conducted a grocery store and for several years he served Willard as postmaster. He was a charter member of the Presbyterian Church and a member of the Masonic Order at Willard.  
When his funeral was held Sunday afternoon at two o'clock from the home on Woodbine-st., Willard, the services were read by Rev. John Miller, active pastor of the Presbyterian Church and perhaps Mr. Sykes' closest friend. Rev. Miller, who is close to 90 years old, served at the side of Sykes in the 123rd regiment during the Civil War and he was more closely connected with the family through his relationship as Sykes' brother-in-law.  
Besides the daughter Doris, Mr. Sykes is also survived by two step-children, Mrs. Harry Crooks, and Miss Elizabeth Sykes, both of Willard, the

latter Willard librarian. A stepson, William Sykes, died a few years ago.

Once each year this enterprising Post invited the citizens of Norwalk and the surrounding towns to join with the Legionnaires of Northern Ohio in a great Get-Together meeting at which time the great orations and programs of the American Legion are set forth by capable speakers.

This year, Dudley A. White, a member of Ken-Bur-Bel Post is Department Commander of Ohio and the Banquet particularly honors Mr. White and Mrs. G. W. Lawrence, Department Vice-President of the Auxiliary who is also a citizen of Norwalk. Handsome Gavelts will be presented to the State Commanders of the four allied organizations: The Department Commander of the American Legion, The Department President of The American Legion Auxiliary, The Grand Master of the Order of the 88 and the Drapene Department of the "8 & 40."

Paul V. McNitt, whose term as National Commander of The American Legion expired at the close of the Louisville Convention in October, is to be the principal speaker of the evening and the outstanding success of his administration of that office and his national reputation as a pleasing and convincing speaker, gives to those attending the assurance of a worth while evening.

Col. Ralph Cole, of Findlay, famous nationally as a Toastmaster, par excellence, will be in charge of the program and his ready wit and oratory will enliven the spirits of the occasion.

Various civic organizations will attend in units and the Local Kiwanis Club is making this banquet the occasion of one of their famous Ladies Nights and will have tables for 200 reserved for them. Visiting Kiwanians are invited to make reservations at these tables. In a spirit of cooperation, Kiwanis has offered ten attendance prizes to be distributed among the guests of the evening.

A great street parade will form at the western edge of the business districts at 6:30 and bands and drum corps will be seen in their gay uniforms, and martial music will lead the way to the Banquet Hall.

The price tickets has been held as low as possible to insure that it will be within the reach of all and has been fixed at \$1.00. 125 Norwalk merchants have subscribed as patrons to make up the deficit necessarily incurred in an affair of this kind.

Every interested citizen is urged and invited to attend and tickets can be secured by addressing the American Legion at Norwalk.

## NEW DOG TAGS

The new dog licenses for Huron Co. for 1930, which have been received at the office of County Auditor A. S. Yall, are causing much comment because of their size, shape and design. The tags resemble a dogs head and are about 1 3/4 inches by 1 7/8 inches. They are made of copper or copper alloy and are of light color. It is thought that trouble will result when an effort is made to fasten the tags to collars of small dogs. A total of 4,000 tags have been received for Huron county, although it is expected that not quite that many will be needed.
