CELEBRATION WELL ATTENDED

The big Halloween celebration given in public square in Plymouth is now an event of the past and to say that it was a success is putting it mildly when it is remembered that in spite of the bad weather there was an exceptionally good crowd and everyone appeared to have the time of their life.

The event was promoted by the local Lions Club, not as a money making affair but just to give the young people of the community a good time. It is stated that the organization came out about even in so far as finances were concerned.

Soon after darkness descended and the frowning skies were threatening at any minute to deluge the streets, people who seemed to be the inhabitants of some regions besides this earth came in twos and threes and these whole throngs began to appear until they took possession of the center of town.

Prizes had been offered for this celebration and these were awarded according to the decision of the judges. The winners were:

Child under five—Jane Peters.
1st Grade—Boy, Robert Payne; Girl, Marjorie Grody.
2nd Grade—Boy, Richard Myers; Girl Jean Bevier and Mary Kathryn Derr.

3rd Grade—Boy, Junior Norris; Girl, Helen Nilmons.
4th Grade—Boy, David Brown; Girl, Barbara Ann Hoffman.
5th Grade—Boy, Gerald Kaywood; Girl Maxine Myers and Bonnie Curpen were tied.

6th Grade—Boy, Vincent Lybarger; Girl, Helen Elstein.
7th Grade—Boy, Donald Shaver; Girl, Jean Carpen.
8th Grade—Boy, Carl Holmes and Sam Fazio, were tied; Girl, Zella Ruckman.

High School—Boy, Harold Keasler; Girl, Margaret Dew.
Glee Club—Dr. S. H. Hois.
Fullest Dressed Man—L. H. Shemons.
Fullest Couple—Mrs. Warren Bevier and Mrs. Luther Peters.
Best Dressed Couple—Margaret Derr and Mr. Rigley.
Best Dressed Lady—Miss Wana Chette of Willard.

During the evening music was furnished by Plymouth's hastily organized music club. Everyone was big in their appreciation of the musician, and it certainly demonstrated to the satisfaction of all that we can have a real music for the dance, also. There was a night good start toward a band that is equal to any in neighboring towns. This band lived through Thursday night and was a big factor in everyone having a real old fashioned good time. A vote of thanks from the community is hereby extended to those who took part in the band.

Following the open air part of the big Halloween blow out, all the guests repaired to Hamilton Hall for the dance that was being given also under the auspices of the Lions Club. The Smith's Orchestra of Greenfield furnished the music for the dance. A prize had been offered for the best dressed couple on the dance floor and this was given to Edna From and Mary Sheely.

NOTED SPEAKER HERE
Mr. Dewey Head, a representative of the Ohio State Library will speak on "Education for a New World" in Plymouth on November 15th.
The meeting will be held in the Lutheran Church and everyone is urged to attend. The meeting is being sponsored by the P. T. A., the Tourist, the Twentieth Century and the Lions Club and the Library Board.

VISITS PLYMOUTH
L. A. Rooks of Olay, Ill., spent an enjoyable day Thursday with Mr. and Mrs. Frank Tubbs. Mr. Tubbs is a cousin of Mr. Rooks, who is also a former Plymouth resident, leaving here a number of years ago for Illinois.
Mr. Rooks who will soon be 83 years old is spry and active and appears much younger. He is visiting relatives and friends in this vicinity.

WITNESS MICHIGAN
The Harvard Game
Miss Betty Bachrach of Antioch College will attend the Michigan-Harvard Football Game on Ann Arbor this weekend and will spend Monday in Plymouth with her parents.

CONTEST TO BE HELD SUNDAY

The Prince of Peace Declaration contest for students of the local school will be held at the Lutheran church this Sunday evening, starting at 7:30. Three girls are taking part in this contest. They are, Eloise Shaver, Leola Pugh and Ethel Beard. The winner of this local contest, as has been stated in a previous issue, will receive a bronze medal and the right to enter the Richmond county contest at a later date.

Following is the program for Sunday night:

CLEAN CROSS DIES AT WILLARD
Clara A. Cross, aged 71, a conductor on the B. & O. railroad for 49 years, and fire chief at Willard for a quarter of a century, died at his home in Willard on Monday.
Funeral services were held at 2 P. M. Tuesday, with Rev. P. M. Redd, pastor of the United Brethren Church, in charge. Burial was in Greenwald Cemetery.

Cross organized the Volunteer Brigade Fire Co. in Willard 40 years ago, and had been pensioned as fire chief two years ago. He was a member of the Elks.
He is survived by two daughters, Mrs. Hattie Mayer and Mrs. Bernice Brown, also two grandsons.

BIRTHDAY DINNER
The N. W. Hatch home was the scene of a beautiful affair Sunday when children and grandchildren gathered Sunday to participate in the celebration of Mr. Hatch's 75 birthday. A sumptuous dinner was served and friends called throughout the day.
Mr. Hatch is one of Plymouth's pioneers and The Advertiser wishes for him many more enjoyable birthdays.

ARMISTICE DAY

ARMISTICE DAY, November 11! What a flood of memories that brings to the mind of every American.
Eleven years ago that date was a day of wild and uncontrollable joy. With all the censorship and suppression of real facts few people realized just how close was the end of the titanic conflict that had raged in Europe for over four years. Daily the casualty list became longer, daily more young men were going from every community to fill up the ranks that were being thinned out. The country was in the grip of the terrible flu epidemic. The cry was for conservation of resources and to give money that the boys might have ample support while they were three thousand miles away in a foreign land. The colleges of the nation were converted into vast military schools, the children in the schools were catching the spirit.

In short America was grinding for a winter that was promising to be more terrible than the previous and never to be forgotten winter of 1917 and 1918. Then from out of the troubled sky came the message of peace. It was stunning in its very joy and it could not seem possible. When it was fully realized that it was indeed the truth there arose the most spontaneous celebration that the world has ever known. It was a celebration in which tens of millions joined. The same scenes were witnessed in every city, town, village and hamlet in the nation.

All that was eleven years ago and today we celebrate, in a quieter fashion, of course, but none the less with a reverence that is fitting to the occasion.
Eleven years have passed since that November 11, 1918, but in that time the nation has not forgotten that the best men of the nation laid everything on the altar of freedom and if necessary was willing to give their lives that civilization might be perpetuated and that the nation and freedom might be maintained. It is to them who do not return after the memorable Armistice Day and to their comrades who did return to us and again took up the pursuit of peace, that we do honor.

At each recurring Armistice Day let us resolve to do all in our power that such a war as the world witnessed a dozen years ago might never occur again. Let us join with the leaders of the great civilized nations in thinking and talking peace. If that is done and we earnestly hope for peace then there is smaller likelihood of war on a major scale again visiting itself upon the world.

On this Armistice Day all honor to the boys who fought the good fight of 1918-1919. To you the glory; to you the day is dedicated.

AUTO ACCIDENT ON SHELBY ROAD

An auto accident occurred last Thursday night on the Shelby-Plymouth road near the Huron Valley Farm. John Check, of Shelby, was driving a light truck towards Shelby, and Tom Schiffer, also of Shelby, was following in a passenger car.
While the two cars were going over the hill at that point another car coming from Shelby broke over the crest of the hill and the lights flashed into Schiffer's eyes, blinding him and as a result he crashed into the truck driven by Check and both cars skidded into the ditch. Neither of the drivers were hurt, but some damage was done to both cars.
It is claimed that Check had no rear tail light on his truck.

IN TIFIN
Mrs. W. C. McFadden, Mrs. Edith Phillips and Miss M. M. Lerch were in Tiffin Friday attending the District Convention No. 4 of the D. of U. V. Mrs. Elizabeth Patterson who accompanied them visited relatives.

LARGE CROWDS
The Retiring-From-Business Sale which is being held at what was formerly the McIntire Store, but now owned by the Fidler Co., is being attended by the large crowds every day since it opened the latter part of last week.
Saturday was, of course, the big day. It was noted, however, on Monday that in the middle of the afternoon there were no less than forty customers in the store, at one time. Extra clerks have been employed to take care of the rush. From the time of the start of the sale until its close there will be thousands of dollars worth of the best of merchandise going bargain prices.

UNDULANT FEVER
Undulant fever, a disease contracted from cattle and hogs which are infected with contagious abortion, is being more widely recognized as a problem of considerable importance from a public health standpoint says Dr. C. McCandless, State Veterinarian. Several cases of this disease have been reported.
The disease of contagious abortion is quite prevalent among cattle and hogs throughout the country. Persons who drink raw milk from infected cattle or who handle hogs or cattle that are infected are likely to contract the disease, declares Dr. McCandless. The name "undulant fever" is applied to the disease because the attacks of fever come in waves or undulations.
Many cases are contracted from infected milk. Fortunately, however, artificial pasteurization readily destroys any of the germs of this disease which may be present in milk. The chief precautions, therefore, are the use of pasteurized milk and care when coming in contact with animals known or suspected to be infected with contagious abortion.

RABBIT SEASON OPENS NOV. 15
Friday, November 15, is the day that the sportsmen of the community are waiting for. That is the opening day for the rabbit season. The last day of the season will be January 1.
As is generally known the limit is five rabbits per day, readily disposed of, whether or not the cotton tails are plentiful in the community, although it can be expected that there will be enough to go around, especially since the limit is low enough that everyone gets a chance.

LADIES AID TO HOLD ALL DAY MEETING
The Ladies Aid of the M. E. Church will hold an all day meeting, Tuesday, November 15th at the home of Mrs. Georgia Boardman.
A covered dish dinner will be served at noon and each member is asked to bring their own sandwich, one covered dish, silverware and dishes.
Comforters will be tied and quilts are to be quilted, so a good attendance is desired.

NOTICE
Hunting or trespassing on my farm day or night, is forbidden. Any violators will be prosecuted. Destruction of property is the cause of this notice.

ESSAY WINNERS ARE ANNOUNCED

Winners of the Essay Contest among the students of the local school and sponsored by the Plymouth Lions Club, have been decided and were announced at the regular meeting of that club held Tuesday evening.

The subject of the essays, as is generally known, was "What Plymouth Needs Most and Why?" The judges were Rev. A. M. Hines, pastor of the Lutheran church; R. Miller superintendent of the Plymouth schools, and T. S. Jenkins, principal of the high school. These three men were also the committee appointed by the Lions club to have complete charge of the contest. The essays were handed to the judges and were distinguished by numbers. That is, no names appeared on the manuscripts.

The students had been divided into three groups, the senior high, or 10th, 11th and 12th grades making up one group; the junior high, or the 7th, 8th and 9th grades making up another group and the 5th and 6th grades making up the third group.
The winner of the junior high group was Miss Mabel Preston, a member of the senior class. The subject of her essay was that the most Plymouth needs is a Junior High and Library.
The winner of the high school group was Lawrence Cornell, a member of the 8th grade. He states in his essay that what Plymouth needs most is an up-to-date community play ground.

The winner in the 5th and 6th grades was the boy named Dayton Cramer, a student in the 6th grade. His idea of what Plymouth needs most is a filtration plant.
The decision of the judges was based on three things. They were, choice of theme, development of theme and composition of the essay.
There were a number of very good ideas brought out in this essay contest as to what Plymouth needs and for that reason there is no question but what it has proved very successful and the Lions Club should be commended for sponsoring it.

The three winning essays are published in this issue. Later others, that have sufficient merit, will be published.
The three winning essays are very commendable. It so happened that none of the three winners have selected the same thing that they feel is needed for Plymouth. All three, the library, playground and filtration plant, are needed here and would make the town a much better place to live in. The essays are highly commendable for one reason, at least, and that is none of the three winners have aimed too high. That is, they are not asking for impossible things, such as to often the case with young people who have small conception of cost.

Strange to say the youngest of the three asks for the most expensive project, but at that he has by no means stated an impossibility. It is remarkable that though a child in the sixth grade should say that Plymouth needs a certain thing that ordinarily it would not be thought that a child would think about. Probably no one can question his argument and it is all stated in the plain, simple language of childhood. The adults of the town certainly should give some thought to what the boy has told us.

The other two essays are more in keeping with the age of the authors. To a boy the age of Lawrence Cornell in the eighth grade, certainly there is nothing more important than a playground. As he brings out in his essay it is of vast importance since most of the boys and girls who would enjoy the playground now will grow into manhood and womanhood and be the citizens of the community. He brings out a very commendable and inexpensive idea. It is worthy of thought.

Miss Preston asks for something that is by far the most expensive of all. Simply more and better library facilities. Undoubtedly the young lady in her school work has found occasions when she could have used a more complete library in the village.

CROSS COUNTRY

Willard Outrun
The Plymouth Hi track men initiated their new course last Thursday with a victory over the Willard barriers, 21-24.
The Willard outfit won from Coach Jenkins' boys earlier in the season but the locals took revenge by copying

first, third, fourth, sixth and seventh places to win the meet with ease. The order in which they finished was: Ross, P. first; Roe, W. second; St. Clair, P. third; Grimmer, P. fourth; Burda, W. fifth; Long, P. sixth; Moore, P. seventh; Stout, W. eighth; Dye, W. ninth and Zuderic, W. tenth.

N. C. O. MEET

On Saturday, November 2nd, the Plymouth barriers journeyed to Mansfield to participate in the N. C. O. meet. Some of the fastest men in the state were there to compete and they bring more experience than the boys of some of the smaller schools they just "ran away" with the meet. Although our boys did not finish among the first ones they did very well and some finished ahead of a large field.

Saturday the boys journey to Columbus to participate in the State High School Cross Country meet held at the Stadium. The race starts at 10:00 a. m. Columbus Central, winner of the N. C. D. meet is the favorite.

After the meet the boys will be luncheon guests of Ohio State University and during the afternoon will see the State-Northwestern football game.

GIRLS' BASKETBALL

The girls of Plymouth High have again started Basketball practice to prepare for this year's long and difficult schedule. Practice started last Monday, November 4th. A large group of girls responded to Coach Poncast's call, and the outlook for a good team is very bright.

GRADE NEWS

Second Grade:

The second grade had a Halloween party Thursday afternoon. They made their own masks and invited the first grade to come over. The room was dark and lighted with pumpkin lanterns. Some of the first graders were frightened and began to cry at the hideous masks which were of all sizes and colors.

Sixth Grade:

We had a little Halloween program and party Friday. We have a new pupil in our room, Robert Ridgley. Sophie Colby is our housekeeper for this month.

PRIZE-WINNING ESSAYS GIVEN

Here are the three winning essays in the Essay Contest sponsored by the Lions Club. The ideas of these young people on "What Plymouth Needs Most and Why," are certainly thought provoking.

WHAT PLYMOUTH NEEDS

MOST AND WHY

By Mable Preston, Senior
There are a great many things which Plymouth needs. After considering it from several view-points I have decided that from an educational view of the subject, Plymouth needs a more complete library.

In the first place the present library is not in a desirable location. Even though Plymouth can not have a library such as larger towns have, better rooms could be provided. A small library such as we have can wisely occupy rented rooms as is done at the present time.

Also the present location is far too small. There are a great many books which are not even on the shelves and what are on the shelves are too crowded. The library should include more books than it now has. But under the present conditions, there is not enough room for the books which are already there.

The town should have a better library so the school students would have access to more books and reference work. For an example, last year when the high school debate team wanted references from past editions of the Literary Digest they had to go to the Mansfield library to obtain the information they desired. Due to the lack of time and means of transportation, only part of the needed information was obtained. This is only one example of existing conditions.

Our present library does not have a reading room. A library in Plymouth should include a room for the books and a quiet study room free from the noise of issue and return of books, and current works. A reading room is essential because it creates a desire to read. Reading informs people so they can be kept interested in the daily affairs of the nation. There are many magazines in libraries which deal with topics of the day not only in our own country but in foreign countries.

As books are a wonderful means for providing education, a library should be made a place for instruction through reading. Not only books written by authors in the past, but works of the present day can be read. Libraries

are a source for reading material to which everyone can have access. Reading affords rest and recreation for the tired and overworked. Some people find an evening of enjoyment by reading at the library. In such cases a reading room would greatly appeal to the people of the community.

So considering the advantages to the school students of more books and reference work, the books and topics of the day to all the people, and as a means of amusement and recreation a more complete library is needed in Plymouth.

WHAT PLYMOUTH NEEDS

MOST AND WHY

By Lawrence Cornell, Eighth Grade
If you should ask me what Plymouth needs most and why, I would say a play ground. I mean an up-to-date play ground with all modern equipment, swings, slides, tetter-totters, sand piles, wading pools for the small children, a swimming pool for the older ones; a nice ball diamond and a football field, a fourth of a mile race track for track meets, and hurdles for jumpers. Then have two instructors on the rounds from eight in the morning until four thirty in the evening, a

man to teach swimming and coach baseball; to organize rival ball teams and have twilight games that will interest the whole town and that will bring both young and old together.

This way, our older business men will be alive to the needs of the younger people, and will put forward more energy and be more willing to help the younger people get an up-to-date ball team. For the younger children, the slides, swings, sand pile, and wading pools are great things, teaching the little tots to be kind and considerate of each other, taking turns on swings and slides and giving up to one another. There should be a woman in charge of them, teaching them games, little dances and exercises and each afternoon reading and telling stories.

Now why does Plymouth need a play ground? Because the children of today will be business men of tomorrow. A successful business man, must have a clean, active, quick thinking brain, and nothing will produce it faster than clean out door sports, such games as are played on the play grounds. To be a good athlete, you must not smoke nor drink. The business man that does not drink nor

smoke is the successful man and the man that the community admires.

So give us a play ground to promote outdoor activities; keep the children on the play grounds and off the streets.

WHAT PLYMOUTH NEEDS

MOST AND WHY

By Dayton Cramer, Sixth Grade
I think Plymouth needs a filtration plant as much as anything that it is possible for it to have. Nearly everyone in town uses the city water in some way. About everyone that uses this water is using water which is not pure, and does not realize how dirty and filthy this water is. This water is not even fit to take a bath in. This water is often fit to use in toilets, not bathtubs or sinks, or to drink, as many people and many children do.

When water is in a sink in the kitchen, the mothers like to use it to prepare their vegetables and use about the kitchen, but impure water is not fit to wash potatoes in, or any vegetable that is to be eaten, cooked or not cooked. Many people of Plymouth drink this water many times a day and are risking their health if they

How to Reduce Varicose Veins

Rub Gently and Upward Toward the Heart as Blood in Veins Flows That Way

Many people have become dependent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches.

If you will get a two-ounce original bottle of Mooney's Emerald Oil (full strength) at any first-class drug store and apply it night and morning as directed you will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Indeed, so powerful is Emerald Oil that old chronic sores and ulcers are often entirely healed and anyone who is disappointed with its use can have their money refunded.

Six Months Record

The first six months of this year the Cleveland Producers, a farmer's live stock selling agency, gained 78.57% in the volume of truck stock sold, as compared with the same time last year. Truck receipts at the yards for the same period increased 25.7%. Good selling service made this record.

knew how dirty it was, they wouldn't even wash their hands and faces in it. It would be better to wash their hands and faces in a mud puddle; the water would be cleaner. The water supply of Plymouth is from a place full of frogs, snakes, fish, bugs, and even full of green slime. The cost of a filtration plant would be paid for by taxes and wouldn't cost each person much. The tax would be cheaper than sickness or death from typhoid fever, and it would be nice to have pure water to drink and to cook with, and to wash with if the family did not have a cistern or a well. Let's ask our mothers and fathers to vote for a filtration plant, or a new water system so that Plymouth will be a clean, healthy town.

TELEPHONE CO. WILL NOT CHANGE HANDS

According to reports received from Bellevue the transaction whereby the Northern Ohio Telephone Co., of which the Plymouth exchange is a part, was to be purchased by the Sweeney interests of Alliance, has fallen through.

This deal would have involved the expenditure of several millions of dollars since the Northern Ohio Telephone Co. owns exchanges at Bellevue, Clyde, Norway, Crestline, Fort Clinton, Delaware, Gallon, as well as at this place and elsewhere. The Sweeney interests which held the option on the telephone property, it is understood, has forfeited a large sum of money since they failed to go through with the deal.

The Northern Ohio Telephone Co. is stated, will continue under the same management, now that the deal has fallen through. F. A. Knapp is president and W. H. Henry is general manager of the company. The Sweeney interests at Alliance own the property of the Shelby Telephone Co., of which the Tiro exchange is a part, and they also own the telephone lines at Bucyrus.

INJURED WHEN CAR HITS CABOOSE

Clarence Rhine and Harold Forsker, both of this place, and Roy Sheely, of south of Tiro, were injured last Friday night, when the car in which they were riding struck the caboose of a standing A. C. & Y. train at this place on the Plymouth street crossing.

Forsker it is understood sustained a broken nose. Rhine received a deep cut above the right eye, and Sheely's left arm was injured.

The car, which was being driven by Sheely, knocked a step off the caboose. It is thought that due to fog the young men were unable to see the train standing on the crossing.

CAR TURNS OVER ON SLIPPERY ROAD

Mr. and Mrs. J. W. McIntire and Mr. and Mrs. E. Motley, overturned in McIntire's car about one and one-half miles east of New Haven last Friday evening about seven o'clock. While all of the four were shaken up none was hurt.

Mr. McIntire was driving the car, a Hudson sedan. They had been to Norwalk in the afternoon and were returning home. It is thought that the wet pavement caused the car to slip to the wet berm and then turn over on its side.

AGED MAN SUFFERS STROKE

William A. Clark, a well known resident of Plymouth, suffered a stroke of paralysis at his home last Thursday forenoon. It was reported on Tuesday afternoon of this week that Mr. Clark was in very serious condition. He is aged 73 years.

A FAREWELL FROM J. W. MCINTIRE

At this time I wish to do a task that is, of course, not a pleasure to me. That is the saying farewell to my hundreds of former patrons in Plymouth and the surrounding vicinity.

As all of you good people know the J. W. McIntire Co., department store has been sold and thus I find myself no longer one of the merchants of this home town. During the greater part of my life I have been serving you people. In those many years I hope I have done the task well. That I have done it well is indicated by the fact that during these many years I have held old customers and each succeeding founder of the rank being received from among the younger people in the community. Naturally, all this has been a pleasure to me, and having become accustomed to serving your wants it is distinctly not a pleasure to write these words of farewell.

You people are my friends. I am sure, the same as you were my customers until a few days ago. While you can no longer be my customers the friendship will still remain. That is priceless to me and the greatest reward I have received for my thirty-three years as a business man in Plymouth.

At this time I want to thank all of you people for your liberal patronage of the past years. It is to you that I owe the success to which my store attained. Without your patronage there could, of course, have been no store. Even with an indifferent patronage the J. W. McIntire Co., would long since have gone and been forgotten. Again thank you. You people not I, have made the success that it is today.

To the Holder Co., my successors, I would ask that you give them the same liberal patronage that they have accorded me. I personally know these people and know that they will continue this store as well if not better than I could have done. They have your interest at heart, and I know as year succeeds year and you become acquainted with them you will be entirely satisfied with the new ownership.

Once more farewell to you people as customers; once more a thousand thanks for your patronage and a hearty recommendation to the new owners.

Sincerely Yours, J. W. McIntire.

OBITUARY

RACHEL ALZINIA ROSS

Rachel Alzinia Bruce, daughter of Samuel and Rachel Bruce was born November 11th, 1859 and died October 26th, 1929, aged 78 years, 11 mos., 14 days.

She was united in marriage with Wilfred Snyder, November 7th, 1878. He preceded her in death seventeen years.

Four children were born to this union: Edith Ross of Plymouth, Bruce Snyder of Plymouth, Leeta Rhoad and George. The last two are not living.

She was united with the Methodist Episcopal church in early childhood and remained a faithful member during her life. She was a kind neighbor, a loving mother, always ready to help others. She leaves to mourn her loss two children, Mrs. Fred Ross, Bruce Snyder, eight grandchildren and eight great grandchildren, beside a host of relatives and friends.

We shall meet but we shall miss her. There will be a vacant chair. We shall linger to carry her prayer.

Funeral services were held at the home of her son in Plymouth. She was laid to rest in Woodlawn Cemetery, Bloomville, O.

ESSAY WINNERS

Accordingly, she asks for something that she is familiar with and keeps well within the bounds of reason in so far as cost is concerned. This idea of a bigger and better library is certainly worthy of thought by all citizens.

We congratulate the three winners. They have done something worthwhile and certainly their ideas will make every citizen think. If even one of the projects can be accomplished then the fruits of the contest will have been large indeed.

CARD OF THANKS

The shower of beautiful cards sent me while in the Lorain Hospital by my schoolmates was greatly appreciated, as was also the basket of fruit received since I have returned home. I thank you all and my teacher Miss Danner for your thoughtfulness. I hope to return to school by the first of the year, and am getting along nicely.

McCULLOCH SUCCEEDS SENATOR BURTON

Roscoe C. McCulloch, of Canton, chairman of the State Utilities Commission, has been named United States Senator to succeed the late Theodore E. Burton, by Governor Myers Y. Cooper.

McCulloch is, of course, a Republican. He will serve until December 15th, 1930. While Senator Burton's term would not have expired until March 4th, 1931, the new appointee will serve only until a successor is elected and qualified. A special election for senator will be held next November.

McCulloch will be the fourth person to serve on one six year term in the senate. Frank B. Willis was the first and died in office. Cyrus H. Lohrer was appointed as successor. He served only until Burton was elected and qualified. Theodore E. Burton then was the third, and now Roscoe C. McCulloch is the fourth.

It is entirely possible that there will be a fifth since McCulloch might not choose to run for the office next November or he may be defeated if he does run. Three of the four who have held the office are dead. Willis, Burton and Lohrer, although the last mentioned did not die in office.
