

M. W. GRIFFETH PASSES AWAY

M. W. Griffeth, life-long resident of this community, passed away at the home of his son, Harry Griffeth, last night at 7:30 o'clock.

The survivors are Mrs. Griffeth and children, Frank Griffeth of Tiro, Mrs. Harry Crowler of Shelby, Mrs. Geo. McConnell of Tiro and Harry Griffeth, son of the deceased, a number of near relatives and a host of friends.

Mr. Griffeth was 76 years, and was a pioneer resident of the community. He was of the Baptist faith and a man of high ideals and christian character.

AUTOMOBILE ACCIDENT

BASIS FOR NEW ACTION Jack Henry has filed suit in Richland County common pleas court against Edward Phillips, in which he seeks the sum of \$2,500 which is said to be due him for injuries sustained in an automobile accident.

The plaintiff charges that on January 1st, 1929 he was driving on the Shelby-Plymouth road and that his car was struck by a motor car.

While the two cars were in the roadway, he says, the car of the defendant driven at a dangerous rate of speed, collided with him, knocking him down and injuring him.

Henry says that the fragments and muscles of his leg were badly bruised and torn and that he was forced to expend \$50 for surgical services.

BREAK RECORDS FOR COLLECTION OF COUNTY TAXES

All records were broken by the last collection of taxes in Huron county. The total amount is about \$885,000. This is from \$50,000 to \$80,000 more than the largest previous collection.

CURB CHAIN STORES

COLUMBUS, O.—Filing of incorporation papers for a new branch of the National Farm Federated Clubs, to be known as the "A to Z Corporation" was announced this week by C. E. Wharton of Kenton, O., president of the state and national farm federated clubs.

PRESENTS PLANS

COLUMBUS, O.—Present plans are that the general assembly will complete its labors and adjourn about one month hence. Some members expect to get away the first week in April, but the general impression prevails that it will be nearer April 30 before they say goodbye to Columbus.

Next in their shells, imported into the United Kingdom, must hereafter have stamped upon the shells an indication of the country of their origin, according to a British Order in Council made by December.

SPECIAL NOTICE

Don't forget that the third and last number of the Lyceum, sponsored by the Junior Class of Plymouth High School, will be presented tonight.

This organization has had five years experience as a quartette and has thus a splendid ensemble of voices. One member is a tenor and baritone soloist and another is a bass soloist.

It has been said that the successful man must have music in his heart; that singing won the war; that there is no language to express the feelings of the soul; therefore music is necessary. It is for these reasons that the American Glee Club singing into every state in the Union and playing its vital and driving dual care away.

The Lyceum will be held at Hamilton Hall, Thursday March 14, at eight o'clock. Single admission tickets are adults 50c, high school pupils 40c and grade pupils 30c.

CARD OF THANKS

We sincerely thank the business men of the town for the beautiful floral offerings sent us the opening night of the show and also the patrons of the community for their splendid support. We assure you that we will try at all times to give an up-to-the-minute show for Plymouth and its surroundings.

S. H. and M. S. Barck Lesses Delser Theatre

ROOFS IGNITED

Two barns were greatly endangered Saturday morning when a high wind shifted the flames of a cornstalk fire at the Harley Burkett home on Bell street. The roofs of barns belonging to Odie Moore and W. H. Fetters were ignited and it was only through the quick efforts of neighbors and the fire department that the buildings were saved.

PLANNING TO BUY MOTOR FIRE TRUCK

The Village of Plymouth this week is publishing legal advertising concerning plans for the purchase of a \$4000 fire truck. The new truck is of the new and improved type with the necessary equipment that will facilitate speed in fighting fire.

TO MOVE ELEVATOR

J. J. Laverly has sold the building known as the North Fairfield Elevator to Bucyrus parties. It is the plan of the new owners to take down the building and equipment and move it to Bucyrus to replace an elevator there. The North Fairfield elevator was originally put into operation in the summer of 1920. The venture did not prove a success for the owners and for several years it has been used only as a storage for wheat and other grain.

GRADING PAPERS

Experts of the state civil service commission who have been at work for more than a month grading the papers of the 1500 applicants for positions in the state highway service, expect to complete their task within two weeks when the eligible list will be announced. Just as soon as this list is notified a number of appointments will be made in each county, so that when weather conditions permit active road construction work may begin without further delay.

IMPROVING

Halsey Heath, young son of Mr. and Mrs. E. W. Heath is reported as being improved. The lad was struck by an automobile recently and it was feared for a short time that he was seriously injured. The many friends of the parents and the injured youth are glad to know that his condition is very good.

The Town Doctor

IF I COULDN'T BOOST I'D MOVE OUT! A town that is good enough to live in, good enough to provide you livelihood, provide your children with schools and playgrounds; a town whose citizens are broadminded enough to put up with your peculiarities, is a town good enough for you to boost. If you can't boost, do the community at least one favor and move out.

William Hale Thompson, Chicago's most cussed and discussed mayor, says—"Throw away your hammer and buy a horn." That's one thing Mr. Thompson says with which all the thinking people in his domain are in accord.

It is good advice, however, to suggest that when tooting your horn to be sure you are in the right key. The who always knocks and runs down the place where he lives is not only a pest but a public liability. Towns should have a place to pen such people up—put the folk all together in one place and let them contaminate only each other. The disease they have is worse than smallpox and is just as malicious and contagious.

The knocker's creed is—"Whatever is—is punk." The easiest thing in the world to do is to knock. It doesn't take any brains and it is the easiest way to attract attention.

Knocking is cheap—a cheap trick used only by cheap people, but expensive to them in the long run. Even a knocker hates a knocker and sooner or later every body shuns him because they are afraid of him.

Usually the fellow who knocks his town, knocks his competitor and his neighbor and like a bee kills himself stinging others. Nobody ever got anywhere running down the people down.

It is the saying that every knock in a boast is true only when the knocker is knocked out. If any merchant needs to lose the patronage of his fellow citizens it's the fellow who is forever knocking—who derides and belittles every attempt to do anything for, or make something of the town—who says that every fellow or organization that tries to do things has an axe to grind.

On the other hand, the man who stops blaming conditions, government, prohibition and competition—the man who quits laying the blame of his own shortcomings onto his associates, friends and relatives and takes unto himself the blame for things not being as he would like to have them—that man will take advantage of every opportunity to make his town a better place in which to live, work, play and make money.

Every town has its faults, but every town has its good points. If a town has little to talk about, that is just the much more reason to correct the faults, or at least keep still about them if a man hasn't enough gumption to do things that will help correct them. COUNTY WIDE T. B. MEETING HELD AT NORWALK

The Tuberculin Testing Association of Huron County met at the Court House, Wednesday afternoon, March 6, to discuss regulations governing the movement of cattle into a Modified Accredited or T. B. Free Area.

About 400 men, including County Commissioners, herd owners, feeders, slaughterers, dealers, and Veterinarians, attended the meeting.

Dr. McCandless, State Veterinarian because of important legislative matters, was unable to attend. Dr. Reeder, Federal Veterinarian, representing the State and Federal departments of Animal Industry, explained the laws and regulations governing the movement of all classes of cattle into the county. Dr. Reeder explained that permits may be secured from the State Department of Animal Industry permitting trafficking in cattle under definite regulations.

Our County Collaborating Investigator, Fred H. Clark, who has recently been appointed to this position by the State Veterinarian, is authorized to require the enforcement of all regulations covering the movement of cattle into, or within the county.

A resolution was passed by unanimous consent, that the State Veterinarian be requested to have all untested herds in Huron County either tested at once or quarantined. The entire assembly went on record as favoring a rigid enforcement of all regulations governing the movement of cattle into this area.

The matter of keeping Huron County free from Bovine Tuberculosis is of great importance, not only to the herd owners, but as it was brought out by one of the County Commissioners, it is of vast importance to the entire milk consuming public.

MOTORS TO KANSAS CITY

Mr. and Mrs. Norris Sutton left Sunday morning by auto for Kansas City, where Mr. Sutton will attend a convention of the Dary Tree Nurseries of Kent, Ohio.

Leaving Kansas City, they expect to motor to Texas for six weeks' trip in the interest of the company, later returning to Tulsa, Oklahoma, where they have been located.

Mr. and Mrs. Sutton have enjoyed a visit with Alice relatives and Mrs. Sutton's aunt, Mrs. Charles Barr and husband of Trux Street.

Lawn Mower for rent. Inquire Brown & Miller Hardware.

Approximately 500 children a year are injured through playing with blasting caps. About 80 per cent of these accidents occur in rural or semi rural districts.

CHARGE CANTON GIRL STOLE AUTOMOBILE

CLEVELAND—Miss Virginia Craig, 17, Canton was at liberty Friday under \$3,500 bond posted by her father for her appearance to answer charges of driving a stolen automobile from Evanston, Ill., to Oberlin. The man, whose property Rufus Dawes, brother of the former vice-president, Charles G. Dawes.

Miss Craig was arraigned before Commissioner M. J. Monahan after she had been arrested in Oberlin where it is said she tried to sell the car at a price so low as to arouse suspicion.

The girl admitted, officials say, she had misled her parents into believing she had a position as a student nurse in a Chicago hospital, and drove the car away because she was "broke."

Miss Craig is well known in Plymouth having visited her aunt, Mrs. Queenie Flinn, now deceased, a number of times.

GREENWICH MAN DIES SUDDENLY

GREENWICH—Otto Gerstreck, 40, Big Four section worker, dropped dead at the Big Four tower here at 7:30 o'clock Saturday morning. His death is believed due to a heart attack following an illness from neuritis.

Gerstreck had left his home at 6:45 o'clock in his usual health and was waiting at the tower to go on duty with the gang of workmen. He was seized with the illness and died immediately.

Surviving him are his widow—a son and a daughter. The funeral services were conducted Monday afternoon at 2 o'clock at the Ripley Congregational Church with Rev. Carl Crawford, pastor of the Church officiating. Burial was made in Edward's Grove cemetery.

Mr. Gerstreck has lived here all his married life and was well-known among the people of Greenwich.

TALK \$1,000 IN FINES

NORWALK—George Phillips, a young Fremont man, who was arrested five miles south of here recently on a charge of driving while intoxicated, paid a fine of \$100 Saturday. He is to serve 30 days in jail, however, and will be deprived of his driving license for six months. James Pazio of Cleveland, arrested on the charge of transporting 225 gallons of liquor paid his fine of \$1,000 Saturday and was released.

Lawn Mower for rent. Inquire Brown & Miller Hardware.

Devotion, when it does not lie under the check of reason, is very apt to be a "mad" addition to enthusiasm.—Joseph Addison.

FRANKLIN HOTEL IS TOTAL LOSS

Twenty-eight persons escaped—some by leaping from windows and others being carried down ladders—when fire swept through the three-story frame building occupied by the Franklin Hotel at 7:30 in the early Wednesday morning. The blaze was discovered about 4 A. M. The hotel burned to the ground within a short time.

The Willard fire department was called around a few minutes to four o'clock and sliding up the situation at once, a call was sent to Norwalk and that department made a record run to Willard. The fact that it is absolutely necessary to receive the approval of the Norwalk Mayor before the apparatus can leave the city, made the delay a little longer.

Firemen and police carried 12 persons from the buildings. There were 24 guests in the rooms and four members of the family of Lester Hensinger, Mr. Hensinger narrowly escaped death while carrying furniture from the building.

The hotel was bought by Mr. Hensinger recently for \$14,000 and improvements had been made. The loss probably will reach \$20,000 partly covered by insurance.

The building is a block from the B. & O. railroad station and is one of the landmarks of Willard.

The residents of the hotel, most of whom were men employed by the B. & O. railroad, were saved through heroic efforts of the firemen aided by spectators.

Some of them escaped climbing down posts of a balcony at the front of the building. Others slid down roof escapes, while others climbed to roofs of nearby buildings.

The personal belongings of the guests were all destroyed and the greater part of the guests were compelled to flee thinly clad or only in their night clothing.

The meat market of Griffin & Meier adjoining the hotel also burned.

Hard work by the firemen saved several other buildings which were threatened.

Don't forget you are cordially urged to attend the Pre-Easter meetings to be held each evening of the week except Mondays at the M. E. church beginning Sunday, March 17. Hours: 7:30 p. m.

SUGAR BUSHES OF COUNTY YIELDING SYRUP HARVEST

Farmers of this district are busy with their maple syrup operations. Hundreds of sugar bushes being bridged for this reason, not exactly clear, the sap was not running well on Monday. It is said that if a rain develops within a day or two, the flow will be stimulated greatly.

While most of the sugar bushes of the Norwalk district are operated on the old-time goose-neck boiling outfit with a daily capacity of from 15 to 25 gallons a day, a number of new evaporators with the baffle plate assemblies are in use with much greater capacity.

Glenn Adams, who lives near Steubenville, has the most active syrup operator in the country. He has tapped 1200 trees and has a modern evaporator in operation.

Huron county farmers prize their maple trees highly. Hundreds of dollars are realized annually from the sale of syrup on many farms and the trees are worth more for sugar than for timber. This factor is proving of importance in the timber conservation movement.

Rather strange to relate, many farmers are boiling down sap with cut fires. All of the dead and worthless timber has been cut up in many of the bushes and the farmers figure that maple trees and other timber is too valuable to be used as fuel.

SOCIAL CIRCLE HOLD PARTY

The Social Circle of the Eastern Stars composed of the members of that order, are holding a party Friday evening at 7:30 in the K. of P. Hall. Each member privileged to bring her husband or a guest. An entertainment is being provided, the main feature of which will begin at 8 o'clock sharp. The remainder of the evening will be spent in dancing, cards and a real old-fashioned "get-together" and good time.

Devotion, when it does not lie under the check of reason, is very apt to be a "mad" addition to enthusiasm.—Joseph Addison.

SIDELIGHTS

EDITORIAL NEWS AND COMMENT ON NATIONAL HAPPENINGS

MR. HOOVER MR. COOLIDGE

Out goes Calvin Coolidge in comes Herbert Hoover. With Mr. Coolidge passes the momentous post-war period of American history. With Mr. Hoover begins perhaps an even more momentous era of national development.

Coolidge has been the great stabilizer. Following the hectic, heart-breaking, extravagant and appallingly wasteful years of the great war, his administration, coupled with Warren G. Harding is, brought order, economy and thrift out of governmental chaos.

Mr. Coolidge has "sat on the lid." With his veto pen he killed the McNary-Haugen farm bill and other unsound legislation. He held Congress in check although he did not attempt to guide it.

Mr. Hoover comes on the scene a man of energy and action. He has plans, charts and blue prints. He is an engineer, a practical man of vision, one who does things. Before him, chiseling, are big, necessary Lawrence deep waterway, Mississippi valley flood prevention, Boulder dam hydro-electric power and irrigation development, Muscle Shoals. Also beckoning to this genius for achievement are great international problems, the world peace, adherence to the world court, reparations and final debt settlement.

Although both Mr. Coolidge and Mr. Hoover belong to the same party, and although Mr. Hoover was a member of Mr. Coolidge's cabinet, the transition to be made from the Coolidge administration to the Hoover administration is probably more significant and pregnant with possibilities than ever before was a change in governmental leadership.

The tempo of a federated activity is to be faster. The wheels of the fast government machinery is to be speeded up. There will be reorganization and consolidation of the governmental bureaus. Efficiency will be the best. Never in a national administration have political considerations counted less than they will in Mr. Hoover's. Politics there will be as long as government exists, and also patronage, but character and qualifications will count heavier than ever before in filling federal offices. There may be repairs and readjustments but the great machine will neither stop nor hesitate.

A Chicago judge, giving out rules to bridge the number of fights in a bridge game, says: "Never play with your wife as a partner." Another good rule is never play bridge with anybody's wife. And another good rule is, never play bridge with your own nor anyone's husband as a partner. Finally, never play the rule is, never play bridge. Play poker.

PROFITABLE BEAUTY

Artistic people have been complaining for years that this mechanical age is making everything ugly. But bridge game says: "Never play with your wife as a partner." Another good rule is never play bridge with anybody's wife. And another good rule is, never play bridge with your own nor anyone's husband as a partner. Finally, never play the rule is, never play bridge. Play poker.

After the first struggles the manufacturer and their designers find that it costs very little more to make things lovelier than to make them ugly. And there is this notable gain—people like the lovely things more—more than they buy them more readily.

Putting beauty into merchandise that was formerly ugly is one of the best ways of enlarging the market. People crave beauty, whether conscious of it or not, and the more they get, the more they want.

Sharkey received \$100,000, Stripling \$85,000 and the management netted \$75,000 in the Florida fight. The poor spectators didn't receive a cent for watching.

## Four Months From Now

WHAT chicks get in their feed will have a lot to do with keeping them alive and growing. More than 2,500 hatcheries say, "Feed Purina Chick Starters." There's a reason.

Every ingredient that goes into *Startens* is carefully chosen and tested. *Startens* is rich in life-giving and growth-producing vitamins, protein and minerals. Every ingredient is put to the job to do. Every ingredient does its part in keeping chicks alive and growing.

Start your chicks on Purina... keep them on Purina... you'll get more grown-up chicks and have more money left after all chick raising costs are paid. Tell us how many bags of *Startens* you need right now.

### LYCEUM

The third and last number of the Lyceum Course sponsored by the Junior Class of Plymouth High School, will be held at Hamilton Hall, Thursday, March 14, at eight o'clock. The program will be presented by the American Glee Club. There will be readings; tenor, baritone, and bass solos, and other music.

Single admission tickets may be purchased at the door. Prices are: adults 50c, high school pupils 40c, and grade pupils 30c.

This will be the strongest and best number of the course. If you didn't buy a season ticket you will be well repaid if you attend this number.

### CHAPEL

One of the most interesting chapels services of the year was held Wednesday morning. Mr. Ford of Shiloh, delivered an address which was well worth hearing. In his talk he spoke of four important intangibles, which if we got the full benefit out of our school life, follows us. These are Character, Friendship, Personality, and a Purpose. Of these four, he considered the most important to be Friendship. If one lacks this element, character fails to develop and a purpose is hard to find.

Following the regular service the last pep meeting of the season was held, at which time the retiring captains made short speeches and the coaches complimented the teams on various successes.

### THE ORYTHIAN PROGRAM

The Orythian Literary Society will give a program Friday afternoon, March 15. The program will start about 3:15. The community is invited to come and we hope there will be a number of parents present. The theme of the program will center around the nearest notable history to St. Patrick's Day.

### FRESHMEN-SOPHOMORE GAME

The Freshmen and Sophomore lads started the inter-class tournament Friday night, both teams having lots of "pep" and the determination of winning for their class. Muma was captain of the Freshmen team and Long was captain of the Sophomores. During the first half the Freshmen showed the Sophs a good game of basketball. When the whistle blew at the half the score stood: Freshmen 6, Sophomores 8. During the last half the Freshmen could not stop the Sophomores. On the Freshmen team Halo went out on fouls in the third quarter. When the game ended the score was 21 to 9 in favor of the Sophs, with Long high scorer for the Sophomores and Muma for the Freshmen.

The line up:

SOPHOMORES	
Ross, f	2 0 2
Long, f	8 1 9
Webber, c	2 0 0
Bachrach D. g	2 2 4
Myers, g	4 0 4

  

FRESHMEN	
Halo, f	0 0 0
Briggs, f	0 0 0
Gleason, c	2 0 2
Moore, g	3 1 3
Muma, g	4 0 4

M. E. S. '29

### JUNIOR-SENIOR GAME

The Juniors and Seniors were second to play in the inter-class tournament with Bachrach as the Junior

Class Captain and Barber, Senior Class Captain. Both teams started out with a lot of "pep" and both were determined to win. The first quarter of the game was very exciting. It looked as though the Juniors were going to around the Seniors, but the Seniors continued to run up their score. When the whistle blew at the half the score stood: Seniors 22, Juniors 9.

During the second half the Juniors must have lost their pep for the Seniors were going strong and their score was going up. In the third quarter one of the Seniors were taken out, and left them only four men to finish the game. The four-man team still kept going and the final score was Seniors 45 and Juniors 20.

### SENIORS

	G	F	T
Gebert, f	5	0	10
Hatch, f	5	0	10
Lebold, c	6	1	13

### JUNIORS

Grimmer, f	2	0	4
Ervin, f	2	1	5
Shepherd, c	1	0	2
Johnson, g	1	0	2
Bachrach, g	3	1	7

### JUNIOR-SOPHOMORE GAME

In the first game of the second round of the inter-class tournament the Juniors met the Sophs. It was a rather torrid affair. The Sophs lead through out the game, but the Juniors fought nobly, and how! The final score was 21-13.

### SENIOR - FRESHMEN GAME

By far the best game of the tournament to date was dished up Monday night by the Freshies against the Seniors, which ended 31-15 in favor of the Seniors. But this doesn't mean the Freshies didn't give 'em a good scare because they sure did. The game started out as though the Seniors were going to walk off with it, which they partly did the first half which ended 18-4 in their favor. But now comes the game! Muma and company began to show their haughty upper classmen that they weren't so smart, and shortly brought the score to 18-14 as the third quarter ended. In the last quarter the Seniors began to stall and excited the Freshies a little and also they began putting in some long ones to cinch their game for their 31-15.

### BOYS AND GIRLS BASKETBALL TEAMS RELECT CAPTAINS:

WEBBER, C. ANDERSON ELECTED

Meetings of the Boys' and Girls' Basketball teams were held Tuesday, March 12, 1929 to elect captains for coming season of '29 and '30. Thomas Webber, generally known as "Tubby" was selected by the boys while the girls elected C. Anderson. It is certain that both teams made a wise selection and all indications point to a prosperous season. The boys will keep seven regulars and the girls eight.

### P. T. A. AWARDS PRIZES

On December 18, the Senior Class had the greatest percentage of parents present at the regular P. T. A. meeting. For this the class was awarded a copy of "World's Great Adventure Stories."

On February 21, the Freshman Class was awarded the prize for the greatest percentage of parents present at the monthly meeting. The present was a fully illustrated map of Lindbergh's trans-Atlantic flight.

The next P. T. A. meeting will be held Thursday evening March 21. Which class will receive the award this time?

### SIXTH GRADE NEWS

Mrs. Brown was a visitor in our room Thursday morning. Our blackboards are decorated with shamrocks. We have received our Junior Red Cross magazine. Miss Trimmer is reading the story of "Daddy Long-Legs" to us. We like it very much. The following pupils were neither absent nor tardy for the last six weeks: Leland Briggs, Robert Bachrach, Donald Davis, Billy Ross, Donald Shaver, Betty Brown, Valma Close, Alphone Doyle, Rhea Kendall, Margaret Phillips, and Gertrude Payne.

Room Report: Dorby Peters.

## The Parson's Column

For a number of weeks we have been discussing the problems of home religion. This week and next I want to deal with responsibilities coincident with the privileges of parenthood. Dealing this week with the father's part.

There is no need in these columns to deal with that primary duty of the provision for this life's comforts, for none who reads this would think of neglecting that. But I wonder if you are as much concerned about the matter of the spiritual food of your children. Since time immemorial the father has been the first sign of de-fiance in every civilization have been the religious diversion of the fathers.

Your children take many of their concepts of life from you, fathers, particularly, your boys.

A little fellow six years old called out to his father one sunny morning. "Don't take any long steps Daddy for I am aching to walk in your tracks." A few years slip by and that same lad at sixteen says: "Come on Dad I'll beat you to yonder fence."

This little boy, a little laddie, he will take the same direction you do, but he will travel faster.

Be sure my friend your direction is towards the great ends of life. If it is away from God you may live to bear the sorrow of saving that child you love laid away in a grave of hopelessness. If it's towards God you may live to see him attain much of honor but above all else he will live to call your name blessed forever and ever.

W. C. T. U.

The W. C. T. U. will meet in regular session, Friday afternoon, March 15th, at 2:30 o'clock with Mrs. Nora Wyand of Mills Ave. Every member is urged to be present.

### ALPHA GUILD TO MEET

The Alpha Guild will meet at the home of Mrs. Kirk Wilson on Saturday evening, Tuesday evening, Mrs. Kinsell and Miss Ethel Traeger are assisting hostesses.

### O. E. S. MEETING

The Social Circle of the O. E. S. will have a very enjoyable meeting March 8th at the home of Mrs. Josie Root with Mrs. Ada Shepard assisting.

The Circle will be next entertained by Mrs. Daisy Derr and Mrs. Josie Bachrach, at the home of the latter, the afternoon of March 20th.

### NOTE ORDINANCE

AN ORDINANCE PROVIDING FOR THE ISSUANCE OF NOTES BY THE VILLAGE OF PLYMOUTH, IN ANTICIPATION OF THE ISSUANCE OF BONDS FOR THE PURPOSE OF ACQUIRING AND PURCHASING AN AUTOMOBILE FIRE TRUCK AND DECLARING THE NECESSITY OF THE ISSUANCE OF BONDS FOR SUCH PURPOSE.

WHEREAS, this council has requested the Village Clerk to issue his certificate as to the estimated life of the improvement to be constructed from the proceeds of the bonds herein, after referred to and of the notes to be issued in anticipation of said bonds and the Village Clerk has certified to this council such estimated life as exceeding five years and has further certified the maximum maturity of such bonds as ten years and such notes as two years.

NOW THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE VILLAGE OF PLYMOUTH, OHIO, AND RICHLAND COUNTIES, OHIO, Section 1. That it is deemed necessary to issue the bonds of the Village of Plymouth in the principal sum of \$4000.00 in order to provide a fund for the purpose of acquiring and purchasing an automobile fire truck for the Village of Plymouth and the inhabitants thereof.

That said bonds of the Village of Plymouth shall be issued in said principal sum of \$4,000.00 for the purpose aforesaid and said bonds shall be of the denomination of \$500 and shall be dated April 1, 1929 shall bear interest at the rate of 6 per cent per annum, payable semi-annually on the 1st day of April and the 1st day of October of each year until the principal sum is paid and said maturity in their consecutive serial order as follows: \$500 on April 1, 1931; \$1,000 on April 1, 1932; \$1,000 on April 1, 1933; both the first and last maturity to hereby be paid in full and the principal sum of \$4,000.00 shall be fully equal to the principal sum of \$4,000.00.

This council hereby determines that the said Village are hereby pledged for the full faith, credit and revenue of the Village of Plymouth for the prompt payment of the same. The par value to be received from the sale of the bonds anticipated by said notes and any excess fund resulting from the issuance of said notes shall be the extent necessary to be used only for the retirement of said notes at maturity, together with interest thereon, and is hereby pledged for such purpose.

Section 5. Such notes shall be executed by the Mayor and Village Clerk and bear the seal of the corporation. Shall designate "Automobile Fire Truck Notes" and shall be payable at the office of the Treasurer of the Village of Plymouth, Ohio; they shall extend upon their face the purpose for which they are issued and that they are issued pursuant to this ordinance.

Section 6. Said notes shall be first offered to the Sinking Fund Trustees of the village and so many of the same as shall not be taken by said Trustees shall be sold at private sale by the Village Clerk, but for not less than par and accrued interest, and the proceeds from such sale, except any premium and accrued interest thereon and the amount thereof necessary for the payment of interest prior to the maturity of said notes, shall be paid into the proper fund and used for the purpose aforesaid and for no other purpose. Any premium and accrued interest and the amount necessary for the payment of interest prior to their maturity, shall be transferred to the Trustees of the Sinking Fund for the payment of interest on the principal and interest of said notes in the manner provided by law.

Section 7. Said notes shall be the full general obligations of the Village and shall be subject to the same laws and regulations as shall be applicable to the notes of the Village of Plymouth, Ohio, which, together with the interest collected on the same, shall be irrevocably pledged for the payment of the principal and interest of said notes or on the bonds in anticipation of which they are issued and with as the same fall due.

Section 8. The Village Clerk is hereby directed to forward a certified copy of this ordinance to the County Auditor.

Section 10. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

E. K. TRAUER, Clerk.  
Passed March 5, 1929.

**TENNESSEE STUDIES COUNTY CONSOLIDATION TO REDUCE GOVERNMENT COSTS**

A reduction in the number of counties in Tennessee has commended itself to students of the problem of reducing government costs in that state, the idea probably being prompted according to a recent account by John Manning of Vanderbilt University, in the American Political Science Review, by the startling fact that county government in Tennessee costs nineteen times the amount of state government.

There are two methods by which the desired reduction in the number of counties and the corresponding reduction in cost of government can be realized, it is pointed out. First, the natural absorption of a small county, or of several small counties by a larger county; and, second, the consolidation of all counties into a smaller number of units by legislation or constitutional amendment. The first is being worked out and the second is being considered for Tennessee.

In 1919 two counties consolidated; in 1927 the county courts of two counties agreed to a consolidation, and a measure requesting permission to consolidate will be presented at the next Legislature; but two state officers have presented a plan for redistricting the state, reducing the number of counties from 95 to less than

**JUST KIDS—Cake Day.**

By Ad Carter.

50. To some observers these are startling facts. At all events, they show that some attempt is being made to explore the "dark continent of American politics."

"In 1919, Hamilton County, with Chattanooga as the county-seat, absorbed James County, the Legislature granting its permission upon the request of the latter and the acquiescence of the former. This absorption of a small county by a large one has proved successful. The tax rate in James County has been cut in half, and at the same time improved roads have increased from less than 5 to over 45 miles, and schools are now in session eight and nine months, a comparison with four months during the year before the consolidation. In

general, the county is in much better condition than it was before.

"Because of this successful experiment Meigs County, which borders Hamilton on the north, held a joint county meeting with Hamilton last year, and it was agreed that the two counties should sponsor a bill in the next Legislature to allow Hamilton County to absorb Meigs. The tax rate in Meigs is now \$4.80, while in Hamilton it is \$1.40.

T. R. Preston, chairman of a state tax commission recently appointed by the Governor, asked A. L. Childress, State Tax Superintendent, the report states, to work out a plan for county tax reduction for the state as a whole, and the plan so worked out proposes the consolidation of the 95 counties into 11 units, comprising an average of 8 or 9 counties each, and each grouped around an important town. Anticipating many objections to so drastic a reduction, and as a measure of expediency, Mr. Preston suggests an initial reduction to about 60 counties, this to be accomplished through the method of absorption as in the case of Hamilton and James Counties.

"Under the present arrangement of counties, each of the 95 units supports, on an average, 20 principal officers, costing the average county some \$200,000. For the total number of counties, this means 1,900 chief officers and an annual expenditure for this item alone of \$19,000,000."

**CHICKS MERIT ATTENTION**

Baby chicks and their welfare are the primary interests in an industry which brings in five million dollars a year—about one-third of it coming into Ohio from other states—are entitled to claim respectful attention. And will get it at the second annual Ohio Baby Chick Show which is to be held on the campus of the Ohio State University in Columbus, March 20 to 22. It is estimated that 50 million baby chicks are produced in Ohio each year, and distributed among the poultry raisers of this state and most of the other eastern states, all of which offer a market for Ohio-hatched chicks.

Every phase of the incubation and management of the chicks will be dealt with at the chick show this year. Last year's show attracted between 1,500 and 2,000 persons to the campus. A new feature this year will be the competitive exhibition of batches of baby chicks—25 to the hatch—which will be judged for vigor, condition, uniformity of color and down, and weight. Ribbons and cups will be awarded to the best hatches of chicks. Equipment for the hatchery and the poultry yard, and commercial feeds, will be displayed by their manufacturers, in booths which are to be set up in the new annual husbandry building of the University. On a program of addresses and dis-

cussions in which will continue thru the three days of the show, leading authorities on diseases, nutrition, and management of the baby chicks are scheduled. Special conference programs will be participated in by hatcherymen and by those interested particularly in nutrition and feeding problems.

Seven state agricultural colleges are represented by speakers on the general program. Prof. E. L. Dakan and Prof. A. R. Winters of the resident staff of the poultry husbandry department of the Ohio State University and R. E. Cray, P. B. Zumbo and C. M. Ferguson, extension specialists, have part in the discussions.

Dr. E. B. Hart of the University of Wisconsin, recognized authority on animal nutrition; Dr. J. R. Beach of the University of California, nationally known specialist in poultry diseases; Professor James E. Rice of Cornell University, Prof. H. C. Knaedel of Pennsylvania State College, Prof. Roy E. Jones of the Connecticut Agricultural College, and Dr. H. J. Staats of the Michigan Agricultural College, are scheduled for addresses. Prof. L. G. Foster of the rural economics department of the Ohio State University will deal with business problems in retailing feeds.

Dr. D. C. Kennard, head of the poultry husbandry department of the Ohio Agricultural Experiment Station, and Dr. R. M. Bethke, specialist in animal nutrition, from the same institution, are on the program. Dr. Alvin Broerman of the Ohio State Department of Agriculture will speak on "Baby Chick Diseases and Their Control."

Representatives of many commercial concerns will have part in the discussions and conferences. One feature of the show will be a demonstration of the possibility of controlling disease spread in the incubator, through a process of fumigation which has been tested and developed at the University during months of research by Dr. Fred Speer of the bacteriology department.

TO RENDER CANTATA "Father Time's Happy Family" a pleasing and instructive cantata will be rendered by the Junior Department of the Presbyterian Church, next Sunday, March 17th at 7:45 p.m. The public is cordially invited to attend.

RETURNS HOME Mrs. Ethel Straub has returned home from Oxford where she has been taking care of her daughter Dorothy who was injured in a bus wreck a month ago. Dorothy has already begun her work at the University and at Hamilton.

County-wide, car lot movement of 22 important vegetables and fruits was about 7,000 cars heavier in February of this year than in the same month last year. Heavier shipments of early truck crops from Florida and the extreme southwest were reported by the United States Department of Agriculture.

CARD OF THANKS

We wish to extend our thanks to our kind neighbors and friends who assisted in any way during the sickness and burial of our Father and Brother.

James, Glen, Frank, and Maurie Brinson, Mr. and Mrs. G. M. King

ATTEND JACK AND JENE PERFORMANCE

A number of local people took advantage of the opportunity to see Jack and Gene with Jake and Lena famous radio artists, given at the Mansfield Senior High School under auspices of the Mansfield Y. W. C. A. Tuesday and Wednesday.

Over fifty tickets were sold locally considerably more going to Mansfield to purchase their tickets.

RETURNS FROM TRIP

C. K. Watson, who has been in New York and other eastern states the past two weeks in the interest of Centaur Tractor Corporation, has returned to his home here.

OFFICES DECORATED

The office rooms of Dr. W. S. Walker have been redecorated and make a wonderfully neat appearance. New wall paper, carpet and ceiling has been put on and the woodwork touched up. The work was done by the Gleason brothers.

ON VISIT HERE

J. Heminger was a Plymouth visitor this week and his many friends were glad to see him again. He was a guest of his sister, Mrs. York, who resides northeast of town. Mr. Heminger operated the old Chappell Laundry for some time. Since leaving Plymouth five years ago he has been making his home at Custer, O. in Wood county.

SHOWERS FOR THREE COUPLES

Saturday evening the members of the Sunshine Club and their friends numbering over one hundred held a miscellaneous shower for Mr. and Mrs. Everett Wilson and Mr. and Mrs. Selts in the K. of P. Hall in Plymouth. Dancing and cards were the entertainment. Mr. and Mrs. Wm. Willett furnished the music.

HOLD QUILTING PARTY

A very enjoyable one was spent in the home of Mrs. J. C. Johnson at a quilting party. At one o'clock a fine chicken dinner was served to the following guests, Mrs. Fred Rosa, Mrs. Arnold, Mrs. Geo. Cheesman, Jr., Mrs. C. C. Pugh, Mrs. Chas. West, Mrs. Russell Scott, Mrs. Bennett and Mrs. Weaver of New London.

At a late hour in the afternoon the guests departed for their homes feeling that the day had been well spent.

AMERICAN KITCHEN KOOK CLEANLINESS-SPEED-CONVENIENCE-SAFETY

KITCHENKOOK is the most important instrument in the modern family food laboratory. For Kitchenkook provides just the right heat for every kind of cooking and baking. A turn of the valve regulates the clear blue flame just as you want it; uniformly perfect results are always certain because the heat cannot vary.

Brown & Miller

More than two million cattle were on the waiting list for tuberculin testing at the end of 1928, according to the United States Bureau of Animal Industry. This fact is held to indicate an attitude of effective cooperation on the part of stock raisers and dairy men generally.

Great increases in urban population in the east are resulting in greater requirements for fluid milk. As the Middle West ships increasing quantities of cream, manufacture of butter and cheese tends to move into sections where dairying is less intensively developed.

FORWARD-LOOKING PEOPLE WILL INVESTIGATE THIS CAR

Stepping Up Motor Car Quality without stepping out of the Low-Priced Field

The New Pontiac Big Six is a low-priced car. Its prices range as low as \$745. But that is where its similarity to other low-priced cars ends. In performance, in beauty and style, in luxury, it offers all the advantages of a truly fine big car. . . Come in to examine it and drive it. Learn by investigation what a decidedly advantageous "buy" it represents.

Prices \$745 to \$895, 7.0% Pontiac, Inc., plus delivery charges. Downpayment and car-fender guards regular equipment at slight extra cost. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

LANDEFELD BROS., Willard THE NEW PONTIAC BIG 6 \$745 PRODUCT OF GENERAL MOTORS

# NEWS FROM DELPHI

## REV. BROWN TO HOLD MEETINGS

Rev. O. P. Brown one of the pastors of the Pentecostal church of this area was one of the splendid callers at our home last Monday. We have been in harmony from the very first and have attended his meetings often and done our full part in singing and prayer. We have found him a Christian gentleman, calm, affable and brave—we are casting a full vote for Brown. He begins evangelistic meetings to run March 19 to 24 in Mansfield. They will have the child evangelist Dolores Lea Dudley to be with him. She may possibly visit the people of the Guinea church. We are looking at her picture. A beautiful face with a heavenly smile—just like the young people in our class in the Delphi church—they are sound and right at heart. Life's Ideals are visioned within when Life's Shadows are longer drawn and our senses fail to function. Their bright smiles will haunt me still.

Nicholas Albright received a hurry up call from Kokomo, Ind., an account of the serious illness of his daughter.

Dan Campbell, R. & O. truckman is taking a vacation this week. He will spend his leisure hours with friends in Washington, Pa., and Cumberland, Md.

R. K. Black with his family were

recent guests of Mrs. J. P. Earle in Huron on the lake.

C. Blackert is up-to-date in Brood-houses. He has installed the large size octagon form. We vote for him.

Fred Guess attended a meeting given by the Terpsichorean in Plymouth last Thursday night. His chief criticism was the late hour.

Paper hangers are busy—a sure sign of spring—Herald Shbott and Arman Watts at the Watts home Saturday—Gleason Bros. at the Blackmore home Tuesday—Both these ranges are experts.

P. D. Donaldson was in Ripley Saturday looking after storm damage.

Mr. and Mrs. Harvey Statter of Plymouth were among the friends at the Brisson funeral.

Word comes to us that our townman G. J. Hanville has taken the agency for the Pontiac automobile for this area. We wish G. J. success. He is a Pioneer auto mechanic—what he tells you about a car and what he agrees to do is very reliable—we vote for G. J.

Robert Gleason of Akron was a week end guest of his parents—Robert took training in Chicago for Electrical work. While in Akron looking for work in his line he accepted a position in Tiredom temporarily, and it said that the smell of rubber and the pay envelope are making electricity just an incident.

Joseph Slocum and family of New Haven were last Sunday guests of their grandparents Mr. and Mrs. Wm. Wiers of this village.

George Misman and Mr. and Mrs.

Earl Croshaw and daughter of Wilford were Sunday guests of Mr. and Mrs. T. G. Campbell Sunday.

Albright and Colbert are making sugar on the late Wm. Hole farm. Class No. 2 held their March meeting at the church Friday evening.

F. G. Cole transacted business in Norwalk Saturday.

G. T. Cuptl, S. E. Gleason and G. S. Catlin will appraise the estate of Joe Willis Tuesday.

## TAKES GIRL TO INDUSTRIAL HOME

Sheriff Edw. Gregory and his daughter Miss Gladys, took Mabel Shelley to the girl's industrial home at Delaware on Monday. The girl had been adjudged delinquent in probate court at Norwalk.

This prisoner is the only one of the 540 inmates of the institution from Huron county. The girls imprisoned here are ten years old and up. Huron county's record in the matter of prison inmates is excellent compared with the average county of the state. Records show that most of the persons sentenced to institutions from here are non-residents.

## ENGAGE SCOTT TO DRAW PLANS FOR HOSPITAL

Granville E. Scott, Norwalk architect, has been formally engaged to draw up the plans for the new \$20,000 hospital to be built by the city of Willard to replace the establishment destroyed by fire last year. The material will be brick. Bonds have been sold and the city council has purchased the Hoffman site.

Those in charge of all preliminary arrangements are the Community Hospital Associate, composed of J. J. Edwards, president and Mrs. L. A. Swope, Mrs. B. C. Lewis, Mrs. Chas. Nogie and Mrs. T. A. Purcell, trustees. Mr. Scott has also been engaged an architect for Plymouth's new school building.

## DINNER GUESTS

Mrs. Emma Rank had as her dinner guests Sunday Mr. and Mrs. Wendell Phillips, Mr. and Mrs. Ed Phillips and son Herbert, and Mr. and Mrs. J. L. Price.

## IMPOSES \$200 FINE

WILLARD—Henry Frye, colored, of Willard, who was arrested by police here Saturday, when they raided his home and found 116 bottles of home brew and five gallons of wine, was fined \$200 and costs, by Mayor C. L. Willoughby, Monday.

Frye pleaded guilty when brought before the Acting Mayor and was confined to jail in default of payment of the fine.

## CARD PARTY

Mrs. Howard Biller entertained at cards Saturday evening Mr. and Mrs. Albert Marvin and Mr. and Mrs. D. E. Blosser. A social hour followed by lunch served by the hostess.

School nurse says all girls should know this

TALKING to a roomful of High School girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking a pill, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when a pill should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

## MAKING PIANO FOR WHITE HOUSE

NORWALK—When members of the industrial committee of the Kiwanis club visited the Chase Piano plant recently, they found forty-seven keels laid down for outboard motor boats. These boats are being made during the dull piano season. The hulls are being finished in exquisite style and the boats, besides being fitted for excellent water sport service are superb specimens of cabinet work.

It is given out that a magnificent Chase grand piano is being built here for use at the White House during the administration of President Hoover. It is noteworthy that President Harding and President McKinley also had Chase pianos while in the White House. President and Mrs. Hoover have a Chase in their private home.

## MOTION OVERRULED

Judge Irving Carpenter has overruled a motion for a new trial in the case of Joseph Schomacker vs. Wil-Anna Fata.

William Lofland. The motion was filed by the defendant. The plaintiff was returned a verdict recently for damaged that resulted from an automobile collision.

**PUBLIC SALE**  
Penrod & Company of Boughstown will conduct a public sale today commencing at 10 o'clock a. m. and continuing until all merchandise is sold to the highest bidder. The stock consists principally of boots and shoes, hardware and household goods.  
Hafdel & Son of Plymouth will conduct the store following the disposal of goods.

## DINNER—BRIDGE

Mrs. Weltha McNamara of Steubenville will conduct a public sale today for her guests at a dinner-bridge last Friday evening at her home.

At seven o'clock a three course dinner was served followed by bridge the latter part of the evening.  
Those enjoying her hospitality included Messrs. and Meadames P. H. Root, Chas. G. Miller, J. H. Smith, Alex. Bachrach, John Root and Mrs. case of Joseph Schomacker vs. Wil-Anna Fata.

## Stomach Relief

Take PHARMANOL and the Pains Will Disappear.

PHARMANOL, the new medical discovery has taken the place of soda for the relief of indigestion or sour, acid, gassy stomach.

PHARMANOL not only quickly relieves stomach distress but is compounded to conquer stubborn indigestion, or dyspepsia. It is a ready relief for stomach exhaustion; inactivity of the stomach and bowels; heartburn; gas; constipation; skin eruptions; inflammatory diseases and kindred ailments.

PHARMANOL contains no habit-forming drugs and is harmless to the most delicate system. May be taken by young and old.

# THE WORLD WE LIVE IN

TODAY the world is literally at our doors. A spin of a dial, and we listen to the President in Washington, or a football game in San Francisco. From our talking machines the greatest of operatic stars sing to us, the foremost dance orchestras play lively syncope of our choosing. Our automobiles stand ready to whisk us over smooth boulevards to new scenes. Monday is no longer blue: the family washing is done by electricity; so too is the cooking, and the preserving of food, and the sweeping of floors.

YES, the world we live in has changed . . . changed marvelously for the better.

HAVE you ever stopped to consider the part advertising has played in this change? Glance over the advertisements in this newspaper. How many of the products mentioned are old friends of yours, familiar because you already own them or intend to get them soon! And the articles in your own home. Every one of them, probably, is advertised, either here or elsewhere. The chances are you first learned of them through the advertisements.

ADVERTISING is important to you because it keeps you informed of the changes in the world. It tells you of new products, of improved designs and workmanship and materials. It helps you to spend your money wisely and well. It points you to the better things of life.

ADVERTISING IS THE HERALD OF PROGRESS

IN THE HANDS OF A FRIEND THE BEGINNING TO END

## A Record for Farmers

THE CLEVELAND PRODUCERS sold during 1928 25.69% of the Railroad live stock receipts at the Cleveland yards, gained 1.85% over 1927. Value live stock handled \$6,633,033.27.

GROWTH IN PERCENT TRUCK RECEIPTS		PRODUCERS GAIN IN %	
Cattle 39.50% Gain		86.65% Gain	
Calves 43.55% Gain		97.44% Gain	
Hogs 26.69% Gain		59.25% Gain	
Sheep 5.74% Gain		52.99% Gain	

The yards received 4,791 more truck sheep and lambs in 1928 than in 1927. THE PRODUCERS GAINED 4,163 HEAD OR ALL BUT 639 HEADS OF THE YARDS GAIN. Good sales service by this farmers organization produced these outstanding records.

WE BROADCAST THE MARKET FOR YOUR BENEFIT direct from the office at 9:50 A. M. and 12:20 P. M. over station W. E. A. R.

## NEW HAVEN SCHOOL NEWS

Literary Contest  
The attention of the High School has been focused for the past few weeks upon the literary contest which is to be held in the Methodist church in New Haven Friday evening, March 15.

The program will consist of orations by Paul Snyder, Phoebe Baumgardner, Helen Babcock, Lethea Waters, Marguerite Duffy, Emma Hole, Pauline Fox and Harry Struyk. Short stories by Hermina Kruger and Marie Struyk, readings by Harriet Babcock, Evelyn Hills, Theima Fox and Harry Struyk and a few musical numbers.

This year's contest promises to be an interesting one and represents much hard work on the part of the students and those in charge. Every one is invited to attend.

A number of essays will also be given and the subjects are as follows:  
Skating in Holland—Margurita Van derolen.  
My Trip to New Mexico and California—Brynn Sharpless.  
Caught in a Snowstorm—Helen Babcock.  
Everglades—Florence Chapman.

Grade News  
The lower grade rooms have taken on a very spring-like appearance with their Easter and Dutch blackboard borders and appropriate calendars. The sand table in the First and Second grades represent a typical Dutch village.

The third and fourth grades are looking forward to a kite contest in the near future.

LARKIN CLUB ENTERTAINED  
Fifteen members of her Larkin Club were present Friday evening when Mrs. D. E. Blosser presided as hostess.

A social hour and lunch occupied

### PYTHIANS SISTERS ENTERTAIN K. OF P'S.

The Pythian Sisters entertained the K. of P's and families at K. of P. Hall Thursday, March 17th with a pot luck supper. About 150 partook of the lovely feed at 6:30. The tables were beautifully decorated with Shamrocks and green trimmings with candles burning all along the long tables while they ate. After the supper there were entertainments, one the Barber Shop which was comical from start to finish. Then there was the gossiping tea party which was held at Mrs. Goodenbender's home. A royal good laugh was had by all throughout the entire tea. After the entertainments those who wanted to play cards did and also had dancing. At a late hour all departed wondering when the Sisters would have another social night. The music was furnished by Mr. and Mrs. L. R. Peters, Miss Mary Sheely, Mrs. Gordon Brown and Mr. Harold Buckman.

Eliza Scordfield, Press Cor.

### PLYMOUTH M. E. CHURCH

Sunday, March 17th, 1929  
Sunday School—9 a. m.  
Public Worship—10 a. m.  
Epworth League—6:30 p. m.  
Public Worship—7:30 p. m.  
This service will be the initial one of our pre-Easter series.

### MRS. NORRIS SUTTON HONORED

In honor of Mrs. Norris Sutton of Tulsa, Okla., Joe Byer invited her to the Palace Restaurant where a delicious lunch was served at 1:30. A huge bowl of yellow spring flowers formed the centerpiece while place cards and other appointments were in harmony.

### ENTERTAINS AT BRIDGE

Mrs. J. O. Schreck proved a gracious hostess Saturday evening when she invited a number of friends to be her guests at a bridge game. Three tables were in progress and at the conclusion Mr. and Mrs. Joe Byer held high scores and Mr. and Mrs. H. F. Root receiving prizes for low score.

Supplementing the game, a luncheon of petty appointments was served the following: Mr. and Mrs. H. F. Root, Mr. and Mrs. Joe Byer, Mr. and Mrs. Harold Jeffrey, Mr. and Mrs. Poling, of Tiffin and Miss Inez DeBoya of Akron and the host and hostess.

It will give you Get Cystex to-day at any drug store. Put it to a 48 hour test. Money back if you don't feel like new, full of pep, sleep well, with pains alleviated. Try Cystex today. Only 60c. For Sale at Webber's Drug Store

ELECTRICITY'S CONTRIBUTION TO RURAL DEVELOPMENT "The real contribution which electricity has made to rural development is in the fact that it has raised the standard of living in outlying sections by removing much of the drudgery connected with the everyday duties of the farmer and in bringing to him and his family many of the conveniences commonly associated with life in urban communities," said Donald Affleck, an agricultural engineer, recently. "Within a period of approximately forty-five years the electrification of urban communities has not only become practically universal but rural electrification on a national scale stands today as an accepted fact.

## LUNCHEON BRIDGE

A very charming affair of Saturday was the luncheon-bridge given by Mrs. Norris Sutton, nee Miss Helen Polak, of Tulsa, Okla. Mrs. Sutton invited her guests to the Palace Restaurant where a delicious lunch was served at 1:30. A huge bowl of yellow spring flowers formed the centerpiece while place cards and other appointments were in harmony.

Following the serving of the lunch the guests went to the home of Mrs. Charles Barr at Trux Street and enjoyed the afternoon hours in progress to Mrs. Joe Byer, second prize to Miss Sykes of Willard.

The guest list included Mrs. Jean Seville, Mrs. Sykes of Willard, Mrs. John Fleming, Mrs. Andrew Harasme, Mrs. J. O. Schreck, Mrs. Joe Byer, Mrs. Charles Barr, Misses Ruth Nimsous, Ruth Donnaway, Thelma Leoman of Anarset, Lucille Fenner, Helen Kaylor of Shelby and the hostesses.

PRESBYTERIAN CHURCH J. W. MILLER, Minister Sunday, March 17, 1929 Men are unequal in ability, in means, in strength and in leisure, but there is one place where all can be upon an equality before God—that is within the heart. Here, in purpose, all are rewardable, and here God's justice and equality are most beautifully seen. Pre-Easter Service at 11 a. m. next Sunday. The Bible School at 10 a. m.

The Cantata "Father Time's Happy Family" will be given Sunday, March 17th at 7:45 p. m.

### NOTICE

Dr. Lash, chiropractor, will be in office 9:12 a. m. 2:45 and 7:45 p. m. Monday, Wednesday, Friday and Saturday until further notice. 14-p

### ACCIDENTALLY SHOT

Gerald Dodge was accidentally shot in the right arm by Arnold Munn as they were walking in a field in the east part of town Tuesday afternoon. Young Munn, carrying a 22-caliber rifle with the safety on, was met by Dodge and a companion, and as the boys were grouped together talking, nearby trees and young Arnold pulled the trigger back on his rifle ready to fire when the bird flew away. The boys, walking in front of each other, came to a piece of wire entanglement and young Arnold fell, discharging the rifle the bullet of which grazed young Dodge in the arm. The accident was purely an accidental one and was not through carelessness of young Munn.

"Electricity, as a source of light, illuminates the farm house, barn, garage, poultry houses and other buildings. It lights the rural church, community center and school, making possible community meetings with plays and such attractions as moving pictures, basket ball games, etc."

"Electricity, as a source of heat, warms the incubator and the water for the poultry during winter months, operates the electric range or cooker, heats the electric iron, the toaster, percolator and the electric coffee pot. "Electricity, as a source of power, renders the greatest service on the farm in shelling and grinding corn, threshing barley, separating milk, cutting ensilage and fodder, stuffing sausages, churning butter, milking cows, growing herring, etc. More than 100 farm uses were recently shown in a publication of the Committee on Relation of Electricity to Agriculture."

### A TAX WARNING

President Coolidge points out in a recent statement that after eight years of applying business methods to the Federal Government, extravagances and useless expenditures have been eliminated, to the extent that three reductions have been made in tax rates and nearly \$7,000,000,000 has been cut off the national debt.

It would be a great mistake," he said, "to suppose that we can continue our national prosperity with the attendant blessings which it confers upon the people, unless we continue to insist upon constructive economy in government. The margin between prosperity and depression is always very small. A decrease of less than 10 per cent. of our national income would produce a deficit in the present budget."

The costs of State and local governments are rapidly mounting. From \$2,900,000,000 in 1921, the National Industrial Conference Board estimates that they reached \$7,351,000,000 in 1927. This is such a heavy drain on the earnings of the people that it is the greatest enemy to the continuance of prosperity. It is a red flag warning us of the danger of depression and a repetition of the disaster which overtook the country in the days of 1920."

### SAFE INVESTMENTS

It is often as hard to keep money safely as it is to get it in the first

# FAMOUS FANS by Haile T. Hendrix.

## "THAT LITTLE GAME" SOME SPORT

place. The best rule for an investor is to consult those responsible people who make a business of studying the after. Go to your bank or to some long established reputable investment house and follow their advice. Don't listen to interested friends. Beware of people that have a sure thing. The old rule is a good one, and that is the larger the returns the more risky the investment. Don't imperil the safety of your capital just for the sake of one or two per cent interest. In the words of a recent magazine, "Americans who pride themselves on being the most thoroughly money-wise people on earth, are annually putting a round billion dollars into dubious financial schemes, practically all of which is lost eventually." You wouldn't go to your minister for medicine if you were sick. You wouldn't go to your doctor to talk about your soul. And when you want to talk about your money go to an expert.

### Almost Instantly Coughs Stopped

Doctor's Prescription Relieves Without Harmful Drugs. Almost instant relief for coughs is now guaranteed in the use of a famous physician's prescription called Thosin which contains no chloroform or dope. It works on an entirely different principle, has a double action, alleviates the irritation and goes directly to the internal cause not reached by cough syrups and patent medicines. The very first swallow usually relieves.

Thosin is pleasant and safe for the whole family. Also excellent for sore throats. Quick relief, guarantee or your money back. 35c, 60c, and \$1.00. Sold by WEBBER'S and all other good drug stores.

Lawn Mower for rent. Inquire Brown & Miller Hardware.

to have another expensive job of flood, controlling on its hands, as soon as Congress can be induced to put it there. And the inducing seems likely to be as fast and furious as Florida parties in interest can make it. They are already succeeding in persuading President Hoover to accompany some of them on a motor tour of the Everglades region to see for himself how plainly it is the duty of the United States to finance in whole or in part a great engineering enterprise to remove the flood menace.

### CHANGING IT ISN'T EASY

Producers of a New York show sustained a bitter blow when a judge decided there was nothing offensive, immoral or indecent in it. Seeking more support for its campaign for modification of prohibition "as is" the Church Temperance society in a public statement declares that "there can be no excuse for the complacent violation of the law by millions of people who are too indifferent to make any attempt to change it." The idea seems to be that Americans who will drink alcoholic beverages in spite of laws intended to stop that practice should unite in the effort to change the laws, if they wish to regard themselves as good citizens in some respects. Any suggestion that the reform has proved imperfect and requires changing is somewhat surprising coming from a church source. The society in question claims to have the cooperation of 1,500 clergymen of the Protestant Episcopal church, though prohibition enthusiasts of that denomination deny that the organization represents it accurately or authoritatively.

### TRAFFIC CONGESTION

Congestion of traffic as a direct outcome of too many vehicles in the streets is estimated to waste the sum of \$20,000,000 per year in New York. This is only an estimate. It may be too big. Perhaps not, though, when the cost of the time lost by pedestrians is figured in. The New York Board of Trade, after investigating

the subject, recently declared that New York conditions are the world's worst. It has been said that many kinds as trucks, taxis and private cars spend half their time standing still, waiting for a chance to move. The number of such vehicles necessary is double what it would be with free progression. The yellow taxi line of cabs is reported to be seriously considering installing electric cabs instead of gasoline, as the former are less costly during stoppages. A humorist says New Yorkers no longer take a taxi for speed but for opportunities to rest and meditate.

However the evil is common in all large cities. A traffic expert surveyed Boston and found that during the last 200 days of each business year a loss of \$24,510,000 is sustained by traffic congestion. Chicago is as badly off, he declares. In his opinion stores are prevented from getting the expanding trade they should have, property values are affected and secondary shopping centers spring up in outlying districts. The question is becoming very acute and cries for remedy.

For more than a quarter of a century, more thoughtful people have sought the Norwalk Vault. It solves their problem of the protection of their money.
