SHILOH CITIZEN DIES SUDDENLY

Charles E. Reynolds for many years a resident of this community died Friday evening at the home of his sister-in-law in Oberlin where he and Mrs. Reynolds were spending the week end, after being at the clinic in Elvira.

Mr. Reynolds had been in poor health for some time, but had continued working whenever able, having been employed as a millwright for the Pate-Rook-Heath Company the past six years.

Mr. Reynolds was quiet and unassuming, a fine husband and father and a citizen held in high respect by his fellowmen.

He was fifty-five years of age, and leaves besides his widow, two sons, Dewey and Russell, and four grand children of Shiloh, one brother John M. Reynolds of Aurora, Mo., and three sisters Mrs. J. H. Groggins of Chillicothe, Mrs. N. C. Flack of Wellington, and Mrs. Matt Flack of Amherst.

He was a member of Shiloh lodge F. & A. M. No. 544, and held an office at the time of his death.

Funeral services were held from his late home conducted by Rev. E. B. McBroom, and the burial was in Mt. Hope cemetery.

Those attending the funeral from out-of-town included Mr. and Mrs. H. W. Lantberry, Mr. and Mrs. J. H. Lantberry, Miss Mary Lantberry, Phillip O'Mehen and Mrs. McCrady of Elvira; Mrs. J. H. Goggins of Chillicothe; Mr. and Mrs. N. C. Flack and son Lyfe of Kipton; Mr. and Mrs. Paul Hamlin and son Lewis, Mr. and Mrs. John Flack and Mrs. Brill of Oberlin; A. E. Devore of Plymouth; Charles Quinn, Mansfield; Mr. and Mrs. Matt Flack, Mr. and Mrs. Mervin Flack, Mr. and Mrs. Ashley Flack and Mrs. Emma McCrady of Amherst and Matt Flack, Jr. of Elvira.

Masons from Shiloh and Plymouth numbered thirty. Representatives from the company where Mr. Reynolds was employed, were C. L. Weddington, Clint Sourwine, I. S. Newhouse, Harry Guthrie and Samuel Fenner.

SPEAKER HERE SUNDAY
WELL RECEIVED
Leon Ray Livingston, known the world over as the wonderer, "A. No. 1," spoke at a packed house at the Lutheran church here Tuesday evening. His topic: "Where is My Wondering Boy Tonight," was handled in a careful manner, and his message was well received.

CERTAIN DELICIES
THANKFULLY RECEIVED
TURNING the Nome mining boom a pair of prospectors from Seattle got marooned in a snowstorm and were saved up in a cabin that was singularly devoid of stoves, groceries, etc. The weather made it impossible to do anything and the chuck ran exceedingly low. When the spring came they staggered out to the Yukon River and got down where the pickings were better. In the course of events one of them came upon a former occupant of the cabin.

"So you were frozen in there?"
"Sure was. For nearly six months and just about starved."

"I left some canned goods when I went out."

"Oh, we found that stuff and cleaned it in less than a week."

"There was plenty of blankets?"

"Yes, I've got to thank you for them."

"By the way, on the peak behind the door I hung a sheepskin coat, and went away without it. Was that still there?"

"Yes, were it for a time and then put it to other uses. Taken as a whole, just between you and me, Bill it was the finest leather coat I ever saw."

OLDEST READER

One of the oldest subscribers. The Advertiser has on its list is no other than Robert Gribben of Shelby. Mr. Gribben has just sent in a check for another year's subscription and he gives us some interesting sidelights on Plymouth in the early days.

Mr. Gribben states that with the exception of a short period he has been a reader of the paper since it was started on the point where the garage is now located on the east side of the Square.

Mr. Gribben says: "I am now in the last half of my 80th year. I was born in Plymouth, September 24th, 1833, and when I was one year old my father moved to a farm two miles south-west of Plymouth in the woods, and there I lived until I was 75 years. Since then I have resided in Shelby."

All the acquaintances of my day and generation have passed away. And perhaps a large majority of the next have passed on.

"I saw the stakes set for the second railroad built in Ohio, 'The Sandusky, Mansfield and Newark,' now owned by the Baltimore and Ohio. It took some time to build roads in those days. The grading was done by pick and shovel and wheelbarrows, and done by small sections. The first cars came to Plymouth about April 1848, the year I was started."

When the company finished the road to a town and vicinity, a free ride to Sandusky and back was given the people. I was then between 12 and 13 years old, and went with my father on that ride. And now there is but one line that took the ride about five years ago there were three, two have gone. I am one of the three.

"I have lived to see all the improvements of the age from the sickle to the great harvesters, and the flax to the modern thrashing machines, also all the great inventions of the scientific age. What will be seen in the next 25 years."

Yours truly,
ROBT. GRIBBEN

WILL SPEAK AT
M. E. CHURCH

The services at the local M. E. church Sunday morning will be conducted by Mr. Dighton of Bellevue, Ohio, who will have an interesting talk for his audience. Mr. Bigbee is a member of the Lutheran church and has done considerable public speaking in the interest of different civic organizations, schools and institutions here. He is an enthusiastic dry worker and has been speaking for the Ohio Anti-Saloon league on Sundays for a number of years.

The services will be held at 10 o'clock Sunday morning in Plymouth and at 11 a. m. at Shiloh M. E. church. The public is invited to be present.

YOUTH GIVE A MERRY CHASE

Two youths almost made a successful attempt at "snitching" a new tire of "Doc" Caldwell at his tire shop Saturday afternoon, when they drove up in a well-known make of machine and inquired about prices on tires.

Mr. Caldwell came out to the car with a tire, and when he told them the price they stated they wanted a cheaper one, and he returned with a lower priced tire. While making an examination of the flat tire, trying to decide if the size, the boys suddenly decided that they did not want any tires at all. But in the meantime, while Mr. Caldwell was examining the wheels J. J. Page saw one of the boys make a fast dive for the door and return to the car with a tire, throwing it on the back seat. After the boys drove away, Mr. Page informed "Doc" of the fact that the wanderers had driven off on two flat wheels with one of his new tires.

Shortly afterwards Marshal Burkett was called to the scene and he traced the car into Attica. After arriving there he found that they had just been released from the jail there where they were charged with drunkenness. The trail was hot, and so Burkett kept following the tracks and arrested the pair four miles west of Attica. At first they denied taking the tire, but after a little persuasion they admitted the theft and secured the tire from its resting place along the roadside.

They were brought to Plymouth Saturday night and late Sunday were given a hearing and trial which resulted in a fine of \$5.00 each and costs, totaling \$14.85. They gave their names as Alex Theis of New Teicel and Charles Park of Berwick.

WALTER ST. CLAIR MEMBER
OF NEW WASHINGTON BAND

Walter St. Clair, son of Mr. and Mrs. J. H. St. Clair, of this organization, Young St. Clair member of the New Washington band, is enjoying band practice with the organization. Young St. Clair has unusual musical ability and no doubt will make his mark in the musical world.

OPEN FORUM
We read that 45 miles per hour will be our new speed limit, but we are wondering why this will apply to the main streets of Plymouth. The writer observes cars approaching the Public Square at more than this speed. Speed such as this should not be permitted and some action should be taken before it's too late. What say you, citizens?

A CITIZEN

TO THOSE WHO WOULD UPHOLD THE SPEED LAWS
There are many citizens who are wondering why our Village Marshal is not active in curbing the speeders who wilfully violate the speed limit in Plymouth and especially through the Square.

We wish to say that the State laws have taken away the fee system from the village officers, and that unless Council buys a car or motorcycle for the purpose of arresting speeders, the marshal is helpless as he feels that he does not wish to dig down in his pocket and keep up a machine as well as furnish one. So with the present situation on hand we are at the mercy of speed demons.

Columbus, Ohio—A. P. Sandies returns to public life. He has been appointed a member of the state civil service commission, and will enter upon his new duties in August when the term of Rollin Swisher, the present democratic member expires.

"Fue" Sandies is one of the best known men in Ohio, having been mentioned in connection with the gubernatorial nominations several times. He has had considerable experience in state office which will aid him in his work on this important commission. Ralph Emmons, the Republican

COUNCIL HOLDS SPECIAL MEET

A special meeting of the village council will be held tonight at the council rooms at which time legislation will be completed for the improvement of the drain system on the north side of North street and east of Sandusky street. Heavy rains have caused much damage and anxiety to property holders on Sandusky street due to overflows into cellars, garages and land, and the purpose of the additional drain tiles will be to take care of the surplus water.

Council members and Mayor J. B. Derr were over at Prospect, O., Sunday looking over a fire truck. The company at Prospect invited the group over to inspect the machine, and a favorable report will probably be given tonight. Other fire truck manufacturers will also have representatives here at the meeting, and there is possibility of final legislation being passed preparatory to the purchase of the fire truck.

No report has been heard from the traffic signs which were purchased by the council some weeks ago. The understanding between the council and the agent of the light signal company was that permission was to be secured from the state highway department before the light was installed. Up to this time nothing has been heard from the light company or the highway department. Hence, Plymouth is still without any traffic regulation, and with the oncoming summer travel the possibility of a serious motor accident will be greatly increased.

PYTHIAN SISTERS HOLD SOCIAL TEA

The Pythian Sisters held their social tea last Friday evening. The Uniform Ranks came over from Willard and put on their public initiation at the Hamilton Hall where Mark Kay and the other members were waiting for initiation in the presence of one hundred and seventy-five people who came to witness the beautiful work that the Uniform Rank team put on. Then we journeyed to K. of P. Hall where a luncheon was served. Games were played and dancing was the feature of the evening.

The Ladies Aid of the Lutheran Church will serve a 25c supper on Saturday evening from 5:30 until all are served.

REMOVED TO HOSPITAL
Merle Dinger was removed to the Crestline Hospital Friday evening. Dinger's condition is regarded as serious.

TIRO RESIDENTS TO HAVE BUS SERVICE
TIRO—Starting Monday, April 15, Tiro is to be favored with the service of a bus to link the village with the village of Bucyrus. The line will operate from Bucyrus to Ashland according to the franchise given to G. R. Oberlander and granted by the public utilities commission recently.

The line will operate by way of Sulphur Springs, Tiro, and Shelby. Two round trips will be made daily, leaving Bucyrus at 7 a. m. and 4 p. m. Leaving Ashland at 9 a. m. and 6 p. m.

Literary Contest
At Shiloh School
Next Friday evening, April 12th, will mark one of the greatest events of the school year. The Literary Contest, between the two societies in the high school, the Atlans and Delphians, will be held in the school auditorium. From the looks of the chart on the bulletin Board it probably will be very close. The Atlans are a few points ahead and are trying hard to keep their margin. However the Delphians are working hard to overcome this. The contest will be very exciting and the coming event and hope the public will attend. Admission will be 15c and 25c.

GEORGETTES TO GIVE CONCERT

Music lovers of Plymouth and vicinity will be delighted to know that "one of our own" musicians, Miss Josephine Georgette, with her company of musicians, will appear here Wednesday, May 1st, under the auspices of The Plymouth Lions Club.

Miss Georgette has many years ago played here and at that time she was greeted by a crowded house. Mr. Miller, manager of the company, states that only a few towns were booked for their appearance in Ohio this year, and that Miss Georgette made a special request that Plymouth be booked if possible, and it was through her courtesy that once more we'll have the pleasure of hearing Miss Georgette.

The Georgettes made a European tour two years ago and were acclaimed a great success. They have filled to capacity houses in every state in the Union and everywhere the company is proclaimed as the best in musical novelties.

Through special arrangements a descriptive matinee will be given for the children, and the origin of each instrument will be discussed by the artist while playing. This feature is an educational one to the child, and this descriptive matinee has been approved in every large town.

The Swiss Bell Ringers gave a splendid concert in Queen's Hall of the Y. M. C. A. The hall was well filled and the novelties introduced by the company were very interesting and well received—London (Eng.) Telegraph.

A new and interesting concert was given last evening by the Swiss Bell Ringers, now playing in England. The very unusual program of novelty songs introduced was one of exceptional merit and the large audience showed their appreciation by their applause—Birmingham (Eng.) Times.

The Swiss Bell Ringers were a company of fine artists—Cambridge (Eng.) Mail.

Nothing so splendid as the Bell Ringers has ever been heard here before—Glooucester (Eng.) Star.

At the Sarah Bernhardt theatre last night the Swiss Bell Ringers gave a very fine program on musical novelties. This very unusual concert drew out a large audience of both Americans and French. The company's excellent response to many encores in closing the program Mr. Georgette of the company made a neat little speech thanking the people of Paris for their kindness and appreciation—Paris Edition of New York Herald, Paris, France.

ELEVATOR GIVES A REAL SERVICE
Poultry raisers in this section are confronted with the question: "Which is the best feed for my chicks?" This question, says A. M. Dougal of The Plymouth Elevator, "Can easily be answered, and that is Wayne's Feeds. We are so confident that Wayne's feed is the perfect feed that we have placed an order for a carload, and can supply our customers with everything from the start to feed up. We have hundreds of satisfied users of Wayne's Feeds on our list and we know through their testimony that it's the best on the market."

"Mr. McDougal states that anyone who is not just satisfied at present with their feed problem, is invited to call at the elevator where many helpful suggestions await them."

Another item that will be of interest to farmers right now is fertilizer. Two carloads are now on hand and farmers who want to get an early start may feel that they can get service at any time on this item.

Messrs. McDougal and Schreiner are trying hard to give the farmers in this section a real service and it is the opinion among the patrons that they deserve much credit for the services they are rendering the farmers of the community.

On Friday, April 12th we will have a social evening at the K. of P. Hall for the benefit of the library. Bridge and other games will be played. Admission 50c. Refreshments and a good time are assured. Everybody come.

LIBRARY SHOWS A GOOD REPORT

Although most people dislike reading statistics, we are submitting our report for the past year. We hope it will be interesting.

6583 books were loaned during 1928. 4622 of these were adult books and 2361 of them juvenile. We are sorry to compare this with the report for 1927 which shows 6509 adult, 2268 juvenile and a total of 7777 books loaned. 260 books were added to our collection. Of these 57 were bought with library funds, 17 were given by the Creative Reading Club and 47 were given or loaned by members of the library staff. The large number of books received at any one time was 34 books from the library of Mrs. Addie Maurer.

\$282.92 was handled during the year. A balance of \$39.90 was carried over from 1927 and \$243.02 was received during 1928. \$57.90 was spent for supplies, such as postage, ink, cards, etc. \$219.45 was spent for books. Of this amount \$46.69 was given by Creative Reading Club for the magazine and books purchased for them. All of these books are now in the library and are available to all.

Contributions of \$5.00 or more were received from the Eastern Stars, the Masons, the Twentieth Century Circle, and the Tourist Club. 8 New cards were issued during 1928 making a total of 653 cards granted since the library has been located in the east room.

We take this opportunity of thanking you for your cooperation in the past. And we ask your continued cooperation in the future so that we may be a public library in deeds as well as name.

NEW HAVEN P. T. A. WILL HOLD INTERESTING MEETING
The New Haven P. T. A. will meet tomorrow night, Friday, April 12th, at the school house with an especially prepared program which ought to draw out an splendid crowd.

Dr. J. A. Miller of Ashland has been secured to give an address on his trip to Europe several years ago which will no doubt be instructive as well as interesting.

Several musical numbers consisting of duets by Mrs. and Mrs. E. Willett of Plymouth, Mrs. S. Stryk and Miss Cook and Rev. Stryk and Nick Mill of Celeryville are also on the program. The public is invited.

MAGIC
On Friday Night, April 19, at 8 o'clock, the people of Plymouth will have an opportunity to see the magicians perform. This will be especially pleasing to many small boys who were greatly disappointed when a sub situation in the Lyceum Course made it necessary to omit the magicians from the course. The performance will be sponsored by the H. S. Athletic Association which will share in the profits.

Semour and Craven, the magicians, come highly recommended. Just bring the whole family and enjoy a pleasant and profitable evening.

Admission 25c and 50c

Will ROGERS TELLS THIS ONE:

NEW YORKERS are mighty proud of the Hudson, but lots of westerners that go there are disappointed with it. I heard about a guy from Arkansas that was visiting a friend of his in New York, and was took for a ride along the Hudson.

"Ain't it grand?" says the New Yorker.

"Why, yes, it's all right."

"You don't seem to care for it. What's the matter? Ain't it big enough?"

"Well, to tell you the truth, it looks kinda sickly to me. Slow and sickly kinda."

Is that so? Well, it ain't one bit more sickly than you old Mississippi!

If you want to know what I think, I think it's the Mississippi that's sickly."

"You think so, partner? Well, may-be she's a trifle all-fired, but you can't be whole family just exactly confined to her bed."

WHAT'S THE REMEDY?

Washington has just decreed that aliens living in Canada can not come across at intervals and work in the United States. They are alien, the decision was handed down this week when a man and woman residing in Niagara Falls, Ont., requested the immigration authorities to hand down a decision as to whether they could work in this country or not, even though they had to travel only a few rods.

Unless something radical is done to cut off the foreigner from our ports, American produce larger families. It will not be long before the picture of "The Vanishing American" will be changed from the Indian to the "Once American."

Here's an interesting letter taken from among the many that come to our desk, and we believe that it will give some light on the conditions as they exist today:

"Las Palmas, "Grand Canary," "March 21, 1929"

"Editor, The Advertiser, Plymouth, Ohio, U. S. A."

"Dear Sir: "The cat and the canary" ended with the canary inside the cat. Dogs and canaries should constitute a not much happier family. Into the name "Canary," however, is fossilized the Latin name, meaning "dog." King Juba of Mauritania, 46 B. C. was the original Columbus. Salting westward

he discovered these islands. Because of the giant dogs there, he called them "Canaria," meaning "dog islands." Some years ago French scientists, to prove whether this were fabre or fact, explored the islands for possible skeletons of these dogs. One is now in the Paris Museum.

"The canary birds found wild here have neither the star golden color nor the sweet song of our pets. Both these qualities are gained thru rigid selective breeding. Contrasting our caged favorites with the wild stocks, one wonders at American carelessness. We scientifically watch every point in even canary breeding. We, however, blunder tragically with humans, for while our highpewers multiply slowly, we allow our scrub stock to breed rapidly.

"From the Cape Verde near here come some of such miserable folk. From these islands are smuggled into the United States what is contemptuously called here the "Cape Verde negro." He is an unusually low port of Portuguese x negro hybrid. That this smuggling assumes considerable volume is shown by the number of Cape Verde negroes as far west as California. Some California dairies' milking forces are now exclusively Cape Verde negro. One 10-child Cape Verde family in Sacramento lives up on neighbors' charity. At this rate it will show, in three generations, one thousand social inadequates. An American family, at the 3-child rate will then be represented by 27.

"The remedy, of course, is registration of aliens. This is done everywhere in Europe. Yet bullying hyphenate groups block registration legislation in Congress, claiming it to be "insulting."

GENERAL ELECTRIC Refrigerator

When the proud owner of a General Electric Refrigerator takes her friends in to see it, the first comment is apt to be "Why it's so quiet—you can barely hear it." The unique construction of these refrigerators has established a new standard for quiet operation! This design, however, accomplishes something even more important. It makes possible the top-unit arrangement—a distinctive feature found only in the General Electric Refrigerator. Placing the unit on top makes it possible to enclose all the machinery in a hermetically sealed steel casing. There, always oiled, it remains safe from dust and difficulties. No one can tinkler with it—no one ever needs to. Quietly, economically, the General Electric Refrigerator gives you the perfect refrigeration that does away with food spoilage and safeguards health. A small amount down. Conveniently spaced payments can be arranged for the balance. Come in today.

SHELBY HOSPITAL WINS DISTINCTION

Shelby Memorial Hospital has won a distinction that the hospital, its staff and the community should be proud of. A recent dispatch from Washington tells the complete story and is as follows:

(Special to Daily Globe)
Washington — High standards of proficiency maintained at Shelby Memorial hospital, Shelby, Ohio, have won the Shelby institution a place on the 1929 list of approved and recognized hospitals following a survey of hospitals in the United States by the American College of Surgeons and National Hospital Council of the American Medical Association. It was learned here today. The council functions as a fact finding and rating commission serving as clearing house of professional information concerning hospitals throughout the country. Honor recognition is based on efficiency of the hospital and among the most important factors considered are the following qualifications: A staff of qualified physicians who are graduates of reputable medical school, an able and ethical management, competent pathologist to study tissues removed at all operations, competent nurses, regular staff conferences and finally the institution shall not be conducted for profit but for the purpose of securing better medical service for the community. All hospitals are privileged to apply for recognition and only those which apply for admission are included in the survey. During the past year special efforts were made to secure information regarding hospitals deemed unworthy of recognition. 458 hospitals were investigated and disapproved. Twenty

Ohio institutions were disapproved. To the public the announcement of the recognized hospitals is one of extreme interest since some of us will need the right kind of hospital care within a year. The best assurance for this is in the "approved" hospital with its ethical competent staff, adequate facilities for diagnosis, and treatment, and competent supervision over all activities in the best interest of the patient. The Journal of the American Medical Association says, no development indeed is of greater importance in the care of the sick people than the widely extending services and increasing efficiency of our modern hospitals. Such hospitals are increasingly necessary because of the more highly technical and valuable methods of treatment now regularly employed in the practice of medicine.

The staff of the Shelby Hospital includes: Dr. A. M. Zebold, Dr. M. T. Love, Dr. H. H. Metcalfe, Dr. H. B. Moffatt, Dr. E. D. Dows, Dr. G. J. Searie, Dr. J. F. McHugh, Dr. E. E. Prief, Miss Blanche Metzger, R. N. Supt., Miss Clara E. Fox, R. N., Asst. Supt.

The Service of Your Bank

Practically every one nowadays recognizes the value of a checking account. The protection of funds and the accurate record of deposits and expenditures give an absolute record of your finances.

Outside of this routine business, your bank is rendering a service incomparable with any other institution. In acute financial or business problems you consult your banker. He gives you sound advice. He helps you invest your money to the best advantage. He does not charge a fee like the doctor or lawyer. It is all in the day's work.

During the month you may draw many checks against your bank account. It is the easy and convenient method. You do not stop to think that the handling of each check, every deposit slip, costs a definite amount. The bank furnishes bookkeeping labor. It provides checks, deposit slips, ledger, sheet, signature cards, statement forms, pass books, etc.

The bank is a sort of theft insurance. Every possible means for protecting depositors is used.

Every good citizen renders a service in his community. It is expressed in various ways and methods. It may mean time and effort in some public service, or helping an individual. People who can appreciate the value of doing good can easily understand what the banks are trying to do for their community and the individuals who comprise it. The protection of patrons from "wildcat" speculations; to help them save their money and to earn sound credit ratings is the earnest desire of every banker.

The borrowing of money is a big item among business men and individuals today as the greater part of development and business is done on credit. To protect one's credit and to boost all sound developments, is the work of every bank.

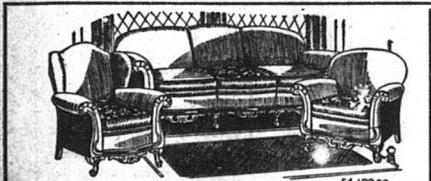

We are here to serve you in every possible way. To give you a more comprehensive understanding of what this service means is our present desire.

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or any pains or cramps. Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

WILLARD MAN COMMITS SUICIDE

WILLARD — Robert Jenney, 65, blew the top of his head off with a .25 gauge shotgun at noon Saturday at the home of his son G. R. Jenney, Woodbine-st.

Jenney placed the gun against his forehead just above the nose and pulled the trigger. The top of his head was severed and blood was spattered over the ceiling and floor of the rooms.

A letter was found with some personal belongings and papers on the dresser of his room. The letter, addressed to the son with whom he lived, said that in as much as he was unable to work he was "going to end it all."

Coroner C. L. Bell, Haron-co. coroner, viewed the body and returned a verdict of suicide.

Mr. Jenney is survived by four sons, G. R. of Willard; C. R. of Lakesport, O.; T. C. of Cleveland; W. B. of Elyria; three daughters, Mrs. G. Q. Gabb, Shelby; Mrs. James Carlisle, Bucyrus; and Mrs. Wilbur Lent, of Elyria.

MY TRIP TO 4-H CLUB CONGRESS

IRENE CLARK.

On November 19th, 1928 I was among the group of six happy 4-H Club boys and girls from Huron County who were on their way as delegates to the 4-H Club Congress at Columbus. Even though it was pouring rain everybody on the train was so cheerful that we hardly noticed it and time passed so fast that we soon found we were nearing Columbus. At about 12:00 o'clock we felt our train coming to a stop in the Union Depot at Columbus.

There were men here to meet us and we were given tickets to take a street car. Such a crowd. I don't think that another person could have possibly crowded into the car. It seemed as though every inch of space was occupied. The bell rang. The car started. Then a shriek from the passengers and the result was a heap of boys and girls on the floor. They finally picked themselves up, and after a few more stops were able to balance themselves more easily. By the end of the week, we were of course so used to standing that it was no thrill at all.

We soon reached the Nell House and after standing in crowded lobbies and after standing in a crowded lobby and a porter led us to our rooms. We unpacked our bags and found that we had only a few minutes in which to get to the University.

After we left the street car we walked to University Hall where we assembled and after being welcomed were organized into groups. We then walked back to the King Avenue M. E. Church where we ate supper along with two hundred other 4-H Club boys and girls.

In the evening we returned to University Hall, and after having some group singing we enjoyed music by the "University 4-H Club" and a concert by the "Highland Pipe Band," both of which were of great interest. Then after a bit of fun with Mr. R. B. Tom, our Recreation Leader, and a talk by Mr. Zang from China, we returned to the Nell House.

Of course everybody was excited, and even though we were tired I don't think any of the girls were asleep before 12:00 o'clock. The next morning however, we were all awake early and

ready for breakfast. The program had been planned for each day of the week. In the morning we had discussion groups which I think proved to be a big help as well as furnished enjoyment for both club leaders and members.

The first was Music Appreciation with Phyllis Buchanan as instructor. At this period we learned the value of music and how it helps to make better homes and clubs.

The second was the Discussion of Club work at Ives's Hall with Mrs. Blanche Fowers. From day to day we learned how to organize our clubs, who should be interested in club work, making club meetings more interesting, reasons for belonging to 4-H Clubs, who sponsors our clubs, etc.

We would then have assembly at the King Avenue M. E. Church and enjoy singing. At one of these periods Judge Florence Allen gave an address which I think proved educational to all of us.

After we had another discussion group with various leaders. On Tuesday it was with Mr. Tom on the subject of "Recreation." He told us what recreation was and what part it should play in our Club work. On Wednesday Miss Edna Callahan talked on "Color in Everyday Life," and on Thursday Carl Bolander gave an address on "Art in Everyday Life."

At 3:00 o'clock each afternoon we had an assembly at University Hall where on Tuesday Dr. E. R. Hayhurst talked to us about "Keeping Well Here." On Wednesday L. L. Rummel told many interesting facts about Mexico. On Thursday this period was changed until 4:00 o'clock when we met the Master Farmers and their wives.

At 4:00 o'clock each day we visited points of interest on the campus, which included Pomerene Hall, the largest and most beautifully equipped dormitory at the University, W. E. A. O. the Radio Broadcasting Station, the Stadium, Rotary and Zoology Building, the Library, Archeological Museum and Oxley Hall.

Our evening programs were varied with playlets and different forms of recreation. There were also special features each night such as The Indiana Presbyterians Choir, led by Mr. Aaron Durnell; Farmers Trip Thru the Orient, illustrated by Dean Alfred Vivian; and a one-act play by the University 4-H Club.

On Friday our program was some-

what changed. In the morning we had an assembly at which Mr. Alfred Hostes gave an interesting talk on "Flowers," Director H. C. Ramonow on "Lands of Contract, Norway and Sweden."

The afternoon was spent in visiting places of interest down town and getting ready for the Banquet, which was to be in the evening. We all anxiously awaited this and I'm sure that we went away thinking that we had even a better time than we had expected, for we had everything that could be requested at a Banquet—Food, Fun, and Finale. Dean Vivian was toastmaster, and he also gave a very pretty illustration by slides of "Rural Ohio Beautiful."

Saturday after breakfast nearly everyone left for home, but as our train didn't leave until about 5:30 p. m. we had nearly the whole day to ourselves. We visited the A. I. O. U. Building, and I think all of the seven ten cent stores in Columbus.

We arrived at Norwalk about 8:45 p. m. where we met our parents. I think that while at Columbus we received educational work which will help us in making club work more interesting in our home community.

Mrs. Guthrie Dies In Calif.

SHILOH—Mrs. Ella Guthrie, well known Shiloh resident, died at Modesto, California, Tuesday night after a brief illness. Mrs. Guthrie left Shiloh a few months ago to spend the winter with her daughter in California and letters to the home folks indicated she enjoyed her western trip.

Mayor B. R. Guthrie received word Saturday to come at once to the bedside of his mother, and he arrived just in time for her to recognize him, and then she sank into a coma from which she never rallied.

Mrs. Guthrie lived in this vicinity practically her entire life and was a progressive woman in many ways, active in the Lutheran church and its affairs, and in Angulus Chapter O. E. S. of which she was a member. She deceased was 73 years at the time of her passing. She leaves two daughters, Mrs. Florence Hermlinson and Mrs. Maud McNamara of Modesto, Calif., and one son, B. R. Guthrie.

It was Mrs. Guthrie's last request that she be laid to rest in Modesto,

OPERA
The cast for the opera "The Belle of Barcelona" is working on the finishing touches and will present the production on Friday evening at the auditorium. Mrs. Gladys Templar is the director. The costumes for the opera are unusually pretty and spectacular and special stage furniture has been constructed by the janitor. The play is for the benefit of the Parent-Teacher Association.

PLAY GREAT SUCCESS
The play "A Fortunio Calamity" which was presented Thursday and Friday evenings at the Centralized school was a great success and drew crowded houses each night. There was real acting and the parts interpreted by Mr. and Mrs. W. B. Key and the darkie dialect of Mr. Brown drew special comment. The entire cast was unusually well dressed and there was no criticism to be offered on any character while the general successes of the performance showed great care in preparation of each scene. The proceeds are for the Parent-Teachers Association and will be used for hot lunches next winter.

Mrs. C. C. Bebout was hostess to the History class Monday night. The attendance was rather smaller than usual owing to conflicting dates. The topic for study was Stevenson and was conducted by Elizabeth Ringold and Crystal Hines. The meeting next Monday evening will be with Mrs. Florence Thomas.

ANNIVERSARY
Ten friends of Mr. and Mrs. Kilgore walked in on them Monday evening to remind them of their twenty-first wedding anniversary. Bridal was enjoyed and was followed by a pot luck supper.

WILL MEET HUSBAND
Mrs. Austin McIntosh who has been visiting her aunt Miss Clara Donaldson leaves soon for Hawaii to meet her husband. She will be en route from Siam. Mrs. McIntosh was called home a year ago by the fatal illness of her mother, Mrs. May McKirrick of Kenton. The two little daughters of the McIntoshes will stay with Miss Donaldson during their mother's absence.

N. G. WASHBURN BURIED
Funeral services for Mr. N. G. Washburn were held from his late home Tuesday afternoon, conducted by Rev. Theodore Peterson of the United Methodist church. The services were held at 2 o'clock. Mr. Washburn died during the night Saturday after a few days illness with dilation of the heart. He had been in bed for several days before this one failed to respond to the treatment. His physician, Dr. Ray Reynolds had consultation with Dr. Joseph of Ashland and following the examination no hope was held out to the family.

Mr. Washburn was seventy-three years of age and had engaged thru his entire life in the grocery business. Several times he left Greenwich for a short space but always returned and took up his business again. Besides his wife he has one son, Charles Washburn of Mansfield and two daughters, Mrs. Bernice Tilton of Delaware and Mrs. George Metcalf of Greenwich. The oldest daughter, Mrs. Maude Barre died several years ago. Two sisters, Mrs. Helen Reynolds of Greenwich and Mrs. Fancher of Crown Point, Indiana, and two brothers, G. C. Washburn and Charles Washburn both of Cleveland also survive. Mr. Washburn was a kind friend and was constantly extending a benevolent hand to those in need and his death will be keenly felt in the business as well as in his family relations. The business places of the town were closed during the hour of the funeral.

TAKEN TO HOSPITAL
Mrs. H. D. Mead was taken to the children's hospital Monday in the W. H. Lett ambulance. Mrs. Mead has been in poor health for some time due to an emic condition. Her husband and son and daughter accompanied her.

TONSILS REMOVED
Mrs. Millie Osborn had her tonsils removed at New London by Dr. Smith on Saturday. She has returned home but has a very sore throat.

REACHES HIS MOTHER'S BEDSIDE
In response to a hasty summons to the bedside of his mother, Mayor R. E. Guthrie left Saturday for Modesto, Cal. where his mother, Mrs. Ella Guthrie was spending the winter with her two daughters. In a message sent by Mr. Guthrie to his wife Tuesday afternoon he stated that his mother recognizes him, smiled and spoke to him then relaxed into a comatose condition and was rapidly passing.

Lorenzo Pettit, who has been residing at his home in Shiloh, is now with his daughter, Mrs. H. L. Walters and family. Mr. Pettit has been ill for some time and his illness caused the change in his residence.

CATAWBA CLIFFS BEACH CLUB
TO OPEN JUNE 9th
John G. Robinson, Editor of Power Boating, to be General Chairman.

CATAWBA ISLAND—The formal opening of the \$100,000 yacht harbor at the Catawba Cliff Beach Club will take place Sunday, June 9.

John G. Robinson, editor of Power Boating and President of the Ohio Outboard Motor Association, is to be general chairman for the day. The festivities will include a fleet of boats at the Catawba Cliff Beach Club for a day of discovery which will enter the harbor with flags flying. Yacht clubs from the surrounding cities will enter in races, and manufacturers will give demonstrations of various types of boats. The day will conclude with an ox roast barbecue for the members of the club and their guests.

The harbor, known as Bass lake, is the only land locked harbor on Lake Erie, and is large enough to accommodate 400 boats.

The construction of the new club house will be started in the fall.

APRIL IS RUNNING TRUE TO FORM OF SHOWERS

April is starting off with every indication of making good its reputation as a month of showers. Thursday brought two thunderstorms to this section. The night disturbance was the most severe electrical disturbance of the year. Some hail fell during the storm.

Milk is bottled sunshine
We protect your supply with Seal-Kaps

THE precious vitamins of pure milk have the same helpful power as outdoor sunshine. They make rich, red blood. They build sturdy bones for children. And milk is the energy drink for youngsters. Grown-ups too!

We protect the purity of our milk with Seal-Kaps... bottle-covers that fit over the entire pouring surface and guard the rim of the bottle from contamination.

Seal-Kaps are removed by a half-turn of the hand. No bother with picks or forks. No milk spattering on your clothes. Afterwards, they become handy bottle-covers that protect your milk until all of it is used. A phone call will bring you your first bottle on our next delivery!

Here's Feed for Chicks!
WALK in and let's talk over what to give your chicks to keep them alive and growing. Let us show you a way to raise your chicks to early maturity at a lower cost per chick.
Chicks need cod-liver oil to protect them against leg weakness. They need butter-milk, alfalfa leaf meal, granulated meat, bone meal, wheat germ and other ingredients to make bone, flesh and feathers.
We have all of these ingredients carefully chosen, tested, balanced, uniformly mixed and ready to feed. **Purina Chick Starters** is the name of the feed. You'll know it by the checkerboard on the bag. The new feeding device that came to you in this year's Starters will give 15 to 20 per cent greater growth than ever before. More than 2,000 hatcheries say "Feed Starters." So do we. How many bags do you need?

CHAPEL

Wednesday, April 3 our chapel speaker was Rev. Himes. He read Samuel II, 25. Chapter about David and his son Absalom who was ambitious, good looking and had an ideal for which to work. Because he was over-ambitious he could not wait for the Kingdom by the death of his father and called together an army to overthrow his father's kingdom.

When his army was beaten, he fled and because he had long hair it caught in the branches of a tree and his mount went from under him. Then came Joab upon him and offered him another 10 shekels of silver if he would smite this man, but he would not because it was his good king David's command. Then Joab thrust three darts into Absalom's heart and he was dead. When the bad news was carried to David he wept for his dead son.

This was an illustration of Mr. Himes' subject to be respectful to your parents, and do what they know is right.

He also said there is safety in knowing your goal, acquiring it by honest means, and having a right moral principle, but you may be shipwrecked by lack of these principles.

BOOK REVIEW

"THE CHINESE PARROT" The book, The Chinese Parrot, written by Earl Derr Biggers, was published in nineteen twenty-six.

Earl Derr Biggers is an author of the twentieth century.

The book is of a realistic class with romance intermingled.

The story took place in the early part of the twentieth century at a ranch in southern California.

The characters consist of P. J. Madden, famous financier; Alexander Eden, prominent jeweler; Bob Eden, his son; Charlie Chan, a detective from Honolulu; Paula Wendell, movie location finder; Sally Jordan, owner of a valuable string of pearls; Victor Jordan, her son; Evelyn Madden, daughter of P. J. Madden; Jerry Delaney, Shaky Phook and Henry Maydort, a gang of criminals; Will Holley, editor of Eldorado's only paper; and Martin Thorn, discharged secretary of P. J. Madden who joined with Jerry Delaney and his confederates.

Alexander Eden of San Francisco, had transacted a sale of pearls between Sally Jordan and P. J. Madden, and the pearls were to be delivered in New York as soon as possible.

Charlie Chan was on his way to San Francisco with the pearls from Honolulu. Later Eden received a call demanding that the pearls be delivered at Madden's Ranch near Eldorado, southern California.

Eden, after the pearls arrive, sends Bob and Charlie Chan to deliver them at Madden's Ranch. When they arrive, separately, an incident occurs which incites suspicion that something is wrong at the ranch. They delay in the handing of the pearls to Madden and after investigating and forming theories, Bob, in search of Paula Wendell, who has been missing, finds P. J. Madden, his daughter and Paula

Wendell at a deserted mining town with Shaky, Phil, Maydort and their jail keepers. In the meantime Charlie Chan guards the supposedly P. J. Madden, Martin Thorn and Henry Maydort at the ranch after a strange incident which aroused his suspicion. Jerry Delaney looked very much like P. J. Madden. He and his confederates were attempting to get the pearls by impersonating Madden and by the aid of his former secretary. The theme of the story is one of mystery. Raymond Brooks, '31.

Real estate in this part of the county has broken ice. John Swearingin became the owners of the M. Bowser farm. Wm. Blockert bought the late George Owen farm. Herman L. Lewis of Bronson township bought, in adjoining for his son. This looks good to the writer. In all of the above the sons will own and occupy farms near their parents. Huron needs more young men farm owners. While riding with Glenn Barre, son of Mr. and Mrs. Henry Barre, last Sunday to North Fairfield, we asked him if he was getting ready to grab some of the big wages offered in shops? He said no, sir! I tried that last year. There is nothing to it.

Stern, John Yutsey and son were pleasure riders in viewing the scenic beauty west of Mansfield Sunday.

We see by the papers our friends Mr. and Mrs. M. L. Williams have stepped in the class of grand parents through the birth of a grandson in Mansfield. Our mind goes back to our schoolmate, Chas. G. Wolfersberger and Ella Derringer Wolfersberger of Shiloh who are now basking as great grand parents. The venerable president of the Shiloh Bank and his esteemed wife have our appreciation to the fullest.

Our townman Tom G. Campbell has invented a railroad device that may bring fame to our village and an appreciative reward to him. In a personal letter from Daniel Willard, president of the E. O. Railroad said he would have it investigated at once.

By his orders Vice. Galloway sent Lester L. Kerner, asst. Dir. Engineer, John Shatts Road Master, and M. Fry, gang supervisor, Akron, Ohio, who all spent some time at the Campbell home last week and all pronounced the device very worthy. The model was taken by the engineer to Baltimore for further consideration and investigation. We will gladly let the readers know the outcome.
