SERVICES HELD FOR M. DININGER

Merle I. Dinger, 34, died at the New London hospital at 8 o'clock Thursday morning after several months of intense suffering, said to have been caused by an injury received while installing tanks at a Willard filling station.

Merle Dinger was born in Holmes Twp., Crawford county, where he spent his boyhood days. In 1908 he moved to his present home south of Plymouth, just off the Spring Mill road. Mr. Dinger was an industrious young farmer and made friends throughout the vicinity who held him in high esteem. He was for a period of about three years associated with his brother, Ray Dinger, in the garage business here.

"Merle" as he was known to his many friends, was conscientious in all of his dealings with the public, always striving to give the best he had for others, and was through his untiring courtesies that he won for himself many close friends who were saddened by the news of his death.

The remains were brought to Plymouth to Miller's mortuary where they were prepared for burial. Funeral services were held Sunday afternoon at the home of his parents, Mr. and Mrs. C. Dinger, with Rev. A. M. Himes, pastor of the Lutheran church, officiating. Interment was made in Greenlawn cemetery.

The hundreds who attended the last rites exemplified the respect Mr. Dinger held in the community. It was the largest funeral Plymouth has seen for years.

The deceased leaves his father and mother, his wife and four children, four brothers, and one sister and several relatives. Sympathy of the community is extended to the bereaved ones in the loss of their son, husband and father.

The Town Doctor : The DOCTOR OF TOWNS

THESE ARE THOSE WHO'LL SAY, "IT'S ALL A LOT OF BALONEY"

Almost every honest endeavor to induce people to DO something for their community is branded by certain types of individuals as hot air, bunk, hoop and "it's all a lot of baloney." The fellow who starts whispering, "It's all outside," when "THINKING" residents talk about the value of "boosting" is usually the fellow who goes outside the record regarding the truth when making conversation about himself. Such people are so engrossed in their own littleness that they cannot grasp the BIGNESS of COLLECTIVE thinking.

The greatest service anyone can do his community is to THINK about it. Not a DUTY—IT'S BUSINESS, therefore, it isn't a question of why you should but why SHOULDNT you be a booster?

A booster is one who supports his town enthusiastically—one who gets BEHIND and PUSHES vigorously, consistently and PERSISTENTLY. The other fellow gets in FRONT and leans BACKWARD, or gets in the road making it tough going for the PUSHER.

A booster is an optimist and a job-maker; he is not a cynic nor a crepe-hanger.

A booster cheers; he never jeers, sneers, or hisses.

A booster sticks up for his community; he never turns his nose up at it.

A booster gives every fellow a "break"; he never "dishes the dirt."

A booster says, "I'll do it for the good of the community"; not, "What do I get out of it?"

A booster admires success; he never infers, "There must be something crooked about it."

A booster says, "You bet this is a good town"; he never says, "Oh, yes, it's all right if you like it."

A booster is for anything that is good; a KICKER objects to everything good or bad.

A booster is a POSITIVE quantity; a KICKER is a NEGATIVE minus.

A booster pushes and goes AHEAD; a KICKER balks, stands still and never gets anywhere.

A booster, instead of saying, "It's all a lot of baloney," says, "There may be something in that," and then THINKS about it.

You are the one to decide on which side of the fence you are going to be. Choose the side you think is for your own best interests, and then STAND UP for what you THINK.

INSPECTION HELD ARBOR DAY FOR STATE APR. 23

One of the most enjoyable meetings of Plymouth Chapter, R. A. M., was held last Monday evening when members of the local chapter and guests from Shelby gathered for regular inspection of the lodge which is in charge of Franz K. Hall of Shelby, a member of the Grand Chapter of Ohio.

Members of the chapter assembled at the Close & Bradford Restaurant where sumptuous banquet was served prior to the work and inspection in the lodge room. Places were arranged for thirty, and decorations for the table consisted of pink carnations. The color and emblematic scheme were carried out in various ways during the course of the dinner.

The first part of the dinner consisted of a beautiful arranged "appetizer" made of grapefruit with the emblem of the lodge inscribed in red pimento. The menu consisted of fried chicken, biscuits, gravy, mashed potatoes, lima beans and a cherry salad, Jello and whipped cream. The lodge scheme was again carried out when the dessert was served. Little square cakes with white icing and the letters "R. A. M." appearing on them in red icing, ice cream was served with these. A smoker was then enjoyed after which the lodge retired to its rooms for inspection.

The meeting Monday evening was a pleasant event and those present expressed themselves as being highly pleased over the affair. Besides the members from Shiloh and Plymouth two guests from Shelby were also present.

VANDALS ENTER TIRO SCHOOLS

TIRO—At an early hour Saturday burglars entered the school building here and did considerable damage to property ransacking for money, and other valuables which, evidently they thought were to be found.

When janitor Charles C. Howell went to the building Saturday to do his usual Saturday morning cleaning, he noticed that the building had been ransacked. A hasty investigation showed that the intruders had entered through a window by opening the sash, and then knocking the door off the basement entrance.

They demolished the large pane of glass of the door leading into the Farm shop and Agricultural room, and they broke open three doors of the cupboards of that room, evidently to obtain tools to further their plans. Two strong padlocks were knocked from their fastenings, and a quantity of farm shop tools were scattered about the room.

The next scene of banditry was in the superintendent's office on the third floor. Knocking out the large stained glass of the main door to the office, a chisel was used to pry open a large roll top desk. In doing this the desk was badly damaged. Gaining access to the desk, the pilferer then smashed open a small door which looked up about \$15 in change collected by the Home Economics department for lunches and candy. There was a box of Hershey's bars taken from it in a cupboard. It appeared that the burglar knew well the location of all the money in the building which he helped himself to with the exception of \$5.00, which was in the desk of Albert C. Wilson, teacher of the Junior high school department. This was ignored.

THE ORYTHIAN PROGRAM
 A delightful and exceedingly different program was rendered by the Orythian Literary society last Friday. Two readings by Lucile Pugh were delightfully given and enjoyed by all. Following this was a reading by Miriam Downer, then a trumpet solo by Walter St. Clair. Mary Katherine Derr also entertained us with a short recitation which she gave well. Then, to finish the program, a short play that was indeed realistic, was given. It was the old Shakespearean type play in which people represented architecture, furniture, trees, flowers and shrubbery. The characters did not speak but just acted. Sad to say it ended with the death of all the participants.

SHILOH LITERARY
 Several of our students were visitors in Shiloh last Friday night when the Atlans and Delphin Literary societies of Shiloh High School held their annual cup contest in the auditorium, to see which society was to hold the cup for the coming year. The Delphians won Friday night with a total of 575 points, the Atlans were close behind with 571 2/3 points. But the Delphians did not win the cup because the Atlans averaged more points for the year.

WIFE AND OTHERWISE
 Perhaps you have noticed Tubby's slicker. If not, there's a big treat in store for you. See, it's all painted up with this and that, but best of all we've had an inscription "Kiss Me Again." Congratulations, Tubby, but the fair one is still a mystery to us.
 Did you hear about the boat turning to stone?
 "No."
 "Yes, the wave made it rock."
 I haven't much faith in the fellow who makes everything; less in the fellow who knocks everything and not any in the fellow who is indifferent to everything.
 We always thought Junior Bachrach was a bright boy until he told us he thought "Hamlet" meant a young pig.
 Eleanor DeWitt was chosen for health officer for the coming month. We made some booklets of the Southern States. Each pupil chose a state, wrote important facts about it and found pictures to paste in about the state.

Whereas the council has requested the Village Clerk to issue a certificate as to the estimated life of the improvement to be constructed from the proceeds of the bonds hereinafter referred to, and of the notes to be issued in anticipation of said bonds, and the Village Clerk has certified to this council such estimated life as exceeding five (5) years, and has further certified the maximum maturity of such bonds as twenty-five (25) years, and such notes as two (2) years, now therefore:

BE IT ORDAINED BY THE COUNCIL OF THE VILLAGE OF PLYMOUTH, STATE OF OHIO:

Section 1. That it is deemed necessary to issue bonds of the Village of Plymouth to the total principal sum of \$2400.00 of which \$1500 shall be bonds of the Village of Plymouth for the purpose of the cost of said improvement and \$900 shall be bonds issued in anticipation of the collection of special assessments to be levied against the property benefited by said improvement. The proceeds of said bonds shall be of the proceeds of a fund for the purpose of constructing and reconstructing a portion of the Sandusky Street sewer.

Section 2. That bonds of the Village of Plymouth shall be issued in the principal sum of \$1500 for the village's portion of the cost of said improvement and said bonds should be of the denomination of \$100 each and shall be dated July 1st, 1929 and bear interest at the rate of 6 per cent per annum payable semi-annually on the first days of July and January of each year until the principal sum is paid and shall mature in their consecutive order as follows: \$100 on the first day of January in each of the years from 1931 to 1934, both inclusive, which maturities are hereby determined to be in substantially equal annual installments.

Section 3. That bonds of the Village of Plymouth shall be issued in the principal sum of \$900 in anticipation of the collection of special assessments for the property owners portion of the cost of said improvement as follows: \$100 on the first day of January of 1929 and shall bear interest at the rate of 6 per cent per annum payable semi-annually on the first days of January and July of each year until the principal sum is paid and shall mature in their consecutive order as follows: \$200.00 on the first day of January of each of the years from 1931 to 1934, both inclusive, which maturities are hereby determined to be in substantially equal annual installments.

Section 4. That it is necessary and this council hereby determines that notes shall be issued in anticipation of the issuance of said bonds.

Section 5. That such anticipatory notes shall be in the amount of \$2400.00, which sum does not exceed the combined amount of the bond issues of \$1500.00 and \$900.00 respectively and shall be issued bearing interest at the rate of 6 per cent per annum payable at maturity. Such notes shall be dated the 20th day of May 1929 and shall mature on the 20th day of September 1929 provided, however, that such notes may be redeemable at any time by payment of principal and interest to date of redemption. Such notes shall be executed and delivered in such number and such denomination as may be requested by the purchaser of such notes.

Section 6. Such notes shall be executed by the Mayor and Village Clerk and bear the seal of the corporation. Shall be designated "Sandusky Street Storm Sewer Notes" and shall be payable at the offices of the People's National Bank in the Village of Plymouth, Ohio. They shall express upon their face the purpose for which they are issued and that they are issued pursuant to this ordinance.

Section 7. Said notes shall be first offered to the Sinking Fund Trustee of the Village and so many of the same as shall not be taken by said Trustee shall be sold at private sale by the Village Clerk; but for not less than the par and accrued interest and the proceeds from such sale, except any premium and accrued interest thereon, and the amount necessary for the payment of interest prior to the maturity of said notes, shall be paid into the proper fund and used for the purpose aforesaid and for no other purpose. Any premium and accrued interest and the amount necessary for the payment of interest prior to their maturity shall be transferred to the Sinking Fund Trustee and collected by them in the payment of principal and interest of said notes in the manner provided by law.

Section 8. Said notes shall be the full general obligation of the city and the full faith, credit and revenue of said city are hereby pledged for the prompt payment of the same. The par value to be received from the sale of said notes and any excess fund resulting from the issuance of said notes shall be to all other taxes a direct tax annual only for the retirement of said notes at maturity, together with interest thereon, and is hereby pledged for such purpose.

Section 9. During the year or years while such notes or there shall be levied on all taxable property in the Village of Plymouth in addition to all other taxes a direct tax annual not less than that which would have been levied if bonds had been issued without the prior issue of such notes.

Said tax is hereby ordered, computed, certified, levied and extended upon the tax district and collected by the same officers, in the same manner and at the same time that taxes or other purposes for each of said years are certified, extended and collected. Said tax shall be placed before and in preference to all other items and for the full amount thereof. The funds derived from said

tax levies hereby required shall be placed in a separate and distinct fund, which, together with the interest collected on the same, shall be irrevocably pledged for the payment of the principal and interest of said notes or the bonds in anticipation of which they are issued when and as the same falls due.

NEW HAVEN SCHOOL NOTES

SENIOR PLAY

The Senior class will present its play in the Town Hall at New Haven, Thursday and Friday evenings, April 25th and 26th at 8 o'clock. The play to be presented is "Ducks," a comedy drama which is full of laughs and thrilling moments. The scenes are laid in a ranch in Montana where ducks are being raised to increase the finances of the young owner of the ranch. The entrance of an air pilot, the victim of an accident causing loss of memory, adds new complications and so the play continues providing a full evening of good entertainment. Admission will be twenty-five and thirty-five cents.

PARENT-TEACHERS' MEETING.
The Parent-Teachers' Association enjoyed a splendid program at New Haven Friday evening. Dr. Miller of Ashland who was the principal speaker, gave a most interesting travel talk describing particularly the scenes which greet one in Egypt. Special music was furnished by Mrs. Struyk. Several recitations were also given by pupils of grades. The next meeting will be held the fifth of May.

CHAPEL

Rev. Himms of Plymouth conducted the chapel services at New Haven Tuesday morning. The message which he presented was based upon the life and death of Abolomon. Some very worthwhile lessons which may be applied to the young man or woman today concerning conceit, unworthy ambition and pretense were drawn from this Old Testament character.

Rev. Miller left Monday for Millersburg where he will attend a meeting of Wooster Presbytery.

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: “One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause diarrhea or gas pains or griping.”
Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

Acids in Stomach Cause Indigestion

Medical authorities state that nearly all cases of stomach trouble, indigestion, sourness, burning, gas, bloating, etc. are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.
Pharmanol is a wonderful relieving agent in all cases of stomach and bowel trouble. Pharmanol comes in handy tablet form and is not unpleasant to take. Positively does not contain any habit-forming drugs and may be used by young and old. Entire satisfaction or your money cheerfully refunded.

Years of service in MODEL T FORDS

The Model T was so strongly and sturdily built that it is still rendering reliable, economical service to motorists in every section of the country. Millions of these cars can be put in shape for two, three and five more years of use at very small cost.

So that you may have this work done economically and satisfactorily, the Ford Motor Company is still devoting a considerable section of its plants to the manufacture of Model T parts. It will continue to do so as long as they are needed by Model T owners. The following list gives the approximate labor charges for reconditioning the Model T Ford:—

Engine	
Tune motor (including replacement of commutator case, brush and vibrator points if necessary)	\$1.00
Grind valves and clean carburetor	\$3.75 to 4.50
Overhaul carburetor	1.50
Reline detachable car transmission bands	1.50
Install new pistons or connecting rods	6.00
Tighten all main bearings	6.00
Overhaul motor and transmission	\$20.00 to 25.00
Rear System	
Replace rear axle assembly	2.50
Install universal joint	3.00
Reline brake shoes	1.50
Replace rear axle shaft, drive shaft, pinion, or drive gear	5.00
Overhaul complete rear axle assembly	\$5.75 to 7.00
Rebush spring and perches	1.75
Oil and graphite springs	3.00
Front System	
Overhaul front axle	\$4.00 to 5.00
Rebush spindle bushes and arms (both sides)	2.50
Replace or straighten spindle connecting rod	.75
Tighten radius rod or steering ball cap	.60

These prices are approximate and are for labor only, because the need and number of new parts depend on the condition of each car. The charge for these parts is low, however, because of the established Ford policy of manufacturing and selling at a small margin of profit.

Sickly Boy, 7, Gains 15 Lbs.—Father Happy

"My boy, 7, could not eat. I gave him Vinol and the way he eats and plays now makes me happy. He gained 15 pounds in 7 days. Vinol is a delicious compound of cod liver peptone, iron, etc. The very FIRST bottle often adds pounds weight to thin children or adults. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. Tastes delicious. Karl F. Webber, druggist."
