

MUSICAL COMEDY STAGED OCT. 10

Public Will See High School Comedy Team, Long and Davis, and Other Plymouth Talent.

On my way past the Auditorium door the other evening after school the following statements attracted my attention: "One—Two—Three—Four." "Sing! Sing! Point your toes—Relax your bodies—Now let's see you snap into it!" I inquired of a passing student what was going on inside, but he didn't know, so I ventured in to find out. A charming young lady approached me with this question, "Are you in the comedy?" "No," said I, "but what is all this you are doing?" "Well," said she, "I am Curtis Virginia Davis, the director of a comedy. That's that."

"Don't you ever get tired of all this?" "I should say not. The John B. Rogers Co. does not keep directors who have the word 'tired' in their vocabularies."

"Tell me some more."

SYNOPSIS

Florida, so it seems, is a dream place for many people. Some seek health and happiness, some wealth and positions, others just a gay good time. We are introduced to a number of such people in one of the Palm Beach hotels. The gay young set rushes madly on in a brilliant social whirl, and we are given a glimpse "under the surface of things." Kenneth Nielson, a son of wealth, plays a hand of romance in a slightly different manner. He meets and woos Eloise Reswick, one of the social buds. A number of situations arise—Kenneth's friends try to assist—Cupid plays a merry old game with the whole crowd—but in the end they all find happiness—end "THAT'S THAT."

FERTILIZER FAKE FOUND BY STATE DEPARTMENT

A very important feature of the Ohio Department of Agriculture's work, especially for farmers, is the inspection of commercial fertilizers. Before this work of inspection was as thoroughly established as it is now the farmers were imposed upon by unscrupulous manufacturers who could understand conscientious manufacturers by substituting cheap and inferior elements for those supposed to enter the standard fertilizers.

Some years ago it was discovered that a state employee had for a long time been receiving pay for a legal falsification of the system was discovered by accident. Under the system of checks used now, the affair would be impossible, and the state certificate now gives the farmer what he has paid for.

GRAFT DISCOVERED MADE IN MONEY EXTORTED FROM "PETERS" ON HIGHWAY

Columbus newspapers are giving their readers the facts about Justice courts that operate around the fringes of Columbus.

The papers assert that these courts in many instances have become nests of grafters with magistrates and ruling constables splitting the money extorted from "peters" along highways. Fear of exposure enables the dishonest officials to practice their tricks.

The papers are giving the facts, but have not suggested a remedy, says a Springfield paper. The situation is said to be different in rural communities, where the justice court is the only arm of the law the people have. Many inquiries reach the department of Agriculture regarding the use of force of protection will be provided to replace the justice and constables.

Rev. A. C. Miller Gives Anniversary Address

The anniversary sermon of the Fortieth Anniversary celebration of the Bethany Evangelical Lutheran Church of Lima, Ohio, was presented by Rev. A. C. Miller, D. D., of Louisville, Kentucky, known to the majority of Plymouth residents.

The anniversary service was held on Sunday morning, September 21st. Rev. Miller also delivered the sermon for the Organizations service, given on the same date. The homecoming and closing service was presented on September 24th, with the present pastor, Rev. W. E. Ebert in charge.

The church organization was effected in September, of 1890 with forty-four charter members, under the direction of Rev. Miller, who then served as pastor until 1894. The first title, First Evangelical Lutheran Church, has been changed to the Bethany Ev. Lutheran Church. The present church edifice was erected in 1893.

To Rev. Miller is addressed the following: "Forty years ago it was your privilege to organize Bethany Ev. Lutheran Church, and serve the newly organized congregation for forty years. This is but one of the many splendid services you have rendered to the Lord in your long years of labor in God's Kingdom. You have planted, others have watered, and God has seen the increase. An abundance of fine fruit has been brought forth during these forty years as a tribute of your faithful service. And today we pay you high tribute as one of God's faithful servants. We rejoice not only in the celebration of forty years of existence and activity in God's Kingdom, but the fact of your presence and celebrating with us today is a large contributing factor to the running over of our cup of joy. May God richly bless and reward you in the sunset days of your life."

Tuberculosis Tests are Completed

One-Half of One Percent Cattle In County Tubercular.

Testing of cattle for Tuberculosis will be completed in Richland County this week according to inspectors in charge. Only a few scattered herds remain to be tested and these are being rapidly cleaned up by a force of State Veterinarians.

Less than half of one percent of the cattle reacted or were affected with Tuberculosis. These have all been slaughtered. Richland County was one of the last counties in this section of the state to be tested. Morrow county was finished in the spring. Ashland and Crawford have been tested for more than a year and Huron for a much longer time.

Richland County farmers wanted the test because their markets were limited without it. Milk could not be sold in Cleveland, Columbus, Akron, Youngstown or other neighboring towns without it came from tested cows. Cattle could not be sold in neighboring counties unless they were tested.

Eradication of tuberculosis in milk cows benefits all in the community. It makes milk safer for human consumption. This test was made without expense to the farmer by state and federal Veterinarians.

Plymouth Girls Trained at General Hospital

Three Plymouth girls, Helen Becker, Alverta Hale and Lucille Briggs are being taught the twenty-six student nurses taking their training at the Mansfield General Hospital. It is expected that a new class of eighteen will enter during October.

In order to enter training at the Mansfield hospital, nurses must have at least the twenty-six student age and have at least a high school education. During their three year period of study, they spend four months in the study of children's and contagious diseases at the Cleveland City hospital, this affording them the very best training. Miss Hale left Tuesday for Cleveland to take up this phase of the work.

Dr. G. J. Searle, Jr., formerly of Plymouth, if a member of the hospital staff, other doctors include C. R. Keller, D. C. Levensler, R. Y. Myers, R. F. Myers, O. H. Schettler, B. E. Shreffler, R. C. Wise and G. C. Smith. In addition to the classroom work and practical instruction, lectures on the subjects of medicine and surgery are given by certain of the above doctors, and so small part of the school's services to the hospital is due to their untiring efforts to provide adequate instruction.

LETTER OF CIVIL WAR FOUND, DATED IN 1869

A letter written by a Confederate soldier while at Johnson's Island during the Civil war, is in the possession of Bruce Graham, a North Fairfield boy.

Graham, who entered O. S. U. this fall for an M. A. degree, has always been attracted by antiques of every sort. While in Tennessee he explored a deserted manor house which yielded a number of valuable old papers among them being a letter signed by W. B. Jones, 64th North Carolina Infantry, and addressed to Col. Lloyd Bullen, Bristol, Virginia. It is dated July 6th, 1869, and tells news of comrades, prisoners of war. It is enclosed in an envelope with a three cent Washington red stamp, and written in the left hand corner "Flag of France."

A number of other interesting letters, deeds, and papers were found, which were not claimed by the residents of the neighborhood and are kept in Mr. Graham's possession.

PROSPECTS OF FACTORY IN WILLARD ARE GOOD

Beelman, of Willard, leaving \$10,000 to be raised by the town.

PAPER FOLLOWS MAN OVER AMERICAN CONTINENT

The old world of ours is but small after all, it is evinced by a letter received from Francis Long, of Jackson, Missouri, who stated that the advertiser has followed him through the provinces of Canada, and the majority of the states in the Union.

We will quote his letter below: "You will find enclosed a check for \$2.00 for another year's subscription to the Advertiser. I might add here just what I am anxious to continue this subscription. Firstly, it is a real worthwhile birthday present to my mother, and secondly, I would miss it more than a little during my travels throughout the country. On June 15th I was notified by my employers in Baltimore to report there for a new position. Upon my arrival I was notified that I was to make a survey of a number of our offices throughout the country."

"I left immediately for Winnipeg, Manitoba; Regina, Saskatchewan; Great Falls, Montana; back up into Canada to Edmonton, Alberta; then a wonderful trip through the Canadian Rockies to Vancouver, British Columbia. From there I made a trip down the West Coast through California stopping at Seattle, Portland and Los Angeles. From there I continued on a hot trip through the desert to Phoenix, then into Texas to El Paso, (taking this opportunity to a trip into Mexico) San Antonio, Austin, Houston, Galveston, and New Orleans. During this entire trip it has been my pleasure and great fortune to keep in touch with home through your good paper which has been sent to me weekly by my mother. I'm always looking ahead for its arrival, and it never can reach me too quickly."

I will appreciate your giving this matter your prompt attention so that we will continue to receive your paper regularly, and assuring you that it is with pleasure that we continue as a member of your "Big Family," I am, Yours Very Truly, Francis Long."

Those attending the Huron Co. W. C. T. U. Convention which was held in the Methodist church at Willard last Thursday afternoon were: Mr. and Mrs. J. L. Price, Mrs. Emma Rank, Mrs. Jessie Phillips, Mrs. Deslie Davis, Mrs. Elmer Stotts, Mrs. Iva Gleason, Mrs. J. H. Baltzell, Miss Glenna Baltzell, Mrs. A. A. Ross and Mr. John Dawson.

The Plymouth white ribbon quartette gave musical selections on both afternoon and evening program. These ladies always give pleasure wherever they sing. A number that stirred the hearts of the hearers, was the "Boys' Chorus." Best had been boys of about nine and ten years of age, under the direction of Mrs. R. K. Williams with Miss LaBounty, Principle of the East Side School at the piano.

During a short program at the banquet a p. m. short remarks were made by County President, Rev. Miss Letitia Supt. of Schools, Mr. Jenkins, Sec. of W. M. C. A. Mr. Jenkins told of the Mayor's stand for the enforcement of the law and one of the outstanding remarks of Supt. Lundy was that the Literary Digest had been banned from the Willard Schools because of its wet propaganda.

Mrs. Lulu Gleason, of Toledo, made an inspiring address in the evening. The election of officers resulted in Mrs. R. K. Williams, Willard being made County President; Rev. Miss Letitia Supt. of Schools, Mr. Jenkins, Sec. of W. M. C. A.; Cor. Sec.; Miss Mabel Higgins, Bellevue, Treasurer.

U. which will be held with Mrs. Stotts, Friday, afternoon, October 10th. Members are asked to note the change in date from October 17th the regular meeting day.

OLDEST SUBSCRIBER IS RESIDENT OF SEATTLE

A very interesting note has been received by the Advertiser from whom we think to be the oldest subscriber, Mrs. M. T. Hough, of Seattle, Washington. She writes that she is the remnant of the "home town news."

Mrs. Hough is in her 90th year, and is yet enjoying life to the fullest extent. Perhaps she will eventually say "The first hundred year were the hardest." If this former Plymouth resident's health is to be taken for an example, there will be a sudden exodus from Ohio to Washington. She states that she is fairly well, and attends Sunday School, church and W. C. T. U. meetings.

"I am still interested in my old home town, my mother and father and friends. I still have them. It will be thirty-seven years in October that we left Plymouth."

Mrs. Hough writes in a very legible hand, and it is hoped that she will write home again.

The oldest subscriber to the Advertiser who is older than Mrs. M. T. Hough, we would appreciate a letter.

Cross Country Work Explained by Students

I will try in this issue to describe to you the principles of fall track. The course on which the boys are to run is two and one-half miles long. Any school can enter as many as seven men of which the first five are counted. The team having the lowest score wins.

For example we will say a meet between Shelby and Bucyrus. Shelby gets a 1-57-89 and Bucyrus gets 2-3-4-10. When added Shelby gets 30 points and Bucyrus 25. This means Bucyrus wins by five point margin. Don't take it seriously because it is only an example.

Excuse me, boys, don't think I forgot about your meet. Oh, my, folks do you realize that Saturday, October fourth spells a cross-country meet with Mansfield. Well boys let's "Beat em" which one of you boys can lower that record made by Lakewood? It is only 13 min. 19 2/5 seconds.

GYM NEWS

The girls of the high school gym classes have organized baseball teams and are enjoying the hour of outdoor exercise that is received when they play ball.

The girls are divided into two teams, the "Blue Flash" managed by Mary Gebert and the "Red Socks" managed by Ellen Anderson. In the last game the "Red Socks" won the game from the "Blue Flash" with a score of six to seven. The better baseball players are chosen from the two teams, and are made up into one team, the "Plymouth" team.

SECOND GRADE NEWS (Apology to the Second Grade)

The editor of the Post wishes to apologize for the non-appearance of the Second Grade news last week. The second grade has twenty-eight pupils this year. There are 15 girls and 13 boys. They have every seat full in this room.

The second grade was given a book by the Parent-Teachers Association for having the most parents at the meeting last Thursday evening. The Parent-Teacher meets the third Thursday of each month.

old building. It also affects other people; the people that live near it or a tourist passing through the village. The putting up of a flag pole so that we could have the beautiful American flag flying in front of the building, surely adds to its attractiveness. The walks are not yet finished but soon will be. The men are now working on the drive that goes around the building.

Mr. John Reed, former Science teacher at P. H. S., visited school last Friday afternoon. Mr. Reed plans to attend Ohio State this year.

Miss Corinne Scott of the class of '27, who attends Ohio State University School of Nursing, called at school last Monday afternoon, before her return to State.

Marjorie Becker, of the class of '30, better known by P. H. S. as Tomboy, was an all day visitor at school last Wednesday.

Clea Anderson, of the class of '30, was a Friday caller at P. H. S.

Ruth Fanner who is now continuing her educational work at Ohio State University, was a Thursday visitor of P. H. S.

Robert Baltzell, who graduated in 1930, is continuing his studies at Ohio University, Athens, Ohio.

Miss Helen Pancoat and Miss Marie Hartart spent the week-end with their parents in Ashland.

Miss Eleanor Searies, another alumna of P. H. S., sang in chapel last Wednesday morning.

Mr. Wolf and family spent Sunday in Savannah.

NEW HAVEN-PLYMOUTH GIRLS INDOOR GAME

The maidens of our near neighbor, New Haven, journeyed to Plymouth to display their remarkable ability at the game of indoor ball. Rumors about these girls becoming so wrapped up in a game of indoor at noon that they might forget to eat their lunch had reached Plymouth so we were expecting the best and we were not disappointed as they certainly can "play a mean ball" to say nothing of their pitching and catching ability. The final score was New Haven 31, Plymouth 5, which shows that the P. H. S. girls put up the fight and came out remarkably well, considering the fact that they only had one practice.

With females in cables and sophis in hoops;

Fresh from the paint shops and buttered with crushes;

With dealers in clothes and cosmetics and eccoses,

With cargoes of daddies and pets of the stages;

Mother: "Your dad says it can't be done."
Betty.: "Say, mamma, have you ever tried throwing yourself on the floor and kicking your feet the way I do?"

She: "Sir, your flattery falls on deaf ears."
He: "Aw, I know there was some thing wrong with you!"

"THAT'S THAT" OCT 10

Enthusiasm begins to grow with the beginning of actual work on the recently announced enterprise of P. H. S., namely the production of the musical comedy, "That's That". The play will be staged at the High School Auditorium, on Friday night, October 10th.

"That's That" gives ample opportunity for the display of talents of the highest type along a great number of lines. We are sure that the enterprise will be extremely popular here.

Reports on the play in other cities, where staged, indicate it to be a top-notch in the field of musical comedy. Some of the more such description lines as: "A hilarious and beautiful musical extravaganza"; "The fastest two hours of the year"; "A continuously interesting performance with a wealth of beauty and music worth listening to."

T. S. JENKINS

Small, but mighty, is this man, A man so loyal and true, A man that tries his very best To make a man of you.

He stands before his every class So straight and clean in form. He laughs at every little joke, He calms the rising storm.

We pay him tribute all through life In many different ways, But none can show our own true thoughts Throughout our high school days.

He: "Ha, ha! I've just been fooling you all the time. (Tearing off his wig) Lookie! I'm bald-headed!"

"Instead of studying for the finals last quarter, I went on a drinking party the night before."
"Did 'ya pass?"
"Yeh—out."

"Are you laughing at me?" demanded the irate professor of his class.
"No," came the answer in chorus.
"Well," insisted the professor, "what else is there in the room to laugh at?"

HAND-BILLS SHOULD NOT BE PUT IN PARKED CARS

Some enactment should be made to effect, prohibiting the peddling of it individuals opening the doors of parked automobiles and throwing in hand bills, circulars, or what have you. The owners in nine cases out of ten, when discovering their presence, promptly throw them out without more than a glance at them, thus adding to the litter accumulating for the street cleaning departments. No person has any more right to open the door of a parked auto not belonging to him than he has to invade a private residence and the custom altogether, too long winked at should immediately be stopped under penalty.

Public Aid Asked to Retain Oil Paintings

The numerous pictures, including some fine oil paintings, which were so kindly loaned to the Plymouth High School upon dedication of the building by the Culver Art & Frame Company, Westerville, Ohio, will probably soon be removed. Supt. Miller has expressed a desire for the retention of the Canterbury Pilgrims, a large masterpiece that is so appropriate for the Plymouth School. The picture concern has made him a proposal which gives him ample time for payment of the account.

Two other subjects among the number of pictures that were displayed are the Declaration of Independence and Washington Crossing the Delaware, both of which hang in the front lobby of the building. The School would like very much to retain all three of these pictures, and has appealed to the public spirited citizens of Plymouth to render their help. Those who have visited the new Plymouth building are very much impressed with the finished appearance that these pictures give to the reception corridor.

THE OLD BRICK HOUSE

The old brick house that stands on Sandusky street isn't what is used to be—a home that hid slaves during the time of slavery, known then as an underground railway. But now what is its use? For boys to break windows, to pull the plastering from the walls and tear up the floors, looking for secret passages. The house might have been beautiful once, but now it shuts off a beautiful view, the new Plymouth High School Building.

We hope the approach to our High School will soon be a view of a well-wooded yard, large shade trees and beautiful yet well placed shrubs; instead of the present Old Brick House with its flowerbeds of weeds.

SPORT SHAVINGS

By Barber

Due to the fact that history has a habit of repetition, there arises another cause for guesses, conjectures, and predictions of what have you. And take it from the lads, who are in the know, one guess has to be right.

According to the Big Shots in a baseball way, he who guesses that Philly will cop the W. S. pennant, will be very much o.k. in his conjecture. Not only that, if he should be very bold, and place a small coin to that effect, then he will be able to take home that quart of ice cream that he has promised the deserving wife—for a month.

Then when it looks like we're about got the W. S. winner all doped out and ready to pluck those well known grapes up from another wise guy and howls that anybody who thinks the Athletics or any other bunch of similars can bowl over the Cards, has simply been out in the rain too long, to be quite brief—they're all wet.

The Crimson Flashes, translated, Willard H., boasts of an uncessed goal line in the grid dashes, and a total of 33 points scored. Whether they have a torrid group of pigskin maulers, or whether their opponents have proved weak sisters, be that as it may, but they have as yet been unaced upon.

Old P. H. S. opens their cross country affairs with a jaunt over to Mansfield on October 4th to take on the M. H. S. harriers. The cross country matter, this year should be fairly good, as they have quite a number of veterans. Well, gang, let's go out and pop up the old bacon.

And over in the City of Brotherly Love, they're celebrating Grove's Day. Cause why? Well it happened that old Letty felt like burning things up, and so he proceeded by giving the Cards a hot reception. As one feller said, "Boy, didn't Grove groove 'em." The mob is also clamoring about Mickey and Al, who proved that the A's had plenty of sockology left. Those lads smashed a couple of circuit gallops.

Tourists Annual Picnic Monday Evening

The annual picnic of the Tourist Club was held Monday at the summer cottage of Mr. and Mrs. Percy Root. All Tourists are present to the number of 14, and three guests, Mrs. John Flemming, Mrs. Harry Dick and Mrs. Joe Sprague.

FROST APPEARS, BUT NO DAMAGE IS DONE

Report on Keeley Institutes Given

Only Fifty Patients For Cure of Inebriety Today; Were 50,000 Treated in First Year

The article given below was sent direct from the National W. C. T. U. in Evanston, Ill. It was read by Mrs. Elmer Stotts at the meeting of Plymouth W. C. T. U. held in the home of Mrs. Sam Kiefer.

"There are about fifty patients at the Keeley Institute for the cure of inebriety today; a fact which the wags say indicates an increase in drunkenness.

"In the first year of the Keeley institute there were FIFTY THOUSAND PATIENTS.

"Eight years later when the founder, Dr. Leslie Keeley died, he had treated three hundred thousand patients, of which twenty per cent had been women.

"At the height of his success there were 84 Keeley Institutes, and the Banner of Gold, official Keeley League weekly magazine indicated that in all these various Institutes there were twenty-five thousand inebriate patients every week.

"As far as we can ascertain there is but one Keeley Institute doing business today. There was also a Keeley Institute in each of Uncle Sam's Soldiers Homes, twenty-eight in all, and in one year, Secretary Lamont reported, fourteen thousand veterans got rid of the whiskey habit. From one home in one year 741 veterans rid themselves of the whiskey habit and left to go to work and support themselves.

"These statements are all taken from the "Banner of Gold," the official weekly magazine of the Keeley League, composed of ex-inebriates. The secretary of the league once said the saloons were making inebriates at the rate of 250,000 a year, faster than Dr. Keeley could cure them. "In addition to all that the Keeley system was doing with its main hospital at Dwight, with 83 branches and the soldiers' home branches, there were 300 competing institutions all doing flourishing business. One of these was the largest liquor hospital in the world, it claimed. This was the Washington Home in Chicago which treated three hundred thousand patients before it closed on account of prohibition in 1923."

SHEEP KILLING DOG IS DESTROYED IN PERU-TWP.

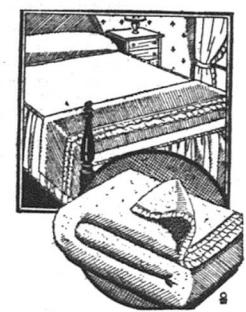

A large sized black German police dog that undoubtedly had reverted to the wild stage, was shot and killed in Peru township early Tuesday evening after a posse of 50 men, headed by Sheriff Smith and Huron county Dog Warden Fred Clark, had hunted fruitlessly through Peru and Greenfield townships all day. The dog was shot by Theron Smith of Greenfield township.

The canines had roamed about the countryside for the past two months during which time it is believed that it killed or maimed more than 125 sheep. Monday night the dog killed six sheep on the Hermer farm, in Peru township.
