COLUMBUS, O., Feb. 13.—The most ambitious summer school in its history is being planned at Ohio State University.

Faculty members of 17 departments of instruction will be augmented by visiting instructors. Among the latter are two leading British scientists, and a number of widely known American educators. Both the British scientists will join the chemistry faculty. They are Prof. T. M. Lowry, of Cambridge University, and R. A. Morton, of the University of Liverpool.

Outstanding among the Americans will be visiting professors here next summer are Dr. Frank P. Graves, president of the University of the South, and Dr. J. T. Klein, director of the U. S. bureau of education; and Dr. John L. Clifton, state director of education for Ohio.

Departments whose staffs will be augmented by visiting professors include those of history of education, physical education, psychology, principles of education, school administration, botany, chemistry, economics, history, mathematics, physics, political science, romance languages, sociology and zoology.

CHICOTEL SENTENCED TO MANSPFIELD REFORMATORY

Michael Chicotel, 32, of Norwalk, a former W. and L. railway worker, was indicted on the charge of trying to extort \$2500 from W. Taber, a Norwalk business man. He was sentenced by Judge Irvin Carpenter to a term of from one to ten years in the Mansfield reformatory.

The statement made by Carpenter at the sentence was given, "I don't think you are a vicious criminal, but this is a vicious crime. I could send you to the penitentiary for 25 years." Chicotel confessed to the blackmail letter sent to Taber.

SENTENCE DULL TO DIE JUNE 11th

TIPPIN, O.—Death in the electric chair at Ohio Penitentiary, June 11, was ordered for Lawrence Dull, 24, of Tiffin, who was convicted last week of killing Roy Tish, Fostoria Pilling Station attendant.

The sentence was imposed by Judge James H. Platt after he overruled a motion for a new trial which Attorney General Tish had asked.

Judge Platt's sentence was required by the verdict of the jury which found Dull guilty of first degree murder without mercy.

Tish was killed November 20, while defending the station from an attempted hold-up by two robbers.

Kenneth Brown, 34, of New Kingsville, O., who confessed he assisted Dull in the attempted robbery, is in a serious condition in jail here from a wound received as Tish exchanged shots with Brown's companion, Brown, brought into the court on Tuesday.

Dull's trial, testified Dull was the "biggest man."

Dull's defense was that the killing was not intentional.

Dull was received at the state penitentiary late Saturday and was placed in death row.

The mercury these wintry days is just like the November stock market. Every few days it hits a new bottom.

DO YOU REMEMBER

Once upon a time, when the old school building was yet looked upon with pride, there stood a marble shop on the lot just to the east. The proprietor was a man known as Hil Vincent who was considered around town as a practical joker.

In what is now the residence of Mrs. Frank Smith, Dr. R. Bevier, lived. It seems that between the barn, back of the Bevier home, and the school house stood a good-sized grove of trees. Bevier was much interested in chickens, and was quite worried because of the number of owls that lived in the trees and threatened his fowls.

Late one evening the doctor prepared his shotgun, stole himself for another night's quest stealthily from the back door. There upon the ridgepole of the barn roosted a perfectly good owl. One shot—two—"Bad aim," said the hunter, "brave owl." Three shots—the fourth—"By gum!" said the doctor.

And Hil Vincent held his sides and shook with laughter, and the solemn owl remained on his ridgepole never flapping one wooden wing, and with no whit of fear in his brave wooden heart.

GRAHAM GRAVE NOT IN PLYMOUTH AS REPORTED

A false report in a number of papers led to the rise of rumors about Plymouth that a grave was soon to be opened in the local cemetery in hope of solving the Graham mystery.

The error of substituting Plymouth for Portsmouth, Ohio, was made.

The disappearance of Harold Graham, a clerk in the Mellon bank of Pittsburgh, who was a personal protégé of the Mellon family has never been solved. No clew has been unearthed, and no motive has been found. A body, which is now thought to be that of Graham, was taken from the Ohio River and identified in October by Mrs. E. Hammond as that of her son and buried in Portsmouth.

COMPLETES QUILT

Mrs. Frank Tubbs has just completed an Audubon Quilt, the designs taken from issues of the Cleveland Plain Dealer.

It consists of twenty-four blocks worked in a pretty shade of blue on unbleached muslin. The first block is the robin, "The Harbinger of Spring," whose return is so eagerly awaited after the winter months. This is followed by other birds familiarly known to us—all the jay, owl, wren, blue bird, kingfisher, etc., until all the more common birds are worked into the quilt. These are then put together with blue blocks of gingham the same size as the unbleached ones and quilted in the diamond design.

The back of the quilt is also blue and bound in the same color. Completed—it makes a quilt well worth the time and effort put into it by Mrs. Tubbs, who stated it required her spare time throughout the winter.

The Ladies Aid of the Lutheran Church did the quilting at the home of its president, Mrs. Alberta Hoffman and required practically two days work.

Mrs. Tubbs and her husband reside on Mills Avenue when not busy about her household work, she is constantly employing her fancy work and has many beautiful pieces completed.

Seldom does Mrs. Tubbs leave her home but never a day passes without friends stopping in to see this couple—not only from the neighborhood but from out-of-town.

It can truly be said "They live in a house built on the side of the road," and are friends to man.

The former sheriff of Huron County, Edw. Gregory, changed his plea of not guilty, to guilty, Friday morning in Judge Carpenter's court. He was fined \$400.

The grand jury indicted Gregory on the charge of aiding and abetting in the transportation of liquor.

In giving the sentence the following was stated, "The fine might be anywhere from \$100, to \$1000, and I have concluded that your fine should be \$400. First, for the offense alone, \$1000 would not be adequate, but one other consideration is the fact that you have as a result of this transaction lost your office, not only to yourself, but to your WELLINGTON TO HAVE HOME-COMING WITH 1930 FAIR

An Agricultural Fair for Wellington in 1930 seems to be assured. The directors and officers of the Fair Board met planned for the coming fair after the usual routine of business had been finished.

It was decided that the celebration of the 75th anniversary of the Fair would be featured. All present at the meeting were in favor of the Home-Coming project.

A committee from the board was appointed to confer with the Kiwanis Club, representing the business men of the town. A public meeting of the citizens of Wellington will no doubt be called to discuss plans.

The SPORT BAROMETER

By Barber

FROM 17-7 to 21-19

By producing a passing attack far superior to any shown on the local gym floor this year, the Monroeville quintet outscored the Pilgrims 21-19, although the Plymouth machine came in for its share of glory during the 3rd and 4th periods, pulling from 17-7 at the halt to 21-19 during the 4th quarter. The Pilgrims really fought a noble battle, and the loss came during the last minute and half. Give the lads a cheer or so.

NEW SUITS

Led by the scoring ace, Becker and Pugh, the Pilgrims pulled a fast one on the New London lads. 'Twas truly some battle. Come on! Let's give the little girls a big hand. Score? 23-22.

By the way, New Haven was given a 29-15 set back by the Pilgrim basketballers on Friday night.

NEW STAR

Junior High cagers again engaged in a contest last Friday night, but only that they brought home the bacon, but 'tis breathe about that the somewhat diminutive and mild aspect Ben Smith proved a blond bizzard against his New Haven opponents, tallying five points. Drive on, youngsters!

A WAGER!

Ladies and gentlemen, it gives me a great pleasure to announce that on tomorrow night we shall have with us—Madison. These lads were not only county champions last year, but also boasted an undefeated record. This year, folks, the Fredricks men are coming to us with a record which is equally unmarred. Now, up to date the Pilgrim cagers have met with one defeat on the local floor, and this was administered by the big Huron County Champs, and then only by a margin of 5 points, which shows that Plymouth has basket tossers of no mean ability. Now, L. and G., if when the two teams come together, the fur does not fly—I'll proceed to masticate my top piece.

RAH FOR MYERS!

It seems that Pug Myers has struck his stride at last. The battling for-

ward certainly put up a dandy fit last Saturday nite (poetry). Atta stuff, old kid!

SAY, WORLD

Say world, (and this isn't about the chain stores), it won't be long now—until the county tournament time. How about a little guess as to who will win the walk off with the golden basketball shoes? Well, I leave it to you.

ALL COUNTY

Have you been sitting up nights trying to figure out who will make the mythical team as all-county stars? One of these days, when you're napping, we're going to spill it. All set!

LITTLE FIB

When stopped by the town marshall of Maple Heights, Johnny Risko, the little heavyweight, explained to Louis Seely, that his hurry of 82 miles per was due to an appointment to referee a fight. But Seely shook his head. There was still three hours to spare, he said. How did he know, parried Risko. "Because I am promoting that fight!" said Seely, and Risko went "in" on a count of ten.

"AFTER THE BATTLE"

"When the smoke of the 1930 basketball battles is blown away"—says the Norwalk Reflector. Wordrow Betschman will be rated as Norwalk's O.K. performer of Pfeiffer's squad. Betschman is the kind of a player who plays for the sake of the team, no matter who totals the baskets. His ability to make the ball from dribbler's is his best work. He is a defensive guard who is willing to feed the ball to point-makers. He is compared to Dunningham, Norwalk's 1929 football tackle who won recognition thru his defensive work.

RUCKMAN, OF SHILOH

Ruckman, Shiloh forward, appears to be one of the County's fastest men this season. At the Madison-Shiloh conflict Friday night he totaled 20 points, while at the Lucas game played Saturday night he scored 18. At the Lucas meet, Ruckman alone totaled enough to pass the score of 17 made by the foe.

WATCH FOR MADISON'S SNYDER

Snyder, Madison's high scoring right forward, should be watched in Friday night's game. In the Shiloh-Madison game last Friday night, this lad totaled 11 points to Roberts' and Beer's 10.

ADARIO-ONTARIO

Adario scored a double victory over Ontario Friday night. The boys' made it 18-16, while the girls' scored 21 to Ontario's 13.

Ex-President Colledge is said to be writing a history of the United States in 500 words. Wonder how many words he will devote to the period between 1922 and 1929?

AT THE THEATRES

"NO, NO, NANETTE," IS A TRIUMPH OF MUSIC

In bringing the delightful musical comedy, "No, No, Nanette," to the talking screen First National has set a brilliant pace for other Hollywood Studios to follow. This lavish spectacle, made partly in simple gorgeous Technicolor, opens at the Castamba Theatre, Shelby, Tuesday, Wednesday and Thursday.

The story—the comedy fable of a very unsophisticated millionaire who imagined he could buy clothes for pretty girls just out of pure good nature and get away with it—is very funny. The special scenic musical scenes, including dancing, trips to Holland, Japan, New York and Mars, are very, very beautiful. "Nanette" is mirthful, melodious, and produced with an artistry never excelled and rarely equalled in the annals of the screen.

It is impossible not to rave about the music. "King of the Air," the big song number, has a swinging, virile tune that will live for a long time. It is sung by Alexander Gray, the youthful leading man, in a way that will make it stick to your memory.

Other song numbers are "The Japanese Ballet," "The Dance of the

Wooden Shoes," "Dancing on Mars," and "Pretending." They are all of the tuneful quality that causes you to whistle, then while taking your morning shower or riding in the moonlight. "I Want to Be Happy" and "Tea for Two," bits of the original stage musical comedy from which First National adapted the screen production, have been kept in the picture, and sound as well as ever.

Bernice Clair and Gray portray the leading roles very effectively. Miss Claire, a new personality from the stage, playing her first picture, will without doubt be one of the musical talkies' best bets hereafter. She has the youth, the beauty, the sparkle and the voice demanded for such roles. Gray, who was first heard in "Sally," is also a coming star if he maintains his present pace.

The comedy is upheld merrily by the clever Louise Fazenda and Lucien Littlefield. Lilyan Fauschman and Bert Roach are also prominent in the fun-making. Other well known players are Zasu Pitts, Mildred Harris, Henry Rockbridge and Jocelyn Lee. The acting throughout is excellent.

"No, No, Nanette" was directed by Clarence Badger. It must have been a colossal task to direct this big musical show, but Badger has done a noteworthy job. Don't miss "Nanette."

NEW SUITS; GOOD GAME GAME IS FEATURE

With the added inspiration of new suits, the Plymouth girls gave a brilliant exhibition of basketball Saturday night when they met and defeated New London on the home floor.

And the basketball fans felt like shouting, "Why can't you always?"

It was one of the best, if not the best, game put up by the girls. The shots were more accurate and the guarding better. The teams were evenly matched in every way, and the victor was determined by the matter of time.

It is rather odd that the points balance up with the corresponding players. That is, Becker, right forward and Phillips, right forward for New London, each totaled six field goals; that the left forwards, Root for Plymouth, and Converse, New London, each made two field goals; that the centers, Pugh and Thomas scored four field goals, though the former forged ahead on foul shots, making good three to her opponents two. M. Anderson in as center, added two

Death Ends 40-Year Doctor Practice

After a half a century as practicing physician in the northern part of Richland county, Dr. James M. Frye, of Shenandoah passes away in Mansfield Saturday afternoon.

Dr. Frye was 77 years of age. He failed to respond to the treatment given at the Mansfield General hospital, and succumbed after a short illness.

Funeral services were held Monday afternoon at 2 o'clock at the Christian church at Shenandoah. A son, Paul Frye, of Mansfield, a daughter, Mrs. C. Reynolds, of Shiloh, and six grandchildren, survive him.

The deceased was born in Ashland county and moved to Shenandoah over forty years ago, where he established a practice. Besides his medical work Dr. Frye maintained a keen interest in the civic affairs of Shenandoah and of Richland county. His wife, formerly O'Connell, preceded him in death several years ago.

He—Girls used to have curves. She—Yes—and hid 'em.

The FOOD for all AGES

Descended from the sun's energy, milk, like the sun itself, is a reservoir from which man may draw infinite strength. The baby is enabled by milk to take its first grasp of life; the growing child drinks in vitality with his milk; the young man and woman are sustained by milk in their early struggles for a foothold; the mature man and woman rely on milk for stamina. A universal food, milk is at its pure best when labeled.

The Adario town team downed the Plymouth Sohioans last Monday night by eleven points, in a game that was both fast and furious. The score at the end stood 41-30.

Much credit was shown by both teams. As the Sohlo company is now backing the local team, and the players are willing to give their time and pep, Plymouth should back the boys. The first home game will be played on the new high school floor on Monday night, February 17th, when the Sohloans will meet a colored team from Mansfield.

The opposing team is known as The Sharp Shooters. Admission will be 25 and 15c. On Wednesday night, Feb. 19th, the Adario team will meet the Sohloans again on Plymouth's floor.

Sunday, February 16, 1930

Robert Louis Stevenson once said: "When we look down the long avenue of the future and see so much there is for us to do we feel after all what a beautiful thing it is to work, to live and be happy." A serene undaunted cheerfulness, gained not by shutting one's eyes to the pathos and difficulties of human conditions as they exist today, but with faith in God, in one fellow-man and in one's self, one may bravely rise to the height of the demands of present-day conditions. "The Best is Yet to Be" will be the subject for the message next Sunday, 11 a. m.

Junior Church, 7 p. m. Subject will be THE RULES OF THE GAME. Bible School, 10 a. m. Vaughn Smith, Superintendent. Harry Long, Assistant.

His face and eyes were badly injured, and the sight of one eye is not yet regained.

MR. WOLF RENTS PROPERTY

The Duffy property on South Plymouth street has been rented by Mr. and Mrs. M. Wolf, who will take possession of the residence on the first of March. Mr. Wolf is a teacher in the Plymouth High School.

DAMAGED TELEPHONE LINES REPAIRED

A partial report has been made of the damage left by the sleet storm which swept this district three weeks ago. After the magic of the ice had faded, it was discovered that \$5,000 could be estimated for telephone repairs in Plymouth alone. In comparison, the damage of the 1929 storm is more than triple that of the storm occurring near the Easter season in 1928.

In 1928 the territory north of Plymouth was harder hit than was this community, while the recent ice menace was more serious around Shelby and Bucyrus. Shelby is reported to have suffered the most damage.

H. O. Heabler, manager of the Willard and Plymouth district of the Northern Ohio Telephone company, declares that had the wind been higher the night of the storm, nothing could have saved the trees, poles and bushes.

About 1100 feet of new 25 pair cable has been put in the west end of town so that practically everything along the lines is new. Open-wire construction has been replaced.

New wire has been put in in most of the rural sections.

Mr. Heabler states that Plymouth lines should be entirely repaired and in working order about the 19th of February. Double shifts have been working and the work is progressing as fast as possible.

LOLA LONG MYSTERY IS YET UNSOLVED

Lola Long's whereabouts are as yet unknown. The Sulphur Spring's girl, daughter of Mr. and Mrs. Samuel Long, disappeared from the home of M. J. Reiff, of Attila, where she was working out a debt contracted by her father, after her mother had charged the girl with delinquency.

Prosecuting Attorney J. D. Sears formally asked Mrs. Long to withdraw her charges. It is stated that Sears thought that Lola would appear if it were known that she could re-matn at the Reiff home. The mystery may be solved on Lola's birthday, which will occur Sunday, when the girl will be 18, and of age.

Indications point out that information is being withheld by several persons interested in the case.

NORWALK YOUTHS ADMIT TWENTY BURGLARIES

Two boys, sixteen years of age, were placed in the Norwalk jail Tuesday on the charge of burglary. William Friend and Charles Reed, both of Norwalk, confessed to the series of burglaries which have been committed in the city during the past year.

Their arrest was due to their love of target shooting. Norwalk police stated. A complaint was made against the youths, of reckless shooting, soon after a theft of cartridges from the Jefferson Hardware. The boys will be first bound over to the grand jury and are then to be turned over to the juvenile court.

Friend and Reed pleaded guilty to the charge of twenty petty robberies. Much of the plunder has been recovered.

MEETING OHIO

Conservation officials express surprise at the public demand for information about the new conservation program, and about nature's beauty places and points of historical interest. There is an evident strong revival of interest in outdoors Ohio. This is taken to be a natural reaction to automobile influence. One newspaper suggests that the campaign to sell natural and historical Ohio to Ohioans is sound and means among other things, adding heavily to the gasoline tax income of the state, perhaps enough to pay the expense involved.

REFORESTATION LAUDED

Reforestation of unproductive farm lands in Ohio, was advocated by Arthur M. Hyde, U. S. Secretary of Agriculture, in a speech at Columbus, last week. His stand was very similar to the Ohio Conservation Division's preachments on the subject. Mr. Hyde holds that in addition to its help in solving the farmer's financial problems this reforestation plan, would:

1. Prove a substantial aid in flood control.
2. Help to stop the enormous corrosion "which results, in many cases, in complete destruction of the producing value of a farm."
3. Help insure a timber and pulp supply.
4. Hold for succeeding generations land which may be badly needed as the population grows.

Here's Instant Relief From Bunion Pains and Soft Corns

Actually Reduces the Swelling—Soft Corns Dry Instantly—Can Be Picked Off

Get a two-ounce bottle of Moore's Emerald Oil (full strength) today. Every well-stocked druggist has this, and it will reduce the inflammation, soreness, and pain much quicker than any remedy you ever used. Your bunions may be swollen and inflamed that you think you can't go another step. Your shoes may feel as if they are cutting their way into the flesh. You feel sick all over. Stop the pain and torture and pray for quick relief. What's to be done? Two or three applications of Moore's Emerald Oil and in fifteen minutes all the pain and soreness disappears. A few more applications at regular intervals and the swelling reduces. And as for soft corns, a few applications each night at bed time and they just seem to shrivel right up and scale off. Druggists guarantee Moore's Emerald Oil to end your foot troubles or money back.

PAINFUL CORNS

Loosen—Lift Out

A little known Japanese herb, the discovery of an eminent German scientist (Dr. Stickle) instantly soothes the corn, callous or wart, then loosens it so that shortly you can lift it right out. This new discovery called "Corn Fly" excites the white blood corpuscles to action and granulates the corn at its root so that it drops out and leaves no trace of scar or soreness. You will also find "Corn Fly Foot Bath Powder" a boon for sore, tired or scurrying feet. "Corn Fly" for corns, 35c, "Corn Fly Foot Bath Powder" 25c, and "Corn Fly Bunion Remedy" 50c. (All three—\$1.10 value—for \$1.00), are sold under a positive money-back guarantee by Hi-Gene Co., Newark, N. J., or local druggist.

Ohio State University. The laboratory, mounted on a motor truck, was paraded through 30 counties of the state, and set up for 171 meetings at which the farm owners brought soil samples for analysis by the crew. After the analyses had been made, the specialists discussed with each farmer the methods and conditions under which the field was being cultivated, and suggested complete crop rotations, and lime and fertilizer treatment.

In March the laboratory will again take the road. The 1930 schedule already includes meetings in 34 counties. Fourteen were visited last year by the laboratory, and 20 will be visited for the first time.

The information obtained through the tests made with the laboratory is used in various manners. Sometimes it is applied to recommendations for a single project such as the development of legumes, sugar beets, or other crops. Again it determines the necessary steps in a general soil improvement project for a wide territory.

OATS SEEDED EARLY

YIELD LARGEST CROP
Oats seeded early yielded more than those seeded later in tests at the Ohio Experiment Station, according to L. E. Thatcher, associate agronomist. There was very little difference in yield of seedlings made on the same date on disked land and on similar plowed land. Disking often has the advantage, however, since earlier seeding is generally possible. In the experiment in 1929 land was plowed for oats April 24, May 17, and the same day produced 7 bushels less than that plowed in April and seeded May 17. Plowing May 22 and seeding the same day produced only 22 bushels.

Land disked and seeded April 24 produced 4 bushels more per acre than that plowed and seeded on the same day. The yields of oats seeded May 8 on the disked land and disked land were the same. From May 8 on however, the yields on the land disked April 24 fell below those for the same dates of plowing and seeding.

In 1928 diskings showed a gain over plowing for all dates of seeding. Late seeding in that year did not reduce the yields as much as in 1929. The weather for the two seasons was different, and Mr. Thatcher believes that may account for the difference. In 1928 the spring was cool and dry, in 1929 it was warm and wet.

The loss in yield for each day's delay in planting after April 10 amounted to a little more than a bushel a day, as a seven-year average in 1922 and parts were seeded on the day it was plowed and at weekly intervals until May 22. Plots seeded April 24 produced 52 bushels per acre; May 1, 47 bushels; May 8, 44 bushels; May 17, 37 bushels; and May 22, 29 bushels, and plowed May 17 and seeded experiments conducted by H. L. Borst on the branch experiment farm at Columbus.

OBITUARY

MARY E. LONG

Mary E. Long was born April 30th, 1851. Passed away February 6th, 1930 at the home where she was born in New Haven Township and where she spent fifty years of peaceful wedded life.

Her parents at an early date came from eastern Pennsylvania and settled on the tract of land which was her home for all those years. The family consisted of six children, one sister Mrs. Geo. E. Silliman of Ripley, two brothers, W. Scott of Fort Wayne, Ind. and Frank H. Long of Cleveland, O. Two brothers Charles in infancy and W. Lester of Columbus, O. having passed on before.

On January 23rd, 1879 she was united in marriage to James S. Lewis. They celebrated their golden wedding last year.

Her husband passed to the Great Beyond August 23rd, 1929, the shock of which evidently reduced her power of resistance, she became susceptible to the infirmities of age and was called to meet those who had so recently gone before. She was a member of the M. E. Church at Delphi from the time of its organization to the date of her death. Was present at the fiftieth anniversary of the Church Building.

While having no children of their own their home was always a welcome resort for the children of relatives as well as the children of the neighborhood and many a pleasant hour was passed in their company.

Although unassuming she was always ready to relieve the needy and comfort the afflicted.

FAITH

Oh, sweet—is the sound of that oft-spoken word,
But sweeter its meaning to tell;
It falls on my ear like the tune of a bird,
And sinks in my heart, there to dwell.

'Tis the sister of Peace, the companion of Hope,
With love it is linked, true and fast;
'Tis dearer than all, for it whispers the note,
Of the song we will sing, at the last.

'Tis the light that pierces darkness and gloom,
And keeps us till morning is glad;
'Tis the guide from sunrise, to twilight till noon,
And from noon till daylight hath fled.

'Tis the star that shineth the brightest and best;
It glimmers both early and late;
And tells of the Home with loved ones, and rest,
And gives us a key to the gate.

CARD OF THANKS

The immediate friends of Mrs. Mary E. Lewis wish to express their sincere thanks and appreciation to all who kindly rendered their assistance and expressed their sympathy in the last hours of our sister.

MILAN MARSHALL RESIGNS AND IS REINSTATED

After slapping a resident, Charles McGinty, Marshall of Milan, resigned Wednesday of last week. Spectators state that McGinty ordered D. Merrill to stop his car, and that Merrill was unable to immediately obey because of skidding. When the Marshall reached Merrill, he slapped him. Tony Schneider, a former Marshall filled the office temporarily. McGinty apologized at a council meeting Monday and was reinstated.

BUS ACCIDENT OCCURRED THREE MILES WEST OF MONROEVILLE

A Union Line bus was wrecked early Thursday morning when it struck a parked auto on the Bellevue road, about three miles west of Monroeville. The bus nose dived into a ditch, while the car was driven by H. Morgan, against a bridge. Morgan, returning from a Hardware convention at Columbus, had stopped to wipe

Though not seriously hurt, he suffered injuries about the head, shoulders, and chest, and a number of stitches were taken. Three passengers residents of Pittsburgh enroute to Detroit, on the bus were taken to Norwalk Memorial Hospital and given medical aid for minor injuries. The front of the damaged bus was repaired at the Big Garage, Norwalk.

CASTOR OIL

What is more pathetic than a youngster trying to swallow a tablespoonful of castor oil. From the child's viewpoint, it is being made to suffer for no reason at all.

Though the youngster cannot see the reason for the treatment, the stomach ache disappears. And Mrs. Smith says only, "Mother knew best." We suppose that she did.

Believe it or not, Jimmy Someone is not the only one who objects to taking medicine. There is not an adult that enjoys taking bitter tonic. A sweet, pleasant dose of this or that relieves the mind, but the pain will be there after the soothing effect is gone.

YOUTH AND CRIME

There is an old saying that the devil finds plenty for idle hands to do. All students of the crime problem today admit that much the largest contributions to the increase of criminals comes from the loafing sons of middle-class families in the cities.

Certainly the first step is the destruction of the whole psychology of the leisure class which has represented honest labor as unbecoming and has identified social respectability with idleness.

THE FARM OUTLOOK

The United States Department of Agricultural Bureau devotes most of its annual outlook report in a warning to farmers against overproduction.

Larger production itself would ordinarily tend to lower the level of prices received by producers, but improvement in business conditions over present may tend to offset in part the influence of increased output.

No material change from recent levels of total farm income seems in prospect in the next five years. However, the long-time tendency for prices of agricultural products to advance in relation to prices of non-agricultural products will probably continue.

Farm income recovered considerably from 1921 to 1923 and has shown an upward tendency since then. The higher level of income during those years has helped stabilize the financial situation of farmers.

Technical changes are also taking place with the rapid introduction of power machinery and the trend toward less labor and larger farms. As a consequence of continued unfavorable income and of the general displacement of labor by machines, farm population has continued to decrease to the lowest point since 1900.

Farm mortgage debt appears to have reached its peak in 1928 and to be starting a gradual decline. Taxes paid by farmers have continued to mount, but with a much slower rate of increase in the last five years than in the preceding decade.

Mrs. G. W. Smith is sick with the intestinal flu. The P. T. A. will be held Thursday evening of this week, at the school house.

Mr. and Mrs. Boyd Mitchell entertained the following at Five Hundred Saturday evening: Mr. and Mrs. Frank Landefeld, Mr. and Mrs. Cedric Long, daughter Geraldine and Mr. and Mrs. R. E. VanWagner and daughter Louise. A dainty lunch was served by the hostess.

Mrs. Annie Snyder spent last Thursday with her daughter Mrs. Harry Bruce.

SUBWAY MAY

FIND OBSTACLE

NORWALK—Whether the city of Bellevue and Huron, will be able to finance their part of the proposed subway at Bellevue, will depend on the engineering difficulties.

The subway, if built would lead the traffic over Road No. 20 under the Nickel Plate and the Pennsylvania railroads, thus improvement, following building of the cut-off road leading from the former triple grade crossing two miles east of Bellevue, would create another big factor of safety to the traveling over the important Route 20.

The subway under the Nickel Plate railway at Avery cost about \$50,000 and on a basis of a similar cost, that county and Bellevue together would be required to put up only about \$15,000.

But engineering problems might develop at Bellevue that would greatly increase the cost. Huron-commissioners and County Auditor A. V. Val discussed the question Friday at Columbus with state highway officials.

FURTHER DETAILS OF THE DEATH OF MYRTA ABBOT

Miss Abbot was at the home of a friend, Mrs. Dow in West Newton, (a suburb of Boston) who has a Christian Science rest home, when she passed on. First reports stated that she died at her home in Marblehead.

The body was taken to the Watterman funeral home on Commonwealth Ave., Boston where the funeral services were held Sunday, February 10th at 4 P. M. Mr. Loring of the Mother Church read the service.

On Tuesday, February 11th the body was taken to Forest Hill cemetery for cremation.

When Myrta realized she was to pass on she requested that her friends at 4 P. M. Mr. Loring of Cleveland be notified and asked to come at once which she did taking charge of affairs.

WILLARD—James McElliott was not a cent from the city of Willard, but loses a few cents over \$50 as the result of a decision just handed down by the State Supreme Court in McElliott's appeal in his suit for damages to trees cut down on his property without his consent.

McElliott sued a year ago in Huron county, common pleas court on the charge, and was awarded \$500 damages. The court of appeals cut the amount down to \$250 in its review of the case with the State Supreme Court was appealed to, it decided in favor of the town of Willard. It is understood that McElliott has already paid the costs of a little more than \$80.

PUBLIC SHOULD KNOW

MORE ABOUT BANKING

Columbus, O. Feb. 13.—Removal of the mystery of banking from the public mind was advocated by Allen E. Whitney of Postoria, President of The Ohio Bankers Association, in an address before the 3rd Winter Meeting of the officers of the state, county, city and village banks, credit unions and group associations here yesterday.

This campaign of education and advice should apply also to the officers and directors of banks, the President said. He would have the Educational Committee of the association set up units of American Institute of Banking among the county and inter-county groups.

Directors and officers of banks should make a more thorough study of their work in connection with the bank and with banking in general so that their advice to the public will have a still higher soundness, according to the President.

ENLARGED HORSE SHOW PLANNED FOR FAIR

COLUMBUS, O. Feb. 13.—A wide departure in the conduct of the 1930 Ohio State Fair horse show was announced today by R. A. Forster, member of the State Agricultural Board in charge of the next horse department. Forster named a committee of nine outstanding and representative persons to assist in the preparation of classes and other matters of importance.

G. John Moran of Springfield, head of the Crowell Publishing Company, and Walter Metz of Newark, were designated stewards for the 1930 show, which, from present indications, will be one of the greatest ever staged by this state and one of the best of the country during the year. As Moran and Metz will assist Forster in the show, the management of the show may well be precluded from showing their excellent strings of horses.

COUNTY FUND REPORT MADE

Richland county's financial statement for the year 1929 was submitted to State Auditor Joseph A. Tracy Monday for approval. County Auditor Arthur S. Beck announced.

The financial statement shows the total receipts for the year to be \$3,365,532.24 while the expenditures for the period represent a total of \$3,111,623.04.

These amounts include, according to Auditor Beck, all receipts and expenditures in the county, schools, corporations, villages and townships.

HURON COUNTY CHAMPS DEFEAT PLYMOUTH

Wike, referee from Ashland, had a hard game at Plymouth Saturday night when Monroeville met the local team.

The score at the end 25-19 does not indicate the hard fight put up throughout the entire game, and especially at the last quarter. At the half the scoreboard indicated Monroeville ahead by 10 points, 17-7. By the middle of the last quarter the foemen held a lead of only 2 points, 21-19. Leaving the score at that point, the Plymouth men were too tired out to continue the battle, allowing Monroeville to break through and build up the long end by accurate shots. Two visiting players Pancoat and Heyman, were put off the floor by personal fouls. In more than one case the game threatened to turn into a scuffle.

A fine game is expected tomorrow night when Madison meets Plymouth on the home floor. The players of the green and white are planning to bring their band along Friday to make an added attraction for the game. There has always been ideal rivalry between the two towns, and never yet has a game been played that could not be called fair and square.

JUDGE MANSFIELD NOW PRESIDENT

Judge Edwn Mansfield, Shelby, was unanimously chosen president of the Ohio Seamless Tube Co., of Shelby, at the stockholders meeting held Friday afternoon.

The new president succeeds A. C. Morse who has been president and general manager for the past 15 years. Mr. Morse is now chairman of the board. Frank Benham is the gen-

eral manager of the concern, and all other officers were reelected.

The judge states that he will continue to reside in helby, and will devote only a portion of his time to his new duties. He has been identified for many years with the Shelby concern.

The outlook for business for the company during 1930 is very satisfactory," Judge Mansfield declared.

THE WORLD'S BIGGEST LAUGH

"The Cock Eyed World"

The Sensation of Talking Pictures That Has Broken All World's Box Office Records

With VICTOR McLAGLEN EDMUND LOWE and LILY DAMITA, their newest Flame

Torrid tropics, rumbling Russia, snappy Coney Island captured by Flagg and Quill of the marines. A story teeming with human drama, quivering with song and sparkling music, convulsing with the wit of the newest age. A Spanish singer, a Russian firebrand, a Coney Island wisecracking flapper matching mirth and love with a pair of great marines.

YOU'LL HEAR the world's snappiest wise cracks from mighty men of war and the lovely ladies of love. The Same Stars, Authors and Director Who Gave You "WHAT PRICE GLORY?"
