## BRIGGS ELECTED MAYOR OF CITY

### Bachrach Is Defeated At Polls, Webber Elected Town Marshall in Student Election.

Whitney Jacob Briggs, 16 year old Sophomore of Plymouth High School was elected Mayor of the Village Monday at the election polls. He defeated the second candidate, Junior Bachrach by 13 votes. Bachrach is a senior.

The election contest was close and exciting, and practically every student in the school dropped a vote in the ballot box. Feeling ran high, and the campaign aroused much class competition.

Mayor Briggs will take office with the other elected officials today, and the affairs of Plymouth for Thursday will be under his guidance. He is a popular and reliable student in school groups, and is acknowledged a fast track man.

Thomas "Tubby" Webber received the majority vote of the students over Harold "Porky" Ross, for the office of Town Marshall, and will replace Dave Burgett. Webber has the physique and shows great satisfaction in the office. Just what streets will be scraped, arrests made, and punishment administered to offenders is not yet known.

A complete list of officials elected to serve the term of one year, ending in keeping with National Boys' Week is given below:

Mayor—Whitney Briggs.  
Clerk—Marjorie Becker.  
Treasurer—Clea Anderson.

Marshall—Thomas Webber.  
Council—James Root, Fred Keeler, Percy Grimmer, Kenneth Myers, Roy Anderson, Doris Lutz.

Board of Public Affairs—John Dick, Vincent Taylor, Marguerite Brothers.  
School Board—Bill Root, Harry Long, David Bachrach, Vance Snyder, Ben Smith.

Teachers hired by the School Board are—Miss Shaver, English and Latin—Eleanor Snyder, Jr. English—Lillian Fenner, Science—Don Elwell, Commercial—Raymond Brooks, Manual Training—Carl Gleason, Mathematics—Helen Williamson, Janitor—Walter Grimmer.

Purpose of Election.  
The student election, held at the high school, was sponsored by the local Lion's Club, as a featured event of Boys' Week. It was under the supervision of Superintendent Miller, and his assistant instructors.

Allowing high school students one day out of the year to exercise their judgment and authority, is representative of the true American spirit. It shows the trust that America puts in her youth, and it also gives to the student a glimpse of the duties and responsibility which will be his in a few years, when the man of today leaves the helm of public affairs in his hands.

On Saturday Rev. A. M. Himes will have charge of Boys' Day Out-of-Doors. A field meet is planned.

## O. A. DONNEWIRTH IS PRESIDENT OF A. I. B.

O. A. Donnewirth, son of Mr. and Mrs. A. F. Donnewirth, of Park Ave., was elected president of Columbus Chapter of the American Institute of Bankers at a meeting held last week.

Donnewirth is the assistant manager of the Columbus Clearing House. Columbus Chapter has a membership of 400 and is affiliated with the national organization of the American Institute of Bankers which has 65,000 members. The chapter will install the new officers at the annual banquet held at the Deshler Wallick Hotel on May 14.

## STUDENT NURSE RECOVERS AFTER SECOND OPERATION

Helen Becker, student nurse, of the Mansfield General Hospital, has been seriously ill following an operation for appendicitis, but is now getting along quite nicely, and is expected to recover.

She is confined in the Mansfield Hospital and will not be brought to her home in Plymouth for several weeks. Miss Becker was apparently convalescing after the first operation when complications set in and a second operation was necessary. Many Plymouth friends were worried over her condition and will be glad to see her about again. Dr. George Searle, Jr., performed the operation.

## YELLOW SHADOW TO BE HERE SOON

### Seniors of 1930 to Become New Characters in Comedy Play Given in Auditorium.

Again the Senior Class of Plymouth High School prepares a class play. The custom is one that has been followed for many years with interest, and is becoming more and more popular.

The students that we know and meet on the street in every day life have the ability to become totally different characters on the stage. Let us look for a minute at the characters listed below.

Vance Snyder can be pictured as an attorney. He has the air of such. But why Marjorie Becker in feminine clothes? We would appreciate seeing her as the male lead in some Western drama. But "Tommy" will probably be a big surprise. And we are leaving the yellow shadow to a mystery-comedy in three acts, will be presented in the Auditorium, Friday evening, May 9. Following are the characters as they appear:

Neil Travis, Housekeeper at Viewcrest—Marjorie Becker.  
Gilbert Wright, Attorney for the late Maxwell Marvin—Vance Snyder.  
Alice Perkins, Mildred's chum—Clea Anderson.

Mildred Marvin, She has inherited the estate of Maxwell Marvin, her uncle, including Viewcrest—Ruth Fenner.  
Hazel Wright, Mildred's cousin—Harriet Cornell.

Herbert Macklin, He has taken on a "detective" course—James Shepherd.

J. Steel, The Coroner—Mable Preston.

Wong Song, His past is unknown—Walter Grimmer.

Tickets for reserved seats will go on sale at Webber's Drug Store, Friday, May 2. Admission: Adults 50c; students and children 25c.

This is the first time in the history of the Northwest territory, that a postmaster has received three consecutive terms of office. Col. Davis has given excellent service. It is reported, and the office has been conducted satisfactorily.

## LIONS CLUB HONORS BALDUF & JR. OFFICIALS

The Lions Dinner this week was on Monday evening at the Lutheran Church. A novel feature was the complimentary dinner to those elected as Junior Officials from the High and Junior High Schools. All but two of those who are to have the experience of authority for a day were present.

The speaker of the evening was Rev. L. Bruce Young, D. D. of the Lutheran Church of Shelby. He reminded the young people of the wonderful opportunities that were before them and the investment that the community is making in them. He paid the high compliment to President Balduf who has been directing the work of his church and concluded by presenting in behalf of the Lions' Club a President's Button that he may ever remember the service he has rendered the club as its president and carry with him wherever he goes this reminder of affection.

## WILL CONSIDER WATER SUPPLY

### Representative of Well Drilling Firm to Meet With Council Next Tuesday

Those village residents who are interested in better water for Plymouth are to meet on Tuesday night when the village council will discuss the problem with representatives from a Columbus well drilling concern.

The state department has been very liberal with Plymouth and its water supply and at present there is a bit of question being exhibited with the question being discussed at this time. Representatives of the Lane-Ohio company state there is no reason why satisfactory wells should not be found in this region and they make any and all villages and towns a fair proposition on test wells.

The village solicitor was in conference with members of the council last night, but the outcome was not known at the time of going to press. However, if you are interested in better water for Plymouth, then the village council members ask you to be present.

## SHILOH FARMER SEVERELY INJURED BY CUTTERHEAD

Rudy Rader, Sr., Shiloh farmer, sustained painful injury Friday afternoon when he was thrown over his plow into the cutter head. The upper lip was almost severed.

He was immediately taken to the office of Dr. Moore and the wound dressed. As Rader was also suffering from a late fracture on the back of his neck, this second injury was almost the last straw. The cause of the accident was the breaking of the clevis on the plow with which Rader was working.

## DO YOU REMEMBER—

When Luther Fetters Took Helme Beckwith a motorcycle ride out on the Shiloh road? Just ask Helme; he still remembers. Luther had a nice new motorcycle, and just loved to speed up and down the roads. Helme didn't like to speed. So it can be seen easily enough that the height of Luther's ambitions was to take Mr. Beckwith on a ride.

Luther said, "I don't know why I did," says Helme, "but I told him, 'I'd go one night.'"

"They started. As there was no back seat, the rider sat on the rod, and as there was no handle, he maintained his seat by clasping the driver's waist. The motorcycle sailed to Shiloh well over sixty miles per—more than seventy," says Helme now. On the way back to Plymouth, "Peters promised not to exceed the speed limit. As they entered town Helme says he saw a friend and waved to him. As he called hello, Luther stepped on the gas—and Helme swallowed his chew of tobacco!"

And then do you remember the time that Carter gave Helme a motorcycle to try out—and Helme rode down the back hill, ran over and killed two chickens and broke in the door of the coop? But that's another story.

## B. & O. SWITCHMAN KILLED INSTANTLY UNDER CARS

Steve Kovacsckit, age 42 years, Willard switchman, fell between two cars in the Willard railroad yards, and was killed instantly. Funeral services were held Thursday morning in the St. Francis Xavier church, with Fr. H. J. Foxan officiating. Burial was made in the Willard Catholic cemetery.

He leaves a daughter Rosemary, by his first wife who passed away 11 years ago, and the widow, nee Louise Krier, to whom he was married seven years, and three children, John, Martha, and Paul, by this union.

He is also survived by his parents, Mr. and Mrs. Stephen Kovacsckit, of Peoria, and four brothers, and four sisters. He was a member of the Catholic church, the B. of R. T. K. of C., and the Elks.

Kovacsckit had been employed by the railroad since 1907, and was well known by employees and officials. It is believed that while setting a brake on a cut of cars being switched in the yard near the Beelman Lumber Co. mill, he slipped. He fell between the cars and was killed instantly.

## KILLER TURNS GUN ON SELF

### Claude Miller Shoots Housekeeper at His Home Near Green- wich Wednesday

The grim specter of murder and suicide stalked near Greenwich early Wednesday when the bodies of Claude Miller and his housekeeper, Mrs. Oney were found at the Miller farm home. The tragedy was first stumbled upon by Miller's son, Ray, about 7:30 o'clock.

According to the statements issued by Coroner Bell, of Huron county, all clues indicate that Miller shot his 32-year-old housekeeper, and then ended his own life. Both Miller and Mrs. Oney died from the result of a bullet shot in the head. The house in which death met the Greenwichee people is located in what is known to townfolk as "Kentucky" on the Greenwichee-Shiloh road.

Examination of the bodies by Coroner Bell revealed that the shooting occurred about 6 o'clock yesterday morning. Thus far, no motive for the act has been established. Whether life was too long, or too full of trouble will never be known.

Miller, whose wife died two years ago, is survived by eight children, five of them in the Children's Home, Norwalk. Two daughters are married and the son, Roy, has been about home until recently.

Mrs. Oney, a Kentuckian, has worked for Miller for the past two years, and has relatives near Greenwich.

It is alleged that Miller disappeared about two weeks ago for a short time, and stated that should he not return, no search need be made, as he would shoot himself.

Miller at one time ran a livery stable in Plymouth, the barn being located back of old Cornell Hotel. He was well known in Plymouth, and was born and raised near Shiloh.

## SHELBY GLOBE CELEBRATES ITS THIRTIETH BIRTHDAY

The Shelby Daily Globe celebrated its 30th birthday on last Thursday, April 24, 1930.

"The Globe made its first appearance in a little print shop located in what is now the back of Jack Love's tire shop. The little four page hand bill was printed on a job press, and the type was set by hand. As fast as pennies could be accumulated as much of the drudgery as possible was unloaded on to machines and the paper increased in size. Life is service, and business is service," states the Globe.

"There is no way of beating the game. Success is won only by persistent toil and the Globe has had plenty of that in the thirty years of its history.

## SUSTAINS SEVERE INJURY

While Rudy Rader, Sr., was plowing new ground on Friday afternoon, he had a narrow escape from permanent injury, by the breaking of the clevis, resulting in Mr. Rader being thrown over his plow into the cutter head, which almost severed his upper lip. Mr. Rader was hurried to the office of Dr. Moore where the wound was dressed. Mr. Rader is unfortunate in also suffering severely from a carbuncle on the back of his neck.

## VANDALS ENTER SCHOOL HERE

### Much Damage Done to New High School Building As Vandal Looks For Money

When Chris Sheeley, custodian of the new high school building, opened the doors last Friday morning, he immediately discovered that thieves or vandals had entered on the building and had done considerable damage.

Upon investigation it was discovered that the vandals had gained entrance by smashing a window in the boiler room, which gave them access to the whole building. Practically all the door locks on the doors of the study rooms were jammed and considerable damage was done to the interior woodwork and furniture. School authorities place the damage at around \$500.

Huron county officials were notified and finger print experts from Mansfield were called on the scene. While the robbery pointed to local talent, yet, evidence taken from other points prove that the job was more likely done by an outsider. However, to clear the student body of any suspicion finger prints of the students were taken Monday and so far the finger of suspicion points to no one in Plymouth.

Sheriff Smith and Deputy Fred Clark of Norwalk were here Monday and they state that they will continue to trace down the parties guilty of the crime, as there are several other like offenses that have already been committed in Huron county.

## AGED STEUBEN RESIDENT IS CALLED TO REWARD

Funeral services for the late Mrs. John Murphy, aged 76, of Steuben, were held Friday afternoon at two o'clock from the residence. Mrs. Murphy passed away at her home early Wednesday morning.

Rev. Marlin Shook, of the Steuben Congregation church officiated at the service. Burial was made in the Steuben cemetery. Surviving the deceased is her husband, to whom she had been married 54 years, and four children: Fred, of Garrett, Ind., Ed., of Steuben, Mrs. Harry Hutchings, Willard, and Mrs. A. W. Staben, Shelby. She is also survived by one sister, Florence Baker, of California, four half brothers, Clinton Hodges, of California, Charles, of Tiffin, Dwight, of Republic, and Fred, of North Fairfield.

## CLEAN-UP WEEK IS TO BEGIN MAY 5 IN PLYMOUTH VILLAGE

Springtime is just another name for housecleaning, and don't think that oil housewives clean houses. Mayor Derr has issued a proclamation stating that Plymouth must commence her annual "ridding up."

Therefore, J. B. Derr, Mayor of said village, designate the week of May 5, to be known as Clean-Up Week and ask all officials and citizens to lend their best efforts and cooperation in making Plymouth one of the cleanest villages in the State of Ohio.

## PROCLAMATION

WHEREAS it has long been a custom in the village of Plymouth for the Mayor of said village to designate a certain week in the spring of each year to be known as Clean-Up Week, and deeming it necessary for the best interests of the health and safety of the village:

Therefore, I, J. B. Derr, Mayor of said village, designate the week of May 5, to be known as Clean-Up Week and ask all officials and citizens to lend their best efforts and cooperation in making Plymouth one of the cleanest villages in the State of Ohio.

Look around your backyard and see if you find any tin cans, empty boxes, broken glass lurking in the shadows, half-way under the porch, or hidden back of the coal shed. Haul them out! Pack them in barrels and bags! And the city collectors will help you improve the appearance of your property, and you will be helping improve the appearance of Plymouth.

The members of the city fire department will be responsible for the proper inspection of all properties, and the city rubbish is properly placed on the curb for collection.

And then, with the mood of improvement still in mind, why not a few shrubs around those buildings, and a little plant on the fence? Why not keep your Plymouth one in shape, and exercise it? Let's have a CLEAN TOWN!

## NEWS FROM THE TROPICAL LAND

### Sailor Writes Home Describing Oddities of Nature and Temperature.

S. S. West Virginia,  
Port of Spain, Trinidad,  
April 6, 1930.

Hello to All!  
Well folks, here we are in Port of Spain, Trinidad. Arrived here yesterday morning about nine o'clock.

Trinidad is a good sized island. It is one of the oldest settlements in the Western Hemisphere and is known as a Tropical Island. It is about 10 degrees north of the equator. But the highest temperature is about 90 degrees. It is a hilly island and so gets quite a lot of cool breeze from the shady interior.

There are several natural wonders over here, such as the Asphalt Lake and mud Volcanoes. I don't know if I will get to see those or not as they lie quite away back on the island. By the way the streets of Washington, D. C. are paved with asphalt from this lake.

Here are some of the things I expect to see though, and some I have seen already. Oysters growing on trees; an animal which looks like a crab but produces its young alive; fish that climb trees and feeds on fruit; fish that are musical and entertain with a concert. Also fish that have a complete suit of armor. This may sound rather strange but what I haven't seen I have heard from fellows who have and I expect to.

The island has a population of nearly 350,000. There are about 65,000 of those here in Port of Spain. They run in color from a deep black to a mustard yellow. There are some whites here also but not many.

There are several races of people here, Hindus, Chinese, Coolies, also English, French, Spanish and Blacks, Browns, and Yellows, of the many negro races.

They use English currency. Shilling is 24 cents. A half crown is 60 cents, one crown \$1.20. Also pennies worth 2 cents and sixpence which is 12 cents. They have a provincial paper money that is worth \$100.

We have visitors aboard today and there is quite a mixture, ha! We met the ninth. I hope I hear from you folks there. We will have here a few days for Guantanamo Bay, Cuba.

Love to all,  
Otho Bixler.

## GRIFTH SCHOOL CLOSED FRIDAY WITH PICNIC

On last Friday at Griffith school, Derr's Grammar ended a very successful term of teaching, and a picnic was held at the noon hour. Many patrons of the school and others were guests. This school has five 8th grade graduates, the highest number of any school in the township. At the close of the picnic, the teacher presented each scholar a gift in appreciation of the good work each one had done during the school year. Every pupil of the school was promoted. Mr. Crawford was left on Saturday for vacation in Kent State College for a twelve weeks summer course.

## LADIES' AID PARTY AT SHILOH

The Ladies Aid of the M. E. church will give a garden party on Saturday, May 10, in the township park. Plants and bulbs will be for sale.

## GREENWICH DRIVER LOSES IN COURT OF APPEALS

Stanton Sprinkle, of Greenwich, lost out in his effort to overthrow a decision in the justice court of A. M. Beattie, and the common pleas court in Norwalk.

This case involved the interpretation of the new law pertaining to school bus drivers. Sprinkle was fined \$100 by Beattie on the grounds that he drove a school bus containing about 25 children as a teacher, across the B. & O. tracks on the Mansfield road last fall, when he knew that a locomotive was approaching.

The common pleas court sustained Justice Beattie and the court of appeals also affirmed the decision. Judgments in two cases, brought to the court of appeals, against the Ohio Farms Co., Willard Marsh corporation, were affirmed in favor of the plaintiffs, Frank Angelo and R. E. Chan.

The judgment in the case of L. F. Ritter, plaintiff in error, vs. Robert Canfield was also affirmed.

**"I'M SORRY FOR MY WIFE"**

In Los Angeles a confessed murderer is awaiting trial. In love with a married woman, he killed her husband. Now, caught, he is in jail, and he may be hanged. He says that he "feels better" now that he has confessed; but adds:

"I feel very sorry for my poor wife. I wonder how I can explain all of this to her."

His bewilderment is only natural, at that. After all, it is a thing that will take a bit of explaining.

But the interesting thing is the way in which this gentleman follows the regular pattern that seems to be laid down for murderers of his type.

"I feel very sorry for my poor wife." How often—how very, very often—have we not heard that unctuous statement from the lips of some man whose Lotherio-escapes have finally landed him in an inextricable jam? It seems to be the inevitable thing for a man to say when it is finally too late for his pity to be of any use. "My poor wife"—after he has broken faith irrevocably and wrecked her life to the full limit of his ability.

Dr. Snook said it, and Judd Gray, and other deplorable specimens too numerous to mention. But why does it always have to come so late?

Murders like these—crimes of passion, as the French call them—are always the final climax to a long series of indiscretions and follies. They come when a situation has progressed so far, and has got its principals into such a hopeless tangle, that deed of violence looks like the only solution.

But it is noteworthy that the men in such cases never stop to consider their wives until at last the catastrophe has come. Then they are full of pity. They berate themselves soundly, and beg forgiveness. And—wives being a long-suffering race—the forgiveness is usually granted.

It is all rather disgusting, and it puts the erring husband in a pretty poor sort of light.

Why, oh why can't a man who has put his foot into a mess like that, take what comes to him without crawling? Why can't he understand that an expression of pity and a plea for forgiveness are worse than useless?

Probably that's too much to expect. There will always be a certain type of man who will follow his self-indulgence until it leads him to disaster; and that type unless human nature changes will always realize, just too late, that he has been a colossal sap, and will squeal that he really does love his wife, very much after all.

**CONVALESCING**

The removal was made in the McQuate Ambulance. Miss Black is convalescing nicely which is good news to her many friends, as her condition was regarded as serious.

**FT. MIAMI RACE TO DRAW BIG CALIBRE**

TOLEDO, Ohs., May 1—Assurance that the 100 mile A. A. Auto Race to be run at Ft. Miami mile track here Sunday, May 25th, would be of big league calibre came with the entry of the 210 to Leason Litz of Dubois, Pa. Litz had the Indianapolis 500 mile international race for 150 miles last year after a near smash up with Cliff Woodbury, and the Gallata of the speed game is considered by the racing press as one of the greatest drivers ever to race over the doosier course and it has been freely predicted that should Litz win the international that he would be the most popular star the game has ever had.

The car with which Louis Mayer won the Indianapolis race in 1923 is the one Litz will use over the local oval on the 25th. The car is a Miller straight eight of 91 cubic inch piston displacement one half the size of a model A Ford. The motor has four carburetors and uses a Miller supercharger to rush the gas to the cylinders. The car has done 153 miles per hour on a straightaway.

Arrangements are under way to make the opening meet one of the largest ever held here and the fact that the entries are open to all classes of drivers and cars will make the race more interesting.

**JUBILEE PROGRAM GIVEN BY M. E. MISSIONARY MEETING**

A Jubilee program, dealing with the Negro and his problems, was discussed at the M. E. Missionary, held Friday afternoon with Mrs. Florence Brokaw. Mrs. Baltzell spoke very interestingly on the Individual Negro who had accomplished something of importance and gave as instances, Booker T. Washington, and Paul Lehman Dunbar, the poet. Missionary Homes, Schools and Hospitals in the South was the subject discussed by Mrs. Brokaw and Mrs. Davis spoke on the Negro-Spirituals. A playette, "Phoebe's Chance," given as a reading by Mrs. Holtz proved very entertaining. Several selections were sung by the trio, Meslames Davis, Rank and Price, and concluded with devotional by Mrs. Morrow, who also read a poem by Paul Dunbar.

Twenty members and five guests were in attendance and before departing were served tea by the hostesses, Meslames Brown, Kenestrick, Ira Ross, and Mrs. Ada Shepherd.

What is one's greatest heritage? It is the privilege of sharing in God's thoughts and of using them as one's own. Dr. Arnold of Rugby once offered this prayer: "O Lord, I have a busy world around me. Eye, ear, and thought will be needed for all my work to be done in this busy world. Now, ere I enter on it, I would commit eye, ear, and thought to Thee." Do we not need to offer such a prayer today?

**A Real Tribute to the Dead**

In the United States—until very recently—the good and bad alike were buried in sodden, mouldy graves with only a pretense of protection in wooden or metal boxes. But every up-to-date funeral director now uses the Norwalk Vault. Made of moulded reinforced cement, it is airtight, and moisture-proof. The Norwalk seals by hand into one solid piece of masonry. Through its eternal protection, every detail of burial becomes an everlasting tribute to the dead.

All Good Funeral Directors use the Norwalk Vault—the best Directors insist on it. Made by

**Castamba Features Play "Second Wife"**

A letter from Lila Lee to the women of America is given below:

Dear Madam—  
Suppose you married a man who had a son by his first wife. . . . and Suppose it was just a matter of hours until you were to become the mother of his second child. . . . and

Suppose he received a cablegram informing him that his first wife's child was dying abroad. . . . and suppose, without consulting you, he made instant preparations to go to the bedside of his boy, completely ignoring the fact that you also might die during the coming ordeal of motherhood.

I want to know what you would do under these circumstances.

I play the part of the second wife in Radio Pictures' all-talking drama "Second Wife," which opens Sunday at the Castamba theatre. The above question is answered in the picture.

... but I want to know if you think it is answered correctly?  
Sincerely yours,  
LILA LEE.

## TRACK NEWS OF

The Plymouth track team participated in the Mansfield relays Friday and Saturday at Mansfield in which twenty class A schools competed. Although the boys didn't score so many points, they made an excellent showing. Plymouth was on a par with Wheelard and Monroeville and well ahead of some schools that didn't score. Since this good work was shown with these better schools, how could the fellows help doing remarkable work at the district meet at Mansfield, May 15-17 in which we will compete against class "B" schools only? All who place in this meet go to the state meet the following week which should make some interesting track for your fans.

The goods one sells are always sold, but fears dispelled are not dispold, nor what you smell is never smolled. When young, a top you off saw spun, but did you see a grin'er gun, or a potato nearly skun.

"Well, why shouldn't I be? The doctor what operated on me for penicillitis went and sewed me up with white thread."

## SUBMERGED IT RUNS UNDER WATER

IN A SPECTACULAR nation-wide exhibition, General Electric is dramatically demonstrating that the "On Top" refrigerating unit cannot be harmed by dirt, air, moisture and rust. Amazed crowds gather in front of General Electric windows—witnessing an astonishing demonstration. Completely submerged in water, a General Electric Refrigerating Unit operates with quiet, smooth, unflinching efficiency.

Only a General Electric—born of years of exhaustive research, built for trouble-free service and sealed in steel—could withstand this test.

Here is the only unit hermetically sealed in steel—coiled once and for all at the factory. Efficiency is sealed in trouble sealed out. The simple, flawless mechanism is protected forever by a permanent wall of steel. An engineering triumph—built to run through the years without a thought.

General Electric Refrigerators are modern in principle, fast in freeing performance, greatest in food storage capacity and by far lowest in cost per year. They embody every desirable convenience from ready movability and quiet, unflinching operation, to a handy, accessible freeing control. Cabinets are all steel—white porcelain lined. Not one of hundreds of thousands of owners has ever spent a cent for service. Ask us to prove these advantages to your complete satisfaction.
