THE ADVERTISER, PLYMOUTH (OHIO) THURSDAY, JUNE 26, 1930

NUMBER 14

REPORTS MADE BY WEATHERMAN

Moody Spensler, an Amateur Weatherman Compares Weather For Last Five Years.

As the weather is of continued interest to the average person, the following diary of a weatherman is given:

"The writer of this lives on a farm where the thermometer readings were made at 6 o'clock in the morning. Just an ordinary thermometer was used, but it carried the purpose very well. Some may be interested to know just how much difference in temperature there was between 1926 and 1930, during the early months.

"January's total temperature was 742 degrees, or an average of 21.15. The coldest morning was the 28th, being 4 below 0. Warmest, the 5th, and 18th, -46. The greatest change was on the 25th—at 6 a. m., 6 below, and at 10 p. m., 35 above, making a change of 41 degrees in 15 hours. There were 4 clear, 3 snowy, and 2 rainy mornings, all others were cloudy, of partly cloudy.

"In January of 1927, the average temperature was 23 degrees, a little colder than in 1930. The coldest mornings were the 16th and 27th, being 3 below. The warmest was the 19th, 42. There were 5 clear, 3 snowy and 2 rainy mornings. All others were cloudy or partly cloudy.

"In January 1928, the average temperature 22.54. Five mornings of the month averaged 0. The coldest morning was the 3rd being 4 below. The warmest was the 19th at 42. There were 7 clear, 1 rainy and no snowy mornings. All others were cloudy or partly cloudy.

"In January 1929, the total temperature for the month was 616 degrees, or an average of 19.57-31. The coldest morning was the 16th, 5 below 0, and two days later on the 18th the temperature was 59 with rain, thunder and lightning. There were 3 very clear, two rainy and two snowy mornings.

"In January 1930 the total temperature was 672 degrees or an average of 21.31-31 degrees. There were (Continued on Page Eight)

RICHLAND COUNTY MAN MEMBER OF HONOR CLUB

Columbus, O., June 26.—J. French Walker of Richland county, has been made a member of the 599 Honor Club of the Farm Bureau Mutual Automobile Insurance Company. It has just been announced by the Home Office here.

He is one of three agents, who, during the past three months, brought the total insurance membership of the 599 mark, swelling the membership of that club to nine agents. Awards are made at the close of each quarter year, these being as of May 31st. Mr. Walker's sales total is \$23.

HURON COUNTY ROAD WORKS EMPLOYS 300 MEN

Fully 300 men are employed on the road work in Huron county, and the work will no doubt last until cold weather. This employment for road construction and maintenance strengthens the labor situation in the county to a great extent. All or almost all of the men engaged are residents of the county.

About 100 men are working at repairs. One state project is the enlargement of the bridge over the Vermilion river at Wakeman, the present structure to be duplicated by an addition to the north.

If the Norwalk sewage disposal plant work is begun it is stated that Huron county will be employing more than that have been used at any other time.

LIVESTOCK A-HOLD MEETS AGAIN JUNE 26

Shiloh: June 26.—The boys 4-H club meeting was held in the school house Thursday night, June 12th. There were 14 present including the leader and advisor.

All projects were to be started by June 1st, any later would not be eligible to be in the club. After the business session was over games were played until 10:30 at which we adjourned.

The next meeting will be held at Joseph Aik's home on June 26th.

STATE PRESIDENT TO SPEAK AT COUNTY W. C. T. U. MEET

The Richland County W. C. T. U. Institute will convene in Mansfield on Friday at St. Paul's Lutheran church. Florence D. Richards, of Toledo, will be the featured speaker of the institute. In the evening, a covered dish supper will be given at which Miss Currier, of Gallon will be toastmaster.

Mrs. W. C. Nelberger of Mansfield, who is president of the county W. C. T. U. organizations, will preside at both the afternoon and evening sessions. Mrs. Richards is the state president, and will present a message of interest to all members and visitors. For a number of years she has lectured on temperance subjects in Chataqua, college and high schools.

300 MEN RETURN TO WORK AT MANSFIELD

Employment Situation Relieved By Empire Steel Corp.

Approximately 300 men returned to work in Mansfield on yesterday morning, when the Empire Steel Corporation opened the North plant of the Mansfield unit of the corporation.

C. H. Henkel, executive vice president of the Empire, stated: "This will return to work approximately 300 of the 'men.' The closing of the North plant was recently made necessary by market conditions, and the steel market is yet today most uncertain. The fact that many of the best buyers of sheet steel are closed for some time, especially in the automobile industry, greatly affects all steel companies.

George W. Stephens, president and general manager of the Mansfield Tire and Rubber Company, stated last week that the Mansfield plant was in excellent condition, considering the situation of other business.

The return of the 300 men to work greatly relieves Mansfield's employment situation. It would appear that Mansfield is climbing up in the scale of industry, and that unemployment was being cleaned out.

It is certain to go on how long the force of men will be retained, but from all indications the plant will be in a state of normalcy for some time.

BEULAH RHINE BECOMES BRIDE OF SHELBY MAN AT SATURDAY CEREMONY

Stealing a march on their many friends, Miss Beulah K. Rhine, daughter of Mr. and Mrs. H. B. Rhine, and John B. Hollenbaugh of Shelby were quietly married Saturday morning at 10:30 o'clock at the Lutheran Parsonage. Rev. A. M. Himes, pastor, performed the ceremony with Mrs. Himes and daughter Mary Elizabeth the only witnesses.

Mrs. Hollenbaugh was becomingly gowned in a light blue ensemble, fashioned along the new summer lines, its simplicity marking its charm; her hose, slippers and gloves were tan.

The bride is a graduate of our local schools and for the past eight years has been employed as bookkeeper at the Peoples National Bank. She plans to continue her work with the bank.

The groom is the son of Mr. and Mrs. Bert Hollenbaugh of Shelby and an employee of the Standard Oil Company in that city.

Following the ceremony the happy couple left for a short wedding trip to Cleveland and other lake points.

ATTEND FUNERAL FROM A DISTANCE

Those from a distance attending the funeral of the late Oscar Tyson were: Mrs. Edna Gilbert Wood, Battle Creek, Michigan; Mr. G. W. Sutch, Mr. Henry Arlin, Mr. and Mrs. J. W. Walde, all of Clyde, O.; Mr. and Mrs. Harry Parrott, Mr. and Mrs. Fred Parrott and Mrs. E. M. Diebro, all of North Fairfield, Ohio; Mr. Charles B. Ladd of Norwalk, Ohio; Mrs. Amy Daniels and daughter of New London and her niece Mrs. Landefeld; Mr. and Mrs. J. D. De-Young, Mr. and Mrs. J. S. Sutton, Mrs. Wilson of Greenview, O.; Mr. and Mrs. Geo. DeVos of Shelby; Mr. and Mrs. Peter Goodman, Mansfield; Mr. and Mrs. Alona Bowen of Willard, O.; Miss Edith Jupp, Arthur Jupp, Cleveland; Mrs. Ross Mann, Mrs. Mary Ann, son and daughter of North Auburn; Mr. and Mrs. E. McCammon, of Steubens; Mr. and Mrs. B. Brandt of Milan.

COUNTY ROADS BEING IMPROVED

Plymouth-Springfield Road Has Been Made Into Traffic Bound Gravel

The report on the road work in Richland County is quite favorable and much of progress has been shown. A number of the minor jobs have already been completed, and the entire road program will be finished shortly unless unexpected delays are made.

E. L. Stiving in charge of the construction work on the Holts road in Jackson township has begun the improvement project scheduled for that highway. Work on the secondary road was started following completion of the work on the Plymouth-Springfield road in Jackson township, which has been made into traffic bound gravel.

No report was given for the Shelby-Ganges road in Cass, Jackson and Gloucestertownships. The portion of the Lucas-Perrysville highway extending about two miles in Richland county and five miles in Ashland county will be closed to traffic for about two weeks so that time will be allowed for the placing of applications of bituminous hard surface material on the traffic-bound stone. The road was closed Saturday morning after the bituminous top was applied.

County Engineer A. L. Allen made the above statements, and also reported that the projects in Richland County's road program are being completed as rapidly as possible.

Linsley rd. in Tracy-tp. Allen said, was finished Saturday by the G. L. Rogers road contracting firm, which made the road into a traffic-bound gravel thoroughfare.

Gravel is being hauled on the Roush and Arnold-rds. in Franklin-tp. by William Bottomly, contractor, reports at the engineer's office today.

DAMAGES OF \$52,000 ASKED IN INJURY SUIT

Aggregate damage of \$52,000 is asked in three personal injury and a death claim suit commenced in the Huron county common pleas court, against Mrs. George Ellsworth, of Hudson.

The litigation follows a fatal automobile accident which occurred on the Bellevue cut-off road, west of Belleisle in April, of this year. Joe Zeigler of Monroeville was killed and other occupants of the car were injured.

The plaintiffs are Henry P. Smith, his wife, his daughter, Mrs. Clara Smithelner, W. M. Smithelner, husband of Mrs. Smithelner and Carl Zeigler, administrator of the estate of Joe Zeigler, the late Joe Zeigler.

In the personal injury cases each of the plaintiffs asks a judgment of \$10,000 each and in the death claim case, \$7500 damages is asked. The petitioners allege that the accident was caused by the defendant and that she was late driving on the left side of the road. Mrs. Smithelner sustained a number of injuries, including a broken rib and a puncture of the lung. The Norwalk law firm of Young & Young are counsel for the plaintiffs.

JUNE BUGS PLAN FOR BIG PICNIC JUNE 28

The June Bugs will welcome the announcement of the June Bug picnic which will be held Saturday, June 28th, at the home of Mr. and Mrs. Will Duffy, two miles east of New Haven school. A picnic dinner will be served at one o'clock. Mr. and Mrs. Steele and Mrs. Duffy are on the table committee.

Immediately following the dinner a business meeting will be called by the president, Harry Dawson. Election of officers will be held, and a place chosen for the picnic next year. After the dinner the program committee will take charge. Mrs. Walter Hatch, Mrs. Ethel Cole, Mrs. Harry Dawson. They have planned lively contests for the men and children, and then will come one of the best ball games of the season—the Plymouth Sunshine Club ladies will play the New Haven Sunshine Club members.

After the game the men will then take their turn and serve ice cream and cake (tables are arranged this time). Be sure and attend this picnic even if your birthday is not in June. Fill your basket with good things to eat and come.

SHILOH YOUTH BURIED TUESDAY

George Dickerson Passes Away After Operation at Mansfield General Hospital.

SHILOH—George Eugene Dickerson only son of Orland and Garry Koerber Dickerson, died Sunday morning at 6:25 at the General Hospital in Mansfield. Death followed a serious operation which he underwent a week previous.

Eugene was born in Shiloh, September 17, 1908, and resided here and at the home farm until after his graduation from the high school with the class of 1927. Since that time he has been employed in Columbus and Mansfield.

Eugene's amability, ambition and kindness in his home made him very popular with the young people, while he also enjoyed the friendship of the older ones. His death was a great shock to his parents and the entire community are extending expressions of sympathy in various ways, to the grief-stricken family.

He is survived by his parents, one sister, Doris, his grandfather, George Dickerson, and many near relatives. Impressive services were held Tuesday afternoon from his late home, conducted by Rev. E. F. Stahl, of St. Paul's Lutheran church of Mansfield. Burial was made in Mt. Hope cemetery. The pall-bearers were young men friends and included Paul Ruckman, Lawrence Moser, Arthur Gackestow, Edward Brumbach, Hallie Kaylock and Leo Dick.

Those from out of town attending the services were Mr. and Mrs. Harry Aikin, Mrs. John Holt and Mrs. Claud Conklin of Warren; Rev. and Mrs. C. D. Barnes and daughter, Miss Miriam Barnes of Ashland; Mr. and Mrs. Ed McDowell and son Jack, Mrs. Lore Benton, Mrs. Jasper Mallery and Edward Brumbach of Columbus; Miss Avice Koerber of Anderson, Ind.; Mr. and Mrs. Ernest Ebert of Norwalk; Mr. and Mrs. George McBride of Sterling, Ohio; Mr. and Mrs. C. V. Kinsey, Mr. and Mrs. David Kinsey and Robert Gutrie of Shelby.

WALTER MUMEA UNDERGOES OPERATION

Walter Mumea was operated on for appendicitis at the Mansfield General Hospital Tuesday night at about 10 o'clock, and at the present time is getting along as well as can be expected.

He was taken to Mansfield after a severe attack by his brother, Gasmal Mumea, and Raymond Steele. The operation was performed by Dr. George Searle, Jr.

Mr. Mumea has had previous attacks, but the condition of his present one was not so serious illness had ever developed. He is employed at the Plymouth Dairy.

Celeryville Petition For Water Refused

Willard Board Cannot Meet Expense of System.

About thirty Celeryville citizens met with the Willard board of public affairs and presented their petition that the Willard water line be extended to the settlement and the celery grounds.

The proposition was not met favorably, however, as it was decided that the amount that flows through the stream carry the expense. The residents of Celeryville state that they need city water for their homes, and also for the water systems which spray the celery fields in dry weather. The stream that flows through the marshland furnished some water for the celery growers, but not in a large enough quantity.

Water for Celeryville, if piped from Willard, would mean more pumping equipment, and a large matter between the towns. An addition would have to be made to the Willard power house. Though the expense cannot be met immediately, plans were considered for the hiring of an engineer to give an estimate of the cost. Nick Moll, of Celeryville, spoke for his fellow townsmen. Employees of the city plant, B. A. Miller, W. F. Keefer, and T. Frye, met with the board to talk over the proposed plans.

WILLARD WOMAN FINED BY MAYOR FOR INTOXICATION DRIVER'S LICENSE TAKEN

Mrs. Ruey E. Williams, of Willard, was arrested by Marshalla Merle Wolfe and Dave Burgett, Sunday night, and charged with driving while intoxicated.

The arrest was made about 9 o'clock in the evening, on route 58, south of Plymouth after the case had been reported to Plymouth officials. Mrs. Williams was taken when found. She was confined in the village jail Sunday night until trial was held Monday afternoon at 1 o'clock Mayor Derr fined the woman \$100 and costs and suspended her driver's license for the period of one year.

Plymouth Citizens Introduced to Mike

Eleanor Searle Future Met Star Was Feature of Program

The Plymouth Goodwill Hour from 8 to 9 o'clock over WJW broadcasting station in Mansfield, came in fine on many home town radios last night. The citizens are justly proud of the mayor, Miss Eleanor Searle and the other representatives.

Mayor J. B. Derr in his talk to the mike, spoke of the Plymouth of the Past, Present and Future.

The program revised was given as follows:

Selection by the Orchestra. Vocal Solo—Janita Trilling. Piano Duet—Mary E. Himes, Dorothy Straub.

Vocal Duet—John Root, Jr., James Shephard.

Remarks—Plymouth of the Past, J. B. Derr. Vocal Solo—Eleanor Searle.

Cornet and Saxophone Duet—Don Kinsey, Jr., Robert Schreck. Remarks—Plymouth of the Future, J. B. Derr.

Vocal Duet—Eleanor Searle and John Root, Jr. Piano Duet—Mary E. Himes, Dorothy Straub. Vocal Solo—Dorothy Schreck. Selection—Orchestra.

COLUMBUS TO WELCOME N. E. A. ON JUNE 28th

The 48th annual convention of the National Education Association will be held in Columbus, Ohio, Saturday, June 28th, to Friday, July 4th, 1930.

The hospitality shown at the Atlanta meeting last summer has inspired the teachers of the State of Ohio to extend to the delegates the warmest welcome to the "Backstage" state.

The president, Miss E. Ruth Pyrie, principal of the Bancroft School in Lincoln, Nebraska, is making plans for the most successful summer meeting the Association has ever held. High spots in the Columbus meeting include a banquet which will be presented by college students in Ohio and will be built around the history of the Northwest Territory and Ohio.

A special feature of the extra-session activities will be the second life membership dinner, which more than 500 life members are expected to attend. The Association will observe the Fourth of July with a flag drill by 10,000 children of the Columbus schools. Special music, vocal and instrumental will be provided by the public schools of Columbus and other Ohio cities. Columbus entertainment plans include a sight-seeing drive through the city, and a reception by Governor Myers V. Cooper.

The theme of the convention is "Vital Values in Education." Emphasis will be placed upon the international point of view, the art of living and creative living.

REDUCE GREENWICH RURAL POSTAL ROUTES

GREENWICH—Mergers are the style in the post office business, too. The three rural routes out of Greenwich are to be combined into two, effective July 1. The merger will increase the mileage of each route to 42 miles. Lawrence Mead will deliver on route two, and Royce Mead on route one. In order to cover the larger routes the men will leave the local postoffice at 8:30 o'clock in the morning instead of 9:30 o'clock.

DALLAS SUFFERS STROKE SUNDAY

Matt Dallas suffered a stroke Sunday afternoon, about 1 o'clock, at his home on West Broadway. His condition at the present time is not encouraging, and friends and relatives have little hope for his recovery.

Since the stroke Dallas has remained in a paralytic state. He has spoken no word, and no sign of recognition has been made. The right side is paralyzed, and the man is able to move his left side but little. It is impossible for nourishment to be taken so that he is becoming steadily weaker.

Mr. Dallas has suffered no serious illness before, though at times he has been attacked by fainting spells, and has not been in good health for the past two years.

A sister, Mrs. Charles Westover, and her daughter and husband, Mr. and Mrs. Charles Fruth, are at the Dallas home for the present.

ARRIVED SAFE

Mr. George McDonough and daughter, Marjorie left by auto from the home of his parents, Mr. and Mrs. Robert McDonough, Wednesday, June 11th at 6:30 a. m. and arrived at their home in San Francisco Wednesday, June 15th at 4:30 p. m., averaging a little more than 400 miles per day. The route was via of Chicago, Omaha, Lincoln, Salt Lake, Reno, Sacramento, Oakland and across the bay to San Francisco.

SECOND REPORT MADE ON HAWK'S NEST FIND

G. H. Dawson, of Richmond township, reports that he found a hawk's nest on the ground about twenty years ago, on the land owned by the Ohio Farms Company.

The nest was discovered west of Celeryville and one and a half miles south of Willard. Dawson delivered a load of wool to the Bachrach Bros. after calling at the office.

ENJOYS FISHING TRIP

Messrs Mike and Dr. J. T. Gaskell, of Plymouth, and Mr. VanVierah, of Willard left Plymouth Sunday to motor through to Six Lakes, Michigan, for a two weeks' fishing trip.

They were joined by a party including Rev. Courtland Miller, of Louisville, Kentucky, and his friends, in Michigan.

ELECTION COSTS TO BE REDUCED

Permanent registration of voters will be introduced this fall. This big improvement over the old system is fully explained, with the causes and effects, in the report received at the office of the Richland county Board of Elections.

"The introduction of permanent registration of voters this fall should bring a marked reduction in election costs in large Ohio cities, and relieve voters of the needless inconvenience of re-registering according to a recent report of the Ohio Institute. The Institute, which is a governmental research organization located in Columbus, concludes that the efficiency of permanent registration will largely depend on the care with which it is administered by the board of elections. Election officials will face many new and difficult problems this year in introducing the new system.

"The Institute's report, which is entitled 'Permanent Registration of Voters in Ohio Cities,' contains many suggestions as to the handling of permanent registration in large cities in other states.

"The careful selection and training of precinct registration officials is especially important this year, the Institute points out. The accuracy of the permanent registration records will largely depend on the type of registration officers employed. The report suggests that boards of elections rely as far as possible on trained clerical workers for registration service. Detroit has been very successful in arranging with business houses for the release of a small portion of their clerical workers, the investigation found.

"The introduction of the new system of registration will be especially beneficial in large cities.

MAY REBUILD OLD FURNACE

The first American blast furnace, built at Youngstown, Ohio, in 1835, is likely to be reproduced at the Chicago World's Fair in 1933 as one of the science exhibits commemorating the virtual founding of the iron and steel industry in this country.

This is the recommendation of George B. Garrett, Cleveland engineer, in a report compiled by the iron and steel section of the National Research Council Science Advisory Committee, which group is formulating a science pattern for the Chicago fair.

The building of the old stone furnace at Youngstown, it is noted in Mr. Garrett's historical summary, followed closely the first practical application in American practice of Nielson's hot blast theory. In the same year, 1835, the first successful use of coke was made in blast furnace practice.

This began, in Ohio, the development of an industry which was to play a dominant role in the progress of the United States. It is planned to trace this development through intermediate stages to the modern blast furnace plant, operating in model, and complete with ore boat, bridges, an ore yard and trestle.

From the old stone furnaces, the remains of which can still be found in Ohio, the exhibit would pass to the first steel-encased blast furnace, built in 1854, and then to the revolutionary departure made in blast furnace construction when, at Duquesne in 1895, labor saving machinery on a large scale was introduced, resulting in tremendous economies and increased production.

GOOD OLD SUMMER

What is the best season of the year? Summer, to most people—though the other seasons, especially spring, have their charms. And the older you get the more you will like summer, the more you will dread the winter.

Spring corresponds to our babyhood. It is the sprouting season, full of hope, dreams, uncertainty, danger of frost.

Autumn is like the waning years of life, when we harvest as we have sown, when we suffer for our negligence and mistakes and are rewarded for our effort. Most of us, when we look backward in the autumn of life, say: "If I only had my life to live over again."

All three of these seasons are preparatory to or the aftermath of summer. And summer is the period of life—of accomplishments—symbolic of the lives we are living. Lucky are you who have survived the frosts of life's springtime. Your crop of success is started. Toil and weep, for autumn of life will be upon you before you are aware. For results, it's now or never.

THE TARIFF

The 1930 tariff bill, the highest in the history of the country, has been passed by congress and signed by the President. Thus has been perpetrated on the country by the Republican party another great outrage.

The new tariff bill will raise the tariff to an average of 41 percent ad valorem, according to the best authorities. Prices will immediately go up, and the American consumer will pay—and pay for the privilege of having the Republican party in the saddle in Washington. Economists say the nation, as a result of the new tariff, will pay \$300,000,000 more for its sugar. To protect an olive oil industry in a few counties in California to the extent of \$200,000, the American consumer will pay five millions more for olive oil. Americans will pay \$300,000,000 more a year for wool. America will pay \$150,000,000 more for its leathers, which have been on the free list as long as anyone can remember. The increases have been applied to toys, dolls, Christmas trees, cheap watches, clocks and even the wrappings necessary for the five cent cigar.

It taxes all the people for protectional help for a few industries while over 22 million wage earners in the country are not and cannot well be protected by the tariff.

It pretends to help agriculture, while it practically takes out of the farmers left pocket more money than it releases for the right.

It is the most unpopular tariff bill ever passed, being condemned by Republicans and Democrats alike and the only excuse many senators had to vote for it and the President to sign it was to get it out of the way and end the uncertainty.

It will cause a storm of protest in other countries where the United States must sell its goods, with the result that our foreign markets, already curtailed by our hoghish tariffs in the past, will dwindle further.

Its advocates claim it will take the tariff out of politics, but, as a matter of fact it has put the tariff into politics more definitely than ever.

What will be the result? In the first place, the uncertainty with regard to the tariff is ended and there will be a slight pick-up in business. American industry, with the prospect of getting higher prices for its product at home, will start more wheels to going and there will be a temporary benefit. But what will be the result when our factories reach the over-production point and find foreign markets closed to them? Conditions will then be far worse than today, we fear, and we will all have paid a high price for the experiment.

Meadames Lewis, Carpenter, Lind say of Willard and Mrs. Bears of Mansfield were recent callers at the Catlin home.

Ray Chandler of Toledo was a week and guest of his wife and son at the T. G. Campbell home.

Mrs. Ruth Brackheimer and children of Toledo are spending a vacation with her parents Mr. and Mrs. L. A. Goon. Her husband will be a guest in the same home Sunday.

Mrs. Sipe, Mrs. Mae Carter of Mansfield and Mrs. Wynnie Mann, daughters of the late Tom Scott of Mansfield were Thursday guests of their sister, Mrs. Catlin. They were accompanied by daughters Hazel Carter Shafer of Mansfield and Elaine Mann Doubler of Brecksville.

Flores Case Ward has purchased the Tom B. Black property.

Mr. and Mrs. Carl Stambaugh and son of Toledo were callers in Ripley Sunday.

Class No. 1 in the Delphi Sunday School is putting on a campaign for increased attendance. An attendance of two or three has been noted for several weeks. Wait our report for next Sunday—something doing.

Mrs. Minus has the Primary, Lizzie Young the Intermediate class and Mrs. Irene McCullough the Young People's Class.

The younger classes are making rapid strides and are to be congratulated for untold interest and increased attendance.

CELERYVILLE

Mr. Rudy Holthouse has presented Miss Janna Cok with a diamond ring. The reader may use his or her judgment as to what it means.

Miss Kathryn Vogel who is attending school at Bowling Green was home for the week-end.

Mrs. Vander Coe of Colorado is visiting a few days with Rev. and Mrs. S. S. Struyk.

Mr. George Camp of Cleveland was in Celeryville over the week-end.

Rev. O. Holthrop of Cleveland occupied the pulpit at the Celeryville church Sunday.

Clarence Vogel and Mr. and Mrs. W. W. Vogel and son Robert attended the Nagel reunion Sunday at the Grange Hall.

Mrs. Gerrit Wiers was a Wednesday afternoon caller on Mrs. Warner Vogel.

Miss Margaretha Vander Molen was a Monday evening guest of Miss Irene Clark of New Haven.

Mrs. Frank Fransens, Mrs. Fred Fransens and daughter and Mrs. Foster Leaphy of Shelby and Tena Workman spent Friday with Mrs. Sam Danhoff.

Mr. John W. Newmeyer, Deane, Marie and Anna Newmeyer motored to Kalamazoo, Michigan Saturday.

Mr. Jake Holthouse was in Kalamazoo, Michigan for the week-end.

Mr. and Mrs. John H. Newmeyer returned Saturday from their honeymoon to the western coast.

HURON COUNTY DAY IS OBSERVED AT WOOSTER

About eighty-five men and sixty-five women attended Huron County Day at the Experiment Station at Wooster, Wednesday, June 18th. About one hundred twenty-five were at the station and ready to start at 10:00 a. m. The others came in before noon.

Visits were made to the Poultry, Swine, and Cattle Departments in the forenoon. Mr. Kenard, Head of the Poultry Department, showed the group some of the interesting experiments on poultry, including those dealing with raising poultry in confinement vs. those on free range, and all modifications of these two methods. There seems to be little difference when the same feeds are used. In the afternoon the ladies were taken through the Forestry, Vegetable and Floriculture Departments, while the men visited many experiments on Soils and Crops. Both groups met at the Dairy Barn at 3:00 p. m. where Mr. Haden discussed many of the feeding experiments with dairy cattle.

CARD OF THANKS

We wish to express our appreciation to all those who assisted in any way during the illness and death of our husband and father; for the expressions of sympathy and those who loaned their machine. Mrs. Franc G. Tyson Miss Genevieve Elzlr

CONTENTS IN THIS ADVERTISER

What the farmer should know and do. The farmer's best friend. A great deal of thought and special attention to make our home more comfortable and we change our style of dress so that our bodies may not become depressed by the rising temperature.

If this is true with the human race, we should make the same preparation in making our birds comfortable for the summer. This can be readily done by paying special attention to the problem of ventilation in the poultry houses.

Beneath the perch poles, we find it advisable to place at least four 28 inch x 24 inch basement sashes for every 20 foot section of the house. These windows should be removed in the summer time and placed on strips tacked on the supports under the dropping boards, ready for use in the fall of the year when cold weather approaches. This allows plenty of floor ventilation, insuring comfort for the birds during the summer months.

Beneath the plate in the rear of the house, a 2-inch ventilator should be provided. This can be easily done by taking off the two last planks just beneath the plate and putting 1 inch mesh wire netting on the inside of the plate so that the birds will not roost in the opening. This will allow a current of air to pass over the tops of the birds and at the same time preventing them from being subjected to direct draft.

In the summer time it is desirable to maintain the proper body weight with just as little grain as possible. Most of the better poultrymen are able to use 1 1/2 to 2 times as much mash in the summer time as they do grain.

Every effort possible should be put forth to control external and internal parasites. Very few flocks that I have visited this spring have been entirely free from parasites. It is impossible to measure the amount of damage done by these parasites in the summer time.

After six months or a year of use, a rug or carpet becomes dingy, colors are grayed and indistinct. Perhaps the most appealing feature of our service is how marvelously we can restore the original brightness and beauty to any rug or carpet we clean. Phone 414-C. Atwood Rug Cleaning Co., Norwalk, O. We call for and deliver.

Teamwork!

Baseball, football or business, it's teamwork that makes for the fullest measure of efficiency—and certainly the management of a well-conducted household comes under the heading of business—YES—a little teamwork in handling the family finances will very materially increase the buying power of the household dollar.

The clever housewife who reads the ads in THE ADVERTISER every week discovers many unusual opportunities to save money. Occasionally, however, she finds it inconvenient to run down town on a shopping trip. That's where "Teamwork" can be made to play an important part in this household business.

Rather than lose out on the money-saving possibilities of any special offering, she phones her husband or some other member of the family, to stop in and pick up the advertised article on the way home. This type of "Teamwork" pays big dividends. Teach your dollars to have more cents by reading the ads in

PRESBYTERIAN CHURCH
 J. W. Miller, Minister
 Sunday, June 29th, 1930
 Have you ever mused in the shade of a beautiful grove in the early fresh and low of Spring-time? Did you not see the fresh young leaves spreading out their tender folds to catch the perfumed breath of the warm Spring breeze and the rapturous kisses of golden sunshine that welcomed with love and life the unborn Summer? Did you not feel like lifting your eyes to heaven and in tones of reverence, saying, "God of all Beauty, Music and Love, I thank Thee?"
 How much we receive that we do not ask for. "A Touch of Gratitude" will be the theme for next Sunday's service, 11 a. m.
 Bible School, 10 a. m.
 Young People's League, 7:30 p. m.

Special Announcements.
 The Senior Choir will meet at 8 p. m. Thursday evening for practice.

COLORFUL OUTDOOR FILM OPENS TODAY

Radio Pictures' colorful outdoor all-talking photoplay, "Beau Bandit," opens Friday and Saturday at the Temple Theatre, bringing together for the first time in a picture, Rod LaRouge and Doris Kenyon.
 LaRouge is again seen in the picturesque role of a romantic villain, while Miss Kenyon, for the first time, snatches a "western" part.
 The story is laid in the deserts of Arizona. It deals with the operations of a Mexican bandit against a posse of nervous deputy sheriffs.
 Extensive scenes representing four-fifths of the screen footage were photographed and recorded in the Mojave desert in southeastern California.
 The RKO cowboys trick ropers and riders who appeared in William S. Hart, Tom Mix and Harry Carey productions, comprise the posse.
 In the supporting cast are Mitchell Lewis, George Duray, Walter Long, Charles B. Middleton and Jim Donlon. Lambert Hillmyer directed.

FORMER PLYMOUTH MAN MARRIES WILLARD GIRL

Harold Maurer, former principal of Willard high school and Mary Jane Hartzell, daughter of Mr. and Mrs. W. A. Harzell of Park street, Willard, were united in marriage Saturday morning, June 21, at Plymouth, Mo., by Rev. A. M. Himes. They left for Yellow Stone Park on an early train. Georgia Fay Leydortff and Wm. Miller were their attendants. Mr. and Mrs. Hartzell were the only witnesses. They will reside at Uniontown, Pa. after Sept. 1, where Mr. Maurer has accepted a position as principal of one of the schools.

MONROEVILLE RESIDENTS PROTEST BRIDGE REPAIR

The proposed rebuilding of the Huron river bridge in the village of Monroeville may be protested by the residents, who claim that the state should erect a new bridge. The location is satisfactory but it is averred that the sharp curve at the north end of the bridge should be eliminated.

Although the bridge was erected only twenty years ago, the structure was not designed for the heavy traffic that is now carried by Route No. 20.

A short time ago a gasoline shovel weighing about fifteen tons, was being towed through Monroeville. When the bridge was reached, the driver decided not to take a chance and forded the more than 1,000 feet of river below the bridge.

Signs on each side of the bridge warn drivers that the bridge is unsafe for heavy loads. Monroeville residents say the bridge is only sixteen feet wide, which is too narrow a width for a bridge on such an important highway.

Higher Rating For Teachers

The State of Ohio has not provided by law, as have a number of the other states educationally, that the minimum preparation of elementary teachers shall be two years. There is an over-supply of elementary teachers.
 Dr. J. L. Clifton, State Director of Education, is endeavoring to have teachers who have completed their preparation for teaching given consideration by boards of education, instead of having them start positions with young people who have completed only one year of a normal course. The superintendents of county, city and exempted village schools of the State have been consulted on this question in the past few weeks and they are unanimously of the opinion that the fully trained teachers should have first consideration.

Many of the superintendents have stated that in the cases of beginning teachers they will recommend those with at least two years of preparation. Some have reported that the policy of employing only graduate teachers has been put into effect by their boards.
 "It is the opinion of the Department of Education," says Dr. Clifton, in a letter just addressed to superintendents, "that every beginning elementary teacher employed in a district which maintains a high school should have at least the two years of preparation. High schools will have their recognition if their boards do not bring the elementary schools to standard in respect to teachers. We have had great disproportion in the quality of elementary and high school teachers with one year of preparation required of the former and four years of the latter. Experienced elementary teachers have been acting on the notice which they have had for several years that they must add annually to their preparation."
 The teachers whose experience extends back before the establishment of the new school code in 1916, are not affected by the requirement of additional preparation for elementary teaching. The greater part of those teachers have, however, secured advanced training, if they began to teach without it.

UNUSUAL NEWS FROM NEWSPAPER EXCHANGES

Speaking of the winter care given the famous Holstein, Holland, the National Geographic society says: "Barn and dwellings are under one roof which rises high into the sky in order to provide loft space for the immense amount of hay needed as cattle feed during the long winter. The whole gives the appearance of a one-story cottage pushed low into the earth by weight of an immense pointed roof, which reaches above the tops of the tall trees lining the roadway."
 "A hall separates the living quarters of the farmer's family from a separate set of stalls for cows, which is the larger portion of the house. Visitors testify that these barns are spotless and odorless. Each stall is sand-laid and has window of its own, invariably decorated with fresh white window curtain. Every cow has a bath daily and many of their tails are tied up with ribbon."

BELLEVUE SUBWAY PLAN NOT TO BE CARRIED OUT UNTIL 1931, REPORTS SAY

The subway project which has interested the residents of Bellevue for some time, will not be completed, as once considered, in 1930, but plans are being made for its completion next year. It will be one of the big enterprises in the district for 1931.
 The cost of the project will be divided between the two railroads, the state, county and the city of Bellevue.
 A budget for it will be the drain-age problem solution. It is unnecessary to install pumping systems. But uncut Bellevue, lies a vast deposit of honey-comb limestone through which water runs freely. All that will be necessary is to bore a hole from the bottom of the subway to the limestone and the drainage will be carried away. At Bellevue, all the sewage and other drainage is carried away in this fashion.
 Ralph McCord of Monroeville, drew preliminary plans in behalf of the city of Bellevue and suggested that the subway could be drained by taking advantage of the natural rock outlet.
 The sewerage system, however, has its disadvantages. The threat of flood water has been belched from the sink holes in such volume as to cause annoying floods at Bellevue and vicinity.

A good investment—ENNA JETTICKS \$5. and \$6. at the JOHN WARD STORE, Shelby, Ohio

A Willys-overland car, being towed northward by a truck at Monroeville last week on the hill that extends northward from the railway crossings, broke loose, ran into the yard of the home of Mrs. Sarah Friend and crashed into the porch. No one was in the car and no casualties resulted. But the porch was badly damaged.

NOTICE TO CONTRACTORS
 Sealed bids will be received by the Board of Education, Plymouth, Ohio, at the office of G. W. Pickens, Clerk of said Board, until 8 p. m. on Monday, July 17, 1930, for the improvement of the High School grounds of Plymouth.

Ohio, by grading, building a roadway, building walks, building steps, raising two manholes on the septic tank, reclaiming of cinders, stoning an approach to the coal storage, and enlarging of parking space, according to the plans and specifications now on file at said office. Each bid must be made on the blanks, to be obtained of said G. W. Pickens, Clerk of the Board of Education, Plymouth, Ohio, and must be accompanied by a deposit of Two Hundred Dollars, or a certified check on the local bank for a like amount, as a guarantee that if the bid be accepted, a contract will be entered into and its faithful performance will be secured. Should any bid be rejected, such deposit will be returned to the bidder and should any bid be accepted, such deposit will be retained until the proper execution of the contract and a satisfactory bond for its faithful performance is given. The "Board" reserves the right to reject any and all bids.
 G. W. PICKENS, Clerk
 June 26 July 1930.

SOCIETY

Dickson Family Reunion Held South of Plymouth

The Seventeenth Annual Dickson Family Reunion was held Saturday at the home of Mr. and Mrs. Emerson Dickson of near Plymouth.

Attendance numbered 103 members. Those attending from a distance were Mrs. Crestors and son Ted of Detroit, Mr. and Mrs. Roy Dickson and daughter Wilma of Cleveland, Miss Phoebe Jamison of Pittsburg, Mr. Dick Johnson and son Glen, Mr. and Mrs. J. C. Cooper and family and Miss Velma Wert of Bucyrus. Other relatives were from Plymouth, Shelby Tiro and Shloh.

Miss Jamison was the oldest member present having witnessed five generations of the "George and Sarah Fraze Dickson family.

Master Mickey Cooper of Shelby and Kenneth Stephan of Tiro were the youngest members. There was one death during the year Mrs. Margaret Walters of Baconfield, Iowa.

Officers elected for the coming year are President Emerson Dickson, Vice President, Andrew Fraze, Secy Grace Dickson, Treasurer, Willard Stephan.

The next reunion of the family will be held at the home of Mr. and Mrs.

Andrew Fraze of Albura Center the 3rd Saturday in June 1931.

The Allice Willet class of the Lutheran Sunday School will hold their regular pot luck supper and monthly meeting at the home of Mr. and Mrs. D. J. Ford this Thursday evening. An out door picnic will be held. Bring balls and bats and horseshoes. Also tools to eat and all the kiddies. Supper 6:30 sharp.

M. E. Missionary Society

The M. E. Missionary Society will meet on Friday afternoon at the home of Mrs. Willard Ross, on the Spring Mill Road. Mrs. Ira Ross will act as program leader, and Mrs. Florence Brokaw is devotional leader.

Marriage License

Helen Tuttle Plymouth township, and Paul Albert Zippel, Rocky Ridge, Ohio, with Rev. D. B. Young to officiate.

O. E. S. Social Circle Holds Picnic

The O. E. S. Social Circle held a most enjoyable picnic at the country home of Mr. and Mrs. Harry Griffith, on the Bucyrus road, Thursday, June 18th. About fifty members and friends attended the affair. At 6:30 o'clock a pot-luck supper

was served. Ball games, and contests were sponsored following the picnic meal, and later tables were arranged for cards in the residence.

Entertains on Tuesday

Mrs. Frank Kenestrick entertained at dinner Tuesday, Mrs. L. E. Simmermons, Mrs. Louis Simmermacher, Miss Mildred Sanders and Mrs. W. W. Christian of Willard, Mrs. Ray Dickson and Mrs. Ida Knight of New Haven and Mrs. Wm. Scrafiff, Mrs. W. W. Trimmer and Miss Grace Trimmer.

Birth Day Party Enjoyed

Master Warren Burkett celebrated his 7th birthday last Wednesday afternoon. There were 18 there to help him celebrate. The afternoon was spent playing games and music. At 3 o'clock a delicious lunch and ice cream was served and enjoyed by all. Warren received a number of useful gifts. At 4 o'clock they departed for home, wishing Warren many more happy birthdays.

Those present were Jane Martin, Evelyn Burkett, Katherine Martin, Bob Martin, Vance Hofman, William Van Wagner, Ray Ford, William Fetters, James Fetters, Mary Katherine Derr, Marjorie Derr, Thelma Hough, Margie Grooden, Leona Burkett, Charles Burkett, Wayne Ross, Clarence Burkett, Warren Burkett.

Entertains at Six O'clock Dinner

Mrs. W. W. Trimmer entertained at six o'clock dinner Friday the following guests, Mrs. L. S. Smith and Mrs. J. L. Beelman of Willard, Mrs. Maude McCormack of North Fairfield, Mrs. Anna Stringham and Mrs. Welthea McNamara of Steuben.

TUTTLE-ZIPPEL NUPTIALS ARE SOLEMNIZED IN JUNE

Miss Helen Tuttle, daughter of Mr. and Mrs. M. Tuttle, of near Shelby, was united in marriage Sunday afternoon at 2 o'clock to Mr. Paul Zippel, son of Mr. and Mrs. Henry Zippel of Rocky Ridge, Ohio. The double ring ceremony was performed at the First Lutheran Church, Rev. D. Bruce Young officiating. The bride was attended by Miss Gelscha, Wachsita while Gaylord Tuttle acted as best man. The couple left following the ceremony for a honeymoon trip: after which they will make their home at Toledo.

A wedding dinner was served at the home of the bride's parents for the immediate relatives and friends. Mr. and Mrs. Will Tuttle of Plymouth and Mr. and Mrs. Gaylord Tuttle of Shelby were among the dinner guests.

TEACHER IS HIRED FOR HOME ECONOMICS COURSE

The last vacancy in the teaching staff at the Plymouth schools was filled when Miss Naomi Young was hired by the board of education to head the Vocational Home Economics course.

Miss Young graduated from Ohio State University this spring with honors, and comes highly recommended by Miss Lunn, State Supervisor of Vocational Home Economics.

Miss Lunn recently visited our school and was well pleased with the equipment, location, etc. of the home economics department.

C. SPONSELLAR AWARDED \$10 FOR REPORT OF RAIL

Carl Sponsellar, of Plymouth, has been awarded \$10 from the Baltimore and Ohio railroad for his discovery and report of a broken rail. Several weeks ago on his way to work Sponsellar noticed a bad rail near Forest Sidling, two miles south of Plymouth and flagged No. 42, which goes through about 4:42 a. m.

It is very unusual for the B. & O. or other railroads to recognize any like act by remuneration, but as this was the second report made by the youth, he was given more than a letter of commendation.

Over two years ago Sponsellar gave the location of a split rail to Mr. Bowman, section foreman, and prevented any casualty. He is the son of Mr. and Mrs. M. Sponsellar, and is employed at the Fetters repair shop, on Bell street.

CHEST CLINICS HELD DURING PAST WEEK

At a pre-school clinic held at the Methodist church in Norwalk, under the direction of Dr. Lacoek, of the state department of health, fifty children were examined for signs of disease.

Dr. Lacoek was assisted by Dr. C. L. Bell, Norwalk health commissioner, Dr. B. C. Pilkey, county health commissioner, and health nurses. A clinic was held in Willard yesterday at the Methodist church, and on July 24, a similar clinic will be held there for the southern part of Huron county.

MRS. E. RANK REMOVED FROM HOSPITAL AFTER A SUCCESSFUL OPERATION

Mrs. Emma Rank was removed Tuesday afternoon from the Mansfield General Hospital where she had been confined the past several weeks. She was taken to the home of her daughter Mrs. W. E. Duffy near Boughtonville where she plans on spending some time. Her recovery is greatly improved and the operation considered a success.

MANSFIELD TO OPEN FREE FAIR JULY 28

Mansfield is to have a Free Fair on July 28-August 2, both dates inclusive. It has been announced by officials of the Richland County Agricultural Society.

Decision not to charge admission at the gate was determined by the officers after careful study, as a means of keeping pace with hundreds of other places throughout the county in abandoning the entrance charge.

HERBERT L. BOWMAN NEW PRINCIPAL AT WILLARD; SUCCEEDS E. H. SEIBEL

Herbert L. Bowman, of Gambier, Ohio, was hired at the Willard school board meeting for the new principal of the high school. Bowman is a graduate of Deacon University, and for the past eight years has been superintendent of the Gambier schools. The new principal is given the highest recommendation possible and had been offered a three year contract he is continuing his work at Gambier. He specializes in the teaching of science. Bowman succeeds E. H. Seibel, who served in Willard during the past year. At present, he is completing work at Ohio State University for a master degree.

FINANCIAL BUDGET OF RICH. CO. TO BE READ JULY 3 AT PUBLIC HEARING

On July 3rd at 9 a. m. the financial budget for Richland county during the fiscal year ending December 1st, 1931, will be ready for public hearing at the offices of the board of Richland county commissioners.

The budget has been prepared by the commissioners and minor details will be completed in time for the public hearing at the time set, according to John C. Friday, chairman of the board.

FIREWORKS ON SALE AT NEW PITTSBURGH CORNER.

The E. E. S. division of the Ladies Aid of the Presbyterian church will hold a bake sale and ice cream social at the church Saturday afternoon and evening, June 29th.

FAMOUS STAR FEATURED IN "HOLD EVERYTHING"

Winnie Lightner, famous blues singer of vaudeville and musical comedy, sings several new numbers in her own inimitable style in "Hold Everything," the Warner Bros. all-color Vitaphone musical comedy playing at the Temple Theatre Sunday.

In the story, this famous comedy songstress is first heard in a musical revue which is shown in action, and later does her stuff at a big party at which she is a guest.

In addition to Miss Lightner, the cast of "Hold Everything" includes Georges Carpentier, famous French boxer, Joe E. Brown, Sally O'Neil and many other well known artists. Roy Del Ruth directed.

NORWALK, O.—Alleging that they were rendered sick by eating poisoned liver and bacon and that their motor car was wrecked as a result of this factor, Leon J. Salisbury and his wife, Blanche E. Salisbury of Lakewood, ask \$25,000 damages in their suits commenced here against Steve and Charles Heega, proprietors of a restaurant here.

The husband asks \$25,000 damages and his wife \$20,000. Salisbury avers that after he ate the bacon and liver here, he became so sick near Elyria, that his automobile got out of control and hit a telephone pole. The plaintiffs are represented by the firm of Newcomb, Newcomb and Nord of Cleveland and Rowley and Carpenter of Norwalk.

ON THE SQUARE

MANSFIELD,

OHIO

CAPITOL NEWS

Columbus, O., June 25.—Secretary of State Clarence J. Brown has completed the task of mailing copies of the Election Laws of Ohio to every county in the state, supplying each political subdivision; as there are approximately 3,000 voting precincts, the shipping rooms of Secretary Brown's department have been the scene of much activity. Election officials are rapidly putting into effect the new features of the code and the approaching primary and election will be conducted under its provisions. The new code provides for permanent registration in cities of over 16,000 population; any city of less than 16,000 may by ordinance elect to become a registration city. Provision is made for recent and contact which is a great improvement over the old system, meeting with the hearty approval of

election officials. The state-wide meeting of those officers recently held here under direction of Secretary Brown, stimulated interest in the new code to such an extent that its provisions have been studiously acquired by those who will conduct our future elections.

George Elliott McCormick, State Librarian, will attend the annual meeting of the American Library Association to be held at Los Angeles, California, during the present week, where he is scheduled to deliver an address on "Library Vision and Duties," before the meeting of State Librarians of the various states. Mr. McCormick several months ago, was appointed a member of the committee on business administration to map out a definite program for the conduct of libraries along business lines.

A registration record for voters has been placed in the rotunda of the

ANTIOCH COLLEGE GIVEN GIFT OF \$200,000 BY GEN. MOZORS OFFICIAL

A gift to Antioch College, Yellow Springs, Ohio, was made Saturday, when C. F. Kettering, vice-president of General Motors, gave \$200,000 for ten year research work which will concern the ridge of plant growth, the secret of chlorophyll, the green coloring matter in plants, will be the object of the research work. Some time ago, Dr. O. L. Inman, the dean of the college and head of the biology department, and Kettering discovered the secret of chlorophyll. The new science building at Antioch is also a gift of Mr. Kettering, and work will be begun immediately.

Miss Grace Willet, daughter of Mr. and Mrs. Ed Willet, of Plymouth in the class of women and instructor of English at Antioch, and Miss Betty Bachrach, daughter of Mr. and Mrs. Sam Bachrach is attending the college.

DEPTH OF ROAD DITCHES TO BE LESSENY BY STATE

The state, according to late reports, has adopted a system whereby the depth of the ditches at the side of the state and important highways will be brought to normal.

Although deep digging is necessary for drainage in this region because of the nature of the soil, the unusually deep ditches at the side of the road proved a mental terror to many drivers and a real hazard to the victims of careless drivers.

State House, on the information desk of the attendant in charge. The first page contains a greeting from Ohio's governor as follows: "Ohio's historical Capitol building with its beautiful plazas, colonades and hallways, Doric in design and one of the best examples of Greek architecture in America, is the great interest to those visiting Ohio's capital city. The rotunda with its many cases of old battle flags and the reproduction of the Great Seal of Ohio in beautiful art glass at the top of the dome is an inspiring sight to our visitors. As Governor of the great state of Ohio, I welcome you to Ohio's historic old State House, and trust your visit with us will be one of genuine pleasure. Very truly yours, Myers Y. Cooper, Governor."

Over 15,000,000 more of new road work will soon be under construction as a result of contract letting advertised for June 24th, by State Highway Director Robert N. Wald. Eleven of the projects have been estimated to cost more than \$100,000 each. Clark county leads with the greatest mileage, 7,741, the Springfield-Mechanicsburg road. Five miles of the Canton-Staubenville road in Stark county is to be built at a cost of \$124,325; Trumbull county with 4,533 miles of the Warren-Meadville road, Montgomery county with 4,152 miles of the Pennsville-Center Bend road; Wood county with 1,927 miles of the Findlay-Bowling Green road and Cayahoga county with 2,366 miles of the Cleveland-Canton road.

Director Charles A. Neal of the State Department of Health states that three-fourths of the country's east and west auto tourist traffic passes through Ohio, augmented by a vast proportion of the north and south traffic. Its tourist camp problem is correspondingly acute for through a lack of personnel and inadequate transportation facilities the state moved only a third of the way in meeting its responsibilities, for in 1929, when 926 original camp inspections and 1,337 re-inspections were made, the Division of Engineering was able to approve only 310 camps. No camp can receive a "Seal of Safety" for its water supply except from the State Department of Health and there has been uniform and satisfactory support from state and local auto clubs and other interested organizations.

Wife, Gas, Scare Man In Bed Of Night
"Overcome by stomach gas in the dead of night, I scared my husband badly. He got Adlerika and it ended the gas."—Mrs. M. Owen.
Adlerika relieves stomach gas in TEN minutes! Acts on BOTH upper and lower bowel, removing old poisonous waste you never knew was there. Don't fool with medicine which cleans only PART of bowels, but let Adlerika give stomach and bowels a REAL cleaning and get rid of all gas! Karl F. Webber, Drugist.

PRIMARIES CALL NOTICE TO OHIO HIGHWAY LAWS

With the primary campaign in full swing, and the general election campaign soon to follow, a highway bulletin calls attention to several provisions of the law covering advertising signs which apply to posters.

Posting of advertising signs of any character on the right-of-way of any highway is prohibited by law. Employees of the state highway department will remove signs placed on trunk highways, and county and town officials have the same authority on secondary roads.

The use of stickers, banners, cards or anything which will obscure the vision, on the windshield, rear, or side windows, is prohibited by the traffic act. However, posters may be used on the rear side windows. The license plates must not be covered.

An extreme case of mutilation of a highway sign was on U. S. route 85 when 200 signs were shot through a steel marker. The work was done by jacketed bullets. The law: "Whoever unlawfully alters, defaces, injures or destroys any guide post, sign post, warning sign or other sign, in, upon, along, or near a public highway, so placed in any direction of the authorities having charge of these highways, shall be fined not more than \$50.00 nor less than \$5.00." If the party who did the above mentioned damage is found, the state department of highways will make an example of the case.

WORKERS AND MOTORISTS SHARE PROFITS OF ROADS

More than half the cost of every mile of concrete pavement built in Ohio goes to labor, according to a recent analysis of highway construction. The average of 52 percent is given as labor's share of the construction costs. On this basis, more than \$60,000,000 has gone into the pocketbooks of Ohio labor as a result of the construction of the state's 3,500 miles of concrete streets and highways.

The distribution of these sixty millions has been wide, including workers preparing the road beds, handling the concrete, manufacturing the cement, digging and transporting all the necessary materials and making the metal reinforcement. In view of the fact that the great bulk of materials used in concrete paving are Ohio products, the money stays at home, assisting in raising the general standard of living.

FORTY ACCIDENTS IN MAY IS TOTAL FOR HURON CO.

Huron county had 40 accidents, in May none of which resulted fatally, 1 caused permanent partial disability, 8, over seven days lost time, 3 seven days or less, 28 medical cases causing no time loss and the total time loss was 510 days. In April this county had 35 accidents, no fatalities and a time loss of 483 days.

Overalls and work pants, prices much lower now. Buy now, at Nobil's Clothing Store, Norwalk, Ohio.

HURON COUNTY BANKS HIGH IN STATE DATA

A bulletin issued by the Ohio Chamber of Commerce giving Ohio market data shows that Huron-co. although mainly an agricultural county, ranks toward the top in many particulars.

The report shows that there are 3,172 telephones, 11,443 national machines taken, 3,253 automobiles owned and that the combined circulation of the daily and weekly papers is nearly 25,000.

Huron-co. has 537 retail stores, 37 wholesale houses, 3,980 have electrical service, and that deposits in banks total approximately \$24,000,000 and that postal receipts were \$168,600.

There are 822 families in the county with 14,835 living in the cities and towns and 17,589 in the country.

BELLVILLE-MANSFIELD ROAD OPEN TO TRAFFIC

The Bellville-Mansfield road was thrown open to steady traffic on Tuesday following the completion of the concrete surface work. County Engineer A. L. Allen announced Saturday that the surface was "set" hard enough for traffic.

The work was completed by the Mansfield Asphalt and Paving Com-

pany, who rushed the job so that summer traffic could be cared for. Before the roadway was opened, the work was made by county engineers. The date of the opening was about a week in advance of the date set at the signing of the work.

NORWALK VIADUCT TO BE REBUILT SOON

The Klein Structural Steel Company of Bellevue are planning for immediate work on the rebuilding of the Linwood viaduct in Norwalk. The contract was awarded last week by the Norwalk board of control, after the city council had held a special meeting to adopt a bond ordinance necessary to enable the city to pay a share of the expense.

The total improvement will cost a little more than \$22,000. The O'Donnell Brothers of Norwalk have been given the sub-contract to do the electrical work. Under the terms of the agreement between the city and county, Norwalk is to provide lighting facilities for the bridge. Work of rebuilding the structure is scheduled for 90 days. The bridge is about 70 feet long and spans the Norwalk Creek Valley and the W. & L. E. tracks. It is the longest in the country.

SHILOH WOMAN DIED FRIDAY

William Henry, widow of William Henry, died at the family home in Shiloh early Friday morning. Mrs. Henry was born in Fostoria, May 26, 1857, and came to Shiloh after her marriage, and has been a resident of this vicinity during this time.

O. S. U. Begins 58th Year

COLUMBUS, O., June 23—Marking the beginning of the university's fifty-eighth year of instruction, the first term of the summer quarter opened Tuesday, June 17, at Ohio State University.

Forty departments of instruction are taking part in the most pretentious summer program in the history of the university. More than 500 courses are offered, and the resident faculty is augmented by 50 visiting teachers from other American and European colleges and universities.

Other features of the summer program include an institute for Education by radio, June 23-July 3; sixth summer session of the American Institute of Cooperation, July 2 to 12; a conference June 29 of mayors of Ohio cities to consider the organization of a league of Ohio municipalities; annual demonstration school under auspices of the college of education; and special courses at the Franke Theodore Stone marine biological laboratory at Put-in-Bay, O.

The university is also cooperating in the National Education Association convention to be held here shortly.

A gain in the summer registration is expected over that of a year ago when enrollment for the first term was 3657 and for the entire quarter 3871. Advanced courses are emphasized in the summer's curriculum.

Visiting teachers have been added to the staffs of 29 departments.

The Institute for Education by Radio, sponsored by the university, the state department of education and the Payne Fund, New York City, will have as its purpose an exhaustive consideration of the possibilities of utilizing the first conference of its kind and has the radio for educational purposes.

SHILOH WOMAN DIED FRIDAY

Mrs. Ella Ernest Henry, widow of William Henry, died at the family home in Shiloh early Friday morning. Mrs. Henry was born in Fostoria, May 26, 1857, and came to Shiloh after her marriage, and has been a resident of this vicinity during this time.

Mrs. Henry was a life-long member of the M. E. church, was active and faithful as long as her health permitted. Mrs. Henry has been in poor health for a number of years and all this time she has been administered to and cared for in every way possible by a devoted son, Ralph Henry. She is survived by three children, Albert Henry of Lona, Cal.; Galles Henry of Shelby and Ralph at home. Two brothers, Fred Ernest of Spear Fish, S. D., and Newton Ernest of Fostoria. Three grandchildren and many relatives and friends. Her many friends in this vicinity admired her quiet unassuming qualities, and her faithfulness to her home and family.

Shore services were conducted from the home and then at the M. E. church on Monday afternoon by her pastor, Rev. E. R. McElroy. The burial was in the family lot in Mt. Hope cemetery. Those from out of town attending the services included Mr. and Mrs. A. E. Ribby of Coshocton, Mrs. Bet Culver of Warren, Mr. and Mrs. Newton Ernest and family, Jay Ernest and family, Mr. and Mrs. Dwayne Gear, Mr. and Mrs. Ralph Ernest, Mrs. Jessie Ernest and James Ernest of Fostoria, Dr. and Mrs. McGee of Plymouth, Mr. and Mrs. Carl Sweet and Miss Dorothy Sweet, Mr. and Mrs. Andrew Snyder and Miss Josephine Snyder and Roy Snyder, of Shelby; Mr. and Mrs. C. H. Snyder and Miss Phyllis Snyder of North Fairview; Arthur Smith, Warren Smith and Harry Smith of Savannah, Miss Miriam Hudleston of Ashland, Miss Margaret Shirey of Greenwich, and Theodore Henry of Mansfield.

Girls Beret Hats, Silk or Wool. Prices lower today. One price, 45c, at Nobil's Clothing Store, Norwalk, Ohio.

CONVENTION OF STATE LEGION IN CINCINNATI

Local Legionnaires from Ehret post of the American Legion who plan to visit Cincinnati during the state convention August 17, 18 and 19 will have a chance to witness the official ducking of the Commander of Ohio's largest post when Wm. E. Handley, "Hick man" of Robert E. Bentley Post, Cincinnati, "gets" in the famous old historic Tyler-Davidson fountain on Fountain Square at the hands of "Hick" Estes, City Solicitor of Middletown, Ohio and Commander of the Legion post in that city.

Much rivalry exists between the Middletown and Cincinnati Posts. Following the reading of the report of the State Membership Committee, Past Department Commander George

E. Denby, challenges flow-thick and fast between post commanders. Commander Handley of Bentley challenged Commander Estes to a contest in which Bentley agreed to produce twice as many members as Middletown. Bentley raised its dues to \$5 this year and it took a lot of work to maintain its standing of last year as "Ohio's largest." As a result Middletown won.

Handley can't swim. He was married on New Year's. He asked Estes to let him take his ducks in "the Fountain." Estes agreed and now the whole Legion of Ohio is planning on crowding about the fountain to see "Hick" baptised.

"I'll take my chances on nine inches of water but not on nine feet!" Handley is reported as saying. The greatest crowd in the history of Ohio Legion conventions is expected to visit Cincinnati in August. Headquarters are located at 322 Broadway.

Election Costs
(Continued from Page One)

difficult because of the very limited time allowed for completing the thousands of new registration records. Two registration cards will be filled out for each voter. One will be filed alphabetically in a city-wide file at the election office. The other will be filed by precinct and sent to the polls on election day. The report contains many suggestions for simplifying the preparation of the two sets of records.

"After the 1930 registration a voter moving to a new address within the city will only have to notify the board of elections by mail. The board will correct the address on his registration cards, and he will then be entitled to vote at the new address. The Institute suggests that the larger cities the election office arrange with the gas or light company to get the new addresses of their consumers. In this way the election authorities can keep the registration records reasonably up-to-date. The law also permits a home-to-home canvass of the registration list before elections to eliminate ineligible. The city health authorities are also required to furnish monthly lists of persons of voting age who have died.

"In future years new voters may register at the office of the board of elections at any time. The board may also open a few branch registration offices at central points for a few days in October, or open the voting booths for one day of registration each year. The Institute concludes that the branch office plan will be much less expensive than present registration and will secure more accurate registration records.

"The cooperation of citizens in sending in registration and in appearing on the first registration day will greatly assist the election authorities in establishing the new system.

Reports Made
(Continued from Page One)

eight clear, eight rainy, three snowy mornings. The warmest was the 7th and 14th. 5th: The coldest was the 23rd, 8 below. The first fifteen days had a total of 530 degrees, the last sixteen days had a total of only 152 degrees at 6 a. m.

For February 1928 total temperature 6 a. m. was 746 degrees for a daily average of 31.9-1. The coldest was the 11th, 8 above, and the warmest, the 15th, 25. Clear mornings, one snowy four, rainy one.

In February 1927, the average daily temperature 30-11-4. The coldest was the 11th, 19th, 20th and 23rd. All were 15 above zero. The warmest was the 16th, 46. There were five clear, three snowy and two rainy mornings.

In February 1928, the total temperature 6 a. m. was 754 degrees or an average temperature of 31.4. The coldest was the 11th, 19th, 20th and 23rd. All were 15 above zero. The warmest was the 16th, 46. There were seven clear, two rainy and three snowy mornings.

In February 1929, total temperature was 516 degrees or an average of 18.9-7. The coldest was the 20th, 43 below. The warmest was the 26th, 45. There were five clear, four snowy and one rainy mornings.
