

## OHIO NOW HAS FEWER FARMS

### 1930 Census Shows Cities Are Engulfing Farms and Many Are Being Abandoned.

Since 1920 the number of farms in Ohio has decreased by 57,000, according to the 1930 federal census. Much of this decrease is due to the spreading growth of the cities, to the abandonment of the poorer farms, and to increased size of the remaining farms. In the opinion of J. I. Falconer, head of the department of rural economics of the Ohio State University.

City areas have expanded rapidly during the last ten years, says Dr. Falconer. The city of Cleveland, for example, has swallowed up fully two-thirds of the farms in Cuyahoga county, and other cities including Cincinnati, Toledo, Akron, Youngstown, Columbus, and Dayton, have taken into their boundaries one-fifth to more than one-third of the farms reported to be in 1920, within a radius in which these cities are located.

In the rural counties, fully 12 percent of the farms have disappeared. Parts of some have been added to neighboring farms. Farms in Ohio are now growing larger, explains Dr. Falconer. With improved machinery and its general acceptance, farmers are now able to farm more land. This has affected very noticeably the number of farms in some of the better agricultural sections.

In southeastern Ohio, where farming is admitted to be a more difficult business than in other more favored sections, the number of farms has decreased rapidly. In Vinton county, in this section, more than one-third of the farms have been abandoned within a decade, according to the census report. Nothing has come to take their place; at the present time the majority of these are growing up in brush and the buildings are deteriorating.

## NOTED PHOTOGRAPHER TAKEN BY DEATH WHILE WORKING AT OFFICE DESK

The death of C. S. Bateham, 62, of Norwalk occurred last Thursday afternoon at his place of business on East Main street. Bateham was widely known as a photographer of high rank. A touch of drama was made, as the venerable business man was taken while working at his desk with the photographs that won him the esteem of many.

Bateham founded the Professional Photographers Society of Ohio, and was a Past President of the Ohio, Michigan and Indiana Photographers' Association. He was a man interested and quite active in the business and social circles of Norwalk and will leave open a place in the memorial records that few will be able to fill.

E. P. Bateham, a son, who has been in active charge of The C. S. Bateham and Co., will continue to conduct the business.

Surviving is the widow, Mrs. Katharine Halmes Bateham, and two sons, Boyd and Evander. Funeral services were conducted Sunday at 3 p. m. from the Presbyterian church by the Knights Templar and the Rev. W. H. Shields. Interment will be made in Woodlawn cemetery.

## WOOSTER-LOUDEVILLE ROAD IS DEDICATED

The new brick highway northeast of Loudenville, state route No. 3 (CCC), was dedicated yesterday, September 10. This highway is known as the Wooster-Loudenville road, and gives the traveler a very imposing bit of highway on the CCC, from Cleveland to Chelmsford.

Governor Cooper, Director of Highways Clarence N. Wald, and Secretary of State Robert J. Brown were present at the dedication.

## METHODISTS TO MEET IN MT. VERNON SEPT. 17

Assignments for the Methodist ministers in this part of Ohio, will be made at the Northwestern Ohio conference, which is to be held at Mt. Vernon, Sept. 17. A number of members of the district are planning to attend the conference.

## Trimmer-Willoughby Fined, Decision To Be Appealed Higher

The defendants in the case of the city of Willard against Charles D. Trimmer, and W. D. Willoughby, both of Willard, have served notice of appeal. Will be made to the common pleas court from the decision of Mayor or Willoughby.

Trimmer, twice sheriff of Huron county, and a candidate for the fall elections on the democratic ticket, was fined twice Saturday morning by Mayor Charles Willoughby, at Willard on two counts. A fine of \$150 was imposed on the charge of resisting an officer, and on the charge of disorderly conduct. He was fined \$25.

W. D. Willoughby, arrested with the ex-sheriff, was fined for resisting an officer. Previously, Willoughby had been bound over from the Willard mayor's court to the common pleas court at Norwalk on the charge of driving while intoxicated.

The violators were arrested in August by patrolman Max Valkenburg, on the complaint that Willoughby had been bound over from the Willard mayor's court to the common pleas court at Norwalk on the charge of driving while intoxicated.

L. S. Wise, city solicitor of Willard, and Frank Carpenter of Norwalk, were retained to represent Willoughby in such a manner as to make it evident that he was intoxicated. Both men resisted arrest and Valkenburg was forced to call assistance.

Mr. Koehenderfer at this point as he recalled his past life, leaned back in his easy chair, and chuckled the blue smoke from his cigar curling up, and partly concealing the big smile that proclaimed the good-natured man that he is.

## Expect Result From Page Appointment

### Tariff Commission Headed By Fletcher, Is Watched.

Congress in full blast never furnished the entertainment that its members are giving through their statements issued by the two national party committees.

Official estate had its property qualities, but it was the model of politeness compared with the warfare that is now being waged. Accusation and recrimination crackle in the air like lightning.

"Malevolent, False, Malicious, Infamous, Outrageous—You're another scree Republican to Democrat and Democrat to Republican."

It may be undignified but its lots of fun. And it serves a purpose. Events once allowed to die out of memory are being kept before the public. Almost daily there is issued a barrage of words for or against the tariff issue. Foreign statesmen are seized upon and forced to answer questions of the attacks. The country is taking. And so it goes.

In the midst of these words, President Hoover's appointment of Thomas Walker Page to the Tariff Commission is a realistic touch. A teacher and writer in the field of economics, Dr. Page was first appointed to the old tariff board under Taft. Later appointed to the Commission by Wilson, and chairman for two years. He is an outspoken opponent of the flexible tariff provision. The apathy left after the appointment of the chairman, Henry P. Fletcher, was relieved after Page's appointment.

Since Dr. Page holds the opinion that even the Fordney-McCumber rates were too high, his appointment is the first concrete indication that maybe the tariff will be made to flex after all.

## WILLARD HOSPITAL SHOWS NET GAIN FOR AUGUST

The Willard Hospital for the month of August shows net gain of \$208.74. This income above expenses was shown for the first time since the opening in April.

The monthly report of Miss Gertrude Baker to the Council, gives the income as \$1,897.65 and the expenses as \$1,188.91, a net of \$208.74.

During the month the hospital had fifty-three patients. The highest for any previous month was forty-one patients, for July.

## FORMER SHILOH WOMAN DIES IN AUTO ACCIDENT

Mrs. Minnie McBride Scott, sister of Fred McBride of Shiloh, was killed Thursday night in an automobile accident near Los Angeles.

## The Word Portrait of Ezra Kochenderfer Added to Group

### Plymouthite Refers To 1866 As "Just the Other Day."

On Monday, September 1st, Ezra Kochenderfer struck off more, year on the calendar of life, making the total eighty-seven. Then he smiled complacently at life, and entered the eighty-eighth round, confident of being ahead when the next gong sounds.

This young-old-man was born Jan. 1843, in Lebanon-co. Pennsylvania, and knew that territory as his home until in his thirteenth year, his parents, Joseph and Lavina, began their trip "west" to Ohio. They traveled by train to Mansfield.

Mr. Kochenderfer at this point as he recalled his past life, leaned back in his easy chair, and chuckled the blue smoke from his cigar curling up, and partly concealing the big smile that proclaimed the good-natured man that he is.

"You know," he said, "after that long trip, we were all tired, but Ma was more than tired, and she forgot Billy (the two-year-old son) and left him on the train." But Billy, now referred to as William Kochenderfer, was remembered by his father, who swung onto the moving train just in time. William has now attained the age of 78 years, and is a resident of Adario.

From Mansfield the family moved first to Ganges, then to a farm south of Shelby. The next move west was to Missouri. "I was married in 1876," volunteered Kochenderfer, and after taking a puff on the diminishing cigar, he chuckled again, looking into space, "just the other day, you know."

It was in 1878 that he moved his family to Plymouth and began the building of a saw mill and cider press on the Shelby road just across from where the Point Filling Station now stands. For forty years he operated the mill.

As does every other person, Mr. Kochenderfer remembers practical jokes of a former day. But the one that amused him the most as he recalled old times, was one in which he received the wrong end. Just for the sport of it, one afternoon, he challenged a group of young men to a wrestling match, one at a time, and

(Continued on Page Eight)

## Richland Co. Autumn Society Has Picnic

Rev. D. B. Miller was re-elected president of the Richland County Autumn society at the annual meeting held in Mansfield Sunday.

The Society, organized for those who have reached the autumn of life, meets once a year to celebrate, and to remember in memoriam those who have passed on. A picnic dinner, a musical program, and an hour or more of reminiscences, were enjoyed by several hundred members of the society, on the grounds of the Lumberman's Mutual Insurance Co.

The re-election of all old officers by acclamation was concluded at the short business meeting. Rev. Miller, president, G. W. Benedict, vice president, A. J. Gilbert, treasurer, and A. D. Caldwell, secretary. The wife of any old resident who has reached the requisite age of three score years and ten, may accompany him to the annual event, if she herself is yet seventy.

## SEPTEMBER 15 OPENING DATE FOR BEGINNING OF FALL SQUIRREL SEASON

September 15th will be a race with death as far as the gray and red squirrels are concerned. On that date the open season begins, and Nimrods of the land are preparing their plans and arms. The season lasts until October 1st.

The sale of the game is declared unlawful, and only four may be shot in one day. County clerks, township clerks and others authorized to issue hunting licenses report a brisk business.

## DAVIS THINKS ISLANDS NEARING ABILITY TO HANDLE OWN GOVERNMENT

A healthy indication of what we may expect from our Philippine brethren is contained in the report of Dwight W. Davis on his first year as Governor General of the Islands.

According to Davis, the country is "basically sound," the native officials have shown "marked loyalty to their offices; and the people are becoming articulate against any graft in governmental figures bear out the Governor General's statement. The Philippine population has increased from 7,636,426 in 1903, to about 10,000,000 in 1929. The value of imports and exports has increased from about \$34,000,000 in 1899 to \$271,425,556 in 1929.

Education, road rights, sanitation, agricultural and local administration have made great strides. Under these conditions it is easy to understand the Governor's assertion that talk of independence in the Islands is assuming a more concrete form.

How the United States is going to respond to this growing desire for freedom is a question that has exciting possibilities for the next session of congress.

## Exhibits Fine at Huron Co. Fair

### North Fairfield Prominent in List of Awards Given.

The success of the Huron County Fair seems to be assured if attendance may be used for a barometer. On last Thursday, more persons were numbered on the county fair grounds than live in Norwalk and the immediate environs. A rough estimate would be given as 10,000.

The horse hauling contest was won by a 3300 sorrel team owned by Glenn Babcock of Greenfield township. The fireworks display put on by James Sorro, of Hudson attracted much attention. The display of fruit despite the drought, was splendid, and there were 375 entries in the plate fruit display. The Fisher Fruit Farm sent the largest display.

The display of the Huron county orange, which won the highest honors at the state fair, was a feature of the entire fair. A hour of plenty, overflowing with real fruit was exhibited. E. C. Jacobs, owner of "Glad Nest" of Norwalk, exhibited 200 varieties of plaidolids, out of the 700 varieties shown. The 4-H Club exhibits were quite large, and 193 boys exhibited their completed projects. The members ranking highest were: Beef cut, Thomas Bolt, Jr., of North Fairfield; dairy helper, Harley Clark of Hartland town.

North Fairfield seemed quite prominent in the field, as Mary Chisholm ranked highest with her breeding birds, Charles Chisholm with market class pig, George Ryerson with market class lamb, Clair Ross with brooding pig.

Austin Klirick, of Greenwich, was awarded first in forestry.

Many backers of the fair are talking of doing away with admission to the county event for 1931.

## FIFTH ARREST ON LIQUOR CHARGE WILL RESULT IN DEPORTATION

The next arrest for James Spinello, 47, of Norwalk, on the charge of possession of liquor, will not mean "just another fine" for with the fifth arrest will come orders for deportation.

Spinello, who claims to make his living by repairing shoes, has been arrested four times on the same charge. In default of the last fine of \$100, the violator was taken to the Toledo "works."

If law is to be law and not a joke, just such steps as these must be taken to prove that Uncle Sam means what he says.

## GIRL SCOUT RALLY TONIGHT AT 6:30

A Girl Scout Rally will be held this evening at 6:30 o'clock in the parlors of the Methodist church. All girls who were active with the Scouts during the last year, or who are interested in the work, are urged to attend, bringing Scout Handbooks, rope for knot practice, and pencils.

## WJW Announcer Wins District Audition of Atwater-Kent Trials

The voice of Donald M. Dowd, baritone, who assisted Miss Eleanor Searle in her Thursday evening recital of last week, won him recognition Friday evening in the Atwater-Kent Foundation for this district. By winning the audition, Dowd will participate in the state finals, which will be held in the near future.

Miss Pauline Pittenger, of Shelby won the Foundation audition for the women. Dowd sang "The Watchman," and Miss Pittenger sang "The Sleepy Hollow Tune." Contestants from Shelby, Mansfield, Crestline, Lucas, Ashland and Plymouth participated. One observer observed the appearance and personality of the singer in the room, while the other two judged from hearing the voices over the radio. The broadcasting was done over WJW Mansfield.

Dowd has studied at Ohio University, and with various teachers. At the present he is announcer at station WJW. The winner of the national event next week in cash, and a chance to go on in his, or her, studies.

## UNITED STATES LEADS WORLD IN MAIL HANDLED

If the number of letters written by its citizens are any indication of a country's greatness, then America has another reason for its well-known custom of "pointing with pride."

We handle one-third of the world's mail, an amount equal to that handled by Great Britain, Germany, France and Russia combined, according to the Post Office Department. And that we handle it more cheaply, more safely and more speedily than any other nation is made very plain by the Department's statement.

For instance, we can mail larger and heavier packages by parcel post than the citizens of any other country. Our rural delivery service embraces more free routes than are covered in other countries, and the thinly populated districts of America received as much mail as the more densely populated districts of the rich farming districts.

The United States is practically the only nation in the world that maintains the pre-war postage rates. A letter sent to Australia a half-century ago cost two dollars and four cents. The same letter today would go for five cents.

## Cooperation Readily Given to Drought Hit

According to reports made by state agriculturists, credit to the extent of about \$20,000,000 must be provided for farmers in Ohio, as a result of the destructive drought experienced in July and August.

A state-wide survey was made, conducted by Harry C. Ransower, director of the department of agriculture, extension of Ohio State University, and the report condenses and summarizes the conditions revealed.

The crop in Ohio will be only one-third of last year's crop, but that there has been no serious movement of livestock from the farms. However it is necessary to distribute state funds for road making purposes to provide employment in distressed areas suffering acutely from the drought. Governor Cooper has conferred with Robert N. Walt, state highway director, relative to the state's situation.

It is estimated that approximately \$1,000,000 will be spent in total.

Cooperation from the Ohio Bankers Association assists in forming a corporation, with a capital of \$250,000, which when paid, will provide credit through the intermediate farm loan bank of Louisville, Kentucky, for \$2,500,000.

## CHILD FALLS BENEATH CAR DRIVEN BY FATHER

Mary Sartest, 3 daughter of Mr. and Mrs. L. Sartest, sustained a fracture of the arm when an auto driven by her father passed over her body.

Sartest was backing from the garage of his home in Willard, when the child attempted to jump to the running board of the car. She fell to the ground and partially under the machine. Medical aid was given at the Municipal hospital.

## REMOVED TO HOSPITAL

Mrs. Warren McDougal of the Spring Mill road was removed to Mansfield General Hospital Saturday in the Miller ambulance coach.

## DEATH TAKES LIFE OF CHILD

### Harold Ervin, 10 Years, Succumbs Early Tuesday Morning At Trux Street Home

A shock to the entire community was the death of Harold Ervin, who passed away Tuesday mornng, about 3 o'clock, at the age of ten years, and four months.

The child, who was known to many, and who will be missed by many, has not enjoyed complete health since his birth, May 9th, 1920. On Sunday morning he contracted a severe case of tonsillitis, from which developed rheumatism. An attack of heart trouble followed which medical aid could not relieve.

Surviving the little lad is his beloved mother, Mrs. Mary Ervin, one brother, Reginald, age 19 years, and three sisters, Mrs. Harry Vanover, and Misses Lillian and Berchal Ervin of Akron. Ten years ago, a sister was taken on September 21st and four years ago, the mother was widowed by the death of her husband, George Ervin.

A short service will be held Thursday afternoon at the home, and the last rites will be held at two o'clock at the Methodist Church, Rev. Mc-Broom, officiating. Burial will be in Greenlawn cemetery, Plymouth. Arrangements are in charge of Chas. G. Miller.

For ten weeks during the summer Harold attended the Health Camp at Mansfield, where he had gained over eight pounds, and seemed well on the high road to good health. But as the life is obedient to the Divine will, as hard as it may seem, the boy answered the call of his Creator.

The late Mr. Ervin and his family moved to Plymouth seven years ago, and made this community their home.

## 20 TARANTULAS KILLED IN GENERAL STORE AT COLLINS; 8 CAPTURED

In this northern district it is quite unusual to state that a certain store room is actually "alive" with tarantulas. But such is the proved case.

In Collins, at the general store of L. W. Fairchild, an adult spider was seen, evidently carried in on fruit, and it is thought that the mature specimen gave birth to a multitude of baby tarantulas.

The small spiders resemble a grand daddy long legs. They have been killed, and eight captured and exhibited.

Mr. Fairchild is considering flooding the basement with carbon dioxide which means death for the Mrs. Tarantula and her numerous family.

## COUNTY ROAD WORK TO BE COMPLETE IN SEPT.

Three-fourths of the total mileage under construction in Richland County roads is complete and the remainder will be finished before the end of September.

County Engineer A. L. Allen states by keeping well above the average mileage of construction for seasons in past years, we feel that rural residents in all sections of the county now will have ready access to all of the main highways.

There were 67 miles of stone and gravel roads in each of the eighteen townships in the county eighteen months ago, and other county officials seemed well pleased with the progress and result of the work. In Plymouth township the Mellick and Uptkey roads were improved. Others included a section of the Plymouth-Springmill road, Shelby-Ganges road.

## CONTRACTS AWARDED FOR HURON CO. COURT HOUSE

Burton Wheeler, of Norwalk, was awarded the general contract for the remodeling of the third floor of the Huron county courthouse by the county commissioners for the bid of \$11,530.

Work to be done includes the construction of an elevator shaft, the painting, building of an ornamental stairway, and the furnishing of floor coverings.

The contract for the automatic elevator was awarded to the Houghton Elevator Machine Co. of Toledo, for \$4,375. The contract for the electrical work went to the Battery and Electric Co., Vermillion, for \$789. There were no bids on the plumbing and heating jobs.

## What is "Holiday" Answered by Film

Ann Harding, Mary Astor, and Edward Everett Horton In Interesting Story.

What is the holiday time of life? The calm era of advanced years when one's battle for success has ended, or the restful time of youth, with its greater capacity for enjoyment?

Philip Barry, playwright, declares himself in favor of the early years of manhood or womanhood, when one's mind is keenly tuned to receive the most from every impression. A holiday then, declares Barry, is not only a time of play, but an opportunity for meditation and observation which will enable the individual to become acquainted with himself and to determine how to utilize his future to the greatest possible advantage. It was to point this theory that Barry wrote "Holiday," the sensational stage success of last season.

Edward H. Griffith, director of "Holiday," a Pathe picture coming to the Castamba Theatre on Sunday, Monday and Tuesday, agrees with Barry. "I believe, with Barry, that holiday time in youth is really an effort to find oneself and learn what one wants most to do for the remainder of his lifetime," declares Griffith. "I am thoroughly in sympathy with the leading masculine character in the play, who worked hard to make his pile while still in his twenties, and for a set-off to enjoy his holiday for a time."

Robert Ames plays this revolutionary young man in the screen version of "Holiday," which features Ann Harding in the leading feminine role. Other popular players appearing in the cast include Mary Astor, Edward Everett Horton, Hedda Hopper, Hallam Cooley, Monroe Owsley, William Holden, Creighton Hale and Mabel Forrest.

## COUNTY FAIRS DRAW A LARGE ATTENDANCE

County Fairs are drawing an excellent attendance over the state, according to reports received by Hon. L. L. Holderman, president of the Ohio Fair Managers Association. Eleven fairs are being held this week and six are scheduled for next. All have large racing entries with promises of crowded exhibits in all departments.

## HAY FEVER VICTIMS ACTUALLY SUFFER SAYS DIRECTOR OF HEALTH

This is the season of hay fever, a disease due to an inherited sensitivity of the mucous membrane of the eye, nose, and bronchial tubes, to substances that are entirely innocuous to the normal individual.

It is estimated that in this country there are 6,000,000 people who suffer from hay fever, and asthma; the suffering and depression experienced by the patient are very much under estimated by those who are fortunate enough to escape these conditions.

Dr. Charles A. Neal, Director of the State Department of Health states that since methods and exact means of determining the exciting cause of symptoms in both hay fever and asthma have become known, the formerly hopeless situation has been changed. Care of the diseases has been taken over by specialists who devote their entire time to the work.

Henceforth, with some reservations hay fever and asthma must be regarded as at least controllable and in many cases curable.

## WILLARD RAILROADER BURIED AT MANSFIELD

Funeral services for Royden Motson, 35, life-long resident of Willard were conducted Monday afternoon from the Lutheran Church, the Rev. G. C. Hefelfinger officiating. The body was then removed to Mansfield, Mrs. Motson's former home, where services were held Tuesday from the Wagner funeral home.

Mr. Motson was night yardmaster of the Baltimore and Ohio railroad. Death was due to a heart ailment from which he had suffered for some time. He is survived by his widow, three children and three sisters, all of Willard.

## L. S. E. FILES ANSWER TO CITY OF BELLEVUE

Answer has been filed in the appellate court of the Toledo district, by Attorney G. Ray Craig of Norwalk attorney of the L. S. E. Railway Co. in the outer case of the City of Bellevue vs. the L. S. E. system.

The defendant corporation states when negotiations were in progress for an extension of the franchise at Bellevue, the municipality made demands so unreasonable that the company could not accept them. Trouble has been rising for years between the city and the interurban company, over the subject of street improvement projects and the payment for the same.

## Greta Garbo Stars in Recent Stage Hit

Another Garbo Triumph as Great, If Not Greater, Than Anna Christie

Greta Garbo will make her second all-talking picture appearance Sunday at the Temple Theatre in the celebrated Edward Sheldon drama "Romance," adapted to the screen by Bess Meredith and Edwin Justus Mayer and directed by Clarence Brown. Garbo, a newcomer to motion pictures, will play opposite the star and the cast includes Lewis Stone, Elliott Nugent, Florence Lake, Clara Blandick, Henry Armetta, Mathilde Comont and Countess de Lignano.

"Romance" will be recalled as the outstanding hit on the New York stage in 1913, where it played to capacity audiences with Doris Keane in the starring role. Following a tour of the United States, the play was presented in London where it ran three years. It was subsequently produced in France, South Africa, Australia, Italy, the Scandinavian countries, Holland, Roumania, Greece, Spain, Germany, Czechoslovakia, the Far East, Russia and Hungary, and in 1920 was made into a motion picture, silent of course.

## FACE OF CHARWOMAN ACTUALLY STOPS CLOCK

"A face that would stop a clock has long been a favorite phrase, but one is seldom seen. However, there is such a face, possessed by a London charwoman.

Her mere presence in a room, a number of other Londoners insist, causes any type of timepiece to stop. Her employers are able to tell exactly what time she entered a room, though it may have been hours before. Not a few, but a very great many, report this peculiar action, and "tick to tick to their story."

The woman does her work well, and has, so far, lost no job, because of her power. Doctors state that the skin of certain individuals contains chemical properties which react on various metals and elements, and that the charwoman's skin may be powerful enough to have a decided effect on the metal of clocks.

Certain strands of pearls are known to be kept "alive" only if worn frequently, but less their beauty if allowed to lie unused. More and more is science clearing the mystery of the "witchcraft" of the earlier ages.

## SERVICES HELD FOR JOHN FRY THURSDAY

Funeral services for John Fry of Marion were held Thursday afternoon with burial made in Greenlawn Cemetery, Plymouth.

Mr. Fry was born in Plymouth seventy-three years ago but at an early age left with his parents for Crestline where most of his life was spent. Later on he moved to Detroit, Mich., and remained until a year ago when he retired and went to Marion to live with a sister-in-law, Mrs. Sallie Fry.

Hardening of the arteries following a week's illness was given as the cause of his death. He was the last of a family of eight.

The older residents of Plymouth will recall Mr. Fry.

## GEO. SIMMERMACHER, WILLARD MERCHANT DIES

George Simmermacher, 60, died at Municipal Hospital, Willard, Saturday following a short illness of pneumonia. Funeral services were held Monday afternoon at 2 o'clock from the home of his sister, Mrs. L. E. Simmons, and burial made in Greenlawn cemetery.

Mr. Simmermacher was born in Sandusky but came to Willard at the age of 19 years. He was the local agent of the Baltimore and Ohio for twenty years and had been the owner of the Simmermacher Haberdashery for twelve years. He was also prominent in fraternal orders.

Surviving him are his sister and two brothers, Louis and Paul all of Willard.

## NEW QUARTERS NEARING COMPLETION IN OHIO PEN

Prisoners are moving into new quarters in the cell block which are almost completed at the Ohio Penitentiary. These are fireproofed and modernized and there will be no repetition of the fire which occurred on Monday following Easter.

Work on the new fireproof industrial building is being rushed and when completed will replace the "A" shop which have been a menace as fire hazards for many years. The prison population in the West Spring institution is now slightly in excess of 4,100.

## SUN SPOTS CAUSE LESS DUCKS, BABIES, STATIC AND WEDDINGS FOR FALL

New York, September 11: There will be a shortage of ducks, matrimony, babies, and radio static this fall on account of the decreasing number of sun spots, according to scientific prediction made at the convention of the International Association of Game, Fish, and Conservation Commissioners at Toronto, Canada, last week.

The duck shortage is 50 percent of the usual crop is already proven by survey. The shortage of matrimony, babies and radio static is already indicated by tabulation, based principally on the rising commodity prices.

Simplified the scientists declare that the minimum number of sun spots produce less heat, less ultraviolet rays, less cloudiness, less ionization of atmosphere, therefore less rain, and less rain produces drought, which in turn produces higher commodity prices.

## NEW AGENT APPOINTED AT NEWARK DIVISION

The new Division Freight Agent of the Baltimore and Ohio Railroad, with headquarters at Newark, Ohio, has been named. Mr. A. Baker will succeed Clark W. Greener, who has been transferred to Baltimore, Maryland as Division Freight Agent at that point.

Baker has been promoted to the agency at Newark from the Division Freight Agent at Akron, Ohio, and before having been located at Akron, was sent at Chillicothe, Ohio. The appointment was effective the first of the month.

## BELLEVILLE HOMECOMING STREET FAIR PLANNED

The ninth annual Home Coming and Street Fair of Belleville is planned for Thursday, Friday and Saturday, September 25, 26 and 27.

Committees in charge of arrangements are working hard to give visitors on those days something new, different and additional. Plans are under way for some excellent business displays.

Premiums for school district displays have been increased and thus, in spite of the dryness of the growing season, those planning exhibits say they will have just as good or better exhibits than ever. Belleville has established a good reputation for the successful fairs it has staged in the past.

## MOUND NEAR CLYDE TO BE OPENED IN OCTOBER

The Ohio State's Archaeological and Historical Society will begin the work of exploring the Indian Mound Two miles east of Clyde early in October. The mound, in plain view from state route No. 2, will be opened as soon as squash now growing there are picked. The mound covers about one-third of an acre, and rises about twenty-five feet above the level land about it. Erosion and other natural and artificial agents have injured its almost perfect form.

The materials for the mound was evidently obtained from the land to the east, where the soil appears to have been removed to a sufficient depth that it left a depression in the surface that has ever since remained wet and boggy. The latter land has gradually become a swale, in contrast to the light sandy soil of the district.

It is thought that the mound may hold secrets of the culture of the ancient Mound Builders.

## A. L. MALONEY TO BE DECLARED LEGALLY DEAD

Arthur L. Maloney, who has been missing from his home in Huron county, will soon be decided legally dead in order that an estate may be settled.

In the petition, the central figure of the case is referred to as the presumed decedent, R. M. Palmer of New London has been named administrator. A bond in the sum of \$400 has been approved. Mr. Maloney resided in the southern part of the county and all efforts to locate him have failed.

## TEMPORARY POSTMASTER NAMED AT FITCHVILLE

Archie Croshaw has been named as temporary postmaster at Fitchville. The postoffice, formerly located in the Hunter Store, has been moved to the Croshaw store on the south edge of the town.

Applications are being made for the appointment of a permanent postmaster, September 14th being the last day for filing.

## HOME FROM HOSPITAL

Miss Pearl Darling of Shiloh, but well known to Plymouth people, was removed from the Shelby Memorial hospital in the McQuate ambulance to her home Friday afternoon.

## Enthusiastic Audience at Thursday Recital

Carrying her audience from laughter to tears, Miss Eleanor Searle was highly acclaimed last Thursday evening in her vocal recital given in the Evangelical Lutheran church, and was encored again and again.

Her lovely voice in its interpretation of old favorites and arias was heard by an enthusiastic audience as has been gathered in Plymouth for months. It is not usual for an artist to meet with such response in the "home-town" as was won by the young coloratura soprano, assisted by Mr. Donald Dowd, baritone, of Mansfield.

In the selection of her numbers, Miss Searle showed much forethought. The first group, including "Who'll Buy My Lavender" by Edward German, and "Songs My Mother Taught Me" by Dvorak, won the heart of her listeners.

The song "Du Bist Wie Eine Blume" stirred the entire audience, though the words, in translation, were unknown to many. "Heigh Ho! The Sunshine," by Phillips, and "Je Suis Titania" from Mignon by Thomas, the latter number closing the program, won much applause.

The appearance of Mr. Dowd's was the first in this locality and by the reception given, will not be the last.

**Many Attend Marsh School Reunion**

The Marsh School reunion was attended by two hundred and fifty former members, at the school on the Bull-head road.

A picnic dinner was served at noon. The program featured songs by Mr. and Mrs. A. Willett of Plymouth, and presentation by former teachers and pupils.

Visitors were present from Indianapolis, Ind., Baltimore, Md., Detroit, Mich., Cleveland, Mansfield, North Baltimore, Crestline, Attica, Willard and Plymouth and vicinities. Officers elected for next year were Earl Riddle, president; David Cox, vice president; Lela Dawson, secretary-treasurer. The next reunion will be held the Saturday before Labor Day.

**Christian Endeavor Board Meeting**

The regular Christian Endeavor County Union Board meeting will be held on September 13th at the home of Miss Belle Maynard, Greenwich, O. An important meeting and we want every one to please be there with a written report of their work.

**Trade in your old heater on a new Sunbeam Cabinet Heater, at Brown & Miller's.**

**Begins Year At Greenfield**

Miss Grace Trimmer left Friday for Greenfield, Ohio, where she has accepted a position in the public schools of that place. The grades taught will be the 5th and 6th, although all the pupils of those grades are not included. The work is a little different than usual, but Miss Trimmer is well qualified for the position.

**Picnic At Wooster**

The Busy Bees, and the Junior Boosters will attend a picnic at Wooster, Friday, September 12. The invitation extended is for all members of the young people's society in the Presbyterian church. Ways will be provided, and all are to meet at the church at 3 o'clock.

**Booster Supper Planned**

The annual November Booster Supper will be given in the parlors of the Presbyterian church Thursday evening, November 7.

**Platt-Fulton Ceremony**

A wedding of interest to many Plymouth residents is that of Miss Beatrix Platt, daughter of Mr. and Mrs. M. F. Platt, of Lucas, to Mr. Don L. Fulton, son of Mr. and Mrs. J. B. Fulton, also of Lucas, which was solemnized Saturday night by the Rev. Mr. A. M. Himes, of Cambridge, Ohio, former Plymouth pastor.

The silver wedding anniversary of the bridegroom's parents was the date chosen for the ceremony. They were attended by Mrs. A. M. Himes, and Beryl Platt, a brother of the bride. Both Mr. and Mrs. Fulton were graduates of Lucas High School, class of 1926.

Mr. Fulton is associated with the Fritz-Rummer-Cooke Co., of Columbus, but will make their home with the bride's parents.

## Bridge Affair Friday

Miss Helen Trotter, of Ohio State University, was the guest of honor at a bridge affair given by Miss Margaret Boardman last Friday evening. Those present were Misses Rosemary Bachrach, Miriam Root, Madeline Smith, Mary Sheely, Ruth Balduf, LaVerne Sommerlot, Jean Boardman. Miss Balduf was awarded first prize, and Jean Boardman was consoling.

**All-Day Meeting And Election**

The Ladies' Aid of the Methodist church met for an all-day meeting at the home of Mrs. Georgia Boardman, Tuesday, at her home on West Broadway.

There was a large attendance. A potluck dinner was served at noon, and a number purchased their dinner, the funds going into the treasury for church work. The day was spent in quilting, and sewing carpet bags.

Election of officers held in the afternoon resulted as follows: President, Mrs. J. L. Price; secretary, Mrs. Leon Z. Davis; treasurer, Mrs. V. Robinson.

## Addie-Maurer Circle Entertained

The Addie Maurer Circle met at the Donnemeyer home on Tuesday, with sixteen present. The lesson discussion was led by Mrs. Charlie Wentland, and Mrs. Russell Scott. A short business meeting was followed by a social hour at which delicious refreshments were served by the hostess.

The occasion being Miriam's birthday, she cut and served a birthday cake. The meeting adjourned to meet again the second Tuesday in October with Mrs. R. Scott. Miss Lucille Pugh and Miss Mabel Preston will be leaders. Election of officers will be held.

**Try our 25c plate lunch, beginning September 15. Chicken and noodle dinners Wednesday, 50c. Fish dinners Friday. Bradford's Home Restaurant.**

**Friendship Class Meets Sept. 16**

The Friendship Class of the M. E. church will meet Tuesday evening, Sept. 16th at the home of Mrs. McBroome in Shiloh. All members are urged to attend. The local church has been designated as the meeting place at 7 o'clock, where autos will be provided to take those wishing to go.

**Twentieth Century Circle**

The Twentieth Century Circle held their first meeting September eighth, with Miss May Fleming as hostess. After the delicious pot luck supper was served, the following program was given:

Mrs. Postle—Thomas Moran.  
Miss Rogers—Göing Somewhere.  
Mrs. Searle—Ukraine America.  
Twenty members responded to roll call. Far and near, Mrs. Stacy Brown, Mrs. Ned Earnest, Mrs. Ed Sherman and Mrs. Sauer were guests of the Circle. The next meeting will be with Mrs. Artz, September twenty-two.

**Week End Guests**

Guests entertained at the Hills Farm over the week end included Mrs. Sara Hills and daughter, Miss Myra, Mr. and Mrs. Virgil Hills, Mr. and Mrs. Harold Hills and two children of Cleveland. Mrs. Sherman Jones and daughter of Marvin, Iowa, and Mrs. Jacob Horbreeker of Bellevue.

Mrs. Helen Carey of San Francisco, Calif., is also a guest at the same home, who will enjoy a month's vacation here. Mrs. Carey is a Gold Star Mother from California, who made the pilgrimage to her son's grave in France and stopped in Plymouth enroute home.

**Rev. J. Funnell Dies In Courtland, N. Y.**

Funeral services for the Rev. Mr. John F. Funnell are to be held this afternoon, at one o'clock from the First Presbyterian church in Courtland, New York.

Rev. Funnell was a former pastor at the Presbyterian church in Willard, and well known in all Huron county. His brother, the Rev. Dr. A. J. Funnell, is the present pastor of the church at Sandusky, and left yesterday to attend the funeral.

Death occurred Tuesday at the Courtland hospital where he had been removed a week ago for an operation following an attack of acute appendicitis. He is survived by the widow, one daughter, four sisters and two brothers.

## GAME CHIEFS REQUEST HOOVER TO DOUBLE U. S. WARDEN FORCES

NEW YORK, Sept. 11.—With the urgent need of more adequate protection of wild life growing daily, recommendations were made to double the number of Game Protectors of the United States Bureau of Biological Survey, by the International Association of Game, Fish and Conservation Commissioners in convention at Toronto, Canada, last week. There are only 25 U. S. Game Protectors for the entire United States and Alaska. The recommendations were sent to President Hoover and to the United States Senate and House.

"This is a step forward toward conserving and restoring wild life," Charles Avery, president of the protective association said. "However, this will help the Biological Survey but fifty game protectors; a thousand or more are needed to cover the vast areas of the United States and Alaska."

Bootlegging of ducky, trapping and night shooting of wild-tow by market hunters is increasing, according to Paul G. Redington, chief of the Bureau of Biological Survey, so additional forces are needed to send into such areas where these illegal practices are going on at this time.

**CARS COLLIDE AT CROSS WAYS ON SHELBY ROAD**

A Ford touring car, driven by Bert Wentz, of Shelby, collided with a Studebaker coupe, driven by Roland Black, of Mansfield, near the A. C. Morse farm on the Shelby road Friday night.

The touring car was in the act of making a left hand turn at the cross roads, and had given a sign to that effect. The coupe failed to notice the sign and the cars crashed. Both cars were damaged.

Miss Wentz, riding with her father, suffered a gash in her head and severe bruises.

**YOUTH BURIED WEDNESDAY IN NEW HAVEN CEMETERY**

The funeral of George A. Luteman, 18, was held Wednesday afternoon at 2 o'clock from the late home east of Rome, and burial was made in the New Haven cemetery. Rev. Cox, Shelby, officiated.

Death was due to injuries sustained about three weeks ago. The youth was employed, until the time of death, on the farm of Howard Hayes, east of Shelby. He is survived by his parents, Mr. and Mrs. Louis Luteman, three brothers, Kenneth, Robert, and Marion, four sisters, Mrs. Dorra Mitchell, Viole, Flora and Emma Jean, and two grandparents.

**LAST RITES ARE HELD FOR FLOYD ROBINSON**

Last rites for Floyd Robinson, 42, of Greenwich, were held Tuesday afternoon, with Rev. Gruber, of the Church of Christ officiating. Interment was made in the Greenlaw cemetery.

Robinson lost his life by drowning while working on the water front at Erie, Pennsylvania, last week. The body was taken to Greenwich over the Big Four railroad. At the time of the accident, the deceased was employed by a Cleveland Contracting Company, in extending a water main through the channel of the Erie harbor.

Surviving is the widow, a son Nelson, a daughter Beattie, high school students, and his mother, Mrs. John Walker, all of Greenwich.

## At The Churches

**PRESBYTERIAN CHURCH**  
J. W. Miller, Minister  
Sunday, Sept. 15, 1930

When one's daily life is completely filled with constructive thoughts, there is no room for negative and depressing ideas. "Constructing the Best" will be the theme for next Sunday's service at 11 a. m.

Bible School, 10 a. m.  
Junior Church, 7 p. m.  
Young People's League, 7:30 p. m.

**LUTHERAN CHURCH**  
L. A. Sittler, Supply Pastor

Sunday School 10 a. m.  
Morning worship 11 a. m. Sermon subject: "Today's Need of Religion." Union Young People's League at 7:30 at the Lutheran church.

Choir rehearsal, Friday evening at 8 o'clock.

Catechetical instruction Saturday morning at 9:30. All children over ten years of age and not confirmed are invited to attend these instruction periods.

Miss Pearl Elder and Mr. C. T. Elder motored to Canton, Saturday, returning home Sunday accompanied by Mrs. Elder, who spent the week there.

Mr. and Mrs. Roy Stauffer, and daughter Janice, spent Tuesday at the homes of Mr. and Mrs. J. E. Wirth and W. W. Wirth.

**FARM BUREAU PLANS INTERESTING PROGRAM**

A program, arranged by the action of the Joint Farm Bureaus of Greenwich and Ripley, will be presented at the Ripley Centralized School on Tuesday evening, September 16, and is given below:

Piano solo—Erma Pettit.  
Recitation—Doris Boardman.  
Reading—Sarah Pite.  
Vocal solo—Norma Tanner.  
Address—"Fall Management of Poultry"—Paul Zumbro, of Ohio State University.  
Round table discussion.

Mr. Zumbro comes highly recommended and thoroughly understands his subject. Anyone who is interested in poultry will undoubtedly receive much benefit by hearing him. The public is cordially invited. Refreshments will be served.

**CONDITION NOT IMPROVED**

The condition of Miss Donna Russell, who was removed to the State hospital in Toledo the latter part of the week, is not improved. However, much hope is held for her recovery.

Mr. Geo. B. Sheely of Lonsion, O., was a guest of his sisters Cora and Anna Sheely last Thursday.

**PAULINE RHINE REGAINS CONSCIOUSNESS, WILL RECOVER HEALTH SOON**

According to the latest reports, Miss Pauline Rhine is improving slowly at the Willard hospital, following her recovery of consciousness last Thursday. Though there is no decided change, her complete return to health is assured by physicians. She will be kept at the hospital for some time under observation.

Not since Miss Rhine became comatose, has she lapsed back into the state of coma in which she lay since August 27th. The best is wished for Miss Rhine, and it is hoped that she will be among friends again soon.

## PAULINE RHINE REGAINS CONSCIOUSNESS, WILL RECOVER HEALTH SOON

Mr. Floyd Sapp of Cleveland and Mr. and Mrs. Ellis of Mansfield spent Thursday as guests of Cora and Anna Sheely.

## CHEVROLET TRUCK IS PURCHASED FOR TOWN

A Chevrolet one-ton truck, was purchased Monday night by the action of the Council. The new machine cost about \$740, with the old truck.

Mr. and Mrs. Chris Sheely and daughter Mary were Sunday dinner guests of Cora and Anna Sheely.

## Children Almost Hate Cross Nervous Mother

"My children almost hated me. I was so cross. Thanks to Vinol, my nervousness is all gone and we are happy again."—Mrs. T. Johnstone.

For 30 years doctors have prescribed Vinol because it contains important mineral elements of iron, calcium and cod liver phosphate. The very FIRST bottle brings sound sleep and a BIG appetite. Nervous, worn-out people are surprised how QUICK Vinol gives new life and pep. Tastes delicious. Karl F. Webber, Druggist.

## THINGS THAT NEVER HAPPEN

**FARMERS PLAN TO SOW LESS WHEAT BY 4 PER CENT THIS YEAR**

Farmers, in reporting intentions to plant wheat this fall, have expressed to the federal crop reporting board a collective intention to sow 4.5 per cent less wheat than was sown last year.

Combined reports from all the states indicate an intended acreage of wheat of 41 millions, which is the lowest intended acreage since 1923, and marks the third consecutive year that a reduction in acreage is planned.

The actual seeding of wheat is expected, by the department, to be less than the expressed intentions of the farmers. The average seeding of wheat, experience has shown, is usually about 4 per cent less than the August intentions, and depends upon the vagaries of the weather at seeding time. Within seven years the spread from the expressed intentions has varied from 3 per cent more to 8 per cent less.

Ohio farmers estimate their intended acreage at 1,893,000, which is 4 per cent less than was seeded last year. Farmers in Nebraska and Oklahoma report an intention to decrease seedings 13 per cent, in Illinois 8 per cent, and in Colorado 7 per cent. Decreases of 5 per cent are reported for Texas, Montana and California. Other important wheat producing states report intended decreases of 1 to 4 per cent.

Most of the southern states report slight increases in the intended acreage.

As intended increase of 1.3 per cent in the amount of dry sown is also reported by the crop correspondents.

**POLICE AT NORWALK PREVENT BIG BURGLARY**

By quick action, Norwalk police prevented the robbery of the Friskora Hardware on East Main street, resulting in the arrest of Frank Cebalst, 27, of Pittsburgh, laborer, Albert Johnson, 21, Geneva, second cop, Alfred Auletto, 30, a seaman, of Detroit.

Patrolman Fred Balduff on his beat, approached a man loitering in the alley at the rear of the hardware store. Although his answer did not excite suspicion, the appearance of a second man caused Balduff to put the two under arrest. Patrolman Frank Kramer was hailed and assisted in the store. As Auletto left the rear door of the store he was promptly seized and taken along with his accomplices. Entrances has been by breaking a glass in the door. Several knives and loaded guns were found in possession of the trio. All loot was returned.

**SCHOOL BOARD MEETS**

No business of any importance was brought up at a meeting of the School Board Wednesday night. Routine matters, such as ordering of supplies, etc., and the discussion of old business was taken care of. The meeting was postponed from Tuesday night because of the absence of some of the members.

**KEEPING DAILY TAB ON WEATHER IS JOB**

Keeping daily tab on the weather at nearly 5,000 places in the United States is a service performed by people whose only reward is their own scientific interest in the proceeding. In many cases, records have been kept by one individual or by members of the same family for fifty years without a break. Every month, the volunteer watcher sends his collection of observations to the Weather Bureau in Washington where it is made part of a monthly bulletin.

Facilities for securing rain-fall, temperature, and other climatic conditions are furnished each worker by the bureau. Every month, the volunteer watcher sends his collection of observations to the Weather Bureau in Washington where it is made part of a monthly bulletin.

It is sometimes wondered how the bureau can obtain such excellent, unremitting service from unpaid workers. Yet history shows that keeping weather records was a hobby long before the days of organized meteorology. A weather record for the entire year of 1769 has been found on the blank pages of an old almanac. Vol- unteer weather recorders first worked under the direction of the Smithsonian Institute and later under the Signal Service, the latter being a predecessor of the present Weather Bureau.

**DEFENDANTS WIN OUT IN COLLISION CASE**

The jury in the automobile damage case of Adam Miller of Willard vs. W. S. Jamerson and Virgil Richards, blank pages of an old almanac. Vol- unteer weather recorders first worked under the direction of the Smithsonian Institute and later under the Signal Service, the latter being a predecessor of the present Weather Bureau.

The members of the jury were: W. J. Gathergood, Mrs. Geo. McMahon, C. H. Strahm, Marion Rose, Mark G. Carter, John Saxton, Mrs. J. W. Slack, A. L. Oberly, Henry Zimmerman, John Albrecht, Jennie Hearnson and Fred D. Benson.

**EDITORS OF OHIO ON THE AIR AT COLUMBUS**

On August 29, during the regular period of the Night School of the Air from 7:15 to 7:30, five well-known Ohio editors broadcast on the "State Fair." Their messages were clear and interesting. They acted like old veterans at the "mike." The five editors who broadcast were: Ralph W. Peters, of the Defiance Crescent News; Carl Schaefer, of the Daily Tribune; Pomeroy; Fred K. Dix, of the Prospect Monitor; Dale Wolf, of the Wolf Publishing Company, Norwood; and Sen. G. M. Kunler, of the Lewisburg Leader. Roy Reichelderfer, of the State Department of Education, served as announcer.

**THE QUALITIES OF LEADERSHIP**

By JOHN G. LONSLADE, President American Bankers Association

Leadership and success, in a general way, are synonymous. They are both founded upon simple, solid, and sound, upon the realization that he who wins the laurels must be a doer, not a waiter, that a plan of energy, not time or luck, is what counts most. A rabbi's fow is a poor substitute for horse sense.

John G. Lonsdale

To be successful, one must be of the highest quality, are the result of service to humanity. Service has been aptly described as "the supreme commitment of life." Analyze the lives and times of all great leaders of history and you will find that those whose names are enshrined in the hearts of their countrymen are those who sought to render a good service to the people.

Leadership, like success, need not, however, be international or national to achieve great results. There is room for each of us to be a leader in his community, in his work, in his church, and in various organizations. One of the truly positive qualities of leadership is the ability to persist stoically in the face of discouragements. If George Washington had not survived the hunger and privations which were theirs of Valley Forge, we have too many young men and young women these days saying a job cannot be done. Too many spend their time explaining why a thing cannot be done, instead of saying, with firm resolve, that it can be done, and then going out and doing it. Anything that ought to be done is capable of being done. And anything worth doing at all is worth doing well. The fellow who handles a little job in a big way is always on the road to greater fields.

**SUN SPOTS CAUSE LESS DUCKS, BABIES, STAFF AND WEDDINGS FOR FALL**

New York, September 11: There will be a shortage of ducks, matrimony, babies, and static this fall on account of the decreasing number of sun spots, according to scientific prediction made at the convention of the International Association of Game, Fish, and Conservation Commissioners at Toronto, Canada, last week.

The duck shortage of less than 50 percent of the usual crop is already proven by survey. The shortage of matrimony, babies and radio static is already indicated by tabulation, based principally on the rising commodity prices.

Simplified the scientists declare that the minimum number of sun spots produce less heat, less ultra-violet rays, less cloudiness, less ionization of atmosphere, therefore less rain, and less rain produces drought, which in turn produces higher commodity

**SEES HEAVY CLAIMS ON FUTURE BANKERS**

American Bankers Association Official Declares That Banking Changes Creating Large Bank Systems Will Call for Broader Social Viewpoints.

Larger scale group or branch banking will inevitably bring a new era of banking organization and operations to the United States and bankers will have to develop new conceptions, new administrative methods and new economic views." Rudolf S. Hecht, Chairman of the Economic Policy Commission of the American Bankers Association, recently told the members of the American Institute of Banking.

The Institute is the educational section of the association and he emphasized the point that the new era in banking demands "that we must step up our education so that banking shall be fortified for new responsibilities."

"What the Future Calls For" "We must broaden our social conception of banking," Mr. Hecht said. "Not only for the technical operations of the new banking must we fit ourselves, but also as individuals and as organized profession we must change ourselves with serious consideration of the social problems that are involved. Already we hear murmurs and fears and doubts as to whether the changes that are coming about in banking is the extension of group and branch banking to the detriment of the individual, a new financial menace, a monopolistic threat not only to the individual banker, but to the financial liberty of the public and that must be met by things merely as facts that must be taken into consideration in our studies."

"Public opinion cannot be ignored. It is ready to hear murmurs and fears and doubts as to whether the changes that are coming about in banking is the extension of group and branch banking to the detriment of the individual, a new financial menace, a monopolistic threat not only to the individual banker, but to the financial liberty of the public and that must be met by things merely as facts that must be taken into consideration in our studies."

**HARRY KNIGHT ATTENDS INSURANCE CONVENTION**

Harry Knight, for the third consecutive year, has made his quota of insurance premiums which gives him a free trip to the convention of the Buckeye Union Casualty Co., which is in session this week at Sandusky. The convention headquarters are at the hotel Reiger and about 200 delegates are in attendance. Wednesday a boat ride on Lake Erie was tendered the party and today the company is giving airplane rides for those who care to take a flight.

**MASTERPIECES TO BE STUDIED BY RADIO**

William H. Vogel, Director of Art for the Cincinnati schools will present a very interesting series on Art Appreciation over WLV, Cincinnati, every Wednesday, at 2:45 P. M. The following are some of the masterpieces to be included in this series: Age of Innocence by Reynolds; By the River by Le Rollé; Feeding Her Birds by Millet; The Belated Kiss by Hunt; Two Indian Roasting Corn by Coose;

**POSTMA WRECKED TRUCK IN COLUMBUS**

Lossing control of his car, Tom Postema, wrecked his Ford truck, and a parked Chevrolet tourist, early Tuesday morning, on High street, in Columbus.

Postema, because of fatigue, apparently dropped asleep, and before he could right his truck had crashed into the other machine, completely wrapping it around a lamp post.

No one was hurt, fortunately, though the truck was badly damaged. No one was with Postema at the time, who was delivering celery into the Columbus markets.

## BACK TO SCHOOL

The time has rolled around again when the boys and girls will merrily troop back to school and college, and the sacrifices of parents, cheerfully made, will be buried deep in the family archives and not permitted to mute the strings of joy in the life of youth. One who has received his education in the little red schoolhouse sometimes closes his eyes and wonders if the youth of the present generation appreciate the marvelous opportunity that is theirs. One wonders, too, if the men and women of the future will be as hardy, as resourceful, as stalwart as those boys and girls of the previous generation who had to trudge miles along muddy roads to get to school, instead of being whisked away over paved roads by motor bus. It is an analogy of modern life that the men and women who really achieve are most often boys and girls who have worked their way through college—waited on table, made beds, swept dormitories, mowed lawns and everything else to gain an honest dollar. One of the most successful men that we know, was a switch tended in the railroad yards when he was a student at Ohio State, working there every night from late afternoon till midnight. True, he never shone in athletics, but he learned how to concentrate and to make his minutes golden.

After all is said and done, it is the building of character that counts in education. What good is "book learning" if the moral fibre is left to ravel? Everything that is really worth while is gained through sacrifice, either personal or by some one else. Mothers love their children with an encompassing love because of the travail and sacrifice they have made for them. It is a human devotion that never can be fully repaid.

So when the boys and girls troop merrily off to college, it is just as well, for the salvation of their own soul, that they realize a few of these things.

No stone is fit for the builder till it has been hammered and hewn into proper shape.—Sandusky Register.

## THE STORY OF YOUR TOWN

Oakland, California, has a book used in the public schools, called "Oakland. A Story for Children." This is a good idea for other cities and towns to follow. Boys and girls ought to learn early the history of the place in which they live. They will more quickly become good citizens. They will be more likely to stay at home and add their bit to successful community life. Most of us look over the fence and wish to be somewhere else. We seek a change of circumstances when what we ought to seek is a change of self. The sooner you get really interested in the place where you are the sooner you will amount to something.—Mansfield News.

## CAUTION AND RASHNESS

In spite of all of our "safety first" slogans, most of us still retain the warmest glow of our admiration for the chap who can throw caution to the winds and be recklessly, unjustifiably brave.

A short time ago three gunmen invaded a rich man's home in an Ohio suburb and tried to rob a party that was in progress there. One of the guests at the party was a young Princeton university senior, Miller Wilkinson. He refused to be cowed by the invaders' guns.

Instead he taunted them. "You guys are afraid to shoot—why don't you start something?" He jeered. Then he boldly sprang on one of the robbers and grappled with him. Shots were fired, and young Wilkinson was killed.

Oddly enough, most of the writers who have commented on this tragedy have confined themselves chiefly to sage shakings of the head.

"It was a very foolish thing to do. Never resist an armed hold-up man. The best way to live is to submit quietly and thank Heaven that you escaped with your life."

That is the way most of the comments run. It's quite true, of course. Fighting with a gunman when you yourself have no weapon is dangerous business. As a general rule it is much better to let the gunman have what he wants and say nothing. It is considerably better to lose your pocketbook than your life.

All very true. And yet—who can read of this young university student's defiant attack without feeling a quick thrill of admiration for the gallant young man? He was foolish and reckless, no doubt—but aren't that foolishness and that recklessness priceless qualities?

In other words, we still list simple courage as one of the finest qualities a man can have, and it may be that we are right in doing so.

The present age does not demand that quality as often as former ages did. Battle, murder and sudden death are not as commonly met with now as they used to be. Most of us can live our lives through without ever once being compelled to choose between ignoble safety and heroic self-sacrifice. It is not necessary for us to be brave as it was for our forefathers.

Yet the emergency does come now and then; and when it comes the old standards still hold good. There are occasions when a man has the chance to demonstrate his own nobility forgetting his own life. This young Miller Wilkinson had such a chance and he accepted it—and we honor him for it.

## TALKING BACK TO A COP

A New Yorker named Major Charles P. Shinn has just done something that ought to endear him to motorists all over the country. He talked back to a traffic cop—and got away with it.

Major Shinn, returning to his native city after a month's vacation, unwittingly drove down a street from which traffic had been barred. A policeman stopped him. Major Shinn protested that he did not know the street was restricted, and asserted that there were no detour signs at its entrance. The cop thereupon remarked: "Go on. You knew that sign was there. You've been driving this way every day for a month."

Major Shinn promptly called the cop a liar, and landed in court as a result. The heartening part is that the judge promptly exonerated him.

This won't have much effect on the ordinary abusive traffic cop. Still, it is a comfort to know that one of these loud-mouthed auto-crats can be pulled up on a short check-rein once in a while, anyhow.

## News From Celeryville

This vicinity was well represented at the Huron County Fair last week.

Rudy Holtzhouse and Jenna Cok were Sunday afternoon and supper guests of Mr. and Mrs. Henry Baum.

The Cok sisters spent Wednesday evening with Mr. and Mrs. Fred Fransens at Shelby.

W. H. Newmeyer and sister Grace, and Jennie Cramer visited with Mr. and Mrs. Garret Wiers and daughters, Sunday afternoon and evening.

Mr. and Mrs. Ed Sharpless attended the funeral of Royden Matson at Willard, Monday afternoon.

Mr. and Mrs. Tom Shaarda and children, Mr. and Mrs. Ed. Wiers and family and Mr. and Mrs. Fred Vogel and daughter, Kathryn, were Sunday afternoon visitors at the home of Mr. and Mrs. Henry Wiers.

Mrs. Jennie Parmlee, who was called here because of the illness of her mother, Mrs. John Postema, returned to her home in Matberton, Mich., Saturday.

Tom Postema accompanied her for a stay of a few days.

Mrs. Tom Shaarda entertained the Embroidery club at her home, Friday evening.

Mrs. Garret Wiers spent all day Wednesday with Mrs. Tom Shaarda. Mr. and Mrs. Sam Burma of Kalamazoo, Mich., are visiting the Burma relatives.

A group of girls enjoyed an outing at Mansfield, Friday.

Dedicator exercises at the Celeryville Christian School were Monday evening. Rev. S. Struyk, speaker. Music furnished by mixed quartette, consisting of Rev. and Mrs. Struyk, Nick Ice cream and cake was served.

School has five grades, opened Tuesday morning with an enrollment of 23 pupils. Teacher, Miss K. Vogel. All new equipment and textbooks are available.

## FARMERS SHOULD PLANT WHEAT AFTER SEPT. 25 TO AVOID HESSIAN FLY

The date of September 25th has been set in the minds of many Richland county farmers as the day known as the "Hessian Fly Free Date." On this date, according to County Agricultural Agent John R. Gilkey, farmers may feel free to plant their wheat without later encountering the dangers attached to the invasions of the fly. Wheat planted before this date is susceptible to the fly, but after September 25th, wheat is free from infection. Experimental bureaus tell us that wheat seeded on that day is less susceptible to the ravages of the Hessian fly than it is at any other time, the county agent added.

## CORNSTALKS ARE MADE IN MAIZEWOOD PRODUCTS

A new and important use for the cornstalk has been found by the Century of Progress Exposition in the first two buildings of the Chicago Centennial for which contracts have been let.

Insulation board manufactured from cornstalks has been selected to insulate the roofs of both the Administration Building and the Travel and Transportation Building. A train load of cornstalks purchased from corn belt farmers was used in manufacturing the roof insulation ordered. Pioneer work in the development of this discovery was done at the Iowa State College, by Dr. O. R. Sweeney, chief of the chemical engineering department. The Maizewood Products Corporation is in control of the manufacture now.

## BELL TRANSFERRED TO SOUTHEASTERN OHIO

Charles G. Bell, of Norwalk, of the state banking examiners department has been transferred from this district to southeastern Ohio. He and Mrs. Bell will leave at an early date to a city in the new district, to be selected soon.

## DRINKS WIFE'S HAIR TONIC, IS ARRESTED

Ernest Bowers, of Willard, received a fine of \$10 after being charged with drinking hair tonic from his wife's beauty parlor. The man was arrested because of intoxication. Being unable to pay his fine, he was returned to jail.

## LIKENESS OF FATHER OF COUNTRY TO BE SETTLED BY APPOINTED COMMITTEE

Two interesting tasks confront the George Washington Bicentennial Commission, now planning the nation-wide observance of the Two Hundredth Anniversary in 1932, of George Washington's birth.

One is to determine which portrait of George Washington, of the many in existence, bears the closest resemblance to the General; the other is to discover some heretofore unpublished original letters of Washington, many of which are known to be in existence.

The first question is expected to be settled when the Portrait Committee of the Commission holds its next meeting this fall. The search for the unpublished letters of Washington will prove to be a more difficult task.

Washington set for as many as twenty-one artists. From these originals, hundreds of pictures were painted. Which bears the closest resemblance to the man himself?

The second task facing the George Washington Bicentennial Commission is, in a way, more difficult. By a specific act Congress authorized the publication of Washington's writings. When completed these writings will form a Congressional Memorial of the United States to the Nation's most revered son.

## ROUTE NO. 98 REPAIRS NEARS COMPLETION

State route No. 98, or what is more commonly known as the Bucyrus-Plymouth road, and which runs within one-half mile north of Tiro, is now nearing completion. This important highway has been closed for repairs during the greater part of the summer from the Mechanicsburg Corners to Sulphur Springs.

The repair work necessitated a detour south directly through Tiro to Dekalo and then west to Sulphur Springs.

The state road has been widened and a new surface has been laid down. When completed it will be one of the best highways in this section of the state.

State route 98 is part of a direct connection between Cleveland and Columbus and has always been used extensively by tourists. Now that the strip has been repaired, which was admitted to be about the worst section of the road, it can be expected that it will be used more than ever.

## Huron County Court News

### Award Contract

This afternoon, the Stevenson and Snyder Trucking Co. of Clyde received from the county commissioners a contract to put down a water-bound macadam driving surface on 3 1/2 miles of the Hunt's Corners rd. westward from Monroeville for \$5,342.21, which was the lowest of eight bids. The estimate was \$5,387.20. This shows that the low bid was about 36 per cent lower than the estimated cost.

### Land Contract

Jack and Corl to Wm. Grewer.

### Deeds

Grace A. Flor to Cecil P. Solson, Norwalk, \$10.

Cecil P. Solson to Grace A. Flor, Norwalk, \$10.

Grace A. Flor estate to Thos. J. Nestor, Norwalk, \$10.

Vladyslaw Maryanna Dombek to the Ohio Tel. and Tel. Co.

### Marriage Licenses issued Here

Wayne P. Stueck, 25, Fitchville and Marian L. White, 22, New London, teacher. Rev. Robinson named to officiate.

George Risner, 32, Plymouth farmer and Polkie Howard, 21, Willard, home. C. E. Bowers, Norwalk

Clyde G. Light, 23, Monroeville bookkeeper and Maria P. Brown, 23, Norwalk bookkeeper. Father Thos. Edward J. Barnes, 21, student, Tacoma Park, Wash. and Ica Fairchild, 20, Wakeman. Rev. G. W. Horsford named to officiate.

### Probate Court

Final account and vouchers filed in estate of Geo. Lavelley.

Inventory and appraisement filed in estate of Agnes C. Knapp estate.

William Innes estate. Will filed. Letters issued Anna M. Innes, executrix. Appraisers are G. M. Hibbard, W. B. Messenger and Ross Seltzer.

Final account and vouchers filed in estate of Nelson G. Washburn.

The \$14,000 automobile damage case of Adam Miller vs. W. S. Jamerson and Virgil Richards went to trial Monday morning before a jury a Judge Carpenter's court. The plaintiff was

hurt some time ago in an automobile accident at Willard. It is stated the case may be settled out of court. A number of witnesses were examined.

### Install Cabinet.

A filing cabinet has been installed in the office of County Recorder William Darling. It will be used for the filing of chattel mortgages.

### Passes Bar Test

Mrs. Hazel Bracy, wife of City Solicitor Box Bracy of Norwalk, is the only woman of Huron county ever to pass the state bar examination. She successfully took the last state tests and was sworn in as an attorney on Sept. 10 at Cleveland.

### Certificates

John H. Berkeley, deceased, to Lucy Berkeley, William Bayless deceased to Amanda B. Bayless; Holda Boardley to Elsie Yroman et al.

Samuel P. Dickey to Addie M. Dickey et al., John Perry Eason to Hattie F. Eason, Amos Ewing to Mary DeLancey et al., Charles Jennings to Mae Palmer et al., Estelle Jennings to Lavinia Justice et al.

### Easements

Julia A. Moulton et al to The Ohio Fuel Gas Co.

### Deeds

Albert M. Beattie, estate, inventory and appraisement filed.

Will of Rosa D. Miles admitted to probate. Bond of \$250 ordered. Letters issued W. A. Rose. Appraisers are R. B. Jordan, John Lutz and A. C. Holday.

Additional bond of \$3,000 ordered in estate of John W. Roach. Order of sale issued.

Affidavit of final sale filed in estate of John Roseman.

Within a century average milk production of cows on typical Ohio farms increased from 750 to 4500 pounds; egg production per hen rose from 15 a year to 72; and the wool clip increased from 1 1/2 pounds to 8 pounds. In the same period taxes were raised from 2 cents to \$1.81 an acre.

Market supplies of cattle for the next five or six months probably will be about the same as for a year ago, but supplies of fed cattle during the first half of 1931 are expected to be smaller than in 1930, says the bureau of agricultural economics of the United States Department of Agriculture.

## SHOWS IMPROVEMENT

Miss Constance Metzger who has been dangerously ill at her home on Prospect street, is slowly improving. She is being cared for by Mrs. Ida McBride.

## ATTEND COUNTY FAIR

Among the representatives from this community at the Huron county fair at Norwalk, on Thursday were J. H. Dawson, Mr. and Mrs. J. B. Zeigler, Miss Olive Zeigler, Mr. and Mrs. Floyd Russell, Mrs. Mary Kohl, Mr. and Mrs. I. T. Pittenger, Mr. and Mrs. Clarence Foytenger, son Robert and Mr. and Mrs. Donald Barnes.

## BIG SUCCESS

An unusual large attendance at the Motion home on Thursday evening attests the interest of the members of the Loyal Daughters class of Mt. Hope Lutheran church. The corn and wafers roast was enjoyed early in the evening. During the business session the class decided to sponsor a bazaar which will be held the latter part of November. Character sketches from the Bible were given by members, and a social time followed. Mrs. Lina J. Rose is class instructor.

## ON FISHING TRIP

B. R. Guthrie accompanied by E. P. Barholt of Cleveland left Saturday for Curus lake, Ontario, Canada, for a fishing trip.

## ATTEND FLOWER SHOW

Mrs. Arthur McBride, Mrs. George Volover, Mrs. J. C. Wilson and Mrs. Lyle Hamman attended the Flower Show at Mansfield Saturday afternoon.

## RETURNED HOME

Mr. and Mrs. V. C. Moser and daughter and Mr. and Mrs. Merton Benedict and children who have been spending the summer at Crystal Rock Park, at which place the men were engaged in road construction work, have returned to their home in this place.

## M. E. CHURCH NOTES

Church School 10 o'clock. Morning worship 11 o'clock. Epworth League 6:30. There will be no evening services. Communion services will be held during the morning services, conducted

by the pastor, Rev. E. H. McBroom.

## LUTHERAN CHURCH NOTES

Church School 10 o'clock. Morning worship 11 o'clock. Installation services for Rev. F. W. Shirey will be held Sept. 21, conducted by Dr. Joseph Stittler.

## ATTEND BIRTHDAY PARTY

The birthday of Rev. Cox was observed by friends who surprised him at his home north of Shenandoah, Friday evening. Mr. and Mrs. S. C. Holtz attended the party.

## FREE PICTURE SHOW

Saturday night, September 13th, a western picture will be shown, and it will be one of the best of the season. "A Flash O'Lightning," featuring Leo Maloney. The comedy "Out and In" will precede the picture.

## Wells-Gerrell Nuptials

The wedding of Miss Vera Madge Wells, and Marion L. Gerrell was solemnized Saturday afternoon at 2:30 o'clock before the altar of the United Brethren church of Mansfield. The pastor Rev. Leroy Hopper officiated. Mrs. Gerrell, Miss Beatrice Gerrell and Nell Rohr attended the couple.

## Instructive Meeting

The Women's Missionary meeting of Mt. Hope was entertained on Wednesday by Mrs. Vaughn and Mrs. Mellick, was very interesting and was directed by Mrs. G. W. Shafter. The subject, Inner Missions, was discussed by several members. During the business session it was decided to hold a market Saturday afternoon, September 21st. The next regular meeting of this society will be held in the basement of the church and will be a joint meeting with Oakland and Clay Memorial Missionary societies.

## Card Party

Mrs. Reva Miller entertained at cards Friday evening at her home on North Walnut street. The friends present included the Misses Margaret Swartz, Margaret Harnly, Dorothy Dick, Mary Downend, Miriam Huddleston and Betty Kinzell. An innovation in the dining refreshments served by the hostess were cakes corresponding to the spots on the cards.

## Epworth League Meets at Home of Members

Twenty members of the Epworth League held their meeting on Sunday evening with Miss Ethel Willett as the home of her sister north of town.

## Picnic at Springs

Several families held a picnic dinner at Green Springs, Sunday and included Mr. and Mrs. S. C. Holtz, Mr. and Mrs. Boyd Kerr and family, Mr. and Mrs. Elmer Light and family and A. S. Ferrell and family.

## Mrs. Lillian Kelly of Mansfield is spending the week with Mrs. Nellie Vanforn.

Vernon Whitaker of Lancaster, Pa. is spending a few days with Ralph Barnes. Mr. Whitaker will enter the Ohio Wesleyan University.

## Mr. and Mrs. Lillian Hamilton spent a few days with relatives the past week and left Sunday for their home in Charleston, W. Va.

Mr. and Mrs. O. D. Fair and daughters Cleo and Betty Alice of Mansfield visited with Mr. and Mrs. W. W. Kester, Sunday.

## Misses Elsie and Amy Barnes who have been visiting at the home of their father R. R. Barnes returned to Columbus Wednesday to resume their duties as teachers in the schools.

Mr. and Mrs. Floyd Russell and family and Mrs. Mary Kohl called on friends in Cleveland Sunday afternoon.

## T. A. Barnes and son Ralph visited with relatives in Delphos, Sunday.

Z. P. Paramore and Mrs. B. R. Guthrie called on relatives in Gallion Sunday afternoon.

## Mr. and Mrs. C. E. Cougherty and family spent Saturday and Sunday with Mr. and Mrs. Bert Velzy of Walkers Lake.

Mr. Terman Adams and Miss Vivian White of Mansfield called on friends Saturday afternoon.

## Mr. and Mrs. Phillip Miller, and Mr. and Mrs. Clarence Miller and two sons of Coshocton were guests of Mr. and Mrs. L. L. Domer, Sunday.

Mr. and Mrs. H. A. Garrett and family spent Sunday at Ruggles Beach.

## Mr. and Mrs. Russell Moser of Sandusky visited with Mr. and Mrs. M. S. Moser and family Sunday.

Mr. and Mrs. Emery Braden of Savannah spent Sunday with Mr. and Mrs. L. L. McQuate.

## Mrs. Lyle Hamman was in Shelby on business Friday afternoon.

Mrs. H. W. Huddleston, Miss Juanita Huddleston and Mrs. Cyntha Short accompanied Miss Miriam Huddleston on Sunday evening to her morning house near Buena Vista.

## Pre-Historic Relic Collection in Clyde

A home in Clyde, Ohio, has been proven to be a very remarkable place, not because of its appearance, but because of what it contains.

In the Sandusky Register it is described as follows: "There's hardly a bit of sound about the place except when a breeze stirs through the thick leafage of the over-hanging trees or a robin sings a matinal on the lawn. But inside the house there's a place where 1200 ghost voices are speaking contently from 1200 relics of pre-historic times which compose the private collection of pre-historic relics in the possession of the cottage's owner, Allan Spade."

There is no other private collection as complete as Spade's, and many of the implements and ornaments would be prized by museums. The pieces have been gathered together during the years from farms, or through the death of other implement gatherers.

Included in the collection are many types of axes, hammers and hatches, practically all of which are made from granite. Every one of them is perfect and some are made with raised edges which the handwearer were fitted. Many of the specimens were picked up on the sand ridges west of Clyde.

"Among the hundreds of other pieces are tiny points put on arrows for hunting birds. The bird arrows are hardly two inches long, made in a multitude of shapes, and carved from various colored flint.

"There are stone and roller pestles used by pre-historic women in their culinary activities. Among the ornaments are the rare and beautiful pieces made of stone not native to this section of Ohio a blue ribbed slate, and carved into the shape of birds.

"Perhaps the most beautiful piece of the collection is a butterfly specimen made in exact replica of the dainty insect. This piece is carefully drilled through what is the body of the insect so that it might be fastened to a stick or even put on the end of a fine wire and waved through the air during a ceremonial.

"There are two queer specimens in the collection that must have seen extensive traveling and trading to reach this section of the state. One piece has an engraving of a turkey foot clearly discernible. The design is a fine and waving through the air during a ceremonial.

Sale held on S. K. Warner farm at end of S. Main Street in Wellington and to start at 12:30 o'clock.

## BIRTH OF FOREIGN TRADE TRACED TO HAMPTON ROADS, VA.

Long before swift and powerful ships were built, before mass production had been heard of, even before the original thirteen colonies inspired to nationhood, America's foreign commerce had attained large proportions. Statistics compiled under the direction of the Department of Commerce show that the overseas trade of Virginia and Maryland in 1697 totaled \$1,394,500. Considering the low state of civilization at that time and the scanty population on this side of the ocean, that sum is no mean amount.

Hampton Roads, Virginia, was the cradle of our foreign trade. Imports and exports flowed in and out of the Old Dominion and her sister states of North and Pennsylvania, and New York had only a slight share in overseas commerce. But history has completely changed the picture. In 1737, the foreign trade of Virginia and Maryland had slipped from 68 to 48 percent of the total American trade, and by 1800, the trade of Virginia and Pennsylvania had mounted steadily.

During the War of 1812 British fleets blockading the American coast dominated the Chesapeake Bay and Hampton Roads. Southern ports were badly crippled then and during the Civil War, but Northern and Western ports were open during the latter conflict. In 1911, Virginia commerce with the outside world was but six-tenths of one percent of America's foreign trade.

The World War contributed to a partial recovery of Hampton Roads colonial position through the establishment of a large army and navy base in the vicinity of Norfolk. At present, the value of foreign trade passing through Virginia is more than ten times as great as in 1911.

### ARE TRAFFIC LIGHTS BECOMING A MENACE?

The state department of highways' traffic bureau is anticipating a survey of traffic controlled by automobile light signals along the state's highway system with a view of causing the elimination of many useless lights that tend to hinder traffic and lose all benefits of their original installation.

Among the cars attempted for the convenience and safety of large numbers of people, was the traffic light, proving worse than the allment. Cities adopted it for legitimate reasons and used it to good advantage under certain conditions, but either because of high-pressure salesmanship or that potent power of suggestion, a delusion of grandeur, almost every cross-road hamlet, village, and town installed it where it was neither ornate or useful.

The Pennsylvania state traffic-control department has banished all needless traffic lights. They will be replaced by the boulevard stop signs.

### SCHOOLS OPENED AT MONROEVILLE MONDAY

## LABOR INVESTIGATIONS ARE TO BE PLANNED BY AM. FEDERATION OF L.

Although child labor is no longer the storm center of reform movements and concerted protests, it is still prevalent enough to merit attention from so influential an organization as the American Federation of Labor. This was made plain at the Federation's executive council meeting held recently in Atlantic City. The council, in considering a request from the Sugar Beet Workers' Association for affiliation with the Federation, ruled that the petition could not be acted upon until an investigation of labor conditions in the beet fields was completed.

William Green, president of the federation, clearly indicated that the affiliation will not be granted until the obstacles of child labor is removed. "While we are anxious to help people in the organization of a strong, compact labor union," Mr. Green said, "the main obstacle seems to be the use of child labor in their ranks."

Representatives of the American Federation of Labor are now making a survey to determine for themselves the labor conditions that prevail in the beet fields. Complainants are frequently heard that the beet sugar industry makes use of women and children and of undesirable Mexican immigrants. Public-spirited people will welcome such an impartial investigation of the facts.

## WORK STARTED ON THE HURON CO. COURT HOUSE

Contractor Burton Wheeler began work on the remodeling of the third floor of the Huron county court house Tuesday. Workmen started to remove the parts of the building that must come out before the shaft for the passenger elevator can be constructed.

The shale brick, and the mortar are exceedingly hard and render the work of removing the material very difficult. The work will be carried out rapidly to completion, it is stated.

## DR. M. EMERY BEGINS WORK AT MANSFIELD

Dr. Mabel Emery, who will begin work at the Mansfield General Hospital, September 15, has the unique distinction of being the first woman to be house doctor at that institution.

After her graduation from the Mansfield high school, Dr. Emery received her medical training at the Woman's Medical college at Philadelphia. Upon the completion of this work, she had a rotating internship at the women's hospital in Philadelphia.

## PLANS ARE MADE FOR FITCHVILLE CELEBRATION

For those who enjoy an old time festival, the date of September 26th and 27th should be noted. At that time the 100th anniversary of the old Mansion House at Fitchville, where Abraham Lincoln was once a guest, will be celebrated.

At the same time the annual Fitchville harvest home and homecoming celebration will take place. The program for the main day is to be given in the Mansion House. This famous inn of another day is now used as a garage hall. Friday, the 26th, will be Harvest Home day, with an interesting program by "old-timers" in the evening. There will be a picnic dinner at noon, and supper at the Mansion House in the evening. Orchestra music, entertainment by local talent and other attractions will be features of the evening entertainment.

## BELLVILLE WILL ASK SCHOOL BOND ISSUE

At a meeting of the Bellville school board a resolution was passed to submit a bond issue which will provide funds for a high school auditorium and gymnasium.

At the present time Bellville is the only school in Richland county which is not equipped with an auditorium and gymnasium. According to a statement by Superintendent of Schools, R. M. Garrison, it is necessary to hold all school programs in the Bellville town hall which is inadequate. A new school auditorium will remedy this situation and provide a place adequate to suit the needs of the school and community.

A normal canning budget for five people for winter and spring months includes 48 quarts of green beans to be served twice a week; 80 quarts of other vegetables, to be served three times a week; 80 quarts of tomatoes, to be served twice a week; and 245 quarts of fruits, to be served once a day.

## An Englishman's Opinion of Our Business Slump

The following is a message to American business men, from Herbert N. Casson, editor, Efficiency Magazine, London, England:

"You are depressed. You think you are crippled. You are afraid of the future. You are full of fears."

"You have half the gold of the world and half of the machinery and most of the automobiles and all the skyscrapers."

"You have the greatest home market in the world and the largest corporations that the world has ever seen."

"You are ruled more by ideas and less by tradition than any other people in the world. You have usually done what you thought you could do."

"The way to create a fortune is to buy from pessimists. Pay your money and take the risk."

"Frick started his career by buying coke ovens in the slump of 1873. Carnegie made \$300,000,000 by buying steel plants in slumps."

"Hundreds of fortunes have been made by buying from pessimists. Ye Gods! What a chance there is at this moment!"

"In five years from now, most American business men will belong to the I-wish-I-had-club."

"Then, it will be too late to buy a dollar for thirty cents. The opportunities will be gone."

"When a horse balks, the balk is in his head, not in his legs. He moves on when the balk is in his will."

"And when an American business man is depressed, the slump is in his head. There is nothing serious to prevent him from making money if he thinks he will."

"When fear rules the will, nothing can be done, but when a man casts doubt on his mind, the world becomes his oyster."

"To lose a bit of money is nothing, but to lose hope—or lose nerve and ambition—that is what makes men cripples."

"This silly depression has gone on long enough. Get rid of it. It is inside of you. Rise and walk."

## CELEBRITYVILLE CHRISTIAN SCHOOL DEDICATED TUES. EVENING BY REV. STRUYK

Dedictory exercises for the Celebrityville Christian School, were held Monday evening, with Rev. S. Struyk giving the principal address of the occasion.

Music for the program was furnished by the mixed quartette consisting of Rev. and Mrs. Struyk, Nick Moll and Miss Maude Cook. After the formal exercises, an informal reception was held and ice cream and cake was served.

The school has been organized and will be maintained by the Society for Christian Instruction, and is sponsored by the Christian Reformed church of Celebrityville. The term opened Tuesday morning with an enrollment of 23 pupils, Miss Katherine Vogel being employed as teacher. Five grades are taught. All new equipment is being used, and the best textbooks available.

The school is not a parochial school, but Holland families are firm in their stand that daily Bible study be maintained, and included in the course of instruction. Theories of evolution, pertaining to human life are barred.

Members of the new school board are: Rev. Struyk, president; Mr. Frank Brauc, secretary; Mr. John Baunma, treasurer; Mr. S. Cok, and Henry Grimmer.

## FIRST WOMAN PRACTICES LAW IN HURON COUNTY

The first woman in Huron county to be admitted to practice of law is Mrs. Hazel Bracy, wife of City Solicitor Rex Bracy, of Norwalk.

Mrs. Bracy will become actively associated with her husband who is one of the foremost of the younger lawyers of that vicinity.

James A. Vickery, son of Judge Vickery of Bellefontaine, was the only other Huron county admitted at the bar examination. Albert S. Close, son of A. C. Close, of Sandusky, stood second on the list with a grade of 93.5 percent. He is a nephew of Atty. Don and Henry Young, of Norwalk.

## Ohio Now Has Fewer

(Continued From Page One)

The history of these farms is the same in practically all cases. The old resident families have moved, having found fresher opportunity elsewhere. Other families rented the farms only to have little better, if any good, success as the owner families. Gradually the farms deteriorated, and the renters moved away, leaving the farms to grow up in brush and the buildings to tumble and decay.

This economic change is still going on in some sections of Ohio. Dr. Falconer says. And he believes, it will continue so for some time.

Including all counties, the number of farms in the state decreased from 256,455 in 1920 to 218,618 in 1929, which is 14.4 per cent. According to the 1925 census there were 244,703 farms in that year. In the last five years, then, the decrease has been 10.2.

In not a single county in the state did the number of farms increase. The smallest decrease, however, occurred in Licking county which suffered a 1 per cent loss. Other counties which showed little shift were: Butler; 4.1 per cent decrease; Coshocton 1.4; DeWitt 4.1; Morgan 5.4; and Sandusky 1.5.

For the purposes of the census, a farm included all the land which is directly farmed by one person, either by his own labor alone or with the assistance of members of his household, or hired employees. When a landowner has one or more tenants, renters, croppers, or managers, the land operated by each is considered a farm. Any tract of land less than three acres used for agricultural purposes, which produced products to the value of \$250 in the preceding calendar year, is classed a farm.

## The Word Portrait

(Continued From Page One)

downed the scene was a man, about twice the age of Kochenderfer, evidently a traveler of the road. After being struck, this adventurer agreed to take the mill owner on "back hold." As Kochenderfer had the man where he thought he practically had him down, he decided to drop him to the ground easily, but before an eye could blink, the younger man was under, and wondering what it was all about. A second attempt ended with the same result.

At one time, Kochenderfer likes to recall, a man who was practically broke, borrowed the sum of \$15 and later died a millionaire.

When the call for arms was sounded for the Civil War, he became a member of the 163rd regiment. Many events of the war remain vividly in his mind, but as every soldier, he does not speak of them.

During General Grant's presidential campaign, Shelby was listed among the towns he visited, and Kochenderfer was an interested listener. He states that it was easy to see that the married president was a habitual smoker.

When the boy of that first martyr president, Lincoln, whom he had met in Washington in 1864, passed through Cleveland, he was present at the opening of the coffin.

To Mr. and Mrs. Kochenderfer (the former Elizabeth Crabb) were born the following children: Mrs. Dow Willet, Mrs. W. Scraftfield and Mrs. Bert Anderson, of Plymouth, Mrs. Rad DeVoe, of Greenwich, Mrs. R. H. Sykes of Cincinnati, David Kochenderfer, of Harrisburg, Pa. They boast seventeen grandchildren, and fifteen great grandchildren.

Though Mrs. Kochenderfer was 84 years old in February, she is most active. Besides caring for the needs of her husband, she works about the house and yard, and tends a good sized looking garden.

In their home on Plymouth street they are enjoying old age together. Just how many mistakes either one will pass can not be known, but may they be many.
