Mary Ruth Garrett Is Buried Monday Afternoon Here in Greenlawn Cemetery.

Death Saturday afternoon took another young life from the community of Plymouth. Little Mary Ruth Garrett, daughter of Mr. and Mrs. William Garrett, passed away at the age of three years, ten months, at the Willard Municipal Hospital.

She had been ill for two weeks, the cause not being known, and was rushed to Willard on Wednesday for an operation for appendicitis. The operation, however, was not successful. The body was brought to Plymouth in the Postle coach.

Services were held on Monday at 2 o'clock at the late home on Bell street, Rev. G. C. Hefflinger, of the Lutheran church, Willard, officiating, and the Postle Funeral Home in charge. Interment was made in Greenlawn cemetery.

The little girl is survived by her parents, and three brothers, Robert, aged 6, William, 2 years, and Raymond, 6 months. She is also surrounded by friends and other relatives.

The death of Mary Ruth Garrett is the second death of a three year old child within a short time in Plymouth. The loss is tragic, not only to the parents, but to the community, which extends its sympathy.

## THEODORE BRINDLE VISITS OLD FRIENDS IN PLYMOUTH TOWN

Modern modes of transportation hold no terrors for Theodore Brindle, that eighty-two year old "young man" from Fargo, North Dakota. In fact, traveling seems to have more fascination than the carpenter trade, for every few years Mr. Brindle starts forth to visit former friends and relatives in the east.

Mr. Brindle lived in Plymouth some forty years ago, and he never fails to stop here in his travels. He was an overnight guest Thursday in the John Beelman home and called on his former friend Frank Tubbs, Friday.

While in Plymouth he followed the carpenter trade and is still active in that profession. He left North Dakota last November and has since visited in Maryland and Pennsylvania. From Plymouth, he expected to remain some time in Ashland, the home of his daughter, before departing for the west.

## College Flapper Given Tonight

You'll miss the show of your life, if you fail to attend the College Flapper given this evening and tomorrow evening at 8:15 at the High School Auditorium.

Dress rehearsal Wednesday evening was a "Wow" and such an array of stars, all in the same cast, was never before attempted. The college flappers really "flap" and here you will behold the "it" girl, Gloria Swanson, Graham Asmie, Greta Garbo, Tillie the Toller and the king of flappers, portrayed by Dr. Seare; and, oh yes, the Girl with the Million Dollar Legs seems to come in for her share of publicity.

Then the College Glee Club, made up of some of our prominent business men, and you'd be surprised but they really can sing and how!

The special baby program, featuring 100 children, between the ages of 7 to 7 will be a big hit of the evening. Other features will be special musical numbers, the girls' chorus of sixteen young ladies, and of course, there is the cast of characters in the main theme of the story.

Tickets are going like hot cakes and at the low price of 35c for adults and 15c for children, under twelve to be purchased at the door, no one is expected to miss this biggest event ever staged in Plymouth. Reserved tickets can be purchased at Webber's Drug store for 10c additional. The regular admission tickets may be exchanged for special admission tickets, also at Webber's Drug store.

Don't fail attend this rip-roaring side-splitting musical comedy.

## World Will Pray in Unison Friday

Plymouth Has Services From 1:30 to 4:30 in Afternoon.

As far back as 1897, Mrs. Darwin R. James, then president of the Women's Board of Home Missions, suggested an annual day of prayer for Presbyterian women's work for Home Missions.

It was a few years later at a meeting of the Triennial Conference of the Women's Boards of Foreign Missions that Mrs. Henry W. Post, who is the present chairman of the women's national committee for law enforcement, suggested to Mrs. Helen Barrett Montgomery that a day be set apart for prayer for Foreign Missions.

The suggestion was carried out and each year the number of those participating grew, until by 1896 the day of prayer had become interdenominational. In 1920 Canadian women began to observe an international day of prayer, and in 1922, they decided to join with the women of the United States in observing the same day. In 1927, the observance, having spread through the mission fields, became world wide, and the women of America joined in what is now known as the world instead of for them as formerly.

Plans are made so that meetings in all lands may follow the same program. The committee which is responsible for the program is made up of members from various denominations and of different nationalities.

The program has been broadcast in the U. S. and Canada for the past four years, and will be broadcast this year at 8:15 Friday morning over station WEAJ, New York, and some eighteen other stations.

Praying women, under the banjoettes of India, in the jungle-encircled villages of Africa, beneath the waving palm trees of the south, in remote homes and mountain fastnesses—a mighty army speaking the same tongue—praying in their own languages.

"O Father," is rendered, God hear only the heart speaking. And the thirty or forty languages in which women of the world send up their prayers on the first Friday of Lent will reach the throne of God in one great chorus of praise, thanksgiving and prayer.

The prayer of the churches of Plymouth will unite with this great army of women throughout the world in observing the day of prayer for missions with a program at the Methodist church Friday afternoon from 1:30 to 4:30. It is hoped a large number of Plymouth citizens, as well as a number from surrounding communities, where it has not been arranged to observe the day, will attend. If anyone cannot possibly stay during the entire period, they are urged to go for what time they can.

When a physician was called, it was deemed advisable to remove her to the hospital, as her chance for recovery seemed slight under existing conditions. It was later taken up with the county trustees who made the necessary arrangements.

Daisy has been mothering the little family, since the death of her mother several years ago.

## DR. LeBARRÉ TO OFFER SERVICES

Dr. L. LeBarre, dentist, whose offices are above the Loftland pool room, has offered to fix the teeth of Plymouth children, whose parents are out of work.

Children applying for the free work must prove that their parents are not employed and are unable to pay the charges. This offer on the part of Dr. LeBarre is a splendid move, particularly so during present times. Full cooperation should be given as the generosity shown is fine.

## SERVICES HONOR DR. A. C. MILLER

Former Plymouth Minister Given Honor By Church As Triple Anniversary Is Observed.

An elaborate service was held at First Lutheran church, Louisville, Ky., on Friday evening, in honor of the seventy-fifth anniversary of the birth of the Rev. Dr. Aaron C. Miller, Feb. 6, 1856-Feb. 6, 1931, of his fiftieth year in the ministry of the Lutheran church 1881-1931, and of his golden wedding, Aaron C. Miller to Albessna Rindler, 1881-1931. Doctor Miller, recently retired from active service in the ministry, is the father of the Rev. Dr. Courtland Miller, pastor at the First Lutheran church, Louisville, Ky.

A "bag of gold," containing \$75.00 was presented to the elder minister by Harry E. Phillips, representing the church council. Messages of felicitations were received from friends far and near.

One of the greatest thrills at this wonderful demonstration was the sound of the bugle announcing the approach of some functionary of state. This was Colonel Burger, representing the Burger of the governor's staff and attendants who, bearing the American flag approached the seats of honor occupied by Dr. and Mrs. Miller. The great audience which overflowed the auditorium was in a quiver of excitement and wonderment, but the purpose was soon manifest amid the cheers of the assembly. Colonel Burger presented the greetings and felicitations of the Hon. Fleem. D. Sampson, governor of the state of Kentucky and then handed Dr. Miller the governor's check for \$75.00.

"In the name and by the authority of the commonwealth of Kentucky, Fleem D. Sampson, governor of said Commonwealth." To all to whom these presents shall come, greeting: Know that I, Governor of said state, have been duly appointed aide-camp on the governor's staff with the rank and grade of rear admiral, investing him with full power and authority to execute and discharge the duties of said office. And to have and to hold the same, with all the rights and emoluments thereto legally appertaining.

This is a very rare honor conferred on any citizen of Kentucky and possibly never upon a minister of the Gospel.

The plan of and the managing of the entire program was conceived and carried through by the son, Courtland, the popular and successful pastor of the First Lutheran church, Louisville, in which he was supported by his daughter, Lois, the wife of the much beloved and honored pastor of St. Louisville, where he served two churches, Philadelphia, Ardmore, Philadelphia.

There were other celebrations—one by the Louisville Ministerial Association, a body of several hundred ministers, and Trinity Lutheran church of which Dr. Miller was formerly pastor.

In all other occasions Dr. Miller shared equally with his husband and received showers of love seldom bestowed upon the beloved wife of a minister.

Dr. Miller was pastor of the Plymouth and Shiloh Lutheran churches from 1884-1897, going from there to Louisville, where he served two Lutheran churches of that city at different periods. A number of years ago he was supply pastor at Plymouth for nine months.

This congregation will be of interest to the many friends of the family.

SENIOR NEWS

OUR FUTURE CLASS OF '31
Although some are still undecided on the profession they are going to take up after they graduate, we have found two more that have finally decided on a future work.

First, we have Hulda Davis, a class poetess, who has chosen a profession and what would be more appropriate than to have her write a poem and tell you just what she expects to do.

But just to please the editor of the Senior News, I will say I've had an awful hard time to choose.

But after all is said and done I've really found my life long work. A stenographer, and I pray to God to keep me, my duties not to expect.

Next there is Don Einsel, who is to be an electrical engineer. There are some of the problems that are bothering Don Einsel's mind today but he becomes a general electrician as he will probably answer for some of them himself.

SCHOOL LUNCH MUST HAVE SUPPORT SOON

The lunch room of Plymouth high needs more support if it is to continue giving its number of free lunches that it has started.

Through the excellent help of the ladies of the Parent-Teachers' Association, and the donation made by the different citizens of the community and the organizations we have taken on quite a number of free lunches. It is going to be impossible to continue all of them unless we get more help.

At the present time practically all of the lunches given at the grade building are free ones. As our lunch room is run on a cost basis we cannot make the ones who buy their lunches pay for those that are donated.

Money is preferred to food because then we can buy the things that fit into our menu and also in the exact amounts that are needed.

REPORT OF FLAX

It is one of the most useful plants known to man, cultivated for its long, silky fibre, from which linen thread and cloth are made, and for its seeds, which yield a very valuable oil. The products of the flax fibre are formed in wonderful variety, and include rare and delicate lace, shirtings and toweling, handkerchiefs, and tablecloths, twines, sailcloth, rope and cordage. From the seeds linseed oil is taken, this is used in mixing paints and various other things, in making linoleum and linoleum and also in the exact amount that is needed.

The oil is taken out, is an excellent food for farm animals. The valuable plant has been cultivated from the earliest historic period. Mummies over 4,000 years old wrapped in linen cloth have been found in Egyptian tombs, and flax is mentioned in the books of Exodus as one of the products of the country when it was ruled by the Pharaohs. Egypt still produces large quantities of flax, and the plant has an extensive growth in India, Argentina, Uruguay, United States, Canada, Russia, Austria, Hungary, Belgium, France, Holland, Rumania and Italy.

THE HYENA

This is a skulking wolflike animal whose wild howling like the shrieking laugh of a maniac, fills the night with terror as it prowls about near dark in search of food. The most marked physical attribute of this animal is its powerful jaws, which can easily break the bones of an ox, although its main food is the flesh of dead animals.

The Hyena has prominent, ferocious eyes, long erect ears and very short legs which give it a body an awkward hump backed appearance. There are three species, all of which have long brown, coarse hair, but are distinguished by their markings. The most typical and familiar form is the striped hyena, which roams through Somalia, Asia from Abyssinia to India, while the other two, one spotted and one brown, are found over much of Africa, south of the Sahara Desert. All three species have a very disagreeable odor which is another characteristic.

CHILDREN CRY FOR IT

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads. When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging. Castoria is sold in every drug store; the genuine always bears Chas. H. Fletcher's signature.

## OBITUARY

### LEWIS SHERMAN STEELE

Lewis Sherman Steele, son of Simon and Margaret Ditto Steele, was born in Richman Township, Richland County, Ohio, Feb. 23, 1850. He was one of a family of nine children, five of whom passed into the Great Beyond in infancy. A brother, John, passed beyond the Veil several years ago.

On March 3, 1886, Bro. Steele was united in marriage with Miss Nancy Nelson. To this union three were born two sons and two daughters. His entire life was spent in the community of his birth. On Feb. 7, 1931, he peacefully entered into rest, aged 80 years, 11 months and 14 days. He leaves to mourn his departure a devoted wife, two sons, Floyd Earl and Raymond L., both of Plymouth, Ohio; the two daughters, Mrs. Ethel Fay Cale of Shelby, Ohio, and Mary Elsie Steele, at home; one brother Claude of Mansfield, Ohio; one sister, Mrs. Frank Guthrie of Shiloh, Ohio; and seven grandchildren, besides a host of warm friends who bear testimony of his sterling worth.

Brother Steele was a kind husband, a loving father, a good neighbor and a generous friend. No grievance he ever held toward anyone; his whole aim in life was to work for the best interests of others. On the very day of his departure to the Life Beyond, he was getting ready to go out on a mission to help a needy family.

The funeral services were conducted by the pastor of the family, Rev. J. W. Miller, at the Presbyterian church, Plymouth, Ohio, on Tuesday afternoon, Feb. 10, 1931. Rev. Adams, a schoolmate of Brother Steele assisted in the service. Interment at Shiloh, Ohio.

"With a cheery smile, and a wave of the hand,  
He has wandered into an unknown land.  
Think of him still as the same, we say,  
He is not dead—he is just away."

### SELLING ONIONS FOR MARSHLAND FARMERS

W. P. Leighton, of Norwalk, Huron County Humane agent, is aiding destitute one-crop onion raisers of the Willard marsh union at least a small part of their crop. It seems that onions raised in the marsh last season scarcely can be given away. But Mr. Leighton has managed to enable several destitute marsh farmers to sell onions here on a basis of about 50 cents a bushel, which helps out quite a little.

### Frances Willard Meeting is Today

Last week the American people united in celebrating the birthday anniversary of the great Emancipator of the negro race, Abraham Lincoln. This week on Feb. 17, or so near that day as can be arranged by local unions, a great host of white ribbon women will celebrate the "heavenly birthday" of another great leader of emancipation, Frances E. Willard, who led in the fight for so many years to free the people of the world who were enslaved by demon man.

Some one has said that "a great character founded on the living rock of principle is, in fact, not a solitary phenomenon to be at once perceived, limited and described, but a dispensation of Providence designed to have not merely an immediate, but a continuous, progressive and never-ending agency." Such a character was that of Frances Willard, the outstanding woman of the nineteenth century, "the greatest woman America has ever produced, in justice as opposed to greed of gain; and in "peace on earth and good will to men."

She has a memorial more enduring than bronze—the loving thoughts in human hearts which have been ennobled and uplifted because God sent to the world the beautiful character of Frances E. Willard. Forty-three thousand women, in Ohio alone, are enlisted to carry on the work which this great leader helped to build on the rock.

"And the hosts'neath the white ribbon banner shall go forward with hearts lifted high, marching on 'till the last foe is conquered, fighting on 'till the whole world goes dry."

For the motto of this white ribbon band is "for God and home and every land."

The program for the local W. C. T. U. meeting which is to be held with Mrs. Jason Murin, this afternoon will be in commemoration of this great leader, Frances E. Willard. At this time when the laws which have been made to protect the youth and the innocent from the power of the liquor traffic are being assaulted on all sides, by those who care more for their own desires, or for the almighty dollar and who they do for the souls of boys and girls, we invite all in the community who are interested to join us in an effort to "hold the fort." For the liquor traffic knows they would not continue in existence long without new recruits from the youth of our land.
