## LETTERS

to the Editor

### PLEASUREVILLE

I wish to inform my friends that I am proud to be a citizen of Pleasureville. The people of our town are fine congenial folks and delight to entertain their friends, and the same spirit animates the people in a public way. The churches take care of the spiritual needs of the town and are well attended except during the summer season, when Sunday picnics and the lake resorts are more attractive than the Pleasureville churches. Excellent schools and a public library (in a rented room) are the pride of our town. The people are public spirited, so much so that they constantly think and plan for the good will and entertainment of the towns people and especially the surrounding farming community. Free picture shows, band concerts, street fairs, carnivals, bingo games, soft ball and other games for the kiddies, swimming pool and public park. Privately, bridge parties, clubs and parties, so many that there are not enough nights in the week.

A few business rooms are vacant, and have broken windows, but only strangers notice this. Residents are used to it. If you desire to be popular think up some new form of pleasure for the entertainment of the public.

Hurrah for Pleasureville. Boost it.

I close as I began, I am proud to be a citizen of Pleasureville.

### New Thought in Letter to the Editor

This week's mail brought to the editor a letter entitled Pleasureville. It is not the intention of the writer, it is stated, so critical but rather to set for a different trend of thought of stability and permanence in ideas to build up a town, instead of the usual round of pleasure, etc.

Of course, it is your privilege to answer the letter or if your ideas are along other lines, and wish to express them, they can go under the heading of "letters to the Editor."

MOTION PICTURE

Individual, reflecting his or her individual emotions. The mob scenes will hold you spellbound in their terrific sweep. At the same time, all of the important characters are portrayed by the finest actors that could be obtained for the various parts. As a result, the picture is unusual and spectacular, and at the same time, it is one of the finest and most interesting entertainments that has ever been presented in Plymouth.

IMMORTAL STORY OF CHRIST FOLLOWS

It is important to keep in mind that "Golgotha" is a talking motion picture, the first and only one ever made of the story of Christ. The fact that the story is actually made makes "Golgotha" an effective and unforgettable entertainment. The action and story of the picture move smoothly and rapidly. As you view the film, you see the triumphant entry of Jesus into Jerusalem, the plotting against Him, the Last Supper, the betrayal, the trial and crucifixion, and his final appearance to his disciples after the Resurrection. You will see and hear such familiar characters on the screen as Pontius Pilate, the Roman Governor who washed his hands of the Crucifixion because he found no guilt in Christ; King Herod, who taunted and abused Christ; the twelve disciples, one of them Judas, who betrayed Jesus, and Mary, the mother of Jesus.

Through the entire picture the character of Christ is portrayed in a dignified and impressive manner by the most talented actor ever to play such an important role. Christ is heard and read the story of Jesus of Nazareth, but in this great talking motion picture the story is recited in an unusual and remarkable manner.

"GOLGOTHA" IS DIFFERENT FROM ANY PICTURE EVER SHOWN

In this sophisticated age, many people feel that they have seen and heard everything, but this is not true, because until you see "Golgotha" you have missed the most important and beautiful picture that has ever been made. The film is historically accurate in every detail. The producers of the picture spent months in research, in order to accomplish this remarkable picture.

Furthermore, the picture is positively non-sectarian in every respect. No faith or creed is taught in this film. Instead, the picture is an accurate and remarkable filming of the actual Biblical narrative. All faiths and creeds and races, religious or non-religious, may see and thoroughly enjoy this great motion picture.

PICTURE GREATEST OF ITS KIND EVER TO BE FILMED

Without question, "Golgotha" is the greatest motion picture of its kind ever to be filmed. In the past, several attempts have been made to film the story of "Golgotha" to actually bring to the screen an accurate and effective presentation of this immortal story. In every way, "Golgotha" is a remarkable film. The acting, costuming, direction, settings, photography and sound are all superb. It stands out as one of the greatest films of all time, brilliantly and impressively produced. It is an extraordinary picture.

The most that we can say is "Don't fail to see it." Plan now to take every member of your family, to witness and enjoy this great spectacle. It is not only worth while, but at the same time, wonderful entertainment. Old and young alike will enjoy the film. The picture is being shown in the evening, at popular prices, only 35c for adults and 15c for children. The picture will be shown in the Church Auditorium in the afternoon with special admission prices. Seats of rain the evening performance will also be shown at the Lutheran church. The date is July 21st and the place of showing is Carrol Robinson's meadow. Plan now to see "Golgotha."

ANNOUNCE 1940

"Key" farms in the community for which approved yields are on record. 3. The procedure for handling insurance has been simplified so that the insurance will be written in one operation at the time the application is filed. 4. It will be easier for growers to obtain credit on funds which will pay premiums as a result of the recent amendment to the AAA Act, under which growers may obtain advances for premiums against future payments to be earned under the AAA program.

Under the 1939 program, 65 claims for total losses have been made in Ohio to date, of which 50 have been approved and paid. It is anticipated that more than 2,000 claims for losses on this year's crop will fall within the next month as the crop is harvested and yields are measured, the chairman said.

Information concerning the 1940 wheat crop insurance program may be obtained at the Huron County AAA office at 105-Telphone Bldg., Norwalk.

"We expect more 1940 crop insurance policy holders than in 1939," the chairman predicted, "because of improvements that have been made on the old crop insurance program, and the realization on the part of many wheat growers of the benefits obtained from wheat crop insurance."

ANDERSON-SCHERER NUPTIALS TO BE PERFORMED SUNDAY

The home of Mr. and Mrs. D. W. Einsel, Sr., of West High St. will be the scene of a very pretty wedding Sunday morning, when Miss Lucy Anderson, daughter of Mr. and Mrs. Bert Anderson of Marietta becomes the bride of Mr. Melvin Scherer of Toledo. The ceremony will be performed by Rev. Richard C. Wolf, pastor of the Lutheran church. Miss Helen Einsel will be the bridesmaid and Mr. James Bergen of Marietta, best man. Sandra and Bernita Robinson of Mansfield, nieces of the bride will be the ring and flower girls.

The ceremony will be performed in the sunken garden at the Einsel home in the presence of the immediate relatives, with a wedding breakfast at 8 o'clock.

WONT BE STATE BANK HEAD

Ira D. Porter, well known Oberlin banker, has announced he is not a candidate for the position of state superintendent of banks, to succeed Samuel P. Squire, Elyria Democrat.

Porter said that following his nomination by the Lorain County Republican executive committee he had considered the job, but that he had since informed Governor Bricker he was not a candidate for the job.

Public Warned to Be On Watch for Infected Watermelons from South

Columbus and Ohio fruit dealers are warned by George E. Kryder, chief of the Division of Foods & Dairies, Ohio Department of Agriculture, to beware of watermelons infected with anthracnose spores which are being bootlegged into Ohio by truck from southern states.

First deliveries of the infected melons were spotted in Columbus last week by Foods & Dairies and Columbus Health Board inspectors. Food & Dairy Division inspectors are checking fruit markets in several cities where efforts to sell infected melons are believed to have been made.

Anthracnose spore is a fungus disease which first attacks the melon rind. It is at first distinguished by a small nodule rising above the rind. This nodule quickly turns salmon brown and sinks below the rind. The

NON PAREIL CLASS HOLD ANNUAL PICNIC

While the weather was a little chilly, the warm reception tendered members of the Non Pareil Class of the M. E. Church at the annual picnic Monday by Mr. and Mrs. Thomas Thrush of Amoy, more than made up for the weatherman.

Mr. and Mrs. Thrush are former members of the class who invited the group for a class meeting in the nature of a picnic. Thirty-five members and guests turned out for the occasion which proved to be one of the most enjoyable the class has ever held.

A round of various games was then presented by Messrs. Ralph Ream and Willard Ross, committee, which concluded a pleasant evening. Their will be no meeting during the month of August.
