

FEW PRESENT AT MEN'S MEETING

The business men's meeting which was announced last week to be held on Monday night, had a very poor attendance. Whether it's indifference, or that business is so good in Plymouth it doesn't need to be looked after, or that twenty-three men are absent-minded, will probably never be known. At any rate there were matters that needed the whole cooperation of the business group; matters that really mean a lot to Plymouth, and as a result no definite action was taken by the few who were present.

Among those present were: Robert Eichelberry, J. W. McIntire, A. D. Points, Willard Wirth, James Root, J. E. Nimmons, E. B. Miller, Elton Robertson and P. W. Thomas. Those not present included Bert Rule, Carroll Robinson, "Tink" DeWitt, Roy Hatch, Ed. Curpen, Ed. Ramsey, Chris Weber, John Hough, Bill Hough, Thurman Ford, Robert Cornell, Tom Webster, Walter Jones, Earl McQuate, Fred Schneider, Harry Shutt, O. L. Taylor, Glen West, Ray Dinninger, Harold Lipus and a dozen other men who should be interested in Plymouth.

When it comes to deciding on the type of entertainments and other civic programs that are beneficial to the community the responsibility generally falls on the shoulders of a few, and as a result there is much criticism to be heard. Now, if you business men want to band together and do a real job for the remainder of the year, next Monday night will be an ideal time to give the community a vote of confidence by being present at the meeting which will be held next Tuesday night in the Council Chamber.

This will be the last notice, and if you show up for your attention, there is to be an election of officers, and organization of the Plymouth Men's Club. Please be present.

HIRE TEACHERS

BOARD OF EDUCATION RE-HIRE TEACHERS; ONE NEW ONE HIRED.

The teachers in Plymouth high school and grades were all rehired by the Board of Education, Friday evening, as announced by E. L. Bailey, Superintendent who also was given a four year contract.

There was only one vacancy in the teaching staff caused by the resignation of Miss Kathleen Ames, whose marriage was an event of June 6th. Miss Betty Lou Wiscup of Oxford, Ohio, a graduate of Miami University, this year, has been hired to fill the vacancy.

The school faculty is as follows: E. L. Bailey, superintendent; J. B. Derr, Donald Dunham, Sherman P. Moist, LaMar Fleagle, Miss Josephine Faulkner, Miss Betty Lou Wiscup, L. Byron Grissett, Miss Florence Danner, Foster Kelnath, Harold Markin, Grace Felkes, Helen Akers, and Esther Hamilton. Esther Hamilton; Custodian Clay Hulbert and Christ Sheely.

UNDERGOES OPERATION

Dr. C. W. Babcock and son Raymond, accompanied by Mr. and Mrs. Frank Godfrey of Norwalk, motored to Columbus, Friday, where Mr. Godfrey entered University Hospital for an operation.

Edward Babcock a student at O. S. U. returned home with his father for the summer vacation.

ATTEND RITES

Among the many friends and acquaintances who attended the funeral rites of Dr. S. S. Holtz Sunday afternoon were Mr. and Mrs. G. W. Shaffer, Miss Frances Shaffer, Mrs. Paul Swayne, Harry Frazier, Roy Pettit and Mr. and Mrs. A. W. Firestone of Shiloh, W. S. Simons of Cleveland, Mr. and Mrs. Harland Miller, James Wentz and Mr. and Mrs. Carl Wentz of Shelby; J. A. P. Pfeiffer, Springfield, Dr. A. M. Gledhill, Lakewood and Mr. and Mrs. Alfo Fackler of Willard.

DR. S. S. HOLTZ DIES AT AGE 89

PRACTICED MEDICINE IN VICINITY OVER SIXTY YEARS; BURIED SUNDAY AT SHILOH.

Samuel Shafter Holtz, son of John and Elizabeth Holtz, was born in Goodhope, Penn., Oct. 24, 1850 and passed away June 7th, 1940, aged 89 years, 7 months and 13 days. He was the eldest of a family of two. A sister, Ellen, preceded him in death years ago.

He took up the study of medicine and graduated from Pulte Medical College of Cincinnati and began practice in Plymouth.

He was married July 4, 1878 to Martha Alice Flory in Cleveland, Ohio, by the Rev. Fred Gould, who preceded her husband in death on Jan. 31, 1921. To this marriage was born four children, two of whom survive: John Franklin and Fred Shafter Holtz. A daughter Grace died in 1891 and a son Harry Wells passed away in 1914.

Dr. Holtz was a consistent member of the Methodist Episcopal Church of Plymouth and on his hours of worship was a faithful attendant. He was a loyal member of the several Masonic bodies and served as Treasurer of the local Richmond lodge No. 201 for many years.

Dr. Holtz was not only known through his medical profession but by his association in the Masonic orders. It was in Sept. 1935 that he was presented with a Fifty year Medal by C. W. Wilson, R. W. of Shelby and later voted a life membership on the same date. A 32nd degree Mason he religiously adhered to their principles and teachings.

It can be truthfully said he lived up to the tenets of his profession, by caring for the poor and destitute wherever found with no thought of compensation. He has been called "Dr. Luke of the swampslands," a title which he richly deserved, having on many occasions ministered to the sick of that community as well as furnishing material aid for their sustenance and comfort. His thousands of friends will today mourn his departure as the passing of a devoted friend and counselor. As his life is done and the working tools of his profession have been laid aside, He goes now to his reward, where He who sitteth as the Judge Supreme will utter these welcome words: "Who hast been faithful in a few things, I will make thee ruler over many things. Enter now into the joy of thy Lord."

Funeral services were held on Sunday afternoon at 2:30 o'clock at the Methodist Church. Rev. H. T. Wintermute officiating as pastor by the Mansfield Commandery No. 21. Burial was made in Mt. Hope Cemetery, Shiloh, with arrangements in charge of the Postle Funeral Home.

New Parking Regulations

Owing to the Saturday night entertainment being held on the west side of the Square, this section will be roped off Saturday nights. No parking will be allowed in this area after 8 o'clock on Saturday evenings. The portion of the Square to be roped includes across from the Kroger store to The Peoples Bank, and west to the post office. Parking will be allowed on Saturday afternoons and evenings, until 8 p. m., when all cars will be removed.

Citizens who have been in the habit of parking their cars on the Square at noon on Wednesdays are also asked to refrain from this practice. It not only shows a selfish motive, but it often jeopardizes the afternoon flow of traffic.

Officials are making a close survey of the situation and it is hoped that the parking requests will be adhered to.

IS IT FAIR?

Every summer season Plymouth business men spend hundreds of dollars in the promotion of good will for their town, as well as for the furtherance of trade activity. Plymouth does boast unlimited parking space in its beautiful Square, and convenient drinking fountains, excellent stores, and a very good atmosphere in which the average person likes to shop.

These advantages are worth a whole lot to any community, and we in Plymouth are justly proud of them. And, too, we sometimes become thoughtless in the efforts our business men have put forth in attracting our neighbors to town.

This thoughtlessness is evidenced by the parking of automobiles on the Square on Wednesday and Saturday nights. The infringing is not committed by out-of-town motorists, but by Plymouth residents who, either have a selfish motive or fail to think of the other fellow.

There are Plymouth business men as well as residents living within four blocks of the Square, who have acquired the habit of driving their cars on the Square on Wednesday and Saturday night, never realizing that they are forcing some out-of-town customer to park a great distance from the shopping center. This is no doubt, an oversight, and we hope that this reminder will stay with those who are guilty, for the remainder of the season.

The Plymouth Square should be reserved for those patrons who do not have the opportunity to come and go from the stores. It is but common courtesy that we reserve for them a parking space which is convenient for them to come and go from the stores.

Those who have been negligent on this score will no doubt be more thoughtful in the future, and which will be appreciated by those men who contribute real money to bring business to Plymouth.

MAYOR JOHNS FINES SIX VIOLATORS

Six motorists arrested in the vicinity of Plymouth by highway patrolmen for traffic violations were assessed fines when arraigned Thursday before Mayor W. M. Johns.

Luella Entler, R. D. 1, Plymouth and Proctor L. Steele, Tiro, both arraigned on charges of driving with insufficient lights were fined \$2.50 and had their costs suspended. Both were arrested Wednesday night.

Orrville Lust, R. D. 1, Chaffin, Stanley A. Trezinski and Albert Fountain of Detroit, Mich., arraigned on charges of operating a truck with a gross overload, were fined \$25 and costs. Trezinski and Fountain were arrested on Thursday south of Plymouth on route 178, and Lust was arrested Wednesday night.

Kenneth Donnemwirth of Plymouth was fined \$10 and costs when arraigned on charges of careless and unsafe driving.

IMPROVED

Miss Mary Lucille Bushey, public health nurse of Richland County, was removed Friday evening to her home in Shelby from the Memorial Hospital in that city where she has been receiving treatment for pneumonia.

DEATH CLAIMS TELL PLANS OF MRS. N. RANDALL IMPROVEMENT

FUNERAL SERVICES HELD AT CATHOLIC CHURCH IN SHELBY SATURDAY; BURIAL IN PLYMOUTH.

Mrs. Nellie Butler Randall died Wednesday night at the Shelby Memorial hospital after a prolonged illness of over two years.

She was born in Plymouth October 21, 1862 and was 77 years old last October. Her early life was spent in Plymouth. In 1897 she started teaching school in Shelby, where she continued until her retirement thirteen years ago.

Her entire life was given to the interest and development of the young people just starting in school, as she taught the first grade in Shelby for over thirty years.

She was always self sacrificing and was one of the most beloved women in Shelby. Many prominent Shelby men and women have received the benefit of her loving care during their first school year.

In addition to several grand nieces and nephews, Mrs. Randall is survived by two nieces, Miss Daisy and Miss Grace Hank, of Plymouth, who have cared for her during the past five years with unceasing devotion.

Funeral services were held Saturday morning at the Most Pure Heart of Mary Church in Shelby with Rev. Fr. McFadden officiating. During the service the following telegram was read which was sent by John W. Love of Cleveland who was one of Mrs. Randall's pupils: "Please express to relatives of Mrs. Randall my own regret in word over her death. I know that many hundreds of former students look back affectionately to her in their earliest memories of education and to the sound start she gave them all. Her work lives on in all their separate lives. I was one of her first boys."

The pallbearers were William R. Morris, Tom Koch, R. I. Lewis, Robert Kuhn, David N. Shaw and Art Shindler.

Burial took place in Greenlawn cemetery at Plymouth.

THREE POLES—\$10

Overzealous cost Robert Poffenbach of Shelby \$10 Monday night in Mayor John's court, when he was arraigned for fishing with three poles in the Willard reservoir.

Poffenbach was apprehended by Game Warden Joe Walker of Greenwich, on Sunday, June 2, while he was fishing. Walker says that two poles are permissible, but that three is against the law.

Mayor Johns found Poffenbach guilty, fining him \$10 and cost, but costs were suspended. Poffenbach paid the fine, and no doubt will remember the next time not to be too zealous in getting the fish to bite.

FOX RITES

Mrs. Charles Fox, 48, died on Saturday forenoon at Shelby Memorial hospital, after several weeks' illness.

Her home was south of Plymouth off the Springmill road, and she is survived by her husband.

Funeral services were held on Tuesday afternoon at 2 o'clock from the McQuate Funeral Home in Shiloh, with Rev. H. T. Wintermute, pastor of the Methodist Church, officiating.

Burial in Greenlawn cemetery, Plymouth, in charge of Miller-McQuate funeral directors.

COUSIN DIES

Funeral services for Miss Leona Bodley, 55, who died in Toledo, were held Monday morning at 10 a. m. at her late home in that city. Her body was removed to Angola, Indiana for burial. Miss Bodley had resided in Toledo the last thirty years. A brother, Thomas Bodley, Toledo, survives.

She is a cousin of the late Wm. F. Reed and Mrs. Nora Wyandt and had visited here on numerous occasions.

Sweet Land Of Liberty

By Captain R. H. Dunlap

(Veteran of World War)

Unique in all the world-wide scene
Americans may dwell serene
In favored life; for now, today,
Some people, bow to Despot's sway.

We are the free—free, years ago,
Our forebears died to make us so.
Free to think, speak and assemble
No tyrant here to make us tremble.

In this sick world, where hates prevail
We carry on the holy grail,
Caught from the brave who had to die
We hold the torch of freedom high.

Speaking as a representative of the Plymouth Park commission and as a member of the village council, James Root announced Monday night at the Plymouth's Men's club that a definite program has been set-up for the improvement of the park this summer.

Mr. Root stated that NYA officials had conferred with the park commission and stated definitely that work will be started on the park in July, if certain regulations are met by that time. The NYA authorities have stated that a major will be performed by this organization, that the park commission will have the furnish supplies and equipment. July 1st is the date set to begin work, and already thirteen boys from this vicinity have been enrolled, which shows much interest and considerable time will be given the project.

The improvement program includes the construction of a shelter house playground, the installation of city water to the fountains in the park, the erection of playground equipment and toilets as well as outdoor ovens. All of this work is to be done by NYA labor, but the material has to be furnished.

It was agreed that a drive for the payment of park pledges be resumed so that this program can be completed. L. Z. Davis has consented to take on the work of collecting the pledges and turn them over to J. E. Nimmons. Mr. Davis did a splendid job last fall, but the winter months set in and this work was held up for the time being.

Now with the summer at hand, and the chance to secure the free help, it is imperative that those who wish to contribute and those who wish to pledge, make arrangements to pay up, so that the proper report can be filled out to NYA officials in regard to financial condition of the park commission.

If you wish to contribute, even as low as 50c, please—Edw. B. Curpen, E. B. Miller, James Root, J. E. Nimmons or L. Z. Davis. Any out-of-town resident who wishes to donate, may make check or money order payable to any of those mentioned above, and proper credit will be given.

Members of the Garden Club have a real program of beautification for the park and some work has already been completed. Other organizations have expressed their interest to do something.

Tables will be placed next week and within a short time there will be visible evidence of the work that has been accomplished. With your entire cooperation, much more can be done, and within a short time Plymouth will have a park of which it can really be proud.

Now, come on Plymouthites... you've given to other charitable needs away from home... let's do something for OUR home town.

Ewporth League to Hold 'Novelty Sale' Saturday on Square

The Young People of the Methodist Church have been busy for the last few days making articles of leather and wood which will be offered for sale at a stand on the Square Saturday evening. The public will find many articles of good quality and usefulness, including men's and ladies' belts, purses, coin purses, key cases, comb cases. These are hand made and attractively finished.

You are invited to inspect this display and purchase articles which will be taken for any items which may run short on Saturday evening. This will assure all who come of getting what they want. In addition to the leather goods there will be games, puzzles and novelties of wood. The proceeds from the sale will be used for the young people's Institute Fund to enable local young people to attend the Institutes at Lakeside on July 13-20th.

BEHIND THE SCENES OF AMERICAN INDUSTRY

— By John Craddock —

NEW YORK, June 13—BUSINESS — War time defense continues to dominate all the business and industrial news, with crystallization of plans for changing over many segments of our heavy industries, such as autos and steel, to production of munitions, holding the spotlight. It is not only in these heavy industries that modern techniques are to be applied in defense measures, either for rayon and other synthetic fibers are being tested for various military uses such as powder bags, parachutes, uniform linings, etc. Another modern technique that may have military significance is that of the quick-frozen food industry. Army and Navy procurement officers are interested in arranging for supplies of such foods for the defense forces. . . . Earlier expectations that the engine production in this country would be doubled by the end of the year apparently will be greatly surpassed.

WASHINGTON — Just what is the country's situation with respect to sufficiency of skilled mechanics? That's been a moot question for some time and naturally intensified by the defense program's needs for qualified machine workers. There may be a government program for training men in these fields, but it looks now as though any such project as that will be held up until results of a national occupational inventory — made in April from records of state job placement bureaus — can be studied. The Social Security Board is classifying the data to learn the number of mechanics available among persons listed as unemployed, or who abandoned their skilled trades, after periods of idleness, to find other work. Officials contend a substantial number of skilled workers can be found in this category, but many would have to go through "re-training" periods before being put to work on defense jobs.

OIL SOAP AND GAS — Those are three things the U. S. has in abundance. Natural rubber is a thing we cannot grow here at all. You wouldn't think there was much connection between these two facts, but there is — and it's a vital one, linked up to national defense. For, using oil, soap and natural gas as the ingredients, the E. F. Goodrich company has perfected a "Liberty Rubber" called Ameripol, capable of replacing the natural product. Last week it announced to 800 industrialists, military experts, scientists and the press that it was actually manufacturing America's first passenger car tires using strictly domestic materials. This is the announcement that American motorists have been listening for ever since synthetics began to highlight our industrial picture. It doesn't mean, of course, that such

tires will soon replace natural rubber ones to a large extent, but the point emphasized by John L. Collyer, Goodrich president, is that it means we can continue to operate our cars and trucks, so far as tires are concerned, in any eventuality.

THINGS TO WATCH FOR — The military influence in brand names, packages, and so forth — a new company will put out a toothpowder in a container which, when empty, can be used as a toy soldier . . . outdoor advertising on the sides of box cars — several railroads are advertising themselves in this way with route maps taken of the scenic charms of their regions, or service blurbes . . . longer-playing phonograph records for home use, made with a new plastic superior to the traditional wax platter . . . coffee hermetically packed in a new plastic paper container, rivaling the tin vacuum can for efficiency . . . still more brands of cigarettes swinging to the "long size" — and one scarlet-tipped brand that may adopt varying shades of red to match various shades of lipstick.

PLAN TO SAVE — The failure of many American cities to plan their improvements has left a dismal trail of unused sidewalks, jugged streets, deserted posts, empty schools, and other costly "monuments" which are being all across the United States. According to findings of the National Consumers Tax Commission. A hopeful sign that the commission noted is that many cities, in recent years, have set up thorough planning boards which now are busily eliminating the mistakes of the past and guarding against future errors, thus saving taxpayers thousands of dollars. In its current study program which is being distributed to its local unit in 45 states the commission urges its members to lend their support to the preparation of sound, long-time city plans in the interests of "better cities at lower cost."

BITS O' BUSINESS — Output of steel ingots in May this year was more than 20 per cent higher than for April, and 47 per cent higher than for May of 1939. . . . Completion of orders received by manufacturers (not steel alone, all manufactured goods) during April indicate that demand for finished goods began to climb in that month — first reversal of the general decline that set in after last September's high levels. . . . Sales leaders of the United States, meeting at Milwaukee in annual convention of the National Federation of Sales Executives, see American business as "poised for a great advance"; they said business is already beginning to boom in many sections of the country, though agreeing part of the early momentum is attributable to buying in anticipation of rising prices and higher taxes.

Announce Revision of Welfare District

A state-wide revision of the Ohio division of public assistance reduced District 6, in which Richmond county is located, from ten to six counties.

Mrs. Marion Brucker of Shelby will continue as supervisor in the district, handling the administration of the division, aid to the blind and aid to dependent children. Mrs. Katherine McMichael, Mansfield, is Richmond county supervisor. Her office is in the court house.

District 8 now includes Richmond, Ashland, Crawford, Huron, Lorain and Seneca counties. State Welfare Director C. L. Sherwood said the redistricting and combination of the field staffs will save an estimated \$20,000 a year in traveling expenses for supervisors. It also will be possible for the supervisors to give more attention to individual cases, he added.

ISN'T IT TRUE?

If your rival plays more golf than you do, you have more time to attend to his customers. If your neighbor drives a better car than you, that doesn't make your car any worse. If someone calls you a fool, think it over quietly; maybe he is right.

If your competitor gets business by unfair means, he can't hold it that way.

If someone gave you a raw deal remember there are 120 million people in America who never played you a nasty trick.

If you have tried to do something, and failed, you are vastly better off than to have tried to do nothing and succeeded.

If you don't get everything you want, think of the things you didn't get that you don't want.

SEEKS DAMAGES

On the grounds that she lost a finger in an electric mixer as the result of carelessness of the defendants, Elsie Stauffer of Plymouth has filed a \$1,250 personal injury suit in common pleas court Newark, through her attorney, E. S. Miller. The plaintiff was injured, she states while employed in the restaurant and night club of Olive Ward and Clyde Sweet at Plymouth. She avers the defendants did not comply with state workman's compensation regulations, and that she lost twenty-three weeks work as a result of the accident.

Miss Greta L. Russell Becomes Bride of Ross E. Stroup Sunday

In the living room of their newly-built and newly furnished home at 64 Mansfield avenue, Shelby, on Sunday, June 9th, at 4:30 o'clock, Miss Greta L. Russell, daughter of Mr. and Mrs. G. O. Russell, became the bride of Mr. Ross E. Stroup, son of Mr. and Mrs. John Stroup, 54 Second St., Shelby. Rev. F. W. Shirey of Mt. Hope Lutheran church, officiated and used the single ring service of the church.

Miss Mary Stroup, sister of the groom and Herbert Palmer were the attendants and only witnesses. The bride was attired in a rose-colored crepe dress and wore white accessories. Her only jewelry was a diamond set, gold necklace, a gift of the groom. A corsage of gardenias was fashioned on the shoulder. Miss Stroup's gown was blue.

She and she wore a shoulder corsage of roses and lillies of the valley.

Immediately after the ceremony the bridal party enjoyed dinner at the Mansfield-Leland home. Following the dinner the bride and groom left on a ten-day motor trip through the southern states, after which they will be at home to their friends at their Mansfield avenue address.

The bride is a graduate of Shiloh High School and Ashland Normal college and has been a teacher in Richmond county schools the past ten years. She was worthy matron of Angelus Chapter, O. E. S. the past year. She is popular with the young people and is held in high esteem by all.

Mr. Stroup is a graduate of the Shelby High school and Oberlin Business College. He is employed as an accountant in the office of the Shelby Spring Hinge Co.

QUOTA REDUCED

Richland county must reduce its WPA employment by twenty-eight workers by July 1, leaving a quota of 285, J. L. Kelly, district WPA manager, said.

The lay-off was necessary by reduced federal relief appropriation is not expected to cause serious concern in the county since a number of workers have been able to find other employment for the summer, it was said.

It was estimated that the county's WPA rolls have dwindled to about 400 workers, of whom 246 are employed on county road and bridge projects and about 60 on city sewer and water line jobs. Kelly said 3,600 workers will be dropped from the WPA lists in the Central Ohio district, reducing the quota to 13,000.

THANKS

Our attention is called this week to the observance of National Flag Week, June 8 to 14th inclusive by Capt. R. H. Dunlap of Columbus, Ohio. Capt. Dunlap is the son-in-law of A. C. Morse and is always interested in Plymouth and its affairs and a frequent visitor here. In Columbus he is vice chairman of the Flag Week Committee in that city.

We are indebted to him for the especially appropriate poem in this week's issue and we trust that it will serve as a reminder to Plymouth and vicinity to have Old Glory waving on the day set aside for it — Friday, June 14th.

A lack of interest in the display of flags on national holidays is very noticeable and in these days of fifth columns and talk of imperialism — it behooves all Americans to display their colors and do present a united front to the world.

If you have a flag—display it—if you don't—buy one.

F-R-H Shop News

The boys in the shop have figured up that according to the number of jobs claimed to have been held by "J. C.", he should be 170 years old!

Ask Walter Chatfield how he feels, and invariably he will stretch his arms above his head and say, "Mean and dissatisfied. Who wants me?"

"Chat" is the man who runs the foundry much the same way as a king rules a kingdom, and we find that King Chat never does things half-way. He is always testing and trying different methods, seeking for stronger combinations of metals to make a more perfect product, keeping extensive and accurate records of everything he tries.

One thing that should be given serious consideration to make Chat's work more pleasant would be to decorate his office. We were really appalled by the "barrenness" of his office walls, and feel that even a few pictures might make this room a little more livable.

Smile: Marie Guthrie answering a long distance telephone call.

With every other person about the place complaining of the heat, we remember how cold it is last winter and are inclined to agree with Les Shields who says, "The nearest I ever want to get to snow again is to be lying on a beach under a tree on some South Sea Island, looking up at a snow-capped mountain in the distance."

And speaking of heat, there is one thing we can never understand. During the winter the stenographers must have the room temperature registering around 80 to 85 degrees. If it is lower than that, they don their coats. In the summer, however, if the temperature hits 75 they begin to moan.

What fair feminine member of the organization, known for her line, recently proposed to the boy friend of another feminine member of the company?

Last week, our tractor representative, L. M. Dawson of Tennessee, visited our office bringing with him two new representatives, Edward Mazanec and John Hancock.

Mr. Dawson has been in the tractor business for fifteen years and only recently took over the Silver King agency in Tennessee. He, as well as his companions, are right enthusiastic over the Silver King, and Mr. Dawson claims that our tractor, always walks away with the highest honors at every competitive demonstration.

New Cooling System

An elaborate and modern cooling and refrigeration system has just been installed at Weber's cafe, and the latest word in the dispensing of beer. It was necessary to erect a large air-tight room in the basement. The room is thoroughly insulated, and a regular air-conditioning and air-cooling system operates in this refrigerator room. At no time does the beverage come in direct contact with any coils or ice, but the cooling room keeps it sufficiently cold to serve... not too cold... but just right.

Chris Weber, proprietor, says that he is featuring the famous Blue Ribbon beer in this new outfit, and that it does make a difference to the taste when beverages are served at the natural and desirable temperatures.

The installation is well worth inspecting should you want to see the most modern method.

TAX BOOKS OPEN JULY 1ST

20,000 Tax statements will be in the mails this week according to Richard County Treasurer John E. Kolb. July 1st is officially set for the opening day and taxes can be paid until Aug. 20th without penalty.

The county's tax bill for the period is \$857,900, lowest half-year change in recent years. The total bill includes \$66,545 in current taxes and approximately \$241,000 in delinquent taxes, covering unpaid levies over the past several years.

On the basis of the first half year payments which amounted to more than \$650,000, the county's tax receipts this year will pass the \$1,100,000 mark, making it one of the best collection years in the past decade.

Under a recent state law, all property owners whose addresses are on file with the treasurer will receive statements.

CHEMISTS WANTED

Explosive chemists are urged to apply at once for the civil service examinations now open for the various grades of chemist and chemical technologist positions in the Federal service. In connection with the present National defense program it is extremely important that a large number of well qualified explosive chemists and chemical technologists be immediately available should vacancies occur in this field. The salaries for the positions for which these examinations have been announced range from \$2,600 to \$4,400 a year. Applications must be on file with the U. S. Civil Service Commission at Washington, D. C., not later than June 24, if received from States east of Colorado, and not later than July 1, 1940, if received from Colorado and States westward. AAA REPORTER BEGIN CHECK OF PERFORMANCE

Checking of performance on farms of more than 1500 Huron County Farmers who are participating in the 1940 AAA Farm Program has begun, reports Robert E. Finlay, Chairman of the County AAA Committee.

The work will be done by farm reporters, all of whom are farmers, who will inspect farms in their own communities. Willard F. Porter, of Fitchville township and Marley E. Robson, of Ripley township have been designated as county performance supervisors to direct the work from the county office.

Men who will work as farm reporters in this vicinity are: Fred R. Arthur, No. 2, Monroeville, Ohio, Sterling C. Cobbs, No. 1, Greenwich, Ohio, Paul Bantz, No. 2, Greenwich, Ohio, Edmund E. Franklin, No. 1, New London, O., H. Ray Hoyt, No. 1, Bellevue, O., Oscar C. Gustafson, No. 3, Norwalk, Ohio, Paul C. Haspelagh, No. 1, Attica, O., Byron Kochel, No. 2, Attica, O., Clarence E. Lyons, No. 1, Greenwich, O., Branch S. Perry, No. 1, N. Fairfield, O., Ed T. Rang, No. 1, Willard, O., Clarence C. Schmitt, No. 2, Monroeville, O., Homer C. Schild, No. 2, Monroeville, Ohio.

Farm reporters will determine crops planted on the farm of each

farmer who this spring signed a farm plan, indicating his intention of participating in the 1940 AAA program. Fields in which various crops are planted will be measured on aerial photographs in the county office to determine conservation and parity payments earned by each participating farmer.

The actual work of checking field acreages is done only when the farmer or his authorized representative is present. Usually the farmer assists the farm reporter with the work.

APPELLATE COURT RULES IN CASE

The sixth district court of appeals Monday returned a decision sustaining the lower court's decision in the case of Mrs. Ruby E. Knapp, against Allen A. Aigler, administrator of the estate of Frank A. Knapp, and others, in which she lost her appeal to set aside a pre-nuptial agreement signed between herself and her late husband.

In her suit, Mrs. Knapp sought to break the pre-nuptial agreement which provided that she would receive a lump sum of \$25,000 and would waive all other claim on her husband's estate in event of his death, and sought to collect her widow's right of one-third of the million-dollar estate left by her husband, president of the Northern Ohio Telephone Co. of Bellevue, who died three years ago.

The appeal was heard by the appellate court at Toledo several weeks ago, when the case was taken under advisement.

Announce Wheat Allotment of 30,473 Acres for Huron Co.

A Huron County wheat allotment for 1941 of 30,473 acres was announced last week by Robert E. Hinlay, Chairman of the County AAA Committee.

This allotment will be apportioned among the wheat growers on the basis of tillable acre, crop rotation practices, type of soil, topography, and the acreage of wheat grown in the last three years. Farmers will be given credit for wheat acreage diverted under previous AAA programs, Mr. Finlay explained.

This acreage allotment is Huron County's proportional share of the 62 million acre national wheat allotment which will produce enough wheat for a years domestic consumption and exports plus a reasonable carry-over.

Farmers who keep within allotments in 1941 will be eligible for a wheat conservation payment, parity payment, if such payment is offered in 1941, wheat loans, if available, and crop insurance. Individual allotments will reach farmers within the next few weeks, Mr. Finlay reported.

Fisherman Must Keep License Displayed

It will take more than a "fish story" to get you out of the hands of the law if you are caught fishing in a net, and your license is not plainly displayed on your clothing while fishing.

A warning has been issued by C. I. Kimmel, Richland County game warden that every person while fishing or carrying any fish on which is printed the license number of the license. This does not apply to persons who take or catch fish for commercial purposes with nets he added.

Anglers found fishing without properly displaying their license numbers are subject to a fine of not less than \$10 nor more than \$50.

To Head Schools

In Salinesville A. W. Shields, superintendent of 47 Wellington schools for the past twenty years will head the Salinesville school in the Columbia-Co. system. Mr. Shields' contract was not renewed by the Board of Education for the new year which caused considerable dissension among many of the students and parents.

A parade and demonstration planned by the committee to retain Mr. Shields was turned into a celebration at the request of Mr. Shields who had accepted the new superintendency.

HIT BY AUTO

Mrs. W. M. Winemiller of Tiro was injured in Mansfield Friday evening when she was hit by an automobile while crossing a street. She was brought to the Shelby Memorial Hospital where it was found she had suffered a fractured hip. She will be confined to the hospital for several weeks. Mrs. Winemiller has friends in Plymouth who regret to learn of her accident.

Shortage for Peach Crop in Ohio Seen

Reports are prevalent that the intensive freezing weather of the winter and early spring months have materially given a set-back to the peach crop of Ohio, Indiana, Illinois, Missouri and Tennessee as well as most of the early peach states of the south. The peach crop in many parts of the central states is expected to be a near failure. Oranges, grapefruit and other commodities are expected to be below last year's supply due to the intensive cold weather.

The late spring in the immediate section has also had a tendency to cause worry over the outlook of the peach crop in the lake region of Ohio.

EXCURSION FOR DETROIT IS SET

A low rate excursion from Sandusky to Detroit and return on Wednesday, June 19th on the Steamer Put-in-Bay has been announced.

The boat will leave the Big Four dock in Sandusky at 8:30 a. m. and will arrive in Detroit at 2 p. m. After a four hour lay-over in Detroit, the boat will leave the company wharf at the foot of First St. at 6 p. m. and will arrive in Sandusky at 11:30 p. m. Free parking of cars has been arranged at the dock in Sandusky.

The four hour lay-over in Detroit will allow the passengers ample opportunity to take one of the sightseeing bus trips about the motor city. Trips are arranged to Belle Isle Park, Greenfield Village, the Ford Motor Co. plant and to other points of interest in Detroit. The Detroit theaters and business district are within walking distance of the dock and street cars pass the first corner, giving access to all parts of the city.
