

DEIES AT 79 YEARS

E. E. GEISINGER, A RETIRED FARMER, DIES AT HOME NEAR GANGES.

Shiloh—Elmer E. Geisinger, 79, a retired farmer, passed away Wednesday morning following an illness extending over a period of several years.

Born near Ganges, May 31, 1861 Mr. Geisinger had lived in that community practically his entire life, retiring from the farm in 1920.

He is survived by one daughter, Mrs. Arthur Mellick, Ganges; one son, E. G. Geisinger of Shiloh; one grandson and one great grandson. One brother, David Geisinger of Ganges, also survives.

Funeral services will be held Friday afternoon at 2 o'clock at the Ganges Reform church, of which the deceased was a member, with Rev. Frank Zackman, officiating. Burial will be made in the Ganges cemetery.

PEACE PROGRAM AT CHURCH SCHEDULED

The Rev. John C. Campbell, former pastor of the Methodist church here, will speak on "Peace Workers in a War Torn World" tonight, Thursday, July 18, at 8 o'clock at the North Fairfield Methodist church.

SECOND STORY TRIP TO CAVES

This group of gigantic caverns is mostly several miles distant from the another group, and they may be handled to serve visitors the better they are organized into a National State Parks association.

We gradually ascend to the surface and find open to use another great cave a few miles distant named "Hidden River" cave.

Here is a dome called "Sunset Dome," truly one of the world's wonders. The structure is simple and grace—the majesty of a huge architectural design.

The sunset dome is a cathedral of silence, an auditorium to provoke profound sole thought. One could here spend amazing hours exploring bewitching rooms and galleries of this underground fairland.

A foot bridge leads us across the Hidden River, which, here is 225 feet below the earth's surface and which river rises, no man knows where. The river is small and gentle stream normally, but it is reported it becomes a torrent sometimes, swelling to heights of 40 feet above its banks.

No man knows why or what disturbs it. When on a rampage it may be imbued with the spirit of the mythical Greek River Styx, which was a hellish river of the

PASSES 89TH BIRTHDAY

Mrs. Martha Brown, a well-known citizen of Plymouth, quietly passed her 89th birthday anniversary Monday, July 15, at her home on Park avenue.

Mrs. Brown has been a very active woman, but has not been feeling so well of late and was slightly indisposed Monday, saying, "she did not feel equal to getting up a birthday dinner."

She is the mother of three sons—Benny of Plymouth, Frank of Bucyrus and Roy near Crestline, and has two sisters, Mrs. George Tinkey and Mrs. Elmer Tinkey of Mt. Vernon, all of whom send birthday cards. She also received flowers, cards and best wishes from friends who called.

PLANNED PROGRAM FOR CENTENNIAL

Historical booklet to be published for special event.

Plans of the Lutheran church for its Centennial celebration which is to be held this fall, are going ahead rapidly. The program for the celebration have been set for October 20th to October 27th.

The committee, under the leadership of J. A. Root, has been busy in the planning of the program. E. K. Trauger and Rev. Wolf have been selected to publish a historical booklet for the church centennial celebration which will cover the entire history of the church during its hundred years of existence.

Part of the plan of the celebration is to liquidate the indebtedness of the church. This will be done by selling of gifts and not by any concerted drive. The fine spirit of the congregation is revealed by the fact that one of the ladies of the church has undertaken to crochet a veil for the communion table in the design of The Last Supper, while another lady has offered to croch the same picture into a large reardis to be placed behind the altar, similar picture of the same scene is going to carry the congregation to new heights in opening its second hundred years of service in Plymouth.

PHEASANTS TO BE RELEASED OVER COUNTY

A number of persons have inquired about the distribution of pheasants from the State Game farm. Some persons are under the impression that the three week old pheasant program was to replace the regular fall distribution. This idea is entirely wrong as the Columbus pheasant birds are only a replacement of the old practice of giving pheasant eggs to interested persons.

Sportsmen organizations will be contacted and their advice will be welcomed as to where these pheasants in their locality, should be released. Many suggestions may be had from the new conservation organization, Messrs. Clay Stachow, Homer Beattie, E. G. Mantz, or Wm. Darling will be glad to receive suggestions relative to the distribution of the birds. These men will then inform the state officials.

The cock birds will be banded and it is hoped that persons bagging birds which are banded during the coming hunting season will send the band number to the state. This information is very important for formulating pheasant management for the future.

It is with pleasure that thanks be extended to all in advance, for your untiring cooperation.

COUNTY FAIR TO HAVE FINE ATTRACTIONS

Topped off by the shooting of an 18-year-old girl from a cannon attached to the gas-filled balloon 3,000 feet in the air, the Richland county fair board this week prepared to present its 72nd annual farm show to fairgoers on July 31, Aug. 1, 2, and 3rd.

Booking of the "Flying Allens" in which blond Florence Allen of Batavia, N. Y. is shot from the balloon cannon, virtually completed scheduling the attractions for this year's fair, H. H. Wolf, president, said.

The balloon—cannon ascension act will be held on three afternoons, Thursday, Friday and on Saturday.

With no harness races scheduled for this year because of lack of patronage in former years, the fair board president announced what he called a "stream lined" program for county fairs.

On Wednesday, opening day, the fair directors will present Dick Rogers and his All American Motor Maniacs, an automobile thrill show in which 15 separate hazardous acts fetes are attempted by daredevil automobile and motorcycle riders. This will be staged both afternoon and evening.

On Thursday afternoon the fair board will present the Pine Ridge revue with Ezra Buzzing, a program of circus acts and the BXR rodeo, in addition to the balloon-cannon ascension.

On Thursday evening all of the above acts will be enlarged with the exception of the balloon-cannon ascension. In place of the ascension, Ohio National guardsmen will stage a band battle climaxed by a fireworks spectacle. The American Legion Drum corps will take part in this event.

On Friday afternoon the Pine Ridge revue will be replaced by a vaudeville show augmented by circus acts and the BXR rodeo and the balloon-cannon ascension.

On Friday evening the vaudeville show, circus acts and rodeo program will be enlarged with the Polemen's Troop A of mounted polemen, staging a demonstration of stunts. This is a crack riding outfit which has won a high standing in trick and fancy riding for police outfits.

Saturday's main attraction will be the Boone county jamboree showing both afternoon and evening. The hillbilly radio entertainers will be broadcast from the fairground for W. W. its radio sponsor. Troop A will also perform on that day along with the balloon-cannon act.

STORES OPEN TODAY NEWS BRETTIES

Plymouth stores will remain open all day today as an accommodation to customers who expect to attend the F-R-H & Plymouth Day picnic at Chippewa Lake tomorrow.

The local bank announces it will NOT close, while Kroger's will remain open all day today, and until noon Friday, to take care of their farm trade.

BOB ROSS IS THE DERBY WINNER

For the second successive year Bob Ross won the Soap Box Derby. In the races run Tuesday evening by Bob in a record time of 11:34 seconds in winning the finals from Buck Hunter. In addition to the first place award Bob walked away with the distance prize.

In second place came Buck Hunter with Jim Rhine close behind, taking third. The consolation went to Bob Rule, who with a 30-second handicap drove his jalopy down the hill to beat out his rival by two seconds.

The prizes for the races were given by Brown & Miller, Curpen's Jewelry Store, A. D. Points and Rule Clothing Store. The first prize was a soft-ball glove, second prize, soft ball and bat, third prize, a leather wallet and the distance prize, a pocket knife.

The race was run from a ramp built for the race by Street Commissioner and Mayor, Betty Charles Barr. The public address system of the Factory Radio Shop was put to good advantage in announcing the races and the time of each lap.

The start was supervised by Rev. Wolf, assisted by Vernie Gohren and Wayne Hough, while Mr. Donald Dunham supervised the finish line, assisted by William By, Don Fox and the Factory Radio Shop.

The quality of the cars entered this year was far superior to that of cars of last year's derby and so the races were much closer and more interesting. There were seven entries, five of which covered the race in times ranging from 29:34 to 31:14 seconds.

Next year, it is hoped, that there will be still more and better entries than this year.

SET RITES FOR CRASH VICTIM

SERVICES HELD WEDNESDAY AFTERNOON FOR H. GATEWOOD OF WILLARD.

Funeral services were held on Wednesday afternoon at the Pink Pine home in Willard for H. A. Gatewood, 65, division chief agent for the Baltimore & Ohio railroad, who was instantly killed on the morning of his death on Route 194 and 598, northeast of Plymouth at 10:30 Monday morning.

Gatewood, said to have been enroute to Norwalk at the time of the crash, was killed when his car collided with one driven by A. Sherman, Mansfield. His death brought the number of fatalities from traffic accidents in Huron county thus far this year to 13. Bradish of New London, returned a verdict of accidental death, Nelson Sherman, not either of the two passengers in his car, were injured.

Gatewood was survived by his widow, and resided at 614 Woodbine street, Willard. Following services Wednesday afternoon, the body was removed to Willard, W. Va., where services and burial will be held Thursday morning.

NEWS BRETTIES

HAROLD SENN OF ATTICA IS the proud possessor of a freak pig the pig has six legs instead of the usual four. It is eight weeks old and is quite normal other ways, except for four legs in the back.

DICK BARKES "PEDDLED" IN- to Plymouth on his bike Monday afternoon and is spending the week-end just for the Thomas. He made the trip from his home in Rocky River to Plymouth, approximately 70 miles in less than eight hours, making Norwalk in time for dinner, but slowing up on the last 20 miles, which he found the most difficult.

AND SPEAKING OF BICYCLING

How, who has recently purchased bikes, are having a great time going places. Sunday, they went up to Saddle Creek for a bicycle ride, or it was just for the swim? That's a long pull to get cooled off, considering you have to return the same way—foot power. Mr. Carter has installed an extra seat on his bike to accommodate his small daughter, Betty Anne, on short trips. Leaving her, Betty Anne didn't accompany them on this trip.

BOB MOORE AND WAYNE Hough, who left Plymouth about two weeks ago for the Sunshine State—California—returned home Sunday. The boys went with Kenneth Sanford of Willard and made the trip to Los Angeles in about four days. Leaving on a Tuesday morning they made Los Angeles by Saturday morning. They spent the time at Burbank, California, with a brother of Mr. Sanford, who is employed at T. W. A., and where Mr. Kenneth Sanford will work. The local boys were quite disappointed about California, but were sadly disappointed in Oklahoma and New Mexico, where they both agree on, and that is that work is scarce in that section and it takes plenty of dough to live on. They returned home by bus.

THAT PLYMOUTH AND VICINITY really enjoy the Wednesday outdoor picture show is substantiated by the fact that better than three thousand small camp chairs have been sold this season, so far, by the Brown & Miller Hardware store. According to a salesman, this is the greatest number sold by any one firm in the state of Ohio.

LAST WEDNESDAY NIGHT'S crowd for the free movie is reported as the largest crowd ever to have been in the auditorium. The weather was good and so was the picture, which is a splendid combination for drawing a crowd to town.

A VIOLENT BUT SHORT-LIVED electrical storm broke over Plymouth on Wednesday evening. Storm sewers were unable to carry off the water and Sandusky street in front of the high school, resembled a lake.

GUESS-YOUR-WEIGHT GAMES have been added to the 32 other amusements at a veteran fair county and independent fairs in Ohio this year. George E. Kryder, agricultural department inspector, promoters "abused" the contest.

MULES DOWN MEMPHIS WAY started cooperate during the fly season. All 20 of 'em stood in a row in their pasture, alternating with tail to nose. Plentiful switching kept the flies on the move at both ends.

M. A. GRUSS, FARMER AT NEW River, has a barn which last Easter Eggs. Gruss is displaying mottled eggs found in nests and said he is trying to locate the hen with an Easter complex.

SOME BETTER Mrs. Courtland Miller of Conantville, Mich., who has been seriously ill, is gradually improving. Mrs. Miller is a sister of Mrs. Frank Gleason of Sandusky street.

AN APPRECIATION I wish to express my sincere appreciation to all my patrons who have made it possible for me to take a much needed vacation. During my absence, from the store you will get the same service and quality merchandise. Again, I say thank you!

NOTICE The Office of Dr. C. L. Hannum will be closed from today, Thursday, until Monday.

### Lenore Lee Chooses August For Marriage To Bob Doane

It was a very charming mid-summer tea that Miss Lenore G. Lee, daughter of Mrs. Altha Lee, 327 7th-st., gave yesterday afternoon at the Lorain Country club to announce her forthcoming marriage to Robert Doane, son of the Carl Doanes of 1224 W. Erie avenue.

And there could not have been a more ideal setting for the interesting afternoon affair than the long enclosed porch overlooking Lake Erie.

As guests arrived, they were presented exquisite little round peach satin sachets in the center of peach maline fluting, each topped with a fresh Talamian rose and loops of peach and green satin ribbon to harmonize with the tea table appointments. A cupid's arrow, attached to the sachet, bore the words "Lenore and Bob, Aug. 31."

The announcements were passed out by two of the bride-elect's close friends, Miss Bonnie Root, Plymouth, O., and the Vermilion Lagoons, and Miss Lois Bender, Lorain.

Laid with ecru lace, the beautifully appointed tea table, in the center of a group of smaller tables, was centered with a colorful arrangement of peach colored gladioli spikes and blue delphiniums with loops of wide green satin ribbon radiating in sunburst effect from the flower holder. Peach colored candles in silver holders were on either side of the centerpiece.

Mrs. Robert McIlvaine and Mrs. Kenneth Stevenson, the latter a sister of the bride-to-be, poured tea and Misses Betty Burgess and Dorothy Snyder, assisted.

Miss Lee received the 40 guests who came from Lorain, Elyria, Amherst and Vermilion. She was smartly attired in an afternoon striped sheer trimmed with white eyelet embroidery.

She announced that her coming marriage will take place at Oberlin chapel, that it will be a late afternoon nuptial, at 4:30, and that the Rev. Battelle McCarty, former pastor of the First Methodist church here, now of Alliance, will perform the ceremony.

She has chosen Miss Root as her maid of honor and Miss Bender as bridesmaid. Mr. Doane will have his brother, Roger, as best man.

The bride-to-be attended high school in her freshman year here and later entered Plymouth High school from which school she was graduated. Her church affiliations are with First Methodist church and she is a member of the Junior Women's league and the Three Star Club. She is employed in the office of the Ohio Fuel Gas Co., Elyria, O.

Mr. Doane, an alumnus of Lorain High school, is a prominent yachtman and is affiliated with the Lorain Yacht club. Fraternally, he is a member of the Masonic lodge and the Fellowship club of that organization. He is a clerk at the National Tube Co.

The above article was taken from the Monday, July 15th, issue of the Lorain Journal, and is of much interest locally.

## FARM LOANS ARE AVAILABLE

**HURON COUNTY ELIGIBLE FOR TENANT PURCHASE PROGRAM.**

Loans for purchase of family-size farms will be available to a limited number of Huron county farm tenant and farm labor families this year. News of this was given out here today by Paul C. Williams, county farm security administration supervisor.

He announced that Huron county had been designated by the Secretary of Agriculture as eligible for the current year's tenant purchase program.

This program, authorized by the Bankhead-Jones Farm Tenant Act, provides for 40-year, three per cent loans to farm tenant families for purchase of land. It is expected that names of county tenant purchase committees, appointed by the Secretary of Agriculture, will be announced by the FSA within the next few days. This committee, composed of representative farmers, will assist the FSA in carrying out the tenant purchase program in the county. One of its first duties will be to review loan applications and make final recommendations to the Farm Security Administration.

"Within a short time we expect to begin accepting loan applications under this program," Mr. Williams said. "Any farm tenant or farm labor family in the county will be eligible to apply."

He went on to explain that it

will be up to the applicant to locate the farm to be purchased. The farm must be of a family-size, that is, it must be one which the family can operate without hired help except possibly during the short peak labor periods.

Nor will a loan be granted unless the farm can be purchased at a price in line with its ability to pay for itself and produce an adequate income for the family.

"In other words, no loan will be approved where the price of the farm is based on speculative values," said Mr. Williams.

In addition to choosing a farm, the family must work out a sound farm and home management plan. This plan is aimed at enabling the family to make the most of the opportunity. Mr. Williams, and Marjory M. Stanley, home supervisor in the county will assist families obtaining loans in working out these management plans.

Loans will provide for purchase of the farm plus repair and alteration of buildings and land improvements where necessary. As with other types of FSA loans, they are available only to families who cannot obtain needed credit from other government or recognized private credit agencies.

As soon as announcement has been made, those wishing to do so may make application for loans at the FSA office in the basement of the post office at Norwalk, Ohio.

The victory of our Naval forces at Manila Bay, May 1, 1898, was one of the most remarkable in the world. Not an American was killed, and that night, after the battle, every American ship was set to go in a similar action on the succeeding day.

**STATE PARKS**

**BUCKEYE LAKE STATE PARK**

A vacation resort in every sense of the word, Buckeye Lake comes under the jurisdiction of the Division of Conservation and Natural Resources of the Department of Agriculture. It is convenient to Columbus, Newark, Lancaster, Steubenville, and other cities.

Buckeye Lake is a man-made lake of more than five square miles, created somewhat over hundred years ago to serve as a reservoir for the State's expanding canal system. It was developed especially to keep a uniform water level in the old Ohio Erie Canal which connected Lake Erie on the north with the Ohio River to the south.

Because of its central location in the State and its convenience to large numbers of people, it is only natural that the area around it went out of existence. Buckeye Lake should have developed as a Summer resort.

Today the resort offers fishing, swimming, boat rides, hunting in the proper season, hiking, facilities for nature study, picnic grounds, and accommodations for vacationists who wish to enjoy the facilities of hotels and cottages. Nearby are also sites which can be rented for tents and trailers.

Buckeye Lake is the type of resort at which people can fish and swim in the morning, go shopping later in the day, take a boat ride in the afternoon, entertain friends at the numerous concessions during the evening, and finish the day with a fifty-mile drive around the lake or a moonlight boat ride.

SECOND STORY

(Continued from Page One)

lower world over which the souls of the wicked dead were ferried by Charon and by which the gods swore their most solemn oaths.

Entering "Sunset Dome" gives us the impression of approaching the edge of the earth, creating a new, irresistible urge to see beyond. A mile or so from the entrance of the Hidden River cave we approach the entrance to the Mammoth Onyx cave, which cave is a real gem of underground fairland. It is different - highly colorful - if not fanciful, and has a pronounced softness and atmospheric delicacy common to the other caves, but more pronounced especially in rock formations.

As the descriptive name suggests here is found in huge proportions those well known, even often pronounced ceiling and floor decorations, the stalactite and stalagmite onyx formations. After entering we feel an atmosphere, strange on account of its own delicacy for its array of beautiful pastel tints and shades.

We enter Crystal cave, discovered in 1917 (just large enough to cover) by one Floyd Collins, and said to be the most wonderful cave in Cleveland. It is located near the National Park boundary line to the north. (The description following also applies to "Niagary" cave, part of Mammoth cave).

Here in this cave are what appears to be rare cultivated lilies and blossoms by the hundreds. Chemically, the formation is said to be gypsum or sulphate of lime, same substance as plaster-of-Paris. They make a million natural or reflectors that dazzle our eyes.

There is a road or path here called the "gypsum route" that is both entertaining and instructive, basically limelike, nearly 2000 years ago.

miles in length. Other routes here that have been explored are two miles and eight miles, and unexplored, uncharted routes estimated up to forty miles, making a total length of over fifty miles of routes in this cave.

It is claimed here that a route of near a mile, called the helictic route, is the world's greatest display of God's unusual and fanciful handiwork. We can attest to this in the Spiderweb and Twists are here which seem to defy the laws of gravity.

We jot down as we pass some of the names along this route where the visitor can stop if desired, viz: Beehive, Moonrise, Bridal Altar, Sunset Rock, Crystal Palace, Gobbler's Shop, Frost Room, Embroidery Hall, Ocean Wave, Hairpin Bend, Rosettes, Gypsum Flowers, Ebb-and-Flow Falls, Soft Pit Falls, Black Onyx, Toasted Snowball, Onyx Seal, Bride's Bouquet, Banana Stalk, Drum Rock and others. Then we come to the semi-tropical Florida Collins, its discoverer, a memorial to his untimely demise.

Of the many hundreds passing through Kentucky every winter to Florida and elsewhere, few stop over to have a glance at these greatest caves in the western world, which seems to be in another world. A most extraordinary vacation in itself.

There are caverns in Kentucky which we did not visit, among which are Cascade and Carter caves, situated in the eastern part of the state and too close to the famous (infamous) criminal Breatheth country, in the foothills of the Allegheny mountains.

Here is an example of one of the inconsistencies of human things. Why Kentucky, the eastern part of Kentucky be taunted in reputation by outlaws of one county or a small part of the state? Of the great caves is also the Lurgy Cavern, less than a hundred miles from Washington, D. C., in Virginia, which I visited some years ago.

beautiful cave and has much in common with the Kentucky Caverns. While it is smaller than the Mammoth, its size underground, measured by acres, is one hundred acres larger. The depth of these caves are similar. The beauty is similar. The one feature marking both is the varying temperatures. A post by the name of H. H. Spindle, left this statement:

"Here nature with her magic wand, Dispensed her gifts with lavish hand; Her largesse filled the earth and air. When further space could not be found, She carved these caverns underground, And stored a world of grandeur there."

Some traveler has said: "No one has traveled widely who has not seen these beautiful caves."

On our way from Louisville to Mammoth Cave, is located Fort Knox, an army post comprising over \$3,000 acres. There is deposited here in subterranean vaults more than two-thirds of the gold of our nation - refined gold in money and bullion reserve - and perhaps gold of friendly countries - for safekeeping. Untold millions in value, said to be 19 thousand millions - 19 billions - wait a minute, do you comprehend it? This fort is fortified by the United States government. Should this depository have been kept a government secret. It would now be a grand prize for Hitler and he wouldn't have to search for it, either.

This depository may be compared to your own safety deposit box in your bank vault; "where neither moth nor rust doth corrupt, and where thieves do not break through nor steal."

We do not stay long here at this solemn place; non-residents seem to be viewed with suspicion. (To Be Continued.)
