

NEW FARM IMPLEMENT STORE TO OPEN IN PLYMOUTH IN FEBRUARY

One of the most important deals transacted in Plymouth for some time occurred this week when Wm. (Bill) Ellis leased the McBride building on the east side of the Square.

With the leasing of the building Mr. Ellis states that he will open a farm equipment store in Plymouth where a full line of farm equipment and accessories will be carried.

Canfield gasoline and Canfield products will be sold as usual at the gas station.

In making his selection of farm equipment, Mr. Ellis chose the Massey-Harris line, as this well-known manufacturing firm features a complete line of tractors, and all types of farm tools and machinery.

The Dellinger line, including threshing machines, shellers and feed mixing machinery, will also be on display.

The fact that the new farm equipment store will not only represent the country's leading manufacturers of farm equipment, but will carry a complete stock of repair parts, as well as maintaining a service department for tractors and farm machinery, makes welcome news to farmers in this vicinity.

Another new item which will be on display and which is highly valued by farmers all over the state is the New Holland automatic pick-up baler. This tool is doing a great job on farms in the preservation of straw, especially where the modern combine is being used.

While Wednesday, Feb. 12, has been set as the official opening date, Mr. Ellis states that many of the items will be on display within the next ten days, and that all farmers in the community are invited to stop in and get acquainted.

With the opening of the farm implement store this will give Plymouth the first store of this kind in more than a decade.

It is indeed gratifying to know that the farmer, more and more each year, can get the merchandise and services he requires by coming to Plymouth. Last year

the old Plymouth elevator was re-opened by Jerry Ratcliffe, who has made it very attractive for the farmer to come into town. And now, with an implement store, where a farmer can buy his repair parts and new machinery, as well as get service on all equipment, makes another inducement for him to come to Plymouth.

Mr. Ellis will handle sales and service on the Massey-Harris line for all of Richland and part of Huron counties. "Bill" Ellis is not new to the community. He has been a resident of Plymouth for a long, long time, and for years operated the D. W. Ellis Coal Co. In his new venture everyone wishes him success, and especially are the business men around the Square interested in his success, as his new store will add much to influencing new trade for local merchants.

Read the announcement in this week's issue and you will remember the grand opening on Wednesday, Feb. 12.

To Sell New Cars

Mr. Ellis states that the new Plymouth, Dodge and Pontiac cars will be on display, and that a full-time salesman will be in charge of the sales here. The Bourgeois Motor Sales of Shelby will work in connection with Mr. Ellis.

34 ALIENS HAVE REGISTERED

With the close of the registration period for aliens throughout the United States on Thursday, December 26, a total of 34 had been listed at the Plymouth post office. The registration of the aliens began on August 27. All were fingerprinted and their civil history made through the blanks provided.

Earl G. Harrison, state alien registration director, promised that vigorous action would be taken against non-citizens who failed to register. It was estimated that about 5,000,000 aliens one out of every 28 persons in the country - presented themselves at registration post offices and filled out the necessary forms.

FLU PREVALENT IN PLYMOUTH

The flu epidemic which is sweeping the country has hit Plymouth, and over a hundred cases have been reported. Approximately forty-five pupils in the school are absent owing to illness, and twenty are absent from their duties at the Fate-Root-Heath Co. Basketball games have been cancelled for the week, and several nearby schools have been closed to curb the disease.

POLISH PIANIST AT NORWALK, JAN. 13th

On Monday, Jan. 13, the Norwalk Cooperative Concert association presents Mr. Mieczyslaw Munz, distinguished Polish pianist, in recital as the second of its concert series.

Introduced in America in New York recitals, Mr. Munz was established here overnight and a coast to coast tour followed. Next he toured China, Japan and Australia. Many concerts in the United States followed. He made his farewell for several seasons with a concert with the New York Philharmonic Symphony orchestra in Carnegie Hall, New York. During the next few years Munz played in Europe and made three tours of South America of over 150 dates. Returning to America, Mr. Munz has again been acclaimed in New York recital and on tour and in the "Ham." On December 8, 1940, Mr. Munz opened the White House concert season.

Basketball Games Postponed on Account of Flu Epidemic

Due to the flu epidemic in the Plymouth schools three basketball games which were to have been played this week have been postponed. The New Haven game, which was to have been played Tuesday night on the Plymouth court, has been delayed until Feb. 11. The Butler game, which was to have been played at Plymouth high, is now going to be played January 28. The Belleville game, scheduled for Jan. 11 at Belleville, will be played on Feb. 1.

Activities Cancelled

A great number of students have been absent from school due to the flu. All school activities have been cancelled as a measure of protection for this week. Plymouth high is deeply indebted to the officials of New Haven school, Butler and Belleville for postponing interschool activities. With a little care exercised on the part of all, this epidemic can be curtailed and the school can once more enjoy ball games and dances.

MEN'S MEETING TONIGHT

All men who are members and friends of the Methodist church, are reminded of the meeting tonight at the church at 7:30.

Dr. Karl P. Meister of Elyria, is to be present as speaker and also to show moving pictures of Canadian trips. There will be refreshments and election of officers. A welcome is extended to all who wish to come.

ON TEST TRIP TO FLORIDA

Paul Root and Gallion Companion Fly Plane To Orlando, Fla.

Taking advantage of the offer made by the Gulf Refining Co. to furnish gas and oil to any pilot who owned a plane and who wished to take the trip, Paul Root and a companion from Gallion, Ohio, left Columbus Friday morning at 7:40 for their destination at Orlando, Fla.

Paul, who has been an aviation enthusiast for the past six years, taking his initial lessons from Elmer Pazel, former chief of Plymouth, but now located at Salt Lake City, Utah, received his special pilot's license last November which permitted him carrying passengers. His companion, who owns the ship, but who is still classed as a student pilot, accompanied Paul.

Their schedule called for eight stops enroute to Orlando for refueling and testing, for the Gulf Company. They reached the southern city Saturday afternoon at 4:30 o'clock. After a short visit in Orlando the young men will also visit at St. Petersburg, and attend the air races on January 12 and 13 at Miami. They expect to be gone about three weeks - the offer of the Gulf Refining Company closing on January 25.

FARM INSTITUTE TO BE HELD IN SHILOH ON JANUARY 14-15

Tuesday Evening - 8:00 o'clock - Harry and Esther will appear on this program. They are from Radio Station WMAN.

C. E. Young will address the audience on "Electricity in the Home and on the Farm."

Homer Bigbee of Belleville will talk on "Rural Responsibilities." On Wednesday morning at 9:45

PATROL AWARD RECEIVED BY SCHOOLS

Honesty, hard work, and trustworthiness has been the goal set by the Automobile Club for all school patrolmen. There were quite a number of students in Plymouth grade school who were eligible to be placed on the patrol list and how anxiously are they waiting the time when they can don the uniforms presented by the Richland County Automobile Club to the Plymouth schools.

This move on the part of the club is not a selfish one, but was adopted as a protective measure for the school youth of the county. The uniform is yellow rubber coat with the words "School Safety Patrol" and the emblem of the Automobile Club placed across the shoulders on the back.

A rain hat to match the coat furnished plus the belt and shoulder strap, white and black webbed material finished in chrome metal parts. On this webbing is pinned the chrome patrolman's badge. Each patrolman is furnished with a red banner on which the word "STOP" is printed in red letters.

There will be four of these patrols at the grade building and one on each of the buses.

The local schools are deeply indebted to the Automobile Club for permitting us to share in the safety program which they are sponsoring so gloriously.

RECEIVES WAR ORDERS HERE

E. W. Heath was in Washington, D. C. on Monday of this week. Mr. Heath reports the receipt of a war department contract for ten locomotives of twenty-ton weight.

The Fate-Root-Heath Co. is now completing an order for 25 eight-ton locomotives on another government contract.

Shelby Minister To Speak Here Sunday

Rev. A. B. Allison of Shelby will preach at the Plymouth Presbyterian and Rome Community churches on Sunday morning, Jan. 12. He will also act as moderator for the congregational meeting which will be held after the services at both of the churches.

A representative from the State Highway patrol will also speak at this session.

Wednesday afternoon at 1:30 there will be a business meeting and election of officers. Other features of this session will be a reading by Joe Mock, and a talk by Mrs. Swinehart.

The Shiloh high school will give a play "Sauce for the Gossings."

Raymond King of the Shelby Creamery, will speak on the subject "Cooperative Marketing of Cream and Eggs."

Wednesday evening's session will begin at 8:00 o'clock and W. E. Krauss of the Ohio Experiment Station will use for his subject: "Foods, Facts and Fancies."

Mrs. Swinehart will also address the audience at this session.

The Quartet is scheduled to appear twice on the program on this night.

LIGHT PLANT IS MAIN TOPIC AT MEETING HELD MONDAY NIGHT

Fifty business men and citizens were present at the meeting of the Plymouth Men's Club held Monday evening at the Lutheran church annex. A very tempting menu was served by the ladies of the church, after which followed a discussion of a municipal light plant.

In the absence of Earl McQuate, president of the organization, Robert Hendricks took over the chair, introducing James Root, member of the village council, who in turn represented Mayor Johns, whose absence was caused by illness.

Mr. Root gave a brief sketch of why and how the town could and should be interested in its own power plant and after his talk, he introduced Mr. Simons, the consulting engineer.

The complete survey of the power situation in Plymouth could not be given at this meeting due to failure of officials of the Fate-Root-Heath Co. to cooperate in making a survey by refusing the attachment of instruments to the plant lines. However, Mr. Simons stated that within a few days the complete facts and figures concerning electrical energy in Plymouth only, will be made available.

During his discourse, Mr. Simons mentioned serious installations of power units municipally-owned.

BIRTH-DEATH REPORT GIVEN

The birth and death report of the village of Plymouth for the year 1940, shows there were 20 birth certificates for the village - fifteen boys and five girls, and five in the township - five boys.

Death of Plymouth residents were 31, sixteen women, fourteen women, and one child, and in the township were eight women, two men and two children. Burials in Greenlawn cemetery numbered 45, seventeen men, twenty-five women and three children; twenty-one being residents of Plymouth and bodies of eight men, four boys and two children were brought here for burial, and the bodies of five men, eight women and one child were taken from Plymouth for burial.

This report is not taken from the local registrar for the reason that many of the births were recorded in hospitals, but shows the number of births in Plymouth and the decrease of eleven people in the population of the town.

ed, which has proved successful and satisfactory, and also the generally extant of such a project is started.

Following Mr. Simon, Mr. Kinney of the Fairbanks-Morse Co., told of the use of diesel engines, their entry into industrial use, as well as the growth and popularity of this type of power.

After Mr. Kinney concluded his talk there was much discussion among those present as to the feasibility of a municipal-power plant.

In a recent survey made by the Federal government, it showed that Plymouth was one of the few towns in the country with an exceptionally high load, as the consumer passes the 100 kilowatt stage.

A few of these figures will be compiled very soon which will show just what rate Plymouth is paying in comparison with other communities.

AUNT DIES

D. W. Einsel, Sr. received word Tuesday of the death of his aunt, Mrs. Alice Einsel, 74, widow of John Einsel of Struthers, O. The deceased suffered a stroke, death resulting in two hours. She is survived by one son, Frank of Struthers, one grand-daughter and one great-granddaughter.

Services will be held this afternoon at 1:30 o'clock at Bloomville, with burial made in a cemetery in that city.

BOYS TAKE CASH FROM LOCAL FARMER

Saturday afternoon two youths approached the George Snyder residence, southwest of Plymouth and asked for gasoline, claiming they were in a pinch.

Mr. Snyder stated that he did not have any gas, but that he would let them have some kerosene. After filling a can, the one boy presented a bill and when Snyder started to make change, the youths slugged him, making their getaway with approximately \$38.00.

No clues so far have been found by the youths. Marshal Moore stated that it was out of his supervision, and called the Richland county sheriff's office, but no response was made from the sheriff's department.

Mr. Snyder claims he had never seen the boys before, and that he was unable to get their automobile license number.

WEATHER

While temperatures remained about par there was more rain in December 1940 than in December of the previous year, according to the official weather report issued by Jno. A. Root, local observer. Precipitation for the past month totaled 3.75 inches in comparison of 0.93 inches of December, 1939.

ATTEND LUNCHEON

Mrs. Hershel Hamman, Mrs. F. E. McBride and Mrs. Schuyler Zaenman attended a luncheon on Saturday given by Mrs. Luther Letters of Plymouth for the 1940 Worthy Matrons of the Order of Eastern Star of the tenth district.

PROGRESS OF CIVIC CLUB

The Civic Club is continually active for the welfare of the town and for the purpose of making it as good, if not better, than many other towns of the same size.

Travel is becoming greater every year and strangers coming to visit friends living off Main Street sometime have difficulty in locating streets. This will not happen next summer, as the club has ordered equipment containing the names of all streets, with three-inch aluminum letters. As soon as the weather permits, this equipment will be properly placed at all streets leading off Main street.

GUESTS OF HONOR

The members of the Jolly Club and their families held a party Tuesday evening last at the Hazel Grove Grange hall. There were 45 in attendance. The affair had been planned for the pleasure of Ed and Mrs. Fred Howk, who were celebrating their fiftieth wedding anniversary on that date. A pot luck supper was served.

A program followed, consisting of old-fashioned songs, music and recitations. The honored couple was presented with a nice gift from the club members. They also received many other gifts from their many friends.

The next regular meeting of the club will be on January 10 at the home of Mr. and Mrs. Harry Griffith.

NEW YEAR'S GUESTS

Mr. and Mrs. Jack Henry and family of Shelby entertained on New Year's day the following guests: A. C. Morse, Mrs. Frank Henry and son Tom, Mrs. Lucille Trauger and daughter Sandra and son Billy, Mr. and Mrs. Robert Meyer and son, all of Plymouth, Mr. and Mrs. Jack Zeitlers and three sons, Jack, David and Larry, of near Shelby.

HAZEL GROVE AID

Mrs. Ira Pettit was hostess Thursday to 22 members of the Hazel Grove Aid Society and four guests. A turkey dinner was served at noon. A program consisting of music, songs and contests was featured during the afternoon. The next meeting on February 6th will be in the form of a Valentine party at the home of Mrs. Henry Scherer.

SUNSHINE CLUB

Forty-six members of the Sunshine club and their families gathered at the Hazel Grove Grange hall Friday evening. A dinner was served at 7:00 o'clock. Games, cards and dancing featured during the evening.

The next regular meeting of the club on January 16, will be held at the home of Mrs. Marjorie Ehret, at which time the new officers will be in charge.

Shiloh School News

FRESHMAN NEWS

At our T. E. C. meeting last Friday, January 3, we had a Battle of the Sexes. That is, we had contests of questions between the boys and the girls. Such questions as "What is the capital of Argentina," "What bird's name do the following things make—the nickname of Robert, a slang expression, and a part of a chain. There are just a few of the many questions asked. Some of them really stumped us.

We girls will have to break down and tell you, however, that the boys won 8-7. Just wait, though, we'll get even.

G. A. A. NEWS

The G. A. A. held a meeting on January 3.

We decided to have a roller skating party at the Mansfield Coliseum, Saturday, Jan. 18.

At the present we have approximately twenty members in our organization and we hope that more of the girls will join.

SENIOR NEWS

On Thursday afternoon the Seniors are going to Shelby to the DeVito studio to have their pictures taken. This is a custom which has been carried on for several years and, of course, the Seniors of 1941 will not break it.

There are several seniors who are entering an essay sponsored by the Shiloh Savings Bank Co. The title of the essay is "What the Shiloh Savings Bank Means to the Community." The minimum amount of words is 300; the maximum is 600. The first prize is \$5.00; second prize, \$3.00; and third prize is \$2.00. All students not receiving the above prizes will receive 50 cents for their efforts.

CHAPEL NEWS

After our vacation we are ready to continue our chapel programs with an added zeal. We have been having some very good programs and we hope that as this year passes we may all look forward to our entertaining programs.

To start off the new year, Mr. Robinson, county superintendent,

is going to talk to us about his travels in the West and his visit to the National Educational convention at San Francisco.

The following week we are planning to have one of the classes take charge but as yet no final plans have been made.

It seems that some of our teachers started the new year out right. Four of the high school teachers were late Thursday morning!!!!

JUNIOR RINGS

The Juniors were very happy and excited when we returned from vacation Thursday because we were told that our class rings had arrived, but that we couldn't get them until next day. The next day every Junior was at the school bright and early. We were so excited that we had to tell everybody the good news. Then the big moment arrived! They gave us our rings. Such "Oh's and Ah's" I've never heard before, but these "Oh's and Ah's" were justified because the rings are very attractive, but that we couldn't describe them as best I can. The rings are of yellow gold trimmed with just a touch of black. The top has the usual coat of arms with the "S" on that. Around this there are very small carvings. These are very, very small and underneath them is written out "high school". There is a ridge around this that helps protect the top of the ring. On either side of the ring is set one personal emblem, and then further up on the side is the year 1942. I hope you can see this ring in your mind. Isn't it pretty? Don't you like it?

BASKETBALL NEWS

Friday January 10, the Drummer Boys will meet Bellville on the home floor. As yet the Drummer Boys have not started on their journey to victory but we all are still behind the boys. Saturday night January 11, the Drummer Boys will journey to Greenview. Let's all follow up our team and show them that we really are behind them.

F. F. A. NEWS

January 14 starts our annual Farmers Institute with the num-

ber of exhibits bigger and better than ever before. There will be large exhibits bigger and better than ever before. There will be large exhibits bigger and better and baked goods.

There are many breeds of chickens to be shown including White Leghorn, Brown Leghorn, White Rock, Black Giant, White Giant, White Wyandotte, Barred Rock, Single-Comb R. L. Red, Buff orpingtons and many other standard breeds.

There are several large prizes offered including 50 chicks for the best male birds and 50 chicks for the best female birds shown by school pupils. These prizes are offered by our local hatcheryman, G. W. Page.

Those on the poultry are: G. W. Page, Merle Lutz, Eugene Russell, Neal Garrett and George Adams. There will be an egg show with several fine prizes for the winners including 50 chicks for the best dozen of white eggs and 50 chicks for the best dozen of brown eggs.

Those on the grain and vegetable exhibit committee are Ohio Wells, Charles Harrington, Kenneth Noble, Eldon Dinger, Paul Clark. The exhibit includes 10 ears of white corn, 10 ears of yellow corn, 5 ears of popcorn, 10 potatoes, Russets and Cobblers, 1 gallon of Oats, 1/2 gallon of Soybeans, 1 gallon of Wheat, 1 quart of Clover Seed and 1 quart of Timothy seed.

There will also be cash prizes for baked and canned goods. They include the following: loaf of bread, angel food cake, dark layer cake, 1 can of vegetable, 1 can of fruit, and 1 glass of jelly.

For more information concerning your exhibit see one of our committee members.

AAA PROGRAM ANNOUNCED

A corn acreage allotment of 33,665 acres for Huron county in 1941. A farm program was announced this week by Robert A. Finlay, Huron county AAA chairman.

Farmers who keep within their 1941 corn allotment will be eligible for a corn conservation payment of 9 cents a bushel on the normal yield of their corn acreage allotment and a parity payment to be announced later, on the normal yield of the acreage allotment.

Chairman Finlay reminded the farmers that the ever-normal granary for corn is over-flowing approximately 475 million bushels of old corn is already stored on farms, in government-owned steel bins and in country elevators. An estimated 200 million bushels of the 1940 crop will go into storage under the AAA loan program making a total of 675 million bushels on hand before the 1941 crop is given.

"We normally have a reserve of only 200 million bushels to fall back on," he said. "With this reserve on hand, the corn acreage in the commercial corn area in 1941 automatically would have been reduced about 13 per cent."

The 1941 corn allotment, however, is the same as in 1940 in the commercial corn area in order to guarantee corn supplies in the case of an emergency, Mr. Finlay said.

"With our ever-normal granary overflowing, the farmers of America have done their part in the national defense program by providing an arsenal of food supplies for the American consumer and for any possible export demand.

Our ever-normal granary is preventing a situation which is now existing in Argentina where the farmers are receiving about 20 cents a bushel for ear corn at the farm from the Argentine government," he continued. "The Argentine grain board has offered this corn for sale as fuel to railway companies and factories."

Chairman Finlay indicated that in face of our huge supplies of corn on hand, farmers may expect fair prices next year for both corn and hogs, providing they continue their participation in the program.

Huron County Officials to Get Pay Increase

Because Huron county gained in population from 33,700 in 1930 to 34,665 in 1940, it will be necessary to increase salaries of county officials from about \$40 to \$70 a year, in accordance with state laws.

The same Ohio statute worked in reverse for Huron county officials when it was disclosed that the county lost in population between 1910 and 1920. All the officials received a slash in salaries at that time.

The commissioners have been assured that \$213,000 may be expected to run the county for the coming fiscal year beginning Dec. 31. The budget is scheduled to be completed Jan. 6th.

Richland County Tax Collection this Month

Richland county's real estate tax collection for the first half of 1941 will begin about the last week of January, at least two weeks earlier than this year, County Treasurer John F. Kolb states.

Auditor Norman L. Wolfe is busy now on the tax books for the year in an attempt to get the 1941 collections under way more nearly on schedule. The collection periods originally were scheduled for June and December, but they have been from six to eight weeks late in recent years.

The 1941 tax bill is expected to be well over \$1,200,000 with approximately half the amount due in the first-half collection period. Meanwhile figures at the treasurer's office showed today that personal tax collections for the last half of this year were more than \$11,000 over the tax charge, giving the county a 107 per cent collection. Total receipts, including payment of several delinquent accounts from past years, were \$163,327.

WAR'S EFFECT ON FURS
Reports from fur dealers indicate that the war in Europe has had its effect on the fur market. Furs bought largely for export such as skunk and opossum will be lower this year. While pelts such as mink and muskrat, consumption of which is largely domestic, will bring fair prices.

ICE FISHING SOON
Fishermen along Lake Erie are getting their shanties ready for the winter sport of ice fishing. Activities will begin as soon as the ice is thick enough to support the shanties. The sport has become extremely popular in recent years with fishermen being attracted from many parts of the nation to the shores of Sandusky Bay.

ATTICA FAIR ELECTS
Grover Myers has been elected president, W. E. Reichardt, vice president, Lloyd M. Kaufman, treasurer, and Carl B. Carpenter, secretary of the Attica Fair Association. Carpenter has served in that office for 21 years.

"Dearest Anabelle," wrote Oswald, who was hopelessly in love. "I could swim the mighty ocean for one glance from your dear eyes. I would walk through a wall of flame for one touch of your little hands. I would leap the widest stream for a word from your lovely lips. As always, 'P. S.—I'll be here Saturday night if it doesn't rain.'"

IMPROVING
Royal Ross, who has been ill with a heart ailment at his home on Sandusky street for the last two months, is able to be out again.

Public Forum
The Advertiser: It is the opinion of the writer and many others that it would be well for the Board of Public Affairs to investigate Monroeville's electric system. Perhaps they know how to do it. What do we need a plant for when we should get rates like this. Makes it look as the some profiteering is done.

Public Forum

Monroeville, O., Jan. 5—Santa Claus made an early appearance here today, when more than 475 users of electricity in the village were mailed presents totaling \$1,900 in "paid" electric light and power bills.

Village Clerk Thomas Johnston mailed out the receipted bills for the month of December. The gifts ranged from the minimum of \$1.50 to as high as \$250.

Today's gift climaxes three years of effort on the part of Johnston and the village board in public affairs to put the financial books and light accounts in good order, to collect old accounts and make the present of a month's free electricity possible.

Presenting users with receipted bills is considered an unusual action, especially for Monroeville which does not have its own municipal power plant, but buys electricity from the Ohio Public Service Co., at a wholesale rate of one and one-half cent a kilowatt and distributes it over the village-owned power lines.

This Huron county village of more than 1,000 population charges \$1.00 for the first 15 kw hours, 4 cents each for the next 35 kw, 3 cents each for the next 50 and 2 cents each for all over 100.

Users of 100 or more kw are charged a flat rate of 2 cents a kw.

REV. J. W. MILLER SENDS CLIPPING OF BOOM AT GREEN COVE SPRINGS

Rev. J. W. Miller, former pastor of the Plymouth Presbyterian church, now located at the Penny Farms, Florida, in renewing his subscription to the Advertiser and sending greetings to all former friends, enclosed a clipping of the "boom" being experienced by Green Cove Springs, located near the Penny Farms.

While Green Cove Springs is a long way off from Plymouth, the article will give the reader a slight idea of the changes, activities and excitement Uncle Sam creates when his defense program gets under way. Even though Plymouth is not in line for any such "boom" it would be fun, wouldn't it, to experience a "thrill of a lifetime" even though the writer of the article gives a warning about what is to come in the future.

Once again Green Cove Springs has opened wide its arms for "boom days" and has thrown itself wholeheartedly into the pleasurable adventure of going completely "scowled" in the mad scramble for those clean new two-buck bills the boys are getting paid off with at Blanding and other nearby government defense projects. Green Coveites are having a few other denominations of Uncle Sam's currency, too, in fact, almost every other one, but the two are kind of symbolic, since before all the hubbub started, one saw about as many of them as he did Mediterranean Fruit Fly Inspectors after that fiasco dissolved into thin air. Anyway, they're acceptable in trade for almost anything locally, and that's the reason many to Green Coveites since the exodus of workers throughout the United States in search of Jobs on the defense projects started.

Six months ago almost anything in town, including probably a couple of paved streets, could have been rented for ten or twelve dollars per month. Today we hear wild tales of renters paying fifty, sixty, seventy, sometimes a month for houses, and some of the renters squawking and holding out for thinking they're being ripped.

There are renting rooms, garages, filling stations and just about everything else short of kitchen sink for sleeping accommodations, and at fancy prices, according to the tales floating around — and everybody seems to have a pocketful of good old greenbacks (with plenty of twos mixed in the roll).

Green Cove's carpenters, electricians, plumbers, etc., etc., who have to put it mildly, are acquiring undue wealth at their professions during the past several years of serving local needs, have all gone to work for the government at salaries of a couple of centuries a month or better. Those unable to pass themselves off as skilled workers, seem all to have acquired jobs as deputy sheriffs.

LEAVE FOR THE SOUTH
Mr. and Mrs. O. F. Ward, who have been making their home in their trailer at the rear of the Soho filling station on Sandusky street, left Tuesday for Florida.

At Blanding, Clay county's jail is reported about filled out to the shape and description, which tear through town each morning at about five o'clock, and back again in the evening about six, at which time one doesn't cross our main street, and all really smart citizens are at home with their cars safely in their own garages.

Green Cove is booming, all right—and, despite a few other here-we-go-wide-open eras in her history some of her citizens are all whooped up and booming with her. Business is plenty good—and that's OK. We hope that all our citizens will prosper from it—the smart ones will—but we'll bet a pretty penny that some of them: workers, business men and others, haven't done much thinking about what is to come in the wake of "boom" times. The United States government's just spent ten million bucks at Blanding—probably twice that amount on the Jacksonville air base, and that's mostly money turned into wrecks—north, south and west—and the order of the day — and night. Automobile dealers are piling wrecked cars around their places in sufficient quantities to serve as pretty good protection from any invading armies that might get over this way within the next few months.

Among the more pleasant features of the influx of workers (which appeals particularly to the quiet-loving Green Coveites) is the sweet will of our Florida Highway patrol siren, the ambulance, siren, and sizzling fire trucks, and roaring of those cars of color vehicles of every sort, who will be dashing madly about in a couple or three months begging somebody to give them jobs. At Blanding, folks up there—and, undoubtedly there will be certain amount of wailing and gnashing of teeth from some of these individuals. And, too, it may be that the government will promulgate a slight case of housing project somewhere in the vicinity of Camp Blanding, outside of Green Cove Springs, because of her half-million dollar deficit, in which event there may not be great a demand for housing facilities here, after all. This might be quite a blow to those who expect to continue getting rich from rents. Maybe times are going to keep on being good here—they're bound to be better. But it's just as well to keep remembering that the million-thirty-or-so dumped in this vicinity by Uncle Sam is about spent—it'll circulate for a while yet, but some day there's bound to be a flop of more or less magnitude. We just hope none of our good Green Coveites get hurt too bad.

Misses Merree Keinath and Betty Wilcox have accepted positions in the N. Y. A. department of the Shelby Relief office. Miss Keinath is a graduate of Plymouth high school.

STUDENTS DENY FOR PERFECT ATTENDANCE

A number of students of the high school have been very careful in their attendance in school. It is gratifying to know that the students are making every effort to have perfect records of attendance.

In the seventh grade there were on the first six weeks ten students who were not absent; on the second six weeks there were seven, and at the close of the second six weeks Eldon Burkett, Bobby Fox and Cecil Goin had a perfect record of no absences.

In the eighth grade at the end of the first six weeks there were sixteen students who had not missed a day, while at the end of the second six weeks there were thirteen. Tommy Cunningham, James Kennedy, James Moore, Dale Predmore, Chub VanWagoner, Martha Bort, Genevieve Jacobs, Berdine Wilford, and Doris Wilford had not missed any days during the close of the 12-week period.

The Freshmen fared well in the school. There were seven girls and 13 boys at the close of the first six weeks and five girls and nine boys at the close of the second six weeks, who had not missed one day. Mary Francis Burrer, Wanda Davis, Pearl Heubarger, Eugene Betts, Spencer Heath, Thomas Moore, William Ramsey, Wilbur Ruckman, Junior Davis and James Fetters were present every day.

The Sophomores took second place in perfect attendance, there being sixteen not absent the first six weeks and thirteen for the second six weeks, with Mary Ann Bevier, Margaret Bradford, Dorothy Downard, Arline Ford, Jane Franke, Anna May Steele, and William Day leading the group in the two periods of perfect attendance.

Would you believe it? The Juniors had more present every day for the two six weeks period than any other class! Evelyn Barker, Ruth Bevier, Layone Burkett, Marilyn Earnest, Jane Lippus, Dorothy Sourwine, William Fetters, Ray Ford, Eldon Grammiller, and Willard Ross scored one hundred per cent attendance for the two six weeks periods. Thirteen not absent in the first six weeks and fifteen not absent in the second six weeks.

Last but not least are the Seniors who had only two with perfect records. Seven not absent the first six weeks and seven not absent the second six weeks. The two who were not absent being Norma Hatch and Audrey Stotts. The school paper will attempt to print these records each six weeks. Since the flu has hit Plymouth schools there are possibilities that the number of perfect attenders may be decreased. However, it will be the ambition to raise this number to the 75 mark for a six weeks period.

NEW WASHINGTON GIRL MARRIES IN CHURCH AT TOLEDO
New Washington—A wedding of interest is that of Miss Mary Alt of Toledo, only daughter of Mr. and Mrs. H. V. Alt of New Washington and Richard Wasserman of Mansfield and Mrs. Emil Wasserman of Toledo.

The marriage was solemnized at 10 a. m., Thursday, Jan. 2, at Holy Rosary Catholic church in Toledo by the Rev. Fr. Bernard Smith in the presence of the couples parents.

The bride's brother, Basil V. Alt of Ottoville, former music instructor in Plymouth, presided at the organ during the reading of the vows. Mrs. G. Sprenger was the bride's only attendant and Norbert Koch of Fremont served as best man for Mr. Wasserman. Both Mr. and Mrs. Wasserman attended De Sales College and the University of Toledo. They will be at home to their friends at 345 Ialington St., Toledo.

TEMPERING MENUS

by PAULINE SCHOFIELD

Kitchen Katchall

Jam Nutbread

- 1/2 C. whole wheat flour
- 1/2 tsp. baking powder
- 1/2 tsp. soda
- 1/2 C. all-bran, crushed
- 1/2 C. chopped nuts
- 1/2 C. brown sugar
- 1/2 C. milk
- 1/2 C. apricot-pineapple preserves

Thoroughly mix whole wheat flour, baking powder, soda, salt, bran, nuts, and sugar. Combine egg, butter, and stir into dough mixture. Fold in preserves. Turn into greased paper-lined loaf pan, 8x4 inches, and bake in moderate oven, 350 degrees for 1 hour. Remove from pan, remove paper and cool thoroughly. Makes one 8x4x2-inch loaf.

Sausage Surprises

- 1/2 C. all-bran
- 1/2 C. buttermilk
- 1/2 tsp. salt
- 1/2 tsp. baking powder
- 1/2 tsp. oil
- 1/2 C. shortening
- 1/2 lb. bulk sausage
- 2 C. thin white sausage

Soak all-bran in buttermilk. Sift flour, baking powder, salt and soda together. Cut in shortening until mixture is like coarse cornmeal. Add bran and mix. Turn into lightly floured bowl. Bake in 3 1/2-inch cutter. Cut with a floured 3/4-inch cutter.

Divide sausage into 6 parts. Form into patties and fry slowly. Drain on paper. Sprinkle with biscuit rounds, cover with remaining biscuits and press edges together with tines of fork. Place on each shortcake with a fork; place on baking sheet and bake in moderate oven, 350 degrees, 10 minutes. Serve with cheese sauce made by adding 1/2 C. grated cheese to a thin white sauce. Makes 6 shortcakes (3 1/2 inches in diameter).

Cabbage and Date Toss

- 3 C. shredded cabbage
- 1 C. diced pineapple (fresh or canned)
- 12 sliced pitted dates
- Fresh dressing
- Lettuce, shredded
- Ready

Soak the cabbage in cold water until crisp. Drain thoroughly. Add the pineapple, dates, dressing and lettuce. Serve cold. Serves 6.

Baked Minted Bananas

- 1/2 C. mint jelly
- 6 firm bananas
- 1/2 C. whipping cream
- 1/2 C. shredded coconut
- 1/2 C. whipping cream, whipped and sweetened

Use all-yellow bananas. Beat jelly until smooth. Peel bananas and brush thoroughly with butter. Place into a well-buttered baking pan. Spread bananas with mint jelly. Bake in a moderate oven, 375 degrees, about 10 minutes. Sprinkle with whipped cream and continue baking 5 to 8 minutes, or until bananas are tender (easily pierced with a fork) and coconut browned. Serve hot with garnish of whipped cream. Serves 6.

If you want to keep left-over egg yolks fresh, just pour a little salad oil over them before covering. Marinate your refrigerator until ready to use.

TAX REPORTS ARE NOW DUE

The Ohio Sales Tax law requires vendors to file reports with the Department of Taxation. The semi-annual report is due Jan. 1, and vendors have the month of January to prepare this report. The law also attaches a "one dollar a day" penalty for reports filed after Jan. 31st.

The Richland county examiners announce the following schedule for assisting vendors in making out their returns:

- Jan. 16 to 31—Court House, in Mansfield.
- Jan. 23—A. M., Armstrong's office, S. Gamble St., Shelby.
- Jan. 22 A. M., Weekley Garage in Butler.
- Jan. 22 — Afternoon, Bone's Hardware Store, Belleville.
- Jan. 23—Afternoon, Lucas State Bank, Lucas.
- Jan. 23—Afternoon, Lucas State Bank, Lucas.
- Jan. 24—The Peoples National Bank, Plymouth.
- Jan. 27 — Morning, Shaffer's Store, Shiloh.
- Jan. 27—Afternoon, Geo. Armstrong's office, S. Gamble St., Shiloh.
- Jan. 28 — Afternoon, Koogle's Grocery, Lexington.

War Veterans Honor J. W. Mellott Monday

Norwalk — When Jesse W. Mellott was sworn in as sheriff of Huron county Monday, 25 Spanish and World War veterans presented him with a large flag and standard. Merle McConley, local Legion commander, presented the flag and David A. Berry, outgoing sheriff, made a short speech.

Mellott served in the Spanish-American war and overseas in the World War, served with the Pennsylvania state highway patrol and was a guard at Ft. Leavenworth prison. He has been deputy sheriff a number of years.

Others who took office Monday were O. K. Austin and David A. Berry, county commissioners; H. R. Freeman, prosecutor; John Elmer, county recorder; Myles Burras, county clerk; and Wilbur D. Terry, county engineer. Messrs Austin, Terry and Elmer and Burras were re-elected.

KENTUCKY MARRIAGES HARDER TO PERFORM

Spur of the moment marriages in Kentucky are a thing of the past, the new Kentucky marriage law having gone into effect January first.

By the new law, couples must wait two days—long enough for the analysis of blood samples of the applicants. The blood analysis costs \$10, raising the total cost of a marriage permit in Kentucky to \$25.

As a result not a single license was issued in Newport on New Year's Day, as compared with 25 on January 1, 1940.

BREAK RECORDS

Marriage licenses issued in the probate court at Norwalk probably broke all records in 1940. The total number is 440, compared with 334 in 1939.

GROWING NEED FOR SOIL IMPROVEMENT ON MIDWEST FARMS

CHICAGO.—Consumption of fertilizer averages less than half a ton per farm on the 2,945,673 farms of the Middle West, according to a statement compiled here by the Middle West Soil Improvement Committee.

"Approximately 1,000,000 tons of fertilizer are used annually on farms in Ohio, Indiana, Kentucky, Illinois, Michigan, Missouri, Wisconsin, Minnesota, Iowa and Kansas," the statement sets forth.

Research by the soil scientists of state agricultural colleges and experiment stations throughout this region proves that there is an increasing need for fertilizer on most Midwest farms.

Thousands of samples of soil taken by farmers from their own fields are analyzed by agronomists in these various states every year. The tests reveal that most of these soils are low in at least one and perhaps all three of the major plant foods—nitrogen, phosphoric acid and potash.

"Experience under practical growing conditions has proved that fertilizer can be profitably utilized in the production of practically every farm crop grown in the Middle West."

"All things being favorable, a farmer can sometimes expect a dividend of several hundred per cent from an investment in fertilizer. There are other important benefits. Fertilizer increases resistance to disease and promotes earlier maturity. One of its chief virtues is its residual value—that, passing on to the crops which follow, benefits in the form of increased soil fertility."

BEHIND THE SCENES OF AMERICAN INDUSTRY

NEW YORK, NEW YEAR — Janus was an old Roman god equipped with two faces, one to see where he was going, the other to see "where he just been."

IT'S NO SECRET that industrial activity in the U. S. soared to the highest levels in all history during 1940, stimulated by the government's gigantic defense program and by the huge inflow of British war orders.

PROSPECTS for 1941 are even brighter, in terms of production gains. The general level of predictions by economists is for another 10 per cent gain in the coming year.

NATIONAL INCOME for 1940, according to estimates of the Alexander Hamilton Institute, fell short of the all-time peak of \$82,800,000,000 that was set in that same year of 1929. Lower prices partly accounted for that. But, even so, our '40 income was right around \$76,000,000,000 of the second-best year on record.

THEY SAY — Week by week through the year this column endeavor to enlighten and interest the business news trends as they may be expected to affect prospects of the butcher and baker, the dry goods merchant, the furniture man, the auto salesman and the economist.

TWO OBJECTIVES — Says Alfred P. Sloan, chairman of General Motors: "The trend of production for industry as a whole during 1941 can be expected to reach higher levels and, in all probability, establish a new all-time record."

"DEFENSE FIRST" was also emphasized in the statement of I. W. Wilson, vice president in charge of operations, Aluminum Company of America: "Highlights of developments of the year to come for this company, were (1) its decision to carry out now, at a cost of more than \$150,000,000, in the interest of national defense, a program of expansion which would normally come in the next two decades; (2) the announcement by the N. D. A. C. that the program of the company, together with that of others in the industry, makes present and planned production adequate for all estimated defense needs, and (3) continued price reductions by the company at a time when the price trends of most commodities were distinctly upward."

SOLVED PROBLEM — Langbourne M. Williams, president of the Freeport Sulphur company, reported: "Provision of adequate supplies of sulphur for thousands of operations vital to the arming of the nation, far from being a major worry as it was for the War Industries Board in 1918, is today solved a problem in the mobilization of resources by the N. D. A. C. for our vast defense program. This is in striking contrast to the situation in the spring of 1918 when domestic production of sulphur, at an annual rate of only 1,500,000 tons, was more than 250,000 tons short of actual minimum requirements. In 1940, sulphur shipments reached a new record high of 2,600,000 tons."

E. K. TRAUGER Attorney-at-Law Notary Public General Law Practice

crossed the purchasing power of the dollar, that consumers have to spend for food and other necessities. The farmer, on the other hand, deprived of his normal export market by the European war, will need increased domestic distribution of his products...

"The industry is intensifying its conduct of produce-consumers campaigns, the aim of which is to increase, during specified periods, distribution of individual fruits, vegetables and other crops in which a surplus was obviously an ens. Among the activities which chains are undertaking in order to reduce retail operating expenses in the food field is the extension of the use of super market technique..."

POWER PLUS—With all types of industries stepping up manufacturing schedules to meet increased defense needs, the question of adequate electric power to carry the load is obviously an important one. Indication of the willingness and ability of a utility holding company to do its part in this regard is seen in a letter Edward L. Shea, president of the North American company, has sent to the N. D. A. C. sub-committee on electric power, giving assurance that no "power bottlenecks" will be permitted to develop in the various peaking areas of that system, which serves a number of highly industrialized sections.

ECONOMIC CONTRIBUTIONS — Said Lewis S. Rosenthal, chairman of Schenley Distillers corporation: "With disturbances of about \$200,000,000 in the whisky spirits industry in 1940 took its place among the major industries to which America looks for heavy economic contributions and employment stability in times of national stress."

"During the past year the industry made tax payments of approximately \$650,000,000. Other expenditures included more than \$400,000,000 in wages and salaries to employ more than 1,000,000 salesmen and retailers, \$35,000,000 for the purchase of supplies from farmers, \$35,000,000 for bottles and barrels, and \$27,000,000 for transportation."

RABBITS NOW BEING REDISTRIBUTED

Live trapping and redistribution of rabbits by the Division of Conservation and Natural Resources is now under way.

Rabbits are being trapped and removed from wild stocked refuges and liberated in territory which has been heavily hunted, and which is suitable for restocking.

It is an established fact that rabbits have a very short life span; the average being less than eighteen months. This is proof of the fact that better than approximately 80 per cent of all rabbits killed during the hunting season of any normal year are animals produced the same year.

The causes for such a short life span are very likely due to diseases, fighting various kinds of predators, inclement weather, etc. Irrespective of man's efforts to feed and control certain predators death still takes a great toll.

Mr. and Mrs. Harry Shutt and son called on Mrs. E. A. Baker in Mansfield, New Year's Day.

INLISTS IN ARMY

Word has been received that Rev. F. L. Fate of New London, has enlisted as a Catholic Chaplain in the United States Army. Father Fate recently passed his examinations, and is expected to be called in the near future for duty. He is pastor of Our Lady of Lourdes Catholic Church at New London, and has the Mission parish in Plymouth. He is a brother of Bernard Fate, Greenwich business man.

Miss Margie Yosick of Shelby was a New Year's guest of Mrs. Doris Gooding.

CARD OF THANKS

We are grateful to neighbors and friends for the many acts of kindness shown at the death of our aunt, Mrs. Franc Tyson; to those who sent floral tributes, the Eastern Stars for their beautiful service, Rev. Wintermute and the pallbearers. It was all greatly appreciated. Hazel G. Wood, Edna G. Wood, Nieces.
