

THOUSANDS ATTEND SHILOH'S HOMECOMING AND OX ROAST

EVENT ATTRACTS MANY OLD RESIDENTS BACK TO THEIR HOME TOWN

The Shiloh homecoming was a great success. We are reporting the opinion of hundreds of people.

All honor to the president of the Civic Club, Alvin Garrett, and the vice president, E. J. Stevenson, Don Hamman, secretary and treasurer, and "Ike" Patterson, in charge of publicity, who worked out a systematic program that moved smoothly, without excitement and fuss. And all the committees supporting the various departments of work, deserve recognition.

Several thousand people visited the town during the two-day celebration. The outstanding pleasure for former residents was the greeting of old friends, and there were more here this year than at any previous event of this kind at Shiloh.

There was a general atmosphere of kindly and whole-hearted friendliness. The outstanding attraction was the ox roast. Over 2000 sandwiches were made and given out one to each person. The serving began at 7 o'clock Saturday evening and was over inside of one hour and a half. Many came after the meat had all been used, and it would have taken the half of another ox to have given each person a sandwich.

Many pleasant incidents were reported, one was for the Mayor Harry Shutt of Cleveland, who has a strong rope in this place, and who has been prominent in Cleveland many years, went into the G. W. Page store. The Mayor was busy but he turned and said: "What cut do you for?" And the reply was: "You can at least shake hands." Then he spoke Mr. Page says he spoke to the members of the graduating class of Shiloh High, of forty years ago and the only living members of the class, met together on the street, at about the same time and after happy greetings, looked around and saw the teacher that started them in school—Miss Ada Gedney. And right there they had their pictures taken. The group included Mrs. Wm. Hamilton Kamerer, Mrs. Hazel Crawford Cumberworth, C. W. Hamilton and W. C. Page.

Shiloh people, both in town and community, deeply appreciate the neighborly spirit expressed by the large number from Plymouth that helped support our homecoming and make it a success. Many also Shelby, Greenwich, Mansfield and Ashland, which included former residents and friends. On Sunday morning E. J. Stevenson delivered a sandwich to the folks in the community, all old residents. The display of hobbies was an innovation on account of their wide variety. We wonder if 100 per cent has been the hobby of E. Hodges all his life. The first (Continued on Page Two)

FIRE COMPLETELY DESTROYS SHILOH ELEVATOR TUESDAY

A fire of undetermined origin gutted the Shiloh Elevator Tuesday morning early. The blaze was discovered shortly after one o'clock, and was beyond control of the Shiloh fire department. It was only through a streak of luck that the wind was from the east, which swept the flames across the Big Four tracks, into open space. Had the fire been active it is probable that the entire eastern portion of the village would have suffered from the blaze.

Whether the fire was started through spontaneous combustion or defective wiring, or the exact cause, has not been made public. It is known, however, that a large electric motor was installed in the elevator and other improvements had recently been made.

Shiloh, O.—One of the worst fires Shiloh has had for years, and one which will be keenly felt throughout the community, occurred early Tuesday morning. About 1:30 fire was discovered raging at the Elevator by Clarence Miller. Mr. Miller lives on the second street west of the railroad tracks and was aroused by the smell of smoke in his bedroom. He rushed to his next door neighbor, Glenn Swanger, who went at once a short distance to the fire station and turned on the siren. People looking out their windows saw a frightful sight, for flames and smoke filled the air all over the west side of town. When the fire first seen the entire building was ablaze and the coal sheds along the track were burning.

WATCH YOUR GAS

For two successive times a resident on Plymouth street has observed a man driving the gasoline from his car. Happening between 2:00 and 4:00 o'clock in the morning, the car owner did not have the opportunity of apprehending the prowler, but it is known that the man goes at the job in a systematic manner, carrying a siphon and a five-gallon can.

It is suggested that you keep a close watch on your gas supply, and especially your car. Keep it locked up. Better still, keep it open for the person who is doing this dirty work. He is being caught and it may be that one of these nights, he'll be surprised.

PROMOTED

Word has been received by Mrs. Mrs. Wilbur DeWitt that their son Thomas Wilbur has successfully completed the Navy training course, third class, and is now rated as Radioman Second Class.

Young DeWitt has been in the service for the past nine months and at present is located at Seattle, Wash.

L. Beelman. Workmen have been busy making alterations on the Shutt building, and work will be completed this week.

Harry Shutt has been in the grocery business here for many years, and everyone wishes for him continued success in his new location. The Peoples National Bank is scheduled to start renovation of its present bank building, and the building vacated by Mr. Shutt will be included in the banks remodeling program.

TRAGIC MISHAPS TAKE LIVES OF FIVE PEOPLE WITHIN PAST WEEK

FOUR KILLED AS AUTO HITS TRAIN; SALESMAN DIES IN WRECK NEAR HERE.

Death didn't go on a holiday the past week, but waded over time, and as a result five people perished in tragic accidents that occurred within the week in the vicinity of Plymouth.

Last Thursday night at 8:50, four young people, three men and a girl, were instantly killed when the automobile in which they were riding, was struck by a local freight train on the Baltimore & Ohio railroad. The accident occurred one mile west of New Haven on U. S. Route 224. The quartet was composed of three young men of Mansfield, Henry T. Harfman, 26; James F. Faugh, 22; and Jesse M. Hamlin, 22. The girl was Jeannette Williams, 18, of Willard, daughter of M. E. Williams, local druggist.

The automobile, owned by Harfman, and believed to have been driven by him at the time of the accident, was traveling east on U. S. 224, when it came head-on with the tender of the freight engine, which was backing into the Willard yards. So great was the impact that it took railroad employes more than three hours to get the car and the bodies of its occupant. The wreck attracted thousands to the scene as word was spread, and it cast a gloom over the community, in that four young people met instant death.

With orchards and cornfields on either side of the road to interfere with vision, it is plainly

NILES RESIGNS AS MARSHAL

After serving as village marshal for the past six months, W. T. Niles resigned this position, effective October 1st.

Niles, who has tried to carry out the orders in regard to law enforcement, has received much criticism, and in an interview he stated: "If the people of Plymouth want the town wide open, they don't need a marshal." However, Niles has continued to serve the town, even though under fire.

It is possible that the mayor and council will appoint a temporary marshal at their next meeting Tuesday night. Mr. Niles has purchased a home in Marion, and expects to reside there. For the next thirty days Mr. and Mrs. Niles will enjoy a trip through the Smokies.

PLYMOUTH TO MEET SHILOH

OLD RIVALRY TO MEET ON FERRELL FIELD. GOOD GAME PROMISED.

Two teams representing an old rivalry will play Saturday afternoon at Shiloh when the "Drummer Boys" entertain the "Pilgrims." This is the second game for each team, Shiloh having trounced the Fairfield team 58 to 0 while Plymouth held a highly rated Huron team to a 14 to 14 score.

A comparison of the strength of the two teams is difficult, but it is believed that they are evenly matched and a great game is anticipated. No matter what the past record of the team has been, a Plymouth-Shiloh meeting always brings out the best fight in both teams. The game is scheduled for Saturday afternoon, October 4, at 2:30. A large following is expected to go from Plymouth.

WORLD WIDE COMMUNION IS HELD IN ALL CHURCHES SUNDAY

The World Wide Communion Service, Oct. 5th is being observed in many Protestant churches. The local Presbyterian church is uniting in this fellowship with Christian people of whatever color or creed. The scope of the work of the church in a needy world may be seen from a quotation from Arthur H. Limouze. He says: "Since the last World Communion the unity of our world has been shattered ever worse than it was then. Succession will be given. Living we have crushed nations, demolished cities, and destroyed not only material and cultural treasures but a wealth of human life.

SHILOH NEWS

HOLD SERVICES FOR YOUNG GIRL

Our town and community were shocked and saddened when the tragic news was received here concerning the death of Janet Lucille Williams, 18.

Janet, in company with three young men from Mansfield, had left Willard to go to Shelby for two girl friends and all four were instantly killed southeast of Willard on Route 224, at the B. & O. railroad crossing, by a switch engine.

The tragedy occurred on Thursday evening about 9 o'clock. Janet and her sister, Rosella, had returned from Tucson, Ariz., this summer and was visiting at the home of a great uncle, Harry Moore of Willard.

Surviving are her father, Rev. M. E. Williams of Shiloh, her mother and brother Edward of Tucson, and Rosella of Willard.

The body was taken to the Fink funeral home in Willard. Funeral services were held on Tuesday, Sept. 30, at 2 p. m. at the Willard United Brethren church. A college friend of Rev. Williams, officiated, assisted by the pastor of the church.

Burial was made in Greenlawn cemetery at Willard. A number of people from this place attended the services.

LOCAL CHURCH REDEDICATED

The Homecoming and rededication service brought a large crowd to the morning worship. The Oakland and day churches sent a large delegation. Many former residents were also present.

The Page family group

was an inspiration for all regular attendants. Mr. and Mrs. J. W. Page were members of Mt. Hope Lutheran church many years. Mr. Page was a member of the church council during nearly all of his service and was superintendent of the church school many consecutive years. Mrs. Page was active in all departments of the church and especially in the women's missionary society. She continued to be active many times after moving to Plymouth.

The children in that home

as in many others of that time were not asked whether they wanted to attend Sunday school or not, but knew that they were expected to attend just as regular as their school during the week.

It was a beautiful tribute

to the Christian parents to see these children occupying a pew together to dedicate. They were: Mayor and Mrs. G. W. Page, of this place; Mr. and Mrs. W. R. Frazier of Camp Hill, Pa.; Miss Mary Page, Plymouth; Mr. and Mrs. C. H. Snyder (Virginia Page) and Mrs. Pearl Page Everett of North Fairfield.

The Hamilton family

was represented by Mrs. Faye Hamilton Kamerer of Perryopolis, Pa.; C. W. Hamilton of Washington, D. C.; and Miss Avis Hamilton of Mansfield.

Mr. Joseph Gilger, the Patri-

arch in the local church and his estimable wife were in their accustomed pew contented in the thought that their children were in service in their various places of residence.

Other old families were

represented by one or two members. While Rev. Stover expressed the appreciation of the congregation for the work that had been accomplished, and other needs of the church, he emphasized the necessity of the Spiritual rebuilding first.

ADOPT GRADING SYSTEM HERE

NEW SYSTEM TO BE IN USE IN LOCAL SCHOOLS.

During the past two years, the work of the pupils has been graded by the "S" and "U" method. This method is being replaced by the ability groups, it has been decided to place a 1, 2, 3, or 4, alongside the letter "S" which will indicate the pupils grade.

S1 evaluates as excellent.
S2 evaluates as good.
S3 evaluates as average or fair.
S4 evaluates as poor or just passing.

U evaluates as failure.
Also pupils will be graded by each teacher on "Effort" put forth in the certain subject. A grade of U or S will be placed on the card regarding the attitude of the pupil in class or study hall by each teacher.

This method of grading will allow the parent to know exactly what the child or children may be doing. There will be a place on the card for parents signature. This signature is evidence that the parent has seen the card.

Should there be any question regarding this method, or card, parents are urged to gain information regarding the same.

Charles Butterworth Ready to Romp Rostrums At Cleveland Next Week

The new season promises well with the announcement that Charles Butterworth, the melancholy buffon, has given the Hollywood klieg the brush-off for his once familiar clutums of the opera house. He was in rehearsal hall within two hours after his arrival from the west coast and, to put it mildly, he never felt more "at home".

As a Western Union messenger he comes to the Hanna Theatre, Cleveland, for the week of Oct. 6th in what is a "world premiere" for "Father's Day". In its summer stages it was known as "Western Union, Please".

The cast includes not only several Broadway notables but also a man once reported as dead—Philip Faversham, who "went down" on the Zam Zam. Mabel Paige of last season's New York "Out of the Frying Pan" is prominent on the roster and so is Ruth Weston from "George Washington Slept Here".

There is a socially prominent Boston Debutante, Nancy Cochran, listed among the players and there is Otto Ballet, who lives to tell of surviving two seasons with John Barrymore in "My Dear Children".

Others are Frances Reid, Watson White, William Callahan, Peggy Van Vleet, John Shellie and Robert Tom. Arthur Sircom is doing the directing and Donald Oenslager will be responsible for the scenery.

Aldrich and Myers are the producers. Young and Harvardish, those bright chaps are currently casting luring books for other ex-rosarium runaways now hiding in Hollywood.

SPEAKING OF "BICYCLES"
built for two in the way 90%," here is a new bicycle law that will affect present-day riders: bicycles and motorcycles can not carry any other person, other than upon a firmly attached and regular seat. That means that two can't ride on one bicycle unless there is a "firmly attached seat" behind the regular seat. The law went into effect Sept. 6th and will affect many local cyclists.

THE COMMON HERD ARE BE-
ginning to worry about their new income taxes. Well, it could be worse. Just the past week post men brought to British taxpayers the first income tax bills under a new law calling for up to half of all they earned in the year ending last April 5th. In case you have spent it, wonder how they would get it, or perhaps they deduct it first.

SCOUTS TO HAVE HIKE ON SUNDAY

A new innovation in "hikes" will be experienced Sunday afternoon when the Boy Scouts will sponsor a Father & Son hike in an "automobile." The boys didn't want to put their Dad on the spot, so they suggested that all the Boy Scout Dads take the car and time Sunday afternoon and join them in a hike to Camp Avery Road near Mansfield.

All cars are to meet Sunday at 1:00 P. M. at the Scout rooms on North street, where the "hike" will form. From there they will go in a body to the Scout camp, and in the afternoon they will be served cider, doughnuts and hamburgers. The party is expected to return to Plymouth around 6:00.

Now, you Scout Fathers who don't want to take the time, will have to find a mighty good alibi in order to keep your boy from feeling badly on account of your absence. Let's lay away everything else Sunday and take a half day off and spend it with the boys.

Scouts Will Gather Magazines, Paper Saturday, Be Ready

Taking their "Q" from the many Defense slogans of "Keep 'Em Flying"—"Keep 'em Smiling", etc., the local Boy Scouts have coined the phrase "Keep 'em Piling." This means, of course, the old magazines, papers and discarded pamphlets that have been accumulating around the house.

The local group will take them off your hands this coming Saturday, Oct. 4th, and will start collecting at 9 a. m. The village has been divided into two groups—the Richland County side and the Huron County side. The former will be under the supervision of the Pine Tree Patrol with Jerry Ratelle and Luther Brown at the helm. The latter will be taken care of by the Wolf & Panther Patrols under the supervision of James Root and J. E. Nimmons.

After reaching a set goal, all

scouts participating will receive an official haversack as an award. Help the boys by bringing your bundles ready. The scouts expect to make this a monthly event so the problem of what to do with your old papers and magazines will be solved and the boys will be greatly helped.

The scouts wish to especially thank the Fate-Root-Heath Company for the discarded literature donated them and which adds considerably to the tonnage of the paper.

POINTS CHALKS UP TEN YEARS MANAGER OF KROGER STORE

Tomorrow, Oct. 3rd, will mark the tenth anniversary for A. D. Points as manager of the local Kroger Store. Coming here from Willard where he was employed on the B. & O. railroad, Mr. Points has built the Kroger Store up to a point where it now ranks among the top best of the Kroger Stores in this vicinity.

In checking over the past records, Mr. Points stated that his top sales are more than five times greater than the top sales of previous managers, while the egg business has grown to such proportions that the local store sells more eggs than any other store in Plymouth, and that the feed sales also heads the list. The peak day in purchasing eggs was 3200 dozen, which is a lot of eggs in any language.

The meat department is also a new addition under his management. Ideally located on the southwest side of the Public Square, the Kroger Store, under Mr. Points' management, has won a reputation for a fair and honest dealing, both in buying and selling merchandise, and has many patrons throughout the community.

The best wishes and congratulations of his many friends are extended to Mr. Points on this anniversary. If you can't put in a half day, several hours will be a help, on either day.

The park will really be a beauty spot and one that the village can well be proud of when it is completed. By assisting with the work, it will also be "your" park.

SUBSCRIBE ON YOUR BIRTHDAY

A neighboring editor has hit on a new way for his subscribers to keep track of the expiration of their subscriptions, says the Summer Kroger Store suggests that they subscribe on their birthdays and make it a point to come in each birthday and renew. He adds the persuasion is by doing they would insure living one more year as no man was ever known to die with his subscription paid up, so this method is a way to beat any old-line insurance.

Volunteers Wanted For Park Work

The grading at the Mary Fate Park is expected to be completed early or tomorrow, but a great deal of "hand" work is necessary before the seeding can be done. This work consists of removing stones, roots of trees and brush, to follow up the work done by the grader.

The park committee is sending out a call for volunteer workers to help with this project. Those who can and will assist are asked to bring shovels and rakes and report at the park grounds by 1 o'clock, either today or tomorrow. If you can't put in a half day, several hours will be a help, on either day.

The park will really be a beauty spot and one that the village can well be proud of when it is completed. By assisting with the work, it will also be "your" park.

The Plymouth Civic Club has made it possible for every employed person living within the village to have his hospital bill paid, now being used in the "Blue Cross" plan, which is a community service, non-profit organization approved by the American Hospital Association, now being used in cities and towns throughout Ohio.

What It Costs
The cost of this group hospitalization plan is very low, and as a comparison, the following rates are published for the monthly dues or premiums:

Semi-private service for one subscriber is 75c; husband & wife \$1.40; subscriber, dependent family, \$1.90; resident dependents and household employees, 75c.

The ward service rates are as follows: subscriber, 60c; husband & wife, \$1.10; subscriber, dependent family, \$1.50; resident dependents and household employees, 50c.

There are many benefits offered through the Blue Cross plan, and you may have the plan explained in detail by contacting Earl McQuate, Stacy Brown or James Root.

The Fate-Root-Heath Co. is using the plan and has over 200 enrolled, now being used in the plan. Those who are not yet entitled to benefits under the family plan.

Based on past records every twelfth person in the United States will occupy a hospital bed at some time during the coming year — so act now, the plan is opened for a limited time only. See one of the three committee-men named above, today.

HAVOC WROUGHT IN NORTHERN OHIO AS WINDSTORM HITS STATE

Plymouth escaped with minor damage when a severe windstorm tore through Central Ohio last Thursday morning resulting in millions of dollars in damage to buildings, farm property and orchards.

Locally, the storm struck Plymouth at 9:30 in the morning and high winds were experienced until shortly after noon. Trees in the village were shaken by their branches, and several barn roofs in the immediate vicinity were taken off or damaged. The roof on the Rule Clothing Store was loosened by the high wind, and it required more than two hours to keep the tin roof on the building. Volunteer helpers braved a 60-mile-an-hour blow in order to nail down the metal sheets and keep the store covered.

All homes in the village had a thorough cleaning over the weekend, for the strong wind blew in dirt and dust, even into those that had doors and shutters closed. Electric light linemen and telephone men were kept busy clearing the lines of fallen tree branches.

On the muck, west of Plymouth, the severe wind blew up some of the crops, and damaged others. The wide area of muckland resembled a streak of holes in corn, aprons and other produce. Corn shocks were blown down and losses in corn alone in that area has been set at

\$30,000. Seneca county's apple crop loss is estimated at being a 90 per cent loss.

The fruit farms in the vicinity of New London suffered heavily from the wind. All orchards in that territory report tremendous damage. It is reported that the Townsend Fruit Farm near New London had more than 5,000 bushels of selected fruit blown from the trees, while The Triangle Farms report that nearly ten thousand bushels of apples were taken off their trees.

Communications and power lines were interrupted in all north central Ohio as a result of Thursday's storm. In Shelby, telephones and light lines were down. The big barn on the Lebanon Stock Farm near Shelby, was roofed by the windstorm, and other minor damages to numerous farm buildings were reported, and the estimated loss in that locality will run into several thousand dollars.

This is the first severe windstorm in this section for many years, and those who suffered no loss or damage to property are counting themselves unusually lucky.

Norwalk, Huron, Milan and Sandusky bore their share of the brunt, and detours over state and national highways were necessary in that section. Huge trees fell across highways, blocking traffic for many hours. The residence of Huron County School Superintendent, E. A. Bell of Norwalk, was damaged when a tree fell across the rear of the home causing considerable damage.

BOY SCOUT NEWS

Troop No. 1 wishes to thank Harold Ross, local Sohio Dealer, for the large 5x7 American Flag given to the Boy Scouts. This gives the Scouts necessary flags for any kind of activities.

At Scout meeting Monday nite, the Pine Tree Patrol received their 15-piece aluminum cooking set which they won in the Inter-Patrol contest held during the summer. The boys literally swamped all opposition and are to be commended on the work carried out during the contest.

Rev. Henry G. Springer attended Scout meeting Monday night. Rev. Springer is interested in starting the Cub Scouts in Plymouth. This would bring the Scout work to the boys during the ages, nine, ten and eleven.

Under the leadership of Patrol Leader Warren Wirth, members of the Pine Tree Patrol spent Saturday afternoon working at the park. The boys cleaned up quite a pile of brush and cut up considerable wood for use in the fire places. Don Ford, Troop Committeeman, supervised the work.

Warren Wirth, Eldon Sourwine, and Wayne Ross received one year service stars at troop meeting Monday night.

Identification Cards Issued To Hollanders

In a recent issue of the Knickerbocker Weekly, an interesting article on Life in Holland, after conquered by the Nazis appeared which we are printing in full. With a great many residents of Celeryville still having relatives in Holland, the article is very timely.

"Hollanders are now regarded as aliens in the Netherlands and must be ready to prove their right to tread Dutch soil at any moment.

The complicated document shown above (pointed in article) is the identification paper which each Netherlander must have on his person at all times, in case some nosy Nazi asks him to prove up. Native Netherlanders must be photographed and fingerprinted to fulfill the requirements of this "passport to live in their own country."

It is interesting to note that the identification cards were issued shortly after the uprising and general strike in the Netherlands, which began as a protest against Nazi measures.

It is even more enlightening to observe that the packs of Germans who roam about Holland, looking Netherlanders in the name of the new order, are not required to carry these identification cards.

Only native Hollanders must identify themselves. Only Netherlanders are required to have their

pictures taken and fingerprinted so the Nazis may keep a check on their movements. The Nazis are not required to carry any papers to show at the request of a Hollander because, after all, the Hollander is practically an alien in the eyes of the Nazis. To get into the Netherlands, the Nazis had to break any number of treaties and assurances, while the Hollanders were only born there.

DRUMMER BOYS FIRST VICTORY

Shiloh won their first football game of the season Saturday by defeating North Fairfield. The first few minutes of the game looked bad but when Shiloh got the ball on downs and the players began to work, they marched up the field for the first touchdown and came out with a 6-0 score.

The scores by quarters:
North Fairfield 0-0-0-0
Shiloh 18-15-0-19

Next Saturday the Drummer Boys meet Plymouth at 2:00 on the Ferrer Athletic Field.

SENIOR CLASS NEWS

The Senior Class sold cider and home-made doughnuts Friday and Saturday nights of the homecoming. We secured the cider from Greenwich and Mrs. Witchie made the doughnuts. They were very good and all were sold. We made a good profit on them.

TEACHERS MEETING

Miss Dawson, Miss Wareham, Mrs. Heden, Miss Harmly, Mr. Jones and Mr. Spink are planning on going to the County Teachers' Meeting on Thursday night. There will be a banquet at 6:30 and then Mr. Ray, will give a talk on Teachers' Tenure Law.

JUNIOR CLASS NEWS

A representative from the Herr-Jones Ring Company was at our school last Thursday. He showed quite a number of rings to our committee. The committee picked two from which the rest of the class voted on one. The girls' favorite was a ring with a stone of either ruby or onyx with a gold panel over it on which the crest is slightly raised. The year is divided with half on either side in black enamel. The boys' rings will be made in the new ultra-sporty style which means that the ring will be filled with an alloyed metal which will

make the ring more durable and will not lessen the value, in case some of the Juniors get hard up and have to pawn theirs. Every one is well pleased with his rings.

The class will be selling candy at the foot-ball games and every noon at school. We have been doing even better than our fond hopes. We hope to continue and come out with a big score.

We are all anxious to get started on our play but we have decided to wait until after the Dramatic Club Play so that we may meet our play our undivided attention.

CHAPEL

Mr. Murlin, the superintendent of North Fairfield, favored us with a very interesting Chapel talk on his trip to Caribbad Caves. He showed us pictures, as well as some snapshots of these caves. We were all happy to have Mr. Murlin with us and hope he comes back again soon.

BAND NEWS

The Shiloh High School Band was out in full uniform Saturday and Sunday nights of the homecoming. The band will next march at the Shiloh-Plymouth game which will be held here at Shiloh on October 4. We hope that the newly organized band from the Plymouth school will be here to show us some of its talent.

The band has two flag carriers, Janice Black and Helen Guthrie, who made their first appearance at Homecoming. Janice carried the new school flag and Helen carried the American flag.

TOUCH-DOWN TACTICS

This is the first in a series of six outstanding diagram plays by leading college coaches from Grantland Rice's new Cities Service Football Guide.

THIS is a play which we used in a Boston last year with excellent results.

The formation here is not unlike that from which we execute a number of plays. The principal feature to watch when using this play is the depth at which the offensive halfbacks play. If the offensive halfback is a tendency to play in close, it will make the successful execution of this play difficult. But if after you have thrown a few forward passes from this formation and the offensive left half is playing deep, then this play can be used successfully.

The ball is received by the left half who makes two or three steps to his right as though he were going to hand the ball off but cuts sharply to his left and goes through the hole as shown in the diagram of the play. Good blocking is essential if the ball carrier expects to get through the line of scrimmage.

Frank Leahy is now head football coach at the University of Notre Dame.

Fire Completely

(Continued from Page One)

Pieces of felt and wood three inches across were scattered over lawns and buildings to the outskirts on the west and north side of town.

Only one other blaze was discovered, and that was on the southside of Charles Seaman's home on Church street. That side of the home has a shingle roof, which Mrs. Seaman was watching, and when the blaze started she called her husband, who placed a ladder on that side, and it was but a little time until the fire was extinguished through the use of a bucket brigade composed of several young men. There were no further casualties, but at every home someone was watching buildings to detect any blaze that might show up.

Fire Chief Stanley Moser was working in Shelby and Assistant Fire Chief, George W. Shafer, who has been a member of the department for years, directed the work, and kept the fire within its bounds.

The Plymouth fire engine responded and was ready to lend assistance if needed.

Chief Shafer and his men devote the thanks of all for their efficient service.

The building was high, and the flames could be seen for miles. A couple, who had been traveling west and had been driving since 7:00 A. M. Monday, stopped at Frazer's Store, and said they had seen the blaze when they left Ashland. The origin of the fire is not known, but the entire elevator, its contents, the office building and nearly all their coal, is a complete loss. Nothing was saved but two garages and the records which were in a safe in the office.

The coal sheds belonged to the N. J. McBride estate.

The loss, which will run into approximate ten thousand dollars, is partially covered by insurance.

Mr. James purchased the elevator nearly three years ago, and the family have been residents here the past two years. They have taken an interest in educational, religious and civic work in the community and are highly esteemed by their neighbors and friends.

A WORK OF FAITH

In Council Bluffs, Iowa, is located a Home for orphan and destitute children, which is different from any other organization of its kind in the country. This Home was founded on the Promises of God nearly fifty years ago, by Rev. and Mrs. J. T. Durbin. All the children here, Faith alone has been the guiding star that has led this Institution on, until today it is the most outstanding Home for needy children in America.

The Christian Home Orphanage of the Council Bluffs, Iowa, is a National Home for children; it is located in Iowa, but it is supported entirely by free voluntary contributions of people from all sections of the country. It receives no appropriations of any kind, and employs no traveling agents, but depends upon the free gifts of charity from well-inclined people for its support. The work of caring for homeless children, and training them to become Christian men and women, is the most outstanding work today. The Christian Home Orphanage is doing this work, but it cannot do it without your gifts and your cooperation. This is a work in which all can take part.

The Christian Home Orphanage is unique in its work. It is not like an ordinary institution. The children are not institutionalized, but are like normal children from happy homes. Uniforms are not tolerated at the Home; but the children are dressed just as you would dress your own little ones. Even their clothing is given to them by the loving friends of the Home throughout the land. Through faith in God a devoted band of friends of the Home, are scattered over the length and breadth of our fair land.

For information in regard to this remarkable Home, write to the Christian Home Orphanage, Council Bluffs, Iowa, and literature will be sent to you.

All contributions sent to the Christian Home Orphanage, Council Bluffs, Iowa, are duly acknowledged, and credited in the official publication, "CHRISTIAN HOME," in which all financial reports appear, a copy of which will be mailed to you.

Plymouth Loses

In First Game

HOLDS HURON TO 25 - 14 SCORE IN FRIDAY GAME.

The 1941 edition of the "Pilgrims" inaugurated their six-man football season by holding the highly-touted Huron aggregation to a 25-14 score Friday afternoon on the Huron gridiron. Plymouth's attack was well bottled up during the entire first half, while the entertainers went on to score eighteen points. During the second half, however, the locals attack functioned. Sparked by Cunningham's brilliant running Plymouth was able to push over a score early in the second half and connected with a pass for the extra point.

Shortly afterward a beautiful pass rule to Lauch was executed and Lauch dashed fifty yards to "pay dirt." The point after the touchdown was made, Huron tallied again to make score 25-14.

Coach Dunham's boys made a good account of themselves but were unable to keep up with Huron's greater size and wealth of substitute. The Pilgrims are not to be congratulated on the fact that only one penalty of five yards was called against them while Huron was penalized a total of seventy yards and one of their players was dismissed from the game for slugging.

Plymouth's next game will be with Shiloh Saturday afternoon at 2:30.
