## BOARD MEMBER DISCUSSES NEW LIGHT PLANT

April 26, 1941

Dear Mr. Editor:

In last week's issue of your paper you state that you will be glad to print any information the Board of Public Affairs has in regard to a municipal light plant, so here goes.

First, Mr. Editor, I believe the Board was elected by the people of Plymouth to look after the public interest in matters concerning the operation of our electric light and water distribution systems. Ohio laws specify such duties. Now if working at that job be a crime I must plead guilty, for I have done just that since the beginning of 1940.

Now, about the Municipal light plant proposition. It is not exactly a new idea to the members of the Board. In the early part of 1940 we began to study the merits of a municipal Diesel plant for producing our own power and lights, as compared with signing a new contract for purchased power. One of our first questions was "How much will it cost to build such a plant?" No one would give us a definite answer until a chart had been made showing what the highest demand for current would be. Well, in March of 1941 we finally found out that such a plant could be built and financed by a bond issue, totalling for principal and interest \$90,000, which would be retired over a 15 year period. The engineer who provided these figures was employed by the council at a fee of \$275 to make the survey and estimate the cost. Council also gave the same engineer an option to do the engineering work on a power plant in the event the council decided the plant should be built. His pay for this work was to be a 7 per cent commission on the cost of the completed plant. This would amount to around \$4,200.

During this time Mr. Shepherd and myself have visited three Diesel power plants, comparable to what Plymouth would use, and the board has also studied light and power rates in various towns and cities in Ohio. Also we have taken into consideration the cost of purchased power now, and the general trend of power costs, with the probability of future costs being still lower. The one and only objective the Board of Affairs has ever considered, and their whole purpose in making these studies was just this, the lowest possible light rate for the consumer in Plymouth, Ohio.

Well, Mr. Editor, the Board of Affairs, after studying the situation from all angles, has arrived at a conclusion. We are convinced that the town of Plymouth, Ohio can purchase its power more cheaply than it can build and operate a plant to produce the stuff. That being the case, why shouldn't we have a right to go to the people and tell them that we believe \$90,000 of their money was about to be thrown away?

Why should not the people of Plymouth have a right to decide whether or not they want that to happen? Isn't that an old established right of American citizens? Or should Mr. Fackler, Mr. Pickens and Mr. Johns be allowed to reign supreme and all powerful, with no other citizen allowed to differ or question their judgement?

And now, Mr. Editor, you say the board should give their reasons; why a special election should be called; all that money be "wasted." I would like to point out that the petition is so timed that a special election could be held at the time of the regular primary election, or the board of elections might determine it should be at the regular November election. In either case there would be no extra expense whatever, except for ballots. And if we can save our selves from being forced to pay higher rates for

## Auto Tax Funds Released; Plymouth Receives \$231.25

Figures made public today by Hal S. Sours, Ohio department of highways, show the division of \$9,941,378 in automobile license tag in come for 1941, just distributed to the counties and municipalities by Cylon W. Wallace, registrar of motor vehicles.

The \$9,941,378 represents 60 per cent of the 72 per cent of the tag revenues which the cities and counties will receive this year, Director Sours said. Of the first distribution, 47 per cent went to the counties and 23 per cent to the cities.

The distribution in Huron county follows:

HURON—	
Bellevue	\$1,575.00
North Fairfield	362.50
Greenwich	775.00
Monroeville	637.00
New London	1,075.00
Northwalk	8,875.50
Plymouth	231.25
Wakeman	300.00
Willard	2,025.00
Total	44,215.00
	67,734.00

Following this message from Mr. McGregor The Advertiser received a message from the United States Department of Agriculture, Surplus Marketing Administration, Cleveland, that the plan would also be used in Huron county. The following communication refers only to Huron county, but it will also apply to Richland county.

"Designation of Huron County welfare recipients for participation in the Food Stamp Plan which will increase food budgets here by approximately fifty per cent was announced today by the Surplus Marketing Administration, Cleveland, that the plan is effective as of 12 o'clock noon.

"Official designation came from Paul E. Jordan, Regional Director of the Surplus Marketing Administration, who stated that William M. Walsh and William S. Fay, representatives of the agency in Cleveland area, would arrive in Huron county early next week to set up machinery for the issuance of food stamps and to train local officials and business people for their use.

"Actual issuance of stamps will begin in approximately a month.

"Representatives Walsh and Fay and their assistants will call meetings of all grocers, their clerks, district case workers, county and local officials to explain the workings of the food stamp plan.

"Issuing offices will be set up throughout the country where welfare recipients may secure stamps and food dealers will be instructed as to the procedure for their redemption.

"All persons receiving direct relief or help from the various categories of the Social Security Board will be eligible under the plan. Included also will be all WPA workers.

"Eligibility will be certified in all cases by an agent designated by the county relief officials following preliminary conferences with representatives of the Surplus Marketing Administration.

"Under the Food Stamp Plan, certified persons will be permitted to purchase orange stamps in the same amount which they now receive food for themselves and members of their families. For each dollar's worth of orange stamps so purchased, they will be given 50 cents worth of blue stamps free. The federal government pays for these blue stamps with funds voted by Congress from customs receipts. The blue stamps must be used for the purchase of American grown farm products which the Secretary of Agriculture has designated as being in surplus."

"The items so included are among the staples of every adequate diet and according to nutritionists are essential in maintenance of health. Most are grown by mid-west farmers.

"They are of the same quality as if purchased for cash and bought by food dealer from his regular wholesale source and for the most part are items which he has regularly stocked.

"They are sold at the same going market price which the deal-

ers are willing to pay for the same.

"The plan is a good one for the people of Huron County. It will help to relieve the pressure on the public relief rolls.

"The plan will be a great help to the people of Huron County. It will help to relieve the pressure on the public relief rolls.

## DIES IN WEST

### MRS. IDA SYKES SHAVER DIES FOLLOWING A BRIEF ILLNESS.

Mrs. Ida Sykes Shaver, wife of Morgan D. Shaver, passed away at her home, 452 West 8th St., Santa Ana, Calif., Thursday, April 24th, after a brief illness.

Mrs. Shaver was born at Olene, Huron county, Ohio, June 18th, 1863, coming with her parents to Plymouth in 1865 where she resided until after her marriage. She taught for some time in the Plymouth schools, and was a devout and active member of the Presbyterian church. She spent the greater part of her married life in Columbus, Ohio, Miami, Florida and in California.

Mrs. Shaver was the daughter of Dr. William H. Sykes and Sarah Stuart Sykes, her father

for many years being a well-known physician and surgeon in this section of northern Ohio. She

is survived by her husband, Morgan D. Shaver, of Santa Ana;

two sons, Roland S. Shaver of Bakersfield, Calif., and Maurice B. Shaver of Columbus, Ohio; and a grand-daughter, Joyce Adelle Shaver of Bakersfield. Also by a sister, Mrs. Eula Sykes MacLean and two sons, Roland S. Shaver of Waupaca, Wis., and three brothers, Dr. William S. Sykes, Dr. Harold U. Sykes of Cleveland and H. Raymond Sykes of Chincoteague.

The funeral services were held at Santa Ana, Sunday, April 27th.

## Helen Catharine Einstel Wedded To James Ward Bergen In Marietta

The Methodist church in Marietta, Ohio, was the scene of a beautiful wedding Sunday which united in marriage Miss Helen Catharine Einstel, only daughter of Mr. and Mrs. D. W. Einstel of Plymouth and James Ward Bergen, son of Mr. and Mrs. John Bergen of Marietta.

The single ring ceremony was performed by the Rev. Alexander, pastor, in the presence of three hundred guests and relatives, and the edifice was decorated with exceptionally beautiful effects. The altar was banked with masses of ferns, palms and offset with two large beauty baskets filled with white snapdragons and white stock. Four, seven branch candleabra was the only illumination used against this setting.

As the guests assembled, a thirty minute program of nuptial organ music interspersed by three vocal selections by Mr. and Mrs. Richard Bergen of Chicago, Ill., served as best man for his cousin. Ushers were Messrs. Frank Chorpening, Wilson Mehl, Robert Schlicher and Fred Rose, all of Marietta.

Immediately following the ceremony a reception was held in the church parlors. The bridal couple, parents, and attendants were in the receiving line, greeting guests. Mrs. Einstel, mother of the bride, wore a dark blue ensemble with white accessories and a shoulder corsage of white carnations. Mrs. Bergen, mother of the groom, was attired in a light blue ensemble and wore a corsage of pink carnations.

In the dining room of the church a luncheon was served with places for twenty-two laid at the bride's table. White tapers in crystal holders were placed at either end of the table, which was centered with a three-tiered wedding cake. White lilacs and pink tulips were the flower decorations and the luncheon was served in pink by five friends of the bride.

Her attendants were Mrs. Lucy Anderson Scherer of Toledo, matron of honor, who chose a pink

net over pink satin gown, with a tight-fitting bodice of the satin material and full and flaring skirt. Her head-dress was of pink illusion over satin and fell to the shoulders in bonnet effect. White satin slippers and an old fashioned nose-gay of sweet peas, violets and roses, caught with long streams of blue ribbon edged with pink completed her costume.

Maid of honor was Lois Bergen, sister of the groom, who was attired in a blue marquisette over blue satin, with the bodice tight fitting and made of the marquisette with white embroidery trim. The style of the frock was similar to the matron of honor as was the head-dress and nosegay with contrasting streamers of pink edged with blue. Her slippers were blue satin.

Her attendants were Mrs. Lucy Anderson Scherer of Toledo, matron of honor, who chose a pink

light of Shelby, all in formal gowns. Also honored at this table were their three grandmothers, Mrs. G. W. Brandt, 81, Milan, Mrs. Will Robinson, 79, Marietta, and Mrs. N. W. Bergen, 86, also of Marietta.

Mr. Bergen and his bride left on a motor trip and after May 15 will be at home at 307 Third St., Marietta. For traveling Mrs. Bergen wore a blue sheer dress with a large white shawl collar; her coat was navy blue as were other accessories.

The bride is a graduate of Plymouth school, class of 1936, and also attended the Warner College at Toledo. Prior to her marriage she was employed at the Richmond Beauty Shop, Shelby. Mr. Bergen is a graduate of the Marietta schools and also Marietta College, and a member of Alpha Sigma Phi. He is employed with his father in the contract plumbing and heating business.

### Many Courtesies Extended

A number of pre-nuptial courtesies were extended Mrs. Bergen in Marietta the past week, including a miscellaneous shower in the home of Mrs. Harold Oyster, sister of Mr. Bergen; one at the home of Miss Irma Johnson, a luncheon on Thursday in the home of Mr. Frank Sutten, an aunt of Mr. Bergen, and on Friday night a pantry shower in the home of Miss Katin Webber.

Mr. and Mrs. D. W. Einstel, Sr., Dayton Cranmer of Plymouth, Miss. Mabel Myers and Mr. and L. E. Richmond of Shelby, attended the wedding. Also a group of friends from Mansfield and Shelby, attended the ceremony.

### WCS MEETING TODAY

The May meeting of the Methodist Women's Society Christian Service is meeting today at the church for sewing luncheon and program. If you can't come to the morning session or luncheon, come to the business meeting and program held in the early afternoon. Any member who cares to bring an article for the kitchen shower may do so today.

District meeting for officers and members will be held Tuesday, May 6, at Milan, Ohio. The first meeting several months ago was so well attended that it is advisable to make your plans now and get there early.

### AT OPERA

Miss Marion Ruth Nimmons, student at Mt. Union College, Alliance, writes to her parents, Mr. and Mrs. J. E. Nimmons, that she greatly enjoyed the presentation of "The Daughter of the Regiment," given by the Metropolitan Opera company in Cleveland. Miss Nimmons attended with a group from school, and also enjoyed the intermission with several friends from Plymouth.

Mr. Clarence Johnston was hostess to the Maids of the Mist Club on Thursday, April 24. A comforter was knotted during the forenoon which will be sold later in the year to produce funds to carry on the many activities of this club.

The members and a number of guests enjoyed a pot-luck dinner at the noon hour.

Mr. Weaver conducted a very interesting program in the afternoon.

Mrs. Kemp will entertain the club on May 22, at which time

plans for the Federation picnic will be made.

(Continued from Page One)—  
electricity that small expense will be well justified.

The public should be informed that council can make a definite, immediate, certain saving of \$1,500 annually on power costs, merely by contracting for a ten year supply of electric energy. But, for some vague and unexplained reason, 10 years is too long, so some councilmen would correct that condition by tying the town people to a 15 year bond issue, probably mortgaging the lines and equipment that we own now, free of any indebtedness, in order to pay for a mechanical toy we surely do not need, and probably are better off without. Don't you think the people ought to have a chance to do something about that Mr. Editor?

Some people say, "The plant will pay for itself," if it could print the money to retire the bonds and pay the interest.

Actually, according to the engineer's estimate, the saving should be \$1955 annually. At that rate the \$90,000 total of principal and interest could be retired out of the savings in 46 years, not 15 years. I don't believe any one would recommend that we plan on having the machinery run well for 46 years.

And a word about rates. The Advertiser, a short time back, printed an article which pointed out the great success of the Diesel plant at Deshler, Ohio. After describing the plant, and the "successful" operations, you then carried the rate schedule charged to Deshler consumers. Did you notice, Mr. Editor, that the rate started at 7 cents per K. W. H.? Did you not compare that rate with the rate consumers now pay in Plymouth, starting at 4.34 cents for the first 30? Or with Shiloh, where the cash customers pay 4 cents for his 100 K. W. H.? Note that Shiloh buys and distributes to consumers thru their own lines just as we do here in Plymouth; Shiloh buys at the lower rate available on a ten-year contract.

Now I ask you, just what is wrong with the ten year contract? If ten years is too long, why is 15 years better? Is that a logical thing?

One more set of figures and then I'll stop. Your engineer's report shows that Plymouth can build a power plant, and by selling current at 1940 rates to start, having a 35 per cent increase in revenue sales, it shows a surplus of \$80,000 at the end of the 15 year period. Comparison with purchased power under exactly the same conditions, shows a surplus of \$144,000 at the end of the same 15 year period. This as you can see, is a difference in favor of purchased power of \$64,000. Or you might say, by buying power instead of making it, we would save enough in 15 years to build a new plant and pay cash for it, if a plant seemed advisable at that time.

Well, that's my story for now Mr. Editor, and I'll stick to it until something better shows up.

Yours for lowest possible rates,  
Walter C. Dawson.

**LETTERS . . .  
to the Editor****Municipal Light Plant**

Relative to the special election desired by the Board of Public Affairs to obtain a definite expression on the desirability of building a generating station, I feel the voters of Plymouth have a right to decide the issue even at the expense of a special election.

It is stated that mortgage revenue bonds do not effect the local tax rate. This is true, but if the electric rates do not produce sufficient revenue to retire the bonds the bondholders can step in and raise the rates to produce sufficient funds.

A small \$65,000 plant hasn't a Chinaman's chance of giving the quality of service that we are now getting. The voltage is maintained absolutely uniform with new equipment recently installed.

Those of us who had experience with the old plant, know some-

thing of the grief that can go with a small plant, and Diesels are more costly to maintain than gas engines, due to the high compression of 400 lbs per square inch.

Will fuel oil remain at the same price for the next ten years? It does not seem likely. Coal is going up, that is evident.

The greatest objection to a municipal plant at this time, is the high cost of construction and unnecessary duplication at a time when all our energies should be expended on defense work.

When the emergency is over the utilities will have a large surplus of power and it is very probable a revision of rates will be made downward. They have never been upward.

The expense of a special equipment should be saved by putting the plans on the shelf for the duration. Otherwise the voters should decide, and there will be a more vociferous opposition than there has been.

P. H. Root

**A LITTLE TOWN WITH BIG SAVINGS!**

Canby, Oregon, is a little town of 750 people 24 miles south of Portland. When the charter for the lighting company expired, the natives thought they should have free lighting of the streets, before renewing. The owner of the charter was made, and the next night turned off all the lights and left the town in darkness. He figured wrong. The town got mad and voted to run their own lighting business. They did so, and so far have saved about \$10,000 a year over what they previously paid.

In 16-2 years they paid for the plant in full, principal and interest, bought all kinds of electric and water equipment, donated paving, a cemetery and a city hall, made repeated reductions in the rates charged customers, and at last, reported \$21,000 in the bank that they did not know what to do with. So much for public ownership of public utilities.

The above is contributed by a citizen who would like to see Plymouth build its own lighting plant.

"Fantasia," the amazing Walt Disney production with music by the famous Philadelphia Orchestra, conducted by Leopold Stokowski, is to close its sensational run at the Hanna Theatre, Cleveland on Saturday May 3rd. Only a few more days remain to see this phenomenal picture with its exclusive "Fantasound."

Due to the special wiring equipment, "Fantasia" can be seen only in few limited key cities. It is because of its great success, that the picture cannot remain beyond the announced date. Other cities are clamoring to see it, and the equipment installed at the Hanna Theatre and valued at \$50,000 must be moved on.

There is nothing like "Fantasia." Its remarkable sound . . . its coloring . . . its animation by the famous Disney artist . . . its use of immortal compositions by Bach, Tchaikovsky, Dukas, Beethoven, Stravinsky, Ponchielli, Schubert, its originality . . . all make it a picture that is not to be missed.

All seats are reserved, and matinees are given on Wednesday, Saturday and Sunday at 2:30 with evening performances at 8:30. There is also a special morning show on Saturday at 10:30. "Fantasia" cannot be shown at any other theater in this territory and after its closing at the Hanna, Cleveland has the opportunity to view it again.

**TROOP NEWS**

The Green Bar "sealed order" hike held Saturday by members of the local Boy Scout Troop was a very successful venture. In attendance were six scouts, 3 scouts and one commissioner. As it generally goes on the first hike of this kind a few things were forgotten and a few things lacking. However, this hike was for training purposes, and that part worked out very nicely.

All the boys started from the Scout rooms and traveled by bike to their destination, the wooded back of Herschel Ross's farm northeast of town. Upon arrival at the camp site the Scouts prepared a place to cook and gathered firewood. About 20 minutes later a pow-wow was held and the campsite was moved a little southwest to higher ground. Here two back logs were laid out and the fire started. The kettle was hung from a pole supported at each end by two notched sticks driven upright in the ground.

The main course consisted of hunters' stew, prepared by the boys under the supervision of Deryl Daugherty ASM. This was supplemented by green onions, cold milk, hot chocolate, bread and butter. After eating, the fire was put out and the long trek home.

The boys would like to thank Donald Ford for hauling the grub and supplies to and from the camp site in his car.

Ask the boys how they like Indian turnips and leeks.

## SHILOH SCHOOL NEWS

### SUCCESSFUL STUDENTS

On Monday of this week the seniors found out something which they have wanted to know for sometime. These were the valedictorian, the salutatorian, and the honor student.

Lucille Gedney was valedictorian and the honor student. Lucille has done very well in her scholastic work in this school. She has done equally well in her extra-curricular work. Naturally she well deserves these honors bestowed upon her.

Second in line for honors was Joe Mock who is salutatorian. He has attended this school all his life.

### SHILOH TAKES BASEBALL CHAMPIONSHIP FOR THIRD YEAR

Shiloh High defeated North Fairfield last Friday to cinch the Twin Valley League Baseball Championship for the third consecutive year. So far this year the Drummer Boys have suffered only one defeat out of six games.

With only three regulars returning from last year's squad, the baseball campaign for this season did not look so bright, however, the inexperienced team has shown fast improvement and has rounded into one of Shiloh's fastest championship teams.

The schedule of remaining games follows:

Tues. May 6, Lucas at Shiloh  
Wed. May 7, Shiloh at Willard  
Fri. May 9, District Tournament at Tiffin

Fri. May 16, Willard at Shiloh

### P. T. A.

The P. T. A. program for the month of May is as follows:

Business meeting  
H. S. Band  
Plant Presentation  
Accordian Solo, Mercella Clark  
Several numbers by the Mixed Chorus

Group singing led by Mrs. Wollfberger.

### Pictures

The Program committee for the P. T. A. program are: Mrs. Ivan McQuate, Chairman; Mrs. Marion Seaman and Mr. Spirk.

### SENIOR NEWS

Are you thrilled by mystery? Do drums chill your blood? Are you fascinated by the enchantments of Africa? Do you enjoy an entertainment that has a moving atmosphere? The senior class of Shiloh High School will present a play which contains all of these characteristics.

Friday night, May 2, come to Shiloh High School and see one of the greatest plays ever to be presented at this school. There are thrilling moments in this play. There are comical scenes and scenes which are very pathetic. You will enjoy seeing the inside of Africa. The plot of the play is in a small village along the African coast. I must tell you the name of this great play. It is "Drum of Fury." You will not be able to control yourself when Fury comes in and is distressed because she loves two men. She promises to marry both. What would you do in such a predicament? Fury finally decides for herself.

You will laugh when you see Toni up in a tree and tries to talk when she has a mouth-full of bananas. This play has a good cast and the students handle their parts well. Below is the cast. Mrs. Barnett, The mother, Lucille Gedney

Fury Barnett, A daughter of the jungle, Kathleen James

Patricia Eggleston, A social butterfly, Betty Burdge

Mrs. Wade, Fury's Aunt Lynn,

Grae Guthrie

Mahafa, The maid, Miriam Hoffman

Zuleeka, The wood woman, Leonine Winley

Toni, Little half-breed who happens to be up in a tree Grace Stober

Sir Thomas Barnett, The father, Kenneth Noble

Eli Cooper, The scientist, John Heden

Sir Charles Eggleston, Friend of the Barnetts, Charles Harrington

Guy Mordant, The cause of all the trouble, Joe Mock

Henry Banks, In search of a Dinosaur egg, Delmar Nesbitt

Khalid, Native boy, friend of Fury, Dale Troxell

Even the cast mention thrills and excitement. We are hoping to see you in the auditorium of Shiloh High School Friday night, May 2. Come and forget all your troubles. Come one! Come all!

The adult tickets are 25 cents. The student tickets are 15 cents.

### JUNIOR NEWS

The Junior Class is selling small sewing kits to the ladies for their silk hose. These kits are in the shape of a cylinder and contain about ten shades of thread, with a thimble and needle. They can be secured in either cotton or silk thread and they are small enough to fit into the purse. The price for these kits is only

fifteen cents and they can be bought from any member of the Junior Class. Don't you think you should see a Junior right now? It might save you a lot of embarrassment later.

### GIRL RESERVE

The Girl Reserve met at the Shiloh High School April 25. The pledge was given and then the G. R. song was sung. Mrs. Russell Gimble from the Mansfield Friendly House gave us a very interesting talk and showed us slides of the Friendly House. We all enjoyed her talk very much. Eileen Miller played a clarinet solo and Doris Reynolds and Mary Jean Homerick sang a duet. The meeting was then adjourned.

### SEVENTH GRADE

In the Seventh English Class we had a baseball game last Friday. Dick Clark and James Neely were the captains. This is a game which Miss West uses to make our class more interesting. The captains choose up on sides. Miss West asks a question to one of the members on one side. If he answers it correctly, he advances to first base. If he misses it and it is correctly answered by the opposing team, the player is said to be out. Then the next player is up. If he answers the next question correctly the first batter advances to second base and so on. Dick Clark's side won.

The seventh grade are starting on their books of Ohio. Some have finished them and others haven't.

We had "Hobby Day," Tuesday. There were many different hobbies. The two most popular hobbies are collecting stamps and collecting movie stars.

## TEMPTING MENUS

### Kitchen Katchall

#### Pecan Muffins

1 C. graham flour  
1 C. brown sugar  
1/2 tsp. baking powder  
1 C. milk  
1 C. white flour  
1/2 tsp. salt  
2 eggs  
1/2 C. shortening  
1 C. pecan meats

Mix all dry ingredients, sifting salt and baking powder first, with white flour. Add beaten eggs with milk. Then mix. Put the mixture in muffin tins, drop a pecan on each muffin. Bake for 20 to 25 minutes in oven at 400 degrees to 425 degrees. Serve hot with sweet butter.

#### Mock Chicken Casserole

4 lbs. chicken  
4 lbs. butter  
1/2 C. salt

The Shiloh Community Grange is making every possible effort for a successful entertainment, and to please the public, on Wednesday evening, May 7th.

Pie-Plant Pete with Bashful Joe of radio fame, and some of the best local talent in the community will give a musical treat and repartee that has seldom been presented in this vicinity, but the opportunity to see this talent will be for all, and now is

the time to avail yourselves of this pleasure, and at a very low price of general admission of 30c. Children under 12 years, 15c. The entertainment will be given at the school auditorium Wednesday night, May 7, starting at 8:00 p.m.

Members of the local grange are invited to a cake walk at the Grange on Friday evening, May 2. Every member is urged to freely support this project in the neighboring grange.

### HONORS GIVEN FORMER CITIZEN

A fine picture of Ralph B. Hunter was given in Tuesday Plain Dealer, and another deserving honor was received by him.

Quoting from that paper: Com-  
mon Pleas Judge Harrison W. Ewing announced the selection of Ralph B. Hunter, assistant manager in Cleveland of the Equitable Life Assurance Society of New York, as foreman of the new county grand jury.

Ralph is former director of the Citizens League, former president of the Singers Club, former chairman of the Metropolitan division of the Community Fund, and is now a trustee of Hiram College. He is a member of the Cleveland Chamber of Commerce, and has also been on the directing board of the Northern Ohio Opera association.
