

## R. L. HOFFMAN DIES SUDDENLY EARLY TUESDAY AT LANCASTER, PA.; HOLD LAST RITES TODAY

COMMUNITY IS STUNNED BY DEATH OF PROMINENT AND WELL-KNOWN RESIDENT.

The entire community was shocked Tuesday morning when word was received here of the sudden death of Ralph L. Hoffman, 49, which occurred at 1:30 Tuesday morning in his room at the Hotel Brunswick in Lancaster, Pa.

Mr. Hoffman left his home here Monday for Mansfield, where he was joined by Mr. W. H. Gugler, his business associate, for a business trip through Pennsylvania. He was in apparently good health, and after the day's drive, they stopped for the night in Lancaster. Mr. Hoffman suffered a heart attack for which he failed to rally, and death came a few minutes later. Mr. Gugler notified Rev. R. C. Wolf by phone early Tuesday, and the news was not only a shock to the immediate family, but to hundreds of friends.

The deceased was born October 31, 1891 in Jackson township, the son of Daniel E., and Alberta Pifer Hoffman. The family moved to Plymouth many years ago, and Ralph grew up here from boyhood. He was educated in the public school system. During his school days he made many youthful friends, and these friendships have continued through the years. On June 28, 1917, he was married to Miss Helen Benedict of Utica. To this union were born three children: Barbara Ann, Janice and Sue, who reside beside the widow, and his mother. Mr. Hoffman's father preceded him in death a number of years ago.

## TO RESURFACE ROADS IN AREA

MANY DISTRICT PROJECTS IN \$45,901 WORTH OF WORK PLANNED BY STATE.

The Ohio Department of Highways will offer ten highway resurfacing projects, estimated to cost \$45,901.48, in Richland and Crawford counties on July 22, according to an announcement by Hal G. Sours, director of highways.

The proposals, calling for bituminous treatment of the highways, include the following projects:

- Shelby-Galion road in Vernon township, Crawford county, 1.75 miles, width 20 feet.
- Section M of the Ashland-Shelby-Bucyrus road, Route 96, in Franklin and Weller townships, length 4.70 miles, width 20 feet.
- Section F of the same highway, 2.42 miles in Sharon township, width 16 feet and 18 feet.
- State Route 98 in Plymouth township, length 4.29 miles, width 18 feet.
- Ganges-Plymouth road in Blooming Grove and Franklin townships, 4.88 miles of 14, 16 and 18 feet pavement.
- Adding gravel.

The improvement of the County Line road, east of Plymouth, was started this week. Gravel is being placed on the road, and it will be leveled and rolled. This section of the county line road is due for considerable improvement, which is made possible by the county highway departments of both Richland and Huron counties, cooperating.

## New Haven Community Gathering On Sunday

The annual reunion and picnic of New Haven Community will be held at Guvena Corners, Sunday, July 20th.

An invitation is extended to all friends and former residents to return and renew friendships and acquaintances.

Mr. and Mrs. Clarence Kale and daughter Janice of Shelby, Mr. and Mrs. Raymond Steele, attended the ball game at Cleveland Thursday evening.

Returning from the Army and after his marriage, Mr. Hoffman became interested in the sale of farm equipment. For the past 18 years he has been the junior partner and manager of the Gugler & Hoffman Supply Co., of Mansfield, farm equipment distributors. He has worked untiringly in his vocation; most of the time being spent on the road. He covered Ohio and Pennsylvania in his travel; spending the remainder of his business hours in the Mansfield office. Mr. Hoffman was well liked by all who knew him, and was a member of the company during the past fifteen years.

Mr. Hoffman was devoted not only to his home, but to his church and the interests of the community. He was a member of the Lutheran church, the church council, as well as being affiliated with the Lutheran Brotherhood. He made it a point to attend the church services whenever possible and to help further the cause of his church. Besides these activities he was a member of the American Legion, and the Masonic Order.

At the time of his death he was serving on the local school board. He has been on the board for several years, and it was his dream to see a new and modern building constructed on the site of the old building which is now being razed. Mr. Hoffman devoted long hours, not only to his church meetings, but to those sessions of the Board of Education, which have been numerous since plans for the new grade school were inaugurated.

Whenever possible, "Duff," as he was known to all of his acquaintances here, would drive great distances to be with his family and friends over the week-ends. Especially in the leisure hours in the summer months did he enjoy sitting with his farm or friends around the Square to talk about crops, horses or general farm conditions. "Duff" was interested in farmers, not solely because he sold farm supplies, but he proved interesting in the discussion of farm problems, and he was one of the men who gained through his travels.

It was these friendly and human contacts that he made when around town that brought him close to everyone through the years. As regarding the old clock liked, we'd see Duff leave early on Monday mornings... winter or summer... rain or shine. And then on Thursday or Friday of each week... On Sundays he was the happiest for it was then he spent the day at home with his family.

Congenial, kind and ever-thoughtful of his immediate family, a vacancy will not only be left in the home, but the community will suffer a loss through the passing of this beloved citizen. The sympathy of the entire village is extended to the bereaved ones in the sudden loss of husband, father and son.

The last rites will be held this afternoon at 2:30 in the Lutheran church, with Rev. Richard C. Wolf officiating. Burial will be made in Greenlawn cemetery and arrangements are in charge of Miller-McQuate.

## HOME ON FURLOUGH

Chance played an important part in the furlough of Lawrence Cornell, who arrived here Sunday afternoon from Camp Shelby, Miss., to spend a fifteen day visit with his parents, Mr. and Mrs. A. F. Cornell and other relatives.

Eighty of Uncle Sam's selectees are being sent to the same time and the captain of the group decided to place the names of all applicants in a hat. Twenty of the 80 boys were slated for leaves. Lawrence drew a lucky number, and will also be having a fine time in Plymouth.

Gene Cornell, accompanied by Wayne Hough and Tony Fenner, left Plymouth last Thursday for Camp Shelby and Lawrence returned home with them, arriving in town at 4:30 p. m., which is quite a record for the number of miles covered.

## N. WASHINGTON BAND TO PLAY ON SATURDAY

The entertainment committee of the Business Men's Association has secured the thirty-nine piece band from New Washington for this coming Saturday night's program.

The New Washington band has played in Plymouth on numerous occasions in the past and has always had a good following. They are noted for presenting a real band concert, and no doubt a large crowd will be present Saturday night to give them a welcome.

With busy days at this season the farmers in this section will appreciate an evening among friends and neighbors, and the spacious square in Plymouth, plenty of parking space, and convenient drinking fountains, will help you in having a good time in town Saturday.

## BOY SCOUTS TO AID IN COLLECTION OF POTS AND PANS FRIDAY, JULY 25

The Office of Production Management, William S. Knudsen, Director General, has requested F. H. LaGuardia in his capacity as Director of the Office of Civilian Defense to help remedy a temporary shortage of aluminum in the national defense production by conducting a nationwide campaign for donations of used aluminumware. Such a campaign is now being conducted under the joint direction of the Office of Production Management and Office of Civilian Defense.

The government is arranging for sufficient aluminum production to meet defense needs in the meantime, scrap aluminum in large volume is required to provide a slow-down in the defense program. Aluminum so salvaged, after proper treatment, can be used for defense purposes, and will also be used to create aluminum for airplanes, etc.

By virtue of a priority order effective June 10, no aluminum so collected may be used for non-defense purposes.

The entire non-excess will be available to the Office of Civilian Defense, and any expenditures required for the proper defense of the civilian population.

## FINISH ORDER OF EQUIPMENT FOR THE PARK

Tuesday afternoon four more tables and five benches were delivered to the Mary Fate Memorial Park, completing the full number originally ordered. This makes at total of 18 tables and 17 benches now available to park patrons. The tables and benches were made by the NYA at Toledo and delivered at practically cost here. A number of organizations have already agreed to sponsor the payment of one or more, but there is still a balance due on them, so if park pledges are paid at this time, this debt can be liquidated.

The park committee should be commended on their foresight in placing the order early, as word has been received that no more can be obtained. The NYA work being suspended in favor of defense work at the present time.

The NYA work on the park has also been suspended, thus permitting more workers to aid in razing the old grade school building. Upon completion of this it is possible that the NYA workers will be returned to the park project to complete their work.

Concession rights, on a percentage basis, have been awarded to the Plymouth Locomotive of the Hitching Post, and the NYA building will be used as a concession stand.

## BALL GAME TO BE PLAYED ON LOCAL FIELD

AKRON TEAM TO PLAY PLYMOUTH LOMOTIVES

The Akron Sahara Dry Baseball Club will be in Plymouth next Sunday, July 20th, to play the Plymouth Locomotives. The game will start at 2:30 and will be played on the High school athletic field.

The Akron club is rated as the best team in the state of Ohio. This game will offer the fans a real treat. Plymouth played a good game last Sunday, also the local lads were defeated by Wadsworth 3 to 0. Stone of Plymouth, allowed but four hits; Plymouth got seven hits.

It is costing Plymouth to bring the Akron nine here Sunday and there will be a 25c admission for adults.

Mr. Edgar Kline of Charleroi, Pa., is a guest this week of Mr. and Mrs. John W. Lanus. Mr. Kline is a nephew of Mrs. Lanus.

## SPECIAL ELECTION TO BE HELD NEXT WEDNESDAY; MUNICIPAL POWER PLANT IS THE QUESTION

VOTERS WILL DECIDE ISSUE, WHICH HAS CAUSED MUCH DISCUSSION HERE.

On Wednesday, July 23, the voters of Plymouth will cast their ballots at a special election which will determine whether or not Plymouth village officials will proceed with a construction program of a municipal light and power plant.

The controversy is an outgrowth between the Ohio Power Co. and local officials. In its effort to secure lower rates without signing a ten-year contract the village authorities started proceedings for the construction of a municipal plant. An injunction on this procedure was served, and called the election necessary.

The village council and the board of public affairs split up over the advisability of erecting a municipal plant, the board supporting the power company, and the village council taking the stand that the village could economically and satisfactorily produce its own power.

Charges and counter charges have been hurled at both sides and the election Wednesday will settle the question, at least for the present.

## GUEST PREACHER AT LUTHERAN CHURCH

The Rev. Gilbert W. Ewangel of the Bethlehem Evangelical Lutheran church of Youngstown, will fill the pulpit at the First Lutheran church this Sunday morning.

The Rev. Wise is a graduate of Gettysburg College and Seminary and has served the church in Youngstown successfully for six years. He has been active in inter-denominational activities in Youngstown having served as an officer of the Youngstown Ministerial association.

Rev. Wise comes to Plymouth upon the recommendation of the former pastor of First Church, the Rev. M. A. Stull, now pastor of St. Luke's Lutheran church of Youngstown.

## BUSINESS MEN FAVOR BANDS

The July meeting of the Plymouth Business Men's organization was held Monday evening at the Mary Fate Park, with Mr. Tracy in charge of the eats.

Discussion of the entertainment program for Saturday night revealed that the majority favored a band, and as a result, and beginner, the New Washington band will play here Saturday evening. It is likely that the North Fairfield high school band will be on the program before the season closes.

The business men feel that if our local school band makes progress this winter, that it will give steady employment for the concert next summer.

In discussing the rumors of the proposed changes in traffic laws, the majority of the business men expressed themselves in favor of keeping the present traffic light and standard in the Square, and pointed out that additional "stop and go" lights on the north and south side of the Square would answer the purpose of slowing traffic up before entering the Square.

A donation was made to the village to be used in the Mary Fate Park. The money was taken in during the spring jubilee.

## REMOVED HOME

Harry Shutt was removed to his home Sunday from the Shelby Memorial hospital, where he was treated for pneumonia.

E. K. Trauger returned home Monday evening from Columbus where he received treatment in the White Cross hospital in that city.

Mr. and Mrs. O. F. Ward and Mr. and Mrs. James Rhine spent Sunday at Chippewa Lake.

tion date. Mayor Johns points out the stability and faith our forefathers had in the community and its welfare, and urged that voters take the same attitude toward the light plant issue. The letter, in full, follows:

As the time approaches for the people of Plymouth to vote upon the light plant project, those opposing it are trying desperately, by fair means or foul, to virtualy scare you into voting against it.

Over a loud speaker on the Public Square last Wednesday night, some misinformed, misguided and prejudiced individual told you of the many dire things that would happen to our light plant in the event we should default in the payment of the Revenue Bonds issued to install the plant.

He told you that in case of default the Bondholders would take over the plant under the franchise provisions of the ordinance and then we would be at their mercy. He told you that we would have to pay rates at any figure the bondholders desired to charge. That we would lose all we had put into the project and be worse off then, than we are now.

Don't let yourselves be scared or misled by such statements. The Ohio Power Company which we all know, is back of these statements, knows full well that the statements are untrue.

True, the ordinance as well as the state law, provide that in the event of default in payment of the bonds, the bondholders by proper court proceedings may take over the plant and run it until the bonds are paid off. The ordinance does, as provided by law, provide that in the event the trustee for the bondholders

## HARVESTING OF WHEAT IN SWAY

Farmers are busy in this section harvesting one of the finest wheat crops in years, in both quality and quantity.

Reports indicate that the combined wheat isn't as good quality as wheat thrashed in the old way—first cut and then thrashed.

The Chicago opening price on Thursday morning was 97c. Last week it was \$1.00.

Mr. Jerry Ratcliff of the Plymouth Elevator, feels that the majority of local wheat is testing No. 1, and many farmers are getting 30 to 38 bushels to the acre.

Wayen Gebert of Camp Shelby, Miss., arrived home Wednesday night to spend a few days with his parents, Mr. and Mrs. Louis Gebert.

**PLYMOUTH COAL CO.**

**PLYMOUTH IS CERTAIN TO LOSE-- IF IT BUILDS AN OIL ENGINE PLANT COSTING \$65,700.00**

FOR twenty years since Plymouth closed down its own electric plant, all the power used in the homes and industries here has been made by The Ohio Power Company. It is purchased at low wholesale rates by the Village and resold to the public.

Recently, a non-resident land surveyor named Carl Simon has been trying to persuade the Village to build a "one-horse" oil engine plant at a cost of \$65,700, so as to generate its own power. If he succeeds, he will pocket over \$4,000 for his services and outside oil engine manufacturers will get \$51,000 of your money for their equipment.

**WHAT WILL YOU GET?**

It is very simple to prove from Simon's own figures that the people of Plymouth are certain to lose if they agree to this scheme.

In the report submitted to Council, Simon underestimates the cost of running the plant, but in spite of this fact, we will take his own figure for bare operating expense to produce the power necessary for the Village which is \$8,308.15. That does not include paying off the debt and rental of the money. He estimates the interest on the debt for fifteen years at \$24,700, or \$1,646 a year.

Oil engines wear out rapidly so that the debt itself must be paid off in fifteen years, or at the rate of \$4,380 a year.

Add the three items for operating expense, interest and debt payment and the total yearly cost is \$14,334.15. The same amount of power bought from The Ohio Power Company will only cost \$10,263, so that you will pay over \$4,000 a year more for power made by the Village than for purchased power. **WHAT YOU GET FROM A VILLAGE OIL ENGINE PLANT WILL BE EITHER HIGHER ELECTRIC RATES OR HIGHER TAXES TO MAKE UP THE LOSS.**

## LETTERS TO THE EDITOR

### WHAT SHALL IT BE?

A chance to use electric power and light (money?) for a better park, a bigger library, school equipment, any village improvement—or add to the net profits of a big public utility?

The people of Plymouth are about to vote on the issue of a municipal light plant. Whether or not the citizens want to pay for electricity to themselves and keep the money in their own community to be used as the village desires or add more profits to the Ohio Power Company, will be determined on Wednesday, July 23.

A few people in Plymouth have stock in the Ohio Power Company from which they undoubtedly receive dividends. If the citizens should vote to own their own light plant everyone in the village could receive dividends in some form or other from their own money paid into their own treasury—and still the local stockholders would receive their dividends from the power company as it is expanding and charging sometimes as high rates as five dollars per month till the new light lines are paid for by the consumers—not by the company or the stockholders.

Plants that generate electricity have been a very profitable business for the Ohio Power Co. throughout the country. Does Plymouth want a similar profitable business for itself? Shall it be Plymouth for the Ohio Power Co. or Plymouth for Plymouth?

### LOCATE 82 CEMETERIES

Norwalk—Frank Vogel, engaged in county project work, and who has made a study of Huron county cemeteries, reports there are 82 cemeteries in Huron county, not including the scores of private burying grounds, a number of which evidently would be hard to locate.

## WHEAT MARKETING CARDS REQUIRED BEFORE SELLING

Wheat farmers who have exceeded 1941 AAA wheat allotments are reminded that no 1941 wheat can be sold or fed without first securing a wheat marketing card from the AAA Committee.

A lot of confusion exists concerning the penalty on excess wheat and the method of determining excess production. Any farmer who has planted more than 15 acres of wheat and has exceeded an allotment of 10 acres or more has excess wheat which must be disposed of before a wheat marketing card can be secured.

The following examples are cited:

A farmer has an allotment of 16 acres. He planted 23 acres for harvest. His normal yield as determined by the county committee is 19 bushels an acre, and his actual yield is 25 bushels an acre. He has exceeded his allotment by seven acres. The excess production therefore is seven acres times the normal production (the normal or actual production, whichever is smaller) of 19 bushels an acre or 133 bushels. The penalty on the excess production would amount to \$85.17 which must be paid before any of the wheat on the remaining 16 acres or the allotment can be sold or fed.

It is explained that the producer may delay payment of the penalty by storing the excess wheat and secure a loan of approximately 65 cents a bushel, or turn it over to the Secretary of Agriculture for relief purposes. When this is done, the farmer receives a marketing card permitting him to feed or sell the wheat produced on the acreage allotment. This

is his marketing quota or free wheat in addition to any 1940 wheat in his possession and wheat produced above his normal yield on the excess acreage.

Excess wheat cannot be destroyed, fed or disposed of in any way other than the methods prescribed by the marketing quota law to avoid payment of the penalty.

### CITIZENSHIP DAY AT VERMILION, O.

Large caravans of automobiles from Richmond, Ashland, Wayne, Medina, Huron, Crawford, Erie and Lorain counties are ready today to trek to Crystal Beach Park near Vermilion for the big Citizenship Day program scheduled for the entire day.

The highlights of the program is to come at 3:00 o'clock in the afternoon at which time Governor John W. Bricker is scheduled to make an address on "Citizenship and Defense." The Governor will be introduced by H. G. Sours, director of the Ohio Department of Highways.

Appellate Judge Irving Carpenter of Norwalk, general chairman of the Citizenship Day committee, arranged the patriotic celebration and picnic, asserted today he expected the crowd to number 10,000 people.

**BURNING UP THE ROAD AT 85** miles an hour in an old Ford whose outward appearance belied its speed and a youngster at the wheel at that, is just one of the many thrilling experiences Walter Bethel and Edwin Keller related upon their arrival in Plymouth recently.

Walter is the son of Rev. and Mrs. H. L. Bethel and the two young men who had been employed at Hilltop Farm, Vermont, hitchhiked home. The eight hundred miles was made in thirty-three different cars and distances, the cars ranging from a new Cadillac to the old Ford described above, which literally "scared the life out of 'em"

## COMPLETE DRIVE

**\$134 RECEIVED IN U. S. O. DRIVE IN PLYMOUTH; FAIL TO REACH GOAL.**

Plymouth's campaign to raise \$150 for its share of the United Service Organization national drive has been practically completed and to date \$134 has been turned into headquarters. While not quite reaching their goal of \$150.00 there is still the possibility of lessening the deficit of \$18.00 when several more reports are turned in.

Considering the number of calls made on Plymouth residents this is exceptionally good and workers who gave of their time and effort are to be commended.

On June 3 the U. S. O. launched a campaign for \$10,765.00 to operate 360 service clubs for the men of the U. S. Army and Navy. The clubs will be located in the towns near training centers. The U. S. O. will also finance entertainment programs in camps and naval stations.

The U. S. O. is a coordinating agency composed of the Y. M. C. A., National Catholic Community Service, Salvation Army, Y. W. C. A., Jewish Welfare Board and National Travelers' Aid Association.

Locally, Mrs. S. C. Brown headed the campaign and had for her workers Mesdames Louis Gebert, H. H. Fackler, W. C. McFadden, Dave Scafield, George Hershiser, Chas. Lorkabaugh, and E. L. Earnest.

**ENLISTS IN CORPS**  
William Miller, son of Mr. and Mrs. William Miller of Willard and brother of E. Beryl Miller of Plymouth, left last Thursday for California where he will be stationed in some department of the Air Corps.

"Bill" enlisted several weeks ago and after successfully passing his physical examination in Columbus was transferred to California. No details have been received. Mr. Miller is also a former member of the Plymouth High faculty.

## YOUNGSTERS AT GAME SATURDAY

Forty Plymouth youngsters traveled to Cleveland Saturday to see the ball game between the Cleveland Indians and the Philadelphia Athletics.

Eight local men donated their cars to take the group. Those who drove were Don Ford, Jim Rhine, Orva Dawson, P. W. Thomas, Jim Root, Ross Sourvine, Willard Wirth, and Rev. Wolf.

Everyone, both the youngsters and the adults, enjoyed the day, so much so that several of the men were heard to remark that they thought it would be a good idea to make it a yearly affair.

Originally begun by the Boy Scouts, the ball game trip has expanded to include many more of the youngsters of the town.

So long as tickets are available and men are willing to give their time and cars there is no reason why the good idea should not continue.

**TRANSFERRED**

## CASHMAN-LUNSFORD WEDDING IN JUNE IS BEING ANNOUNCED

Announcement is being made of the marriage of Miss Florence Lunsford, daughter of Mrs. J. N. Lunsford of Chesapeake, O., to Mr. Carroll Cashman, son of Mr. and Mrs. S. H. Cashman of near Plymouth.

The ceremony took place on June 21st at the Central Christian church in Ironton, O., with Rev. J. E. Traylor, pastor of the church, officiating.

Attending the couple were the bride's brother-in-law and sister, Mr. and Mrs. Guy Hall of Huntington, W. Va.

The former Miss Lunsford graduated from the Chesapeake schools and from Ohio University in 1939. She has been teaching classes in the Canal Winchester schools at Canal Winchester, O. The bridegroom attended Shelby high school and graduated from Ohio State University this spring.

They are making their home with the bridegroom's parents near Plymouth for the present, following a motor trip through southern Ohio.

### STEAK FRY

A steak fry honoring Rev. Wolf who will leave next month was held Monday evening at the G. W. Pickens home on North Street. The group included Mr. and Mrs. E. L. Earnest and daughter Marilyn, Mr. and Mrs. S. C. Brown, Mr. and Mrs. G. W. Pickens and daughter and Rev. Wolf.

### MOVES TO CLEVELAND

Mr. Ralph Fey of Cleveland was a guest Sunday of Miss Bonnie Curpen, in the home of her parents, Mr. and Mrs. E. B. Curpen. Mr. Fey has been transferred to Cleveland from Philadelphia, where he is connected with an insurance company.

### HONORED AT SHOWER

Mrs. Donald Akers was honored last Thursday evening at a stork shower which had been arranged by Miss Helen Dick and Mrs. Gertrude Hampton at the Dick home on West Broadway. After an evening of games and contests a lovely luncheon was served to the following: Mesdames LaVerne Sheely, Louise Einsel, Helen Sams, Gertrude Hampton, Dorothy Franks, Ruth Fitch, Hilda Somers, Betty Fetters, Lois Taylor, Miss Helen Dick and the honored guest.

### CATECHETICAL CLASSES TO HOLD PICNIC

The Catechetical Classes of the Lutheran church will hold a picnic supper at Seltzer Park, Shelby on Friday, July 18th. The group is asked to meet in front of the church at 2:30 o'clock.

### REACHES 90TH BIRTHDAY

Congratulations to Mrs. Martha Brown, who observed her 90th birthday anniversary at her home on Park avenue, Tuesday, July 15. Mrs. Brown, who is the oldest resident in Plymouth, was born here and has been a life-long resident. She is the mother of J. L. Pasel, Crestline; Frank of Bayurus, and Ben of Plymouth, Mr. and Mrs. Elmer Tinkey and Mr. and Mrs. George Tinkey of Mount Vernon, spent the day with her and Mrs. Brown received many cards and flowers in honor of the occasion.

### UNUSUAL PROGRAM GIVEN AT W.S.C.S.

In celebration of the patriotic month of July, the luncheon committee of the W.S.C.S., Methodist church, decorated the tables with

flags and firecrackers. At the conclusion of a lovely meal, the firecrackers were "exploded" and found to contain questions pertinent to the month, to be answered by the members present. The committee was Miss Jessie Cole, Mesdames, Bernice Morrow, Hershiser, Mabel Wirth and Natelle Motley.

Mrs. Florence Brokaw had the devotional, the theme for this and also for the program being "Investing Our Heritage in Cooperative Methodism". The theme songs used in both were "Blest Be The Tie That Binds" and "Oh, Master Let Me Walk With Thee". Mesdames Eva Ross, Miriam Hershiser, Misses Nancy Wintermute, Norma Thrush, Holly Pitzer, and Allan Ford of Plymouth and Miss Jacqueline Daniels, of Ontario, assisted the program leader.

During the work hour bedding was finished to be sent to the Frakes Home in Kentucky. In the business session it was decided to hold a picnic in August in Cooperation with the Friendship Class, probably on the third Thursday in the month. President Hershiser appointed a committee to work out plans with the committee named by the Sunday School group, Mesdames Pitzer, Ross, Thrush and B. Ford.

It was also voted that the Executive committee be empowered to care for the W.S.C.S. business until the September meeting, in case something important should arise.

The September committees will be announced later.

### HAZEL GROVE AID WOMEN MEET AT TUCKER HOME

The Hazel Grove Aid met on Thursday for an all-day meeting at the home of Mrs. Cyrus Tucker, northwest of Shelby, with 22 members present.

A pot luck dinner was served at noon and was followed by the business session, conducted by Mrs. Ernest Loveland. Mrs. Charles Baird had charge

of the program which consisted of a chorale selection played by Grace Tucker and Dora Baird, a recitation given by Sallie Baird and a solo sung by Allene Cook.

### NEWLYWEDS HONORED THURSDAY

Thursday evening, Mr. and Mrs. Robert Fortney, newlyweds, were honored with a miscellaneous shower at the home of her parents, Mr. and Mrs. Ross Van Buskirk, east of Plymouth. The affair was attended by seventy guests, and a social evening enjoyed. Dainty refreshments were served and the honored guests were the recipients of many beautiful gifts.

### ENJOYING WESTERN TRIP

Cards were received this week by friends stating that Miss Florence Danner and her party are greatly enjoying their western trip. They have just returned to Stockton, Calif., from a lovely trip to Yosemite National Park and are now motoring up the coast as far as Grant's Pass, Ore., then down along the Redwood Highway, taking the coast road to San Francisco and back to Stockton.

They will probably start their homeward journey in ten days.

Simon and Associates, registered engineers, to proceed with the preparation of detailed plans for the installation and construction of a Municipal Electric Light and Power Plant in the Village of Plymouth, Ohio, for the purpose of supplying and generating electrical energy for the use of the inhabitants of said Village.

Ordinance Number 45 amends section 4 of Ordinance Number 35 and directs Carl J. Simon and Associates, registered engineers, to proceed with the preparation of detailed plans for the installation of a Municipal Electric Light and Power Plant in Plymouth.

Ordinance Number 35 provides that said Engineers shall be paid the sum of \$275.00 for their services in preparing a preliminary survey and estimate, and, if the project is proceeded with, a total of 7% of the total cost of construction; 3% of which shall be paid upon completion of detailed plans and specifications.

Ordinance Number 45 provides that said engineers shall be paid, if the project is proceeded with, the sum of \$350.00 upon completion of the detailed plans and specifications and a total of 7% of the total cost of construction (labor and material included) less the \$275.00 for preliminary survey and the \$350.00 for the preparation of the detailed plans and specifications.

Said Ordinance Number 45 directs said Engineers to proceed with the preparation of detailed plans for the installation of a Municipal Light and Power Plant.

YES NO SHALL ORDINANCE NO. 45 BE APPROVED? X NO

## AN OUTSIDE ENGINEER SAYS:-

- 1. Plymouth should have a small "one horse" Electric Plant.
2. Plymouth would have reduced Electric Rates. (This is impossible.)
3. Home-made power would cost each year ..... \$14,334.00
4. Wholesale power would cost each year ..... \$10,263.00

## WE ASK:-

Why should Plymouth have a plant and how could it give us lower rates when— It would cost us \$4,071.00 more each year to get our electricity?

Vote "NO" July 23, 1941

## Missionary Safe Home With Parents

In a recent issue of The Defiance Current-News, a picture was given of Miss Jessie Blanchard, the missionary, who survived the Nazi sinking of the Zam-Zam, Egyptian steamer, in the South Atlantic in April, as she stepped off a B. & O. train into the arms of her parents.

Excerpts from that paper: Her voice choked with emotion over her joy at being back after her harrowing experiences of the past two and a half months.

With her when she left the train were a few personal items she saved from the Zam-Zam. In the bottom of the Atlantic is an organ which she worked hard during the last summer to purchase, also school supplies, large quantities of canned goods, which she had procured last summer and countless other things which she was taking with her to the Belgian Congo Mission.

Somewhere at sea or already in Africa is the old bell from the Highland township in Ohio, which Miss Blanchard was taking to the mission school at Kangu. Because of its weight the bell was refused passage on the Zam-Zam and left New York on another boat together with some other cargo belonging to Miss Blanchard.

Detained in the lobby of the B. & O. station, Miss Blanchard said she had come through her experiences without injury.

Taken off the Zam-Zam by the German raider Tamesis, Miss Blanchard was taken to St. Jean de Luz in France and then to Biarritz where she was held by the Germans ten days; when the party was taken by German officers to the Spanish border and sent on to San Sebastian, Spain. From there they made their way to Lisbon, Portugal, sailing from there to New York.

"We were treated courteously by the Germans. We were not locked up on the boat, but were permitted to use part of the lower decks. We suffered most from the lack of food."

She said: "Oh, I am so glad to be back in Defiance and to see my mother and father again."

### RED CROSS NEEDS MORE HELPERS

Don't forget that the Red Cross needs help. Work is being carried on every Thursday afternoon at the school house. The room is nice and cool, and is fully equipped for the various kinds of work. Already many skirts, little girls' dresses and bonnets have been completed as well as knitted goods. There will be plenty of sewing for a long time, so come and lend a hand.

### PLANS FOR HOME COMING

The Civic Club is making its plans for a home coming to be held this fall. The time will be announced later.

### LEG BROKEN WHILE HARVESTING WHEAT

Sherm Kissell, long a resident of this community, but lately of Boughntownville, had the misfortune of falling off the combine while at work one day last week. The machine passed over one leg causing a bad break. He was taken to the Willard Municipal hospital for treatment.

### 40 BUSHELS TO ACRE

Farmers are in a contest, whether they will admit it or not, for we frequently hear that this one or the other raised the greater number of bushels to the acre.

Here is the best report so far. We wonder who can beat it.

Wheat combined on the Vic Baker farm made 40 bushels per acre.

### ENTERTAINED AT DINNER

Sunday dinner guests at the home of Mr. and Mrs. George England were Mr. and Mrs. Cloise Roth and son Harold, Mary and Louise Carlson, all of Defiance; Evelyn, Marjorie and Gordon England, Carl Wais, John Moore and Eileen Irwin, all of Mansfield.

### FRIENDS HONOR MEMBERS

### Rev. Stover Officiates At First Wedding

Rev. Stover, the newly installed pastor of Mt. Hope, was called to Youngstown Saturday to officiate for his first wedding ceremony.

Using the service of the church Rev. Stover united Miss Ethel Bower of Youngstown and Charles Bright of State College, Pa. The wedding was held at St. Luke's Lutheran church.

Mr. and Mrs. Bright were callers at the parsonage Sunday, while enroute on their honeymoon trip.

### NICE PROFIT

A profit of over \$61 was realized by the ladies of Mt. Hope at their festival Saturday evening. The contributions were liberal, and were much appreciated.

The cooperative spirit extended by the Clay Memorial church and the Oakland church were also great factors in making their first festival of the season a success.

As the interior of the church needs redecorating and repairing the ladies are hoping to raise a fund to meet that specific purpose.

On Sunday, July 20, a picnic dinner will be held in the church basement for all members of the church and their families, and also all friends of the church. Every family is requested to bring their baskets and eat together on that date.

This meeting, which is sponsored by the council, is a courtesy for Rev. and Mrs. Stover.

### STIFFER INCOME TAX OUTLINED

Members of the house ways and means committee of congress last week hinted at surprise excise tax levies to raise the \$850,000,000 to \$1,000,000,000 balance of the \$3,500,000,000 revenue program.

The committee agreed on a program of corporation and individual income plus excess profits tax increase to raise \$2,480,900,000 of new revenues. It expects to get approximately \$150,000,000 more by plugging loopholes and raising rates on estate and gift taxes.

About 8,000,000 income tax payers were relieved when the committee decided not to accept proposals for stiff surtaxes on incomes. It agreed to keep the normal individual income tax at 4 per cent, retain present exemptions and avoid broadening the tax base.

It proposed to start surtaxes at 5 percent on the first dollar of taxable income, and graduate them up to the current 75 percent maximum. This, plus the requirement that husbands and wives having separate incomes file joint returns, will raise an additional \$1,360,300,000.

#### EXAMPLES

A single man earning \$2,500 and having no dependents, would pay \$159.50 instead of \$63.80, his current tax charge. A married man without children, making the same income, would pay \$38.50 where he now pays \$11. A married man with two children, who earns \$3,000 and pays nothing now, would pay \$11 under the new program.

The income surtax schedule will more than double the tax load on the lower bracket individual. The treasury proposed to increase some tax charges as much as 700 per cent.

### Bob Brothers Enroute To Hawaii Islands

Traveling the entire continent from Camp Eustis, Va., to San Francisco, Calif., aboard a troop train, was described by Bob Brothers to his parents in a recent communication from the Golden Gate.

Bob and his companions left camp on July 1st and arrived on the 5th at San Francisco. Upon their arrival they boarded the S. S. American, formerly a large luxury liner, which had been converted at Newport News, Va., to transport boys to Hawaii. They were expecting to arrive on the 10th at Hawaii. As yet no letters have been received from that island, taking a week or more for mail to arrive.

His address for the present is: Pvt. Bob Brothers, Coast Artillery, C. A. C., Hawaii, T. H.

### Bricker Services Held Tuesday Afternoon

Funeral services for Raymond Bricker, 37, Jackson township farmer, were held Tuesday afternoon at 2:30 p. m. at the Barkdull funeral home with Rev. D. B. Young, pastor of the Shelby Lutheran church, officiating. Burial was made in Oakland cemetery, Shelby.

Mr. Bricker was the victim of a traffic accident Saturday night at the intersection of State Route 96 and Bowman Street road at Bunker Hill, three miles east of Shelby.

State highway patrolmen said the car driven by Bricker and another driven by Mrs. Sarah Mosberg, 26, of Mansfield, collided, instantly killing Mr. Bricker and injuring his wife and son, both of whom are confined to the Shelby Memorial hospital.

Mrs. Bricker received a fractured skull, broken left arm and multiple lacerations. Her son suffered a broken collar bone and numerous lacerations and bruises.

Besides his wife and son Mr. Bricker is survived by his parents, Mr. and Mrs. Fred Bricker of near Shelby.

### Must Report S. S. Nos.

Employers who are hiring school students to work during the summer months will save time and trouble by recording the social security numbers of these employees at or shortly after the time they are hired.

This statement is made by Edward S. Broughton, manager of the Mansfield office of the Social Security Board. Explaining his statement he said:

"Students who have worked during the second quarter of the present calendar year must be listed in the tax returns which must be in the hands of the collector of internal revenue before the end of July. These tax returns must show the name and social security number of each worker in commerce or industry, regardless of age. The tax return for the third quarter of the year is due before the end of October and must also give this information.

Failure to supply all accurate numbers on tax returns means this information will have to be supplied later. It also may delay the payment of benefits to those who are covered by the Social Security Act; hence it is to the advantage of both employer and employee to cooperate in making wage reports 100 per cent complete so far as social security account numbers are concerned."

## ADDITIONAL GAS LEVY PROPOSAL AROUSING WIDE INTEREST IN U. S.

"The proposal before Congress to impose an additional levy upon gasoline is arousing wide interest," said J. L. Marsh, Executive Secretary, Petroleum Industry Committee of Ohio. "The following statements have been made publicly either in testimony before the House Ways and Means Committee, in radio broadcasts, in newspaper statements or in remarks appearing in the Congressional Record."

**No Measuring Stick**—The farmer does not feel that his use of the highways is a proper and adequate measure by which to determine his contribution toward the cost of National Defense.—Fred Breckenman, Washington Representative of the National Grange.

**Levels All Classes**—Last year Congress increased the Federal tax on gasoline by 50 percent. Despite that enormous increase, there are proposals for further increases in the rate. Such proposals are made perhaps because of lack of understanding of the true economic function of motor fuel.—Congressman Oren Harris, Arkansas.

**Backseat Laughter**—When a man takes his family out for an airing on Sunday in his second-hand jalopy, he happens that results from that outing is wholly different from the pleasure that would result if the father of the family, instead of spending his dollar for motor fuel, spent it for liquor on Saturday night.

**Competition with States**—If an increased Federal tax on gasoline sales should curtail consumption, serious harm to the South Dakota highway system would result. The South Dakota State Highway Commission does vigorously oppose any increase in the Federal excise tax on gasoline.—South Dakota State Highway Commission.

**Future Plight of Farmer**—In case of a future slump, which we must expect, how can farmers carry on if you increase the Federal tax on gasoline? It is evident that whatever tax measures are enacted now will have to stay in force for some time because of

our mounting national debt—Tom Linder, Georgia State Commissioner of Agriculture.

**No Luxury**—Gasoline often carelessly is classified with liquor, cosmetics and other luxuries. Such a classification is erroneous and misleading. In most carousing families, transportation by automobile ranks right along with food, shelter and clothing as a necessity of life.—Congressman William H. Larrabee of Indiana.

**Against National Welfare**—A further increase in the tax rates on motor fuel would not best serve our national welfare. The motor vehicle is an important factor in carrying out the national defense program.—Congressman D. Winter of Kansas.

**Would Discriminate vs. Motor Transport**—An extra 50 percent defense tax already is being collected on motor fuel, and motor trucks are paying \$100,000,000 annually in special taxes to the Federal government, whereas, other forms of transportation have escaped scot free. An additional defense levy on motor fuel would place a severe discrimination upon motor transportation, subjecting one form of transportation to further special taxes not imposed upon other forms of transportation—John V. Lawrence, General Manager, American Trucking Association.

#### HOW MUCH DID YOU PAY?

If you were an average motor vehicle user last year and had for the year an income on a par with others in your same line of work, here is what your motor vehicle taxes cost you. Find your vocation in the list below: Wage Earner, 2 1/2 week's income; Farmer, 3 week's income; Clerical Worker, 1 1/2 week's income; Salaried Business Man, 1 week's income; Independent Businessman, 2 week's income; Salaried Professional Man, 1 1/2 week's income; Independent Professional Man, 1 week's income.

These are general approximations on the basis of the average income of the above occupational groups compared with the average per vehicle tax burden in 1940 of \$55.83 per vehicle"

PRESENTS

## The DUTCH SHOE MYSTERY

You will be held breathless by this startling, fast-moving story of murder in a modern hospital. Daring, clever, extraordinarily exciting, this is one of the most amazing adventures of the famous detective.

Because we want you to know Mercury Books (selected and published by The American Mercury), we'll send you this one—The Dutch Shoe Mystery, by Ellery Queen—practically free. We'll supply the book if you will pay 10c for postage and handling.

Out of more than 60,000 copies printed we have less than 3,000 left—and they're going fast. Hurry and send a dime for the complete copy of this intensely interesting book. (Sorry—only one to a customer.)

Here's my dime. Send me a copy of the Mercury Book, "The Dutch Shoe Mystery" by Ellery Queen.

**LANIUS FUNERAL HOME**

PLYMOUTH, OHIO — PHONE 18  
 JOHN W. LANIUS, Funeral Director

There is no professional service of more importance to a community than that of the funeral director. It is a service that must be rendered by people versed in all details of the profession and who have an aptitude to understand the needs of each individual family that they are called upon to serve.  
 John W. Lanius, funeral director, of Plymouth, justly takes honest pride in the commendation of the families he has served. It is the aim of Mr. Lanius to provide a modern funeral service

which will meet the requirements of people in every walk of life and he has modern and complete equipment.  
 He has given his profession careful study and is thoroughly familiar with the details necessary to conduct a funeral service impressive in every way.  
 The policy of his business is one of accommodation and convenience to the families he serves and the wishes of the loved ones are his first and foremost consideration. The home is now open for inspection. (Adv.)

**HOME DESTROYED**

Fire of undetermined origin, destroyed the home on the Walter Peck farm, two miles east of New Haven, on Route 224, early Wednesday evening. Only a few belongings of the family were saved. The name of the family residing in the home could not be ascertained, but it is said that when the family returned to the home from the barn where they had been milking, the house was in flames.

**Ice Cream Social Is Postponed For Sat.**

**Special Election**

(Continued from Page One)—  
 or the buyer, in the event of sale, shall be given a franchise for a period of twenty years to operate the plant. Not at a rate of their own, however.

The ordinance itself fixes the rate they may charge during the first ten years under such franchise. The rate to be charged will be under the complete control of the Council of the Village and in the event the Council and the buyer cannot agree on rates either the Council or the buyer have the right under the law and the ordinance to appeal to the State Public Utility Commission.

Both the council and the Public Utility Commission will be guided by the law in fixing the rates, only at such figures as will yield a net return of 6 per cent upon the reproduction costs of the plant.

Well, what is so strange and new about what will happen to the plant in case of default in payment thereof?

Many of you in the past and right now are buying a home. You have placed a mortgage on it and during your legal term to pay it off, confident that some time you will be able to say that you own it; that your family is well protected. You knew when you signed the mortgage that in the event of default the holder of the mortgage had the right to foreclose and sell the property if you failed to pay. You had confidence in yourself. You had faith in the future and were not afraid to do your legal term in spite of everything. You paid off your mortgage and are now enjoying the benefits of your foresight and determination.

Don't assume a defeatist attitude. If you do you are only playing into the hands of the power company.  
 The hardy pioneers who settled in this section were not afraid. They came here with their families when it was nothing but a wilderness. They carved out of that wilderness a home for themselves and their families. They built roads, schools, churches and laid out the village. They were not afraid. Nor were they easily scared. They were made of hardy stuff. Money was scarce, but they went into debt for their land, their schools, their churches, confident of their own ability to pay and with full faith in the future of the community.

Are we going to confess that we are not made of the same hardy stock as these pioneers? Have we no confidence in ourselves and our ability to pay off these revenue bonds?  
 Have we no faith in the future of our village?  
 Are we going to admit, for the benefit of the Power Company, THAT WE ARE DEFEATED BEFORE WE START?

The answer, I believe, is decidedly "NO".  
 Let's see what confidence and faith in ourselves and the future of our village has accomplished in the past. The pioneers settled

the land; they felled the trees, built their houses, planted the crops, built schools and churches. They laid out the town, built roads and streets, business houses, banks. They borrowed money and repaid it.

Later, as the town grew, they borrowed money to lay out and pave the streets, they went into debt to put in sewers, they mortgaged every dollar's worth of the taxable property in the village to do all these things and paid it off. Why then, should we be scared? What our forefathers did, we can do.  
 They mortgaged the town to erect new schools. They mortgaged it to keep our beautiful cemetery just as those who had gone before had envisioned it. We built our own water plant and did not allow some utility to come in and tie us down for years to come. We borrowed money to build it. We borrowed \$18,000 not so long ago to improve it and have it about half paid off. Besides meeting these bonds we have put down new wells, bought additional land, put in many new extensions and no one can say that our water rates were burdensome. We can look forward to complete ownership. It is a valuable asset that we kept to ourselves and did not let it get into the hands of some public utility.  
 Having all these things in mind let's go ahead. We can and will be just as hardy and foresighted as our forefathers and predecessors in our effort.  
 We can build our own light plant and pay for it too despite the dire things the Power Company and its satellites say.  
 Remember, The Power Company's interests are not your interests. Knowing this and knowing too that the people of Plymouth have always gone forward and not backward, let's keep out of the hands of the octopus by going to the polls next Wednesday, July 24th, and approve the ordinance the Council has passed by voting "YES".  
 Respectfully  
 W. M. Johns, Mayor
