ACTING on the directives of President Roosevelt, Price Administrator Leon Henderson last week spread emergency price ceilings over virtually all food items hitherto exempt from control and acted to bring every dwelling unit in this country, urban and rural, under rent control.

By these moves, he increased from about 60 per cent to a full 90 per cent, OPA's control over the average family's food budget. The 60-day emergency food price ceilings, which became effective, Monday, Oct. 5th, froze prices at the highest levels they reached during the five-day period from Sept. 29 through Oct. 2.

The only important food stuffs now free from price control are fresh fruits and vegetables (except potatoes, dry onions and citrus fruits), fresh fish and seafoods—all items of a more or less seasonal character.

The Administrator made it very plain that the emergency price levels are not necessary those which will be carried into the permanent regulation.

"We are not satisfied with the prices generally prevailing in the five days between Sept. 28 thru Oct. 2 on several important food items," Mr. Henderson said. "Prices of some uncontrolled foods have been running wild. We have now curbed them. We shall, therefore, look into the matter of setting some of them back to a normal relationship to the rest of the food field."

However, Mr. Henderson warned, that some moderate price increases will be necessary to bring limited food groups in the very near future. These will result from issuance within a few days of regulations designed to relieve the price "squeeze" on those food wholesalers and retailers who have been unable to transact business under their present March ceiling levels. The food items involving these price increases represent about 15 per cent of a typical grocery store's sales.

These adjustments, the Administrator disclosed, will be embodied in three types of regulations—one, giving wholesalers and retailers an alternative pricing procedure on 11 groups of food products; one permitting specific increases on new sack canned fruits and related items; and another covering a small number of highly seasonal items, such as apple cider and maple syrup.

**THE FOUR MILLION American boys and girls, who must ride school buses, have been promised they will continue to get to their classes this winter.** But the O. D. T. warns that steps must be reduced and other savings made.

**WOOD SOLES** and lasts used in shoes manufactured here, have been placed under a price ceiling.

**FIFTEEN pounds of steel** will be the maximum allowed for a full-sized bed spring after Dec. 1. A single or twin-sized bed spring will be limited to 9 pounds of steel. The full-sized springs normally contain about 800 to 1000 pounds.

**TEMPORARY ceilings on lamb prices** have been continued indefinitely.

**DRIED EGG prices** have been put under a ceiling rule.

**FURTHER limitations on export shipments of cereals, flours and oils** have been established.

**MORE than a million farm and small town homes in Ohio, Kentucky, West Virginia, Indiana and Michigan, will be affected by the new fuel oil rationing.** These are the users of kerosene, which is still used for lighting and cooking in vast areas of the country not yet serviced by electricity. Every dealer who sells the "coal oil" must register with his local War Price and Rationing Board and every prospective purchaser must then get a rationing allowance from the boards. The registration of consumers is expected to start Oct. 22, and continue for one week. There will be no strict limits on quantities allowed, but the boards will be allowed to use

their knowledge of local needs and conditions in determining the rations.

**THE GOVERNMENT** would like to have those who eat more than two and one-half pounds of meat a week to cut their consumption to that figure and would like to have those who eat less than that to use more meat. The 2½-pound figure is the mark set for voluntary rationing which must serve until full rationing is possible. If you have to eat less meat—cereals will help make up the lost iron. The legumes—dry peas, beans, soybeans and peanuts—will help make up Vitamin B-1. Dairy products will make up the protein, and poultry is almost identical with meat in food values.

The 2½-pound limit for voluntary meat rationing includes the bones. The pup's ration comes out of your own, if you feed him pork, beef, veal, lamb or mutton, and if you eat in a restaurant, that counts just as if you had eaten at home.

**ARRANGEMENTS** have been completed for the manufacture and sale of 2,280,000 stirrup pumps for protection against fires started by incendiary bombs. The retail price ceilings range from \$3.00 to \$3.80.

**AMERICAN food** is getting to Russia in greater quantities. August shipments of grains and cereals brought the delivered total to 187 million pounds.

**THE ONLY** types of footwear rationed are men's rubber boots and rubber work shoes.

**CHANGES** in the form of tire rationing certificates have simplified its issuance and use.

**CONSUMERS** who exchange used tubes for new metal ones at their grocery or drug stores should be sure the turned-in tubes is made of metal. Plastic and other types are not acceptable in trading for metal tubes.

**SUGAR USERS** have been cautioned against letting their purchase certificates lapse.

**THE FACILITIES** of the 3,022 war beds of the U. S. Department of Agriculture will be used to assist farm truck operators in filling out certificates of war-time necessity under ODT rules.

### John McSweeney In Norwalk, Oct. 22

Next Thursday forenoon, Oct. 22, John McSweeney, Democratic candidate for governor, will be at a rally of the Young Democrats on the court house Square in Norwalk.

Mr. McSweeney will address the gathering at 11:30 A. M. and all who have heard this gifted orator and clear thinker, will not want to miss this opportunity.

John McSweeney stands now as he has stood for the past ten years, squarely behind the President and his domestic and foreign policies and his grasp of the issues at stake is so comprehensive that he has never found a need to indulge in personalities in oratory.

The citizens who are going to the polls in less than three weeks will not neglect the chance to hear a clear-cut discussion of the problems of the times by a man popular with his constituents and capable of presenting them.

Other candidates on the local and state tickets will be present.

## Court Upholds Order in Suit

### SUSTAINS INJUNCTION BARRING CLOSING OF STREETS AT PLYMOUTH SQUARE

The court of appeals at Toledo today had upheld the judgment of the Huron county common pleas court in perpetually enjoining the village of Plymouth from blocking or closing any of the street entrances to the public square.

Suit against the village, contending it permitted carnivals, and other shows to be held in the Square thus blocking street entrances, had been filed by Ray and Olga Dinger, operators of a filling station in May, 1941, at Norwalk, according to attorneys.

The suit charged the village with blocking streets for the benefit of carnivals which were operating for private profit and originated, according to Mayor J. B. Derr, who assumed office since the suit was filed, when a street was roped off in front of the Dinger garage and service station during a homecoming.

A temporary injunction against the village, granted by the Huron county common pleas court, was lifted for the period from 7 p. m. to midnight, on May 22, 23, and 24, 1941, attorneys said, but was later made permanent.

The village had contended that it was not interfering with the rights of the plaintiffs in closing the streets. Attorneys for the village were Carpenter and Freeman, Norwalk. The plaintiffs were represented by Young and Young, Norwalk.

### Warns Youngsters Of 'Halloween' Pranks

Just a word of warning to Plymouth youngsters regarding Halloween pranks. Destruction of property will not be tolerated and pranks must be confined to non-destructive tactics.

Property destroyed at this time may be difficult to replace and careless pranks may prove costly for property owners.

Plymouth officers are seeing to it that the law will be enforced.

### Plymouth Soldier Heard On Broadcast From London, Eng.

Atmospheric conditions automatically cancelled the broadcast from London, England, Saturday night a week ago, when Ben Smith was to speak to his parents, Mr. and Mrs. Howard Smith and friends back home, over the air.

However, the past Saturday evening, a great many local people had the opportunity of hearing him over the Mutual network during the broadcast in charge of Lt. Gen. Raymond R. A. P. from the American Egg Club, in London.

He sent greetings to his parents and sister, and said that he and the rest of the American boys in England were receiving royal treatment from the British and reported that all were enjoying good health.

Remember, the scrap is donated to the school, and it will then be disposed of in the best way.

Boys will call at the homes on Friday afternoon to help find the scrap and bring it to the scrap pile.

Your hearty cooperation in this drive will be greatly appreciated.

## Returns to Camp

After a 28-day furlough, Eddie Grimmer returned to Camp Eustis, Va., Friday afternoon. Eddie spent the greater portion of his time with his parents, Mr. and Mrs. Albert Grimmer of Steuben.

Eddie left Plymouth in 1937, going to Mt. Vernon. Later he traversed quite a bit of the western territory, finally winding up in Chicago where he was employed as a truck driver. He entered the Army at Chicago and has since been stationed at Camp Eustis where he is with the coast artillery.

Upon entering the Army, Eddie soon made a record for himself, being promoted to Corporal. The first of the year he underwent an appendectomy operation. Recently he was confined to the hospital for five weeks, after which he was granted his furlough.

His many friends here were glad to see Eddie (Corporal Grimmer, you please) after his long absence in the community, and everyone is wishing him much luck and continued success.

(P. S.—Gable, Taylor, and the other stars don't have a thing on Eddie for "looks and personality.")

## Church To Vote On Pastor Sun.

This Sunday, Oct. 18, a congregational meeting will be held in the Lutheran church, at which time a vote will be taken as to whether or not to extend a call as pastor to Dr. Hackenberg of Zanesville.

The members, as a whole, were very favorably impressed with Dr. Hackenberg when they met and heard him recently at a meeting in the church.

Approximately ten days ago several of the members thought it would be splendid if the bank note of nearly \$300 against the church could be paid before a call was extended to the next pastor. An effort was made to raise the amount and to date, not only the debt, but nearly \$600.00, including the amount for the retirement of the debt, has been pledged, and there are still several members to be contacted for pledges.

It is the intention of the council to use the money collected over the amount of the note, for repairs and maintenance to the parsonage and church, and not for any current or general expenses.

## Visits Chester Garrett

Willard Garrett, Ruth DeVeny Mrs. Lottie Garrett and Mrs. Don Engle spent the week-end with Private Chester Garrett, who is stationed at the Engineer's replacement Training Center at Ft. Belvoir, Va. # LETTERS TO THE EDITOR

463 Park Ave.  
East Orange, N. J.  
October 5, 1942

Dear P. W.:  
I think of you every time I pick up a newspaper. I think how all this "hot news" would interest you. I am enclosing several clippings of news items that might interest you. Make some of the ministers who are interested in the church clippings if you do not want them.

Prices here are quite high—eggs, 67c per doz.; butter, 52c; wieners, 31c per lb.; milk, 16c and 17c per quart.

We get the Advertiser, either on Saturday or Monday. It has proved especially interesting and entertaining this year to us.

Since we have been in this area, we have seen some very interesting places and have done several interesting things. We have been up to Hudson to see the Mountaintop; visited the Metropolitan Museum of Art and Museum of Natural History, and window-shopped on Broadway from 42nd to 33rd St. Ferry. We have seen several good shows at Music Hall at Radio City and the Adams Theatre in Newark.

We had some very interesting personal experiences with old acquaintances and acquaintances of persons back home. Recently our door bell rang and who should appear but Cecil Culp from North Fairfield, who was visiting a brother in nearby Cedar Grove.

On another occasion a couple called on us saying that they had heard of three teachers in the town of North Fairfield. Mr. Thomas McCormick is the man's name. He was a college chum of Mr. Harvey at Hiram College. Mr. McCormick teaches mathematics in the Eastern High School of Brooklyn. He lives in East Orange and he commutes. He leaves early, has his breakfast in an Automat, and has the morning paper by the time he gets to school.

He was one of the teachers at Commerce High School when Lou Gherig was in high school. He says that the author of the book telling of his life, gives an authentic account. He says that the author didn't tell of one incident that led to his baseball career. The freshmen were playing the faculty with the faculty far ahead. Lou stepped up to the coach, saying he could pitch. The coach asked him where he got the training. Lou said: "In the sand lot." The coach put him in. The freshmen won the game.

Another incident which was more personal, occurred at a show recently. We found out through his press agent that he knew Vaughn Monroe and that he had an engagement at the Adams theatre with his band in early September. We attended the show and went back stage afterwards. We got into the dressing room about seventeen years. He knew us but couldn't think of our names. We each had him in the seventh and eighth grades at a one-room school and Hart's Corners, near Akron, Ohio.

Vaughn is now playing at the Commodore Hotel in NYC, and will soon be in a Metro-Goldwyn-Mayer picture. At this time show they had a picture "Parachute Nurse." In it is a Captain Morgan. The part is played by Lauretta Schimwoler, formerly of Plymouth and Bucyrus. Alice says she remembers her in about the sixth grade. She says her voice over the talkie sounds the same as it did back there.

The workers at the factory are all well meaning. Over the Cardinal's victory. The Signal Corps boys from the St. Louis area are all smiles over the victory and the nice bets they have won. I think he had the game of yesterday in review about 15 times last night while at work.

I'll possibly see you in November.

Another friend,  
J. C. Murlin.

Mrs. Josephine Rogers, that inveterate traveler originally from Plymouth, sends a short synopsis of her trip from Long Beach, Cal. by bus to St. Petersburg, Fla., and asks that it be printed in the Advertiser for her many local friends' interest.

The letter follows:  
October 6, 1942  
"As you can see I am this far, (New Orleans, La.) on my wonder trip; arrived yesterday at 7:15 p. m., one hour late, as has been most of the buses. All buses are overcrowded, sitting in chairs in the aisles, standing and even sitting on the floor of the bus. Some times a follow-up bus after two

weeks there I found the climate much better than the infested state of dive-bombing mosquitoes that Dr. Seagle so thinks the sun rises and sets in. You will have to admit that, Doctor, too!

In about three weeks' the people of George will start harvesting the pecans. They seem to be very plentiful but due to labor shortage it will be a problem. However, we are located in a grove of about 5000 trees and we soldiers will have plenty of nuts. By the way, if anyone wishes to drop me a line, I will remember them with a bag of pecans (here's hoping the "crap" games hold out with my dice so that I can pay postage). Editor: I'll send you a bag, but don't cry because I know you will feel a bit homesick.

Now, about your people. There are plenty of carbon copies of good times. The cotton, of course, keeps them there. One of the most interesting places to visit is the quartermaster's department, which employs women. Those red heads are outstanding. Your first advancement is to practice that Southern Accent by calling them "Sugar and Honey Chile." If you get those little words passing through your tonsils properly you are on the ground floor. Our friends from the Bronx are having some difficulty.

The city of Macon is very well planned. Cherry street, which is the Main Street, has sidewalks and streets much wider than our good old Euclid Avenue in Cleveland. The city itself is very clean—very good places to shop, but prices seem to be quite high. The source of water supply is terrible. Even after it is treated it still looks as though iron ore is in the water—colored.

Now and then about four of us cooks have a get-together in the grill room of the Dempsey will tell. It seems to be an atmosphere of refinement and your feminine contacts that you meet there are always above the average. However, the redheads and the frocks that so plainly stand out,

As today is my birthday I celebrated by going to the old French restaurant to have some of their world known soups that one eats after dunking them in a mound of pulverized sugar; two square ones with a cup of hot delicious French coffee at 10c. Went to a good show, but will have an extra special dinner, take a long walk, and then going to my room knowing that God is Good and its great to be alive and well and safe on our glorious America.

Plan now to leave tomorrow—Wednesday, at 12:30, and if not too late leaving and arriving will make St. Petersburg, Fla., sometime late in afternoon. I could have a large room. Most of the soldiers had left for their various camps.

By the middle of the day I could have a large room. Most of the soldiers had left for their various camps.

The last lap of this long journey has had been an enjoyable one despite delays and discomforts.

Josephine S. Rogers.

make one's evening a complete round of pleasure. And they can cook, too! Had dinner at the house and the fried chicken and hot biscuits can't be equalled, even in our own mess halls. I guess it must be the "touch".

The airport that I am at is only five miles from the city and bus service is every 45-minutes with 16 minutes driving time. So after all army life isn't at all bad. I like it very much and only wish I were 15 years younger.

Well, guess it's all the nuts come through.

At the overnight camp held by the Shelby District Scouters, Jr. Davis was sworn in as a Junior Assistant Scoutmaster of Troop 1. Davis will be in charge of outdoor tests, including pace, fire building nature, and tracking.

Sid Thomas, has completed all the requirements for First Honors as an Explorer Scout. He also has qualified as a Scout Citizen.

Monday night's meeting consisted of a hike and camp fire. Luther Moffett was the scout in charge, assisted by our Junior Assistants, Davis and Thomas. Many visitors were present and the entire Pine Tree and American Eagle Patrols were in attendance. Many scout songs were sung during the campfire period and marching practice was used on the way home. Next week's meeting will be held indoors due to the nature of the meeting.

Wayne Ross, Eldon Sourwine, Jim Keller and Leonard Fennner have been chosen as prospective Den Chiefs. A training course

will be held for these boys and the leader picked from this group.

A scout survey was held by Sid Thomas and Gordon Seabolt during the last period of school on Monday. Approximately 15 new names have been added to our roll of prospective scouts as a result. We are striving for a full troop of 24 scouts.

Ten members of the Shelby district attended an overnight camp at Avery Hand, Jr. Saturday and Sunday. From here were Scoutmasters Emsel, Moffett, Davis and Thomas, MB Counsellors Markley and Briggs, and Committeemen Brown and Ford. Talk about eats—there was sure hidden cooks in Plymouth—steaks as tender as you would want them and plenty of gravy, too. During the evening a camp fire was held with plenty of singing and the awarding of the J. A. S. stripes to Jr. Davis. Following this an instruction course in camping activities was conducted by Area Field Executive, Don Montoya. I haven't, for a long time, watched anybody enjoy themselves as much as did Elmer Markley. You fellows, who were unable to attend, talk to him for a while and I think we will have full house next time. Six of the men slept in the scout cabin and the other four, having sleeping bags, enjoyed a good night's rest under the stars. Camp broke up about 11 o'clock

Scouts collected well over a ton of scrap last Saturday morning. If you will be kind enough to leave your name with Mrs. Thomas we will pick up the scrap at our earliest convenience.

A spoof fest is set up for Halloween — BUT — you will have to have twenty pounds of scrap for your admittance ticket, and we mean every one.

An invitation has been extended the scouts of Troop One to attend the Harding Memorial Pilgrimage. This will be held Sunday, Nov. 1, at 3:30 p. m. The entire troop attended this affair last year and most of the boys are anxious to attend this year. If you would like to take a drive to Marion to witness this Pilgrimage and have room for a few scouts, it will be appreciated if you will contact J. P. Moore, who is in charge of transportation. We desire as many scouts as possible to attend this as it is a very impressive ceremony. Hundreds of Boy Scouts from all parts of the state will be there.

ARRIVE IN TEXAS  
Quentin M. Squire, son of Mrs. Anna Squire, North Fairfield, has arrived at Camp Wolters, Texas, for basic training as an infantryman. He has been assigned to a battalion that stresses rifle specialist training.

# THINK then VOTE

America is engaged in a total war. One of the freedoms being fought for is our constitutional right to elect our own public officials. If we lose this war, we will not long retain this or any of our other freedoms. Help preserve them by voting intelligently on Nov. 3 for officials who have made good. It is not only a privilege, but a patriotic DUTY.

**ANNUAL BUS PATROL INSPECTION**  
On Monday, Oct. 12, at 9:00 P.M. Patrolman W. C. Smith from the Ohio State Patrol of Mansfield division inspected the school buses. All the buses passed inspection with B equipment which means that they meet the rules and regulations, is satisfactory, safe and all necessary equipment for emergencies are approved. Some of the minor recommendations were as follows: On Bus 2 and 5 the grip handle should be on the inside of the bus instead of the outside. All buses should have painted on the rear door "Stop on Signal." Bus 1 and Bus 3 need guard rail in front of the seat to the right of the driver. It has been recommended that the board purchase 11 new tires which are smooth or have them recapped. We have an ODT form from Washington in regard to this need which will be taken care of in the way of new equipment if asked for. Mr. Elliot has been doing a creditable job of getting the buses in shape and keeping them there for the year. The board is placing new heaters in the four buses which were too small or worn. Mr. Smith said that our buses were equal to any that he had inspected in the county.

**FIFTH AND SIXTH GRADE**  
Last week our room was practically hidden under a covering of newspapers because we were spatter painting. We used leaves, plants, and even bitter-sweet for patterns. By using different colored inks on colored paper we get a variety of effects. Now the room has come out from under the newspapers and the results of our work are used for decorations.

Our room has followed Miss Dawson's lead in bringing money to school to buy Defense Stamps every Friday. The following have purchased a total of \$3.90 worth in two weeks' time:

Plans are being made for a Halloween Party for the High School which will be held on Oct. 28th.

**CHAPEL NEWS**  
Rev. John Miller from the White Hall Church of God was our speaker for Chapel on Monday. He gave an interesting talk on "Building Your Life." He pointed out the ways in which things affect your character.

The new song books were used for the singing of "The Star Spangled Banner," and "Jesus, Lover of My Soul." Miss Richards directed the singing with Miss West at the piano.

**THE SNOOPER ! !**  
While in the process of applying meringue to the top of a pie which she had made in Home Ec, Betty Seaman was heard to remark: "Hub, I could make soap suds stand up higher than this stuff." Remember, Betty, the statue's the thing!

Have you heard Charlotte's definition of a "Privy Committee"? Charlotte says, "That's where they sit down and rule."

There certainly were a lot of red faces around town after the Music Club party last Tuesday night. It wasn't from blushing, either.

Don't forget to buy your stationery for the boys in the service from the Senior Class.

**JUNIOR CLASS NEWS**  
As you already know, the members of the Junior Class were selected their play. The name of it is, "Relax Albertus." The cast has been chosen as follows:  
Kitty Carlisle—a small town girl—Donna Hoffman.  
Arthur Vail—an actor—Harold Daup.  
Madge Lewis—Jeff's Secretary—Arthur Henry.  
Albertus Wheaton—financial back—Dale Young.  
Freda McArthur—an actress—Dorothy Seaman.  
Olaf Olson—Swedish actor—Bill Van Wagner.  
Mona LeConte—French actress—Joan Wasmann.  
Donny Ranny—an office boy—Bob Hamman.  
Jo Darling—an extra girl—Marcella Clark.

Did you ever hear of a small town girl making good? Did you ever hear of a secretary falling in love with her boss? Have you ever heard of a Swedish actor and French actress get together? And has anyone in the house ever seen a gold-digger at work? And get your man, too? Well, if you haven't, you've missed something. Now don't sit back in your chair and with a sigh, say, "Well, I'm glad that question 'bee' over!" Why? Because we won't let you.

You see, on Friday night, November 13th (and we're not superstitious by the way) the Junior Class is going to try you all of these things, even to hearing the French actress and Swedish actor getting together. Especially when neither one of them know English. Oh, I mustn't forget Danny and Jo. Danny's the office boy who writes a play and Jo, the little girl who just KNOWS she's a born actress.

Now that I've described the cast to you, I'll skip over the time being, but a last warning—THERE'S MORE TO COME!

## Big Pumpkin Heh? Uh!

The big Coder pumpkin is a mere babe compared with the pumpkins raised on the farm of Mrs. L. E. Coleman, one mile north of Plymouth, in the good old days by Michael Sheely, and exhibited at Plymouth Fair, say sixty-five years ago.

One pumpkin was fully twice the size of the Coder pumpkin, and a smaller one much larger than the Coder pumpkin. Mike was generous with the public and on the last day of the fair, cut the larger pumpkin and sold seed for a penny each.

The variety is known by different names, such as Jumbo, Mammoth, and other names. The color of the pumpkins was light buff.

Many of the seed houses offer seed of the variety and if you want to try your luck next year get some seed. But be sure to plant the seed in a well-cultured garden just over the fence from a barnyard with lots of well-rotted manure.

Don't take my word, alone, for the size of the Coder pumpkin, but ask any old-timer around here who attended the Plymouth fair.

E. K. Trauger.

P. S. Quotation from Allen's catalog: "King Mammoth Pumpkin. This pumpkin grows to 200 lbs. Salmon pink flesh; splendid keeper. Better known as Giant, and so forth."

## REVIVAL AT MARTEL, OHIO

With the leading of the Holy Spirit, the pastor and people of the Iberia Methodist churches begin special revival meetings on Sunday, Oct. 18.

It is quite generally accepted by our best American citizenry that the people of the Shenly church have too largely lost its contact with the Lord.

Human distress across the world at this hour is almost indescribable. The longer our great nations have continued to drift away from God, the longer their anguish and sorrows have become.

We fully believe that a hundred thousand old-fashioned revivals of real Christianity around the world would revolutionize national attitudes and end its suicidal career. To this end our community will do its best and very earnestly invite others from all sections to come.

J. J. Adams, Iberia, O.

## Change of Residence

Mr. and Mrs. Harry Briggs, Jr., who have been residing in the upper apartment of Mr. and Mrs. J. W. Hough, expect to move to the Wirth property on the Springmill road, recently vacated by Mr. and Mrs. Harry Baker.

Mr. and Mrs. Harry Baker disposed of their household goods by public sale Saturday and are moving to Akron where they are both employed.

Mr. and Mrs. Walter Kenton and family, who now reside in the Cora Miller property on Plymouth street, expect to move today to Shelby to make their home. Mr. Kenton is employed in Shelby and has been commuting.

Mr. and Mrs. Rex Tilton and family have moved from Franklin Avenue, Plymouth, to Mansfield, where they will make their home.

Mr. and Mrs. Glenn Moore and children of Willard Rural, are the new tenants in the property vacated by the Tilton family.

Mr. and Mrs. Kennel Lewis, who have been residing in a furnished apartment at the Clancy Roe home on W. Broadway, are vacating; Mr. Lewis expects to leave for service on the 19th and Mrs. Lewis will make her home with her mother in Parma, Ohio, for the duration.

## Around the Square

(By Phineas Whittlesseed)

IT DOES SEEM A BIT strange—During the good years when there was plenty of gasoline and tires no one ever thought of passing a law that would save human lives. Our statistics show around 40,000 persons in the U. S. A. were killed by automobiles. Yet, with a war on our hands, it didn't take long to get proper legislation to aid in conserving gas and rubber—to aid in the destruction of humanity, only in another form.

SOMEONE HAS SAID that if you operated a business in Germany it required a filing of 247 reports to complete a transaction. Did you ever count 'em in this country? Don't do it!

TO GOOD TO BE TRUE! Here's a good one on Hitler: It is told that while driving through the countryside, he ran over and killed a small dog. Halting the car, the driver sent his chauffeur to the farm house to express regret. The driver came back a few minutes later with a big package under his arm.

"The farmer was not angry," he assured the feuther.

"What did you say to him?" insisted Hitler.

"When I went to the door," the driver explained, "I saluted and said: 'Heil Hitler—the dog is dead!' The farmer yelled 'Hooryay' and gave me a big ham."

THOROUGH! It took Thomas Gray 13 years to write his famous "Elegy." The poem contains 32 four-line stanzas, which means that Gray averaged fewer than two lines (12 lines) a year! Gray needed newspaper experience!

IT REQUIRES as much power to carry 20 tons of freight on a roller bearing than the sky as is needed by a crack passenger locomotive to haul 1,000 tons of cars and tender over the rails.

THE CURRENT issue of VOGUE Magazine carried a beautiful 4-color illustration of Mrs. Cornelius Vanderbilt Whitney as she poses in her newly-finished and decorated dining room at her home in Long Island. Mrs. Whitney is expected in Plymouth today where she will spend some time with her parents, Dr. and Mrs. G. J. Seale.

IT'S TOUGH going to be laid up in an "old hospital," says Weldon Cornell of the Black & Gold Soda Grill. Weldon is getting along nicely from a recent operation, and the folks over at the Black & Gold are holding up very well during his absence.

I WAS Somewhat disappointed the other day when I looked down at a beautiful pair of \$12.00 shoes and then saw the attractive pair housed in a pair of cotton stockings. What war will do to a gal!

SATURDAY is the sweetest day and candy sales should take a boost—but the girls at home will have to send their pals in the services a box—this time!

IT'S FUNNY how a fellow can give himself a high evaluation, especially when he's running off to office.

WITH HIGH MEAT prices, we do not believe it is necessary to ration meat at this time—nobody can afford to buy two and a half pounds.

FOR THE FIRST time in thirty years the doors closed midnight Wednesday on one of Plymouth's well-known restaurants—operated for several years as "Wayne's restaurant," but for the past few months by C. W. Willis. This old-time business place has been through hard times and good times—the horse and buggy days—the age of automobiles and radio, and is now the victim of the present war—for years Ben and Ma Woollet—dished out home cooked meals—and since their time many owners have tried their luck—but the longest to stick was Wayne and his horses—and from the way things look it's going to take a horse to keep it open—farewell, old dear memories! to the many muddycups of coffee that have been sipped over the tables!

Mrs. Virginia Burke Genereau, who has been clerking at the Kroger Store, has resigned her position, and has accepted one in a defense plant in Detroit, Mich.

## CUB NOTES

The second parents' training meeting was held Monday evening, Oct. 12, in the Lutheran annex with 11 members present and three guests, Mr. Montoya of Mansfield, Mr. Barkull of Shelby, and Mr. Don Einsel. Further instructions and information were given by Mr. Montoya and Mr. Barkull.

These meetings are proving interesting and we would be glad to have more parents attend. Any boy between the ages of 9 and 12 is eligible to become a Cub, after his parents attend three meetings. The next meeting will be held next Monday at 7:30 o'clock at the same place. Please make an extra effort to be present as we hope to be ready to organize and get started at this meeting.

In order to organize as a unit it is absolutely necessary to have some men in the organization. You ladies bring those husbands—after all it's his son as well as yours. If you have no one to stay with your children, call Mrs. Root and arrangements can be made to have a Boy Scout stay while you are at the meeting.

## Passes Check-up Test

Aviation Cadet Nelson McQuown writes his wife in Willard this week that he has successfully passed his twenty-hour check-up test and is now in primary for Pilot Training.

Cadet McQuown has had twenty-five hours solo and is located at Coleman, Tex. His parents, Mr. and Mrs. Blace McQuown, reside in Plymouth, and have another son, Norman, in the service, presumably in Hawaii.

Besides the letter, Mrs. McQuown received a splendid picture of her husband in flying togs of which she is immensely proud.

## Second Term

If he is elected, Nov. 3, 1942, he pledges the property owners and renters of homes that there will be no increase in the present value of real estate in the 1943 appraisal of the property of Huron County, if he can prevent it.

He believes that everyone has taxes enough to pay at this time, and with taxes of all kinds on the increase in these war times no chance would be given taxing authorities to up the amount of taxes to be paid on real estate. Let the present valuation remain as it is. At least, no increase it.

The cost of the 1937 appraisal was \$4,000.00, and we know that a good job was done. We understand that the office charged with re-appraisal has entered into an agreement whereby the vast sum of \$23,000 of the taxpayers' money is to be spent for reappraisal of Huron County Real Estate. And it is understood that the payment of this amount is to be extended over a period of three years, about one-third each year. It will hardly be paid for until another appraisal will be due. What do you think of such arrangement? Do you believe it is necessary or right in these War Times, or for that matter, any other time? Surely there is no justification for such expenditure.

Let's win the war first, and spend no money on non-essentials.

Owners and Renters of Real Estate, You will not regret voting for

From high official sources of the State Highway Department we learn that the Auto License and Gas Tax revenue will be curtailed approximately 40% in 1943.

Assuming this to be correct Richland County will have \$100,000.00 less to operate with in the County Highway Department. This will mean strict economy and careful planning in said highway department, a policy the present Board of Commissioners has always endeavored to follow.

If re-elected as your County Commissioner I pledge you that I shall do my part in adhering strictly to this policy.

# MCGREGOR IS THE MAN!

Today, our form of Democratic Government is facing a severe and serious test. We believe in representation of the people, by the people and for the people. The voters of the 17th District are soon to make a decision. If you want a Democratic form of government, if you want representation, if you want to be represented — then you will cast your vote for J. Harry McGregor, our present Congressman, who is serving the 17th, now in Washington. Congressman McGregor is a Republican and we do not wish to see the beauracratic system envelope our government — and the only way to prevent it is to vote for the man who will see that the desires of his constituents are fulfilled.

Since taking oath of office when first elected, McGregor's record will show that he has faithfully and truthfully served the Seventeenth District. We are confident that if he is elected to a second term he will continue to do a good job —

Remember, Mr. and Mrs. Voter, if we want to keep our Democratic form of government, we'll have to vote for the men who think as we do — not a beauracrat!

CHAPTER I

Mona Lee Mason was lost the moment she looked at Gary Tallman, standing there waiting for a ride at the filling station...

"I'm Gary Tallman, from Alabama," he said, in an educated overland with a southern drawl. "Would you let me ride into town with you? I missed the bus, and it's pretty important that I get into San Antonio tomorrow. I assure you that I'm perfectly safe. You can have this man search me, if you like."

"Naturally," he agreed. "I know that when I look at you, I'm looking at my husband," said Mona Lee unhesitatingly.

"I know. He's probably a very wise husband," he smiled at her. "But I'm a petroleum engineer—" he named the profession "on the way to a job."

"My son-in-law is in Oil Leases," Mona Lee mentioned the company, smiling for time.

"Up with the big fellows, is he? I've been trying to get in there, but they're not taking on any more geologic men. But there's a chance in Mexico—if you're willing to work cheaply."

"Gary Tallman smiled. For the last seventeen years, Mona Lee Mason had been feeling a sick jerk in the leg whenever she stepped out with sandy, curly hair. Because little Phil would have grown up like the thick, curly hair of his father and audacious, with hair exactly this color.

"I don't go all the way to town," Mona Lee told him. "Our place is two miles this side. But probably you can get a ride the rest of the way."

"The boy put his suitcase on the floor in the back seat. He opened the front door and got in beside her. "You've been over in the oil fields?" she asked. "Pretty hard work, isn't it?"

"I've been rigging—and that is tough. Especially if you're itching to be doing something that you've been trained to do."

"My son," Mona Lee went on, "is a third year law at the University of Virginia."

"Swell school," approved her passenger.

"Gary Lee thought of Harvey Junior—dark and lean and tall, dark like her but not like her in other ways. He had two eyes that were sparkling and sarcastic. Not much like his father, either. Harvey Senior was broad and earthy and direct."

Lee admitted to herself that she was a little afraid of her son. But she still would have liked to tell her stranger here. Phil had loved the soil and had always opened his big eyes over wide and told the truth bravely.

"The law," Gary Tallman went on, "is pretty good. Your husband is in law?"

"Oh, no—he's a rancher. He runs grade Brahmas stock and buys cattle."

"She felt his eyes move over her and was glad that she was wearing a suit and her straw hat were becoming. She was forty-three, but the young boys still danced and flirted with her and that pleased Harvey though he wouldn't say so. They had been married and together four years, and they had been happy years."

"This boy talked wild. He had seen a lot of the world. His father, so he said, was in cotton in Brazil and his mother was in Mexico. She was seven. Mona Lee felt a choking lump of sympathy at that. She loved boys so much. She had loved every lanky male creature Harvey hired on the place. The irony was that she was married to mother Harvey Junior, at all. Her young son-in-law, Oliver Kimball."

"Harvey Junior had always been terribly self-sufficient, resenting authority, reading books that worried his mother. But this boy here in the car was pleasantly easy. He had been around a lot of people. He had worked, rigging wells and wading hot mud in a Louisiana swamp. But you can be more than a twenty," she said.

"I'm twenty-four. I worked in numbers, played football the fall, and waited on tables in the dormitory to get through school. My tramp married a girl and I thought my stepmother's a good scout, and she has three kids of her own, and she's a contented, old-fashioned woman."

"Six towns west of Adelaide, who was fair and calm and quick-minded like Harvey."

She remembered you shouldn't lift an injured person.

"She didn't want to go to college. He's at home this year, but I think she's a little bit lost. She has been hanging around here, but I don't think she cares much about any of them."

"You," she said abruptly, "have good hands for a horse. In Brazil last year, I rode a lot. Those fellows down there were terrific on horseback."

Mona Lee smiled a little. "Son, I grew up in a western saddle. And can generally make a horse do what I want him to do."

"Does your daughter ride, too?" "She used to. And then her father thought her a little over-keen, and now she says horses don't go fast enough. This is our place now—it begins in this fence."

"Good looking cattle," approved Gary Tallman.

"I've had head of that herd is eligible for registry. Of course, some of our stuff is just beef stuff."

"Look out!" barked the boy. "It was Slim's fault, of course. Adelaide Mason had a lousy voice and slow gray eyes. Lying in the dark, with the spring breeze stirring the curtains, Gary could still see her eyes. Little dark blue rings around the iris, and her lashes had gold on the ends and made shadows on her cheeks. There was a peppy line of freckles across her nose, and her lips were lovely. She had nice, even teeth and hair."

The older Mason daughter, Grace, came on Sunday. She was different. Her hair was black and her eyes were cold and indifferent. She wore too much lipstick and she had a husband who looked like a collar ad. His name was Oliver, he was a solid, big petrochem concern.

Oliver asked him about football and baseball. He said he was disappointed because they were darned silly down there and anyway cheap Mexican crud with the dickens with the oil business."

He decided that he didn't like Oliver, and his opinion was said by thought chances were darned slim down there and anyway cheap Mexican crud with the dickens with the oil business."

and the nurse stopped shooting staff into his arm every time he moaned. Gary Tallman became aware that it was spring and that there was a tawny-haired girl who came out his room now and then.

Her name, so he had gathered out of the murmur of his perceptions, was Adelaide.

Other people came and went. Mrs. Mason, with a patch of plaster on her forehead and a worried look on her face. She felt responsible for his broken ribs and collar-bone and the crack on the head he'd got when the car hit the pit, and she urged him over and over not to worry; he'd be taken care of and just as soon as he was strong enough they'd see that he got down to his job in Mexico.

And now and then Mrs. Mason came in. Gary was very apologetic when she said she came down over the bed. But Harvey Mason didn't seem to resent his presence.

This room he lay in belonged to Harvey Junior, so he had learned. Adelaide Mason had a lousy voice and slow gray eyes. Lying in the dark, with the spring breeze stirring the curtains, Gary could still see her eyes. Ethel Barrymore at Hanna, Cleveland, in "The Corn Is Green"

Producer Herman Shumlin, who will present Ethel Barrymore in "The Corn Is Green" at the Hanna Theatre, Cleveland, for a week's engagement beginning on Monday, Oct. 19th, is noted for his care and discrimination in selection of every member of a supporting cast. The approval of Mr. Shumlin, as manifested by a role in one of his productions, is regarded as a bright mark on the escutcheon of any player.

Mrs. Barrymore's supporting cast in "The Corn Is Green" offers an example of the Shumlin skill in fitting the actor to the part and the part to the actor, a part of the technique that has made him his name a guaranty of excellence and distinction in the theatrical world.

Richard Waring, who plays the brilliant if truculent Morgan Evans, "The Corn Is Green" is partly Welsh in background, although he hails from Buckingham, England.

Perry Wilson, seen as Bessie Watty, the amoral Cockney lass of "The Corn Is Green" came into the theatre after seriously considering an architectural career.

Lewis L. Russell, who plays the Squire, served his apprenticeship in his family's repertory company in Evans Leonard Boyne, who plays Mrs. Watty's Best friend, somewhat astonished mother, made her first appearance touring the English countryside in the inevitable "Charley's Aunt."

Esther Mitchell, appearing as Miss Romberry, one of Miss Barrymore's aides, was born in New Castle, Australia.

Tom Enlyn Williams, who essays John Goronowyn Jones, another of Miss Barrymore's Hueltenan aides, is also from Wales.

Gwyneth Hughes, Sarah Pugh in the play, is also from Wales.

## Plan to Celebrate Golden Wedding Anniversary, Oct. 25

Fifty years ago, Oct. 25, Mr. and Mrs. J. M. Hopkins were united in marriage at the Methodist parsonage in Plymouth by the pastor, Rev. Pollock.

Mr. Hopkins was a native of Huron county and was one of a family of ten children.

The bride was Anna Frazer, a native of Crawford county, and lived with her parents near Tiro, and was one of six children.

They went to housekeeping in Urichsville, where they lived for eight years. They moved to Huron county in 1900 and have lived

at their farm home, northeast of town since 1911.

On Sunday, Oct. 25, of this year they will celebrate their golden wedding anniversary by keeping open house.

Their hospitable home will be open to friends on that day from two to four in the afternoon and from 8:00 to 10:00 in the evening.

It will also be Mr. Hopkins' 74th birthday. At home to receive callers will be their children, Miss Helen Hopkins, Cleveland, Mrs. Dewey Hamman of this place, Lawrence of Toledo, and Miss Artie Hopkins at home.

## Select Your Pictures

A number of pictures were taken on the Sunday of the Lutheran Homecoming service by Peyton Thomas, editor of The Advertiser, and have been placed in Shafer's Store, where those desiring one or more can order them.

The pictures will remain there during that week and can be purchased for 25c a piece if ordered during that time, after that they will cost 50c a piece.

Mr. and Mrs. Wiley Garrett had prepared a special dinner on Monday evening a week ago for their son Archie, who was to leave for the Army on Tuesday morning. When the mother had the meal almost ready she looked out the window and saw her sister from Mansfield drive up and hastened to meet her. Upon being informed that she had a surprise for their parents, the younger girl called for her parents to come, and when they were near the car, thinking their daughter had brought something for them to help carry to the house, Milo Garrett raised up from the back part of the car to greet his parents. The surprise was almost more than the parents could stand, although they were extremely happy to see Milo after thirteen months at Lowery Field, near Denver, Colo. This was his first furlough and it gives him 15 days. So it came at a time when the brothers could have a short visit before being separated again.

**WHERE THIS FLAG FLIES VICTORY IS BEING WON!**

The Minute Man has come to life again! He lives once more in each employee who works where this flag flies! One hundred per cent for Victory... it's War Bond dollars that are buying the bombs that fall over Tokyo and Berlin. As regularly as American-made planes fly over enemy cities, every loyal American invests a part of his weekly earnings in War Bonds; proud to back the men who are fighting for us, and telling the world that as long as that Minute Man Flag flies... The American flag will continue to wave.

**EXAMINE**

Alvin F. Weichel

Through the expression of confidence in the 13th District, Alvin F. Weichel of Sandusky, is the Republican candidate for Congress in this District, for which he is sincerely thankful. As you might know, his folks come from early pioneer settlers in this section, whose descendants now live in every county of the 13th District. They are engaged in farming, industry and business. From them he has learned of the hardships and problems of the farmer, the worker, and small business as well as by personal experience. He worked on the farm, the railroad, the factory, and on boats to earn his education.

At the University of Michigan where he graduated in 1924, he studied economics, banking, business and government, and also was graduated in law. Upon his election as Prosecuting Attorney of Erie County, he began his experience in administrative government with the Township Trustees, who are nearest to the people in their localities, as well as Village and City officials in their communities.

His service for the Public and Government has been Commissioner of Insolvents; three times elected Prosecuting Attorney of Erie County; State President of the Ohio Prosecutors' Association; helped organize and carry on the first school of Police Administration at Ohio State University; member of Crime Control Commission; officer of Crime Congress and other law enforcement bodies; Special Counsel as President of the Erie County Bar Association; member of the Ohio and American Bar Associations; admitted to practice in County, State and Federal Courts; enlisted and served in the World War; helped veterans present their claims caused by service with the Armed Forces, and on two occasions served as Commander of his home Legion Post.

His schooling in economics, business, government and law seasoned with his experience in government and law, his service as a War Veteran, and the problems of the people fit him to represent the people of all groups in the 13th District.

Our District has the varied interests of the farm, the factory, the railroad, the water, the worker and business man, together with the full responsibility of one hundred percent "backing" of the Armed Forces. They protect our homes and preserve Democracy.
