Much Interest Being Shown Locally in Coming Election

Election Day is next Tuesday, and despite the war, citizens are showing quite a bit of interest in the forthcoming contest.

In a survey made recently, it is predicted that Plymouth will go 60-40; 60 per cent of the voters will be Republicans, while 40 per cent will vote Democratic.

In talking to the man on the street, and the "man who knows" Governor Bricker is slated to go back in office.

Locally, we have discovered a number of staunch Democrats who favor J. Harry McGregor's return to office as congressman from the 17th district. McGregor, a Republican, has made an outstanding record during the past term. J. Harry McGregor has many friends in northern Richland county who would like to see him re-elected. McGregor's opponent is Sam Anderson.

Another race that is being watched very closely is that of C. H. Huston, present judge of Richland County Common Pleas Court, and G. E. Kalbfleisch. Both men are capable of filling the position, and the race in the opinion of one who is getting much consideration.

Kalbfleisch has served the city of Mansfield as municipal judge, a lawyer of excellent reputation, and a man of experience. Judge Huston, who has been on the bench for two six-year terms, is asking for his third term.

Jumping over to the Huron county side of the fence, Ed A. Evans of Willard, is predicted to give Kent Woodward, present Huron county auditor, a close race in southern Huron. The main issue between these two are Evans' opposition to the new real estate appraisal for the county, while Woodward goes on record as favoring it.

There is but little doubt but what Huron county's present representative, Frank Pierce, will go back into office. In an interview recently, Mr. Pierce said: "The next general assembly will have some big problems to meet, especially concerning the state's manual conditions. I am in favor of continuing all aid possible to the state's school system; the farmer and small business man. There are serious questions to consider, and as far as my position in the Legislature is concerned, I can, through my experience only, vote in a way that will benefit the majority."

Attend Meeting
J. E. Nimmons and J. E. Hodges attended an enthusiastic dinner meeting of the Huron County Democratic Association at the Elk's Grill, Norwalk, last Wednesday evening. Lieut. Col. Bernard St. John, chairman of the Huron County Executive Committee, presided.

Talks were given by Alvin Weichel, Sandusky District Congressional candidate; Fred Adams, Bowling Green candidate for re-election to the State Senate; and a surprise speaker, Frank Pierce, Roy Gathersgood, Monroeville, candidate for Huron county commissioner, and Ken H. Woodward, for county auditor.

Attorney Weichel declared that the United States has been made what it is by government, consisting of executive, legislative and judicial departments. The speaker said that only by having these three branches independent and strong can the common man get his right, and also stressed the need of keeping the two-party system.

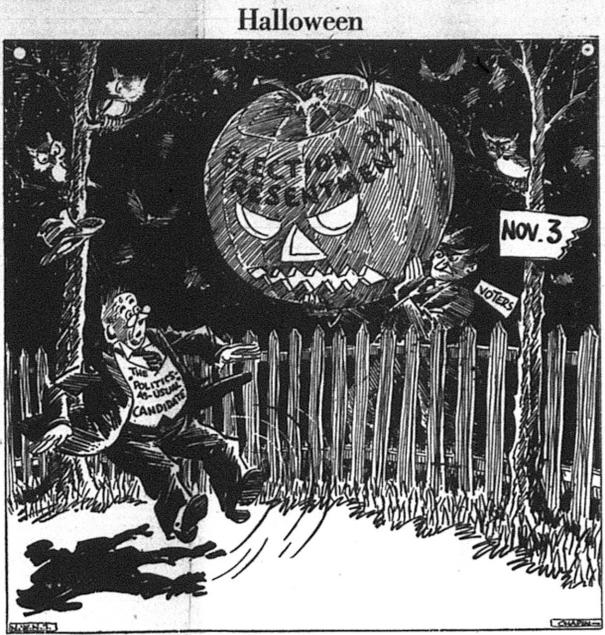

Mr. Weichel said that American citizens have the right to demand that every effort be made to win the war and to insist that the direction of the war be put in the hands of capable experts instead of politically appointed civilians, and stressed the need of protecting the home front alike as well as the hearts of the fighting men.

"Our success is your success," Weichel said, and urged that voters give Governor Bricker a tremendous majority.

Senator Adams said that after Gov. Bricker had put his war defense policies into effect, Michigan was a surplus of \$20,000. He spoke of the deficit of \$40,000,000 when Governor Bricker took office, which today has been paid off and a surplus of \$20,000,000 built up, and because of this surplus the people of Ohio will receive the same service as in the past and "money is in the bank to pay \$6,000,000 in school obligations, and the necessary legislative OK is given for payment."

At the close of the program Chairman Kean said we should be careful not to lose out on the home front, and not to lose the two-party system.

The room was practically filled to capacity to meet the candidates and hear the addresses.

LYLE BITTINGER who is blind in one eye, and can't see out of the other, expects to leave shortly for the Army. Lyle says Uncle Jim is in the process of having his uniform made and that he will be ready to wear it. "Only," Lyle says, "I sure like the way they make it. I'll sure like to go up. Oh, well, guess I'll be satisfied with some kind of office uniform."

NEW OPERATOR OF LOCAL RESTAURANT

With a lot of courage, ambition and determination, Mrs. Genevieve Conger opened up Wayne's Restaurant on Monday—without fanfare, and without a word of the place really did a nice business. Chicken and meat loaf which were on the menu, were gone. The patrons really liked the food!

And why shouldn't they? Mrs. Conger has had quite a bit of experience in serving fine foods. And then there is Mrs. Gottfried, who is in the kitchen, and in charge of the home-cooked and baking of home-made pies. With this combination of preparing and serving food, it's not at all surprising that the place is doing so well.

Mrs. Conger announces that she will serve Sunday chicken dinners with all the trimmings, and that the price is really low for such a dinner (read the menu). Two features will be incorporated in the menu at the restaurant. They're home-made pies and a variety of salads.

Best of luck is extended Mrs. Conger in her new venture here, and it is certain that she will find the food here well cooked, served properly and in a pleasing environment.

SHILOH NEWS

Roy Shaffer, Who Was In Action In SW Pacific, Has Returned To Duty

Shiloh, Ohio. — Our first boy from across the seas came home last Tuesday evening from San Francisco, on a short furlough. Roy Shaffer, seaman first class, took his part in the fighting units in the Solomon and Coral Sea battles. He's seen action and plenty of it.

The town gave him honors. All the business places raised their flags for him, and flags waved from many homes during his stay with us.

He left on Monday morning at 2:00 a. m. for his trip west. Several of the ladies made six and one-half pounds of cookies, and packed it in a tin box, for him to take when he left. All these favors added to his happiness and made him feel the best wishes of friends, and the backing our boys are receiving.

He made his headquarters at the home of his sister and brother-in-law, Mr. & Mrs. Roy Heifner. His time was made happier by the presence of his brother, Woodrow. Woodrow Shaffer successfully finished the first part of his training at the Great Lakes Training school and has four months in the school. He had been given a furlough of one week, arriving in Willard, Saturday.

Miss Doerflinger Passes Away

Last rites were held for Miss Lottie Doerflinger at the McQuate funeral home on Tuesday afternoon at two o'clock. Rev. E. R. Haines of the Methodist church officiated.

Miss Doerflinger died Saturday evening, Oct. 24, at the Nesbitt Nursing home, after a long illness. She was a native of Shiloh, and her burial was made at that place. She was a member of the Methodist church, and of Sappho Chapter, Order of the Eastern Star, in Atia.

Miss Doerflinger came to Shiloh with her sister and brother-in-law, Rev. and Mrs. E. R. Mentz, in 1924, when Rev. Mentz became pastor of the Methodist church.

Miss Doerflinger was a nurse by profession and did considerable work, but made her home with the Mentz's. At the close of three years' service, Rev. Mentz retired and purchased a home on Prospect street. The health of both Rev. and Mrs. Mentz failed, and Miss Doerflinger gave them care until their death. She then continued her residence here. None of the immediate family survive.

MISSING IN WEST

Miss Lillian Hoffman accompanied Roy Shaffer to San Francisco, where she will visit at the home of her uncle.

Splendid Time At 50th Anniversary

The Golden Wedding anniversary of Mr. and Mrs. J. M. Hopkins was a great day. They had looked forward to it with a happy anticipation, and they were not disappointed. Although their actual wedding day was on Dec. 21,

it was thought advisable on account of war and weather conditions, and because it was so appropriate, as the last of this year's golden harvest, was being gathered.

The bride, received on Sunday, in a becoming black and white crepe dress and she wore a corsage of yellow roses and small yellow pom-pom chrysanthemums. All the ladies of the immediate family wore a similar corsage, and the boys and men, a yellow rose bud.

As the guests arrived, each one was presented with a yellow corsage of pom-poms, tied with yellow ribbons.

Three grand children contributed readings. Arthur Hamman gave "The Tale of a Fox," and Miss Mary Hamman read "Wedding Bells," and little Eugene Hamman, "Raising Chickens."

LETTERS TO THE EDITOR

Sat., Oct. 17, '42 Dear Friends: Well at last I reached St. Petersburg, Fla. "all in one piece" - again, last 24 hours ride in heat-buses over-crowded, and late; changing stops and changing drivers had to make before. Stayed here eight days in downtown hotel. Yesterday I moved to new home, 625 Fourth St., South Witmore Rest Apts. Am up on 3rd floor, so should be "high and dry". Lovely weather, though still very hot.

St. Pete, as it is called in short, is such a beautiful little city, filled with real trees, as well as palm trees; flowers, hibiscus, and Oleander bushes in bloom. Has a year round population of over 60,000. There are crowded soldiers in all the large beautiful hotels, taken over several of the largest cafeterias. They are drinking and marching and singing through the streets, and the Army Air Force Band of nearly 60 pieces is daily practicing in the lovely park. The soldiers put on the last half of fine programs given by the Chamber of Commerce out of doors every Thursday evening in the park.

When I see the droves of these fine boys, soldiers in the making - and I think of them far away from home - of their anxious parents, and families they had to leave behind, and the lonely some of them are - know crowds of old people who may be can't leave the cold winter in the north to come down to this glorious Florida sunshine, on account of the war, I am seized with a such wicked desire to start this kind of a thing as would gladden the heart of the most disreputable one-eyed, one wooden-legged old pirate. But being that I am a citizen of this land, and you can well imagine where

IMPORTANT NOTICE

Miss Lillian Hoffman, who owns and operates the Beauty Shop, left Sunday for San Francisco, Calif., where she will remain indefinitely. During her absence, her mother, Mrs. Edith Hoffman of Shiloh, will operate the local shop daily from 8 a. m. to 6 p. m. and on Friday, Saturday, and Sunday. She will have as her assistant, Miss Helen Cashbaugh of Shiloh, who is well-known in Plymouth. Mrs. Hoffman has operated a beauty shop in Shiloh for years and has a large and loyal clientele. She is very capable in every phase of the work and will give complete satisfaction.

I'd like to send those treacherous Japs and that awful inhuman Hitler.

On Sundays one can buy a street car ticket for 25c and ride from early morn until midnight. I purchased one last Sunday, and saw great density of traffic, going out by street car and bus; going out to Gulpport on the bay where thousands gather from 4 to 5 o'clock for the great, big band plays. One beautiful service conducted every afternoon at 5:45 is the lowering of the flag, called, I'm sure, "Retreat". The band plays with two large groups of soldiers and we all standing at attention at the large, fine band plays "The Star Spangled Banner".

Dr. Searle, I am wondering if you and Mrs. Searle will get down to Gulpport, and that I can see you both. We have had such an unusually cool summer back home in Lexington, and I do feel the heat, but it's cool in the shade, and one can rest any time, any place, on the hundreds of green benches scattered all over the city, with hundreds of them on Central avenue.

God bless and keep you all safe in Plymouth, and all friends reading this (maybe) jumbled up letter to our fine advertiser. A warm and happy holiday for all.

Sincerely, Josephine S. Rogers.

FACTS FOR CONSIDERATION

A word to you property owners, landlords and renters in regard to the appraisal of Huron County real property now being made for 1943 duplicate. The State Law makes it necessary that an appraisal be made at least every six years. In 1937 there was what was presumed to be an appraisal. The facts are that the manner in which it was conducted led to inequalities, political favor and such pronounced discrepancies in actual values that it might better have been left undone. Real estate dealers, appraisers and attorneys know this to be a fact. Most of the appraisal was done by the "arm chair method" - the appraisers sitting in the car making a "pot not even viewing the property - unless it they did", driving up to the property, sitting in the car making a "pot not" at its value by comparing with the previous appraised value - increasing or lowering at their discretion. The cost was excessive for the good accomplished.

The present appraisal, which includes all property in the county - dwelling, rural, business, railroad, telegraph and telephone, oil and natural gas pipe lines, and all public utilities - has one objective and that is to equalize these property values. There is no intention of a blanket raising of values, and, in individual instances, only when justified. There are thousands of dollars worth of buildings that have not been reported for taxation and which are being taxed on the basis of their true value. When completed we will have an indexed system showing the in that this appraisal is bringing to the tax duplicates. When completed we will have an indexed system showing the individual analysis of each parcel and the buildings set up on permanent record, thereby making it unnecessary for us to re-appraise each other this data. The buildings are measured and given a tax value according to their cost of replacement, with obsolescence and physical condition considered. These records can be kept current from year to year by properly checking and adding new buildings and other changes.

The State Tax Commission has given its approval of the system now being used. Remember that this same Commission must give the values arrived at by the appraisal its endorsement and approval BEFORE such values can be used for taxing purposes. As your present County Auditor I have seen my duty. I am not afraid of fact. For once you are getting a square deal on property values for taxing purposes. I have had years of experience in the real estate business, together with financial and business training, and I am using this knowledge to YOUR best advantage in conducting this office. At no time while campaigning or holding public office have I resorted to misrepresentation.

Very sincerely yours, KENT K. WOODWARD Present Huron County Auditor Running for a second term on the Republican Ticket

He said, "What's this picture?"

"Now, Gary—now let's tell them!" For a minute Harvey's face darkened. Gary was a nice boy, but they had had fine plans for Adelaide which did not include a marriage to any young oil man out of a job, that was in Harvey's face at first. And then, when Gary spread out the sheet of paper with the rough sketch he had drawn on the table, Harvey's face changed again.
"Whatever's all this?" he asked gruffly.
Adelaide drew a deep breath and was tense and her eyes snapped darkly. "Oil," she announced dramatically. "Oil—on our land! Gary thinks maybe he's found oil!"

"I guess not... well, if you're as good as trailing out here like crazy, I might as well go along. But don't get your blood pressure up. If there was any oil in this part of the country, somebody would have found it by this time, the way they prospected over. Addie, get my clothes."
They tramped through the pasture, a strange procession, Adelaide slipping ahead and Gary and Harvey behind her, Gary limping a little and feeling somehow heavily tired. Mona Lee followed behind and kept stopping and imploring them not to go so far. She carried a bag full of tools and a tin of light beneath it wobbled over the rough ground. The beam of Harvey's flashlight went searching in vain. He carried a spade and a cloth sack thrown over his shoulder. And when they arrived at the little canyon he began digging immediately, tossing loads of rock and earth into the bucket that Adelaide held open. The girl groaned as the weight of the sack increased. "If you were good at carrying the whole ranch home, Dad, why didn't you bring Slim and the truck? Are these any good at all, Gary?"

"Gary was confident that this sampling had no value, but he could not bear to disappoint his enthusiastic 'Can't tell,' he said.
"Whatever we do, Dad, let's not tell Oliver," he said.
"Because he'd want to run everything. And Gary would move in and take charge and think we ought to let Oliver run it. He doesn't know much about production anyway. Oh, well, peddle leases."
"Of course," Gary said, as they turned back to the house. "The sensible thing to do is to sell a lease, that is if there should be oil down there. If you sell out, you're not worrying about it, they'll put down a test well and then close the area and look it for future production."
But Harvey disagreed violently with the idea. "If there's oil down there, the thing is to get it out."

Stop the Move to Increase Your Taxes by Increasing Your Property Valuation

Ed A. Evans seeks election as County Auditor that he may UPSET the move to increase the tax duplicate in the 1943 Real Estate appraisal. You owners of Real Estate and Renters of homes have enough taxes to pay now!

EVANS is against seeing the appraisal go up in these WAR times and he is also against the spending of \$23,000 or more to make it.

He is for the most economical administration of the affairs of Huron County that can be conducted and give excellent service to the taxpayers and all others. While we may not all pay Real Estate taxes, we are all helping by contributing in other ways to support Local, State and National Government functions, and in these War Times all will have enough to pay without raising the taxes on Real Estate.

REPUBLICANS and DEMOCRATS, vote for me, and we will give our best efforts in return, to give the kind of service that should come from the Auditor's Office.

As Auditor in the 1937 appraisal, we saved the taxpayers thousands of dollars over this six year period by keeping valuations down, and if elected this time, will do a like service for Farmers and City and Village Residents in Huron County.
