The office of Price Administration cut this meat last week! In order to conserve sufficient meat for the armed forces and for lend-lease purposes, the OPA set limits to the amount of beef, pork, veal, mutton, and lamb that may be distributed for civilian use.

Deliveries to civilians from Oct. 1 to Dec. 31 by those who slaughter more than 500,000 pounds a quarter were limited to the following percentages of such deliveries in the corresponding period of 1941: beef 80%; pork 75%; lamb and mutton 95%; veal 100%. Other slaughterers were limited to the amount of their 1941 deliveries.

Shortly before this curf was set on meat deliveries, the OPA took action to check the rapidly rising cost of live cattle by limiting top prices which slaughterers and wholesalers may charge for the dressed product. Twenty-three cents a pound is the top price to be paid for choice or Grade AA heifers and heifers at that level, for example.

This eliminates the advantage held by certain buyers whose ceiling prices were unduly high and who, heretofore, could afford to outbid buyers with lower ceiling prices.

Rubber Director William M. Jeffers asks all American newspapers, daily and weekly, to carry a special message as often as possible until gas rationing has been started. His suggested text for a "boxed" item was:

You can Save Rubber and Help Win The War If You Will Do These Things:  
"DRIVE only when absolutely necessary; KEEF under 35 miles an hour; KEEP your tires properly inflated; SHAVE your car regularly; SHARE your spare products with others."

WPA officials have been directed to step up the training of women and older unskilled workers to fit them for skilled and semi-skilled jobs in war industries. Over 5,000,000 women must be added to payrolls in 15 months.

America's farms and dairies will make available almost 18,000 tons of steel for war production in the next 12 months by getting along with simpler and fewer milk cans. A WPB order has limited the amount manufacturers can use and has ordered a reduction in the number of types.

Automobile graveyards are producing about 20 per cent of all the used steel scrap being used in the war-time steel industry. That's how important your jalopy has become. Call the scrap man if the old job is out of commission.

Retailers who attempt to evade WPB restrictions on roasted coffee by the sale of green coffee are in jeopardy of losing their entire coffee business and of suffering other penalties.

The nation is warned that its big scrap drive will produce large piles of metal which may stand for some time before being used. Victory scrap piles cannot be moved away at once because of the transportation problem involved, but their size measures their community's determination to win the war.

The familiar mason jar, known to generations of housewives, is a war casualty, but it will survive. The WPB has banned the use of zinc for making the lids after Oct. 10. The order saves enough material to make 35,000 tons of brass for munitions uses. Forcelain lids with steel rims will be used.

Maximum prices for 45 imported spices and spice seeds have been set.

A new OPA order raises the ceiling prices for attaching rubber tapes to women's shoes, but eliminates the extra service charge for repairs made to the heel in the attaching process. The prices vary according to quality and sizes.

Special trains have been forbidden, new runs may not be added to railroad schedules and trains

may not be run in extra sections unless such extra sections have been run at least 20 per cent of the time in the last 90 days. A new ODT order acts to conserve equipment.

A supplementary receipt quota slightly more than doubles the month's original quota—and the OPA asks all eligible passenger car owners whose tire casings were worn smooth to apply at once for recapping certificates.

American shipyards have reached their promised goal of three ships a day. Creation of a War Liabilities Adjustment Board to facilitate the use of all productive capacities during the war and to assure small business enterprises the opportunity to re-entering a competitive economy after the war ends has been suggested to the Senate by WPB Chairman Donald M. Nelson.

All states have agreed to enforce the 35-mile speed limit. Any body going faster is a Hitler-helper.

The OPA has "frozen" the sale of used tires and tubes and soon will ration used tires.

Retailers' representatives have been meeting with OPA men to work out ways of eliminating "luxury" services. Preferred mileage for cars carrying students, teachers and school employees to and from school is to be provided by the OPA.

The nation's 3,806 concrete products manufacturers have been urged to supply these materials as a substitute for lumber, of which there is a shortage.

The Bureau of Governmental Requirements has urged schools and other public institutions to obtain supplies without priority aid, if possible, or to devise substitutes.

Men's rubber boots and work shoes have been rationed.

The August munitions output increased 8 per cent in August over the July figure, the WPB says.

Apple butter prices have been increased approximately 10 per cent at the packer level.

You don't need a priority to have your mechanical refrigerator repaired.

**STRUCK BY TRAIN**  
Eugene Carter, six-year-old youngster (colored), who resides with LuVier Barber, can resist his lucky stars today and suffer no more than a sprained ligament in his shoulder.

He is a first grade pupil and makes his home at the LuVier Barber home near the Fate-Roach Co. plant.

**HOME ON FURLOUGH**  
Well, folks, he's here! That old driver of the kitchen—that man who knows HOW to win the war—the one and only one of his kind among ten million men—we give you time back for the arrival of Wally Wats. He arrived here on Wednesday — it's not knowing how he made the trip, hitch-hiking on trains by bus, land, air or sea — perhaps he came up with a tomato. We only know he's here, and we think he's right proud of the fact that he is in Ohio Plymouth again.

Time was so short before going to press, but we hope to bring you the best column we've had so far in our issue next week. Look for it, as it will be written by the one and only Hank Wats, himself.

Mr. and Mrs. Clyde Jackson, who have been residing north of Bowling Green, Ohio, have moved to Route 1, Crestline.

## Francis Steele Killed In Crash

**SON OF MRS. ETHEL STEELE KILLED INSTANTLY; SERVICES HELD SUNDAY**

Francis Steele, 36, driver for the Norwalk Truck Line Co., and Sgt. Donald W. Sloan, 3414 Bancroft St., Toledo, were instantly killed in a traffic accident early Friday morning. The accident occurred about 3:30 a. m., a mile west of Bellevue on Route 20 and at Kline's Corner.

The Norwalk Truck collided with a Bender-Louden outfit, driven by Wayne L. Lewis, Akron, who declared he was not at fault. Both trucks were west bound.

State patrol officers from Fremont investigated the accident. Sloan received a broken neck, a compound fracture of the left leg, a crushed chest and cuts and bruises. Steele received internal injuries.

Sloan was attached to the Army Medical Corps at Ft. Bragg, N. C. He was in the 2nd Airborne Division. He had a considerable amount of money with him and also a round trip railroad ticket from Ft. Bragg to Toledo, his home.

Steele was born and raised in Huron county and had been employed as a traffic patrolman here some years ago and lately he had been employed at the Shelby Cigar Company before going to Norwalk to work. He was well known in athletic circles having on numerous occasions engaged in wrestling when the Shelby Athletic Club was promoting matches. He also was active in the wrestling profession in Mansfield.

He is survived by his widow, Vera, to whom he was married last April. Other survivors include his mother, Mrs. Ethel Steele and the following brothers and sisters: Evelyn and Clifford of Plymouth; Russell of Painesville; Mrs. Bertha Miller, Bellevue; Virgil, Norwalk; Mrs. Hildah Somerset, Plymouth. The deceased was preceded in death by his father and one sister, Velma Steele, some years ago.

Funeral services were held Sunday afternoon at 2:00 o'clock from the Methodist church in Plymouth with the Rev. J. C. Seale, pastor of the Shelby, Union, Brethren church and Rev. Haines, of the Plymouth Methodist church, officiating. Interment was made in New Haven cemetery.

Relatives and friends from a distance, who attended the services, include Mr. and Mrs. Coral Steele, McClure, O.; Mr. and Mrs. Jay Steele, Elmore; Mr. and Mrs. F. E. Burkpile and children of Bowling Green; Mrs. P. C. Corder, Clyde; Mr. and Mrs. Ralph

## FRANK POLAND FATHER DIES

**FORMER RESIDENT OF PLYMOUTH PASSES AWAY; RITES TUESDAY.**

Funeral services for Frank W. Poland, 73, of Shelby, who died at 1:50 p. m. Saturday, after an illness of five months, were held at 2:30 o'clock Tuesday afternoon at the Dye funeral home. Rev. George C. Beebe, pastor of the Methodist church, officiated, and burial was made in Oakland cemetery, Shelby.

Born in Knox county, April 30, 1869, Mr. Poland, who is a retired merchant, came to Shelby in 1898. For about thirty years he worked as a merchant, operating a dry goods store.

After his retirement, Mr. Poland and wife resided on the Plymouth-Shelby road and made many friends while living here. He was a member of the Methodist church.

Surviving are the widow, Anna, and six children: Mrs. Gladys Barnhill of Mansfield, Mrs. Helen Smith of Berea, Mrs. Isabel Simcock of East Orange, N. J., Bernard Poland of Gloucester Point, Va., Arthur L. Poland of Pittsburg and F. Herbert Poland of Shelby, also 18 grandchildren.

**LEAVE FOR SERVICE**  
Richard Hoffman, son of Mr. and Mrs. Frank Hoffman, and William Moore, son of Mr. and Mrs. Otis Moore, left Plymouth Wednesday for Camp Allen, Norfolk, Va., where they will report for active duty.

The boys enlisted in July and have been waiting for their call. They will be with the Sea Bees.

**NOTICE**  
In accordance with banking regulations The Peoples National Bank, Plymouth, will be closed all day MONDAY, Oct. 12, which is Columbus Day.

**INJURIES FATAL**  
Last rites for Harvey Garner, 59, were conducted Monday morning at 10:00 o'clock from the Tiro Lutheran church, Rev. Miller, officiating. Burial was made in the Mansfield cemetery.

## W. M. REYNOLDS, FATHER OF MRS. IRA ROSS, PASSES AWAY ON FRIDAY

William McClellan Reynolds, life-long resident of the DeGraff community, died Friday noon at the family home in DeGraff, after a period of failing health. He was 82 years of age.

Mr. Reynolds was born Nov. 6, 1862, the son of John Henry and Hannah Bowman Reynolds, at the parental home two miles from DeGraff. He was one of a family of four children. One sister, Mrs. Julia Longbrake, of DeGraff, survives. Two other sisters, Miss Sally Reynolds, and Mrs. S. P. Pond, preceded him in death.

He is survived also by his wife, the former Dorey Fry of Sulphur Springs, to whom he was married in 1894, and their daughter, Mrs. Ira Ross of Plymouth; two grandsons, Roger and Stanley Ross of Plymouth and three nieces: Miss Helen Pond of Youngstown; Mrs. William C. Vetterling of Cleveland, and Mrs. Roy B. Rogers, of DeGraff.

Funeral services were held on Sunday afternoon at the Methodist church in DeGraff and interment was made in Greenwood cemetery there.

**STRAW STACK BURNS**  
Fire starting from an unknown origin burned a straw stack on the Sam Stroup farm, southeast of Shelby on the Mansfield-Shelby road. The blaze was discovered at an early hour Sunday morning.

The straw had been standing in the field until a buyer, who had agreed to purchase it, could get the bale. The straw came from the 22 acres of oats planted in the fields near where the Bourgeois airport was some time ago. It was covered by insurance.

Motorists traveling between Shelby and Mansfield Sunday noticed the flames shooting into the sky. The reflection in the sky could be seen several miles away.

**REMOVED TO HOSPITAL**  
Miss Elma Taylor was removed to the Shelby Memorial hospital Saturday afternoon. Miss Taylor has been in ill health for some time, suffering very much from the effects of rheumatism. In the past few months her condition has gradually become more serious. It is desired by many friends here that the experience considerable improvement, and trusts she will be able to come home soon.

**ARRIVES SAFELY**  
Mrs. Glenn Frakes, who left Berea to make her home with her husband, has arrived safely, according to word received by relatives.

## Late Soy Beans Suffer In Frost, Corn Unharmed

Here's a story taken from The Monroeville Spectator, dealing with the agricultural situation in that part of the county. Farmers in this section should find this very interesting:

Following widespread reports that corn and soybean crops had suffered heavily from frosts over the week-ends and in the past few nights, elevator managers and farmers still were reluctant today to make any estimate of the damage done to the crops in this vicinity. The frost was more severe in some sections than others.

A frost so early that it catches soybeans undeveloped is something new to the most experienced grain men, because nothing like it has happened in the few years since the "beans" became a major crop. Admittedly beans of the late variety on vines green with moisture, and in the past few years since the "beans" became a major crop. Admittedly beans of the late variety on vines green with moisture, and in the past few years since the "beans" became a major crop.

The action of one major seed house in withdrawing all of its prices for hybrid seed corn gave monetary worry to many farmers. Examination revealed that the crop of corn in this area is further advanced than most people had realized, and was past the stage where serious damage might result from frost.

Most of the hybrid corn growers for seed purposes are planning to harvest their crop within a week or ten days, and reason that if the corn is dry enough to "pick", there is insufficient moisture to cause the freeze would endanger germination.

The corn crop, incidentally, is expected to set new records in quantity and quality, and in coming harvest, some believe. All are convinced that the harvest will be one of the finest in years.

Returning to soybeans, their actual position on the crop schedule is so good that few farmers have anything resembling a clear picture of their performance under adverse or unusual weather conditions. Originally a soil product of Asia, soybeans moved to China and thence to Japan where they became a major crop long before agricultural America became conscious of their "bean" qualities.

Within the past half-dozen years, since the AAA crowded Ceres from her enthroned position, American farmers have taken to the Oriental importation, not because of the knowledge they had obtained of its adaptability, but because federal edict forced them from wheat. Short

supplying season, hardy, easily planted, requiring a minimum of care during growth, and high prices, soy beans provided the answer to the farmer's prayer. In typical American fashion, they sought to employ the crop in a general plan of streamlined production from the soil—beans production the second-half of "double cropping".

In most cases the harvest of beans were planted in this week were those planted as the "second" crop.

The soybean prospect in Ohio is set at 25,347,000 bushels, according to the U. S. Department of Agriculture. **Continued on Back Page**

# Shiloh School News

**SENIOR CLASS NEWS**  
During a class meeting last week the class decided to sell stationery again this year. We have sent for order blanks and price lists. We will be writing to that friend in the service. So buy your stationery from the Senior Class. See any member of the class and they'll be glad to take your order.

We hope to begin our magazine sales shortly after Christmas. So if you are planning to subscribe for a magazine wait and patronize the Senior Class.

**INVITATIONS ORDERED**  
Monday morning, Mr. Cook of the Herff-Jones Co. came to our school. The Senior invitation committee, Mary Brook, Jane Stiving and Junior James picked out two types of invitations. First the class voted on the one they liked the best. They chose an invitation printed on rough white paper. On the outside cover a blue crest was mounted. Inside there was a place for the name and address of the invitee. It is printed with black ink and the lettering is small script.

**DIGNIFIED SENIOR ENGLISH CLUB**  
A regular meeting of the Dignified Senior English Club was held on Friday morning at 9:00. The new officers took office at the meeting. They are as follows: President, Dorothy Deibert; Vice President, Joyce Witche; Secy-Treas., and Janice Moser, news reporter. Several speeches were given on statesmen, authors, or actors of the United States. Some very interesting speeches were given.

**FIFTH GRADE**  
The fifth grade presented a short program for Mr. Joseph and Mrs. Haverth and their class last Friday. The program was made up of poems they had written for English class, poems they had prepared reciting as a part of choir and one poem that the entire class had made up together.

**FRESHMAN NEWS**  
The Freshman class have elected officers for the year as follows:  
President, Mary Benedict; Vice-President, Dorothy Guthrie, Sec-Treas., Howard Clark, News Reporter, Virginia Kirkendall; Historian, Betty Rose.

The officers for our English Club are: President, Marilyn Van Wagner, Sec., Leatrice Whitcomb.

**LATIN CLUB NEWS**  
The Latin Club Officers for the year are as follows:  
President, Jean Hall, News Reporter, Donna Hoffman Program Com., Margy Benedict, Clarence Frate.

At the first meeting of the club, members gave reports on different Roman myths.

We have all subscribed to the Latin magazine "Auxilium Latinum" which contains jokes, biographies of movie stars, current events, crossword puzzles and other very interesting articles written in Latin. We will discuss the articles in our club meetings which take place every other Friday.

**SOPHOMORE NEWS**  
Last Friday the English Club elected officers as follows:  
Pres., Bill Forquer; Vice-Pres. Wade Kinsel, Sec-Treas. Martha Lofgren.

The president appointed Dean Wolford, Joan Hoffman and Jack Reynolds on the program committee for this month.

Interesting speeches were given on South American countries. They were one minute in length.

**SEVENTH GRADE NEWS**  
When the Seventh Grade select officers they overlooked the job of Historian. Last Tuesday the class selected Lester Baker to be historian for the year.

In English Class last Friday we played a ball game with spelling words. There were two teams—Richard Jones and Richard Posekany. Richard Jones won by one point after an exciting game.

In First Aid Class we have been giving artificial respiration. Our victims are doing nicely, thank you!

**BAND NEWS**  
The Shiloh High School Band was on the game for the week with Castilla on Friday. Before the game marched down town, returning in time for the flag-raising ceremony during which we played the "Star Spangled Banner." After a counter-march the band moved into a huge "HI" during which they played a march by Benne "Project." During the playing of this number they marched into a huge M for Margaretta, the name of the visiting school. From this they marched down the field, did a counter-march and up the field to form "HI" once again, this time going into an original script "S" led by the drum majorettes.

"Across the Field" was played at this time.

During the half the band assembled at the north end of the field and marched down the field in the huge "M" with the drum majorettes forming the . . . to

represent the Morse Code for Victory. The band then played these symbols on the instruments. The word "Victory" was completely spelled out in this manner.

The band will be unable to attend the games away from home due to transportation difficulties.

**JUNIOR CLASS NEWS**  
Last Friday our class assembled to make the final choice of our class play. We decided on "Relax Albertus," a comedy in three acts by Richard Hill Wilkinson. Our play will be presented November 13th. Remember, this is just the beginning. It's a long time till the 13th of November. At least plenty of time to do some plugging for our play.

Also this week we selected our class officers. It had been stated previously that we had selected them. But that was a misprint. Monday Mr. P. D. Cook of the Herff-Jones Co. came to show us rings and our class finally, after much talk and debating, decided to buy them. We hope to have our rings by Christmas—we hope!

Our candy sales so far have been satisfactory. However, there is room for much more satisfaction.

Our tax stamps have been mounting up rather rapidly. At the present time we have about \$84.00 in stamps. Remember, we get \$3.00 for every \$100 of cancelled stamps. So if any of you have stamps left any member of the Junior class, I know they will be glad to relieve you of them.

**F. F. A. NEWS**  
The F. F. A. has now organized. The officers are as follows:  
President, Paul Clark; V-pres., Blaine Haverth; Secretary, Roy Garrett; Treasurer, Duane Youns; Watch Dog, Raymond Willet; News Reporters, Bob Hamman, Fred Lofgren and Betty Rose.

The boys are now bringing in old machinery and fixing it up. It also made a service board to put down town which will have the names of all the boys who went into Uncle Sam's services.

Our Scrap Metal Drive is under way now. Let us know if you have an old metal. We'll collect it for you.

**GET IN THE SCRAP AND SLAP A JAP**  
Mr. Nesbitt and his F. F. A. boys are starting another drive for scrap metal. On the school ground under the big tree by the swings will be our scrap metal collection center. If you have an ounce or if you have a ton, be sure and get it in by October 16. Let's make the pile grow.

If you do not have a way to get your scrap metal to the school building, tell any F. F. A. member or any of the teachers and they will make arrangements to come and collect it. Only certain communities are collecting tin cans. Shiloh has not been listed as one of these for tin can collection.

**FR. RED CROSS NEWS**  
The Junior Red Cross in the county is putting on a drive for coat hangers. We are certain you have one or more coat hangers at home. At the present we have collected 164. We would like to make this reach 500 if at all possible. Give your coat hangers to any school student and they will see that they are delivered to the school. These coat hangers are to go to a new Army Camp for use by the soldiers. Our boys are doing all. Won't you give one or more hangers to this collection?

**TEACHERS COUNTY MEETING**  
The Cass Village School Teachers had a 100 per cent attendance at the Richland County Teachers' meeting, which was held on Wednesday evening, Oct. 7th. Prof. Wells of Wooster College, gave an excellent talk on the Orient. Miss Richards sang a vocal solo and Darrell and Donald Hudson played instrumental numbers at the meeting as Shiloh's contribution to the program.

**GIRL RESERVES**  
At the close of the school term last year the Girl Reserve officers for this term were elected as follows:  
President, Helen Guthrie; Vice-Pres., Blanche Smith; Sec., Dorothy Deibert; Treas., Mary Brook; Program Chairman, Janice Moser; Advisor, Miss Pettit.

We will sell Christmas cards again this year, so we will appreciate your orders. Just see any girl of the Junior or Senior class and they will gladly show you samples and take your order.

**SHILOH DRUMMER BOYS LOSE TO MARGARETTA**  
Did you listen in to the Ohio State-Indiana football game last Saturday? There were thrills a plenty in the game. Did you see the Shiloh-Margaretta game Friday? The Ohio-Indiana game was a match for thrills to our own game!

The Drummer Boys were handicapped by injuries. Most of the time one half of the regulars were out by injuries. Bob Hamman and Bill Van Wagner were out for the game and Junior James was injured during the game. Never-

the-less the boys did an excellent job against a larger and more seasoned team. Shiloh recovered two of Margaretta fumbles for two touch downs but James failed to kick for the extra points after the touch downs. In the second period Margaretta tore loose with two nice long runs which netted them two touch downs. They failed to kick either time after their touch down but downed their second blocked kick for an extra point. The half ended 12-13 for Margaretta.

In the third period Margaretta scored another touch down but failed on the extra point. During the last period with but three minutes to play Shiloh took the ball their own 20 yard line and marched on five plays for another touch down. James tried for the extra point but failed when his high kick was caught by the wind and fell short. The game was ended, 19-16, Margaretta. The Drummerboys are idle this week but are going after revenge on Margaretta on October 18th. All boys will be available for that game.

**SENIOR MIXED CHORUS**  
Not only does the Senior Mixed Chorus enjoy singing, but they enjoy having a good time as well. A Wiener roast was held at Janice Black's home last Tuesday afternoon and evening. The time was well filled with games and songs. Just ask the girls how they like "anil's delights!"

**CHAPEL**  
A very interesting chapel program was held on Monday, Oct. 5th. The band played while the students marched into the auditorium. After the group singing, which was led by Miss Richards with Miss West at the piano, Rev. Stover gave a very interesting talk on the Bible. He pointed out some of the interesting incidents and people whose life stories are told in that great Book.

After Rev. Stover's talk, two reels of film, were shown on the value of good food in the diet. These films were especially interesting now when we must all do our utmost to keep it so we will be able to do our part for our country.

**THE SNOOPER ! !**  
Miss West went into the office last week and asked for "Moonshine." It seems she meant the book "Moonstone." It must be a habit, Miss West. Remember, "One Step in Heaven" is the best of our income in War Bonds for our share in America.

be a good idea if Jean Whistler would keep Bobby's letters to her self.

It surely was interesting to watch the disks which Marilyn Van Wagner was going through in Algebra class last Friday. Did you catch the fly, Marilyn?

We wonder what happened during the Junior Class meeting in the Library that caused Betty Hammett's face to get so red. Would you know, Jimmy?

Have you noticed the nice-looking tires on Blaine's car? He and Dorothy certainly have a racy future—that is until gas is rationed.

You surely get some strange answers on test papers. For example, Dean Arnold's definition of Ordinary Life Insurance is "something that you pay for until you die and then get it." Does it make sense to you? We couldn't figure it out either.

We have just found out the cause of Mary Benedict's circles under her eyes and her generally tired expression. It must be quite a strain to have a boy friend home on furlough.

**LEAVES FOR ELYRIA**  
After spending two weeks in Shelby in the interest of Girl Scouts, Miss Helen Koehenderfer of Harrisburg, Pa., left Shelby on Saturday for Elyria. During her stay in Shelby Miss Koehenderfer, Girl Scout director, consulted with Girl Scout leaders in Shelby. She will return to Shelby in January.

**GETS COMMISSION**  
Albert Frish, Willard, who has been an engineer with the State Highway department for some time, is now in New Orleans, La., where he has been commissioned as a lieutenant in the U. S. Navy. Mrs. Frish, the former Hulda Davis, is making her home in Plymouth with her parents, Mr. and Mrs. Chas. Davis.

**34 LICENSE ISSUED**  
During September, 34 marriage licenses were issued at the office of Probate Judge Luther Van Horn at Norwalk. This is about the normal number of licenses for September.

**Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.**

# The Nation's steel mills are running out of scrap. They haven't enough on hand for even 30 days more. When this is gone they may have to shut down—for all new steel is 50% scrap. Get your scrap ready to turn in now!

## WHOSE BOY WILL DIE BECAUSE YOU FAILED?

Or maybe you don't care!

We think you do. We feel that our whole community is ready to rise up and bring in the scrap as soon as you get a chance. So you're going to get that chance!

Next week we're starting the biggest drive you've ever seen, to get in this precious material. And you're going to pitch in, too, because this situation is serious.

Start looking around your place for scrap today. If you've got a son in the service, do it for him. Do it for the neighbor's boy—for those fine young chaps you just passed, out on the streets.

'Above all do it for your country . . . and do it now!

**THINK about it as revenge—a way to get back at the scum who have attacked us. Or think about it as a little more protection for our fighting men—something you, yourself, can do to bring as many as possible home alive.**

**But think about it now—for the scrap in homes, farms and factories has got to be moving to stockpiles within the next few weeks or it may be too late!**

Maybe you don't know what it means to have production fall off. Maybe you can't imagine how it feels to be hunkered down in a foxhole wishing for just one more clip of cartridges. Or to see the enemy rolling through your lines because you didn't have just a few more tanks.

# Mt. Hope Central Hall Attended Big Crowds at All Sessions

The celebration of the one hundredth anniversary of the founding of Mt. Hope Lutheran church in Shiloh was history making for this community.

From the beginning on Saturday afternoon to the close on Sunday evening, there was a grand constructive program, a part of which was suited to every individual taste. At the open house on Saturday afternoon, old acquaintances were renewed, old acquaintances were greeted and all were made happy during the visiting hours, which included a reception of the new organ and chimes and also a visit to the basement which was newly finished, and fitted with a new heater for the primary division.

The decorations, in charge of Miss Pearl Darling, were beautiful. They were in harmony with the season. Only autumn colors were used and combined with fruits and vegetables. Tea service was given and a tastefully appointed table in the large east Sunday school room.

Mrs. C. H. Rose, president of the women's organization, and Miss Ina Brumbach, president of the Church Aid, poured.

The church was filled for the Sunday morning service during the regular ceremony, the pastor, Rev. Nevin Stover, dedicated the new organ. Dr. George M. Ferrell, president of the board of the United Lutheran church in America, gave the address on the subject: "Christ Loves the Church."

The plendid anthem by a choir of over twenty voices was directed by Mr. Frank Spirk, music supervisor of our schools.

Miss E. Floy Rose, president at the organ with her natural grace and ease. It was fitting that she occupy the position of organist, as she is the great grand daughter of one of the founders of the church. Peyton W. Thomas of the Shiloh school, was present to take group pictures, and her picture was taken at the organ. These pictures will be placed in the Centennial Book.

At the noon hour about 140 people enjoyed a picnic dinner at the school auditorium. They were led by a group of lovely young women. Arrangements for this delightful period was in the efficient hands of Mrs. E. J. Stevenson.

The beautiful birthday cake was made by Miss Pearl Darling. It was in the form of steps leading to a church. On each side of the cake were 100 candles. Mrs. Stevenson, Miss Darling and Miss Glyod Russell lighted the candles, and the glow was reflected in the church windows. Mrs. C. H. Rose, the only living direct descendant of one of the founders of the church, and Mr. Thomas took her picture and that of the cake at the time.

The oldest life time member of the church, Joseph Giger, attended the morning service. Mr. Giger holds a unique record in our church history. He has occupied an official position for 60 years and is at present, member emeritus of the church. His wisdom and guidance is often sought by that official board as well as by the Sunday school officers and teachers. His help has helped the church during financial difficulties; more than once he has purchased all the winter coal, besides giving his regular contribution to the various divisions; and his wife have backed the church in a number of ways, and he and his wife have backed the church for church development and improvement. His picture was taken in front of the church which he has so faithfully given his service.

The afternoon service was informal and was led by Leland D. Wolferberger, chairman of the organ fund committee. Leland is his father's own son. All honor to Leland for the many efforts the past three months he made this occasion a memorable one. Mr. Wolferberger read the names of the donors to the organ fund, for whom the memorial was made and also those who contributed so generously to the fund. In referring to the many noble members who had passed away he modestly refrained from mentioning the name of his father, C. B. Wolferberger, who would have been proud of his son.

Several times this was mentioned in the presence of the writer, whose business it is to get the news across to The Advertiser, so we must refer to this venerable man as Mr. Wolferberger, like Mr. Giger, "stood by" with his financial support whenever needed. One winter the church was in need of news just when it was most needed. There was no church money available, but Mr. Wolferberger

financed the purchase and installing of a new furnace, and the church could repay him at the convenience which was later done without interest.

His financial support for a number of projects was given wholeheartedly during his life time. Mrs. Florence Crawford Hahn of Shelby, gave several selections of the organ during the afternoon. Florence has carried with her the same charm she has had as a child. Her knowledge and mastery of music gave her audience a treat. At the close of her program she played "Home, Sweet Home" with the choir. Her playing was appropriate and effective. She was the faithful organist at Mt. Hope many years; her friends here are legion and it was an honor to have her. She also accompanied her niece, Miss Margaret Cumberworth of Shelby, who gave special selections and her beautiful voice thrilled the audience. Mrs. Hahn is the daughter of John and Anna Crawford, long members of Mt. Hope church, and Mr. Crawford was chorister and leader of the choir for many years. Miss Cumberworth is the daughter of Mrs. Helen Crawford Cumberworth and the granddaughter of Mr. and Mrs. John Crawford.

Mr. Wolferberger, Ralph Hunter of Cleveland, F. L. Beaver of Norwalk, C. R. Beaver of Plymouth and W. R. Page of Camp Hill, Pa., were also participating in the memorial a real satisfaction to everyone.

There were 294 persons registered during the sessions, and the spirit manifested during the grand occasion cannot be placed on paper. Many of the families of the church, has there been such a cooperative spirit as in the purchase of the organ.

Among the greetings received were those from Dr. Daniel Pullinger of Boston, Joe Mads Camp Forest, Tenn., Rev. H. B. Heibert, Lancaster, and former pastor, Dr. Ross Stover of Philadelphia, Pa. Rev. Blinkseder of Magnolia, Rev. Ross Miller of Springfield, Rev. L. A. McCord of Tiffin, Rev. F. W. Shirey of New Carlisle.

The oldest member of the church, Mrs. Mary Kohl, who is 91, attended the Sunday evening service.

Just an example of the interest taken in general for the new organ. Mr. Stover, who is giving this letter because it was received from four soldiers.

Camp Forest, Tenn. In reply to the form letter received from the church, I am returning the enclosure with the necessary information.

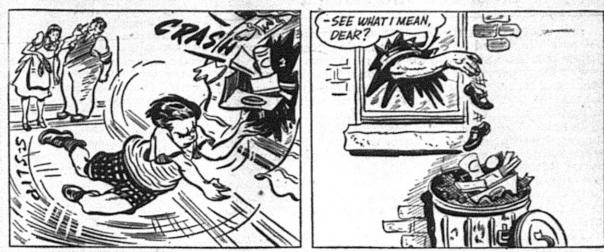

I regret that we will be unable to attend the anniversary on Oct. 4th. I want to repeat my offer to make any further contribution that you may find necessary to complete the purchase of an organ for the church. I am a member of Mt. Hope Lutheran Church and am especially proud and happy to make this contribution in behalf of my wife, my parents and myself in memory of my father and grandparents for whom I have always had the highest respect and deepest affection.

Due to the nature of my duties it is often impossible for me to attend our own church, but I shall try to make up in prayer what I miss in attendance. My best to everyone,

Sincerely,  
Lt. Col. John P. Kaylor,

## AN 'E' FOR THE FARMER

Any charges that the farmers of the United States are not patriotic, based on the fracas in Congress over parity prices should be nipped in the bud right now.

For the American farmer is probably the most patriotic species of citizen we have in this country—and ever since the war started he has been putting in man-killing hours to bring food production to an all-time high.

In spite of labor shortages, resulting from selective service and from farm help going to the cities for easier and more lucrative work, the farmer has achieved a notable record this year—and he probably is much more deserving of wearing an Army-Navy "E" than are many of the war factory workers who drop their tools the minute the whistle blows unless they are assured of time and a half for overtime.

The farm lobbyists in Congress may have made it appear that the farmer is out for all he can get out of this war—but it should be remembered that it is the lobbyists and not the farmers themselves who are doing the shouting.

## LOSING THE WAR

During recent weeks, more and more people in the know have expressed the opinion that "so far we are losing this war."

Those of us who do not have access to the facts, and hear only the news which official bodies agree to release, don't have much way of knowing whether things are looking brighter or darker.

It is alarming, however, to have such a prominent official as Ralph Bard, assistant secretary of the navy, publicly state that we are losing. Mr. Bard made that statement because he thinks the people will have to do a lot more than they have done so far in order to assure victory. He thinks a lot of us are "whistling in the graveyard to keep from facing reality."

Maybe we are—or maybe, if we are not facing reality, it is because reality is kept hidden from us. So long as the American people are given the facts they can be counted upon to do something about them.

## FARMER FOUND DEAD IN BED

**WILLARD**—Marion Spencer, 67, retired New Haven township farmer, was found dead in bed at his home in Willard, early Thursday. He had been ill with heart trouble for some time.

## Completes Course

Great Lakes, Ill., Oct. 8—Guy Cunningham, son of Mr. D. G. Cunningham, 19 Mulberry street, Plymouth, O., has successfully completed a 16-weeks course of intensive training in the school for Aviation Machinist's Mates at the Service Schools of the U. S. Navy here.

Men graduated are sent either to the fleet or to an advanced service school for additional instruction. Then they serve under veteran petty officers in their specialized fields, receiving more instruction and experience. Service schools graduates will be eligible for petty officer ratings as soon as they are able to pass the qualifying examination after graduation.

Great Lakes Service Schools of course train in 21 of the 55 trades of the U. S. Navy. Selection of men to attend the schools was made on the basis of a series of aptitude tests given to every blue-jacket during his period of training.

**Good Wall Finish**  
A good wall finish is one in an attic that is being made up into a bedroom is the use of a fiberboard insulating material for this purpose. It will make the room more comfortable as it will be insulated against heat and cold, and it will also make an attractive finish as it can be used in its natural color and is available in pastel shades that will form harmonious backgrounds for any type of interior decoration. It can be used on walls and ceilings.

## LICENSE FUND IS DISTRIBUTED

If Plymouth is in its entirety was in Huron county, how would the village stack up in receiving state funds?

It is easy to be seen that if we ranked as the third largest corporation in Huron, we would naturally get more consideration—and here we ask the question—"Would we?" Norwalk is a little larger in population than Willard, its southern neighbor, gets a cut of \$2,000, while Willard is apportioned \$425.

Distribution of \$2,172,000 of automobile license fund was left entirely up to the Budget Commission of each county. And it would be interesting NEWS if the commission would make it clear on what basis the distribution of tax money is made. Here the people don't know the functions of the budget commission.

At any rate, here's the latest news of the automobile license revenue:

Distribution of \$2,172,002 of automobile license revenue to the cities, counties, townships and villages of Ohio plus distribution of the tag equalization fund—amounting to approximately \$10,000 per county, was announced by the Department of Highways.

This is the third distribution of the 1942 tag income and represents about 85 per cent of the 72 per cent to be distributed this year. Of this 72 per cent 47 per cent goes to the county and 25 per cent to the district of registration.

This is the first time in 1942 that the five per cent equalization fund has been divided.

Huron county received a check for \$28,012 from Cylon W. Wallace, Registrar of Motor Vehicles in the Highway Department. \$3,450 of this was distributed as follows:

Bellevue \$325; Greenwich \$180; Monroeville, \$128; NEW LONDON, \$250.

North Fairfield \$78; NORWALK \$2,000; PLYMOUTH \$50; WALKER \$62.50; WILLARD \$425.

The county received \$10,000 from the five per cent equalization fund which with \$1750 earmarked for township work and \$9,199.50 earmarked for county work went into the road and bridge fund of the county.

## BEGG FEARS FREEDOM LOSS

"Creation of government bureaus has taken away the constitutional duties of Congress," Jas. T. Begg, Republican candidate for Congress from the 19th District, told members of the Youngstown (Ohio) Optimists Club at a meeting last Wednesday.

"Never in history has Congress been held in such contempt by a former Congressman as I am," Begg declared. The nation faces certain dictatorship or some sort of socialism unless the "big men" are called from Congress, he asserted.

While the Republican candidate held that centralized authority in wartime was necessary, he expressed the fear that the power would not be returned to the people when the war was over. "The only guarantee you have of getting that power back is by sending men to Congress who have the courage to take it away from the chief executive, Begg declared.

Begg described creation of government bureaus as "only an excuse for a cowardly executive to get out of an embarrassing situation."

## SHOP EARLY FOR XMAS

Plymouth people who are anticipating the sending of Christmas gifts to the boys in service will do well to clip this article for future references as it gives you the mailing time, the size of packages and weights, and the information necessary to insure the arrival of your gift to the boys in time for Christmas.

First—Shop early, pack carefully and securely, address plainly, and please — "no party ribbons."

That's the Christmas prescription for gifts to men in Uncle Sam's overseas service—and you will be a much more successful Santa Claus if you will pay strict attention to the rules.

The army, the navy, the coast guard and the marines, too, are going to do their utmost to see that every last Christmas gift reaches that service man, be he in Iceland or the Solomons. That is, they will, if you do your part. They ask this of you—shop now, don't delay and mail your presents between October 1 and November 1. November 1 is the deadline if that service man isn't to be disappointed come December 25.

Navy and coast guard packages can't weigh over seven pounds; the army and marines will allow you 11, but they'd be happier if you'd stick to the seven-pound figure. Navy packages are to be of shoe box size—roughly 4 1/2 inches by 12 1/2 inches (unless you wear size 12). Army and marine packages cannot be more than 18 inches long, and must not exceed 42 inches in length and girth, combined.

## NEW SPEED LAW

All motor vehicles except those operated by common carriers will be limited to 35 miles per hour under the new law which became effective last Thursday, Oct. 1.

Common carriers, trucks and busses operated on regular schedules over regular routes, will be given until Oct. 15 to adjust their schedules to the lower speed.

The state will have charge of enforcement for the present, and strict motorists are being told of the new law!

Nationwide gasoline rationing will become effective Nov. 22 or the week of Thanksgiving. By that time the ration books will have been distributed to approximately 20 million motorists in the unrationed area.

Along with the new gasoline rationing program, the time rationing program will require that all cars must be submitted to the Office of Price Administrator every 60 days to insure proper care.

## WAR GETS 'EM

Two Greenwich business places will close their doors, one indefinitely, while the other will remain open only on Sundays for several weeks.

The First Meat Market closed its doors last Saturday night. Bernard Fate, operator of the market, has accepted a job in a Tiffin market and will move his family there.

The Miller General Store will be open only on Sundays for a

## ADDS TO SCRAP

Morrow county's relics of the nation's earlier war are to be contributed to the country's World War II scrap pile.

The Mt. Gilead council was requested last week to permit the scrapping of the bronze Spanish naval cannon and cannon balls, located on the Square in Mt. Gilead. They are relics of the Spanish-American war and were contributed to the village by Capt. Edwin T. Pollock, Aug. 9, 1917. The cannon and balls weigh approximately a ton.

## TWO LEVIES

Only two tax levies in Huron county will be submitted to the voters at the coming November election.

A two and one-half mill levy for rural school expenses will be placed on the ballot for Richmond township and in Willard the voters will pass on a one and one-half mill levy for the support of the Willard Municipal hospital.

No bond issues will be considered in the November election for the first time in several years.

Mr. and Mrs. Manuel Gonzales of New Pittsburgh, west of Plymouth, are the parents of a son born at the Willard Municipal hospital, Saturday.

## GIDEONS TO GIVE BIBLES TO STUDENTS

A very important meeting of North Richland County Religious Education Council was held at the Methodist church Monday evening. From Miss Walker's report we learn that she has 676 pupils who are taking the work in Bible and Religious Education that she drives about 90 miles each week. The pupil enrollment was up as follows: Plymouth 155; Shiloh 224; Rural Schools 297. Miss Walker also arranged an itinerary of all the churches attending the Gideons on Sunday and giving short addresses in the Sunday schools.

Mr. Holmes, representing the Gideons, was present with an attractive offer. He assured those present there was nothing like this movement in Ohio and perhaps not in the United States. While religious education in the city schools is very common, the uniting of fifteen churches behind a rural program of such magnitude as this is a pioneer movement. Because of this, the Gideons are offering 250 Bibles to Miss Walker to be given at her discretion to any pupils who do not have Bibles. The Bibles are not owned by the Gideons as they are placed in hotels, but are direct gifts. The Bible is well-bound, good print; King James version.

This generous offer of the Gideons was accepted, and it was agreed that a representative of the Gideons may come to the churches, October 25, to present their offer, and in the evening of that day a dedicatory service will be held at the Ganges church at which a layman will be secured to give the offering.

The only genuine criticism of the movement is that there is not enough of it. Union school would be only too glad to arrange for a Bible course and individuals in the other schools are asking to have too glad to have this "high school".

The financial response in Plymouth has been very good, indeed, \$180.00 has been received by the treasurer and several are paying monthly over a period of ten months. Pledges may be handed to any pastor or sent to any church.

H. L. BETHEL, Secretary

### ADDS STAR TO FLAG

Another star has been added to the Service Flag at the Lutheran church in Plymouth. Royal Trauger, son of Mrs. Sam Trauger is now in the Navy and a star placed on the flag for him. This makes a total of 23 stars from the Lutheran church alone.

## BOARD PASSES SHEEP CLAIMS

Richland county commissioners have authorized payment of \$383 to ten county farmers for the loss of sheep killed by dogs in September. The total was \$59 below the August total.

Claims ranged from \$10 to \$72. Claimants were:

Fred Ammeter, \$21; George Cheseman, \$72; A. Ellis, \$22; H. E. Fisher, \$1; Lyle Hamman, two claims for \$50 and \$13; Joe Oliveri, \$26; C. L. Pritchard, \$46; J. A. Shea, \$63; C. W. Sloan, \$25; and Ira Snyder, \$18.

## Two More Three-Star Parents Are Reported

Two more three-star parents with sons in the Armed Forces, are reported this week and share honors with Mr. and Mrs. A. F. Cornell in Plymouth.

While not within the corporation of Plymouth, they are in the community count. Plymouth, as their home. Mr. and Mrs. H. S. Rhine of the Bucyrus road, have the following boys in service: Corp. Charles W. Rhine, P. F. C. Robert Rhine, and Pvt. Clarence E. Rhine (see address column for locations).

The other couple, west of town, is Mr. and Mrs. J. VanderBilt, who already have three sons in the service and the fourth waiting for his call. Those now in service are Jehn, located at Indian-town Gap, Pa., Art, who is in the Navy, and Henry, who is with the 37th division somewhere in the South Pacific. Bernard is waiting for his paper.

Mr. and Mrs. VanderBilt have four other sons, Bert, living in Idaho; Maasie, Eddie and Cornelius, at home. They have one daughter, Mrs. Wm. Van Loof of Plymouth.

Mr. and Mrs. VanderBilt have lived in this vicinity for many years, having previously resided in Pennsylvania, New Jersey and California.

## FARM RATIONS GROUP NAMED

Cass, Franklin Township Men To Serve with Taylor on Equipment Committee.

A Richland county committee to ration farm equipment has been completed with the appointment of two farmers from the northern half of the county to serve with Guy L. Taylor, county AAA chairman.

Appointed to the posts by the county agricultural war board were R. Howard Cass to and C. N. Kuhn, Franklin-t. Alternates are S. H. Cashman, Plymouth-t. and J. B. Wolf, Mifflin township. Taylor automatically was made a committee member by virtue of his post as AAA chairman.

Rationing of all new farm machinery under a plan similar to that used for allocating tires and new automobiles will start immediately, County Agent George B. Ganyard said. He is a member of the county war board.

Farmers desiring to purchase new equipment will be required to file their applications with the rationing committee which will have headquarters in the AAA office on North Diamond street.

Used farm machinery and small pieces of equipment such as hoes, forks, shovels and hand-operated and one-horse drawn apparatus will not be rationed.

Before he obtains permission to buy new machinery, the farmer must show that his present equipment is inadequate and cannot be repaired, that his production will be reduced by failure to get new machinery, and that he is unable to rent it. He must agree to permit the use of his machinery for custom work in his community after his own work is done.

### GOES TO HAWAII

Crestline — Mrs. Harry Foster left Thursday noon to join her husband, who is located at Pearl Harbor, Hawaii.

In order to be allowed to make the trip Mrs. Foster took civil service examination which she passed and through the efforts of her husband she has secured work as an under clerk in the Naval Supply depot in Hawaii. Mr. Foster, who has been at Pearl Harbor the past five months, is also in civil service work. Prior to his going to Pearl Harbor, Mr. Foster employed at the Fate-Root-Heath Co., in Plymouth.

### RIGHT OF WAY GRANTED

Right-of-way has been granted to the Standard Oil Company from the following in Huron county: Guy W. and Alice G., and Clarence Tooker, Nettie G. and Chalmers G. Scauck, and Lewis A. and Elizabeth Goon, Clara Knight, Wakeman, Clarence G., and Ruth G. Howard and Inez M. and Elza Starkey.

## BIG PUMPKIN

Probably the biggest pumpkin ever grown in this vicinity was brought to Plymouth last Wednesday night and placed on display at the Brown & Miller store.

L. C. Coder, who resides on the County Line, raised the pumpkin west of here, planted the pumpkin seed this Spring in his corn field. It grew and it grew, all through the season, and even up to the time of harvesting corn—the pumpkin still grew. In fact, Mr. Coder went out to pick it Tuesday, he had to have help. It weighed 75 pounds and measured approximately 24 inches in diameter.

No one would make an estimate as to how many pies could be made from the pumpkin, but Henry Watts, who is home on furlough, says about two hundred men could be fed from the pies made out of the pumpkin.

We'd like to have the Ohio Farmer check up on its record as to the largest pumpkin they ever recorded, as we are confident that the Coder pumpkin will get them one better.

## INFORMATION FOR VOTING

The Huron County Board of Election announces the following information as to absent voters and disabled voters and the vote of any person in the Armed Forces of the United States:

An absent voter is one who will be absent from his place of voting on election day providing he is more than 50 miles away from such location.

1. Secure from the Board of Election, either in person or by mail, an application. Upon receipt of such application the ballot will be mailed to the applicant. If the voter can come to the office in person he may vote at that time in the regular way upon filing the above application.

These ballots and applications will be available after Oct. 4th, 1942 up to and including Oct. 4th, 1942 at 6:30 p. m. All ballots in this class must be returned by 12 noon Friday, Oct. 30.

The Disabled vote is carried out in the same manner as above except that the application must contain the signature of two electors of the precinct, sworn to before a notary public and the signature of the attending doctor.

These ballots are available after Oct. 21, 1942 up to Oct. 29th.

### 1942 at 6:30 p. m. and must be returned to the office by noon Friday, Oct. 30.

3. Any person serving in the Armed Forces may vote under the new law recently passed by Congress, which gives to the voter an opportunity to file a very simple form with the Board and his ballot will be mailed to him at once.

The office hours as announced by the Board will be as follows: Daily except Saturday from 8:30 to 11:30 a. m., and from 1 to 4:30 p. m. On Saturday the office will be opened from 8:30 to 11:30 a. m., and in the evening from 7:30 to 9:30 p. m.

The Secretary of State John E. Sweeney, together with all Boards of Election of the State, are making a special effort to let as many men in the armed forces vote as possible and parents and friends of boys in the service are urged to send these application cards to their boys and have them secure ballots. The applications are available at the office of the board

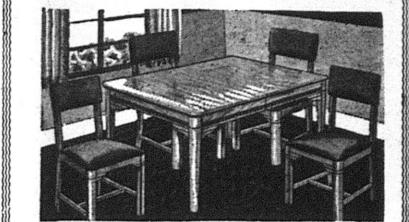

## Office Hours Announced For Rationing Board

Until further notice residents of Plymouth residing on the Richland county side of the village may make application on Wednesday and Saturday evenings between 7:00 and 9:00 o'clock for articles now being rationed.

Mrs. Louis Gebert has agreed to give her services on the above evenings and will keep office hours at the Mayor's Office. Application blanks are now available for special purpose sugar; men's rubber footwear, new tires or recaps.

Applicants are required to fill in own application blanks and old tires inspected before action is taken by local rationing board, located at Shelby, of which Plymouth is a branch.

Announcement will be made for the Huron County side of the village as soon as information is available.

## McGregor Greets Friends In His Home District...

As Congress has been in continuous session, I have not had the opportunity to get home and contact all of my friends and the various Organizations as I had hoped to do. Therefore, I take this means of extending my greetings.

It has been my earnest endeavor to conscientiously serve my people and merit their confidence, and I trust it may be your wish that I continue as your Representative in Congress.

I desire to extend to you my personal thanks for your cooperation, at the same time urging that you keep in touch with me at all times, so that I may be a true spokesman for you and others in our district.

Being the same premises conveyed to Clay Hulbert by Adele Van Horn and James G. Van Horn March 31, 1928, and recorded in Vol. 113, page 427, of the Huron County Deed Records.

**Parcel No. 3.** Situated in the Village of Plymouth, County of Huron and State of Ohio, and being a part of Great Lot number One Hundred Sixty (160) of the lots of said Village, bounded as follows: Commencing at the southwest corner of land formerly owned by Clay Hulbert, thence South parallel west side of Porter Street thirty eight (38) feet; thence east by a line parallel with the south line of said Hulbert's lot thirty (30) feet; thence North by a line parallel to Porter Street thirty eight (38) feet to said Hulbert's South line; thence West along said Hulbert's South line thirty (30) feet to the place of beginning.

Section 2. That the Council of the Village of Plymouth, Ohio, be and hereby is authorized to sell said real estate as one parcel to the highest bidder according to law, upon the following terms: Cash. Provided, however, said Council reserves the right to reject any and all bids. Said Council hereby authorizes and directs its Clerk to advertise the aforesaid described real estate for sale as provided by law, and upon approval by this Council, the Mayor and Clerk are hereby authorized to convey said real estate by deed to the highest bidder therefor according to law.

Section 3. That this ordinance is hereby declared to be an emergency ordinance necessary for the immediate preservation of the public peace, health and safety and shall go into immediate effect. The reason for such necessity is that the sale is necessary in order to provide funds for the purchase of other property more suitable for Village purposes. Passed Sept. 29, 1942.  
Attest: J. H. Rhine, Clerk.  
J. B. Derr, President of the Council.

## SOY BEANS

(Continued from Page One)  
most double the 13,143,000 bushels produced in 1941. Oats crop is not turning out as well as first expected, an estimated total of 50,220,000 bushels, or about one million bushels short of last year.

Prospect for corn is approximately 177,500,000 bushels.  
Hundreds of farmers in the vicinity of Plymouth went in for soy beans in a big way, and while a majority of them think their crops escaped damage from early frosts, it is safe to estimate that many have seasons around more damage than realized will be found. The fact that a number of planters got the beans in early, will no doubt prove a benefit to them inasmuch as early beans are the most likely to escape frost damage.

In an interview with John Gantzhorn, manager of the Plymouth Grain-Elevator, it was revealed that the biggest acreage in years had been planted in this territory. Mr. Gantzhorn also pointed out that soybeans this year must be dry and free of moisture as the government expects to store a large part of the crop, and dryness is very essential in keeping them successfully.

**Elevators Dissatisfied**  
The current feeling among elevator men in northern Ohio is one of dissatisfaction over the price being offered by the government for handling the beans. It was pointed out that the government has set the price or rather guaranteed \$1.60 per bushel and that it is the wish of officials that the elevator men should be graded and cleaning, etc.

A fair price, which elevator men believe would receive the approval of the board of industry, has been agreed upon at eight cents per bushel.  
Elevator representatives of northern Ohio held a meeting in Fremont Tuesday night to discuss the handling of the soybean crop this season.

**ENLISTS IN NAVY**

## ABOVE THE HULLABALOO

By LYTLE HULL  
The Air Alarm Smart Ale

This writer happened to be present in a small town the other day when an air alarm was sounded. Everyone knew that it was a practice drill and that there was no danger involved. Ninety-nine per cent of the people behaved like good citizens and obeyed the orders of the air raid wardens. Cars were drawn up immediately to the curb and the occupants got out quietly and walked into the nearby stores. Very quickly the main street was emptied and not a living soul was in sight. Even the air raid wardens had disappeared somewhere.

This was the signal for Mr. Smart Ale. He wanted to show the folks that he wasn't afraid of bombs, or of air raid wardens either for that matter. He was a couple of yards behind the crowd of heroes ostentatiously across Main Street dodging imaginary bombs and being frightfully witty for the edification of their fellow townfolks. The townfolks, however, didn't seem to have much sense of humor. In fact a couple of them—in the drugstore where this worshiper of chocolate ice cream sodas happened, unfortunately for his digestion, to be caught—had to be restrained almost forcibly from running out and laughing at Mr. Smart Ale. The popular wish that just one weeny, weeny bomb might come down today is fulfilled.

The probability is that these two local molecules are the same ones who take the girls out in the old Ford and do figure-eight along the public highway; or the same two who would manage to save themselves if the head out of his horn hole during a practice drill in your town. It might be advisable to stroke him gently with a large rock and throw the remains on the scrap pile.
