

### PENNIES ADD UP IN FLOWER FUND

VENDING MACHINES IN THE P-R-H PLANT SHOWING A NICE INVESTMENT.

This is a story of cooperation, brotherly love and splendid fellowship. It starts back in 1929 when the employees of The Fete-Roat-Health Co., Plymouth's only industrial plant, began through free-will contributions, a flower fund.

The fellows thought it would be a fine thing if and when a member of their group became sick or died, to send flowers. The fund started to grow, in a small way, but there was always ample money to buy flowers when the occasion demanded.

In 1937 the idea of peanut vending machines in conveniently located spots about the plant was put into effect. These machines not only showed immediate gains in revenue, but they added much to the appetite of the employees. Then as time passed on candy bar machines were installed, and they, too, also showed a profit for the flower fund.

This week the newest vending machines have been bought and placed in the plant. It's a machine that sells ice cold milk—plain or chocolate. And the predictions are that they will also be an asset to the building of the flower fund.

Of course, it takes money to make money, even though it is but a penny a throw. The peanut machines and other equipment had to be paid for, and this took a large portion of the receipts. But it is very certain that after all items have been charged off that the fund will grow to a substantial size.

With the addition of the milk-dispensing machines, it will enable the men to maintain a very healthful standard as far as the diet is concerned.

It is good for all Christians to have one period of the year in which to withdraw from the world and to meditate upon the things which the Christ has accomplished for our salvation.

While the world goes on at the reckless pace, let true Christians make this a period of meditation, of sacrifice, of devotions in the home and of faithful attendance at church services.

Robert Herrick, in a poem written by him 250 years ago, tells how "To Keep a True Lent."

Is this a Lent—to keep  
The larder lean and clean  
From fats or veals and sheep?  
Is it to quit the dish of flesh,  
And eat the bread of heaven?  
To fill the platter high with fish?  
Is it to fast an hour, or ragged go  
Or show a downcast look or sour?  
To eat a fast to dole  
Thy sheaf of wheat and meat  
Unto the hungry soul!  
It is to fast from strife  
From old debate and hate  
To circumscribe thy life.  
To show a hearty repent:  
To starve thy sin, not bin!  
And that's to keep thy Lent.

### First Million Books Donated; Campaign Ends Here Saturday

The first million books in the Victory Book campaign have been donated by the people of the United States for the men in our armed forces. Ohio's part in the campaign will continue during February with Saturday, Feb. 21 set as the last collection date in this month.

If you are accidentally missed or not at home when called upon, a phone call to Mrs. Mabel McFadden will bring a Scout to your door.

### ASH WEDNESDAY IS LENT OPENING

We have again come to another Holy Lenten season.

This name "Lent," is given to the forty-day period immediately preceding Easter, exclusive of the Sundays, which are always regarded as commemorating the Resurrection.

The name no doubt comes from the word "lentils," the garden peas, which, in early days, were the main food during this period of the church year.

This season, Lent is the period of preparation for the greatest festival the world will ever know—the Resurrection. And these forty days, beginning with Ash Wednesday, Feb. 18, will this year also be to millions of Christians, a period of restricted worldly activities. They will be thinking of the Lent who, in preparation for his life's work, fasted forty days and nights in the wilderness.

Many churches observe Lent, and it is good for all Christians to have one period of the year in which to withdraw from the world and to meditate upon the things which the Christ has accomplished for our salvation.

While the world goes on at the reckless pace, let true Christians make this a period of meditation, of sacrifice, of devotions in the home and of faithful attendance at church services.

February 22, 1732 - 1942

"Providence left him childless that a grateful Country might call him 'Father.'"

First President of the first Republic. On roll of fame, his name is first.

As mountain peak meets lightning's fury he met and ruled the storm of Revolution. He met hosts and hordes of a madhouse King. He met all tricks and traps of sullen sulking foes. He lost battles. He never lost a war. The echo of his natal day runs 'round the world. His Cherry Tree and Hatchet are safely locked in the legend of his country. Mt. Vernon on Potomac is a shrine. Until the sun is cold his name will be the nation's pass-word.

## TOURNEY TO BEGIN FEB. 26

### PILGRIMS PLAY LUCAS FOR THEIR FIRST GAME.

The Richland County Basketball tournament will begin play at Mansfield High school a week from today, Feb. 26. Plymouth has drawn Lucas to play in the first game. The Pilgrims have defeated Lucas earlier in the season, and will play the winner of the Shiloh-Ontario game if they win. With Madison out of the tournament, the favorite to come through is Butler, which defeated Plymouth last Friday night. They are the winners of the county league.

Butler plays, Belleville, while Shiloh encounters Ontario. Union plays Lexington, and the Pilgrims take on the Lucas Cubs. Plymouth stands an excellent chance of winning this year, having drawn a comparatively weak team. If the Pilgrims take over, come the disadvantage of playing on a large floor, and can win their first two games, they will go to the district tournament regardless, if they win the final game or not.

## Around the Square

(By Phineas Whittless)

IT'S A SURE SIGN of Spring when the smoke begins pouring out of the greenhouse chimneys on West Broadway. Looks as if somebody was going to make a Victory Garden this year. How about a nice tomato plant?

JERRY RATCLIFFE of the Plymouth Grain Elevator is making it attractive for farmers in this vicinity to buy their fertilizer early. It will not only help in the Defense Program, but there's a saving by unloading from the freight car—read the ad in this issue and get all the details.

WHEN THE CROCUS begin to appear, Spring has far behind? The Crocus in front of the home of E. K. Trauger have pushed their way through the earth more than an inch, already.

CONGRATULATIONS go to "Ole Smoky Joe" Lash, son of Joe Lash, who celebrated his 18th birthday on FRIDAY, THE 13TH. What a lucky day for young Mr. Lash, who received a beautiful birthday cake from that "certain party." Joe's schoolmates extended a glad-hand on this day, and which proves that he's the way of being captain of the basketball squad.

IT TAKES BARE FACTS to convince "Buddy" Johnson, young son of Mr. and Mrs. R. A. Johnson. Clay Hulbert, who is a custodian at the school which Buddy attends, was recently appointed as deputy marshal for the village. Buddy heard about this, but it was a little hard for him to believe, so seeing Mr. Hulbert on the Square one evening young Mr. Johnson walked up to him and asked directly if he (Hulbert) were policeman. Mr. Hulbert replied that he was, and pointed to his official cap, and showed Buddy his club—but that wasn't enough, Buddy yaps and asked: "Where's your badge?"

## MOTHER DIES

She is survived by her husband who is a patient in a Columbus hospital for treatment the past two years and the following children: Fred of Attica, Ed and Lloyd of Willard, William of Republic, Rolla of Plymouth, Walter of Shelby, and Mrs. Rosena Geinewer of Tiffin, and fifteen grand children. One daughter, Lillie Frankelstein of Lykens, preceded her in death.

THOSE GOOD OLD DAYS

Remember when every housewife bought ice from the iceman and cooked in iron pots and pans? When old folks were convinced that the automobile was a reckless invention and nearly everyone walked to work? Looking back toward those misty years at the turn of the century, some of us are apt to call them the "good old days" and feel sorry that they passed. Actually, however, they haven't passed entirely. In many respects these old days are certain to be like the new days coming up in the months that are just ahead.

As our factories turn out more and more mountains of war materials to supply the armies of freedom, more and more of the products we've taken for granted are going to disappear from our stores and from our lives. Metal articles ranging all the way from electric refrigerators and washing machines to pins and needles are going to become scarcer as the war continues. Many changes are going to occur in the way we live and work.

As our standard of living goes back toward that of the old days—as we begin doing without many of our wonderful modern industrial products—this much becomes apparent: those days may not have been so good as people thought they were. Modern industry has made our new days so much more convenient and comfortable.

Yet the old days were good enough for our parents and our grandparents—good enough for all those who came before and changed wilderness continent into a mighty nation. Our forbears managed and more than managed with the resources at their command. Today it's not too much to expect us to do the same temporarily.

Even with the shortages we must accept, our standard of living will still be higher than it was in those old days. And after the war, when our factories can turn all their productive skill into the manufacture of peace time goods, it will once again be higher than anything the world has ever known.

WORK DOES IT!

"Bragging won't scare the enemy to death; ballyhoo won't do it; boasting of our great mass production capacity is meaningless unless we really mass-produce for war."

Voicing those opinions in a recent speech, Mr. Walter B. Weisenburger, executive vice-president of the National Association of Manufacturers, declared that the successful prosecution of the war will take "all the organization talent and experience that America can muster to integrate and speed production. . . . When the President's newest program reaches industry in the form of orders and specifications, it will require at least 60 per cent of all the factory output."

The job is so huge that it will demand complete cooperation from everyone charged with doing it. As Mr. Weisenburger pointed out, "This is no time to fight out old domestic battles, or to renew the traditional issues between capital and labor, or to continue in any guise the effort to master the business system. This is a time for all of us to abandon "business as usual," "politics as usual," "strikes as usual," and "reforms as usual," and as a truly united and inspired nation to take up the supreme job of waging war."

ONE MORE REASON

The recent failure of the Huron and Richland County Draft Boards to arrange or set up a registration booth in Plymouth for the registration which closed Monday for men between the ages of 21 to 44, is another reason why Plymouth should be placed in one county or the other. Plymouth men were forced either to go to Shiloh, Willard, New Haven or any place where they could properly register. It took extra time, wear on tires and gasoline, whereas if the draft boards had worked in conjunction with the local election board it would have saved much inconvenience.

Rumors were very prevalent in Plymouth this week that because of the fact there was "no pay" to members of the local election board in registering the men, they would not serve. It is hard for us to believe this rumor, and if it is not so, then the local election boards should come out and make a flat denial.

However, the lack of a place to register clearly indicates that all county officials and offices of both counties do not consider Plymouth to any degree, no matter what the occasion may be. It is time for our citizens to begin thinking, and help solve their problems by starting a definite campaign for locating the village in ONE county so that we may receive a fair share of consideration, instead of getting the short-end of two counties.

More Letters From Our Subscribers

Well, it makes you feel pretty good when you think almost everyone has forgotten you, and then you receive such nice letters as we did from Miss Edessa Cuykendall of Richmond, Ind., who says: "I sure enjoy the paper and read everything in it, even to the ads! Of course there are not so many people that I used to know that are living, and some have moved away. The paper has been in our home for 80 years or more."

From D. J. Harding, tinner, of Angola, Ind., we hear: "Have been reading it (The Advertiser) for 51 years and think it one of the best papers in its class. It has been in the family since Plymouth was called 'Paris.'"

Ralph B. Hunter, of Cleveland, writes: "Your paper is, to me, an institution worthy of support, and so I gladly give it. Because Shiloh was my birthplace and home for many years, naturally I find particular interest in the Shiloh items. However, in the old days Plymouth was pretty near to us Shiloh boys as well, despite the youthful rivalries which invariably exist between adjoining towns. . . . While I have lived here in Cleveland since 1939, I still think of Shiloh and vicinity as my home, and it is probable that some day I'll join the old neighbors at Mt. Hope cemetery and sleep the centuries away on the bosom of 'Old Richland.' One of these times when I visit Plymouth, I mean to drop in on you for a brief visit." (We will hold you to that, Mr. Hunter.)

From Mrs. Harold Jeffrey in Canton, we hear: "We surely would miss the paper if it didn't come. I think we read it more carefully now than we did when I was living in Plymouth. Occasionally some one from Plymouth drops in or telephones, and we are always glad to have them. No matter where your work takes you there is no place quite like Plymouth." (Boy, does that make our home town's chest swell up!)

Well, as we sit at the beginning, it makes you feel pretty good to read these and other letters like them, so come right on. Subscribers, and write us a little note as you sign up for another year to the old Plymouth Advertiser—and we do mean old—almost 80 years old.

Phillip Nixon, who writes from Cleveland Heights, Ohio, says: "We do take pleasure in your paper. It is about the only source of following up on news of our old friends whom we do not like to lose track of. . . ."

Local Boys Write To Legion Auxiliary

Two more letters have been received by the American Legion Auxiliary and the ladies have kindly given us permission to print them in our columns, as all Plymouth is keenly interested in their boys in camp and abroad: Hamilton Field, Calif. American Legion Auxiliary, Dear Members:

I want to thank you for the check you sent to me at Christmas time. Words cannot express how much I appreciate your kindness. I also want to thank all who remembered me in any way. It sure is nice to be remembered when you are so far away.

Yours, Samuel H. Spensler, Hamilton Field, California, C. F. C. No. Ft. Ogleshorpe, Ga. Feb. 5th, 1942

Dear Members: I am writing you in regard to the check you sent me at Christmas time. Thanks a million, I sure appreciated it. It is through you veterans of World War I, that the American soldier of today is so well thought of and cared for. So I some day may be the veterans of World War I and 2 make it a greater American Legion. Sorry I am a little late in writing you this letter.

As ever, Chas. E. Babcock.

Frank Fenner in Writes of Camp Life in Arkansas

Feb. 1, 1942

Plymouth Advertiser: Dear Sir: I am writing to you to have you change the address of the Plymouth Paper to Sergeant Frank Fenner, Company B, 63rd Training Bn., Camp Joseph T. Robinson, Arkansas.

I arrived in Camp Robinson from Camp Wolters, Tex., on Jan. 5, 1942. This is a very large post. It is just starting, being used as a replacement training center. In Wolters I was a cook. Got trans-

time obtaining raw materials.

Our weather this winter has followed very close to what you have been having thanks to J. A. Root's records. We did have a week of 23 degrees below the first week of January but since it is moderated and has been very nice. We did have several heavy snows and with them a high wind which caused considerable drifting but the snow plows soon cleared the roads.

Milwaukee is working hard at Civilian Defense and Red Cross work, is preparing black out practice for strategic points such as factories, municipal water works, bridges and so forth. The Company had the factory sign repaired and just four weeks later received orders to have it painted work. Keary and Trecker (milling machines) have built look out towers around their entire plant for their watchmen in addition to having their plant fenced in with strands of barb wire at the top.

The BeViers have been well except for the Pater. I went to the hospital January ninth for an operation. Spent two weeks there flat on my back and the next two weeks home in bed and out. I expect to have my final examination next Tuesday and do hope the doctor will permit me to go to work next Wednesday. It sure seems like a long time and I hope it is now near the end.

My wife and daughter join me in wishing you and your family a prosperous and happy New Year and we wish to be remembered to all of our friends in the good old home town. Please give my regards to all of the boys at Fate-Root-Is.

Sincerely Joe BeVier

ferred up here as a mess sergeant. So now I have four cooks working under me. We will feed a company of 190 men.

Starting February first the Army goes on a seven day week basis. So you can see that we will be kept very busy.

Now for a description of Camp Joseph and Robinson. It is located nine miles outside of Little Rock. It is a very pretty camp. Here we live in tents. Five men to a tent with a gas stove in the center. They are very comfortable in warm weather, or should I say in moderate weather.

They are starting to fill the camp up on February 2. But I imagine it will take some time to fill it, since it holds nearly thirty thousand selectees.

Thanking you for changing the address, and I do enjoy reading the paper,

As ever, Sgt. Frank Fenner, Co. B, 63rd Training Bn., Camp J. T. Robinson, Arkansas.

YOUR INCOME TAX

In the event of failure to make and file an income tax return as required by law within the prescribed time, a certain percent of the amount of the tax is required to be added to the tax unless failure to file the return within the prescribed time is shown to the satisfaction of the Commissioner to be due to reasonable

cause and not to willful neglect. The amount to be added to the tax is 5 per cent if the failure is for more than thirty days, with an additional 5 per cent for each additional thirty days or fraction thereof during which failure to file a return continues, not to exceed 25 per cent in the aggregate.

A taxpayer who files a tardy return and wishes to avoid the addition to the tax for delinquency must make an affirmative showing of all facts, alleged as a reasonable cause for failure to file the return on time, in the form of an affidavit which should be attached to the return. Alleged ignorance of the law does not constitute reasonable cause for delinquency.

Taxpayers should make every effort to file their returns within the time prescribed by law and thus avoid the possibility of the additions to the tax for delinquency in filing returns.

Do not forget that single persons or married persons not living with husband or wife, who earn as much as \$143 a week for the 52 weeks of the year, and married persons living together who have aggregate earnings of as much as \$28.5 a week for the year, are required to file returns.

by PAULINE SCHOFIELD

### "An Apple A Day"

Remember when little Johnny used carry a big red apple to his teacher? And you can bet his teacher was well pleased, since apples have long been a most desirable fruit. In fact, they might be considered one of nature's perfect packages, waxed and polished all-right, and easily opened. They are inexpensive, yet tasty and nutritious, so why not include some of these new ideas in your menus?

- Apple Snow Balls**
- 1 C. washed rice
  - 2 C. water
  - 6 apples
  - 1/4 C. sugar
  - 2 Tsp. butter
  - 1/4 C. raisins
  - 1/4 C. cinnamon

Cook rice in 2 C. water in covered sauce pan 45 minutes. Spread rice on individual squares of white cheesecloth and place one peeled and cored apple in the center of the rice in each square. Fill cavity of apple with sugar, a small piece of butter and a few raisins. Sprinkle with cinnamon. Bring top corners of cloth so that rice will stick on all sides of the apple and tie on top thus making a round ball. Steam until apples are soft. Remove cloth immediately. Serve with cream.

- Apple John**
- 4 apples
  - 1/4 C. sugar
  - 1/4 tsp. salt
  - 1/4 tsp. cinnamon
  - 1/4 C. flour
  - 1/4 C. Graham flour
  - 1 tsp. salt
  - 2 tsp. baking powder
  - 2 Tsp. sugar
  - 2 Tsp. fat
  - 1 egg
  - 1 C. milk

Wash, pare, core, and slice apples. Place in deep pie plate or baking dish, adding the sugar, salt, and cinnamon. Set aside. Sift, measure and sift white flour, add Graham flour (entire wheat may be substituted), salt, baking powder, and sugar. Work in shortening. Beat egg slightly, add milk mix with dry ingredients. Spread dough over apples. Bake 45 minutes in a moderately hot oven, 375 degrees. Serve with cream or maple sauce.

- Spiced Apple Muffins**
- 2 C. pastry flour (sifted before measuring)
  - 1/4 C. sugar
  - 4 tsp. baking powder
  - 1/4 tsp. salt
  - 1/4 tsp. cinnamon
  - 1 C. milk
  - 2 Tsp. melted butter
  - 1 C. finely chopped raw apples
  - 1 egg, beaten

Sift together flour, sugar, baking powder, salt, and cinnamon. Combine milk, beaten egg and butter and add to dry ingredients. Mix thoroughly and fold in chopped apples. Drop in well greased muffin tins and sprinkle on a mixture using 2 T. Top with 1/4 C. cinnamon. Bake in a moderate oven, 375 degrees, for 30 to 35 minutes. Makes 12 muffins.

- Cider Gelatine Salad**
- 3 Tsp. gelatine
  - 1/4 C. clear cider
  - 1/4 tsp. salt
  - 1/4 C. chopped nuts
  - 1/4 C. chopped celery
  - 1 C. chopped apples
  - 1 Tsp. finely chopped onion
  - Lettuce or other garnish
  - Salad dressing

Soak gelatine in 1/4 C. cold cider. Heat the remainder of cider to the boiling point, pour into the gelatine, stir until dissolved, strain and chill. When gelatine mixture begins to set, stir in the celery, apples, salt, parsley, and nuts. Rinse molds in cold water and pour mixture into them. When gelatine mixture is set, turn out on lettuce and serve with French dressing.

# TO VOTE ON WHEAT QUOTA

NATION-WIDE REFERENDUM IS SET FOR MAY 2nd.

A nation-wide farmer referendum on marketing quotas for the 1942 wheat crop will be held on Saturday, May 2, it has been announced by Secretary of Agriculture Claude Wickard.

Quotas have been proposed, the secretary explained, because of the existence of surplus supplies from previous years.

Wickard said the supply for the marketing year beginning July 1, was expected to reach a record level of 1,428,000 bushels. Included in this would be a surplus of 635,000,000 bushels from past crops and an estimated harvest of 793,000,000 bushels from the 1942 crop.

The United States normally requires less than 700,000,000 bushels a year for all needs.

Quotas, which were invoked on wheat for the first time last year, must be approved by at least two-thirds of the farmers voting in the referendum. They were approved by 81 per cent last year.

## BUSINESS MEN TO ORGANIZE

### NEW CLOSING HOURS ADOPTED; FORM CREDIT ASSOCIATION.

When the business men of a town meet together to discuss the town's best interest, it usually spells success. The business men of Shiloh met on Thursday evening and voted almost unanimously to keep their stores open on Tuesday, Thursday and Saturday evenings. All other evenings the stores will close at 6 o'clock.

Strong pressure was brought for closing of all places of business on Sundays, and it is still hoped that everyone will see the good which would result from that kind of an example.

The barbershops will close on Monday evening, Wednesday afternoon and evenings.

This new arrangement will begin Monday, February 23rd.

They also formed a credit organization, which will become effective March 1.

### SENIOR MAGAZINE NEWS

The condition of the senior magazine is pretty keen right now. Eileen Miller, as captain of one side and Ann Koplin, as captain of the other, are kept pretty busy receiving the money from their team members. Mary Jean Homeric's head is going around in a whirl as she is general business manager.

So far, Donald Sutter is the highest pressure salesman we have. He turned in \$31.50 in the first few days of the sales, boosting his team ahead. He also won a prize which was to be presented to the first senior who sold \$10 worth.

Congratulations, Donald, we wish that every senior would sell that many subscriptions. The money will last a few days more, so don't be surprised if you see a senior at your door. Patronize the seniors!

### G. R. DANCE

A dance was held here at the school last Friday night with a very nice crowd attending. A nice time was had by all and we hope to have many more dances. Gail Dittenbaugh brought his orchestra from Willard to furnish the music.

### STUDENT COUNCIL

A regular meeting of the Student Council was held last Thursday. Plans for a "Courtesy Campaign," were discussed and it was decided that during the first week in March we would launch our campaign for pleasantness. The upper six grades will participate in this drive to make our school a better and more cheerful place.

George Hartigan and Mary Jean Homeric were put on a committee to find two feature shows which they think will interest the student body and then they will be presented by the Student Council.

### LATIN CLUB

To show our appreciation for the lovely party that the first year Latin students gave us at Christmas, we, the second year Latin students, gave them a Valentine party in return.

Several games were played and refreshments were served. For the refreshments we were seated at a long table. Attached to the table were strips of red and white paper. The strips of paper extended from a large box in the center of the table from which Valentines were drawn.

Members of the class made ice cream which we served with Valentine cakes and a beverage. If we do say so ourselves, the ice cream was really de-licious! Just ask Mr. Joseph!

### NEW PRESIDENT OF STUDENT VOICE ELECTED

Members of the Student Council elected Janice Moser as their new president. Janice will preside at all weekly meetings of the organization, and also at the chapel programs each Monday.

The Student Council is composed of the presidents of all organizations and classes in the upper six grades. Janice is really president of the presidents.

It's quite a duty, president, but we all know you can make a success of it!

The Freshman Happy-Go-Getters have been giving speeches on birds, scenic spots in the United States, and important cities of the world.

## CHAPEL PROGRAM

The Sophomores presented the chapel program on last Monday. They had a very entertaining program.

When the stage curtains were opened the entire Sophomore Class was formed into a "V" for Victory with Janice Black in the middle with the flag of our country. Everyone was asked to raise and sing "God Bless America." After that a playlet was presented. This was a spooky comedy-farce in one act entitled "A Ghastly Passenger." Everyone enjoyed it immensely. The program was concluded with Janice Black and Charlotte Seaton playing a piano duet. Nice work, Sophomores!

## JUNIOR CLASS NEWS

Just a note to the loyal members of our class. This Friday as you know is our last home game. So let's all be there and help the class by selling candy, pop and hot dogs.

## THE SHOOPER

By the looks of all the balloons at the G. R. dance last Saturday night, there must be a lot of windy girls belonging to the organization.

Don't forget that Madison is playing here this Friday night. Let's have a big crowd of boosters there to back up the boys.

Oh, by the way, the teachers are also included in that Pleasantness Week idea. Do you think you can stand the strain of smiling a whole week, teachers?

Don't forget to bring all your old collapsible tubes and tin foil to school to add to the 6th grade collection. Do your bit for Uncle Sammy!

I think that the Sophomores' idea of a "V" for victory during their chapel program rates mention. You've got the right idea, kids. Keep it up!

## OHIO AND THE WAR

The Ohio State Council of Defense this week laid the groundwork for the administration of the federal government's far-reaching sugar rationing program. At the same time plans were being considered for the rationing of materials for retreading and recapping of automobile and truck tires. Local rationing boards throughout the state will supervise the huge sugar program, according to announcements received by the state defense council from the Office of Price Administration. Public school teachers, however, will register consumers and direct the distribution of books containing sugar rationing stamps. Consumers possessing more than two pounds of sugar will be asked to report that fact and any amount over this limit will be deducted from the stamp book. In all probability sugar rationing forms and stamp books will be sent to the Richland-Huron county court house as a central point for distribution through local rationing boards. Sugar rationing books will be given to every man, woman and child in Plymouth and Richland-Huron county within the next month or six weeks, officials of the Ohio State Council of Defense announced.

The Office of Price Administration informed the Ohio State Council of Defense this week that a "vehicle operated by a regularly practicing minister, priest or rabbi in the course of the religious calling" is eligible for new tires and tubes. Eric Ferguson, state defense council staff member in charge of tire rationing, pointed out that regulations stipulate no certificate shall be issued to clergymen unless the vehicle is actually used in the course of his religious duties, is used principally for that purpose, and is essential for the performance of such duties. The subject of "Tou and the War," to be broadcast at 2:45 p. m. next Sunday from radio station, WLW at Cincinnati.

Believing that America should be a granary as well as an arsenal of democracy, the Office of Civilian Defense is mapping out plans for a nationwide gardening program. The broadcast will explain the purpose of Victory Gardens and how every man, woman and child may participate. As chairman of the state defense council, Governor Bricker announced this week that the Boy Scouts of America will participate in Ohio's civilian and industrial protection program. Dr. James E. West, Chief Scout Executive, informed the Governor that when a particular mission is assigned to the Boy Scouts, they will become a part of the civilian defense organization during the performance of this mission.

**THEATRE FIRM SUEED**  
The Newark Theatre corporation, operators of the new Norwalk Schine and the Moose theaters, is defendant in a \$5,000 personal injury suit filed in common pleas court, Norwalk, by Fred P. Link, former Mayor. In his petition, Link avers that on August 13, 1941, when he was ascending the stage in the Norwalk theatre to make an address at the formal opening of the new playhouse, he was injured as the result of a fall. He states that on June 21, 1941, his left wrist was broken in another mishap. Mr. Link asserts that the same wrist injury was dislocated and refractured in the accident at the theatre. Link is represented by Attorney G. Ray Craig.

**MORNINGS IN "WAR TIME"**  
It's different these mornings. Had you noticed? At our house we're up long before daylight and breakfast is over when the sun sends its first golden rays through the bare branches of the trees across the road. It's still very low in the East when John starts to work and the children shove off to school, leaving me alone to begin on the day's housework. I stand at the window for a few minutes after the kids are gone, watching them 'til they turn the corner. Then I realize how strange it is to have the family gone and the decks cleared like this so early in the morning. There's a quality of excitement about early rising. It's always meant that something special was going to happen. A journey to be taken, perhaps, or preparation for important company to be made, or some unusual job to be done—like spring housecleaning. Then I remember that mornings in war time are always special. There's so much to be done—not only by the boys in camp who must answer roll call while the girls still show up in the pajamas, but by the hundreds of thousands of workers in the factories that are building machines for this war. And by the rest of us who are doing all the extra things we can weld together the strength of our country. We SHOULD be up extra early these days—every one of us. We started so late to get ready for this war that we need to use every minute now. Years of work must be done in months. So far the war has not gone our way. But we know the tide will turn when American planes and American ships and American guns pour out of the factories at the rate possible in this industrial nation and that then the headlines in the paper will be different. We won't always be on the defensive, saving what we can at great cost. Some day we'll be able to take the offensive, with the greatest amount of war material the war has ever seen. But until this happens, we must work. From sun up until sun down and then on into the night. The executive at his desk, the workman at his machine, the pilot in his plane, and last, but not least, the housewife in her kitchen. We must build new machines and learn new skills and meet new shortages calmly, confidently—with a sense of dedication to the one great cause. So I am glad these war time mornings begin so early and seem so different. I'm glad that I MUST be up and at work before the sun rises. It only gives me more daylight hours in which to do the extra things that war has brought about: the Red Cross training and the salvage work and the more careful marketing. But it makes me FEEL that I am a part of a great world—close to the boys in camp in this country and abroad and to those in that vast army of industry that stands behind the ones in uniform!

# FLOWER SHOW OPENS FEB. 21

Fruit trees in Cleveland are in blossom, lilacs are breaking into flower and some trees of the East and West are taking on the rosy tint of ripeness, all this in spite of the fact that Lake Erie is jammed with ice as far as the eye can see.

However, in this drabdest month of the year, nature has been aided this year by the skilled hand of man in bringing these minor miracles about in time for the opening of the Greater Cleveland Home and Flower Show in Cleveland Public Auditorium on Saturday, Feb. 21 through 26th.

The first great flower show on the nation's calendar for 1942, gives northern Ohio its most spectacular display of masses of flowers in all their midsummer glory in many years. Practically every plant of the United States and Canada and Mexico are represented in this show. A carload of acacia has been brought from California, Florida's choicest gladioli and orchids in greater profusion than ever shown locally are high spots in the show.

More than \$25,000 has been spent on flowers in the Greater Cleveland Home and Flower Show with the Florists Association of Greater Cleveland in charge of planning the floral exhibits.

The "Rose Court" in the center of Cleveland's huge Public Auditorium, the extensive gardens around the full-scale houses, and the big illuminated fountain show to advantage against the elaborately decorated stage apron which serves as a backdrop behind the Chamber of Commerce "House of My Dreams."

More than 100,000 square feet of space in the main arena, the main exhibition hall and in north and south halls of Public Auditorium is filled with this great exposition of the entire home construction, home furnishings, and home landscaping industries. In the Victory Garden Exhibit, the first practical demonstration in this section of the national program, are shown ripe and growing vegetables.

## Ambulance Trips

The Miller-McQuate ambulance brought Mrs. Frederick Barnes and infant daughter from the Shelby Memorial hospital to their home on West Broadway on last Thursday.

John Ruple, who has been a patient at the Shelby Memorial hospital, was released Tuesday afternoon and taken in the Miller-McQuate ambulance to his home in New Haven.

Bernard Vander Bilt of West Broadway, Plymouth, was removed Monday evening to the Willard hospital in the Miller-McQuate ambulance.

# PUBLIC INVITED TO ATTEND THE DAY OF PRAYER

The World Day of Prayer begins February 20th in the Fiji Islands and in New Zealand and follows the course of the sun around the world, ending with Miss Ann Bannon and her little group of Christians on St. Lawrence Island thirty miles from the International Date Line and a like distance from the Arctic Circle. Amid the stress and strain of war groups of Christians round the world will unite in prayer. They will be knit together by the use of one program prepared by three outstanding women who are in the United States, exiled from the work and families. The theme being used in all nations and creeds is: I AM THE WAY. For forty hours or more groups of followers of the Prince of Peace will gather in cathedral, in chapel or church and sometimes in school building to seek guidance in this hour of trial. Truly, "In Christ now meet both East and West. In Him meet South and North; All Christly souls are one in Him throughout the whole wide earth."

In this period of International strife raging over our planet, the bonds of Christian brotherhood may be strained but they are not as yet completely severed. With St. Francis we may pray: Lord, make me an instrument of thy peace. Where there is hatred, let me sow love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light; where there is sadness, joy.

The offering received at this World Day of Prayer travels out along four roads to minister to the Migrant where last year it maintained 60 Migrant Christian Centers; to Christian literature to eight Union Christian Colleges in the Orient and to our own American Indian. From \$70.00 received the first year the offering has increased to \$62,001.89 in 1941. On Friday evening at 8:00 o'clock all are invited to gather in the Presbyterian church for prayer and fellowship.

The local program is as follows:

- Piano Prelude ..... Mrs. Harry Dick
- Presentation of Theme ..... Mrs. Harold Sims
- Hymn No. 52—Come to the Mighty King ..... Choir and Con.
- Antiphonal (Leader) ..... Mrs. Dwayne McFadden
- The Way of Love ..... Rev. H. Wintermute
- Prayers ..... Congregation
- Quartet ..... From Presbyterian Church
- The Way of Peace ..... Rev. G. H. Springer
- A Period of Prayer ..... Offering — Presentation of the Special Fields Supported by the Offering ..... Mrs. Wintermute
- Offertory ..... Trio—The Lord's Prayer ..... From High School
- Prayers by Members of Congregation.
- Hymn No. 267—Faith of Our Fathers.
- Benediction.
- I listen to the agony of God—I who am dry.
- Who never yet went hungry for a day.
- I see the dead—The children starved for lack of bread—
- I see and try to pray.
- I listen to the agony of God—I who am warm,
- Who never yet have lacked a sheltering home.
- In dull alarm
- The disposed of hut and farm Aimless and "transient" roam.
- I listen to the agony of God—I who am strong,
- With health and love and laughter in my soul
- I see through
- Of stunted children reared in wrong.
- And wish to make them whole.
- I listen to the agony of God—But know full well
- That not until I share their bitter cry—
- Earth's pain and hell—
- Can God within my spirit dwell To bring His kingdom nigh.
- (Georgina Harkness)
