

Give Us A War Cry!

Seldom do we reprint in full an editorial, but the one written by Earnest Lyons in The Stuart, Fla. News, is one deserving of much praise and credit, and which should be read by every person in the United States. Mr. Lyons expresses the sentiment of those residing outside of our Nation's Capital, and is in line with the thoughts of every true American. The article: "Give Us A Battle Cry," is in full as follows: "How do little towns like Stuart feel about the war? How do the men in overalls, the farmers and grocers in little country towns like this feel about the unknown and perilous adventure on which America has embarked?"

"First, we are sick and tired of the word 'Defense.' We are plain common-sense folks, despite the fact that we are played for suckers in the movies, and our plain common-sense tells us that no nation ever won a war on the basis of 'Defense.' We feel, rightly or wrongly, terrifically let down by the failure of our leadership to give us a battle cry which will strike to the marrow of the enemy's heart. We want more than we want to save our material possessions, and it gives us a pain in the neck when Washington yells 'Complacency' at us, after spending the first three months of the war patterning the national psychology along the defense lines of a courageous, but withal, cornered and beleaguered England."

BLOOMBUCK PASSES AWAY

Shelby Stock Dealer Dies After Short Illness. Bloom S. Buck, 64, Richland county stock dealer, died Friday at the Shelby Memorial Hospital following an illness of three and a half months.

Mr. Buck, who lived at 76 East Whitney Avenue, Shelby, was born in Cass township on February 28, 1878 and went to Shelby at the age of 18. He was a member of the First Methodist Church and also of the Good Fellowship class of the church. He is survived by his wife, Mrs. Gettie Buck, three children, Mrs. Robert Page of Gallon, Emerson Buck of Akron and Eugene Buck of Monticello, Illinois, three grandchildren and one sister, Miss Sarah Buck of Shelby.

MRS. BABCOCK INJURED IN FALL

Mrs. C. W. Babcock, who has not fully recovered from a broken hip suffered in a fall a year ago last March 28th, had the misfortune to again fall Monday evening and break her right leg. Mrs. Babcock, who is still forced to use a crutch, was attempting to descend the front porch steps with her son Raymond assisting, to attend the cooking school at the High school auditorium, when she lost her balance in some manner and fell, breaking the right leg just below the knee.

Thought is the foundation of nations and governments, wars and peace. We believe that the word "Defense," implying the thought of protection from assault, is not the sort of word with which to win a war. We feel like shouting at Washington and New York: "By God, this is not England. This is mighty America, still able to make the world shake when she roars to the attack!" This is America, England's only hope—in fact, the only hope of all common men of all the world—America, whose freedoms and privileges were won by free men with the sword to shine like a bright beacon for 300 years—now put on the defensive by a lot of namby-pamby public relations experts.

Just before the embattled Singapore went down, a picture was released and carried in the American press. It was the photograph of a mobile ambulance unit. In letters which formed grimly the tragedy to come, the ambulance carried the label: PASSIVE DEFENSE CORPS. This little country town of Stuart, just as in every other town and city in the United States, there is a headquarters to direct the energies and efforts of civilians who want to have a hand in helping this country win the war. A sign above the portal of the door of this building reads: MARTIN COUNTY DEFENSE COUNCIL.

SERVICE FLAG IS COMPLETED

The Service Flag containing forty-five stars of red and blue color mounted on a field of white and surrounded by a red border has been placed in the auditorium of the Plymouth School. Of course the present flag does not contain enough stars for all who have left our immediate community, but another flag is in the making and will have the names of all those who have recently been inducted. It is with the deepest regret that one of the stars has a gold crest upon it. It is the Elmer Parcel star.

We are proud of the boys and girls who have gone to serve their country in the gravest way. Also we are happy to know that our service flag, honoring the boys and girls, was made and placed in our school two weeks before the news gave another the credit of being the first. It is as if my, all are so sorry to see our young people go, but we are happy to know we can honor them a little bit.

SELLS FARM

The A. D. Kinsel farm of 129 acres which was sold at sheriff's sale last Saturday was purchased by Willis Tuttle, M. T. Nimmons and J. E. Nimmons. Mr. Tuttle is the one who owns the farm which lies on the west side of the Spring Mill Road and the Nimmons brothers that part situated on the East side of the road. The sale price was \$4,000 the value appraisers had placed on the farm. The property was sold to satisfy a judgement of \$2,800 awarded the Mansfield Burying Association against Alfred D. Kinsel and others as former owners.

SETS SPEED LIMIT

Columbus, O., State Highway Director Hal C. Sours has ordered that all employes in his department who drive state cars over 40 miles an hour except in emergencies be suspended or discharged. The order was sent to all Division heads with instructions that it be communicated to the department's 700 employes.

A NEW DAUGHTER

Mr. and Mrs. Donald Tubbs of Medina announce the birth of a new daughter at the Lodi Hospital on April 1st. The little miss is to be named Carol Lynn. Mr. Tubbs is the former Corinne Scott of Plymouth.

7 INDICTED BY GRAND JURY IN SPRING SESSION

NORWALK—Saturday.—Huron county prosecutor announced today that the grand jury returned a total of seven indictments during their session last week which ended last Saturday afternoon. Two of the indictments were made public while the other five are secret.

The grand jury indicted Paul Miller, 20, son of Attorney and Mrs. E. S. Miller of this city, on the charge of second degree manslaughter. The youth was accused of causing a motor wreck on Route 13, just north of the city recently, and in which Mary Brown, 21, was fatally injured.

Charles Mitchell, alias Colegro Miccili, former Bellvue resident who gave himself up recently on a 14-year old murder charge, was indicted on a second degree murder charge.

Mitchell is accused of having fatally wounded Mrs. Rosa Rupino at the latter's home in Bellvue on Christmas Day, 1926. Immediately after the shooting Mitchell fled and had not been heard from until he voluntarily surrendered a few weeks ago. Shortly after the shooting, Mitchell was secretly indicted on a charge of first degree murder.

When he surrendered, Mitchell asserted he was not guilty and added that Mrs. Rupino threatened him with a gun, and in a scuffle which followed when he attempted to take the gun from her, the gun went off, fatally wounding Mrs. Rupino.

The grand jury ignored charges against Ben Clatsher, accused of obtaining money under false pretenses.

A report of the grand jury findings were submitted to Judge E. G. Martin of the common pleas court.

Attend Funeral Rites

Mrs. Maude Reed, Mrs. Mabel McFadden, Mrs. J. W. McIntire and Mrs. P. W. Thomas tomorrow to Danville Wednesday afternoon to attend the funeral rites of Mrs. Avic Reed.

WARNING TO ALL PARENTS

Much concern has been shown regarding the water in the basement where the new school building is to be erected. The recent rains and snows have caused a great deal of water to gather.

Of course it is quite tempting for children to play pirate. As a result of this game and the floating of a raft, which occasionally allows its cargo of human life to be submerged in the liquid, requests have been made that children be not allowed to play there.

Notices were posted stating that danger was thereabout, but little heed has been exercised with the result that some of the children have gone home soaked. New signs are being posted and trespassers are requested to stay on the sidewalks and not wander around inside the enclosure. Will the parents see to it that their children are kept away from the danger.

Employment Officer Registers Seniors

U. S. Employment Officer, Mr. Henry, visited Plymouth High school Tuesday forenoon to register the seniors for employment.

In his discussion he stated that indications were that they would be begging people to work, that there was no shortage of jobs at present; that all must be usefully employed if we hope to win this war, and that the youth would be privileged to earn-learn should they be able to pass examinations that are required; and that this was a means of finding out whether one was qualified or satisfied in the work chosen.

As seniors registered, and will possibly receive work ere school is closed.

Called to Service. Frank Diles of near Plymouth left Wednesday for Columbus for induction into the service.

ONE KILLED IN TRAIN CRASH

A train wreck on the Baltimore & Ohio railroad two miles south of Plymouth early Wednesday morning cost the life of Carl Backus, Newark, a conductor, and injured three other train crew members. The injured are: Kenneth Holmes, 29, Newark; Harry Milligan and Calvert Hines. They were taken to the Shelby hospital for treatment where their condition was described as "fair."

The wreck occurred when a freight out of Willard stalled with its load, and the train was "split", the engine taking part of the car into Shelby, leaving the remainder of the train on the track. After arriving at Shelby, another train was coming into Willard and the freight car stalled freight was hooked onto the front of the westbound freight. In some way the two engines rammed the cars which were left standing and the impact buckled the engine, making a letter "W" out of them and derailing seven or eight cars. The track was torn up for approximately two hundred feet.

Charles Backus of Newark was caught between the engine and tender, and his body was horribly mangled. It was four hours later before it was extricated and removed to the Miller-McQuate parlors here.

The wreck attracted several hundred sight-seers from Plymouth and nearby towns.

Officials expected the wreckage to be cleared and tracks opened late Wednesday night.

The wreck was one of the worst in this vicinity in many years, and damage was heavy, especially in considering the two engines.

PLAN SERVICE FOR LATE FLIER

At a meeting Monday night the Plymouth Civic club endorsed and appointed a committee to manage a service for a memorial service honoring the late Elmer Parsel, who died in an airplane mishap in India on April 2.

The committee will contact local churches, village officials, American Legion and Boy Scout Organizations.

It is planned to hold the service on Sunday evening, April 26th at the High school auditorium. The program will be printed at a later date.

REED RITES HELD WEDNES.

MRS. AVIC REED DIES MONDAY IN COLUMBUS AFTER LINGERING ILLNESS.

Mrs. Avic Reed, former Mansfield school teacher, died Monday at the home of her niece, Mrs. Harry Roderick of Columbus, after a lingering illness. Mrs. Reed taught stenography at the Mansfield Senior High since 1920, retiring the past year to make her home in Findlay with another niece. Early this year she went to Columbus to undergo a major operation and during her convalescence she resided in the Roderick home.

However, she failed to regain her former health and she passed away Monday. Funeral services were held at 2:00 p. m. Wednesday at the Edgar funeral home in Danville with burial in the Danville cemetery.

Mrs. Reed graduated from the Brinkhaver High school and later at Wooster College; Bowling Green Business University of Kentucky and the Ohio Training College, Columbus, Ohio. She obtained her Bachelor of Science degree in 1927 by attending summer school.

Surviving are three brothers, Robert, Walter and Edward Newdehouser of Danville, and one sister, Mrs. Cora Smith of Danville. She was a daughter-in-law of Mrs. Maud Reed of Plymouth and a frequent visitor here.

HOME ON LEAVE

Private Monroe Van Wagner, son of Mr. and Mrs. Van Wagner, is home until the 21st, from India-station Camp, Iraq and brought with him a pal from the Army, Private Frisch.

TRIPLE A FARM MEMBERS TO DECIDE WHEAT CONTROL IN COMING ELECTION MAY 2ND

AMERICAN FARMERS WILL BE GOVERNED BY THE MINORITY VOTE OF MEMBERS IN THE AAA; MUCH LOCAL INTEREST IN OUTCOME.

The Department of Agriculture will probably have to revise its farm program after May 2. This is the date the farm vote will be taken to test the AAA control of wheat and other farm products. Already demands are being voiced in Congress, among consumers and some farm leaders that the government remove all restrictions upon what farmers grow and produce.

When the AAA program was started several years ago, it seemed a good thing to the farmer, the politician and those who sympathized with the farm situation. But today America is adrift and other nations are dependent upon us for food. Yet, the government is exercising greater control over farm products than ever before, and opposes any lessening of that power. Officials are of the belief that the control is so designed as to insure a maximum production of the commodities needed the most.

On May 2 a million or so American farmers will have the opportunity to express themselves in a nation-wide referendum. On that date wheat farmers will cast secret ballots on an agricultural administration proposal to continue the rigid control program for the important bread-grain crop. This referendum may be one of the most fateful of the many such votes held by the AAA since its creation in 1933. Default of the wheat program will result in casting off all crop-control efforts during the war.

The specific question to be submitted to the farmer on May 2, at the referendum is this: "Do you favor AAA marketing quotas on the 1942 wheat crop?"

Local farmers had bitter experience last year when at harvest time they were informed that a penalty of 49c per bushel was to be invoked on all wheat sold above their quotas. The wheat control program has brought much controversy and dissatisfaction to the farmers in Ohio, Pennsylvania, Indiana, Illinois and Kansas. It is safe to say that when the referendum vote comes up on May 2, the AVERAGE farmer is going to KNOW more about the proposition before he votes yes or no.

It will be remembered that the farm price-fixing program was brought into effect when the nation was in its worst slump; smoke stacks were dead, wheels were idle—industry as a whole was stagnant, and the nation's buying power was at its lowest ebb. Now, with the country at war; a shortage of farm labor and equipment, the farmers are going to be taxed to the limit to produce food for the nation. Well, then, would the farm bloc in Washington is going to have a hard time in convincing the farmers of the middle west that they need farm control programs.

FATHER DIES

DR. I. E. LEBARRE'S FATHER DIES SUDDENLY.

Dr. I. H. LeBarre, 67, Mansfield physician, died suddenly at his home at 10:30 Wednesday morning when he suffered a heart attack. He was getting ready to go downtown, and Mrs. LeBarre, who had planned to accompany her husband, found him lying on the bathroom floor shortly after she had gone upstairs to dress for the trip.

Dr. LeBarre is one of Mansfield's oldest practicing physicians, having been in active service for more than 40 years. He was in Plymouth Tuesday and visited his son, Dr. I. E. LeBarre, local dentist. Another son, O. H. LeBarre, resides at home, and there are two grandchildren. Mrs. LeBarre's were incomplete late Wednesday afternoon.

farm representatives and state departments have failed to give a very satisfactory answer for the limiting of wheat from Canada and the Argentine, as well as corn and livestock.

Every indication points to a large vote, especially in the states of Ohio, Indiana, Illinois, Pennsylvania and other western states. The outcome of the vote will be of much interest locally as several hundred farmers in the immediate community have opposed the tax penalty from the start, and state-wide organizations have cropped up over the middle west as a result of the imposed penalty.

As a reply to critics of the AAA farm program who contended the referendum on the 49-cent wheat penalty was not conducted fairly last spring, Guy L. Taylor, Richland County AAA chairman said he will invite an opponent of the program in each township to help conduct the second wheat marketing referendum May 2.

The invitation he said, would be sent to officers of the county and township boards of agriculture. Protest Association which has fought the wheat penalty since it was enacted. The association obtained a temporary injunction against the county on the wheat tax in Richland county last winter.

The county Triple-A committee will set up a board in each township to handle the May 2 voting and tabulate the ballots. Taylor proposed that one member of the association serve on the board in every township. Farmers who will grow more than 15 acres of wheat this year are eligible to vote on the marketing penalty issue.

PRACTICE PLAY

SENIORS PREPARE FOR PLAY TO BE GIVEN ON THURSDAY, APRIL 23.

Seniors of Plymouth High are holding daily practice for "Lunatics at Large," which is to be presented at their senior play April 23rd at 8:30 in the auditorium.

The play, by James Reach, is a sequel to last year's popular junior class play, "One Mad Night." In this play Don Cutter, a playwright accompanied by Wing, his proverb-quoting Chinese valet, go to the Cutter mansion, a lonely house in the mountains, to seek rest and quiet. Instead they find the house a madhouse with lunatics from a nearby bog house which has burned down.

Who will forget the antics of the villainous Mr. Hyde played by Dick Rule, the Indian Hunting John Alden, portrayed by Joe Moore, the blood-thirsty Priscilla taken by Edna Hackett, or the victim of Shakespeare, Lady MacBeth, played by Dorothy Hackett. Well, they are all back this year, twice as funny and three times as crazy, if that is possible.

Come prepared with your nerve pills and smelling salts for there are thrills galore. This year that old meany Burke, the villain of last year's play is murdered. The solution of this crime forms the plot of "Lunatics At Large." The entire cast is the same as that of last year, which insures an experienced group of players. The play is under direction of Mr. Most.

Plan to attend Lunatics At Large," April 23rd. The prices will be 30c for adults and 15c for students.

## W. S. C. S. HOLD APRIL MEETING

With early spring flowers centering the tables at the Methodist church last Thursday noon, the committee served a fine luncheon of chop suey, spring salad, hot rolls and jello dessert to about 27 members of the group. Mrs. Willard Ross was luncheon chairman, assisted by Mrs. Fred Ross and Mrs. George Hershiser. Mrs. C. Johnson and Mrs. O. Downend helped with the preparation and serving.

Mrs. George Hershiser conducted the business meeting, and reports from various officers were given. Suggestions from the executive meetings were read and approved by the society. It was reported that devotional booklets and Easter cards were sent to 11 men in the armed forces of the U. S. A.

Mrs. A. A. Ross was devotional leader and led a most interesting period of scripture reading, song prayer and comment on the subject of finding communion with God through daily work. A little poem that she read was most in-

spiring to housewives who sometimes wrongfully feel that their place in life and the work they are allotted is too common to be of any real good to themselves or to others.

Mrs. Laura Postle was program leader for April, and roll call was responded to by short sketches on "What the W. S. C. S. Means to Me."

## NON PARELLI CLASS MEETING

Homemakers Pack High School For Food Institute Final

RECORD CROWD PRONOUNCED 1942 COOKING SCHOOL THE BEST YET.

A large crowd jammed its way into the Plymouth high school auditorium last Tuesday afternoon to witness the final program of the 1942 Gasco Food Institute and pronounced "The Great American Food Fair" the finest event of its kind ever to be presented here.
Featured in a highly entertaining program entitled "Star Light, Star Bright" Miss Kathryn Keltner, Gasco Food Lecturer, Miss Pauline Schofield, assistant food lecturer and Mr. W. R. Power, food institute manager, climaxed the two-day food show with another brilliant performance. A host of "all-star" dishes which are important and timely servings in the 1942 American food fare were prepared. A novel dramatic background provided additional entertainment for the audience.

Miss Pauline Schofield

Food Institute Moves On
The model all-gas stage kitchen and other properties of the Gasco Food Institute moved in the modern transport trailer to Carey, one of the fifty cities in Ohio which will be visited by the 1942 Gasco Food Institute. Miss Keltner and Mr. Power will accompany the kitchen.

However, Miss Pauline Schofield, who took a prominent part in the program, will remain in this community where she resumes her duties as home service representative of The Gas Company. Miss Schofield is available to Plymouth homemakers at all times for advice and counsel on home economics and cooking problems. She may be reached by contacting the local office of the

Winner Announced
One of the features of the final program Tuesday afternoon was the winning of the grand prize of this year's Food Institute - A Tappan CP gas range by Mrs. Harold Shaver. There were other prizes given out at both sessions which pleased those who won them.

The Advertiser takes this opportunity of thanking all the business men and others who donated prizes and helped to make the cooking school a real success, and to the citizens of the community for their attendance, which we greatly appreciate. Especially do we thank Mr. Bailey, the Director of Education and Mr. Mead of the Gas Company, and our local gas manager, Mr. Brown, for their splendid co-operation.

DIES IN SHELBY

PETER NORDYKE, 78, HAD BEEN ILL FOR PAST YEAR

Peter Nordyke, 78, died Sunday at Shelby Memorial Hospital after a illness of a year. A native of Plymouth, Nordyke moved there five months ago to make his home.

Surviving are his widow, Mary; five sons, Martin of Oklahoma, John of Cleveland, Aaron of By-cyrus and Pete and Arthur, both of Shelby; two daughters, Mrs. Kathryn Fox of near Shelby, and Mrs. Lena White of Shelby; one brother, John of Holland and 20 grandchildren.

Funeral services were conducted from the Barkhill funeral home at 1:30 p.m. Tuesday by Rev. Roy Klingler, pastor of the First Church of Nazarene. Burial made in Oakland Cemetery, Shelby.

HOLD SCHOOL DENTAL CLINIC

Dr. Henry of the State Department of Health conducted a dental clinic at the Plymouth High School, Friday morning. This is the first time that the clinic has been conducted in the County Schools and has revealed many firsts. Of the 109 pupils of the first four grades there were but 10 who had no defective teeth. The number of defective teeth in the group which was a very large percentage.

Of the first four grades, but 7 had teeth filled. This is quite small in comparison with the number of defective teeth in the Senior Class rated as follows: 14 examined, 9 with defective teeth, 5 without defective teeth, 57 permanent teeth filled, 28 permanent teeth extracted, 41 defective teeth and 10 with fillings. Realizing that many parents do not know of the defective teeth until the ache begins, cards of the teeth needs have been sent to the homes of the children examined. Too much care cannot be given the teeth to help assure better health.

ON A DIET? MAYBE YOU DON'T NEED IT

"I Like To Use McBride's Milk" Says Miss Keltner

"I highly recommend McBride's GRADE A Certified milk, not only for the children to drink, but for all cooking purposes. The richness of the milk itself adds much to any recipe in which milk is used. McBride's GRADE A milk contains almost 9 per cent butterfat... you can tell by the cream line on the bottle."

## LAND OF THE FREE?

Additional news from Washington indicates that we're going to have more regimentation. We're getting it in the neck this time via a "Ceiling on Everything." Freezing of all prices by OPM is in the offing and the final act may come within two weeks. The lid will be placed on manufacturers, wholesalers and retailers.

Curbing inflation is the main reason and the nation calls for first: The imposition of price ceilings, then rationing and followed by price stabilization. The tilt between government, labor and industry is the cause of action. Labor contends that price control be put into effect before a hobble is placed over wages. And as for farm prices. Well, they are tired of parity.

Impositions of price ceilings is merely the first link in the chain. Price ceilings, unless guarded, can become an aid to hoarding. As an example, we'll take fixing of prices on toothpaste as this would mean the hoarder could get four for a \$1.00, whereas if prices were not controlled, they might rise to a point where a dollar would only buy two tubes. Less for certain restrictions on clothes and certain foodstuffs, like fats. Clothing too, will be rationed. And from the way things look all wholesal-

ers and retailers will be under a lioness to do business. And what has this to do with winning the war? It naturally would help in keeping out inflation, but as far back as history goes, inflation has been a constant effort is made to curb it, those that are on the "inside" are the ones to profit.

The times will come shortly when people in towns the size of Plymouth and in rural section, will take serious side of government and economics to heart. They will know their representatives, not only in Columbus, but those from the State who sit in Washington.

They will realize more than ever of the FREE country in which they have been living is gradually drifting from beneath them. Price control and legislation doesn't sound very good. It wouldn't be needed if we were patriotic in the sense that we forget ourselves personally and place our Country ahead of everything else. I'm afraid we have lost sight of the efforts put forth by our forefathers in the establishment of our nation; the price they paid for the Constitution and the sacrifices they made to give us a Land of the Free and Home of the Brave. ### CLOSES CAMP

#### U. S. DISCONTINUES CCC AT MOHICAN STATE PARK

The federal government closed the Civilian Conservation Corps camp at Mohican State Park Wednesday in line with the curtailment of CCC and other federal projects during the war.

The camp has housed 43 colored veterans of the first World war since last July 20. They will be transferred to a camp near Cadiz.

Opened on May 23, 1933, the camp has been one of the largest and most active in Ohio. Despite government threats to close it several times during the present year, it was kept open after civic organizations in this section protested. Closing of the camp will leave James Stevenson, forest ranger, as the only person to patrol and maintain the big park.

#### VISITS HUSBAND

Mrs. Reginald Fellows of Shelby left Thursday afternoon for Oklahoma City, Okla., where she will visit her husband, who is stationed at Will Rogers field. His address is Private Reginald Fellows, 97th Bomb Squadron, Will Rogers Field, Oklahoma City, Okla.

Both are well known here.

#### NAME HOME DOCTOR

County Commissioners Saturday had appointed Dr. John F. McHugh of Shelby as physician for residents at the county home. He will succeed Dr. Leo Price of Shelby who died recently. Dr. McHugh will receive \$6.25 each for weekly trips to the home and additional fee for special calls.

#### A NEW DAUGHTER

### MEMORIAL TO

#### ELMER PARSEL

At the April meeting of the Tourist Club, the members voted to open a Elmer Parsel Memorial Fund. The plan under discussion is to purchase some useful mementos for our village park in honor of our beloved fallen hero. The money is to be turned over to the Park Board of Directors and the selection left open to their judgment. As clerk of the Park Board, James Rhine, has generously consented to handle this fund and those wishing to contribute will please get in touch with him.

### CHANGE DATE

New London—Because of conflicting events scheduled for the night of the April meeting of the Huron County Pomona Grange at Greenwich, it was decided, at the last Pomona meeting, to postpone the Grange meeting one week, and this session will be held on Wednesday, April 22, instead of April 15, as originally scheduled.

Plans are also progressing in a satisfactory manner for the Ashland-Huron County exchange program, at New London on June 17.

A good attendance is urged for this meeting, which opens at 6:30 p. m. covered dish dinner.

**Bats Have Supersound System**  
Bats, those night flying mammals, do it all by a supersound system, it has been revealed by the American Association for the Advancement of Science. They use a "supersonics" whereby they emit hisses inaudible to the human ear. These sounds, the investigators say, reverberate from obstacles in the path of the flying bats and aid them in avoiding collisions.

### WAR CRY

(Continued from Page One)—battle cry that will be worth fighting for. Give us a battle cry that will reach the hearts of all oppressed men in all oppressed lands that they may flock to our standard.

Do some weak souls think that the American people are so selfish that they will not fight for their material possessions? Do they think we value our houses, our automobiles, our bank-rolls and our lives more than we do our love of the principles of human freedom?

How we would chuckle if we read that Hitler and Hirohito had put Germany and Japan on a "defense basis," called their war contributions from the people "defense bonds" and set up "defense councils" throughout the Axis. We would feel that they are afraid of us, waiting for us to strike the blow.

There is certainly a place for defense in America, and the defense set-up is good, but not as the major war-undertaking for the civilian manpower of the United States. Teach us to defend ourselves, yes, but make that secondary to the prime factor with which all wars are won: offense. Teach us to attack.

Wars are not "nice." If "nice people" are in charge of the American war effort, toss them out on their ears, we are tired of being fed pap, prune juice and Castoria all done up in fancy packages. We are tired of the banal low-rating which seems to think that the only medium America understands is Mickey Mouse. We are tired of being taught how to put out incendiary bombs AFTER THE ENEMY STRIKES; how to bandage our wounded AFTER THE ENEMY SHOOTS THEM.

We are tired of all this pap, raining sugar and rubber. Because we are not dumb. We heard the back of the British Empire crack when Singapore fell. We know it is up to us—Americans in these thousands of small towns throughout America—to lick Germany and Japan, or be licked, and we've never been whipped yet.

### APRIL IS CONSERVATION MONTH

Reports indicate that there will be a greater observance of Conservation this year than ever before. Conservation Commissioner Waters stated today indicating that word had been received from various organizations in all parts of Ohio that special programs had been prepared for the month of April. These meetings are not confined alone to sportsmen's organizations and conservation groups but to civic organizations, luncheon clubs, farm groups and many other organizations.

The schools of Ohio will observe Conservation Week, as a part of the month's program. April 6 to 10, inclusive, with special Bird and Arbor Day programs on April 10. A very complete manual, prepared as a part of the joint conservation education program of the Ohio Division of Conservation and Natural Resources...

sources and the State Department of Education, has been sent to all the schools in Ohio.

Efforts are being made by the Ohio Division of Conservation and Natural Resources to furnish motion picture films from its film library as many of the meetings as possible, providing requests are made well in advance. All agencies interested in conservation, including the Division of Conservation, will furnish speakers, although Conservation Commissioner Waters has requested organizations to plan "home talent" programs when possible, due to the tire shortage, and to draw on the district conservation offices and other conservation agencies as close to home as possible in asking for speakers. This will be the third year that Conservation Month has been observed as a result of a proclamation by Governor John W. Bricker.

If you want rubber, take the tires off of our cars. If you want steel, take the cars and put them under drop hammers and make junk out of them for guns. If you want sugar, take it all—we'll get by on sorghum syrup or better still on nothing at all. If you want money, take our bank-rolls.

But if you want American people to snap out of their "complacency", then for the sake of all that's holy start yelling AT-TACK! Call the defense bonds VICTORY BONDS. Call the defense councils WAR COUNCILS. This is a fighting nation. Stop low-rating us. Teach us first-aid, sure, but teach us first how to blast the Japs and Germans off the face of the earth.

Quit low-rating the civilian population. Give arms to the householders of America. First arm the army and navy, and then arm every man-jack and boy in America. We common men and women know what war is. We have no illusions about it. We do not intend to be a slave race, or a subject race, or a passive race. We know that our nation is at stake. Furthermore, we want more than a little

suspect that the entire future of mankind is at stake.

Give us a battle cry—Ernest F. Lyons in the Stuart (Fla.) News.
