U. S. SEIZES 300 TONS OF SCRAP NEAR SHELBY

Antiquated farm machinery, 300 tons of which has been collected during the past fifty years by Allan Dick of northeast of Shelby, was taken to Mansfield Monday to be used in the nation's war effort.

The scrap steel which has been requisitioned by the government after two months of controversy with the owner, was delivered to Empire Sheet and Tin Plate Company, according to an announcement made by Roy F. Kenney, regional chief of the special projects section of WPB's bureau of industrial conservation in Cleveland.

According to Kenney, WPB agents located the scrap pile in March and undertook to have it moved. Dick, according to Kenney, accepted a bid which permitted him to retain 25 tons of his parts business, but haggle over nearly every piece as the buyers attempted to take possession, making it commercially impossible to move.

Thursdays, Kenney and Joseph Hovancek, deputy U. S. marshal, appeared at the farm to serve papers on Dick and he left to see his attorney in Shelby.

He will receive the ceiling price of \$13.25 a ton for that type of metal and the Mandell Iron Auto and Wrecking company of Willard started moving it to Mansfield Monday.

A clause was inserted in the papers, Kenney added, that the government is not liable if the old sheds in which the scrap is stored falls down while it is being removed.

Officials of wrecking company said it would take them about a week to ten days to move the complete pile.

Officials were in Plymouth on Friday afternoon making investigations of other scrap reported in the district.

SUGAR FOR CANNING NOW AVAILABLE

Instructions to the county rationing boards provide for one pound of sugar per person for each four quarts of canned fruit and one pound of sugar per person from which to make jelly or preserves. The boards authorize the clerk to issue sugar purchase certificates up to five pounds per person in a family.

One adult member will represent the family before the rationing board and will state how much canning is planned for the coming summer. On August first applications for sugar for fall canning will be accepted by the boards and at that time report will be made on the number of quart cans of fruit put up in the early summer. The ratio should be four quart cans of fruit for each pound of sugar issued.

If the ration of canned fruit and sugar is less than four to one, the applicant in August will be expected to report a surplus of sugar and adjustments will be made accordingly.

In all cases the clerks are instructed to accept the statement of the applicants without investigation.

Residents of Plymouth residing on the Huron County side of the county line will apply at Willard between the hours 9 a. m. and 4 p. m. on Mondays. Those on the Richland County side must go to the City Hall in Shelby and make application. The office here is open daily from 1-5 p. m. and 7-9 p. m.

ELEVATOR HAS NEW OWNER

G. L. Rogers of Mansfield buys building and entire equipment.

A transaction involving the local grain elevator was consummated Monday when G. R. Rogers, Mansfield, purchased the Plymouth Grain Elevator and equipment, formerly operated by Jerry Ratcliffe. Mr. Rogers took active charge of the elevator Monday, and he will retain its present personnel, including John Ganzhorn, Herman Garrett and Charlie Fox. Mrs. Lucille Ross has accepted a position as bookkeeper.

Mr. Rogers, who was born in Shelby, has been operating in the farm equipment field out of Mansfield for the past fifteen years, representing the International line of equipment and trucks. During his activities in this field, he has had the opportunity of making the acquaintances of a large number of Richland county farmers.

"In taking over the Plymouth Grain Elevator," said Mr. Rogers, "I expect to continue the same policy upon which it has been operated by Mr. Ratcliffe and I want to give the best of service possible to the farmers in this vicinity, in purchasing of their supplies, and the handling of their grain. We shall strive at all times to make every transaction a real pleasure to all of our customers."

There is every reason to believe that Mr. Rogers will enjoy the confidence of the elevator's patrons, for he has built up a very satisfactory farm implement business in the territory surrounding Mansfield, and he is well familiar with the requirements of the farm trade.

Hunger Signs Reveal Corn's Need for Plant Food

YOUNG corn, like young children, reveals certain hunger symptoms when the diet is lacking in sufficient nourishment. By the time corn is halfway to the "knee-high" stage, these starvation signs are plainly visible to the alert farmer's eye.

Steps can then be taken to correct the condition by applying nitrogen, phosphorus or potash, and the plants restored to healthy, vigorous growth. Watch out for the following hunger signs once the corn is 8 inches above the ground, says a statement of the Middle West Soil Improvement Committee. They will tell you whether famine is rampant in your fields.

1-If the corn is stunted and underfed; if its leaves are greenish-yellow or orange-yellow instead of deep green; and if the tips are withered, then the plant is starving for nitrogen. A side-dressing of nitrogen fertilizer, applied at the rate of 40 to 50 pounds per acre along the row, will quickly remedy this condition.

2-If the leaves and stem show a tendency to become purplish and if the young corn plant is spindly and unthrifty, then it lacks sufficient phosphorus. Good conditions of severe phosphorus starvation the leaves

If a combination of these symptoms appears, a mixed fertilizer containing nitrogen, phosphorus and potash will provide an effective prescription.

THOUGHT FOR FOOD

Actors some decades past probably learned to dodge tomatoes and other well aimed missiles as part of their trade. Who'd think, however, that we've lost the art of dodging the most important "U. S. Needs U. S. Strong" with such harmless looking weapons as dairy products, vegetables, fruit and eggs, to name a few of the absolute musts on the National Nutrition Program daily diet list.

"U. S. Needs U. S. Strong," is a slogan you'll see everywhere in the months to come, and it means that we'll all have to buckle down to business on our daily menu planning as if our very lives depended on it — and they do.

These timely suggestions for luncheon or Sunday dinner suggest use several of these recommended basic foods, including milk, eggs, cream and bread enriched with Vitamin B-1, iron and niacin.

CHEESE AND SHRIMP FONDUE

3 eggs, separated; 1/2 pound butter; 1/2 cup fresh shrimp or 1 cup (5 1/2 ounces) can shrimp cut in small pieces; 1 cup mild American cheese (about 1/2 pound); 1 teaspoon salt; 3 cups dried crumbed bread; 1/2 cup fresh or diluted evaporated milk.

Combine beaten egg yolks, shrimp, cheese, salt, bread and milk in medium-sized buttered casserole. Let stand a few minutes until bread has soaked up most of the moisture. Fold in beaten egg whites, dot with 1 tablespoon butter. Place in pan of water and bake in moderate oven (350° F.) 1 to 1 1/4 hours. Yield: 6 to 8 servings.

Don't forget that cheese may be substituted for any kind of meat required one pint of milk a day (more for children), including cottage cheese and cream cheese. Good spreads for luncheon sandwiches are cream cheese and cheddar cheese, shredded cabbage and carrot, salad dressing.

Time for June and National Dairy Month comes this month with suggestion, sent us by Mrs. T. A. Hippaka of Madison, Wisconsin, is Hippaka's diet recipe: Make a sandwich with American cheese and enriched bread (one day old, at least). Dip sandwich in mixture of 1 beaten egg, 5 cup milk and 1/2 teaspoon salt. Fry sandwich slowly in butter. Serve with napin 5774.

Patriotic Theme Carried Out In Victory Reception By School Alumni

The Plymouth Alumni Association held their Victory Reception, Friday evening, May 29, at the high school auditorium and the program presented was greatly enjoyed by the members and guests.

The auditorium was appropriately decorated and at the table, which was arranged V shape, sat the officers of the Alumni, the members of the class of 1942, and the honored class of 1917, Oliver Donnerwirth of Columbus, Mrs. Ditha DeVore McBride of Shiloh, and Mrs. Alvelda Monteith Pickens and their guests.

The program was very neat and a picture of the American flag in red and blue, was on the front cover. The program opened with the singing of "America."

Supt. E. L. Bailey presented the class of 1942. He told the Alumni association that they were in charge of the class and to promote them, to benefit, by them and to use them.

Oliver Donnerwirth was introduced as toastmaster, who presided in an interesting and happy manner. Miss Gertrude Williams, class of 1935, president of the Alumni association, extended a most hearty welcome to the members of the class, the association and their friends. The response, in behalf of the class, was by Vance Hoffman.

In the roll call of Group I, including classes from 1870 to 1880, there was no response.

In group II, classes from 1880 to 1890, a letter was read from Mrs. Harriet Streit Schaffer of Clearwater, Fla., class of 1888, and a greeting from Mrs. Irene Kochenderfer Scrafeldt, class of 1887.

Mrs. Doris Gooding entertained with selections on the Solovox, in the form of a medley, including "Memories," "My Buddy," "Miss You," and "Will Meet Again."

Groups III, 1890 to 1900 was represented by Mrs. Grace Trauger Dick, class of 1895, who spoke of the program of 1892, given by the Plymouth High School Literary Society at the Methodist church, Wednesday evening, June 8, as there was no graduating class that year. At that time it was decided to have a four-year course.

Some of the pupils who took part in the program of orations, recitations and music and graduated were: Miss Brewbaker Sykes, Lizzie Webber Bevier, John Fleming, Kate Schumacher, Will Stines, Harry Kistner, Ida Spear Frost, Abbie Park, Boyers, Carl Frost, Belle Bachrach Glick, Grace Shafer Frost and Mrs. Dick. A letter was read from Mrs. Anna Brewbaker Myer of Philadelphia, Pa., class of 1896.

Group IV, 1900-1910, was represented by Mrs. Ethel Hatch Straub, class of 1905, who said it was forty years ago that evening they class graduated, but a contrast in weather as it was quite cold. A letter of regret from Mrs. Ethel Howard Hankammer of North Fairfield, class of 1905, that she could not be present, was read. Response was given by Mrs. Dora Baker Brooks, class of 1908.

Group V, 1910-1920. Talks were given by Mrs. Verda Trauger Weller of Akron, class of 1912 and Mrs. Bertha Lofland Webber, class of 1913, and a letter was read from Mrs. Ruth Andrews Thomas of Royal Oak, Mich., class of 1912. Members of the class of 1914 present were Mrs. Ruth Baker Stover of California, Mrs. Marjorie Ebert and Miss Florence Danner and Miss Helen Donnerwirth, class of 1918.

This being the 25th anniversary of the class of 1917, it was represented by Mrs. Ditha McBride, who described their commencement, that they were the class that was pursued with measles and rainy weather. The other two members of the class are Mrs. Gertrude Willert Wagner of Canton and Ezra Ward of Norwalk.

presented by Miss Helen Dick, class of 1934, who said that their class had the advantage of the new high school and that the largest class of 96 members graduated in 1939.

Supt. E. L. Bailey paid a tribute to "Our Thirty-two boys and one girl in Service," with appropriate remarks, followed by a silent prayer.

Enrolled in service are: Pete Cornell, Bob Cornell, Monroe Van Wagner, Wayne Gebert, Charles Rhine, Frank Fenner, Edward Babcock, Mrs. Trauger, William Fellows, Robert Brothers, Carl Sponser, Charles Payne, Nelson McCowan, Carl Fox, Richard Mair, Reginald Fellows, Max Smith, Leo Kendig, Ray Dawson, Lawrence Noble, Farrell Williamson, Tom DeWitt, Dick Fackler, Carl Wilford, Lawrence Meyers, Robert Hunter, Paul Root, Ben Smith, Bob Nimmans, Norman McCaughen, George Hough, LaMar Fiegle, a member of the teaching staff and Miss Helen Becker.

Mr. Bailey said that 39 of the boys enrolled had graduated under his supervision and that there were 80 present in this district, with only one fatality, that had traveled from this distance to Hawaii, Ireland and the Canal Zone, and also they were represented by Miss Helen Becker, class of 1927, who is at the Navy Medical Center, at Bethesda, Md.

A memorial service was arranged by Mrs. Arline Schreck for our deceased members this year, who said "We pause in the quiet of the eventide to honor the memory of those who have passed the realm of human vision. Their kind words and noble deeds illumine our mental horizon, assuaging our sorrow as the rainbow with its vivid coloring arches the sky, effacing the clouds that have obscured the sunlight."

"Yet while we grieve, our heads bow in humble submission as we say 'Thy will be done.'"

Mrs. Grace Dick, as chaplain, read the prayer and each one taking part read a memorial or poem as they placed a red rose and white larkspur in a vase on the small table as they arranged themselves in a V-shape group. The deceased members are: Mrs. Minniea Hunt, 1885; Walter W. Webb, 1888; E. Dell Rhoads, 1889; Clarence Shield, 1909; Mrs. Ida Spear Fleming, 1893; Elmer Parsell, 1926.

Taking part in the memorial were Mrs. Ethel Straub, Miss Jessie Trauger, Mrs. Bertha Searle, Miss Hazel Crumer, Miss Florence Danner, Miss Helen Akers, and for Elmer Parsell, tags were played by Mrs. Doris Gooding.

"Somewhere back of the sunset Where loveliness never dies, They love in a land of glory, 'Mid the gold and blue of the skies."

In memory of Mrs. Ida Spear Fleming, Miss Florence Danner read the following poem. She was a friend whose heart was good. She walked with folks and understood; Her's was a voice that spoke to cheer And fell like music on the ear Her's was a smile folks loved to see, Her's was a hand that asked no fee For friendliness or kindness done, And now that she has journeyed on, Her's is a name that never ends. She leaves behind uncounted friends.

R. Byron Grist sang a solo entitled, "The End of a Perfect Day." The nominating committee announced the following officers elected for the coming year: President—Miss Florence Danner. Vice President—Mrs. Arline Schreck. Second Vice President—Miss May Fleming. Third Vice President—Mrs. Roy Johnson. Secretary—Miss Helen Dick. Treasurer—Mrs. Helen Sams. Group singing followed, led by R. Byron Grist, with Mrs. Good-

ing, pianist, closing with the singing of the Alma Mater.

Small tables prettily centered with bouquets of red, blue and white flowers were placed in the Home Economics room and the refreshments were served in cafeteria style.

Dancing furnished the entertainment for the remainder of the evening, with music by Don Armstrong's Dance Orchestra, Greenwich, and at the close it was the general opinion that this had been another happy reunion of the Alumni.

Judge Directs Verdict For Defendant in Case Common Pleas Judge Clarence Ahl directed the jury to find for the defendant late last Wednesday afternoon, thus bringing to a close the trial in the case of Cantwell Lash of Tiro versus J. E. Faulkner, Sr. of Bucyrus. Judge Ahl directed a verdict for the defendant in response to a motion by defense attorneys at the close of the fourth day of testimony.

When the plaintiff's witnesses had completed and before any defense witnesses were called, Attorneys Kennedy and Myers asked for a directed verdict. Judge Ahl ruled that "on a proposition of law the defendant Faulkner had a probable cause for causing the plaintiff's arrest" and therefore directed the verdict in favor of the defendant.

A majority of the twenty-nine witnesses subpoenaed by the plaintiff, including many farmers, business and professional men, public officials and a minister from Tiro community, testified, Cantwell Lash was on the witness stand himself Tuesday. The depositions included some Tiro residents. At least two more days would have been required to complete the case had it gone to the jury.

The trial started last Thursday and has been well attended throughout the four days of testimony. Cantwell Lash brought the suit for \$10,000 damage against Faulkner for malicious arrest. Another suit involving the same two litigants is now pending in the court of appeals.

Charles Shaver of Bucyrus and A. R. Mabce of Shelby were last attorneys. O. W. Kennedy and E. J. Myers of Bucyrus represented Faulkner. Tiro World.

Prolific Porker Produces Two Fine Litters of Pigs There'll be no pork rationing program in the United States this year if sows throughout the country join an all-out program started Monday by a sow on the J. L. Benedict farm on the Cardington-Denmark road, three miles west of Edison.

Ten days ago the sow gave birth to its second litter of pigs—less than two weeks. The first litter contained six and the second litter seven. All but one of the pigs are still alive. One was killed when the mother laid on it during a feeding period.

He said it is the first time he has ever heard of a sow producing two litters within two weeks. One local veterinarian said a similar case occurred in Marion county several years ago when a sow had one pig and a week later delivered seven more. From Mt. Gilead Union Register.

"FREE AND EQUAL" AT HANNA THEATRE STARS JAMES BARTON

Beginning Monday, June 8 Broadway's ace producer of hits, John Golden, will present his latest theatrical venture, "Free and Equal" a new play by George O'Neal, starring James Barton, at the Hanna Theatre, Cleveland, for one week only, prior to the play's Broadway opening.

The fact that the playwright is an editor of The American Weekly, the magazine claiming to top all others in circulation, is an indication that his play may well have more than an average share of popular appeal.

Another hint to that effect lies in the play's central character, an easy-going, witty, slightly alcoholic southern sheriff, who nevertheless, in an emergency, rises to the occasion and delivers himself and others from a potentially explosive melodramatic situation. All the world, it seems—and particularly the theatrical world—love a tippler. And

when, as in the case of Sheriff Luke Quincy, he happens also to be lovable, kind, sympathetic with the underdog and the sworn enemy of rural corruption and bullying, the prospects are excellent for his becoming a favorite of audiences everywhere.

This role is, of course, the one to be played by James Barton, whose lifelong experience in the theatre from his earliest years in the popular melodramas of the '20's to his rise in vaudeville to headline stardom and his stardom in the legitimate theatre has been one long preparation for portraying just such a figure as Luke.

Mr. Golden hopes that "Free and Equal" may be an addition to his list of hits that began years ago. Therefore he has assembled one of his finest casts including Paula Trueman, John Marriott, Beatrice Pearson, Walter Burke, Pauline Myers, Charles Keane, Edwin Redding, John Harvey and Robert Burton.

MEMORIAL TO MRS. FLEMING

TO THE MEMORY OF IDA MAY SPEAR FLEMING FROM MARY GRACE HANICK

For a valued friendship through the years in Plymouth, where we entered the primary school together in 1880; where our mothers entered the Primary school in 1851 and sat together in the double wooden seats in the frame building now distinguished as the old wool house.

I contribute \$5.00 to the Home Economic department of the Plymouth School in her memory.

AN APPRECIATION The administration of the Plymouth Public Schools wishes to express the heartfelt appreciation for the gift to the Home Economics Department of our school. More desirous are they happy because it comes to the school in memory of one who always loved to be with the young people and see them progress and also it comes from the heart of one who loved Mrs. Fleming. May we express our sincere thanks to Miss Grace Hanick for her interest in the school and the contribution made in memory of Mrs. Ida Mae Fleming.

Rev. Richard Wolf, former pastor of the Plymouth Lutheran Church, but who for the past year has attended Yale University has returned to his home at 111 Market Street, Bloomsburg, Pa.

Rev. Wolf writes that his preliminary examinations are over, some six of them at least five hours in length and passed them with flying colors.

With the beginning of the new school term, Rev. Wolf will be located at the Seminary in Gettysburg as Cronhardt Instructor-Fellow. This will enable him to get some teaching experience at the same time he is doing his Dissertation. This will probably prolong this work two years instead of one, but no doubt will work out to his benefit. He is still greatly interested in Plymouth and asks to be remembered to his many friends here.

Mayor's Proclamation

WHEREAS, a state of war exists between the United States of America and Japan, Germany and Italy, and the defense of the U. S. A. is in the hands of the Army and Navy; and

WHEREAS, in modern warfare no city, however distant from the enemy, is free from attack; and

WHEREAS, lights at night time are a definite aid to the enemy in reaching military and other objectives; and

WHEREAS, Blackouts when ordered by the Army and Navy are essential to the preservation of life and property, it is imperative that we aid the Army and Navy by all possible cooperation and supply; and

WHEREAS, it is the duty of all citizens with all the requirements that have been released previously and placed in every household.

A Plea For Cooperation

In a letter received by Mayor Don Hamman from the Executive Director of Ohio State Council of Defense, is another appeal for cooperation of all citizens with the state officials.

"On the basis of latest information, to the effect that the most critical problem in America's war effort is the fast dwindling rubber supply." He is asking all Ohio motorists to take three steps: Travel less; drive slower, and to swap rides.

These recommendations are being made as an alternative to summoning a special session of the Legislature, as has been done in some states, to invoke a legal 40 mile limit backed by severe penalties.

He is asking local councils to undertake extensive rubber conservation programs. He has made similar requests to all divisions of the State government.

Local defense councils are urged to seek the cooperation of all local officials and citizens.

Motorists should be reminded that the rubber situation is daily growing more critical.

(By Phinnes Whitlased) **THERE'S A 'JOE LOUIS' IN** Plymouth and we're looking for a promoter.

IF THE GARDEN seeds can outgrow the weeds, you have a "Victory Garden"—at least that's the way I figure it.

WE OFTEN WONDER what constitutes the "good old American way." Well, in my way of thinking, I believe G. H. Dawson can be cited as an example. George was 78 years old the 29th of May, born west of Celeryville one mile he has lived on the farm or has had control of it since his birth. He's raised a family of seven children; travelled extensively over the country with the Ohio Farmer Tours, and has made ample provision for his family.

THERE'S ONE thing more we'd like to acknowledge. It's the number of years G. H. has had his name on the subscription list to The Advertiser. 59 years is a long time, and as regular as the sun rises and sets, once a year Mr. Dawson pays us a visit. And when you talk to George Dawson, you're talking to a good old-fashioned American citizen, who has the knowledge to make his own way in life; who enjoys a freedom that's precious to all American farmers; and who frowns on certain policies recently adopted by our government toward agriculture.

AT 78 MOST anyone has to slow up a little, but Mr. Dawson feels a little embarrassed because he can't take care of his regular chores before breakfast. But, as he says: "I guess I don't have any right to complain."

WHEN IT RAINS IT POURS—and Mr. and Mrs. Weldon Cornell will vouch for this. They were just in the midst of moving from one home to another when along came the painters to decorate the Black & Gold Soda Grill, operated by Mr. and Mrs. Cornell. Well, there wasn't anything to do but go ahead—so with their home badly disarranged, and the Soda Grill twice as bad—they lived through it some way, and just as luck would have it, the Soda Grill was finished up just in time for the holiday and week-end trade. From the appearance now seen, it was well worth the effort. Miss Jean Derr and Marilyn Earnest are on the staff at the Soda Grill for the summer season, and with such pleasing personalities to take your order—well a 10c soda is worth a dime. Congratulations to the Black and Gold, and we're certain that your improvement is appreciated by the community as a whole.

ONE OF THE MOST terrible effects of operations and illnesses is that they are apt to take control of the minds of the sufferers. Only a few unusually wise persons manage to overcome their desire to tell about what happened to them. They get so they can tell in detail the meaning of every symptom, garlanding the talk with terms only a doctor should know. They find it hard to learn that even if such talk is not boring to listeners, it certainly must have a bad effect upon themselves. What they ought to do is talk health.

TALKING DISEASE never did any person any good. The person who thinks and talks about illness is certainly making preparations for more illness. If health is what you really want, think health.

You ought to know you can't achieve success as a lover if you spend your life thinking and talking and acting in terms of hatred.

EVERY MAN who does any thinking stall about his own past, even though he may be one who wastes little time regretting lost opportunities, probably agrees with what Thomas Wolfe wrote: "...When youth is gone, every man will look back upon that period of his life with infinite sorrow and regret. It is the bitter sorrow and regret of a man who knows that once he had great talent and wasted it, of a man who knows that once he had a great treasure and got nothing from it, of a man who knows that he had strength enough for everything and never used it."

BUSINESS MEN GIVE DINNER TO COUNTY OFFICERS

In an effort to show appreciation for the splendid cooperation in making improvements at the Mary Fale Park last year and this spring, the Park Board and the Business Men's Association put on a supper Tuesday night at which the county commissioners from both Richland and Huron counties attended. Township trustees from New Haven and Plymouth townships were present, as well as the county highway officials.

A splendid dinner was served under the supervision of Tracy's Restaurant, and it was enjoyed by everyone.

Richard Hendricks, president of the business men group, presided, and James Root, in behalf of the Park Board and the business group, officially thanked the officials for the cooperation and efforts they had made to give Plymouth a fine park.

About fifty were out for the supper after which various games were played, and an inspection of the park, by those present.

MEMORIAL DAY OBSERVED HERE

With scores of local boys away from home—some abroad, Memorial Day exercises Saturday carried more serious thought for the occasion than previous events. Members of Plymouth's patriotic societies, gathered on the Public Square, and headed by the Ganges band, they marched to the high school, where the Memorial Day address was given by Ralph A. Winter of Lodi. Following this the parade made its trek to the cemetery where the salute was fired and taps sounded.

As usual, the holiday brought many former residents back to town, and this year it seemed that an increase in the number of visitors was noticeable, this being brought about in view of the proposed gasoline rationing.

With America again at war memories of the days of World War One were revived, and the American Legion boys who were in the parade realized the sacredness more so than any one else—of the day and its full meaning.

Bats Have Super-sound System Bats, those night flying mammals, do it all by a super-sound system. It has been revealed by the American Association for the Advancement of Science. They use a "super-sound" system whereby they emit hisses inaudible to the human ear. These sounds, the investigators say, reverberate from obstacles in the path of the flying bats and aid them in avoiding collisions.

Almost as important as an Academy Award to motion picture stars is Hilda Hopper's 'SEA'S O' salute to them on her program. Miss Hopper, pictured here, is heard thrice weekly on CBS.

Latest addition to glamour girl ranks is Julie Conway, pictured here, who was whisked from a college campus to be featured as a singer on Kay Kyser's "College of Musical Knowledge" over the NBC-Red net work Wednesday night.
