

# CAMPAIN FOR OLD PHONOGRAPH RECORDS GETS UNDERWAY HERE

A year ago Mr. and Mrs. America were scouring cellars and attics and forgotten corners of the in-between floors for old aluminum items. Last month they were hunting down old rubber wafers. And now, thanks to the American Legion, there's a nationwide quest for old phonograph records. These old records will be sold as scrap, and provide the funds for new records and phonograph players to be shipped to American fighting men here and overseas. Already millions of old records have been collected. Millions more are needed. And there is a solemn obligation to find them.

For the American Legion's Record For Our Fighting Men Campaign, while not concerned with equipment for the war machine, is deeply devoted to the cause of the men on whom we depend to run that machine. These men are Americans with a profound love for American music. Because they're Americans they like all kinds of music, and because they're in cases far from home, the music that springs from America not only provides recreation and entertainment, but also serves as a reminder of the things

American for which we're fighting. These factors should count heavily in your giving all-out support to the American Legion salvage campaign. Time is slipping fast; August 2 is the deadline. By all means, help the Legionnaires and their co-workers in achieving success in the good work which they have undertaken.

This week a house-to-house canvass is being made in Plymouth for the old discarded, worn out and cracked phonograph records. They mean nothing whatever in their present form, but by being salvaged they can be the means of providing good wholesome music for our fighting forces.

For cooperation is asked by having them ready when the pick up reaches your home.

## MRS. ENGLISH DIES AT YRS.

DEATH ENDS LONG ILLNESS; SERVICES HELD SUNDAY AT THE HOME.

Mrs. Rachel May England, 70, died at her home on Trux street Friday morning following a long illness. Born in May, 1872, at Mt. Vernon she had spent most of her life in Richland county.

England was a kind, generous, good neighbor and well-liked by all who knew her.

Surviving are a daughter, Mrs. J. C. England, of Plymouth; a son, Clifford Stevens, U. S. Navy; three brothers, Ray Kidwell, Mt. Pleasant, Ohio; Edward, Centerville; Edgar Kidwell, Alliance; one sister, Sara Smith of Cincinnati; and four grandsons.

Funeral services were held at 2:00 p. m. at the home. Rev. Howard Bethel, pastor of the Presbyterian church officiated and burial was made in Greenlawn cemetery. Miller-McQuate were in charge of funeral arrangements.

## WILLARD GETS NEW DOCTOR

Dr. John A. Moss, a graduate of the Starling Medical College, Ohio State University in 1939, will take over the office of Dr. T. Gerlinger of Willard, who has enlisted in the army medical corps and expects to begin practice this week or next.

Dr. Moss has been one year at the Cleveland City Hospital and was also in charge of the hospital for a West Virginia Mining company. He was a Nu Sigma Nu fraternity brother of Dr. Gerlinger at Ohio State University. Dr. Moss will take over not only the office and residence of Dr. Gerlinger but all of his surgical and other equipment.

## Well Known Pastor Dies At Sandusky

Dr. A. J. Funnell, chaplain of the Sandusky Soldier's Home and pastor of the United Methodist Presbyterian Church for 14 years died Saturday at his residence in Sandusky.

Private funeral services were conducted from the home Tuesday and burial made in Arlington Cemetery, Washington, D. C.

Dr. Funnell had been a pastor nearly 50 years. He was well known throughout the community.

## PROPERTY SOLD HARLEY E. BURKE HAS PURCHASED THE PROPERTY ON W. HIGH STREET NOW OCCUPIED BY MR. AND MRS. HAROLD J. LIPPUS AND DAUGHTER AND OWNED BY IRVING HATCH THE TRANSACTION WAS MADE BY THE A. E. DeVORE AGENCY.

## YOUTHFUL FARMERS WILL CONTINUE IN 1942

An unofficial survey reveals that 51 county and independent farms in Ohio are definitely going ahead with 1942 plans while 21 farms have announced cancellation of this year's exposition. This leaves 17 unheard from in the state out of a total of 89.

Ralph D. Haines, of Dayton, president of the Ohio Farm Managers' Association, commented that "it appears fully 70 per cent of the farms will do public gatherings as to be discontinued by official edict."

Farms which are continuing their programs are making arrangements to whip up patriotic spirit and enter the contest with War Bonds at their various exhibitions. To that end fair exhibits will meet at Columbus and state war bond and stamp sale plans.

The large group representing the state of Ohio has always been relied upon to assist in a time like the present and in this instance they will again perform their full patriotic duties, Haines said.

## A BRIGHT CHILD

Shelby Fitzgerald, a young girl about 5 years old making book selections. After two books, suitable for child reading, she turned to the library making the casual remark: "When I have read these books, I'll read them and get other literature." Conclusion: She will be a Pal Beta Kappa when she reaches school age.

# WHEELS REMOVED FROM AUTOMOBILE AT WELLINGTON

Col. and Mrs. J. C. MacDermott of Wellington were practically ready to leave on a motor trip for a vacation in Canada when thieves entered their unlocked sedan and made off with four wheels and tires on the Ford sedan of Mrs. MacDermott. Now it appears as though it will be jacked up for the duration.

Col. MacDermott's car standing alone in the driveway except for a set of hand tools were removed. It is believed to be the work of amateurs.

# TONS OF SCRAP RUBBER TO BE USED FOR SIGNS

The National Scrap Rubber drive was closed at midnight of July 22. Mr. Don Van Horn, Huron County Chairman of this drive, of the Monroeville Oil Co., reports that through the local filling stations and oil companies a total of 33,490 lbs. of scrap rubber was collected; approximately 170 tons and in excess of 6 car loads.

Based upon the population of 34,000 for Huron county this gives a total of 1000 signs or 1000 pounds of scrap rubber for every man, woman and child in this county. This scrap rubber is still coming in by the car load and no doubt a grand total will exceed 100 pounds per capita.

Under a very efficient and hard-working organization this excellent drive was carried forward, all of the oil companies and filling stations cooperating in the same.

Mr. Van Horn and all his associates are to be congratulated for their efforts and the excellent results of the same.

# KROGER STORES SELL WAR BONDS

Sale of war bonds in Kroger Stores was initiated on American Heroes Day, June 17, Albert H. Morrill, President of the Kroger Grocery and Baking company, announced.

The grocery firm received the approval of the U. S. Treasury Department to sell and issue War Bonds and made an initial purchase of \$1,000,000 worth of bonds sold through company stores, he said.

According to the plan now in effect, either war stamps which have been on sale in Kroger Stores for more than a year, or cash may be accepted in payment for the bonds. Customers can now fill out application forms in Kroger Stores, to be sent to the nearest branch of the company where the bonds will be issued and sent directly to purchasers within one week.

Kroger is the first large retail chain store organization to be authorized to sell and issue War Bonds. Mr. Morrill explained. During the recent war stamp day, Kroger stores sold \$74,000 worth of stamps in six days. More than the total amount sold in Kroger Stores during the entire four week period preceding War Stamp Day.

# REMOVED HOME

Mrs. Vincen Taylor and infant daughter were removed Sunday morning from the Shelby Memorial Hospital to their home in Plymouth, in the Miller-McQuate ambulance.

Miss Mary A. A. C. THREE WELL KNOWN WOMEN SIGN UP FOR NEW ARMY DIVISION OF U. S. A.

Mrs. Kitty Parsel of Macon, Ga., was in Plymouth the latter part of the week, visiting in the home of her father-in-law, Ben Parsel, of the Bucyrus road.

Mrs. Parsel is the widow of the late Capt. Elmer Parsel, who was killed in an airplane accident in India while in the service of Uncle Sam. She left early on Sunday morning for Des Moines, Iowa, to join up with the W.A.C. (Women's Army Auxiliary Corp.)

Four hundred forty officer candidates and 350 basic trainees will be inducted Monday evening to help in the United States Army.

Heretofore, regulations barred all women from army service. Ohio's contribution to the Army was twenty women from every walk of life. Included in the group were Mrs. Rosemary Bachrach Edelman of Cleveland, a native of Plymouth, and a sister of Robert Bachrach, another applicant who has been accepted for service in the Ohio, librarian for the past eight years in that city. She is a sister of Mrs. C. W. Wilkinson of Wellington. Mrs. Edelman is in Plymouth with Mrs. Ovetta Culp Hobby of Washington, is director of the W. A. C. and her rank is equal to that of a major.

# MAJOR DERR AND SON BILL A. CAMP HOOKING

Major J. E. Derr and son Bill left Sunday for Camp Hooking, near Abingdon, Ohio, for a week's training with the Ohio National Guard. Mr. Derr is a member of the Guard.

# PARENTS URGED TO SIGN PAPER

Religion, morality and knowledge being necessary to good government, it is the duty of mankind, schools and the means of education shall forever be encouraged. Religion, morality and knowledge constitute a very satisfactory basis for any government. To stress one or two of these to the exclusion of the other or others is like trying to make three-legged stool stand upright when the seat of one or two legs is generally agreed there is something wrong in the world today. Many will agree with the author who said: "Never was mankind so near doom as today, but perhaps also it was never so near a happy one."

It is evident to many at least that the three qualities, religion, morality and knowledge must keep step. If one lags it tends to hold back the others. This is the belief of those of us who are anxious to see children of our community given basic course in religion, stressing an intellectual grasp of the meaning of religion and in the firm conviction that the result will be an upward swing in the morals of the children of our community.

Available in Plymouth

This course will be available in Plymouth through the agency of the signers to the petition being circulated can be obtained. By signing the petition the local school boards are asked to determine whether or not the people of Plymouth wish their child to have one day a week of religious training in the schools. Children in the first six grades would receive such training and in many instances would receive religious instruction. It has been found to be of great benefit. If you have not already signed the petition do so at once.

# LEAVES FOR PEARL HARBOR

Vincen Lybarger, son of Mrs. Elizabeth Lybarger, left Wednesday for Pearl Harbor, Hawaii, via the U. S. S. Albatross, for the Navy Yard. He has been employed at the Fate-Roebuck-Heath plant in Sandusky since 1936. Mr. Lybarger is a machinist in the Navy Yard. Norman Foster left several months ago.

# NAZI SYMPATHIZER GETS 1 TO 20 YEARS

Donald Kintner, Elyria, 20 year old Nazi sympathizer who shot New York Central Engineer F. J. Becker, May 8, in an effort to disrupt the war effort, was sentenced this week to one to 20 years in the Mansfield reformatory by County Judge J. D. A. Cook. The Cleveland born youth said his Nazi sympathies were unchanged at his arraignment.

# AT SISTER'S HOME

Miss Ida Page of Attica is now making her home with her sister, Mrs. Dave Scarfield and husband of West Broadway. She wishes to thank her many friends for remembering her with cards and flowers during her illness.

# NEW TENANTS

Mr. and Mrs. Chas. Hammon formerly of Mt. Vernon are the new tenants in the D. D. Plymouth apartment in the R. T. Stevens home on West Broadway. Mr. Hammon is the driver of the mail truck between Willard and Norwalk.

# IN TRAINING SCHOOL

Theodore R. Patterson, son of Mrs. R. W. Patterson of Shiloh, has arrived at Ft. Benjamin Harrison, Ind., where he will receive his training with the Finance Department school. He has been assigned to Company A of the first Finance Training Co.

# NEW BOOKS FOR READERS

PLYMOUTH LIBRARY PLACES NEW BOOKS ON SHELVES FOR READING PUBLIC.

A new collection of library books, ranging in scope from Westerns to Biography, is now available at the local library for Plymouth readers. The list was given for publication by Miss Jessie Trauger, librarian.

Among the books included are recent best-selling fiction, as well as old favorites whose appeal never grows old. The new books given by the Campfire Girls are also listed:

Rental Library—Bromfield—Until the Day Break.  
Racine Fiction—Werfel—Song of Bernadette.  
Carfax—Khapsody in Green.  
Peattie—Forward the Nation.  
Raymond—Slayback.  
Schackner—The King's Passenger.  
Ydelotte—Measure of a Man.  
Cochran—Windward Passage.  
Kornoff—In the Years of Our Lord.  
Miscellaneous Fiction—Norris—You Can't Have Everything.  
Willoughby—Sandra O'Moore.  
Raymond—The King of the Bees.  
Banning—The Iron Will.  
Boyd—Marching On.  
Terhune—Further Adventures of Les.  
Campfire Collection—Bagbee—Benet—Enchanting Jenny Lind.  
Raymond—Slayback.  
Bailey—Children of the Handicrafts.  
Edwards—Treasury of Heroes and Heroines.  
Bailey—Homespun Playdays.  
Malvern—Dancing Star.  
Bailey—Oceanic Post.  
Burch—Modern Composers for Boys and Girls.  
Spencer—Elizabeth, England's Modern Queen.

# First Glider Classes End Week This Week

The first glider classes in the Army's new training program for glider pilots who will fly the vast airborne force now being developed are scheduled to compete the week ending this week-end at 18 preliminary glider schools throughout the midwest.

Students who succeeded to the nine advanced training schools for another fortnight's training.

Those who pass the course will be ready for further training at practical training centers in comparison with the other infantry units. The preliminary training was carried out with the use of power planes, the War Department said.

# PAUL ROOF MEMBER OF GLIDER CLASS

Paul Roof, son of Mr. and Mrs. H. H. Roof, of Sandusky, is a member of the Glider Class given their preliminary training at Stillwater, Minn. Tuesday of this week he received his wings and is now at Camp Lockbourne Field, located near Columbus, for further training. He will be a glider pilot in the future upon completion of the course.

# BOY STRUCK BY CAR AT N. HAVEN

Bueford Risner, age 10, of New Haven was injured Sunday when struck by a car driven by Wayne H. Risher, of Sandusky, on West street in New Haven. The boy received an injury in the back of his head and was taken to Municipal hospital, Willard.

The wreck was investigated by state highway patrolmen.

# INJURED IN FALL

Clarence E. Tucker, 72, of Willard is in Municipal hospital there suffering from injuries to his back received when he fell from a load of lumber while working on a farm near Willard.

# CALLED FOR ACTIVE DUTY

Dr. Riley Trush, Lexington, O. physician, received notice Saturday of his commission as a first lieutenant in the Army. He will report to a flying field near Columbus, July 30. Dr. Trush formerly practiced in the medical section of the Municipal hospital there and is brother-in-law of Mrs. Hulda Davis Frush.

# ENLISTS IN ARMY

Walter Virtue, who has been associated with the Morrow County, Ohio, since 1936, has enlisted in the army. He left Tuesday for induction at Fort Hayes.

# MAKE PLANS FOR SUGAR RATIONING

The Huron County War Price and Rationing Board has announced a plan which will eliminate the necessity of housewives forming in long lines throughout the county to obtain sugar for canning fruit.

On Saturday, July 25th all registered grocery stores in Huron county will have received a supply of application blanks. Each housewife is urged to obtain a blank from her own grocer, which she may take home with her and carefully answer all the questions on the blank.

As soon as the application has been properly completed it should be returned to the Huron county War Price and Rationing Board, 13 Whittlesey Ave., Norwalk, Ohio.

The board expects to check each application against previous records and if everything is found to be in order, the Huron county purchase certificate will be mailed direct to the housewife.

It is suggested that the housewife list the same people as a part of her household as she listed when making original application for rationing.

All applications received between July 25th and August 10th will be given prompt consideration. The closing of the board will be closed with the close of business on August 10th.

It is suggested that any family in Huron county should fill to receive the sugar required to take care of full rationing on the basis of one pound for each four quarts of fruit to be canned. The government does not want any fruit to be allowed to rot and is anxious that sugar be provided to take care of all fruit that is to be handled according to rules with the rationing program.

# 4-H CLUBS TO MAKE EXHIBITS

With the cancellation of the Huron county fair, it will be impossible to make a group exhibit at the 4-H Club exposition this year. All 4-H Club members, however, will be requested to make a local exhibit in order to complete their 1942 projects.

Local exhibits will be made at the club members' home, the home of the advisor or the central point in the community, depending upon the type of club and the project carried by the individual club member. The types of exhibits will be the same as those made in previous years.

Some projects will be exhibited by clubs at a designated place in each community and judged the same as last year. A definite schedule of dates and places for exhibiting and judging will be announced to the girls club advisors. Exhibits of these projects will also be encouraged at the monthly meetings to be held by the local clubs.

A schedule of these farm projects will be made largely at the individual member's home. At a designated time boys in the club will make a tour to the home of all members of the Club. Boys in the club may be advisor, Extension Agent and other Judging Assistants, scoring and judging will be completed on each project. Club members will be given an opportunity to place a score and grade on all projects and the best projects will be prepared previous to the time of the judging tour.

A schedule of these tours will be announced soon, however, they will start on Tuesday, August 18 and continue through Wednesday, September 2, with one half day or more for the judging tour in each club. Parents and others will be invited.

Members records will be turned in at the time of the tour or local exhibit. Final grades will be announced on September 2, when a dinner meeting will be held in September.

# SHELBY BOARD HANDLES BIKES

Residents from Shelby and the townships of Cass, Plymouth, Sharon and Liberty have made applications for bicycles from the Shelby rationing board.

The Shelby board of the Richland county board said that the Shelby board would handle four townships in the western half of the county. The board may get their application blanks from the Mansfield office in the Farmers Bank Building.

WEEKLY NEWS ANALYSIS

Powerful Strength of Nazi Thrust Drives to Greatest Gain in Russia; Aussies Smash at Rommel in Egypt; U. S. Forces 'Change Policy' in China

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.) Released by Western Newspaper Union

RUSSIA:

Deepest Drive

Even Moscow admitted it. The powerful Nazi thrust had finally driven deeper into Soviet territory than at any time before in the history of the war. Last year it was toward Moscow, the capital penetrated to its furthest point.

But the current German campaign wasn't headed directly that way. Its spearhead had thrust itself across the Don river and swung around the big bend of that river heading southward down the valley toward Stalingrad.

Though there were immense losses of Nazi men and machines Hitler kept on going for he wanted Stalingrad in the "final Volga." But even more he wanted what he could find beyond - the rich oil pools of the CAUCASUS.

The Moscow-Rostov railway had been cut earlier and Soviet communications thus suffered a hard blow. When the Germans slash across and solidate their positions on the Volga it means that still another highly important link between the final battleground for the Caucasus and Moscow would be severed.

Russia's hope was the heavy toll of German strength that was being extracted as the Reds fell back in their delaying action against the fighting front. German claims of success spoke of the breaking of "local resistance everywhere."

SABOTEURS:

All Doubt

Eight Nazi saboteurs as they were tried for their lives before a Washington, D. C., military commission had the benefit of government attorneys.

German Field Marshal Rommel had to deal with the Australians again. His mobile columns and heavy tanks had smashed the British back in a headlong drive that had dangerously extended his communication lines back to Benghazi and Tobruk.

Reports from Cairo said that they were using a new type of anti-tank gun and they used it at shorter range than usual. It had a pre-drawn assault and some of the enemy had been caught napping.

MISCELLANY:

TIMES: President Roosevelt's press conference heard him say that if the war situation gets worse than at present, the government may have to requisition every automobile tire in the United States.

CHIEF: U. S. army air forces have as their new commander-in-chief in the European area Maj. Gen. Carl Spaatz.

OPERATIONS: The department of agriculture will continue to operate despite the fact that congress is wrangling over its current appropriations as a resolution to finance for a month cleared both legislative chambers.

TRAINING: To house trainee radio aviation operators, the Technical Training command is taking over the world's largest hotel—the Stevens in Chicago. Also taken over was the Congress hotel but the same city.

INDIA: Gandhi's Gain

His doctor had ordered him to rest because of his extreme exhaustion but Mohandas K. Gandhi was again on the road to beating down the British and he would not be stopped.

CEILINGS: Some Changes

When first the General Maximum Price regulation was introduced it was pretty difficult to adjust cases that appeared to be directly harming someone unfairly.

EGYPT: Again the Aussies

German Field Marshal Rommel had to deal with the Australians again. His mobile columns and heavy tanks had smashed the British back in a headlong drive that had dangerously extended his communication lines back to Benghazi and Tobruk.

RATIONING: Gasoline

About 6,000,000 eastern motorists were to get their basic permanent gasoline coupon books, said OPA, and local boards were instructed to insist on complete proof of eligibility and need before granting supplementary rations of any kind.

Tires

Eligible motorists may be refused new tires by local rationing boards if an inspector reporting shows that the purchaser has abused his old tires, according to an announcement made by OPA.

BILLIONS: For War

Congressional war appropriations now total more than \$25,000,000,000, but the U. S. actually has spent less than 40 billions, according to current War Production board figures.

U. S. Bond Purchases Are Better Than Forced Savings

Federal Taxes Unable to Cover Total of Present War Expenses; Transport Planes' Importance Growing.

By BAUKHAGE, News Analyst and Commentator.

Working men and farmers are two of the most independent thinking classes in America today. But strangely enough, the same day that I talked with Senator X in the overstuffed chair in the senate auditorium I ran into P. P. is a great friend of the oppressed.

The President's anti-inflation program has not been carried out and nobody dares take the first crucial step for the war taxes.

The love of money may be the root of all evil, but the presence of too much money in too many pockets has become an evil, too.

My story begins in a very ornate corner of the Capitol building just off the senate floor.

Senator Z was opposite me. I always call on him when I want an idea in a couple of pungent paragraphs.

"Which would you rather try to lick? One wild cat or a swarm of hornets?"

"Naturally, I chose, not too willingly even for a purely mental combat, the wildcat."

"So would the Germans!" My lunch partner leaned across the frail restaurant table and pounded it with the tomato-juice cocktails leapt into the air and frightened war-workers looked at us appreciatively.

"You could take a million men across the English channel in ten days in small planes that could be built in six months."

"That's just an example," my friend went on, "of what we could do with planes if we could get them built in ten days."

"What I am really getting at is this—my friend went on and then stopped abruptly about the tomato-juice. Soon he was off again on a most interesting exposition concerning air-power. I tried to keep up with him.

"I am hard for a layman to assay these enthusiasts. What they say is always studded with figures quoted from official records. And they usually can quote volumes to prove that people who disagree with them said the same things about Billy the Kid in ideas all of which have been proved correct."

"What my friend was getting at was this: That military transport in war is woefully neglected. That only one percent of the military transport planes on a scale to meet the demands."

Germany had 10,000 transport planes in service. We only have five plying between China and India. But even a plane carrying 1 1/2 tons could do the work of a hundred and fifty tons of freight.

I had just heard the surprising word from the lips of a Chinese general that even before the Burma road was destroyed, China was getting very little more in the way of supplies than she is today.

"No," he said, "but I have a plan, and when Joe Doaks realizes that Henry Morgenthau's voluntary purchase of bonds has fallen down Pope."

"Americans Show They Can Do It" Nobody dislikes anything compulsory more than red-blooded Americans, but when an emergency arises, if they feel that regulations are an emergency, they will do what they are told and do it willingly.

Now saving something that Americans talk about but never have done so much about. In the piping times of peace the insurance agents used to tell me that 90 percent of the American people had no estate at all when they died and

BRIEFS... by Baukhage

American aircraft manufacturing has increased its annual production in 1942 almost 1,000 percent in 25 months.

More military airplanes will be built during 1942 than were manufactured between the time the first military plane was delivered to the army in 1909 and the first of the present year.

JUST AS YOU WOULD EXPECT

Without Reason Willie—Pop, what are you after? Pop—Well, I'm one of yours, and your granddaddy is another. Willie—Then why does everyone brag about their?

And How He Did! "A burglar broke into our home last night. Did he get anything?" "Yes; my wife thought it was me coming home late."

The drill sergeant was putting a squad of draftees through their first paces. Finally, exasperated at their uneven lines, he roared: "Whatsamatter! Don't you know how to line up! All fall out and look at the line you've made."

He Pushes It "The taxi was a very ancient one and had taken a long time to reach its destination. As the passenger paid his fare he remarked: 'How do you manage when your fare is in a desperate hurry?'" "Ah," said the driver, confidentially, "keeps on changing his gears and honks his horn."

Fly Is Paralysis Carrier "Discovery that common flies carry the virus of infantile paralysis has been made by Drs. John L. Paul and James D. Trask at Yale university medical school. It is now evident that poliovirus (infantile paralysis), which cripples 10,000 persons and kills from 500 to 1,000 every year, is a disease of the intestinal tract as well as the spinal cord, and that flies may carry the virus from sewage."

"The discovery of Drs. Paul and Trask makes the common house fly more than ever an enemy to health and even to life itself, especially among children."

BUY ASPIRIN

There is nothing either good or bad, but thinking makes it so.

TRY THIS IF YOU'RE NERVOUS

On certain days of month if functional monthly disturbances make you nervous, restless, high-strung, cranky, blue, at such times try Lydia E. Pinkham's Vegetable Compound for 30 days to help relieve such pain and distress. Ask for it at your "difficult days."

It may be caused by disease of kidney function that permits poisonous matter to build up in your system. Doan's Backache Kidney Pills have been tried and tested many years. Ask for it at your "difficult days."

DOANS PILLS

"All the Traffic Would Bear"

There was a time in America when there were no set prices. Each merchant charged what he thought "the traffic would bear." Advertising came to the rescue of the consumer. It led the way to the established prices you pay when you buy anything today.

There was a time in America when there were no set prices. Each merchant charged what he thought "the traffic would bear." Advertising came to the rescue of the consumer. It led the way to the established prices you pay when you buy anything today.

There's a new meat at the medical department of the Orlando air base in Florida—a cat, by the name of Leukocyte Lymph Hemophilus III, or "Tare, Pussy" for short.

**NEW IDEAS**

for Home-makers  
By MUTH WEIR SPEARS

GIVE an old wicker chair a smart cover of gay chintz and it will be ready to start a new life. The chintz for this chair has a quaint pattern of strawberries with green leaves and the skirt with its trim bore pleated corners is plain green. The cover is removable with a zipper opening down the center back and long stitches with heavy thread through

the cover and the wicker are used here and there to hold it neatly in place.

The padding for the inside of the back lends both style and comfort. The cotton batting is fitted and cut on the chair. It is then used for a pattern to cut a slightly larger muslin foundation and the chintz, as shown at the upper left. These three layers are then basted and stitched together to make the puffed ridges for this part of the cover. Plain seams are used to stitch the pieces of the cover together.

NOTE: Mrs. Spears' booklet No. 7 gives complete directions for making the ottoman shown in this sketch. Also more than 30 other fascinating homemaking projects, each with working drawings. If you have never made slip covers you will want Book 7, as it shows the beginner exactly how to cut, fit and sew them. Send your order to:

**NOAH, GOD'S COVENANT WITH MANKIND**

LESSON TEXT—Genesis 9:1-16.  
GOLDEN TEXT—I will remember my covenant—Genesis 9:15.

God does not forget. He keeps His promises now just as He did in the days of Noah. Since our lesson of last Sunday, a long period of time had elapsed. Generation after generation had come and gone, and all the while man grew more and more wicked. Finally, God saw that He must put an end to the corruption of the human race, saving just one righteous family—that of Noah, with which to begin anew.

He warned Noah of the judgment of the flood, and he in turn doubtless warned others, but finally the day came when God shut him in the ark and poured forth the waters of judgment upon the then inhabited earth. But the same God who shut Noah in (Gen. 7:1), in due time called him out (Gen. 8:15, 16).

Noah had obeyed God, and He now rewarded him. The man who had borne the ridicule was now honored by Him. The experience of Noah brings before us—

**God's Three Gifts to a Believing Man:**

I. Power (vv. 1-4).  
Man is the "lord of creation," not because he has brought about his subjection, but because God gave him that power. It was first given to Adam (Gen. 1:26), and it is renewed here, with the additional promise of the animal as food. This was not to be, however, after the manner of wild beasts (v. 4). No man ever lost anything by obeying the commands of God, even though appearances may seem to so indicate. The ridicule of those who called Noah foolish for obeying God, had now been silenced by the judgment of the flood, and he stood forth vindicated, empowered by God, with authority over the whole earth.

Faith is still the victory. Men who put their hopes in the kings and empires of this earth have seen them "rise and wane," and even unbelievers are beginning to talk about the necessity of a spiritual anchorage for the souls of men. It is found only in Christ, but it is found both peace and power for victorious living.

But we see a second gift of God—II. Protection (vv. 5-7).  
Human life is not as cheap as men would have us think. Their estimate based on greed and lust for power makes man but a unit in a machine designed to build up political power. The blood of those who are not profitable to such an enterprise, is shed in utter callousness.

Those who do such things, need to read the words of God, "Whoso sheddeth man's blood, by man shall his blood be shed: for in the image of God made he man" (v. 6). What a tremendous bill some men will have to pay when they stand before the seat of judgment of our God. Even the animals who kill men are to be slain (v. 8). How much greater shall be the condemnation of the man who violates God's command. But we see a third gift of God, designed to remove a deep fear from his heart, namely God's—

III. Promise (vv. 8-10).  
God made a covenant with Noah and with his descendants and every living creature (vv. 9, 10). This is the third of God's eight covenants with man, beginning with the one to Adam in the Garden of Eden (Gen. 1:29), and closing with the new covenant (Heb. 8:8).

This was a promise of God's grace that there should be no more judgment by flood, and as a sign He chose the rainbow, which, appearing in the very time when rain should fall, would reassure men that a new flood was not coming upon them. What a beautiful symbol!

"I will remember," said God, and He has not forgotten. Though thousands of years have passed, there has never since been such a cataclysm of judgment. How unexpressed precious it is to recall that God has not forgotten a single one of us, that He remembers every promise He has ever made; that He keeps every covenant. And on the contrary, how disturbing it must be to the unbeliever to realize that God has not forgotten his sin and unbelief, nor the judgment which is sure to come.

The story of Noah should stimulate our faith, causing us to trust God, to obey His every command, and to look to Him for His power in our lives. His protection over us, His promise of grace to all who believe.

**Faithful in Small Things**  
Duty, be it in a small matter or a great, is duty still, the command of Heaven, the eldest voice of God; and it is only they who are faithful in a few things who will be faithful over many things. Only they who do their duty in everyday matters will fulfill them on great occasions.—Charles Kingsley

**CLASSIFIED**  
DEPARTMENT

**REMEDY**

**ATHLETE'S FOOT, SKIN ITCH, POOF**  
of The Moody Bible Institute of Chicago.  
Guarantee. Cash check or M. O. \$1.50 post-paid. Specimen, 306 Third St., Findlay, Ohio.

**HOUSEHOLD HINTS**  
Ravel the thread from an old silk stocking and use it for catching and mending runners in other hose. It is stronger and less noticeable than darning thread.  
Flower pots can be made from buckets or cans. Paint them, paste on magazine pictures in color and then shellac.  
To keep coat buttons from tearing out, sew a smaller button on the under side, running the thread through both.  
To remove ice cream and other grease stains from silk crepe, try rubbing the stain briskly with a piece of ordinary toilet tissue, crumpled. Stretch the material tight and rub in all directions until stain disappears.  
Shake your turkish towels vigorously before hanging up to dry. This removes wrinkles and raises the nap.  
Clean your oil mops in hot water to which has been added washing powder, with a little ammonia.  
To keep fish from breaking when cooking, put the pieces in hot fat with skin side upmost and allow them to brown before turning.  
Put your kitchen table on casters. You then can roll it where you want it and save yourself many steps.  
If you cannot get candleholders for the birthday cake, decorate top with marshmallows and stick a candle into each one.  
Admirals may be admirable, but that isn't where the word comes from. It comes from an old Arabic word "amiral" meaning "commander of." That's what the Admiral is, the top-ranking officer in the Navy. Top-ranking cigarette with our Navy men is Camel—the favorite, too, with men in the Army, Marines and Coast Guard, according to actual sales records from their service stores. Camels are their favorite gift, too. Local dealers are featuring Camel cartons to send anywhere to any member of our armed forces. Today is a good time to send "him" a carton of Camels.—Advt.

**HIT THAT RHEUMATIC PAIN RIGHT WHERE IT HURTS**  
And look at the Silver Linings in those Clouds of Pain.  
The big idea is that you want to feel better. When pain eases, your mind eases. You get rest that means deliverance. So use something that gets at the pain. C-213 brings you pain-relieving help. Now you will feel as good as others who enjoy relief. Get C-213, get it off. Get C-213 now, 60¢. Purchase price refunded if you are not satisfied.

**Acid Indigestion**  
What many Doctors do for it  
When excess stomach acid causes gas, sour stomach, heartburn, indigestion, and other conditions known for systematic relief—medication like this is called GERACID. It's the answer. It's the very first trial dose's given. Buy one box for \$1.00.

**Black Leaf 40**  
KILLS LICE  
Just a dash in feathers. No stings on roosts.  
OR SPREAD ON ROOSTS

**Facts of ADVERTISING**  
ADVERTISING represents the leadership of a nation. It points the way. We merely follow—follow to new heights of comfort, of convenience, of happiness.  
As time goes on advertising is used more and more, and as it is used more and more it will profit more. It's the way advertising has—  
of bringing a profit to everybody concerned, the consumer included

# NO WIVES TO LOCAL BOYS IN SERVICE

Well, fellows, wherever you are, it can be said it's no hotter there than it has been here for the past few days. There isn't much to write about this week, as far as Plymouth news is concerned—same old thing every day, with the exception that we miss a lot of faces. Almost one hundred of your guys have disappeared and that's a lot of population to take off the Public Square.

I lent Wm. Miller made a fast trip home for a visit with his parents in Willard. Bill is a brother of E. B. Miller of the hardware store. After three days here he was ready to get back to his flying duties—vacations aren't so long when you don't sleep. Miller has made rapid strides in the air service—he's a first lieutenant now—travelling on the big jobs.

Mrs. Elmer Parsel stopped over a couple of days on her way to the Moines, where she's joining up with the Wackies (WAAC).

Harry Foster, who is at Pearl Harbor, writes Jim Root that he inadvertently packed up a die that belonged to the FRH tool room, but that he's bringing it back after the war. Harry raves about the girls and the scenery and laments the fact that he has no time to enjoy them.

Bill DeWitt, whose home is now in Ft. Dear Harbor, remembered his mother by sending her a very attractive "native" compact. Bill is doing a swell job at the States. He will no doubt be overjoyed in near future by a visit from Vincent Lybarger, who is leaving the States this week for that place.

The Fourth of July was a big day for "Catalog" Elwood Kett. He is stationed at Camp Claiborne, Alexandria, La. How do we know? Boy, news travels. The result of the Fourth is a rifle drill at 3:30 in the morn; in the kitchen all day and a lot of other stuff—can't say anymore, but it was some Fourth!

I'm printing a letter from Dick Major, who is doing a little rail-roading down South. Sorry we're late, but space shortage makes us hold 'em over occasionally. I'm taking off several letters in your board down at FRH and will publish them next week.

Now listen, you fellows—you know the censorship rules, but they don't prohibit writing about EVERYTHING. Tell us about your personal interest in your particular line of work—give us a description of that little girl you have just met—of the entertaining features of your camp. I'm not going to sit up here Tuesday night's and peck away at this old keyboard unless you birds get me some mail.

Well, being in the Army isn't so bad—but when you're in the Army and GET married—that's tough.

June 28, 1942

Dear Tommy:  
I wonder if I can ask you through the most interesting paper in publication for us from Plymouth to express to all the employees of the Fate-Root-Heath Co., my deepest appreciation for the carton of cigars I received this evening. I can't begin to tell you how swell it makes you feel to realize the folks at home are thinking of you. An then again, too, where would you find as good a town and people as you do in our home town?

I'm down here with the rail-road battalion and we're really trying to do our bit to be ready when our call comes. We get our regular army drill and training plus school and lectures by grand instructors on The Book of Rules and Air Brakes, etc. We are in camp one week then out on the road the next putting our knowledge we've gotten on work on the Southern Railroad between New

Orleans and Meridian, Miss. We've got boys from all over, and all roads, with quite few boys from Ohio. Two of 'em are boys I worked with on the Pennsy at Cleveland. They're a grand lot and our outfit, Co. C., was the only outfit in Camp Shelby that went over one hundred per cent with our part, too.

And, Tommy, please let me express my gratitude to you and the bang up job of printing you are doing as I look forward to your paper on Saturday or Sunday like a long lost friend, as there is always news of the people I know and call my friends. That's one word we don't appreciate till we don't find that familiar face to say "hello." I see hundreds of fellows each day and I'm always straining and looking (I'll get giggled for it some day) for that familiar face from home.

So, please, Tommy, give my best to all my friends and express my appreciation to that grand bunch at FRH, and waiting for the day I can work behind the best locomotive made—Plymouth. And if anybody from home gets down here tell 'em to be sure and look me up. As ever and always, a Plymouth, Ohio, and darned proud of it, your friend,

Richard A. Major.

## FOOD STAMP PLAN HELPS BUSINESS

Huron county's food industry received \$54,000 in new business during the last year as a result of the Federal Food Stamp Plan made available to persons in various public assistance categories since January, 1941.

The above is disclosed in a report of the Food Stamp Department's activities for the last year prepared by the county Relief Director and released by Mr. Eben Lawrence, Chairman of Huron county commissioners.

The Stamp Program was made possible by the cooperation of the Huron county commissioners and the wholesale and retail food dealers of Huron county with the Agricultural Marketing Administration, and is primarily intended to help move surplus farm products, but it also enabled persons receiving public assistance to increase the value of their food dollar by 50 per cent.

Participants in the program may use the food stamps for buying only foods fit for human consumption.

plumpton. Orange stamps which are good for buying any such foods are purchased by the participants in denominations of 25 cents and blue food stamps also valued at 25c and good only for available "surplus" foods are given free for each two orange stamps.

Direct relief clients are the only group of public assistance recipients participating mandatorily under the program. Persons in the other assistance classifications, Aid for Aged, Aid for New Blind, Aid to Dependent Children and Soldiers and Sailors Relief cases, eligible under the set up are not required to use

the stamps, but may if they desire.

The adoption of the Stamp Program here marked the end of the Surplus Commodities depot as the method of distribution available for surplus foods to the assistance groups and placed the distribution into the ordinary food distribution channel, the local, wholesale and retail food dealer.

The report notes that during June only 191 of those eligible under the set-up took advantage of the plan, the lowest percent participating being in the Aid for Aged category with only 7 per cent participating.

Ninety-six percent of the relief

clients participated and the participation in the other categories was as follows: Aid for Aged 7 per cent; Aid to Dependent Children 39 per cent; Aid to Blind 22 per cent; Soldiers and Sailors 50 per cent.

## SCHAMBS RITES HELD FRIDAY

Funeral services for George Schamba, 77, were held at 2 p. m. Friday at the Hinos and Bender Memorial in Greenwich with the Rev. Wallace Bryenton, pastor of the United Methodist Church officiating. Burial was

made in the Shiloh cemetery. Mr. Schamba was an employee of the Raemalton farm in Mansfield for 15 years. He retired and moved to Greenwich four years ago. He and Mrs. Schamba observed their 50th wedding anniversary two years ago.

Surviving are his widow, two daughters, Mrs. George Giger and Mrs. Helen Reynolds, both of Greenwich; a son, Donald, of Canton and a sister, Mrs. Josephine Deisher, of Cleveland.

Thomas Root of Columbus was a week-end guest of his parents, Mr. and Mrs. P. H. Root.

# How to Cure Your Cough

By Lynn Chambers

## FIRST-AID to the SAILING HOUSE

by Roger B. Whitman  
 House in Whittier—XVI Features.  
**ELECTRIC HOUSE WIRING EXPLAINED IN GOVERNMENT PAMPHLETS**

WITH the general extension of electric service, it is now possible to bring its advantages to houses that were formerly far beyond the electrified limits. This situation becomes clear to me by the number of inquiries that I am getting on the wiring of houses; the materials that are needed; the method of laying the wire; of making connections, etc. It should be said in the first place that in many parts of the country there are codes that require electric wiring to be done by licensed electricians, and covered by a certificate by the fire underwriters. Before doing any electrical work, an owner should consult his insurance agent whether or not this is necessary.

The Rural Electrification administration has issued a pamphlet giving full information wiring that can be had from the Superintendent of Documents, Washington, D. C., who should be asked for "Wiring Your Farm and Home," which costs five cents, and "Electrifying Your Farm and Home," which costs ten cents. Information that also is being made available in small order houses, which have issued pamphlets of instruction. Correct wiring, properly installed, should last indefinitely.

**Q:** Question: Our two-family house has hot air heat, and on a cold night we have difficulty in heating all of the first floor rooms. The front hall and den of the second floor apartment get absolutely no heat. What would be your advice?

**A:** Answer: With hot air heat the common reason for a cold room is that outside air leaks into the room around the windows and elsewhere in such great volume that warm air is prevented from coming out. The remedy is in that case the remedy is to make the windows tight with weatherstrips and storm sash. Another method is to install a fan in your furnace, so that the heat can be driven through the registers under pressure. This is not an expensive attachment and can be provided by any heating contractor. When properly installed it should give equal distribution of heat throughout the house.

**Cleaning Waxed Floors**  
**Q:** Question: I had my floors sanded a year ago and finished them with a liquid wax. Now I should like to clean them. How could this be done?

**A:** Answer: Wiping with cloths wet with turpentine should pick up the wax and the dirt with it. However, in the year that has passed, dirt probably gone through the wax and into the wood to such an extent that washing with turpentine will not take it out. Should that be the case, your best method will be to go over the floor lightly with a sanding machine. When the floor is cleaned, do not apply any wax to the bare wood. Before waxing, put on a cleaning coat, such as shellac, varnish, or something similar.

**Painting a Brass Bed**  
**Q:** Question: What can I do to a brass bed to make it look like mahogany?

**A:** Answer: The best you can do is to paint it. As a starter, get all over the bed with sandpaper to brighten the metal and also to make the surface slightly rough. Then wipe with turpentine and put on a coat of enamel undercoat. When this has dried follow with a coat of enamel. Instead of painting, you could try the effect of putting slip covers on the head and foot.

**Oil-Stained Stone**  
**Q:** Question: Our fireplace smooth stone. It had a few cracks, which I filled with putty. But the oil has come out of the putty and stained the stone. How can this be removed?

**A:** Answer: Cover the staining with a paste made of fuller's earth or powdered chalk and any spot remover, such as carbon tetrachloride. Allow to remain until dry and then brush off.

**Solled Soapstone Tub**  
**Q:** Question: My soapstone tub and sink look very streaky. What can I use on the outside make them look more presentable?

**A:** Answer: Scrub with any coarse washing powder, follow with steel wool or sandpaper. As a final touch, rub with paste wax.

**Faded Baby Carriage Top**  
**Q:** Question: Waterproof cloth on my baby carriage is badly faded. What kind of paint or dye can I use to refresh it?

**A:** Answer: At an automobile supply store you can get a dyes that covers tops that should give good results.

## Prepare for Winter With Delicious Canned Fruit

(See Recipes Below.)

### Fruit Canning

Plan now to put up those fruits from the market or your victory garden while you can still capture their garden-freshness and summer sweetness. This year's canning will require more careful planning than ever before, for waste in the fruit itself, causing jars, rubbers or sugar is highly undesirable.

Chart your plans before embarking on the canning program. Consider first how much sugar you will have available, with the five pounds per person allotment for people who are canning. Plan this amount so it will do for the jams, jellies, preserves, and sugar syrups for fruit canning.

If possible, can in the early morning hours when you are rested and your mind free from too many other thoughts. You will then be able to follow recipes more carefully, to work with more energy and spirit. The day before you will, if you are the bright and alert homemaker, have gathered together your jars, washed them, bought necessary supplies of rubbers and covers and other equipment.

Bring out the preserving kettles and pressure cookers, too. See that they are well scoured, that you have the racks, petcocks, pressure gauge, and steam-tight cover on the pressure cooker well in order.

A hot water bath is best for processing fruits because they are acid. They can safely be processed at high temperatures, and textures, flavor and color are best. Oven canning is not advised. For the hot water bath, use a large wash boiler or vessel with tight fitting cover. Fill this with a rack at least one inch from the water to cover jars at least one inch over the top. Count the processing time as soon as water surrounding the jars begins to boil. There should be free circulation of water around jars.

For oven canning, set the temperature at 250 degrees. Set jars on a rack in the cold oven. Start counting time when the oven is switched or turned on. Do not allow the temperature ever to exceed 250 degrees. In placing jars in the oven, allow for free circulation of heat between them. Do not allow the jars to touch each other, as this will often cause breakage, and do not allow them to come in contact with the sides of the oven.

If liquid evaporates during the processing in the oven, do not fill the jars after you take them out. Some evaporation does not affect successful canning of the fruit.

**The Sugar Question.**  
 Fruit may be canned successfully without sugar or sugar syrup with water or fruit juice used in its place. Sugar, however, does mellow and ripen the fruit giving it a better flavor. You might try making your fruit syrups for fruit canning less sweet than usual if you are short on sugar.

Honey may be used in place of sugar in making the sweet syrup, but the fruit will be somewhat more dark than if sugar is used and the fruit flavor will be intensified. Use honey for each cup of sugar in the substitution.

**Lynn Says:**  
 How many jars are you putting up of the fruit? Here is a guide to help you pick out jars:  
 Cherries: 9 baskets yield 2 pints pitted, 7 pints, if whole.  
 Peaches: 3 1/2 pounds (small basket) yields 1 quart.  
 Plums: 1 1/2 pound-basket yields 25 pints.  
 Strawberries: 1 crate yields 25 pints, if canned whole; 21 (7 1/2-ounce) glasses of jam.

### THIS WEEK'S MENU

Smothered Steak With Onions  
 Green Beans Scalloped Potatoes  
 Tomato-lettuce Salad  
 Bran Muffins  
 Whipped Fruit Gelatin Beverage

While corn syrup is another acceptable substitute, but since it is less sweet than sugar, substitute 1 1/2 cups of corn syrup for 1 cup of sugar.

**Syrups to Use.**  
 Thin syrup (No. 1) are used for small, soft fruits such as cherries and berries. Make the syrup by using three parts of water to one part of sugar.

Medium syrup (No. 2) does best by sour berries, acid fruits as cherries and rhubarb, and peaches. Boil two parts of water with one part of sugar.

Heavy syrup (No. 3) is prescribed for the large, sour fruits in which you desire extra sweetness. Measure one part water to one part sugar and bring to a boil.

**Apples or Pears. (Hot Pack)**  
 Wash, pare, core uniform-sized apples and cut to desired sizes. If fruit is to stand long enough to discolor, drop in to water which has been slightly salted, until ready to use. Drain from brine. Boil for 5 minutes in a medium syrup and pack into clean jars, filling with syrup to 1/2 inch of the top. Put on cap, screw band tight, process in hot water bath 25 minutes, or in the oven (at 250 degrees) 75 minutes. If using a pressure cooker, process at 5 pounds for 10 minutes.

**Apples or Pears. (Open Kettle)**  
 Select uniform fruit, wash, pare and core. Cut into halves or slices. Drop into boiling No. 1 syrup, and boil for 20 minutes. Pack into clean hot, sterilized jars and seal tight.

**Peaches. (Open Kettle)**  
 Select firm, ripe peaches. Peel or dip peaches in hot water, then in cold and slip off peel. Leave whole or cut in halves or slices. Boil 20 minutes in No. 2 or 3 syrup, and pack in clean, hot, sterilized jars seal tightly.

**Peaches. (Hot Pack)**  
 Prepare as above, removing peel and pits. Precook for 3 minutes, then pack into clean jars, add syrup to within 1/2 inch of the top. Put on top, screw on firmly, and process in hot water bath for 20 minutes, or in the pressure cooker for 10 minutes at 5 pounds, or in the oven (250 degrees) for 68 minutes.

**Plums. (Hot Pack)**  
 Use the same method and time as for peaches, except do not peel the fruit, merely prick the skins.

**Berries. (Cold Pack)**  
 (Except strawberries and cranberries)  
 Wash, stem and pack berries. Pack into clean jars and add No. 2 or 3 syrup. Put on cap, screw tightly. Process in hot water bath 20 minutes or in pressure cooker 10 minutes at 5 pounds or in the oven at 250 degrees for 68 minutes.

**Cherries. (Cold Pack)**  
 Wash, stem and pit cherries, if desired. Pack into well cleaned jars, fill with No. 2 or 3 syrup desired. Put on cap and fasten tightly. Process 20 minutes in a hot water bath, 10 minutes in the pressure cooker at 5 pounds, or 68 minutes in a 250-degree oven.

If the directions for the fruit you desire to can are not given here, or if you have any query on other canning problems, write to Miss Lynn Chambers, explaining your problem to her. Address your letters to her at Western Newspaper Union, 210 South Dearborn Street, Chicago, Illinois. Please enclose a self-addressed envelope for your reply.

Released by Western Newspaper Union.

## TO YOUR Good Health

by DR. JAMES W. BARTON  
 Released by Western Newspaper Union.

### VITAMIN A AND EYES

So much is being said over the radio and in newspapers and magazines about the wonderful results of treatment by vitamins that many thoughtful physicians are naturally becoming a little doubtful as to the truth of all these claims.

The vitamins are going through the same "trials" as have other special forms of treatment for various ailments and it may be a considerable time yet before we learn the full or true value of vitamins in the treatment of simple and serious ailments.

For years it has been known that vitamin A was effective in the treatment of eye diseases, particularly those that affect the covering of the eyeball.

One of the common eye ailments seen mostly in children is follicular conjunctivitis where there is inflammation of the covering of the eyeball through formation of little pink lumps the size of a pinhead (lymph follicles) on the covering of the eyeball and edges of eyelids. There is also some photophobia—fear of light. It is found mostly in school.

The usual treatment has been use of eye washes, attention to the general health, hot and cold applications, tinted lenses, correction of eye strain or other defects. Although all cases recover in time, there are some where the symptoms persist for many months.

Doctors M. R. Sandels, H. D. Cate, K. P. Wikstrand and L. J. Graves, in the American Journal of Ophthalmology, report the results of their investigation of 119 children with follicular conjunctivitis treated by vitamin A. Twenty-one of the 22 children in series 1, who received extra vitamin A, showed improvement, and of these 11 were entirely free of conjunctivitis at the end of the nine-week experimental period. No improvement occurred in the eyes of any of the 17 children who were given vitamin A.

In another series, 49 children who received graded amounts of vitamin A were improved while 20 children who received no vitamin A were not improved. The period of time that he had received more generous diet showed any improvement.

These physicians state, therefore, that lack of even vitamin A appears to be the cause of follicular conjunctivitis.

### Relaxation Key to Sleep

A broker who claimed he had not slept for many days journeyed 1,500 miles to consult a woman skilled in treatment of nervous conditions. Upon arrival he was ushered into the woman's office and given a particularly easy chair to recline in. He told his long story to the patient and when he had told his pathetic account of many sleepless nights, he was told that going without sleep so long really did not matter very much and that his health had not suffered. The healer was summoned from the office for 10 minutes, and upon her return she said she had been wrapped in her slumber, snoring so loudly that her office windows had to be shut. He slept for many hours and awoke much refreshed.

I am quoting from an article on sleep by Dr. Robert L. Pittfield, Philadelphia, in Medical Record.

Why did this broker go off to sleep so soon?

It was because when told that loss of sleep had not affected his health, he stopped worrying about it. It is worrying over the effects of loss of sleep that actually prevents many individuals from going to sleep. It is allowing the mind and body to become limp or languid that brings on sleep.

I know a physician who has overcome his inability to sleep by just "going dead" mentally and physically—not a thought on his mind and every muscle relaxed. It has been found that, if we lie at complete rest with nothing on our minds and with body completely relaxed, the temperature of the body, the heart rate, and the blood pressure go down almost to the same extent as when we are asleep. Naturally, knowing that relaxation of mind and body is 80 per cent as restful to the body as sleep itself, we are very apt to go off to sleep.

### QUESTION BOX

**Q:**—Is there any cure for phlebitis?  
**A:**—There is special cure for phlebitis. Best is the usual treatment. Your physician is always quite willing to try a constant if you wish.

**Q:**—What would cause several strands of white hair to appear suddenly? I am only 20 years old.  
**A:**—This is not an unusual condition. See your own physician and see if any gland condition is present.

## PATTERN SEWING CIRCLE

WHAT a practical idea there is in this cunning small outfit for little girls! With the jacket and you have a cunning play dress without sleeves—so that it permits rollicking freedom and plenty of healthy sun tan. It is a dress which your daughter can wear in comfort for hours of back-yard play, beach games and farm life.

The jacket which dramatically transforms the princess frock into a smart street outfit is just waist length, has tiny short sleeves and a simple square neck. You'll like the effect if you apply to the skirt two bands of the material you use in the jacket. Band the panties, too, to complete the cheerful ensemble. Pattern No. 1607-B gives you complete instructions for making each of the three pieces.

**Berbara Bell Pattern No. 1607-B** is designed for sizes 2, 4, 5 and 6 years. It requires 1 1/2 yards of 25- or 28-inch material, below the waist for dress and panties, 1/4 yard and 2 inches, 1/4 yard.

and a bright row of braid to bring attention to the flattering low-cut neckline—as you can see in our smaller view. Just the frock young girls from coast to coast are asking for this season!

**Berbara Bell Pattern No. 1606-B** is designed for sizes 11, 12, 13, 17, and 18. Corresponding bust measurements 28, 32, 35 and 37. Size 13 (11) with shoulder straps, requires 2 1/2 yards 28-inch material. With short sleeves, 3 1/2 yards.

Send your order to:

SEWING CIRCLE PATTERN DEPT., Room 1118, 211 West Wacker Drive, Chicago. Enclose 20 cents in coins for each pattern ordered. Name.....Size.....Address.....

### New Dirndl

A SLICK new long torso frock with a swish skirt—and just the shoulder ruffles for sleeves—is ideal for summer wear. You can have sleeves, if you want them.

### J. Fuller Pep

By JERRY LINK

### ASK ME ANOTHER?

A General Quiz

### The Questions

1. What useful but deadly drug does the rux vomica tree yield?
2. Which of the following does not belong to the Central American group: Costa Rica, Colombia, Guatemala?
3. What was the ancient name of the Dardanelles?
4. What name is given to a group of paid applauders?
5. What did the three men, Hadrian, Justinian and Trajan, have in common?
6. Who cautioned his men to "put your trust in God, but mind to keep your powder dry"?

### The Answers

1. Strychnine.
2. Colombia.
3. Heliopolis.
4. Cliche.
5. All were emperors of Rome.
6. Oliver Cromwell.

Nothing much gets by Old Judge Wiggins! "Fuller," he says to me, "just about the only thing that can keep on growing without amendment is some fellow's coat."

And speakin' of nourishment reminds me that you get to get all your vitamins. That's why I keep telling folks about KELLOGG'S PEP. Course PEP hasn't all the vitamins. But it's extra-rich in the two most likely to be short in ordinary meals—vitamin B<sub>1</sub> and D. And PEP's a Jim-dandy taster! cereal, too. Why not try it tomorrow?

HOT WEATHER TIPS FROM THE BLACK & GOLD

We are told that a good test for WILLPOWER is the person who can eat ONE nut out. Get what I mean? Well, your will-power will break down when you pass in front of our NEW DOUBLE K NUT SHOP, located at the Black & Gold. In this beautifully new building, nut cases will see a display of HOT TOASTED nuts that will fairly make your mouth water. And what's more, they're strictly fresh because they're toasted daily. This is just a reminder to serve them at your next dinner or bridge party. They're ideal for aggravating your guests.

Do you crave something that's different? Naturally, we all do, especially in hot weather. We're not hungry nor thirsty, yet our appetites crave that certain something. And nine times out of ten you'll find the answer in a Mixed Nut Sundae. They're made with whole pecans, Brazil, Cashews, Filberts and Peanuts—a dish of home made ice cream, any flavor—topped with a heavy helping of chocolate or marshmallow, or a choice of other syrup flavors. Now, does not that sound like a real appetizer? You'll find it at most delicious recipe when you take the first bite—order one the next time you're in.

We can't serve you a Mint Julep—but we'll do the next best thing. We'll serve you a dish or pack a pint or quart of the most delicious MINT PINEAPPLE Ice Cream you've ever tasted. You see, we've selected the best Ice Cream DAILY. This week we've selected MINT PINEAPPLE as a Special. And if you don't say it's the best combination, best-flavored Ice Cream you've ever guzzled—we'll, well, be flabbergasted. Don't take our word on this, good as it is, or how it hits the spot during the hot days and evenings—just watch for what the other folks are calling for—MINT PINEAPPLE Ice Cream. To tackle this delectable delicacy is to try it in a soda. No, not that kind of soda for a Mint Pineapple SODA only 15c. You'll find just enough mint flavor to make you wistful—and the right touch of pineapple to make you dreamy Hawaiian. It satisfies that sweet tooth and makes your whole system happy, all for 15c.

Now that we've been telling you about Hot Toasted Nuts, Mixed Nut Sundaes, Mint Pineapple Ice Cream and more, we'll have to tell you that you can get all of these at The BLACK GOLD Soda Shop served in a polite and courteous manner by a bevy of charming waitresses who always maintain that the customer is right. Just down to a tired and weary point—you'll find a delicious fountain drink of pineapple cream that will awaken your spirits for another day—Stop in at The Black & Gold Soda Grill. (Adv.)

GRANGES TO PARTICIPATE IN CONSERVATION DRIVE

The Granges of Ohio will be participating in a nationwide conservation campaign which is being sponsored by the National Grange in cooperation with the Highway Education Board, according to an announcement from Joseph W. Fichter, Oxford, the Lecturer of the Ohio State Grange. A \$100 War Bond will be awarded to the grange which makes the best record in the conservation and useful employment of remaining transportation facilities, with 13 other prizes for granges ranking next best in order. The campaign begins this month and closes Jan. 1, 1943. Each grange participating is requested to prepare a 500 word statement reporting car and tire conservation activities during the contest period, and this will be submitted by local grange lecturers to the Highway Education Board in Washington for judging.

Producing Cellulose German catalists are showing interest in producing cellulose from cornstalks.

J. E. NIMMONS Licensed Real Estate Broker & Insurance

Around the Square

(By Phineas Whittleseed)

BOB KAISER of New Haven, son of Mr. and Mrs. Bert Kaiser, is really making a record for himself. Just to prove it, Bob passed his examinations at Langley Field as combat pilot. Out of 3900 men who took the exam only 23 were passed and Bob was one of them. Young Kaiser graduated from New Haven High in 1935. He finished a four-year high course in three years; president of the class, valedictorian, and prominent in school work. He has always admired airplanes and had visions of becoming a pilot. Now he has accomplished this, and the community extends to Bob best of congratulations.

KEEP FIT and healthy to save man-hour for victory. The War Production Board made a recent survey which showed sick and injured production workers lose six million hours EVERY month.

JIMMY CLINE, a former employee in the FRH foundry, arrived home Wednesday (expected to) where he will spend a fortnight with the folks in Plymouth and New Haven. Jimmy, who is stationed at Camp Joseph T. Robinson, Arkansas, will be accompanied home by his wife, who has been spending some time with him there.

ENLISTING AS A Chief Pharmacist mate in the Navy, Gloyd McCullough, son of Mr. and Mrs. Leon McCullough of New Haven, will leave shortly to take up his duties in the services of Uncle Sam.

JUST A MONTH Late but it still makes good reading and is interesting news to the home folks; that's why we're reprinting what we run the following paragraphs on Eleanor Searle Whitney. We have a problem each week in deciding the MG copy and the article that can wait. If you want to know what MG really means, in these days of alphabetical combination, it signifies that the article MUST GO into the paper. Well, at any rate, anything about Eleanor Searle Whitney, we're running the story as it was set up in type four weeks ago.

CELEBRATING her first wedding anniversary, Friday, June 19, Eleanor Searle Whitney. We're alone for the occasion. Her husband, Cornelius Vanderbilt Whitney is a Major in the Army Air Corps under General Bereton, acting as liaison officer between British and American Air Forces. He is at present stationed at base headquarters somewhere in India. Major Whitney served for several months in active service on the Burma front.

MRS. WHITNEY was recently interviewed by Patricia Coffin of the Daily News, which is one of her activities in New York City's summer cities, which started last week at the Stadium. She is a member of the Stadium Entertainment Committee which includes also Mrs. Pierpont Morgan Hamilton, Mrs. Julius and Mrs. Marshall Field. The committee arranges for free week-end admission to service men and their girls who are officers. The Stadium was the first setting for outdoor concerts in America, and this year the 350,000 people attend during the summer concerts.

NOT ONLY is Mrs. Whitney interested in the Stadium concerts, but she has been unusually busy and helpful in organizing the New Opera Company. She continues her appearance as soloist in the North Avenue Presbyterian church in New York, and her program of activities for the past few months include mostly those of a patriotic nature. She will visit Plymouth this summer.

SINCE WRITING the above, we have received word that Major Whitney is now stationed in Egypt.

A PERSONAL desire to do something for Uncle Sam has resulted in Vance and Edie Snyder, a Volunteer Officer Candidate. Snyder, who is 30, married and has one child, holds a key position at the Fate-Root-Heath Co. He is in Class 3-A, and is exempt from active duty if he so chooses, but there is that something which is found in the most of us to actually get out and do our bit. Snyder has passed all physical examinations and tests, and he has been approved for the service. The V. C. is open to men who are in Class 3-A only and who waive the dependency clause. The examinations are plenty stiff and you've got to be physically fit to get in. Friends and acquaintances in the community wish for him the best of luck—and we're safe in saying that Uncle Sam getting a darn good man.—PWT.

## METHODISTS TO HOLD PICNIC

At the home of Mrs. E. J. Joseph on Thursday, the WSCS planned for a picnic for the entire church and friends of the church, and the Sunday school. This occasion will be in honor of the new pastor, and a welcome to his family.

The picnic has been announced for Friday evening, July 24 at the Mary Faye Park in Plymouth. All those having no transportation are requested to meet at the church at 6:45. Each family is requested to bring their table service and well-filled baskets. Ice cream will be furnished free to all.

During the afternoon program of the meeting, Mrs. Glen Swanger conducted the devotionals and Mrs. C. W. Kester directed the lesson topic, "Africa."

The next meeting will be at the church and the hostesses are Mrs. W. W. Kester, Mrs. G. G. Griffith and Mrs. H. S. Marling.

## POPULAR YOUNG COUPLE EXCHANGE VOWS

Postmaster and Mrs. D. E. Bushey announce the marriage of their son, Robert, to Marie Arnold on Saturday, July 11, at Russell, Ky.

The Rev. G. W. Townsend officiated for the single ring ceremony.

Mr. and Mrs. Bushey were graduated from Shiloh high school in the Class of 1940.

The young couple will reside in Shelby where they are both employed.

Congratulations and the very best of wishes from a host of friends here.

Mr. and Mrs. Hugh Cline and Mrs. L. H. Cline entertained at the Cline home in Shenandoah Sunday evening for the newly-wedded couple. Those present were the honorees and Mr. and Mrs. D. E. Bushey, Mr. and Mrs. Hershel Hamman, Mr. and Mrs. L. L. Arnold and son of this place, Mr. and Mrs. Edwin Arnold of Bucyrus, Mr. and Mrs. Leo Husted and children of Greenwich, Pvt. Harang of New York, Mrs. F. M. Cline, Mrs. Minnie Gray and Mrs. Arnold of Shelby.

## EXCERPTS FROM LETTER TO HOME FOLKS IN SHILOH

Somewhere in Texas, July 18th, Hello Dad and Luella: I arrived at Camp Polk all right. I feel fine. I have been just too busy to write to you people. The course I took at Ft. Knox is going to do me some good, as I have been promoted to office work now. I am on my way from Camp Polk in a Pullman with a drawing room all to myself. If you don't think that the State of Texas is big, I have been riding since dawn and it is almost sundown now, and we are about half way across the state. It is about 875 miles across one way and eleven that for the other way. I sure hope the mosquitoes won't miss me too much back in Louisiana. They come to like me very well, at least they always tried to feed on me when we went out. I have that state of mind now. Russell has been stationed at Camp Polk over a year. His new address is: Sgt. R. E. McManis, Co. H, 33rd Armed Regt., A. P. O. No. 253, Rice, Calif.

**RED CROSS NEWS**  
Sewing every Friday afternoon at the school house for the Red Cross.

**PLANS FOR SOCIAL**  
The Lutheran Church Aid announces a social on the church lawn, Thursday evening, Aug. 6.

**IN HOSPITAL**

Mrs. Anna Donner of Greenburg, Pa., is visiting relatives here this week.

Mr. and Mrs. O. B. Tilling of Shelby were Sunday dinner guests of Mr. and Mrs. Ami Jacobs.

Mrs. Anna Donner of Greenburg, Pa., is visiting relatives here this week.

Mr. and Mrs. O. B. Tilling of Shelby were Sunday dinner guests of Mr. and Mrs. Ami Jacobs.

## SCOUT NEWS

Scouts spending the week at Camp McLane include Jack Hamp, Leonard Feuter, Robert Hammon, Edward Davis, John Turson, Kenneth Eichelberry, Warren Wirth, Wayne Ross, Eldon Sourwine, Elden Burkett, Jim Keller, Douglas Willett, Paul Scott, Gordon Seahots, Sid Thomas, Junior Davis, and Jim Thomas. Thursday night, (this evening) has been set aside by the boys as a house call and everyone is invited to the camp fire period. During this, Kenneth Eichelberry will be sworn in as 1st Assistant. Eleven Scouts made the trip to the camp via bicycle and approximately two hours were needed to make the route to camp. Luther Brown is in charge of the camp. While there he will conduct a class in Red Cross First Aid which will entitle each of the Scouts to a First Aid Merit Badge and a Junior Red Cross Certificate.

If arrangements can be completed the Explorer Scouts will be invited to the Explorer Four Jamboree, at Elizabethtown, Ky. This will be quite an experience as we will be the only troop in this area that will attend.

**Mrs. J. Howard Smith Receives Birthday Greetings Thru V-Mail**

Mrs. J. Howard Smith received birthday greetings this past week from her son Ben, somewhere in England, in one of the new "V-Mail" letters. It is possibly the first of its kind in Plymouth.

The letter is about four by five inches but contains as much writing as the usual size letter sent by airmail soldier.

Under the V-Mail system, letters are written on special blanks which are micro-photographed and sent across the ocean in miniature. Received in the United States, the films enlarged and a photostatic copy is sent to the addressee.

V-Mail not only save space vitally needed to ship important military equipment but also is sent more rapidly. Besides sending birthday greetings, Ben writes that he will be back in London over the week-end and took a bicycle ride through very beautiful country. In another letter written before the V-Mail, but received later, he states he had been able to get plenty of cigarettes, but that meat was very scarce, and sugar was a missing quantity.

The V-Mail blanks will be available in Plymouth in about eight weeks, although in some stationery stores they may be purchased now.

**REPORTS NEXT THURSDAY**  
Vance Snyder, who enlisted in the service recently in the Volunteer Officers' Candidates, received word to report to Camp Perry, Thursday, July 30.

**AMBULANCE TRIP**  
Mrs. Luther Moffet and infant son were removed Wednesday from the Shelby Memorial hospital to her home on the Square in the Miller-McQuate ambulance.

**REFUGEES AT WILLARD**  
Mrs. Clara Leard, a native of Hilo Island, of the Hawaiian group, and her two children, Cleveland 4, and Esther 18 months have arrived here after women and children were ordered from that area early this month.

Her husband, Maj. Leard, has been stationed at Hilo since he was in service there in 1917 during World War I.

He sent his family to the home of his mother, Mrs. Earl Leopold, not having received the message that his mother had died six weeks ago. Other relatives welcomed the trio.

**VISITORS AT CEDAR POINT**  
Mr. and Mrs. Cliff Sourwine entertained at dinner Tuesday in Spencer, Ohio, by the parents of Mr. W. Waltz. In the evening the group attended the baseball game in Cleveland.

**DINNER GUESTS**  
Mr. and Mrs. Melvin Waltz of Sharon and Miss Marian Ruth received a Certificate of Appreciation at dinner Tuesday in Spencer, Ohio, by the parents of Mr. W. Waltz. In the evening the group attended the baseball game in Cleveland.

**RECEIVES CERTIFICATE OF AWARD**  
Miss Velma McGinty, daughter of Mr. and Mrs. Karl McGinty, received a Certificate of Award this week from the Reader's Digest and a year's subscription to the magazine.

The certificate is in recognition of Miss McGinty's splendid work as valedictorian of the Class of 1942, New Haven high school. The certificate states: "In the belief that vital contact with living, quickening thought of our day is essential to continuing education, this subscription is presented not only in recognition of past accomplishments, but in anticipation of unusual achievement to come."

**FAMILY REUNION AT PUT-IN-BAY**  
On Sunday, Mrs. Cliff Sourwine had a reunion of her family at Put-In-Bay, all of her children being present but one, Ralph, who is in the navy.

Those present were Mr. and Mrs. Cliff Sourwine, Mr. and Mrs. W. A. Knight, Mr. and Mrs. J. E. Redden, Mr. and Mrs. Henry Van Loo, W. L. Rodden and guest, Dot Sourwine. They took the boat at Sandusky for the bay, and upon arriving there a picnic dinner was enjoyed by an after which the guests were shown various points of interest, such as Perry's Monument and the three waves. A delightful time was enjoyed by all.

**THANKS PATRONS**  
A. F. Cornell wishes to thank his many patrons for the splendid attendance at the recent opening of his self-service store.

**NEW UNIFORMS**  
Jean and Mary Katherine Derr, Marilyn Earnest, and Mrs. Gertrude Ford are wearing new uniforms at the Black and Gold School. Their uniforms are very attractive, and the girls are receiving many complimentary remarks.

**INSTRUCTOR AT CAMP**  
Rev. Springer has returned to Plymouth from Camp Mowana, near Mansfield, sponsored by the O. H. Snyder Co. of Lima, where he was a counselor and instructor in swimming.

## PROGRAMS WELL RECEIVED BUTNER GOES TO CAMP GRANT

There was a fine attendance at the dedication services of the Church of God, Sunday at the church and the speakers and program were well received. The church is out of debt, and is in a flourishing condition. Visitors are welcome. The congregation will be pleased to have the attendance of any not affiliated with other churches. Sunday school at 10:00. Prayer service, Thursday eve. No preaching service next Sunday.

Dr. C. O. Butner received notice from the Adjutant General at Washington, D. C., to proceed on Saturday, Aug. 1 to Camp Grant, Ill., reporting to Commanding Officer of Medical Department Replacement Training Center for duty.

Dr. and Mrs. Butner enjoyed a picnic Sunday at the Mary Faye Park with Mr. and Mrs. Walter Chaffield and their guests from Hamilton, Ont., and Plymouth friends.

**REMOVED HOME**  
Mrs. Emerson Shaffer was removed from the Willard Municipal hospital in the McQuate ambulance to her home Sunday morning.

**NEW TEACHERS FOR CLASS TWP. SCHOOL**  
Miss Virginia Richards of Lakewood has been employed to teach music and English. She is a graduate of Baldwin-Wallace and has received her B. F. in music.

**SOLDIER'S ADDRESS**  
The address at present for Earl Huston is Co. C, 775-TD Bn., Camp Forrest, Tenn.

Miss Ruby Smith of Tiro has been hired to teach the third grade.

**PICNIC FOR FARM GROUP**  
The Rome County Club and their families held a picnic Sunday evening, July 19, at the Oliveburg Roadside park.

One more vacancy remains, that of coach. The board will then be sure of its entire corps of teachers.

One Good Term Deserves Another

Republican Primary August 11, 1942

**YOUR STATE REPRESENTATIVE**

**DRAW A SALARY!**

He is elected for two years, and his salary is based on 24 months of service. You should get your money's worth from the man you elect to the position of State Representative. You should have more than mere talk and advice, as well as call sessions. You should have representation at the state capital all of the time. You should have service every one of the 34 months of his term!

As your Republican County Chairman for the past two years I have often sought your help and advice. I shall continue to depend upon your judgment if I am elected State Representative. Your Representative is your spokesman in Columbus.

**VOTE FOR**

# FATS SALVAGE PROGRAM GETS UNDERWAY IN PLYMOUTH

Are you saving your waste cooking fats, Mrs. Plymouth? You have been cooperating splendidly in Uncle Sam's all-out "Salvage for Victory" program. You have saved every rubber, iron and steel, rag, paper, all to help win the war.

And now you're asked to save your waste cooking fats to make glycerine for explosives to down Axis planes, stop their tanks, sink their ships. War in the Pacific has reduced imports of fats and oils from the Far East, and substitutes must be found at once.

The General Salvage Section of the War Production Board, which is supervising the Fat Salvage program, estimates that two billion pounds of kitchen fats are now wasted each year. The W.P.B. also estimates each family should save between one and two pounds per month. Two pounds of waste kitchen fats, by the way, contain enough glycerine to fire five anti-tank gun shells. Glycerine is also used to make signal rockets, rocket mechanisms, demolition charges, steering gears and many other products needed by all branches of the fighting forces.

Mr. Karl McCinty, chairman of the local salvage committee which is directing the Fats Collecting program here, today appealed to the housewives of Plymouth "not to throw away a single drop."

"Save all your waste cooking fats," she said. "Save pan drippings from roast ham, beef, lamb and poultry. Save broiler drippings from steaks, chops and bacon. Save deep fats, whether lard or vegetable shortening, from potatoes, fish, doughnuts, etc."

"Four into a clean wide-mouthed can, such as a coffee or vegetable shortening can. Be sure that the can is spotlessly clean. And"

**FOR SUNDAY DINNER** of Cold Lunch, eat Egghorn or Rock Brothers, 2 to 5 lbs. alive or dressed. McCormick, 2 miles so. of Plymouth on Rt. 98, 1-2 mile west. 23-30-49

**FOR SALE**—Oak Buffet and six chairs. Call mornings at Walnut St., Mrs. Judd Keller, Plymouth.

**FOR SALE**—1 good work horse; a set of heavy team harness. Inquire at The Advertiser, 23p.

**FOUND**—Set of two car keys on a safety pin ring. Inquire at the Advertiser and owner can have same by paying for this ad, 23c.

## NEW PROGRAM OVER W-M-A-N

"Man Your Battle Stations," a new series of radio programs presented by the U. S. Navy Recruiting Bureau and dramatized in dramatic plays of our fighting blue-jackets in every branch of the Navy, will be inaugurated over station WMAN, Saturday, July 26, at 1:45 p. m.

Each program will be devoted to some separate branch of the Navy, so as to cover all phases of that division of our combat forces. Battleships, aircraft carriers, cruisers, submarine destroyers, P-T boats, naval aviation, auxiliary craft, communications, all will have a special program.

## NEEDS STENOGRS

On Friday, July 24, at 2 p. m., Mr. Alvin M. Keiley, of the Civil Service Commission, will be in the U. S. Employment Office at Mansfield, for the purpose of interviewing, examining and hiring female stenographers. The positions pay \$1,440 per annum and will be located at Wright Field, Dayton, O. Minimum age is sixteen, with no maximum age limit. Anyone having a typing speed of 35 words or over and a stenographic speed of from 80 to 96 words a minute, will qualify. Applicants should report by 2 o'clock.

**ATTEND RITES**  
Relatives attending the funeral of the late Rachel England were Mr. and Mrs. W. O. Metzger, Mrs. James Hill, Warren and Carl Metzger, Cleveland; Mr. and Mrs. Harold Lyon, Detroit; Mrs. Giles Nimmans, Shelby; Mrs. Floyd Woolary and son, Fred, Columbus; Mr. and Mrs. J. B. Stinger, Sandusky; Mrs. Robert Alexander and son, Jack, Norwalk; and Mrs. Charles Alexander and sons, Ray and Floyd, Ashland; Mr. and Mrs. Ed. Albert, West Point, O.; Mrs. Elizabeth Ullom, Mr. and Mrs. Albert Ullom, Cincinnati; Dave England, Floyd Phelps, Mr. and Mrs. Angus England, Mrs. Marie Chubb, Mr. and Mrs. Bud Bule, Albert, Cleveland; Mr. and Mrs. Chester Ullom, Mt. Gilead; Mr. and Mrs. Edgar Kidwell, Alliance; Mr. and Mrs. Charles Kidwell, Marengo, Mt. Vernon; and Mrs. Steve Dalton, Mansfield.

**A NEW SON**  
Dr. and Mrs. M. M. Sanders of Ashland announce the birth of a son, named Neil Wayne, Monday, July 13. Mrs. Sanders is a niece of Mrs. May Page.

# WILLS OF BROTHER'S DISAPPEARANCE

After six years of mental anguish and suspense, Mrs. W. S. Wills of the Wills Restaurant revealed word this week that the mystery of her brother's disappearance has finally been solved.

Thursday afternoon an automobile with human bones inside was removed from the Missouri river 14 miles south of Cascade, Mont. In the car attached to the steering wheel were 1935 and 1936 driver's licenses issued to John T. Dempsey, brother of Mrs. Wills. At the time he disappeared, Dempsey was 29 years old. A grad uate of George Washington university, he was employed by the Home Owners Loan Corporation for two years. He left Great Falls, Montana, his home, on April 29, 1936, to apply for a position with the state highway department and the next day filed his application. Dempsey was seen in Helena on the night of April 29, and informed friends he was returning to Great Falls. He last was reported seen at Wolf Creek.

All evidence indicates that Dempsey was returning to Great Falls when his car left the highway, landed in the river and was concealed in a deep bay six weeks. It is believed the car was rocked loose from the river bottom by the extremely high water this spring.

The presence of the car in the river was reported by a rancher of the district who pulled it to the bank with a team of horses. No license plates were on the car but officers said they probably had rusted off.

Funeral services were conducted at the family home in Montana on Tuesday of this week.

**CAR DAMAGED**  
Considerable damage was done to a coupe belonging to Miss Thelma Beelman Tuesday afternoon when her nephew, Dan Berber of Wellington, who was driving, failed to make the turn at the corner of Mulberry and Trux street. The machine crashed into a tree, but Dan was uninjured.

# LOCATED IN MICHIGAN

John T. Dick, who was inducted into the Army last month, has been assigned to the Army Air Force and is now at Flint, Mich., for technical training. His address is Pvt. John T. Dick, A. A. E. T. T. Detachment, Buick Motor Division, Class 10-42, Flint, Mich.

**LEAVES FOR SERVICE**  
Melvin Waltz of Sharon, Ohio, will leave tomorrow (Friday) from Bucyrus, to be inducted in the U. S. Service.

This evening, Mr. Waltz, wife daughter, and parents, will be entertained in the home of Mrs. Louisa Miller. Tomorrow the group will see him off at Bucyrus.

**BICYCLISTS TRATED**  
Business men around the Square put out their flags Wednesday afternoon as a courtesy to the 80 bicyclists who went through here on their 425 mile trip.

The group started from Cleveland, visiting Detroit and other points. They had stopped in Atica for dinner Wednesday and were invited to rest in Plymouth

at the Mary Fata Park where they were served ice cream by the Business Men's association. Their next stop was Shelby where they had supper at the Shelby Inn, staying overnight at the recreation rooms of the Shelby Cycle Co. This morning they had their breakfast at the inn and continued their journey.

The trip is sponsored annually by the Cleveland Plain Dealer.

**RESTAURANT CLOSED**  
Mr. and Mrs. E. J. Flett, who have operated the Three Sisters Inn at Greenwich the past year have closed their business and the place for sale or lease.

Mr. and Mrs. Norman Hoover and daughter of Charleroi, Pa., and Mr. and Mrs. Steve Kajsalec of Rhea, Pa., were week-end visitors of Mr. and Mrs. C. J. Berberick and family. Mrs. Hoover and two daughters remained for a two weeks' visit.

Miss Ellen and Imogene Hazard returned Monday to their home in Blisfield, Michigan, after a pleasant visit with their sister, Mrs. D. B. Faust and family.

# To the Voters of Huron County:

Entering the last six months of my two year term as State Representative, I am now seeking re-nomination as the August 11th, Republican Primary.

**MAY I MENTION FOR YOUR CONSIDERATION, A FEW QUALIFICATIONS FOR A SECOND TERM?**

A WIDE ACQUAINTANCE with the members of the House and Senate, gained through my activities on the floor of the House and before Senate Committees.

A GROWING KNOWLEDGE of both Federal and State Agencies, acquired by being an active member of three important committees, especially, the Committee on Organization of State Government.

A BETTER UNDERSTANDING of the needs and difficulties of the farmer, of Industry and of Labor, obtained from your letters and by personal interviews.

A GLADLY GIVEN ASSISTANCE to my constituents in matters vital to their individual welfare, but requiring State attention. Trusting that my activities as a member of the Assembly have met with your approval, I solicit your continued support.

SINCERELY YOURS,  
Representative Frank H. Peirce
