EDUCATIONAL

WAR JOB FOR ALIENS

There are a million and a quarter aliens of enemy countries in the United States—including 700,000 Italians, 315,000 Germans and 91,000 Japs. A large number of these aliens are skilled workers and could be valuable in speeding production of war materials...

EVERYBODY ISN'T RICH

When we hear stories about how rapidly the incomes of the people of this country are rising, many of us, who have not benefited by this war-made prosperity, wonder why we have been passed by. But an analysis of present incomes in all sections of the country, made by Dr. George Gallup, shows that there are 61 per cent of us who are making no more money than we did six years ago.

ABOVE THE HULLABALOO

By LYTLE HULL The Terrors of Inflation

A newspaper reaching the top of a Rocky mountain, where this writer is now perched, says that the President intends to take decisive action to stop inflation before it gets out of control. Inflation is not just a name; nor is it just a "headache" for the government and the banks. Inflation is Hell—for you and for me and for everyone we know and love.

Shiloh School News

VACATION IS OVER

On September 8th the pupils of Shiloh school walked gladly thru the doors to begin another nine months of study and concentration. The group was assembled in the study hall where the two new high school teachers were introduced and the old teachers were welcomed back by the superintendent, Mr. Joseph. After the enrollment and planning of the year's schedule of classes, the classes went to their own home rooms.

- The senior officers are as follows: President—Janice Moser. Vice President—Paul Clark. Secretary - Treasurer — Helen Semash. Historian — Janice Black. Their advisor was not chosen. The remainder of the classes will be organized sometime in the near future.

Tax Stamp Collection

Have you any of those bothersome sale tax stamps lying around your house which you don't know what to do with? They are just the person who should read this. We, the Seniors of Shiloh High, are collecting just these. So instead of tossing them in the wastebasket, send them along with Junior or Jane when they come to school. Boxes will be placed in every room for them.

Enrollment of Shiloh School. The enrollment of Shiloh school is as follows: 1st graders, 29; 2nd, 35; 3rd, 29; 4th, 29; 5th, 26; 6th, 27; 7th, 31; 8th, 30; freshmen, 31; sophomore, 26; junior, 24; senior, 14. Total 331.

ON THE NEWS FRONT

Growing Fury of Allied Bombings Portend Bad Days Ahead for Nazis

With terrible vengeance, Allied wings of destruction-bearing fury are unloading tons and tons of bombs on vital Nazi war production centers. Not only has Goering—Hitler's medal bearing, pompous Luftwaffe commander—seen how wrong he was in boasting, shortly after Dunkerque, that never would a single bomb be dropped on Germany's vital Ruhr district, but also the people of Germany are learning how it feels to have the war carried into their own backyards.

Allyed Bombings

formation with the British, the words of Winston Churchill, "Now it is the other way round," have an ominous portend for those industrial and armament producing centers of Naziland. Of course the above mentioned superlatives on the Reich are outstanding because of their enormity. But time and time again heavy bombing of important Nazi naval, armament, and raw war material centers has taken place. Today the Ruhr district has been bombed hundreds of times. There seems to be no probability of any letup. In fact the accumulating air might of the United Nations points the way to the 11,000,000 pound, or more, raids which have been hinted at repeatedly by the carrying of war to the greater Reich.

Gas Bills Are Now Mailed by Postcard New Billing Method Will Conserve Automobiles, Tires, Gasoline, Paper and Manpower

We are discontinuing the direct distribution of gas bills by billpassers and changing over to a mailed postcard. Your bill will come to you through the mail on about the same day of the month as you formerly received it. Conforming to postcard size, the appearance of the bill is changed somewhat. Our office will be glad to explain any part of the bill which you may want clarified. Your cooperation is appreciated.

SUCCESSFUL PARENTHOOD

By MRS. CATHERINE CONRAD EDWARDS Associate Editor, Parents' Magazine

A DYNAMIC MORAL CODE

It seems to me that young people today have an increased respect for a moral code in regard to relations between the sexes. Although their conversation may sometimes be alarmingly frank there is a quality of decency and wholesomeness about them which is very reassuring. However, they do not wait for the older generation to censure them; they are smart enough to be in morals—the latter simply don't rate with the crowd. In other words, it is no longer considered smart to be either a "wolf" or a girl of wobbly principles.

New Cannon For Old

Any doubt that may be expressed in various communities as to the actual need of raw materials, and the necessity for salvaging metal objects, should be dispelled by the order of the Commanding General of the Fifth Service Command of Fort Hayes, Columbus, just issued.

General Wallace of the Commandant, says that the need for steel and iron is critical at the present time, and if large quantities of these metals are not salvaged, there will be severe consequences to the war effort. He is asking that all cannons and other weapons and relics now held in various cities and villages by patriotic associations, in memory of previous wars, be turned in as scrap. Receipts will be given by the War Department for the same, and these can be used to obtain a priority in getting trophies captured from the enemy.

TROOP NEWS

Election of officers was held at troop meeting Tuesday evening. Patrol leaders elected were Paul Scott, Warren Wirth, assistant patrol leaders were Gordon Sealholt, Eldon Scourvine and John Scourvine. Wayne Ross was elected Scribe, Gordon Sealholt, librarian, Warren Wirth, quartermaster, and Eldon Burkett, bugler.

Also presented during the evening was a messenger arm band to Gordon Sealholt, who finished the course and the fourth year star to Sid Thomas.

Some very good first aid material was presented by Sid Thomas, J. A. S. M.

Paul Scott turned in his badge as senior patrol leader in order to take over the Yucca patrol as his leader.

A short session of Green Bar was held.

Plymouth To Have Cub Organization

Definite plans were made at the second meeting of the temporary Cub Pack committee, held last Tuesday evening, to start the organization in Plymouth. This meeting was held in the home of Mrs. John F. Root. Members of the committee are: Mrs. John F. Root, chairman, Robert E. Schell, secretary, Mrs. George Eby, Mrs. Harry Shutt, Mr. Don D. Montoya, area executive and Don Einsel, local scoutmaster, were present.

The Cub program was explained to the group by Mr. Montoya, and later in the evening definite goals were set.

Mr. Montoya said in his explanation of the Cub movement that it was definitely a home patrol and would take the full cooperation of the parents, both mother and father, also pointed out the necessity of a good packmaster, who acts with the Cub movement in the same capacity as that of the Scoutmaster in the Boy Scouts. Den Mothers and Fathers and Den Chiefs are also needed in the organization of the Cub Pack.

Members of the temporary Cub Pack Committee will contact the parents of all 9-10-11 year-old boys in an effort to get these parents to a meeting on Monday evening, the place and hour have not been set. Every parent is required to attend three of the organization meetings so that they might have the idea of their place in the movement.

We hope every parent can find the time and take the effort to attend, for you will find these meetings very interesting as well as instructive. Do your part and help get the Cub started. The boys want it and it will be a big help to you in the future.

Father and Son Hike to Be Held

Sunday, Sept. 20th

A week from next Sunday the Scouts will again take their fathers and enjoy our second annual Father and Son Hike.

This year we have asked all the Patrol Leaders and troop committeemen to bring sons, 12-13.

Arrangements have been made to hold the hike at Conger's Grove and you can be sure you'll have a lot of fun, because Don Ford is in charge.

Already the Scouts have challenged their dads to a ball game. A motion picture will be presented by Area Executive Floyd Dent. Other items will be horseshoe playing and scout demonstrations. You dads get into shape and you'll have a great time. We did last year, and this one will be bigger and better than ever.

Last Friday evening the Explorer Patrol held their second expedition of the month by hiking south of Plymouth and holding their meeting. After a discussion of business a short meal was cooked. After they ate the boys walked back into town.

We wonder if Scrapy knows that they still make matches?

American Legion To Sponsor Honor Roll in Plymouth

At their regular meeting Tuesday evening, E.H. Post started a movement to have a large honor roll made for the boys from this community. It is a short honor roll for others who will go later. The board will be placed in a prominent place on the Public Square.

Auto License Go On Sale

Tuesday, Sept. 8, more than 800 driver's license registrars swung into action issuing cards to Ohio motorists for the year beginning Sept. 30.

The annual call to "apply early and avoid the rush" is being sounded by H. G. Sours, director of Ohio Department of Highways and Mr. W. Wallace, registrar of motor vehicles.

Mr. Wallace is emphasizing 4 points motorists should have in mind to save themselves time and annoyance, they follow:

1. Drivers must present their 1941-42 (present) license when applying for the new one, 1942-43.
2. If the 1941-42 driver license is lost a duplicate must be obtained.
3. Those persons who have never had a driver's license can get one through the bureau of motor vehicles after taking an examination conducted by the state highway patrol.
4. If the applicant for a new driver license is successful in passing the examination conducted by the state highway patrol a permit will be issued entitling the holder to drive for a 15 day period. Then during this period application should be made to a deputy registrar for a license which will be mailed from Columbus directly to the driver.

Most motorists may have few occasions to use the license but the licensing system has proven of immense value to law enforcement officers. During the year thousands of licenses are inspected because of some infraction of state laws or city ordinances.

Locally, Miss May Fleming and Mr. and Mrs. Clarence Ervin are selling the licenses. Miss Fleming is located at the Advertiser and Mr. and Mrs. Ervin for the present will continue to issue them at their own home on West Broadway.

Joseph Sold into Slavery.
Lesson for September 13: Genesis 27:23-36.
Golden Text: 1 Corinthians 13:4.

In the sordid story of brothers selling Joseph into slavery, we note the love of a father for his favorite son whom his dearly loved Rachel had borne him, the unsuccessful ruse of Reuben to deliver Joseph, and the envy and hatred of men who sent their own brother to the slave market.

Reuben tried to save Joseph by having Joseph cast into a pit. Instead of saving him, he had him sold. Judah saved Joseph from death by persuading the others to sell him into slavery.

Phaving sold Joseph to the Midianites, the wicked brothers thought they had hid their crime by sending the blood-stained coat of Joseph to their father. But we learn in this, as in countless other instances, that crime cannot be hid. Even in that day it was learned by the guilty that the world is really just.

At the present with improved communication, it is marvelous how quickly and surely crime is detected and the guilty brought to justice.

The wicked brothers thought they had covered their crime and that they were rid of the dreamer and his dreams. But as an old hymn has it, "God moves in a mysterious way his wonders to perform." In succeeding pages we shall see how God saved even the evil plans of the brothers to work out his own plans for his people.

WASHINGTON

Washington, D. C. (NWNS)—By the end of the year it is agreed by most experts here, we will either be in a throes of depression or we will have iron-bound controls operating to prevent it.

The President has indicated that he means to use all of the extraordinary powers he has during war to keep the cost of living from rising further and to stabilize wages in a way that will put an end to strikes, slow-downs and squabbles between labor and industry. But his well-known sympathy with labor and his unwillingness to interfere with the so-called "rights" during the first months of war, has led the public to take a "wait and see" attitude. The President has indicated that he means to use all of the extraordinary powers he has during war to keep the cost of living from rising further and to stabilize wages in a way that will put an end to strikes, slow-downs and squabbles between labor and industry. But his well-known sympathy with labor and his unwillingness to interfere with the so-called "rights" during the first months of war, has led the public to take a "wait and see" attitude.

As for farm prices, it is well known that the New Deal members of the farm bloc, who are candidates for re-election in November, will fight tooth and nail against any plan which they might think antagonize the farmers.

On the other hand, the general public's resentment over increased food costs, over scarcities of food caused by price problems, and over the feeling of the people in general against the pampering of these groups, there has been a strong feeling recently that many laborers and farmers themselves don't want special attention if it is going to interfere with the war effort.

In addition to the necessity for stabilizing wages and farm prices, the public is to be convinced that it is generally recognized here that the kind of tax program finally agreed upon will do a great deal to curb the treasury's drastic proposal to have a high tax on spending rather than a tax on income. It is generally recognized here that the kind of tax program finally agreed upon will do a great deal to curb the treasury's drastic proposal to have a high tax on spending rather than a tax on income. It is generally recognized here that the kind of tax program finally agreed upon will do a great deal to curb the treasury's drastic proposal to have a high tax on spending rather than a tax on income.

The plan for a tax on spending has been offered in place of a sales tax and is similar to a sales tax in many respects. It is a tax that with a sales tax we would pay a tax each time we made a purchase whereas with the spending tax we would pay a lump-sum tax on the money we spent over the period of a year. People of small income, who have difficulty as it is in saving the money to pay the tax, will find it much more difficult to handle an additional lump sum than to pay a percent or so tax on purchases.

It is expected that the final tax program will include a plan for parents to deduct the amount of taxes for all wages and salaries as they are paid. Then, when an employee has a tax refund, it turns they will pay the additional amount they owe or ask for a refund if too much had been deducted from their wages.

Much favorable attention has been given to this plan by Beardsley Rum, treasurer of R. H. Macy & Co. and chairman of the Federal Reserve Bank of New York, which are cutting taxes on a pay-as-you-go basis instead of paying taxes on the earnings of the previous year. This plan would virtually cancel all taxes on 1942 income but calls for the payment of 1943 taxes when income is earned. Under the Rural plan the government would receive the same amount of money as it would under the present plan. A man who would ordinarily pay a \$100 tax on his 1942 income would pay the same \$100 during the first six months of 1943. The difference would be the money which he earned during 1943.

The plan will finally be adopted if anybody's guess, but we can all be certain that taxes next year will be the most frightening, but we can be sure that there will be a lot more sacrificing than there has been in the past.

It is quite likely, after election, that the selective service act will be revised to take under 20 years old, that married men will be called up rapidly, that new taxes will be added, that the tax included in the first tax bill, and that many products will be added to those now rationed.

But the big improvement which we can hope for after election, is that the military which was supposed to be abandoned when the war began, will actually be taken care of. The military will be a while at least, country will get precedence over party.

REPORT ATTENDANCE

LAKESIDE—A total of 2,603 young people attended the nine Methodist youth institutes at Lakeside during the 1942 summer season. This was 12 more than attended in 1941. Largest group was the Akron-Cleveland senior high institute, with 653 registered, while the Lima-Columbus-Springfield youth institute, with 539, ranked second.

TODAY and TOMORROW

By DON ROBINSON

JAIL . . . possibilities

For anyone who is interested in spending the winter in a warm jail, there are an infinite number of new methods for arranging such a sojourn.

Regulations from Washington, which if violated involve jail sentences and sizable fines, have been so thick and fast lately that a person needs the constant companionship of a good lawyer to avoid becoming an alleged criminal or a traitor to his country.

In many ways it resembles the New York city parking regulations, whereby a driver, if he parks at all, stands a 98 per cent chance of ending up with a parking ticket. On many streets there are no signs to warn the perplexed motorist, and the best advice he can get from people on the street is, "You can probably get away with it if you park there a while." There may be a couple of old time taxi drivers who know what's what about parking, but to the great majority, parking anywhere at all is inviting a fine.

Similarly, the new regulations from Washington, published on the inside pages of some of the newspapers, have not been digested by most of us and anyone may unwittingly be committing some heinous crime even without venturing out from the security of his residence.

VIOLATIONS . . . willful

There have been many arrests and convictions for violating new government regulations, but so far as far as I can determine, those who have been jailed or fined were well aware of the fact that they were "trying to get away with something."

Industrial concerns which have violated priority regulations were undoubtedly aware of the regulations which applied to their industries.

Women who have been arrested for making false reports on the amount of sugar they had hidden away in their attics, knew they were making false reports.

Tire dealers who have sold tires to people who had no right to have them know that they are carrying on a form of bootlegging which was both against the law and unprofitable.

Gasoline dealers in the East who sold gasoline without collecting ration tickets were well aware of the possible consequences.

There may be a lot of regulations which we don't know about, but so it seems necessary to issue a willful violation in order to be assured of quarters in the winter resort with the iron bars.

HERMITS . . . crime

I suppose there are a few hermits, who don't read newspapers or listen to the radio, who know nothing about the regulations.

There is a story about a motorist who stopped at a gasoline station in a rural section of Maine, waiting for gasoline, the motorist commented, "The war news looks kind of bad, doesn't it?"

"What war?" queried the gasoline dealer.

The motorist patiently told him about our fighting the Germans and the Japs and then said, "Can you sell me four tires?"

"Sure," said the dealer.

But there are few cases of ignorance of the law so far as the major regulations on rationing are concerned.

Those with whom government enforcement agents deal most severely are the criminal element who will deliberately violate the regulations in order to make a big profit out of beating the law.

Recently a gang of tire bootleggers, who had a group of salesmen to sell tires at fancy prices, was jailed. Some of the salesmen were said to have made as much as \$10 a day by bootlegging tires.

But it was a short-lived enterprise and will be all such enterprises when an aroused public aids the police in rurning down those who are working against the best interest of the country in time of war.

IGNORANCE . . . caution

But on the grounds that "ignorance of the law is no excuse," we must expect some arrests which result from people, not bothering to keep in touch with the latest regulations.

As with the New York parking annoyance, which is caused by the difficulty of handling the parking problem in a large city and the unwillingness of the people to learn the rules, many difficulties with new federal regulations could be avoided if all of us would make an effort to learn as much about them as we can.

Finding out about new regulations is bound to be a hit-or-miss proposition. But if we move cautiously and check the rules before entering into any transaction which involves materials on which there are shortages, a lot of trouble may be avoided.

We are all glad to make sacrifices which seem necessary to aid in winning the war, but too many of us want a person, other than the President, or at least dozens of newspaper stories waved under our eyes, before we are willing to read and digest a new regulation.

Are you entitled to wear a "target" legal business? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

CARD OF THANKS

I wish to express my sincere thanks to all my friends who remembered me with cards, flowers and personal gifts, also the Alpha Class, during my stay at the hospital. Your kindness will always be remembered.

NEED CIVILIAN SCIENTISTS

The United States Civil Service Commission modified today the requirements for 4 types of scientific positions, in an effort to secure additional qualified persons for civilian work in Federal war agencies, both in the United States and abroad.

Appointments are to be made immediately in the fields of metallurgy, physics, meteorology, and chemistry. Appointees will work with specific problems in one of the fields. Most of these problems will be connected with some phase of the war program. Salaries for the positions range from \$2600 to \$6500 a year.

For the scientific positions, announcements and forms for applying may be obtained from Don Einsel, Jr., secretary of the board of U. S. Civil Service Ex-

aminers, at the post office or customhouse in this city, or from the secretary of the Board of U. S. Civil Service Examiners, at any first or second class post office.

MILK REVENUE ON THE INCREASE

Farm revenue derived from milk increased substantially in the Mansfield market during the first half of 1942, according to the semi-annual report on milk receipts of Levering's Dairy, Mansfield, branch of the Borden Company, as issued by Manager Martin L. Levering.

During the first six months of the year, the company bought 1,999,010 lbs. of milk, valued at \$52,299.18, as compared with purchase of 2,096,162 lbs. costing \$43,777.83 during the corresponding

period of last year. This was a decrease of 5 per cent in volume of milk purchased and an increase of 19 per cent in the amount paid out for milk during that time.

Current milk production is running well ahead of 1941, according to a survey made on August 15 by the company's Columbus branch. On that date the average daily production per farm was 209 pounds as compared with 194 pounds on the corresponding date last year.

Clifton G. Gebert Takes Willard Girl For Bride On Labor Day

Miss Donna Wayne of Willard chose Monday, Labor Day, for her marriage to Clifton G. Gebert of Plymouth, the ceremony being solemnized at the U. B. church, in that city. The young couple exchanged their nuptial vows before the altar and the single ring ceremony was performed at two o'clock by Rev. Sharp, pastor, in the presence of Miss Ruth Strouse, sister of the bride and Mr. David Dick of Plymouth, attendants.

The bride was attired in a wine colored velvet afternoon frock and accessories and her corsage was arranged with deep yellow roses. Miss Strouse wore a plaid jacket suit and her corsage was of pink roses.

Following a week's wedding trip through the Smoky Mountains and other interesting points they will reside in Cleveland where Mr. Gebert is employed at the Pneumatic Tool Co.

Miss Gebert is the daughter of Mr. and Mrs. H. Strouse of Willard, a graduate of the schools of Willard, class of 1939 and prior to her marriage was employed at the Simplex Radio Co., Sandusky.

Mr. Gebert is the son of Mr. and Mrs. Louis Gebert of Plymouth, but has resided for sometime in Cleveland where he is employed.

A SPECIAL MESSAGE TO THE WOMEN...

The Advertiser has been requested to bring to the housewives of Plymouth and vicinity this Special Message — TO SAVE YOUR FATS! It is such a small request — yet it means so much to our nation. Perhaps, you think because you have only a spoonful or two of waste cooking fat it is hardly worth the effort?

Well, it certainly is, for there are millions of women just like you, who think the same thing. But if you women—millions strong, will save only two tablespoons a day, you will hardly believe what huge quantities of fats can be salvaged from day to day.

Keep in your kitchen a wide-mouth tin can or container — not glass, and after every meal pour off the clean drippings into this can—keep in a cool place to avoid spoilage.

When you have saved a pound or more, bring in the container to your local grocery or meat store —you will be paid four cents per pound for it.

This is such a small request, and yet it means so much until we are certain that Plymouth housewives will show their patriotism in this respect! Fats are vital in the manufacture of glycerine —and now, more than ever, our country needs this important material. Won't you help by doing your part?

TAKE YOUR OLD FATS TO ANY OF THE LOCAL GROCERY AND MEAT SHOPS IN PLYMOUTH AND SHILOH

his enlistment. As the news had just been flashed over the radio that the Japs had attacked Pearl Harbor, it was a surprise to Officer Cox as he had not heard it. It was suggested to Bill by both Mr. Cox and Mr. and Mrs. DeWitt, who had to sign Bill's release for him to enter the Navy, that after hearing the news of the attack, that he (Bill) might wish to change his mind and withdraw his enlistment. To this Ole Bill replied: "Why they'll need me now more than ever, and I'm going." So Bill's at P. H. doing just what he wanted to do.

Lutherans To Worship With Presbyterians

The Lutherans will conduct their Sunday school service at the usual time, but will join the Methodists and Presbyterians for their morning worship service at the Presbyterian church. The Synod has been sending supply pastors for the Lutheran church until such time as a permanent pastor can be obtained. An unusually large congregation is anticipated for the morning worship.

Twenty-six Children Complete Red Robin Reading Circle

With their goal set to read seven books in seven weeks, 26 young folks completed their course last week, each receiving certificate from the Plymouth branch of the Mansfield library. The youngsters, who are consistent patrons of the library, were assisted and coached by Miss Jessie Trauger, librarian, who is always eager and willing to help select the correct and proper books for child training and to advise eye to future usefulness in their school work.

As an incentive for this course a large poster was placed in the library depicting Robin Hood and the Castle. As the group advanced week by week, arrows were placed with each child's name, denoting they had completed a book.

The certificates were awarded last Wednesday at a winner roast in the Mary Fate Park and chaperoned by Miss Trauger and Mrs. Harold Shaffer, who provided ice cream and cake as an additional treat.

Children receiving the certificates are as follows: Izra Rhodes, Janice Ramsey, Eldon Sourwine, Ronald Trauger, Phyllis Taylor, Julia Dawson, Janet Robertson, Marilyn Chessman, Joyce Bowman, Sue Hoffman, Joy Lee Bradford, Patsy Moore, Kayrol McGinty, Edna Francis Myers, Thelma Darling, Mary Ellen Thomas, Richard Lowery, Holly Pitzen, Miriam Johnson, Olive Kennedy, Ruth Ford, Danny Eby, Gwen Wise-man, Alax Ford, Jessie Steen, Margaret Kemp.

FEATRE 100 STARS IN 1943 ICE-CAPADES

Boasting a company of 100 stars with twenty-three acts of beauty, thrills, comedy and costumes, "Ice Capades of 1943" will present its show in the Grand Opera House at Cleveland in 15 performances from Sept. 22 thru Oct. 4, with matinees on both Sundays at 2:15 p. m. It was announced today by Lou Hergel, Arena manager.

The show is directed and iced by Chester Hale of Broadway and movie fame. The costuming is valued at \$75,000, and two carloads of scenery are carried. The 2,000 feet of glittering, shimmering ice, and the colorful lighting effects puts the finishing touches to a production that outrivals a Ziegfeld musical in splendor.

Five sensational women figure skating champions have headed the mighty cast of Ice-Capades; Lois Dworshak, the "rhythm girl" of the ice; Megan Taylor, undefeated champion; Donna Atwood, former national junior champion and Senior pair champion; Belita, world's most sensational skater, known as the "Zorina of the Ice" and Vera Hrubá, Czechoslovakian champion.

New Haven Restaurant Closed For Repairs

The Garden of Eat'n, located at the intersections of Routes 61 & 224 in New Haven, has been temporarily closed during remodeling and repairs. Mr. and Mrs. A. D. Points, who own and operate the restaurant, state that within two weeks the new restaurant will be open to the public. This new restaurant will be one of the largest and finest in this part of the country, catering not only to the truck drivers and transient trade, but will, in the near future, open their dining room for private parties. Watch for details and opening date.

Former Faculty Members Now Located in East

Friends here have recently received announcements the arrival of a daughter, Phyllis Jean to Mr. and Mrs. LeRoy Younker on Sept. 2nd. Mrs. Younker will be remembered in Plymouth as Miss Betty, a former member of Plymouth's school faculty. Mr. and Mrs. Younker are now making their home at 205 Mt. Auburn St., Cambridge, Mass. where Mr. Younker is a member of the staff of the Massachusetts Institute of Technology.

Another former faculty member (Josephine Faulkner), as Mrs. J. J. McKelvey is very proud of a new son born on Aug. 4th, named John, Jr. Mr. McKelvey is now listed with the faculty of Cornell University.

Special Program for Poultry Producers

C. M. Ferguson, Extension Poultryman of Ohio State University, will be in Huron county for two meetings with poultry producers Friday, Sept. 18. These meetings will be held during the morning and afternoon at which time there will be a discussion on feeding, management, equipment and special practices necessary in wartime to maintain high standards of production.

The forenoon meeting, starting at 9 o'clock, will be held on the farm of Clayton Albright, seven miles south of Norwalk on State Route 61.

The afternoon meeting will be held at the E. J. Allen farm, one-fourth mile south of Greenwich, starting at 1:30 o'clock.

On both of these farms particular emphasis has been given to remodeling barns and other buildings for poultry housing. Poultrymen with special problems should plan to attend one of these meetings.

GRASSHOPPER FOR BASS

Dick Fortney, author of Angler's Hook in the magazine, says Pennsylvania Anglers, recommend the use of two grasshoppers on the same hook when fishing for bass that are slow in biting or seem extra dainty about bait offered to them. The hoppers make a tidbit which few fish are able to resist, no matter how well fed or indifferent they may be, says Fortney.

FARM SOLD

Beverly McKelvey of New Haven has sold his home with two and one-half acres of land in that village to Glen Bruce. The sale was made through the A. E. DeVore real estate agency.

2,000 Farmers

Several state officials of the organization for Richland county, was in charge of arrangements. Mrs. Perry Grimmer and infant son were removed home Saturday in the Miller-McQuate ambulance from the Willard County hospital to their home on Sandusky street.

Trout enthusiasts who want to try their luck for rainbows should take their last casts before midnight, Sept. 15, as the Ohio season on brook, brown and rainbow trout closes at this time.

The records show that the upper parts of the Mad River in Logan and Champlain counties in west-central Ohio (Above Route 36) and its coldwater tributaries, particularly Cedar, Maccochee and Moores Runs, offer the best public trout angling in Ohio if permission to fish is obtained from the landowner.

ENTERS COLLEGE

Among students expecting to enroll as freshman at Baldwin-Wallace College, Berea, Ohio, this fall is Helen Gowitzka. Miss Gowitzka is a graduate of Plymouth high school. Indications are that the 1942 freshman class at Baldwin-Wallace College will exceed that of a year ago with a larger number of boys in attendance than a year ago. Many young men are following the advice of the national government to enlist in some government service whereby they are granted deferment for attendance at college.
