

State Highway Department Has Extensive Postwar Program

The Ohio Department of Highways has submitted 21 proposed postwar construction projects to the Public Roads Administration. Approval by the Public Roads Administration will provide financing of the preparation of plans on the basis of 90 per cent state money and 10 per cent federal money.

These projects, which would cost approximately \$27,000,000 under present estimates, represent approximately 15 per cent of the postwar highway improvements for which the department estimates it has funds to finance preparation of construction plans on the 50-50 basis, Director H. G. Sours said.

TOWN and FARM in WARTIME

To Hold Down Flour Prices
To hold flour and bread prices at present levels, the Office of Economic Stabilization has inaugurated a subsidy program that will enable wheat flour millers to pay as high as parity prices for wheat (should the market go that high) and at the same time sell flour for no more than present ceiling prices. Without the subsidy, the Office of Economic Stabilization says, it would be necessary to increase present ceilings on flour, which in turn would force an increase in bread prices.

No Increase in Butter
Butter available for civilian use will not increase during the next few months, although the Federal Government has discontinued all purchases of the commodity until April, according to information from OPA and WFA. Current production of butter averages about 16 pounds a year per person, or about half a pound less than in pre-war years. Of this, 24 pounds are being sent to our armed forces and our allies, leaving approximately 12 1/2 pounds per capita for civilian consumption. Up to \$1 million pounds of butter will be released to hospitals from stocks held by or set aside for the Food Administration. The butter is to supply the hospitals from November through March, and ration coupons will be required.

OPA Authority Upheld
Authority of OPA to forbid persons from dealing in rationed commodities as a result of violations of rationing regulations was upheld in a recent decision by the Federal Judge Arthur L. Lovett of Georgia. Judge Lovett ruled that OPA does have the authority, under the second War Powers Act, to issue such suspension orders and dismissed the complaint filed by a gas dealer who had been suspended from dealing in gasoline for 90 days because of violations of the rationing regulations.

Lift Pork, Lard Restrictions
Restrictions on the number of pounds of pork and lard made from home-slaughtered hogs that can be sold or given by a farmer to people not living on his farm have been lifted from November 17th to February 17th, 1944. The War Food Administration lifted the restrictions to help handle the slaughter and distribution of this year's record hog supply. Farmers are asked to find out from their market agency or processor whether their hogs can be handled before sending them to market.

Asks Farm Workers to Help
Farmers and workers engaged in agricultural occupations have been asked by the War Manpower Commission to give all the time they can spare in the agricultural off-season to pulpwood cutting, lumbering and other war-essential occupations. Farm workers may transfer to such employment without obtaining a certificate of availability, but, if of military age, must still obtain approval from

VILLAGE TAKES FIRST STEP IN POST-WAR PLANNING PROGRAM

SEWAGE SYSTEM AND DISPOSAL PLANT HEAD LIST OF IMPROVEMENTS.

One of the first steps for the enactment of a post-war program was approved on Nov. 15 by the village council when it passed an ordinance authorizing the employment of an engineer to make a survey of the Village of Plymouth for a sewage system and disposal plant.

The program, as outlined by Mayor Derr, calls for a complete plan and estimate of a sewage system and disposal plant in the village, the erection of which will be started at the close of the war. Mayor Derr pointed out that members of the council have been thinking of post-war planning for some months and had in mind a modern sewage disposal system when they passed an ordinance taking the first step toward that goal.

In the hiring of Boyd Wierman, civil engineer of Mansfield, to make a survey of the village, to give estimates on costs, and to plan a program that will meet with the approval of the State Board of Health, Plymouth was in readiness to start its post-war program without any kind of preliminary work or planning at the close of the war.

GUEST SPEAKER AT UNION SERVICE SUNDAY EVENING

We are fortunate in having Rev. Glenn M. Sauder as guest speaker at the union service. Mr. Sauder is chairman of the United Promotion Committee of the Wooster Presbytery and assistant clerk of that body. As a young man he will bring a young man's point of view in regard to this problem we are all interested in—The Path to Peace. Special music will be provided for this service.

OBSERVE THANKSGIVING

Tomorrow, Plymouth will once more observe Thanksgiving, not in its usual way, because there are scores of boys in Service who will not be home for the event. However, in each home there will be sincere thanks, and to the boys absent from home, they will receive a goodly share of the day's conversation.

HEAR FROM SON

For the first time in ten months, Mr. and Mrs. C. L. Moore had word from their son, Pfc. C. Richard Moore, stationed somewhere in the Southwest Pacific, this week. "Rich" states he just recently received his Christmas box from last year and a knife sent last May, has just arrived.

BAKE SALE TIME CHANGED

Announcement is made this week that the bake sale to be held Saturday, Dec. 4th, at the Peoples National Bank Building room by the Lutheran ladies in connection with the white elephant sale and bazaar, has changed their hour. Originally announced for 1 p. m., it has been changed to 10:30 a. m., and will open with a full line of baked goods now that these have come through all right.

Ordnance Plant At Marion Closes Down

MARION, O.—The Scoto Ordnance plant, employing 1900 civilians, will be closed by Dec. 31st, Capt. J. R. Thompson, plant commanding officer announced. The plant makes small arms ammunition.

At Great Lakes

THREE LOCAL BOYS NOW RECEIVING INSTRUCTIONS.

New recruits at the U. S. Naval Training Station, Great Lakes, Illinois, are three Plymouth, Ohio men. They are now receiving instruction in seamanship, military drill and naval procedure. Soon, they will be given a series of aptitude tests for determining whether they will be assigned to one of the Navy's service schools, or to immediate active duty at sea.

Pork Points Are Cut

The Office of Price Administration has announced a temporary two-point reduction of all pork products effective last Saturday. This means that the higher-valued cuts will be reduced to 20 per cent, or from 10 to 8 points per pound. Over the list as a whole the average point reduction will be one-third and it will make some pork items point free.

The reduction will be for a limited period only, and applies only to pork, and 100 per cent sausage. It does not change the present value of lard, those sausages not made exclusively from pork, or any other product rationed under the meat-fat order. Canned meats even though they are made from pork remain unchanged.

ROME CHURCH DISSOLVED

At the meeting of the Wooster Presbytery at Ashland Tuesday the Rome Community Church was dissolved and the assets turned over to the trustees of the Presbytery.

DAY BEFORE Thanksgiving and no turkey in sight!

BELIEVE IT OR NOT — Paul Russell has the whooping cough.

I MUST be slipping Ed Curpen beat me down to work Saturday morning—the first time in years. Harry Shutt was ambitious Monday — he was found washing windows before 7 a. m.

With gray skies overhead for a "blue" Monday and a shell piled high with worn-out shoes, Arthur Myers was in a good humor and able to smile. Doc Babcock tells me that Harry Hill's dog "Peggy" has never forgotten him since he operated on her for a tumor—Peggy growls even at the sound of Doc's voice.

Elmer Trauger has sowed up his case somewhat, but daily climbs the stairs to his office. Children in Plymouth don't realize the horrors of war; by the time they're old enough to understand, we hope it will be history to them. There has been some "deer" rumors around town the past week. Preaching to empty church pews reminds me somewhat of getting out a paper which nobody reads—you can't put your best into it. A few of the boys around Congess would make up its mind on the "draft" bill... the suspense is terrible.

THE OTHER morning at day-break, while eating breakfast, Ralph, who lives, resides south of town, saw three coons going through a corn field near the house. He got the dogs and started chase. Two of them went into an old drain tile opening, while the third headed for a ravine under a road. He sent the kids back to the house for a burlap bag, and in a few minutes the coon was in the bag.

JOHN GANZHORN, manager of the Plymouth Elevator, got so mad the other night at a coon until he ups and socks him with a plain old rock — and killed the coon. John and his boy were taking the dog out the first night of the season. The dog treed a coon along the railroad track, but the coon proved to be the better, for it was easily licking the dog. John didn't know what to do for an instant, but he gathered his wits, and reaching over, picked up a good-sized stone and threw it at the coon, killing him instantly. This isn't a "made-up" story — it's the truth! Why use shotgun shells — or do you shoot coons?

EVERY time Joe BeVier writes me a letter it costs him two dollars. Of course, we're always glad to hear from him, even if there's only a check enclosed. Joe is still living at that place. Waco, I can't pronounce the name of the town, but it starts with a "W." I had to check with the mailing list to even spell it—here's how it looks in print: Wawatosa. You can imagine how it sounds when pronounced — looks to me like Joe is living out in the Indian country. At any rate, we still think of the BeVier's and always go out to see them when they pay a visit to old Plymouth.

Sponsors of Local Scout Troop Entertain With "Get-Together"

Twenty-five Scouts, 14 Scouters and thirty members of the Sponsoring institution gathered for a merry evening in the Methodist Church for an evening of good fellowship.

The meeting opened with remarks by Mr. J. P. Moore regarding the purpose of the meeting. Don Einsel, Jr., Scoutmaster of Troop One then outlined the ground covered by the Troop in the past two years.

High point of the evenings happenings were the remarks given by Troop Committee Chairman Luther Brown. Stressed was the importance of getting more adult help for leadership in Troop One. He mentioned the fact that for each Patrol in a Troop, and we have four, there should be one active Assistant Scoutmaster. Troop One has no direct supervision over the Troop except Scoutmaster Don Einsel.

Unable to properly direct the activities of the thirty-five Scouts now enrolled in Troop with one Scouter, they have closed the Troop to any more new Scouts until such time as the scouts now in the Tenderfoot rank have attained the rank of Second Class.

This will mean that unless Troop One gets more adult help, they will be unable to take new Scouts until some time in January.

Brown pointed out that this was unfair to the boys in Plymouth and requested the Spon-

Tax Warning

FARMERS TOLD THEY MUST FILE INCOME RETURNS BY DEC. 15.

Farmers were reminded today by the U. S. Treasury department that they are required by law to file with the collector of internal revenue by Dec. 15, 1943, an estimated return on all income derived from the processes of farming.

A farmer, for purposes of the income tax law, is defined as one whose estimated gross income for the taxable year is at least 80 percent of the total estimated income from all income sources.

Assistance in preparing the return may be obtained at the local Internal Revenue office, room 3, in the postoffice building, Mansfield.

Would Transfer Funds

Precedent for the proposed transfer of Norwalk muny light plant surplus funds for the resurfacing of Norwalk's main street in co-operation with the state, was established last week when the town of Willard was authorized in common pleas court Norwalk to transfer \$10,000 from the electric light fund to the Willard muny hospital fund. It was nec-

LETTERS of Interest

Herewith one of our readers has written a most interesting article on "Farm Life." And from the way things look, the farmer is still a mighty important factor in this country. Read the article and see if you do not agree with many of the points brought out.—The Editor.

BACK TO THE FARM

AMERICA NEEDS HAPPY INDEPENDENT CITIZENS, MORALLY AND PHYSICALLY STRONG.

Originally, God made man a tiller of the soil—to gain his livelihood and to support his family. Farmers used to be happy. When practically every body lived in the country, the human race was peaceful and contented. Then the time came when man got the electric light and that, for the sake of efficiency, economy and expediency people should bunch in urban settlements. Instead of breeding cattle and being independent, too many folk now breed vice in city congestion, and turn out to be wage slaves under the yoke of industrial tyranny.

A back to the farm movement has been launched in the last few decades but the trouble is that those who should go back to the country have their backs to the farm. It is true that agricultural pursuits have not been tempting,

sors to get at least FIVE men who would be willing to help as Assistant Scoutmaster in Troop One. If this is done they will be given training and scouts can be admitted as soon as they are sworn in.

Following remarks by George Herziser, to the duties of the Troop Sponsors, Troop One conducted a Court of Honor.

Second Class Badges were presented by Mr. Herziser to Ronald Tranger and Donald Smith; Merit Badges were presented by Mr. J. P. Moore to Wayne Ross, Eldon Sourwine, Elden Burkett, Richard Wharton, Warren Wirth, Robert Hale, Kenneth Eichelberry and Gordon Seesholtz.

Following the Court of Honor, Mr. James Root, Troop Committeeman, entertained the group with motion pictures.

Refreshments served by the Troop Sponsors closed the evenings get-together.

essary for Willard to apply to the state taxation commission for permission to make the application, after which Common Pleas Judge E. G. Martin granted authority for the transfer.

Under the proposed Main-street improvement plan, the state would furnish about \$45,000 and the city about \$16,000.

SNOW FENCES UP

The snow fences have been erected at the locations along the nearby state highways where the drifts usually occur.

One string of snow fence has been placed along the west side of State Route 39 just south of Tiro.

Mr. and Mrs. Wilbur DeWitt were weekend guests of Mr. and Mrs. John Robertson of Ashland.

because of the little profit there is in them, and the consequent lack of security especially for the small farmer; but conditions must change, for agriculture is still the backbone of a nations prosperity.

Another reason why farm life has become unpopular to our deteriorating citizenry is the hard work and the long hours required during certain seasons. "What do you usually grow in your fields here about?" asks the city visitor. The prompt reply of the country boy is "Tired." Still the farm hand has a more interesting existence, with his stretches of hard work, compensated, as they are, by black periods, than the factory worker who has to bend his body and cramp his soul day in and day out, at the same monotonous grind.

The difference between city life and country life was well expressed by the rural old timer. "In the country you go to bed feeling all in; in the city, you go to bed feeling fine, and get up feeling all in."

With good roads and automobiles and radios, country existence is no longer a life of exile. People breathing the fresh air of God's open spaces are better off than city folks. They live with plenty of elbow room; they are not poisoned by gases nor are they deafened, physically and spiritually, by the din of traffic.

We have a false situation in this land today. Our cities are over-populated, and the country side is gradually being evacuated. What will be the result? Inevitably an insufficient food production and decrease of the total population. Thus our nation is in the way of committing suicide. It is being destroyed at its roots, for the cities must draw their vitality and life giving sap from the soil. No property can

be envisaged when our farms, day, who work somewhat independently, have not enough money to pay for the fertilizer for next years crop. Farm prices should be regulated, and the products of the soil should be intelligently raised and marketed, so that the producer has at least more than a gambler's chance to work out a decent living for his family.

We will raise pale-faced, flat chested generations, and what is worse—there will not be enough of them to continue our race in its present numerical strength. The ration for survival is four to a family. We barely make that now. If it were not for the country home, we would already fall dangerously below this required average.

Is our country to survive in sterling health? If our national economy is to be placed on a sound basis, more thought and study must be given to the economic plight of the farmer—particularly the small one. The tenant system should be cured; the miserable share cropper, unworthy of our civilization, must be abolished. To restore mans dignity on the soil, our small vasa empires of immense plantations and ranches of country size, with their concomitant abuses of social justice and their lack of security and human independence must change.

This can be done only by governmental financing and development. The slave of the soil to

The rehabilitation problem after the current war will be a tremendous task one which will demand the best of brains and billions of federal funds. But the expenditure of both will be eminently logical, for it will mean a rich human return of money invested; thousands of citizens made healthy, happy and independent. It will strengthen the

nation physically and morally, and it will make the American people the sturdiest race in the world.

As soon as life on the farm is made decent and inviting, as far as the essentials of life are concerned, the Back-to-the-Farm slogan will become popular—but not before that.

How Xmas Seal Money Is Used

Holiday greetings from the Richland County Tuberculosis association will soon be received by every home, and the 37th annual Christmas Seal Sale will begin. An explanation of the expenditures of this money should be of value to every householder.

The money from these sales provides 15 Chest Clinic a year and takes x-rays on all cases referred to the clinic. Has a chest specialist read the x-rays and make the diagnosis. Skin tests for all children that are contacts to active tuberculosis. 522 Juniors x-rayed in city and county high schools.

Follows up Army rejects. Refers active tuberculous cases with their x-rays and histories to the proper authorities.

Any person wishing extra packages of seals may secure them at the home of Mrs. F. J. Stevenson in Shiloh and in Plymouth at the home of Mrs. E. R. Haines, 23 Sandusky Street. While our fighting forces are making victory come true on the battle fronts, we can help them by fighting a disease that kills 50,000 Americans a year and slows down war production.

Christmas seals can be used on all mail. The seals are only \$1.00 per sheet and it is the only financial support for this association that works only to help the health of a community. This disease can be stamped out as readily as the typhoid plague many years ago, if we all pull together and lend our support.

MRS. JOHN SHATZER SUCUMBES AFTER LINGERING ILLNESS.

Last rites for Mrs. Missouri C. Shatzer were held Sunday afternoon at 2 o'clock at the McQuate funeral home. Mrs. Shatzer had been in failing health several years.

She was born Feb. 3, 1868 near Mansfield, but has resided in this community nearly all her married life. She was greatly devoted to her home and family.

She was a member of the Christian Church at Shenandoah, and her pastor Rev. Turner Holt officiated for the services. A quartet from that church sang two of her favorite selections.

Burial was in Mt. Hope cemetery.

Surviving are the husband, John Shatzer, two daughters, Mrs. Vane Hackett of Elyria and Mrs. Harry Light of Ganges; one son Roscoe of Elyria; three grandchildren and one great grandchild; one brother Lloyd A. Cline of Pittsburgh, Pa.

Sister Dies

MRS. EMILY ANN AGATE PASSES AWAY IN LOS ANGELES.

Mrs. J. B. Zeigler received a message last Wednesday telling of the death of her sister, Mrs. Emily Ann Agate, her home in Los Angeles, Calif., which occurred on Tuesday, Nov. 16. Mrs. Agate was born Sept. 12, 1854 in Rome and was the daughter of Milton and Susanna Pittenger.

Mrs. Agate had a wide experience much of it gained in traveling and having resided in several states. After the death of her husband she spent several years at this place with her widowed mother.

She was a member of Mt. Hope Lutheran church since early girlhood and always retained her membership here. She was also a member of Angelus Chapter, Order of the Eastern Star since 1919.

Surviving are one daughter, two grandchildren and one great grandchild all of Los Angeles; two sisters, Mrs. Zeigler of this place, Mrs. Jennie Johnson of Tulsa, Okla.; one brother, J. J. Pittenger of Springfield.

W. H. Miley Chairman For Union Services

Supt. W. H. Miley was guest speaker on Sunday forenoon at Maple Grove church, north of Ashland.

The members honored him with a covered dish dinner at noon.

Supt. Miley has been appointed chairman for the union meetings of Mt. Hope Lutheran and Methodist Churches on Sunday evenings.

Next Sunday evening the meetings will continue in the Methodist church, and there will be a discussion on the subject "Peace."

This discussion will be led by a representative from each church. Special music was furnished by a cornetist from the Tiro schools, and accompanied by the music teacher of the school.

Fathers Die

Merle Hatfield returned Saturday from Zepher Hills, Fla. where he had been called on account of the death of his father. Mrs. Hatfield's father, James Gordon Bennett who had been ill a long time died at his home in Mansfield Monday morning of this week.

Mr. Bennett's funeral service was held Wednesday at 1:30 p. m. at the Geiger funeral home and Rev. Grover L. Swower officiated.

Stand At The Top In Raising Corn

In the hybrid corn contest in Richland county, Cass townships farmers rank next to the champion who lives near Bellville. Firestone and Ross produced a yield of 91.09 bushels per acre, and Joseph Heitner, an owner of west of town reports 89.13 bushels per acre. Both these averages are exceptionally good and speaks well for the work in our community.

THE OLD JUDGE SAYS...

"That's really a great editorial you just read to us, Judge. Where did you say it appeared?"

"In 'The Stars and Stripes'... the newspaper of the U.S. Armed Forces in Europe. Kind of gives us folks back home something to think about, doesn't it, Bill?"

"It certainly does, Judge. Particularly the last paragraph. Would you mind reading that again?"

"Glad to, Bill. It says, 'We can remember

the days of prohibition, when moonshine whiskey made quick fortunes for bootleggers, crooked politicians and dishonest police officials. As a result, we claim we know what we want in the way of liquor legislation and feel those of us should wait until we return before initiating further legislation on liquor control.'

"Out of fairness to our boys over there fighting, Judge, how could we disobey such a wish?"

This advertisement sponsored by Conference of Alcoholic Beverage Industries, Inc.

of rocks:

"Now remember," the officer told the class, "frequent drinking of water will prevent you from becoming stiff in the joints. Any question?"

"Sir," asked one of the new privates, "what about joints that don't serve water?"

Major Frank Capra, writing back from Italy said, "After seeing our forces in action, I'm convinced that America's secret weapon is the American boy."

And don't we all agree?

In India
Mr. and Mrs. C. A. Robinson have received a short note from T/V Haldon C. Myers that he has arrived safely in India. It follows in part:

"Hello friends: — Will write a short letter to let you know I arrived over here in India, well and safe. Resting up for a week or so after the trip as it is long and tiresome. This is a strange country. Lots to see over here; most of the people are very poor, the climate is pretty hot. I am taking in the sights. I can't say of them you wish you hadn't seen I am with the same old pals. I enjoyed the trip over here more than most of the other boys. When I home will have quite a lot to talk about. Will write when I can.

What — No Hair?

Bob Ross who chose the Navy writes he is out on the deep blue Pacific and far enough south to have been initiated into the mysteries that surround the crossing of the equator. Oh well, Bob, at your age your hair will come in again and who knows—it might be curly.

Returns to Station

Pvt. Arthur Nordyke returned Monday evening to Amarilla, Texas, after a fourteen day furlough with his wife and other relatives.

Word From Wayne Gebert

Although thousands of miles away and very busy with this business of war, Wayne Gebert still finds time to answer letters of former neighborhood children. The past week Mary Ellen Thom as received a very interesting letter, parts of which we re-print:

"Am still located somewhere under tropical skies and if you have a geographical map of this area you can trace my route from island to island, starting from the Fiji group, my first stop, after leaving the states to spend most of my time overseas in one particular spot. After almost a year, we made our next jump to the Solomon group, landing at Guadalcanal, the island that I recall your reading a diary about. Every word must of been true for the markings left after the battle there, the disfigured trees and vegetation and not forgetting the plowed ground left by the deadly instruments of war, one can notice the reconstruction already since the last round being fired.

The next voyage was a short distance to the Russells, where we found the least amount of insects and life in the shade of the many coconut trees, peaceful and more pleasing than any other place I have found overseas—not forgetting that this was the place I had my first glimpse of an alligator.

From here you have probably read of our being in combat on the New Georgia group and with the help of others this division marched onto victory and on schedule. There was no room for the Japs on this island with us so when we once got on the move it did not take long to oust the Japs and those that chose to stay will not be able to choose again. Now that the guns have silenced and the smoke has cleared, we find that we have another stopping stone closer to the gates of Tokyo.

Day before yesterday I received your Christmas card and I sent you greetings in return. The local paper has caught up with me and I enjoy keeping up on the news of home these many miles away.

Now that school has started for both you and Sid, this letter may find you deep in one of your text books. How I wish I had the chance to return to high school even if I also found the first few months to be dull. Best wishes to both of you on a successful school year.

Now that everything is safe and I am in no danger, I shall close for these few pages, hoping that this finds you the same as I am—in the best of health.

Wayne (Gebert)

IF WE COULD ONLY FORGET HALF WE KNOW

Our minds are for reasoning not for remembering, writes Robert D. Potter, in The American Weekly with this Sunday's (Nov. 23) issue of The Detroit Sunday Times. Potter explaining why we would probably all be better off if we could empty our minds of senseless fears, superstitions, medical misinformation and old wives' tales. Get Sunday's Detroit Times.

"That," obliged the zoo attendant, "is a penguin."

"Huh!" snorted a pompous individual. "That's not my idea of a penguin."

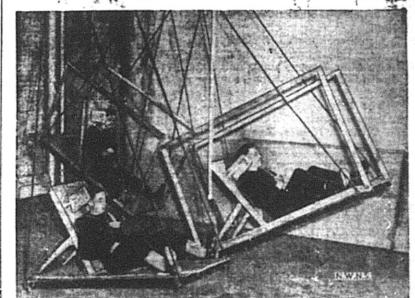

The attendant was all humility. "I'm sorry, sir, but it is probably the best the good Lord could do."

Marines Win First Round on Bougainville

United States marines battling their way through another part of Japan's defenses by forming a six-mile-long beachhead on Bougainville. This photo shows a part of the landing party. Adm. William F. Halsey, Jr., commander of the South Pacific forces, called the landing one of the most difficult of the Solomon campaign.

Rocked in the Cradle of Sea Sickness

A little pink capsule enables United Nations troops to land on hostile shores fresh and full of fight, with none of the fighters suffering the miseries of sea sickness. These heroes being rocked in gadgets which simulate the tossing of waves are partly responsible for the development of this capsule. They are men of the Royal Canadian navy who courted mal de mer to aid science and their shipmates.

Outstanding Woman of the Year

Miss Anne Morgan (left) accepts a medal from Mrs. J. PILGRIMS WIN

The first game of the Plymouth High basketball season was played Friday evening with North Fairfield at Plymouth with PHS taking both ends of the double bill. Both games were fast. The score does not indicate the closeness of play, North Fairfield having had but a few practices this autumn. There were no outstanding stars as all players were working for one purpose and that was for Plymouth high school. The box score was as follows:

Do not forget our next game. Shiloh comes to Plymouth Dec. 3rd for a non-league game. Shiloh has a very strong team and will give all they have to win over Plymouth. Come out and support the team.

The Seventh Grade is having a class meeting tomorrow afternoon at the last period. They are also arranging to have plays for the Christmas Chapel program on Dec. 10. There will be three characters in the play.

The Eighth Grade has a new pupil, Rhoda Jones from West Virginia, and also lost one, Wilma Weedman, who has returned to her home in Kentucky. They are also planning a chapel program for Dec. 17.

Freshman News — Pat Buchanan has returned to school after having been ill the last week.

Sophomore News — The Sophomores will hold a chapel program Wednesday, Nov. 23, at 1:00 o'clock. The speaker will be Jim Root.

Due to the shortage of help at The Advertiser, the school news will have to be in by Monday noon so we can have it in the Advertiser by Monday evening.

Co-reporters, Louise and Beverly

We Wonder:

If Louise and Bev had a nice time hunting. I hear they were asked if they were college girls to which they replied, "No!" (Now, what gave them that idea!)

Why the Willard boys have suddenly changed their minds about the Plymouth Senior girls?

Where are the Willard boys welcomed for lodging when their transportation is insufficient?

Why the girls are taking such an interest in hunting this year—they never did before!

What the attraction is at the Hitching Post. P. S. — we mean A. S.

Florence is all smiles. Her boy friend is coming home this week.

The County Health Doctor paid our school a visit Monday to examine the boys for athletics. The State Athletic Department is quite insistent that only those who are physically fit, enter into interscholastic sports.

The officers of Parsel Supply Depot came to Plymouth to secure more workers. They have asked that all boys 16 years of age enroll in the work of Civil Service. Among those who are going from Plymouth school are: Tom Moore, James Moore, James Rhine, Pete Ruckman, Dan Kirkpatrick, George Shaffer, Warren Wirth, Bob Martin, Quentin Ream, Bob Metcalf, Jack Hampton, Bill Derr, Jake Berberick, Gordon Seaholts, Clarence Mills, Gene Buchanan, Richard Wharton, Paul Scott, Bill Arnold, with several others enrolling as soon as they become 16 years of age.

Grin And Bear It

Pat: Guess I'll go hunting.

Monk: What for? Rain dear.

Florence: What color is a burp?

Shaffer: I don't know.

Florence: Purple.

Bev: Do you know what a gentleman is?

Tom: No, what?

Bev: A worn out wolf.

Flip: My tires ain't so good—the air's beginning to show thru them.

Jim: Would you like to see a model home?

Jake: Glad to. What time does she quit work?

Tom: Show me a tough guy and I'll show you a coward.

Mr. Bailey: Well, I'm a tough guy.

Tom: I'm a coward.

Mr. Derr: My wife is asking for pin money—and the pin she wants has 12 diamonds in it.

Sid: My! That's a mighty small cow.

Steeley: Yep! Smart, too. Been that way ever since she read a copy of Readers Digest. Now she gives nothing but condensed milk.

Peters: With all the girls in defense plants, it's hard to get a date. They don't want to go out for time anymore. They want time and a half.

EIGHTH GRADE

The eighth grade boys have been playing football. We have divided into two teams. Donald Campbell is captain of one side and Donald Hudson of the other. In the last game Donald Campbell beat Donald Hudson by the score of 24-12.

THANKS ! !

The Senior Class of '44 wishes to thank everyone who helped make our play a success! We're indebted to Miss Pettit and Mr. Guthrie for their help and also to the Vocational Agriculture boys under the supervision of Mr. Nesbitt and Mr. Miley for our new scenery, and to our public, who helped us have a "full house." Thanks! From the bottom of our hearts.

ATTENTION ! !

Please don't forget our first basketball game Tuesday night! Since this is the first game of the season we're looking forward to seeing you all there. We're laughing with last year's champions, Union. So, come on, you all Shiloh fans. We need YOU Tuesday night!

NEW CHEERLEADER!

Friday, we picked this year's cheerleaders. They are: Betty Ernst, Ted Ernst and Sally Clark. Congratulations kids, and best of luck during the coming season!

SNOOPER ! ! !

Do you know what a five letter word for trouble is? Ask Raymond Wolf! He'll be glad to tell you!

Mistake of the week: Harold Daup at play practice; "A little friend your games were playing!"

By the way, the hat Betty Rinehart wore Friday night, was an original. She'll take orders any time. Just phone Shiloh 49561 ! !

STATE HIGHWAY
(Continued from Page One)

not materially affect established business within whatever municipalities will be touched.

Probable cost of such an improvement would be \$7,300,000.

Studies will include the suggestion that a highway bridge across the Maumee river in Toledo north of the Cherry Street bridge. The bridge recently constructed by the Ohio Department of Highways across Ottawa river near the Point Place area of Toledo would be considered and utilized in whatever program may be carried out. This bridge outlet is onto new roadway in Michigan, extending to the highway and Telegraph road in the vicinity of Erie.

While there have been many proposals for solution of the above mentioned highway bridge, highway department officials have taken no step which would indicate a preference for any program.

Traffic from the east over U. S. 20 designed for Toledo or Michigan, cuts into Toledo over Route 120 by way of Elmore. This outlet is used by east bound traffic from Michigan to Toledo. Route 120 is Toledo and utilizes Summit Street to the new structure over the Ottawa river.

Route 25 is the Dixie Highway from the South, one of the most heavily traversed roads in the state. It enters Toledo from Bowling Green by way of Maumee and its great volume of traffic is forced into Toledo through an arterial tunnel.

MAHONING COUNTY—State Route 18 in Youngstown.

This improvement contemplates construction of a new bridge over the Mahoning river and the Pennsylvania railroad, together with adequate approach roads.

The point where the improvement is proposed is in downtown Youngstown. Over the present bridge there flows the tremendous heavy volume of traffic east and west from Toledo to the west from the steel mill area of northeast Ohio and western Pennsylvania.

The proposed bridge and approaches will be designed with sufficient width to handle this exceptionally heavy traffic flow. Probable cost will be \$750,000.

For many years the project has been desired by the people of Youngstown.

LORAIN COUNTY—State Route 57 from Twenty-eighth St. in Lorain southerly or along an old interurban right-of-way to within Elyria, a distance of about five miles.

This project will be on new location and will afford modern highway on the heavily traveled route between Lorain and Elyria. Many sharp and dangerous

curves will be eliminated. The probable cost will be \$350,000.

PORTAGE COUNTY—State Route 14, an improvement designed to bypass down town Ravenna and afford a shorter route for through traffic over a heavily traveled highway.

Probable cost will be \$2,908,000.

COLUMBIANA COUNTY
State Route 7 in the East Liverpool and Wellsville areas.

It is proposed to carry out the improvement from a point near the junction of State Route 48 in Wellsville to a point near the junction of State Route 287 in East Liverpool.

Mr. and Mrs. Fred Fernser and Mr. and Mrs. Albert Saas and daughter Gary of Cleveland visited a few days the past week with their parents, Mr. and Mrs. A. J. Mills, and all spent Sunday with Mr. and Mrs. Norman Underwood of Greenwich, enjoying a pleasant dinner.

their selective service boards. Local boards have been instructed to approve transfers for periods up to four months, and registrants will be continued in their deferred classifications. Workers are expected to return to agricultural employment at the end of the off-season, or at any other time the need for them arises. Shortages in logging and saw-mill products make it imperative that workers be recruited immediately. Any farmer or farm worker who does not have ready access to logging and saw-mill operations is urged to communicate with the United States Employment Service Office in his community for information. Some other industry may have greater priority in his area.

Give War Stamps For Christmas
"A stamp in every stocking"—that's what the Treasury Department wants for Christmas. To encourage the giving of war stamps, many ideas for utilizing them in gifts and decorations have been suggested—war stamps attached to a cellophane bag containing a small gift; war stamp label ornaments; a tiny Santa Claus holding stamps; small Christmas stockings containing stamps; a baby's rattle with stamps tied on with ribbons; and children's toys, with stamps attached. The stamps may also be used as decoration on wreaths, fastened to candles, and on Christmas cards.

Be Thankful for Food
"I think we should thank the Creator with particular humility for the possession (food) that makes our armies liberators, not looters said Marvin Jones, head of the War Food Administration, in a Thanksgiving Day statement.

To Collect Clothing and Rags
The nationwide drive for collection of discarded clothing and rags started November 22nd and will continue through December 4th. Only discarded clothing is wanted and all types are needed according to WFB. Donors are requested to see that woollen garments are brushed and cotton garments and rags are clean. Mending is not required. Any unweavable clothing that can be reduced to rags is also desired. Not wanted are shoes, rubbers, rubber boots, overhaos, galoshes, slippers, leather leggings, leather gloves, hats, caps, neckties, collars, garters, garter belts, suspenders, belts, gardens, corsets, brassieres, veils, spats, rubber coats, diapers, and masquerade costumes.

PERHAPS!

Let you down?
NEVER!

We'd rather lose a sale than lose a customer — rather say "Sorry we don't have it," than sell you something that might "let you down." We have welcomed some of the wartime developments in men's clothes and accessories because they conserve materials without sacrificing comfort, appearance or wear. But if and when our tests and experience prove that any change or substitution will result in dissatisfaction, we won't offer it.
