

IMPRESSIVE PROGRAM MARKED PRESENTATION OF AWARDS TO MEMBERS OF FRH 20-YEAR CLUB

A great picture of American democracy came to real life in Plymouth Tuesday evening when employees, their wives or sweethearts, officials and members of the directorate of the Fate-Root-Heath company assembled at the Lutheran church to participate in a program honoring those men who have worked for twenty or more years in Plymouth's only industrial plant. Of the 150 present 67 of them were employees who received gold pins and certificates in recognition for their craftsmanship, loyalty and the 20 or more years spent with the company. The affair included a banquet at 6:30, followed by short talks by employees and executives, and the presentation of the awards by John A. Root, president of the firm.

The dinner was served by the Ladies' Aid of the Lutheran church. Tables to seat 150 of the group were arranged in the annex, beautifully decorated in our national colors—red, white and blue. The favors were small American flags with the napkins in solid red, white, and blue, every place setting alternating colors. Huge vases and baskets of Fall Flowers were placed in the dining room which gave much color to the atmosphere. On large white cakes, with the wording: "20 Year Club" inscribed on top, surrounded by twenty small candles, added much to the occasion. The menu consisted of a fruit cocktail, watermelon, peas, cauliflower, potatoes, buttered peas, molded salad, relish platters, rolls, coffee, cake and ice cream.

In the auditorium of the church an array of old-time photographs depicting the various years of the company's growth, its products and groups of former employees, greeted the guests of the evening as they arrived. Then as they filed in the dining room, Marie Francis Guthrie, at the organ, presented a program of music until everyone was seated. Rev. Lambertus gave the invocation. Throughout the dinner Mrs. Guthrie rendered several selections, and the Misses Maryalice Weller and Juanita Ruckman added to the evening's entertainment with several vocal duets.

Immediately following the dinner, the group retired to the auditorium where James Root, acting as master of ceremonies, introduced his father and president of the company, who gave a brief address and presented the organization of the "20 Year Club." Mr. Root, in his address of welcome, said:

"It is with a great deal of pleasure that we welcome you here tonight. We have invited you here in order that we might have the opportunity to give special and public recognition to you men who have been with us for 20 years or longer. Some of you thanks and appreciation for your fidelity, loyalty, and cooperation."

"With that thought in mind we have formed what we are pleased to call the "FRH 20-Year Club," and later on this evening we propose to have the pleasure of initiating you into full-fledged membership. You will, however, omit the third degree at that time."

"When I first saw the list of names of you men—67 in all—I could hardly believe there were that many who have been with FRH for 20 years or longer. Some of you have been with FRH or its predecessor companies for 25, 30, 35, or 40 years, two for 42 years, one for 43 years and one for 46 years. I'll name them here. The record I think any company of comparable size has, a right to be proud of—67 out of 325 employees."

"Anyway, 20 years is a long time, no matter how you look at it. When you are young and all of life lies before you, twenty years seems like a VERY long time, but when you grow older and your brilliant future is behind you, the time seems very short and you wonder where the years have gone."

"Then, too, seeing you men nearly every day, as we do, we forget the number of years that you have been with us—how you have been on the job, day after day, rain or shine, through these long years. We forget, sometimes, the number of days of our lives that we are together."

day, to express our appreciation for a job well done. And sometimes we wait until it is too late then wish we had uttered the words that were in our heart and mind but were left unspoken.

"The past is gone and cannot be changed—but it can be remembered and will be an inspiration for the future. While we revere the past, and commemorate the 20 and more years you have been with us I still believe the best 20 years lie ahead—not behind us. "Peace on Earth, Good Will Toward Men" will again prevail."

"In conclusion, I want to repeat. We are glad to have you here tonight and also in your wives, because they, too, are entitled to a lot of credit—for putting up with you fellows for 20 years or more—and that goes for my wife, too."

"Anyway, it's been a lot of fun and pleasure to have been associated with you men and to have worked with you during these past 20 years, and I hope you and your dear ones will all be spared for many more years of health and happiness. May God bless you all. Thank you."

A number of employees told of a few interesting incidents in the early years of their employment in the shop. P. H. Root expressed his gratitude and appreciation for the splendid support given the company. Mrs. Anna Fate, member of the directorate, also well chosen words, spoke of the fine spirit which has prevailed throughout the years, and a deep feeling of gratitude for the loyalty of the men who have made the growth of the company possible.

In a brief outline, Fred T. Buzard, general manager, revealed the early beginning of the two original firms, namely, The J. D. Dick Co. and The Root-Heath Co., which later merged under the present name of The Fate-Root-Heath Company. Special mention was given to D. E. Bevier, president, superintendent, and J. B. Carter, chief engineer, for the development of the first Plymouth locomotive 35 years ago. Mr. Buzard told of the growth of the various lines manufactured by the company, which are locomotives, clay working machinery, lawnmower grinders, and farm tractors. He revealed how these products have played a vital part in America's war effort and of the continued demand for them after the war.

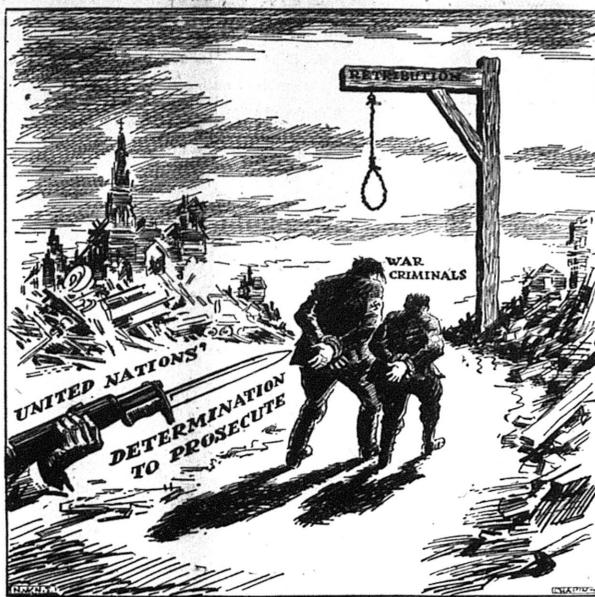

Following the short talks, Jno. A. Root called the names of the awardees, according to the number of years they had served. As they came forward they were presented with a beautiful gold emblem on which was inscribed in small circle, "Twenty Years of Service." The emblem bore the initials, "FRH." The honored employees also received a certificate, similar in size and design of a diploma, with the inscription: "This certificate is awarded in recognition of citizenship, integrity and loyalty throughout twenty years of service." It was signed by J. A. Root, president, H. F. Root, secretary, P. H. Root, treasurer, E. W. Heath, vice president, and F. T. Buzard, general manager.

In a special tribute to John Garrett, Carl Fazio, Harold Shattuck, Charles Baker, deceased, and the audience was asked to stand in silence for a brief period, prior to the presentation of awards to their wives who were present. In presenting the awards Mr. Root, in behalf of fellow workers and management, expressed deepest sympathy to the families.

First of the 20-year members to receive honor was M. F. "Mike" Dick who has been with the company for a period of 46 years. Fay Ruckman ran him a close second with 43 years, while Sam Fenner, Floyd Anderson and Benton Christy tied with 42 years of service. D. E. "Big" Bevier has a record of 41 years at the plant. Those receiving recognition on Tuesday night, and the number of years employed, are as follows: Sam Dick-46, Fay Ruckman 43, Ben Fenner 42, Fred Anderson 42, Ben Christy 42, David Bevier 41, George Bettac 37, Chas. Baker 37, Floyd Carter 36, Mark Beck 35, Frank Davis 35, and Cliff Souther 25.

DONNENWIRTH RITES ARE HELD

WELL KNOWN RESIDENT PASSED AWAY FRIDAY FOLLOWING LONG ILLNESS.

Funeral services for Arthur Franklin Donnenthir were held Sunday afternoon, at 2:30 from the Lutheran church with Rev. Frederick Lambertus, pastor, officiating. Burial was made in Greenlawn cemetery, in charge of the R. E. McQuate funeral home.

The deceased was born Dec. 9, 1872 in New Washington, O., and passed away after a lingering illness early Friday morning at the age of 71 years.

On Nov. 3, 1939 he was united in marriage to Miss Emma C. Seifert, who with their five children, survive: Oliver of Columbus; Miss Helen of Galvan; Walter of Cincinnati; Mrs. Ivan Bowman of Shelby; and Mrs. W. E. Richardson of Columbus. Five grandchildren also survive as well as two brothers, Fred of Bellevue; Earl of Columbus, and two sisters, Mrs. Wayne Hart of Marion, and Mrs. Edith Boylen of Mansfield.

For many years Mr. Donnenthir was employed by the Pennsylvania and the Baltimore & Ohio Railroad, and later worked at the Fate-Root-Heath Company in Plymouth.

He was a loyal member of the Plymouth First Evangelical Lutheran church which he served faithfully as a "councilman and later as sexton. Friendly himself he counted his friends by the hundreds and was liked and respected by all who knew him.

The past fourteen months were months of failing health. Three times he was in the hospital and he submitted to an operation. It was a time between hopes and fears, expectations and disappointment, yet he never faltered in his faith, and was a ways appreciative of all that was done in his behalf. He will be greatly missed in the community.

FINED IN COURT
John Dann, arraigned in May or Wirth's court Tuesday afternoon, was fined \$10 and costs for failure to send his 11-year-old son John to school, a student in the fifth grade.

NEW TENANTS

WARNING TO PRANKSTERS

Nowadays under the cover of Halloween will not be tolerated in Plymouth. With the festive day almost a month away, already a number of incidents have been reported and some damage done. At a time when any excess energy should be devoted to helping in the war effort, there is little excuse for any young man or woman to make it a point to destroy garbage, property, or in any way damage other peoples' property. Repairs are hard to get, and even if repairs can be obtained, there is still the problem of getting it done.

SCHOOL ACTIVITIES TO BE ADVERTISED

Parents are hereby advised that any activities sponsored by the local school will be advertised in advance. Parties, social gatherings or other affairs attended by classes or groups are NOT sponsored by the school unless advertised in advance. Parents are asked to cooperate to the fullest with school authorities who have the best interest of their children in mind.

The handsome badge consists of a silver rifle set against a background of infantry blue, enclosed in a silver wreath.

WILLARD CAPTAIN KILLED

Captain Raymond Drury, 25, with an infantry division in Italy, was killed in action on Sept. 14, according to word from the War Department received by his parents, Mr. and Mrs. A. J. Drury of Willard.

He left for overseas duty on Sept. 26, 1942, and served in North Africa and Sicily later being in a regiment of infantry during the invasion of Italy and was one of the first to enter Rome and having had an audience with Pope Pius.

The last letter received from him was dated Sept. 13, the day before he was killed. It stated that he had mailed Christmas packages to his parents. In addition to the parents, he is survived by a brother, Dr. Walter Drury of Cleveland, recently commissioned, and who enters the Army medical service on Oct. 7.

COUNTY'S RURAL SCHOOLS GIVEN \$32,976 IN CASH

Allocation From Special State Appropriation Received for Various Districts.

Richard county rural school districts have been allocated \$32,976, their share of the \$8,085,000 appropriated by the state legislature in special session earlier this month for a salary increase to teachers and other employees. County School Superintendent Boyd Robinson announced.

The allocation was made on the basis of \$8 per pupil from the average daily attendance. Largest sum to be awarded to a single school district was \$7,968 for Madison township schools, while the \$4,056 for Belleville schools was second largest. Belleville schools received an additional grant of \$594 as provided for those schools having a tax valuation of less than \$5,000 per pupil.

Besides those for Madison township and Belleville schools, the allocations as announced by Superintendent Robinson are as follows:

Butler, \$2,784; Lexington, \$3,184; Lucas, \$2,472; Milfin, \$800; Plymouth, \$1,728; Sharon, \$560; Shoun, \$2,336; Springfield, \$5,104 and Union, 2,984.

According to the provisions of the bill the funds must be used in paying salaries of the teachers and other employees. They can be used either in the form of salary increases, for the hiring of more teachers or in the paying of debts incurred as wages in the past. Robinson said Richard county was free from salary debts.

LEAVES FOR SCHOOL

Around the Square

(By Phineas Whittlesod)

FRED KEELER, USN, blew into town Wednesday night for a short visit. Fred has been riding the Pacific waves for several months.

WALTER SILLIMAN and the family have moved from the Lewis farm on 224 to the old home farm, northeast of town. He is getting just like the rest of us who have put in fishing trips a day in 24. He worked until 2 a. m. one day last week getting in his wheat!

RAINS have given local farmers another holiday. Soy beans have been held up due to the rains, which we needed!

DON FORD just couldn't resist the temptation of riding along with Fred Blackford to the stockyards Wednesday!

RAY McCARTY has been up in Canada the past two weeks on a hunting and fishing trip. Ray went along with his brother and a couple of friends from Willard. He'll probably have some good stories to tell on his return.

WHAT I want and can't get puts zest in my life—but the only trouble is that I don't want much.

THANKS, Junior Bachrach, for your very interesting letter. I have a lot of letters to answer to the boys over there. I'll try to get one out in time for Christmas. Really, there isn't much to write about after putting out the Advertiser each week!

FOR The past ten years a Minnesota woman has been sending her congressman in Washington messages on how she thought she would vote. Recently she wired him: "From now on you'll have to get along on your own. I'm moving to California." —Parade.

WHEN A U. S. Marine in the South Pacific was billed for \$19.85 personal property tax, he forwarded a 50 Sen note with this message: —March 10, 1944

Cook County Assessor's Office, Chicago, Ill. Gentlemen: Please find note taken from the body of a Celestine. Being very intent on removing me from your tax rolls to observe my bayonet.

Sgt. Gerald A. Waindale, (The assessor accepted the note in full payment.—Ed.)

A RATHER shame-faced British Tommy was carried on a stretcher to a hospital in a suburb of London recently. A nurse making him comfortable in bed glanced at his "notes," and read "Bitten by a sow in Normandy."

A SERGEANT in Fort Smith, Ark., will know better next time. He grabbed the panties from the clothesline and ran. One woman ran to telephone police, while another leaped into her car to pursue the disappearing sergeant. The woman in the car called a soldier's heels when detectives ran up to nab the panting sergeant with the panties. Did Plymouth start this?

NEW TENANTS

Mr. and Mrs. John VanderBilt and family expect to move soon to the farm of Miss Mollie Keller, west of town. The present tenants, Mr. and Mrs. Philip Linderman, have purchased property in Coleriville where they expect to live.

Mr. and Mrs. VanderBilt are tenants on the farm known as the Blackford farm, which has been sold recently to Mr. and Mrs. Dan Grabaugh.

RETURN TO NORMAL

Yes, we'll probably have more gasoline, more tires, more metal gadgets, more refrigerators, more washing machines and less ration coupons soon after the war in Europe is over.

We may not go all the way back to normal living, but we'll come close to it.

As a result, impatient storekeepers, beseeched by requests for items which they can't get, will no longer be in a position to dismiss us with, "Don't you know there's a war on?"

But one trouble with this return to normal, or almost normal living, is that a lot of us may actually forget that there is a war on.

Those who have sons, brothers and husbands in the service will still need no reminder that war is being waged—but as for the rest of the people, the war in the Pacific is apt to become a distant affair, hardly touching their personal lives, unless some plan can be devised to have them play a more active part in it than seems to be called for on the present program.

COLLECTIVE 'GIMMES'

The president of a large war plant recently referred to collective bargaining as actually being collective "gimmes." He pointed out that the policy of labor union leaders is to ask for everything under the sun and keep on asking until they get all they are after. He wondered where the "bargaining" came in, for, he said, he knew in the Pacific no cases where management asked for anything. It's all "give" on the part of management, and all "take" on the part of labor, he said.

Most managers of big businesses who have been dealing with unions throughout the war, are in hearty agreement with that analysis. But the fault may be largely the fault of management itself. For, throughout all its tussles with labor unions, management has remained on the defensive and let labor keep the offensive.

It seems quite possible that management could still keep the upper hand by using labor's methods. If management, faced with an insurmountable situation, went on strike, refused to permit production, and discontinued payrolls until union leaders listened to reason their persuasion when by even more effective than is the strike threat when used by labor.

Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

LIKE PEOPLE, HELP AND REMEMBER THEM

Whom do you suppose is credited with having the most reporter down in South Carolina. He was born in Charleston, where he attended the public schools. That man is the Honorable James F. Byrnes. It's said that a thousand people in Washington call him "Jimmie."

He has what is so necessary in friend-winning, a sincere, honest liking for people. When he was a young lawyer in Charleston he wanted to run for congress, but he didn't have any money to put into a campaign. So he went to a friend and asked him what he thought about it. The friend said, "You won't have to run for congress. You can walk. You have many friends, and they will do the running for you."

That turned out to be true. He was elected.

After he had been in congress for some time, he cast his eye on the job of senator. But he didn't have enough money to go into it, and he wanted to run for congress, but he didn't have the same thing his other friend had said before his election to congress.

James F. Byrnes ran and was elected. He made more friends, not because he wished to use them but because he had this honest liking for people and so making friends was easy for him. It was said that when he was a congressman he ran for congress in Washington than anybody except Nicholas Longworth, who established a "high" in Washington official life for that. But Nicholas Longworth spent thousands of dollars entertaining, and he had Teddy Roosevelt's oldest daughter, Alice, as his wife, to help him along. "Jimmie" Byrnes had only himself. But that was a mighty asset.

In addition to his not liking for people he has another tremendously valuable asset. He is willing to do a favor for a friend, no matter how much inconvenience it causes him. This matter of people liking him was instrumental in his appointment to the Supreme court, where he was just as much liked as when he was in congress.

His three principles can be followed by anyone. 1. Have an honest liking for people. 2. This isn't so difficult as you might think, offend no one. You like a man if you see something about him like. Every man has some likable traits. Find them, concentrate on them. In most cases, you'll like the man. 2. Be willing to do favors. 3. Remember people's names and faces. That is a habit you can acquire.

RECEIVE BIDS ON ROAD JOB

Bids are now being accepted for a widening project on nearby three miles of Champion road in Plymouth township, County Engineers Howard C. Sword announced.

The project was previously up for bids late in August but no one put in a bid, he said. At that time the specifications required

that the road be widened three and a half feet on each side with water-bound stone for material. Since no one would bid on the project, the specifications have been changed to a choice between water-bound open hearth slag and rolled crushed stone. Sword said the estimated cost for the former is \$17,300 and for the latter is \$13,950. The project must be finished by Dec. 1, he stated.

Mr. Henry Schallan of New York City spent the past week in Plymouth at the home of Mr. and Mrs. George Hackett and family.

LUTHERANS HOLD RALLY

Rally Day at Mt. Hope Lutheran Sunday school was an inspiration for the entire congregation and encouragement for the pastor.

Under the direction of Mrs. Elma Stevenson, who makes her position of superintendent a daily work, the Sunday school is regaining its former high attendance of a number of years ago.

Mrs. Stevenson is highly commended for her success by every class in the Sunday school.

It was also the day for the annual promotion in the primary department. There were 71 present in that division. Several in each class were unable to be present.

There were 27 tiny children in the first class and three birthdays were observed. Those promoted from that class were Elly Peterson, Tommy Kranz, Sandra Moser, Karen Williams, Sara Seaman and Illa Rinehart. This group went from the baby class to the second class. Those promoted from the second class were Helen Mae McQuate, Donna Jean Jacobs, Jane Blackford, Eltrude Seaman, Dorothy Porter, Jack Horner and Kenneth Beck.

Those entering classes in the main auditorium are Robert and Betty Ann Kaylor, Charles Wolfesberger, Jean Moser, Carol Sue Witche and Maxine Cole. After the promotion to the children marched to the main auditorium and the superintendent of that department, Mrs. Fern Pittenger, gave a splendid explanation of the primary work combining the lessons with the regular program and also altar instruction. Her talk was ably given and showed that she knew the work in all her classes and gave many hours during the week to make it a success. She was aided by helpers Mrs. Rudy Rader and Janice Moser.

Beverly Young is now the pianist for this division, in the absence of Betty Mae Seaman who has enrolled at Capital university.

The department of these children in a group is above the average, in truth it is almost perfect.

A vocal solo by Mrs. C. O. Butler and a duet by Mrs. Butler and Mrs. L. D. Wolfesberger, with Miss Floy Rose at the organ provided a spiritual uplift for the morning program.

The Sunday school collection was the annual gift for the Oesterlen Home at Springfield, and was the largest contribution ever given from Mt. Hope for the Orphan children. A gift of \$10 was voted for the home for the aged.

The attendance for Holy communion was also larger and it too, was encouraging.

Somewhere in France Sept. 26, 1944

Dear Mother and Dad: It seems I never have time to write letters unless we are moving, and with this move our break is quite short. We expect to be very busy again this time, but hope things are not so bad as we expect. We never know what we will find. We move our equipment in trucks and ride in ambulances. Within twelve hours after the first trucks are loaded and start out, we expect to have our hospital ready to receive casualties. And this time we have to do as expected, and be ready for patients, as we always are. Everyone works. It is surprising

how fast the hospital tents are assembled. I wish you folks could see our hospital. We think it is the best of its kind. Of course all the other evacuation hospitals think the same of theirs. Bing Crosby visited us and he says it is on his vacation, but he sure is kept busy over here. We all thought he was a swell guy. I shook hands with him. He visited all the tents and talked to all the patients.

Well, it is time to go to bed, so until I find my first chance to write again I'll be hoping you are well, and that some of this rain reaches Ohio and relieves the drought there. We are ankle deep in mud.

Write often.

Love always,
Mary (Ferrell)

Success, was the consensus of opinion for the cake walk of the Shiloh community Grang on Saturday evening. While the crowd was not as large as on previous years, account of the absence of so many of the young people, yet the social part was highly entertaining. The crowd walked for a couple dozen of cakes, nearly all of them were the same. The event was prolonged by walking for home made bread, pies, fruit, doughnuts and boxes of candy. Meat sandwiches and coffee, cider and doughnuts sold well, and the Grang netted a nice sum which made them appreciate the patronage and support given them.

Somehow in the Aleutians

Dear Tommy:

This is the first time I have ever written you since I have been in the service. I hope you will forgive me, I will try to do better now. I want you to know how much your paper means to me since I had a very nice trip and saw many interesting sights. This island is not what you would call paradise, but it isn't too bad. Since I landed I haven't seen a single tree. I work 7 days a week so you can see I don't have much time off. I hope to get a chance to go fishing soon for the fishing is fine here. I hear Tokyo Rose almost every day and sure get a kick' out of the tales she tells.

There is almost anything you want here in the way of entertainment and the time goes pretty fast. The food is a lot better over here too, and there is always plenty of it.

Well, I guess I have said enough for this time, so will ring off. Keep the paper coming, Tommy.

Your friend,
Kenny (McQuown)

Graduates

George F. Shaffer, son of Mr. & Mrs. H. F. Shaffer, who has been stationed at Great Lakes Naval Training Station, was graduated this week from Signal school with an advanced rating of Seaman First Class. He visited his parents in Plymouth over the week-end.

Dear Mr. and Mrs. Thomas:

At last I received a couple of copies of the Advertiser (July 8th and 15th) and read them as usual from cover to cover.

We are now located in Belgium and really find the country quite interesting, though the people speak French as their native tongue they are much clearer than the French and far more appreciative of any rations or tokens we give them in exchange for Belgian souvenirs. They surely hold the Americans in esteem and appreciate deeply their release from restrictions, as the Germans didn't permit them any freedom of movements, near any military works, so now, especially on Sundays, they are all out sightseeing on bikes and a foot. Reminds us boys of people going to see a circus and the army's camp, all traveling at a fast clip and we only hope it means an early peace.

Hope everything is fine with you folks and the other friends in Plymouth.

Sincerely,
Alex Bachrach

Promoted

WITH THE 37TH INFANTRY DIVISION SOMEWHERE IN THE SOUTHWEST PACIFIC AREA—One of the first Plymouth men to enter the armed forces, Cpl. William L. Cornell, son of Mr. and Mrs. A. F. Cornell, has been promoted to the rank of sergeant. Sergeant Cornell has been overseas with the 37th division for the past 26 months.

During the New Georgia and Bougainville campaigns he was a gunner in a field artillery gun section, his new assignment is chief of the gun crew and command of his howitzer section.

BOOSTER NIGHT AT HAZEL GROVE

The Hazel Grove Grange held a "Booster Night" meeting last Friday evening at the Grange Hall. There was an exceptional good attendance, including a

few members of the Plymouth Grange.

Marshal Rose opened the meeting, and after a few remarks turned the meeting over to Orva Dawson, who introduced the closing feature of the program, Rev. Beebe of the Methodist church, Shelby. The program was interspersed with musical selections by a juvenile accordion band. As closing feature of the program, movies were shown through the courtesy of James Root.

At the close of the evening ice cream, cake and coffee was served, which was greatly enjoyed.

Just a word to you folks at Hazel Grove . . . you've got a great Grange, and more than enjoy a short time with you. It's been a long time since I've met such friendly people, and I enjoyed shaking hands with many of whom I had not enjoyed in a short time, was with you. It's been a long time since I've met such friendly people, and I enjoyed shaking hands with many of whom I had not enjoyed in a short time, was with you. It's been a long time since I've met such friendly people, and I enjoyed shaking hands with many of whom I had not enjoyed in a short time, was with you.

By the way, keep an eye on Carl Carnahan's bunch—the Plymouth merchants assisting who are alive with new ideas, and there is no telling what they'll do to steal a member!

Again, let me say, the evening spent with you was really thrilling and one I'll always remember—PWT.

RESOLUTION

Be it resolved that by the death of Arthur F. Donnenther, the Alpha Class of the First Lutheran Church of Plymouth, Ohio, has lost a true and faithful member. Reverently do we pay our tribute of love and respect to his memory.

He was a kindly Christian gentleman and one whom to know was to respect and admire. His upright character and his lovable qualities were written upon his face so plainly that all who met him were at once impressed and numbered his friends by those who knew him.

No eulogy of ours can add to or detract from the deeds of this good man, rather may there be within us a high resolve to carry on as he would for the best interest of our Church.

Full many a year he labored in our cause
Full many a life he led in paths of right
About his Father's business was
each day his first and last
Nor resting, till he said "Good Night."

Respectively submitted by:
Myrtle Dawson,
Dora Hart,
Ira Culler.

HALF-MINUTE SERMON

(From The Pathfinder)

The Christian message at its heart calls for a revolutionary faith. It calls on men and women again today to have the daring courage of the early Christians, of whom it was said: "They are turning the world upside down." The Christian message demands transformation. It does not seek to destroy the past, but it does desire to transform and re-adapt the best of the past in the light of today's needs. Rev. J. Edward Birds, Broadway Temple Washing ton Heights Methodist Church, New York, N. Y.

Soldier Grateful For The Crestline Canteen

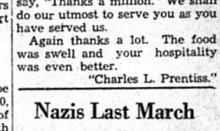

That the boys in the Armed Forces passing through Crestline really appreciate the canteen service, is expressed in a recent letter to Mrs. Willard Ross, who was one of the women serving recently. The letter reads in part: "I realize that you do not know me and that perhaps you do not remember of ever having heard of me. However, I am one of the boys who recently were lucky enough to receive one of your food sacks for service men, and I just want to express my appreciation for this fine service you are rendering and I know thousands of boys join me in saying this."

"It is that thoughtfulness and kindness of people like you that make being in the army seem a real pleasure. Not too many times are the boys awarded so wonderfully, and it is with deep feeling of gratification that we all say, 'Thanks a million.' We shall do our utmost to serve you as you have served us."

Again thanks a lot. The food was swell and your hospitality was even better.

"Charles L. Prentiss."

At Colorado Springs

Mr. and Mrs. Oliver Tilton and family who left Plymouth several weeks ago to go west in quest of better health for Mr. Tilton, are now located at Colorado Springs, Colo.

A letter to the Advertiser states they arrived the 17th of September and with no trouble except flat tires. "We enjoyed the trip very much. There were many interesting things to see there."

"We are now in a trailer camp. Living in a cabin and trailer too. There are no houses for rent now but we may find one later. The boys have only two blocks to walk to school. Barbara goes to Main high. She takes a bus and still has a mile to walk. She goes five miles. Oliver went to work in a machine shop."

"This is a smaller place than Denver, but think we will like it better. We are at the foot of Pikes Peak. Mountains everywhere. It is really beautiful and I think we are going to like here. It is quite hot in daytime but cold at night. It hasn't frosted yet. The fruit crop is at its best. All kinds of canned fruit but points are high. Melons are at their best—2¢ per pound. Prices are about the same as there."

"Danny made the trip o. k. but still has a cold. Everyone else is well. It will take some time to get used to the climate. It is quite different."

Friends may write the Tilton family at:

WOMEN SKULL IN AUTO CRASH

Robert Ernberger Injured Early Monday Morning On Route 61

Robert Ernberger of Shelby is confined to Memorial hospital with a fracture at the base of his skull, severe cuts extending across his forehead and body bruises, as the result of an accident on state route 61, a short distance south of Plymouth, at 1 a. m. Monday. It is likely he will be confined to bed for a minimum of six weeks. He is the son of Mr. and Mrs. Ray Ernberger of Shelby.

Ernberger was driving toward Shelby and had reached a point about two-tenths of a mile south of the fork with the Bucyrus road when his car became involved with another driven by Leland Stein of Franklin. Ernberger's car was overturned, landing on its top in the ditch. The Stein car turned over on its side in the road. Officials said, Monday there was a likelihood a tire on the Stein car blew out, causing it to spin into the Ernberger car. Both automobiles were completely demolished. There were no skid marks on the road to indicate much of what happened, highway officials said. Stein suffered cuts on his face.

An unidentified sailor picked Ernberger up and drove him into Plymouth to a doctor. He later was removed to the Shelby hospital.

PARENTS OF SON

Mr. and Mrs. Charles Foster of Crestline received a cablegram last week announcing the birth of a son, born to Mr. and Mrs. Harry Foster of Honolulu, T. H., on Sept. 2. The baby was named Garry Lee.

The parents were formerly of Crestline. Mr. Foster was an employee of the Fate-Roth-Heath company prior to his leaving the states.

HELPS WITH CROPS

Richard D. Sison, jr., Rt. 2, Willard, F-2c, at the U. S. Naval Training Center at Sampson, N. Y., recently volunteered to help save the crops of Honolulu, T. H., pack, half of which had been allocated to the armed forces.

The Huron county sailor, who has completed boot training, was among the volunteers to help the navy on special leaves to ease the manpower shortage at the A. & P. canning plant in Brockport, N. Y. The navy man lived at the Huron hotel, received regular wages and was transported daily by bus to the plant for work.

RETURNS HOME

Mrs. Harshel Fried returned Friday from Denver, Colo., to the home of her parents, Mr. and Mrs. George Cheeseman. Mrs. Fried made the trip alone, driving the entire distance. Her husband, P. C. Herber Fried has been transferred to Panama City, Fla., to a gunner's school. She hopes to join him later.

CLOVER FARM STORE

MANY APPLICATIONS MADE IN HURON FOR SOLDIER BALLOTS

Huron County Board of Elections has received 1000 applications for soldier ballots to date. This is approximately 45 per cent of those eligible to vote. After a rush period of several weeks since August 9th, only a few applications each day are now trickling into the board offices in the Huron County Court House.

Paul C. Tucker, clerk of the board, estimates that Oct. 15th will be the last date for applications for ballots to go overseas. After that date there will be insufficient time for the ballots to reach isolated battle stations and be returned by November 7th. As interest increases in the election, many more applications are expected from relatives of those in the service. Thus far the majority of applications have come from the service men themselves.

A large number of service men and women are expecting furloughs and leaves between now and election, and are planning on

voting while they are at home. For information of new voters in Huron county, the board announces that no registration is required in any precinct in this county. Due to the large city radio stations making appeals to all voters to register, the board has been besieged with telephone and personal calls in regard to vote registration. Registration is required in cities with population of 16,000 or more.

SEVENTH DAY ADVENTIST CHURCH

45 Sandusky Street
Saturday, Oct. 7, 1944, 1:30 P. M., Sabbath school, subject: Hosea — the Prophet of Love. Supt. Al Beckwith.

4:30 p. m., Worship. Subject—Will the Jews return to Palestine? There is no more timely subject than which we will study at this time. Very frequently we hear it referred to over the Radio in sermons.

Will the Jews return to Palestine before the end of the world, is a question many today are wondering about. God's book makes this very plain. God's book in Romans 11:26, says "All Israel shall be saved as it is written."

It also says in Romans 9:16 "For they are not all Israel, which are of Israel." This subject will be given by the aid of stereopticon slides, showing the text used on this subject.

The public is invited to come and hear what God's Book has to tell us on this timely subject.

CARD OF THANKS

Thank you, friends and neighbors, for the many messages, letters, cards and acts of kindness shown me during my recent illness. They were all greatly appreciated.

Things We Seldom See
Denver acting like a senior.

A senior acting like a senior. Bob Swartz or Dick Clark without gas.

Marilyn Van Wagner being quiet.

Doris Garrett not studying. Ted Ernst with a girl. Joe and Howard in Shiloh on Thursday night.

Last year's seniors.

Snooper!!!!!!!

Two senior girls would like someone to show them just how to touch your nose with your big toe. They can't seem to get it accomplished.

Why is Jean Forquer so sleepy every morning? I think we could ask Bernard about it, couldn't we, Jean?

We hear Ted got sick in chemistry the other day from perfume. I guess someone will have to change their brand.

Weren't the Juniors, or at least some of them, rather poor sports about the paper drive?

The main attraction in school Thursday was the owl George Rhinehart brought in.

Did you see how bad Denver looked Wednesday morning after his Tuesday night spree?

From rumors that have been going around all the seniors had fun collecting paper Wednesday.

Aren't those the cutest notes that Dick and Betty pass each other in the study hall?

The Snooper would like to say "Hi" to the Snooper of last year!

Has anyone noticed that a lot of girls are wearing rings with string around them and identification bracelets too large for them?

There's a song on the list that could be the theme song for the girls who have boy friends in the school. It is "I'll Walk Alone."

How about that bracelet Lorna has been wearing?

We wonder if Jeannette has her eye on anyone but Bob.

Could it be the Juniors are a little bit peeved about the paper drive?

We've been wondering what Betty Sloan is going to do when her recent heart throbs to the arms.

Did you see Jean Forquer Friday night with her man in uniform? A Shelby band uniform I mean.

There was a bunch of very sore girls Wednesday after the G. R. party Tuesday.

Did any of you girls ever go some place without a way home? Swartz and Shepherd at the football game with two Plymouth girls and Joe and Howdie at the same place with two Willard girls. I'll let you guess who they were.

What is happening to all the romances around school this year?

Mrs. Howard Biller and daughter Evelyn and Miss Clarabelle Jacobs were visitors in Mansfield Friday.

U. S. POISED FOR DRIVE BACK TO PHILIPPINES

By AL JEDLICKA

Less than three years ago Japan's armies had overrun the Philippines while the United States was still pulling itself together after the attack on Pearl Harbor—American soldiers and sailors are on their way back to the islands to throw out the enemy and fully restore our honor in the east.

In the air, on the seas and on the ground, U. S. forces Pacific toward this goal, with invasion of the Palau islands to the east and the Moluccas to the south bringing them within approximately 400 miles of their objective.

To the bearded, grimy, bedraggled serics who fear bravely to stem the advance of numerically superior Japanese armies at Cagayan and Corregidor, the advance might have been long in coming—but it was bound to come with the mobilization of America's natural resources and productive genius behind its armed forces.

Since the day he stepped into the patrol boat that bore him from Corregidor, General Douglas MacArthur, America's consummating ambition has been to return to the Philippines, to which he had been delegated as the United States' representative by the request of the late President Manuel Quezon.

General MacArthur, taking full advantage of the growing U. S. aerial and naval might in the South Pacific, developed a unique line of strategy devised to span the vast distances in a minimum of time and with an economy of life.

In New Guinea, in New Britain, in the Solomons and finally on the threshold of the Philippines themselves, General MacArthur's plans have materialized to isolate bands of enemy troops and remove them as barriers to his advance as

steadily resurgence in the South Pacific.

In moving closer and closer to fight on their side, interest centered in whether the enemy would finally risk his vaunted imperial navy in a clash in that theater.

Although scores of Japanese interceptors rose to challenge American bombers in the early stages of the Philippine fighting, the powerful carrier fleet bearing the planes rode offshore virtually unharmed. With the war in Europe nearing an end, and the U. S. thus able to concentrate its full strength against the Japanese, it appeared that the enemy's only chance of making a showing would be as soon as possible. That Admiral Nimitz nonetheless is pressing for an issue indicates the great strength in his command.

Consisting of a string of islands with a population of 16,336,000 people, of which about 4,000,000 read or understand English, the Philippines were ceded to the U. S. in 1898, following Admiral Dewey's destruction of the Spanish fleet in Manila bay and General Merritt's capture of Manila in the spring of that year.

At the time the Japs overran the islands, the Philippines were to receive their independence from the U. S. in 1946 under act of congress. Recent legislation, however, assured the Philippines of the liberty following the ousting of the enemy.

Principal Philippine crops include rice, hemp, coffee, sugar cane, corn and tobacco. Pineapples and oranges are among the chief fruits. Cabinet and construction timber, vegetable oils, tan and dye barks and dye woods are gathered from the forests. The islands also are rich in mineral resources.

Thanks To The Ladies
Many comments were heard of the splendid menu, the manner in

which it was prepared, and the prompt and quick service rendered. The ladies of the Lutheran Church are to be commended for an undertaking of this kind, and the group, under the direction of Mrs. E. L. Earnest, performed a perfect task. Recognition of the work done in decorating the dining room goes to Mrs. Lillian Volsard, who saw numerous flowers for beautiful flowers, the favors, and other novelties that added to the banquet.

Another act of cooperation that was appreciated by everyone was the help of the "office girls" in serving the dinner. And the cooks, who prepared the food, are to be congratulated—it was "just like home cooking!"

It was an affair that will long be remembered, and we all hope that it can be held again when more members become eligible for membership in the club.

THE WEATHER

September Cool and Dry, With Killing Frost on Low Ground. The month of September was slightly below normal in temperature, with a light frost on the morning of the 24th of high ground; and a killing frost on the muck and low ground on the same date.

The weather was also a dry month, the rainfall amounting to only 59% of normal. As a result of the drought, corn ripened early and most of it was cut and in the shock or ready for the corn picker by the end of the month. Fall sowing of wheat is about completed and some wheat is up, although more moisture is badly needed.

TEMPERATURE—The highest for the month was 90 degrees on the 3rd and 4th; the lowest, 32 degrees on the 24th. The average for the month was 64.0 degrees or 9 degree below normal.

PRECIPITATION—The total for the month was 1.87 inch, a deficiency of 1.32 inch. The greatest in 24 hours was .76 inch on the 22th. There were 10 days with .01 or more of rainfall; 14 clear days, 10 partly cloudy and 6 cloudy.

Thunderstorms occurred on 4 days, but no damage by lightning, wind or hail in this vicinity has been reported.

HALF-MINUTE SERMON

(Pathfinder Magazine)

Every religion, including Christianity, has its handful of elements; dependence on the unseen, spiritual being, consciousness of broken communion, and need of a new, heaven-given means of access. A principal axiom of the Christian faith is found in the covenant relationship of God and man. Going deeper into the Christian experience, the believer finds that conversion and baptism are actually covenants.—Rev. Dr. Ralph Walker, First Baptist Church, Portland, Oregon.
