

MISS JESSIE COLE RESIGNS AT NEW HAVEN AFTER 35 YEARS TEACHING

It was with a feeling of real regret when Miss Jessie Cole handed in her resignation as teacher in the New Haven schools to the Board of Education the past week.

Thirty-five years in the same school is a record seldom equaled as is also the fact that she knows personally every graduate of the New Haven schools.

Receiving both her high school and college education, Ohio Northern University at Ada, O., Miss Cole also took advanced work at Oberlin, University of Wisconsin and University of Chicago. After a year and a half of teaching in the schools of Erie county, Miss Cole came to New Haven. Here she taught in the grades a year and a half when she became principal of the High school, a position she has since held. She has majored in mathematics with some economics and English when the occasion arose.

Miss Cole recalled that the late C. T. Jenney of Shenandoah was superintendent at the time she came to New Haven. He was succeeded by Miss Bessie L. Snider, then principal, and who is still teaching in the Marion schools. During the thirty-five years, Miss Cole has seen great changes take place and the school advance to a first class position and an enrollment of 225 students. The greater number of these students were brought in by coming in from the surrounding countryside, including Celeryville, whose high school students have been a part of the system for more than twenty years.

The splendid cooperation of the Parent-Teacher's association, the immediate vicinity and the Celeryville group, brightened the routine task of teaching young folks who, at the time, look for granted the many hours of preparation and hard work necessary to present the lessons in an understandable manner. Years later, in many instances, letters were received by Miss Cole of appreciation for the foundation she assisted in laying for a successful career. Teaching has become a work of love in late years, many leaving the profession for more lucrative positions.

Many Teachers in Family It is also a source of satisfaction to Miss Cole that it was while she was principal that her two brothers graduated from the New Haven schools. Dr. A. E. Cole is now in the medical department of the University of Louisville, Ky., and Clarence is employed in Akron, O. His sister, Miss Margaret, teaches in the Pittsburgh, Pa., schools. There are also a number of nieces and cousins who have followed the teaching profession.

No Plans Miss Cole states she has no immediate plans but will continue to make Plymouth her home, and enjoy a well-earned vacation, and with it come the best wishes of the entire community.

Her Resignation The following resignation has been sent to the board members, which will be acted upon at the next meeting, June 23:

Members of the Board, New Haven, Ohio. Dear Friends: Having decided to retire from teaching, I am asking you to accept my resignation, effective at the close of this school year. I wish to say to you, and through you to all my friends at New Haven and Celeryville, that I deeply appreciate the many kindnesses shown me during the years I have been with you. I trust that together we have helped to make New Haven school one of high ideals and worthy accomplishments.

I shall always have happy memories of both pupils and patrons, and my best wishes are with you all for continued success and happiness.

Yours very sincerely, Jessie I. Cole

TO ATTEND CONFERENCE The Northeast Conference of the Methodist church will convene at Lakeside, June 21. Rev. and Mrs. E. R. Haines and daughters Phyllis and Mrs. John Armour and sons Kent, and Mr. and Mrs. Wm. Johns will attend. Mr. Johns is a delegate.

RETURNS TO NORFOLK Mrs. Doris Hatch DeWitt left by auto Tuesday for her home in Norfolk, Va., after visiting her parents, Mr. and Mrs. R. B. Hatch and other relatives. Wm. Ross of the U. S. Navy, who is also stationed in Norfolk, accompanied her to his base after spending days with his wife and other relatives in Plymouth.

CONTINUES ILL Mrs. Frank Kenestrick of this place, Mrs. Ed Kenestrick of Columbus, visited the former's sister, Mrs. Orpha Brown, who is very ill at her son Alto's home in Shaker Heights.

PETER L. SMITH PASSES AWAY

HEART ATTACK PROVES FATAL ON SUNDAY TO FORMER RESIDENT.

Funeral services for Peter L. Smith were held Wednesday afternoon at the Miller-McQuate funeral home on North street at two o'clock. Rev. and Mrs. J. W. Felt, who with one son, Donald Clements, survives him. He leaves also his aged mother, Mrs. Julia Smith of Ravenna, Ohio, a brother, Floyd Smith of Middlefield, a sister, Nellie Peters of Montville, and two half brothers, Fred Hubbard of Huntsburg and Forest Hubbard of Ravenna.

When a small boy his father died, and he was raised from childhood by Mr. and Mrs. Felt, who with his daughter Hazel, also survive.

For many years he lived in and about Plymouth, and his many friends here regret to learn of his passing.

He is a veteran of the first World War, having served from Oct. 1917 to Nov. 1919, and was overseas for eighteen months.

For the past two and a half years he has been employed in defense work in Cleveland. There a few weeks ago he suffered a severe heart attack from which he failed to recover.

When still a youth he joined the Methodist church at Middlefield where his membership still remains.

CHILDREN'S DAY EXERCISES AT METHODIST CHURCH SUNDAY

Fathers will be honored next Sunday, June 18, when the children of the Sunday school department of the Methodist church will present their annual program. A number of recitations, musical numbers, sales and a half program. A highlight of the morning will be roll call when each child will present her father with a remembrance.

The program will be the usual

rollment of 225 students. The greater number of these students were brought in by coming in from the surrounding countryside, including Celeryville, whose high school students have been a part of the system for more than twenty years.

The splendid cooperation of the Parent-Teacher's association, the immediate vicinity and the Celeryville group, brightened the routine task of teaching young folks who, at the time, look for granted the many hours of preparation and hard work necessary to present the lessons in an understandable manner. Groping in the Dark

START REPAIR OF ROUTE 61

Highway to be repaired between Plymouth and Vernon Junction.

Much needed improvements of State Route 61, which will result in the resurfacing of the highway, between Plymouth and Vernon Junction, through Shelby, began Friday. The contract calls for resurfacing of a 6.67 mile strip between Plymouth and Shelby, and an additional 2.9 miles south of Shelby to Vernon Junction.

The resurfacing is to be of a bituminous material mixed on the job and is under contract with the Ohio Road Improvement Co. If the weather permits, the strip between Plymouth and Shelby will require about ten days for resurfacing. The Shelby-Vernon Junction stretch will take about four days.

Through traffic will be closed off, but local traffic may still use the road, as but half of the highway will be resurfaced at a time.

BOY SCOUT HUT FUND GROWING

Two more boys from Plymouth now in the service of Uncle Sam contributed the past week to the ever-growing Boy Scout Hut Fund. Lt. (jg) David Brown of Chicago, and A-S Norman McQuown of San Antonio, Texas, sent checks for \$6.00 and \$5.00 respectively to add to the fund.

With a goal of \$1500, approximately \$950 has been reached without solicitation. However, the last \$500 is always the hardest to raise but the Scout committee has hopes that this amount will be forthcoming.

Donors since the last report, in addition to the above, include: Mr. and Mrs. L. E. Keith \$5, Mr. and Mrs. F. B. Stewart \$5, Mr. & Mrs. Ed Ramsey \$10, Mr. & Mrs. E. A. Brown \$10, Charles Vanadale \$3.00, Virginia Fenner \$2, Clyde Smith \$5.00.

There have also been several anonymous contributions.

INJURED IN FALL

While picking cherries Friday morning, Rev. Jeff Adams, of the Shelby-Plymouth road, had the ladder to slip, causing him to fall. He was removed to the Shelby hospital for examination and later taken to his home. It was disclosed that two vertebrae had been injured.

Rev. Adams is a retired Methodist minister and frequently assists at the local church. He resides at his farm on the Shelby road.

A Father's Day Thought

IN YEARS GONE BY, FATHER WAS more or less the "forgotten man," but he is gradually coming into his own. The little boy of yesterday is now the fighting man of today in all parts of the world, and his thoughts turn homeward as tribute is paid on Father's Day, June 18.

The following message was received by L. S. Hamman of Shiloh from his son, Jesse Wayne Hamman, who has been in the Southwest Pacific since last August, while on duty in the Navy. It well expresses what our boys are thinking and have come to realize.

Dear Dad: Thoughts of you this year are so different from those of the years that are gone. Under God, Dad, you are responsible for my existence. Time was, no doubt, when with the impatience of youth, you wondered, you worried as to how I would turn out. If all you had done would be worthwhile.

Things are so much clearer now, Dad. Matters I never took time out to understand or to learn, have at last impressed themselves upon me. The worries, the care, the sweat and the labor to provide me with the security and the shelter of home, Dad, I now have the sense to realize.

And I want you to know, Dad, that I do appreciate all you have done. With that appreciation there has also come to me Dad, the responsibility that is mine now.

To do the best job I can to settle the matter in hand, so I can come home and in my turn, after your example, shoulder my responsibilities, to take my place in making a better world, even as you have done and are still doing Dad, thanks for everything.

young man lost his footing and he fell underneath and was dragged about 30 feet before the car came to a stop. The accident occurred about 7:00 a. m., a mile and a half north of Ladlow Corners.

SERIOUSLY INJURED

Clovis Lawson, 17-year-old Kentuckian, who resides on the Hoffman Farms, west of Plymouth, is in the Willard Municipal hospital, seriously injured, where he was removed in the Miller-McQuate ambulance following an accident Wednesday morning.

Lawson had been working on the engine of a car when another car in the rear was assisting by pushing it. In some manner the

young man lost his footing and he fell underneath and was dragged about 30 feet before the car came to a stop. The accident occurred about 7:00 a. m., a mile and a half north of Ladlow Corners.

Lawson is employed as a truck driver for Buurma Bros. of Celeryville. He is a native of Kentucky and came here several months ago.

LOCAL GARDEN CLUB PLANTS FLOWERS AT MARY FATE PARK

The flower beds at the Mary Fate Memorial Park are planted. The center bed is fifteen feet in diameter, surrounded by four beds with paths between for the convenience of the power mower.

Members of the club are: Mrs. Tena Merriam was removed Thursday afternoon in the Miller-McQuate ambulance from Sandusky to the home of her sister, Mrs. Louise Miller of North Street. Mrs. Merriam had been visiting her grandson when she suffered a gall bladder attack.

The 50 geraniums were donated by the Smith Greenhouse of Willard. The remaining plants were paid for by the Park Board, procured and planted by the Garden Club. Mr. Franklin, the caretaker at the park, spaded and prepared the beds.

The public is asked to cooperate in any way possible, and to remember that both labor and money go into the preparation of a flower bed.

REMOVED HOME Mrs. Tena Merriam was removed Thursday afternoon in the Miller-McQuate ambulance from Sandusky to the home of her sister, Mrs. Louise Miller of North Street. Mrs. Merriam had been visiting her grandson when she suffered a gall bladder attack.

MOVE TO SHELBY Mrs. Haldon Cheesman and daughter have moved to Shelby where they will make their home.

Around the Square

(By Phineas Whittlesseed)

WELL, I think we all agree that the past week has been one of "fine growing weather." Never have the crops looked so prosperous — and I sometime wonder if they aren't affected by the New Deal?

GEN. MARK CLARK has been chosen as America's No. 1 Dad for Father's Day, and I've been doing a lot of thinking. If I had to judge Plymouth's most outstanding Dad, I believe I would select Joe Lash. You see, he has been father and mother to three mighty fine children, raising them up almost from infancy. He has kept them together — and now that they are on "their own" he has a right to feel proud of them — a girl happily married; a boy overseas in the army, and a third son in the Merchant Marine. And, too, Joe never gets provoked, not even around the house, and that gives him an edge on most Dads.

AND when you start checking over the list, Plymouth has some exceptionally good and outstanding Dads. For if it didn't have there would be no park, no Scout organization, no industry, no — "nothing" almost. Oh, well, I suppose when Mother's Day rolls around again, I'll find something good to say about you women!

I'M convinced that as long as I over-eat I won't lose any weight. But if I want to carry it around with me, that's my business!

JOHN GANZHORN is suffering from a "bone-felon" on his forefinger of the left-hand. John says it provokes him, especially when he's suffering from a manpower shortage at the Elevator.

AND speaking of shortages, stopped to see Fred Schneider, that coal man, and he tells me that if people in Plymouth are wise that they'll really make every effort to get their coal in NOW. This is not a joke for the next two months is a reminder to ACT now!

A NAZI flag, approximately 4 by 5 1/2 feet has been received by Raymond Babcock from his brother "Dutch," who is in Italy.

The flag, no doubt, has an interesting story behind it, but no details as to how it came into his possession were received. It has a red background with a large white circle centering the red and black swastika in the white field. Attached to the flag was a piece of adhesive tape with these words: "To Raymond from Dutch." Beside this was a pen drawing of the map of Italy. Dr. Babcock was displaying the flag to interested friends late yesterday.

WELDON CORNELL of the B & G lets out the good news that there is to be no limit on ice cream for the next two months. It is welcome news for there's nothing like a healthful dish of cream these warm days.

JIM ROOT is exhibiting a beautiful coat of tan, and I wonder if he got it while mowing the lawn or working in the garden?

IT IS rumored that Paul Root, who has been in the Southwest Pacific for many months, is on his way home to spend a furlough with his parents. It'll be just like Paul to surprise the whole town when he blows in!

IN COLUMBUS Misses Bevels Neely and Arline Steele left Saturday for Columbus where they enrolled for a two-weeks course at Bliss Business College, followed by a four-week training course at the Dayton Air Post. Upon completion they will be assigned to a civil service position.

CRACKS RIBS Mrs. Ben Washington cracked several ribs Sunday morning as she was working in the yard at her home. She has just recovered from a broken left wrist.

TO MOVE THIS WEEK Mr. and Mrs. Sam Spensler expect to move this week from their farm on the Springmill Rd to their newly-purchased home on Plymouth street.

EVERY SATURDAY PLYMOUTH THEATER 11:30 P. M.

Above the HULL ABY LYLE HULL

Over the Brink

For almost five years now this terrible war has been traveling down the road of blood. Violent death has come to probably several million men, women and children. The labor of centuries has in many places been obliterated. New and undying hatreds have been created; economic and political fabrics — built over the course of years with the greatest of thought and care — have been destroyed. The outlook ahead is black — black for our enemies and of a very somber hue for us.

Germany must suffer punishment for permitting a government of puppets to control the world in such a cataclysm. It is poor excuse to plead that Hitler's Socialists grabbed control of government and forced the German populace to obey their will. There were 80 million Germans when the war started and less than 5 per cent were members of the National Socialist party. A nation which would tolerate any government to which a vast majority of its citizens may be opposed is a nation in which a nation must be — and is held to account for the acts of its government.

The outcome of the Japanese war is at this date not predictable with any degree of certainty. Almost surely our enemy will be defeated unless some unforeseen changes occur in the prevailing international lineup. No one has much sympathy for a people capable of the wanton acts perpetrated in this war by the Sons of Nippon; and they will spell a painful day of judgment for them.

And what about the others? It is difficult to visualize the presently coming and the postwar hardships which will face the people of

China, Britain, France, Italy, Russia, and the smaller nations of Europe — and ourselves? There are tough times ahead for all of us, and in the postwar days to come it is going to require the superlative judgment of superlative men to bring some of us out whole. And as for the longtime evil results of this war — they are incalculable! Every war causes suffering, misery and violent death; and yet history shows that we humans of this earth have allowed more than a year per year to take place — some where on earth — for every one of the last 200 years — and more. Why? Was Darwin right — and is the human brain still so similar in structure and capacity that it is incapable of devising a system which will outlaw war, as it has devised a system with which to outlaw ordinary murders? When will we have absorbed sufficient punishment to force this issue? Must mankind be genetically destroyed first?

At a time like the present when the whole world is sick of bloodshed and military conquest, it is indeed who do not cry the cry of force to settle international differences. But there is a danger from now today's picture will have faded, and there will be no aspring world conqueror with which there is little doubt that one or both good Lord help us if we have by that time learned nothing from the "improved" inventions of the just as the last world war predicted that "improved" inventions of the taking of human life in the next great war (this present one) — so common sense tells us that a third global war will bring "civilization" fairly close to the brink — and, that a fourth will push it over.

This Week in WASHINGTON

WASHINGTON, D. C. — According to figures we have been able to gather here, three major records were broken here during the month of May, two of which all patriotic Americans should be ashamed and one of which should give them a sense of pride. These records were: Record No. 1: There were more strikes during May than during any month since Pearl Harbor. Final figures have not been released yet, but the figures for April showed a new record and May figures are believed to be considerably higher than April.

Record No. 2: More war bonds were redeemed in May than in any month since Pearl Harbor. Total redemptions of Series E bonds were \$271,714,318 as compared with total sales during the month of \$713,607,992. In other words, redemptions amounted to 38 per cent of total sales. The previous record for redemptions was in March in order to meet income tax payments. The new record can be traced to nothing but a relaxation of war effort.

Record No. 3: American aircraft plants produced 8,700 planes in May — the greatest number of planes ever produced by one country in one month.

At first glance it may seem amazing that the last splendid record could be achieved in spite of the other two. But it does not mean that production can go ahead indefinitely no matter how much certain labor groups and the public in general fall down on the job. The loss of airplane engine production caused by the widespread foremen's strike in May will probably be reflected in June plane production figures. As for bonds — the government will go ahead with necessary war expenditures even though it may have to force the public to buy bonds or pay higher taxes later on. Because of the political pressure in an election year probably no new legislation will be en-

acted before November to increase taxes or to make the purchase of bonds mandatory. But, no matter which party gets elected, there is little doubt that one or both of these measures will be taken after the election if the present falling off of voluntary interest in war financing continues.

As for strikes, although legislation on that subject too will be postponed, a lot can be done without legislation. The War Manpower Commission already has announced that it intends to "get tough" on the manpower problem beginning the first of July. At that time, according to the present plan, all men over 17 seeking new jobs and all employers seeking new help will have to work through the U. S. Employment service. This service will rank industries according to their essentiality. Non-essential industries will only be able to get women or the men who are not needed by essential industries.

The new plan of having the government direct all employment of men over 17 is aimed primarily at keeping essential jobs filled, but it is believed it will indirectly curb strikes since the government will assume many of the employment functions which are now in the hands of voluntary unions. Proper distribution of manpower is expected to be increasingly difficult as the army and navy cut down on their recruitments for some items while increasing their demand for others. It is going to mean that men must be shifted from one factory to another and from one location to another. A recent overbid of a navy contract, is indicative of the situation. Unless detailed controls are worked out there will be an increasing number of cases of men losing their jobs in one area while there is an acute labor shortage in another.

Inside Look at an Oil Company in Wartime

A report to the people of Ohio . . . by The Standard Oil Company (Ohio)

1 IN UNIFORM FOR UNCLE SAM are more than one-third of our regular men employees. Sohoans in the service will find their old jobs, or better ones, waiting for them when they return. One of our greatest concerns is that they shall return to the opportunities and way of life which they are fighting to preserve.

2 OIL IS THE VERY LIFE-BLOOD of America's war effort, with aviation fuel an especially critical need. Sohio's production of aviation gasoline increased almost 500% in 1942 over the year before and was tripled again in 1943. To accomplish this, Sohio has converted existing equipment and has built new refinery units — all without calling on the government for financial aid.

3 MORE THAN HALF the tonnage of all war materials going to the fighting fronts are products of oil. There are hundreds of these, besides gasoline: fuel oil for war ships, lubricants for engines on land, sea and in the air, oil for medicines and many other products. One example is asphalt for air strips and military roads. Sohio — only fifth in size among oil companies in the U. S. — last year became the nation's third largest producer of asphalt.

4 CRUDE OIL PRODUCTION was a relatively new effort for Sohio in 1943. Expanding our activities, we discovered a number of new fields and brought them into production, thus multiplying our crude oil output at a time when finding new sources of crude is increasingly important to war needs. Much oil remains to be found in the United States and Sohio plans 90 to 100 wildcat wells in 1944 for discovery of new fields.

5 OIL IS KEPT MOVING by Sohio's extensive use of pipe lines and barges, thus saving already jammed rail transportation for other war materials. Today on the Mississippi and Ohio Rivers Sohio operates one of the largest inland-water fleets carrying oil in the country. Sohio owns and operates almost 3,000 miles of pipe lines.

6 KEEPING CARS RUNNING at home has been part of Sohio's wartime responsibility. This job has been done in spite of an acute shortage of manpower. We have trained new service station personnel, including many women, and have developed special car-saving services to provide the extra car your car needs to outlast the war.

NORTHERN OHIO TELEPHONE COMPANY

7 ADVERTISING HAS GONE TO WAR. For instance, one-fourth of commercial time on our SOHIO REPORTER radio newscasts since we began has been devoted to our government's programs of conservation, bond buying, blood bank, etc. We are particularly pleased with a letter from the Advertising Council, saying: "... appreciative thanks for the many ways in which your company has covered so many phases of its advertising to the support of war information campaigns. You have made a material contribution to the war effort."

8 GOOD EMPLOYEE RELATIONS is one of the most important continuing responsibilities of any company. Sohio provides security and pleasant working relations by offering its employees sick benefits, regular vacation with pay, low-cost group insurance and a liberal retirement plan. For example, a man who started with Sohio at age 25 and averaged \$200 a month income over the length of his service, has been retired at 65 with an income of approximately \$160 a month for life. Almost 400 Sohioans are now enjoying a comfortable, carefree life on this retirement income.

Lloyd Marks, son of Mr. and Mrs. Clayton Marks of near Adario, is at his parent's home for ten days.

Lloyd, who was first pilot on a flying fortress, was severely burned about the head, chest and arms while in active duty in England. He was sent to the States about a month ago and will return to Valley Forge hospital in Phoenixville, Pa.

MISS AVA PETTIT BECOMES BRIDE OF WOODBURN ARNOLD, SUNDAY

Miss Ava Pettit of Tiro, who has been a teacher in our schools for several years, became the bride of Woodburn Arnold, a prominent young farmer southeast of town. The wedding was very pretty and took place in the United Brethren Church in Tiro, on Sunday afternoon, June 11. The bride was in a blue floor length dress with a shoulder-tip veil. She was attended by her two sisters. All carried lovely bouquets. Helen May McQuate, the little daughter of Woodburn and Mrs. C. H. ASKS JUDGMENT

Carl Knoke of Gaylord, Mich., has filed an action in common pleas court, Norwalk, in which he asks a judgment of \$1397.50 from Walter E. Cummings of Willard. The judgment is alleged due on a seed potato transaction, Knoke asserts that on Dec. 11, 1943, he sold the defendant 900 100 bags of seed potatoes on a basis of \$2.50 a bag.

Cummings, the petition states, paid \$200 and agreed to pay the remainder on delivery. On or about April 27, 1944 the plaintiff says he shipped the defendant 450 bags of seed potatoes, which were accepted but has not paid for. Knoke avers that on about May 10, this year, the defendant refused to accept the rest of the potatoes and requested that the plaintiff sell them. It is stated the plaintiff sold the 450 bags for \$652.40 or on a basis of \$1.45 a bag. E. S. Miller of Norwalk represents Knoke.

Miss Ava Pettit Becomes Bride of Mr. Woodburn Arnold Sunday

Miss Ava Pettit, daughter of Mr. and Mrs. Ira Pettit of Tiro, became the bride of William Arnold, son of Mrs. Della Arnold of Shiloh at four o'clock Sunday afternoon with Rev. T. W. Bennett reading the double ring ceremony in the newly decorated Tiro United Brethren church.

A half hour recital preceded the exchange of vows. The soloist was Miss Kathryn Law of Medina, Ohio; the violinist was the brother of the bride, and Miss Mary Muntz of Hillsboro, accompanied at the new grand piano. The bride wore ice blue net over satin and a shoulder length veil. She carried a bouquet of pink and yellow roses with blue lispur. The double strand of pearls which she wore was the gift of the groom.

The maid of honor was Edna Pettit, sister of the bride. Dunn Arnold, nephew of the groom, acted as best man.

The wedding party included a junior bridesmaid, Helen McQuate, niece of the groom, who was dressed like the bride and carried an identical bouquet; the bridesmaid, Ila Pettit, sister of the bride, wore yellow eyalet over satin and carried an arm bouquet of pink roses; the completer of the pink eyalet worn by the maid of honor and the yellow arm bouquet which she carried.

The rings were carried to the altar by Dudley Arnold, nephew of the groom.

Rose petals were strewn for the bride by Vivian Dick and Nida Stroup, cousins of the bride. The flower girls were dressed like the maid of honor and the bridesmaid.

Joe McQuate and Dean Arnold, nephews of the groom, were the ushers.

After the ceremony Mr. and Mrs. Arnold received the congratulations of the friends and relatives, most of whom proceeded to

the home of the bride's parents, where a six-tiered wedding cake and other dainty appointments were served to 150 guests.

Mrs. Walter Payne poured at the reception table. For going away Mrs. Arnold carried a flowered jenny dress with white accessories.

Mr. and Mrs. Arnold will be at home, east of Shiloh, on the Mansfield road, after June 18.

SUNSHINE CLUB MEETINGS

Enlist in Waves

Miss Barbara Coburn and Miss Marian Johnson of Willard were sworn into the WAVES at the recruiting station in Cleveland on May 26th.

Miss Coburn, 20, is the daughter of Mr. and Mrs. E. L. Coburn, and was employed at the Pan-fare confectionery and Williams Pharmacy since her graduation from Willard high school in 1942.

Miss Johnson, 21, is the daughter of Mr. and Mrs. B. L. Johnson and was employed at the Shelby Salesbook and Autocall after her graduation from Willard high in 1941.

These girls are awaiting call and will be sent to Hunter College, New York for their boot training.

Goes To Navy

Jerry Caywood left yesterday, Wednesday, to enter the Navy. He recently disposed of his meat market and grocery store to Robert Schreck.

LuVier Barber in England

The first word since April was received by Mrs. Helen Barber of Willard from her husband, Pvt. LuVier Barber. It arrived June 5 on his 34th birthday and was from England. He writes he did not get seasick going over and everything was ok. LuVier and family are former residents of Plymouth where he was employed at the F-R-H Co.

Personals

A. C. Henry, son of Mrs. Edith Henry, is now stationed in Guadacanal. Another son, Dan, is located in the Hawaiian Islands.

Pvt. Earl Hankammer of Camp San Luis Obispo, Calif., arrived Sunday evening to visit his wife and other relatives on a short leave.

Hal Myers has recently been promoted to Sergeant.

Charles Dick of the Merchant Marine is visiting his parents, Mr. and Mrs. Harry Dick. He reports seeing Roger Miller, also of the Merchant Marine, in Liverpool, England, on his last trip.

Major and Mrs. Ralph Dunlap recently visited in Mexico, while on a short vacation. They are stationed in Texas. Mrs. Dunlap is a sister of Mrs. Edith Henry.

Tom Moore called home Thursday evening from California, saying he was leaving on sea duty but restrictions forbid his saying where.

Albert Marvin, Jr., another of our senior boys, is also on his way for sea duty. Last letter was from Shoemaker, Calif.

LuVier Barber now has an A. P. O. in England. A letter to his family indicates he is well and enjoying himself very much. In fact LuVier collected enough from the boys to phone home free

Joins Merchant Marine

James Rhine, son of Mr. and Mrs. James Rhine, Sr., and Jack Hampton, son of Mr. and Mrs. Dick Hampton, left early Saturday morning for Cleveland where they joined another group of enlistees for the Merchant Marine. The group left Cleveland for Sheephead Bay, N. Y., where they will take training.

Home On Furlough

Pfc. Harold Edmondson of Kingman, Ariz., arrived Saturday morning to spend a 15-day furlough with his wife, Mrs. Harold Edmondson and little daughter, Judith Kay, at the George Hackett home.

ILL IN WILLARD

Mrs. Velma Mills is ill at the home of her parents, Mr. and Mrs. J. C. Waterbeck of Willard.

What news will Gen. Eisenhower get from us ?

You know now what we've heard from him.

We've heard that Eisenhower and his Americans have hurled themselves like a thunderbolt against the bristling defenses of Hitler's Wehrmacht!

We've heard that they are battering and smashing at our foe—sparing neither steel nor sweat nor blood in one final, furious assault that marks the supreme military effort of this War!

And what news do Eisenhower and his men expect from us ?

Men and women of America—what the Invasion is to our fighting men, the 5th War Loan is to us at home! For us, as well as for them, this is the crisis—the time for tremendous, overwhelming effort! Make no mistake! The 5th War Loan is the biggest, most vitally important financial effort of this whole War!

If the 5th War Loan is to succeed, each one of us must do more than ever before—must buy double . . . yes, triple . . . the Bonds we bought last time.

Our men expect to hear that we are buying double—that we are matching their sacrifice as best we can—that the American nation, soldiers and civilians together, is making one gigantic effort to win this War!

That's the news our men expect to hear from us.

Will you personally see that they get it?

And here are 5 more reasons for buying Extra Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

Surprise Path to Paris

Courtesy THE STANDARD OIL CO. (OHIO)—21

Allies' apparent invasion strategy of smashing right down the Seine River valley to Paris was a surprise move, for not in centuries has an invader of the continent chosen this path. Eleven thousand first-line planes alone unbrellaed the initial invasion armada, with miles-long "sky trains" of gliders bringing constant reinforcements of paratroopers. Accumulating and transporting millions of gallons of 100-octane gas for this aerial army was one of outstanding feats of the Service of Supply. Radiophoto below, flashed from London, shows U. S. paratroop patrol shortly after landing, as, sheltered by walls of French churchyard, they seek out the foe.

DEADLINE SET

Richland county farmers who plan to obtain lime for their land this summer are urged to submit their applications to the county Triple-A office before July 15. Richland county farmers already have ordered nearly 4,000 tons of lime under the AAA soil-building program. Farmers participating in the government farm program may take all of their soil-building allowance in lime if they prefer. Because of the transportation

and labor problems, clerks at the AAA office also urged farmers to take farm deliveries of lime and spread it themselves. "SEERS AND SUCKERS"—BY JOSEPH DUNNINGER The famous mind wizard who has amazed radio audiences by telling their innermost thoughts, exposes the fake spirit mediums who are preying on the families of our country's war dead. LEGION AUXILIARY IS GRATEFUL TO FRIENDS

The appreciation and thanks of the American Legion Auxiliary is extended to friends and donors for their help in serving at the Crestline Canteen last Thursday. More than 700 boys in service passed through that day and all were remembered by the Auxiliary with the backing of the community. It is one way of showing the boys that the Home Front is on the alert.

JAMAICANS BEGIN WORK

Fifty-five Jamaicans who arrived Tuesday near Plymouth, are quartered in the school building at New Pittsburg, west of here about three miles. They began work on the Willard Marsh last Wednesday morning. The Jamaicans say they arrived in New York on a ship carrying six thousand of them, who will help out in agricultural work in various parts of the country this summer.

Thank You!

Monday, June 12th, we snapped the switch and shut down the last incubator unit. A farmer who sees his corn in the crib in late Fall knows how we feel. Since Feb. 1st we have turned eggs, watched humidity and checked temperatures every four hours. All we must do now is get ready to start over next year.

Thank you we say to all who have given us orders. Your confidence in PAGE'S CHICKS has made a very successful season for us. It has been a real pleasure to meet you in our store and work with you. We have tried hard to give you chicks second to none and equally good service.

Flock owners, THANK YOU too. Your splendid help in selecting fine, large eggs and excellent care of your flocks has made possible the high grade chicks we have been able to furnish our customers.

Next year we hope to offer New Hampshire Reds and perhaps one other variety in addition to White Leghorns and White Rocks.

For the balance of this year our store will be open on Tuesday, Thursday and Saturday nights only. Watch this space for an interesting story, every other week, about some successful poultry raiser—it might be your neighbor.

JOE AND RICHARD WRITE HOME FROM THE SOUTH PACIFIC

And a guy named "Joe" Mooney writes home from New Guinea. "I don't worry" even though he has just participated in a beach-landing and was more or less disappointed in its opposition.

In a Mother's Day letter to his mother, Mrs. C. C. Moore, Joe writes: "It is the second Mother's Day that I have been away from home." Other excerpts are: "As I told you in my last letter, Jack Hoffman, Edwin Beaching and the Shiloh boys are here at this place. I didn't know exactly where they were but I started out last night (May 13) and had some luck. I found Jack on the beach and he hasn't changed a bit. He came back to camp with me, and boy, did we talk! Tonight he is coming up and is going to bring Jeep Beaching with him. It's going to be 'Old Home Week.'" He said that Delmar Nesbitt, Tuck Buckner and some of the other boys were here, too. When we both get a day off (Jack and I) are going to look them all up.

In Beach Landing "Am enclosing some Jap writing and a Jap coin. The writing was taken from an ammunition box that was left behind after the hurried Jap departures. Your guess is as good as mine as to what it says. The coin was found on the beach. I believe it is the smallest denomination they have."

"We have moved up further since I last wrote you. I haven't worried as to the space between letters. We moved by boat and landed as part of an invasion. We were rather excited or keyed up before landing because we didn't know exactly just what was waiting for us on that beach. We had our guns out and loaded. Looking back it seems rather silly because the only Japs were the prisoners and the "babe ones" (dead). The prisoners—one of them I saw, reminded me of some of those cartoons back in the States with their buck teeth and slating eyes. I don't mind telling you I don't like their looks a little bit.

I saw some of their buildings. They were made out of palm trees. They really must be filthy from that I saw. Some of the food was there too, mostly rice and fish. A couple of trucks were there also. It really looked funny seeing Chevrolet trucks in a Jap camp. I guess they got them when they invaded the Philippines.

My work is better than I thought it would be. So far I rather enjoy it. There are three of us that are clerks in the message center. As far as I've gone in it, I think it will prove interesting. Oh! Ho! It just started to rain. Part of the tent came down and the bed is soaked. We will probably have to dig new fox holes tomorrow. DON'T WORRY!" Love, Joe.

vice since January, 1942. He is in the Southwest Pacific and mail has also been slow in returning to the States as well as reaching its destination. In a letter dated the 14th of April he had not yet received the package sent in October, but he is sure for that month either. However, he still had hopes as a lot of old mail was catching up with him. He writes "as for the Advertiser, I'm getting it pretty regularly now, if you want to call regular with one of the February issues coming one day, and one of the November or December's coming in the next two or three days. I have a red letter day for him—for on that date 15 letters caught up with him at one time.

Other interesting excerpts are: "I received two letters from the Kendig brothers tonight, one from Harlow in England and one from Leo in New Guinea. Leo told me about seeing Paul Rot in Australia. About a week ago I met Larry Lawson from Celeryville and then a couple of days ago he took me to see a fellow from Willard, who turned out to be Bob Yokem. You can't imagine how surprised I was to see someone from home that I knew. Now the three of us can compare notes and have practically all the news from home. I received a couple of papers the other day so I'll keep them up to the boys real tight. There's another fellow in Larry's outfit from Mansfield but I don't know him. I still see Jim MCKee every once in a while.

I mentioned something about a service man could buy a wife for \$16.50; well, I never heard about that, but don't let the movies lead you astray, as you almost make your sick to see them with their black teeth, skin peeling off, slit ears and crummy hair. Well, tell Ott Kinsel, I said hello and give him my best—remember me to all my old friends around the Square. Sincerely, Rich.

NEW BOOKS AT LOCAL LIBRARY

The Victory Garden Reading contest displayed in the library window continues to draw considerable attention.

Arranged on a large table, approximately forty small plots of ground have been marked out within the picket fence, each with its individual worker in the garden. The worker represents the youngster who enrolled in the contest and as the enrollee completes the various books, a miniature paper vegetable is planted. The idea, of course, being to complete the reading circle within the specified time and encourage competition in raising their vegetables, or reading course.

New Books Are Here

Miss Jessie Trauger, librarian, reports the addition of many new books including mysteries, westerns and the fourth in the series by Upton Sinclair — "Presidential Agent." There are also 35 more books ordered from the Whitney Fund for the young people.

The following new volumes can now be found on the shelves: Lost Island—Hall; Fair Stood the Night—Bates; In What Torn Ship—Eaton; The Cab in—Childs; Taps For Private Tuscie—Stewart; Indigo—Weston; Moon Was Red—Dana; Winter Wheat—Walker; Made to Order Stories—Canfield.

ANNOUNCE ENGAGEMENT

Announcement is being made of the approaching marriage of Miss Adrianna Cok, daughter of Mr. & Mrs. John S. Cok of Celeryville and Mr. Harold Danhoff, son of Mr. & Mrs. Sam Danhoff, also of Celeryville, to take place on August 3rd. The wedding will be held in the Reformed church at Celeryville.

Miss Cok is a graduate of New Haven schools and for the past three years has been employed as bookkeeper at the Peoples National Bank, Plymouth.

Mr. Danhoff is a graduate of New Haven school and is one of the progressive gardeners of Celeryville.

WOMEN ATTEND GAS CANNING CLINIC HERE
Women of Plymouth and rural district took advantage of the traveling canning clinic with its mobile unit placed in front of the Crown & Miller Hardware Store on Tuesday afternoon between 3:00 and 4:00 o'clock.

Betty Newton, home service advisor of the Ohio Fuel Gas Co., answered problems and questions on food preservation and pressure canner; gauges were also tested. It was reported that Plymouth had one of the best attended clinics in the various circuits where the Gas Company demonstrated.
