

RUSSELL STEELE DIES OF WOUNDS RECEIVED IN BATTLE OF FRANCE

Following up a telegram received last Wednesday night by Mrs. Ethel Steele, advising that her son, Russell, had been seriously wounded in action in France, a message was received Monday evening here, stating he had died of wounds received on July 23.

The first information of young Steele's injuries indicated that he was wounded while in action during a battle in France on July 23. His mother was notified of the casualty of her son, and had held hope for him until the message announcing his death was received on Monday.

Russell entered the service on January 20, 1943, receiving his basic training at San Obispo, Calif. He applied himself to army routine and within a few months had been made a Private First Class. He left the States in May of this year for overseas service, first going to England, and then into France where he saw action.

He was born Feb. 20, 1923 in Richmond township and attended school at North Fairfield and Plymouth. Prior to his induction he was employed at a rayon plant in Painesville, Ohio. During his residence here he made scores of friends and acquaintances who regret to learn of his death.

Surviving the young soldier are his mother, Mrs. Ethel Steele, three sisters, Mrs. Hilda Somers, Mrs. Bertha Miller, Bellevue; Mrs. Evelyn Gaugherty, Plymouth; three brothers, Virgil and Chester of Norwalk, and Clifford at home. He was preceded in death by his father, Bert Steele, April 17, 1940, and a brother, Francis, who died in an accident in October, 1942.

Deepest sympathy is extended the mother and immediate family in the loss of son and brother, who made the supreme sacrifice for a cause that will let his memory live along with the eternal light of a free democracy.

As a result of this extreme heat and lack of moisture, corn is in a critical condition. According to John Ganzhorn, manager of the Plymouth Elevator, it now looks as though we will not have more than half a crop of corn, although on the whole, the crop is low ground, corn looks exceptionally good. Soy beans also are making no progress and may have to be cut for hay.

One redeeming feature is our big wheat crop although that will never make up for a short corn crop. But nobody will starve, or even go hungry even though we may have to get along with less meat next year. J.A.N.

FAIR FEATURES HORSE PULLING

Norwalk, Ohio—Horse pulling contests, always one of the interesting features of the Huron County Fair, will again be held during the annual exposition this season, Aug. 29, 30, 31, and Sept. 1st.

However, this year there will be but two classes of teams entered in the contests: Class A for teams weighing 3,000 pounds and over, and Class B for teams weighing 3,000 pounds and less.

The pulling contests this year will be in charge of three well-known Huron county farm leaders: Joe Lawler, Harold Heyman and Clay H. Stackhouse, and competition is open to any and all teams.

Entries in both classes must be made by Saturday, Aug. 26. The Class A teams will stage their contests on Wednesday morning, Aug. 30, at 9:30. Class B teams will pull Friday morning, Sept. 1, at 9:30. Teams will be weighed at the Joe. Frey Coal Co. here during the morning of their respective pulls.

With only two classes this year, prizes have been increased over past years. Winners in each class will receive \$35; second place \$25; third place \$15.00; fourth \$10; and fifth \$5. In addition, a special award of \$5 will be paid in each class for the best demonstration of horsemanship.

The Only 'Internal Collapse' to Satisfy Us

PLYMOUTH SCHOOLS TO OPEN ON TUESDAY, SEPT. 5; MANY CHANGES

WILL OPEN SEPT. 5TH. NEW SUPERINTENDENT TO TAKE OVER; SCHEDULE GIVEN.

Plymouth Public Schools will open Tuesday, Sept. 5, with short periods in the morning only for that day. The following day regular classes will take up at 9:00 a. m. The noon period will be from 12:30 M. to 1:30 P. M., and school will be dismissed at 3:15 p. m.

There will be a pre-school registration the week before, Aug. 22 to Aug. 31. All grade school students will register Aug. 28 and from 9:00 a. m. to 12:00, and high school students, grades 7 to 12, will register Aug. 30-31 from 9:00 a. m. to 12:00.

At the time of registration the students will be expected to purchase the necessary workbooks. High school students will also obtain their locker assignments.

Several new courses will be offered in the high school and a few older ones will be dropped. Such changes are made necessary by the turn-over in the teaching staff as some teachers are not prepared to teach certain subjects. With the acute shortage of teach-

ers it is not possible to hire teachers who can exactly fill the vacancies as they occur.

A meeting for all teachers will be held in the high school at 2:00 p. m., September 4th.

BROTHERHOOD TO HOLD MEET

A special Brotherhood Service with a special sermon for men will be held in the First Evangelical Lutheran Church, Plymouth, on Sunday, Aug. 20. All men and friends of the Brotherhood are especially invited to attend.

This Brotherhood service precedes the Monday evening meeting of the organization. The Bible says: "O magnify the Lord with me and let us exalt His name together." Thus, all are urged to be present. Let everyone show that he is backing the church in its worship as well as in its social gatherings.

The Monday evening program is in charge of Glenn Dick and Sam Fenner, who will serve the lunch and will be held at the Mary Fate Park.

DIVORCE GRANTED

Harold C. Brown granted Mae Irene Brown Divorce granted on grounds of neglect. Defendant restored to her maiden name, Mae Irene Barber, formerly of Plymouth but now of Mansfield.

COLLISION IS BASIS FOR SUIT

Elmer Borchardt, Castalia contractor, has filed suit in Erie-common pleas court against Kenneth Heisler of Willard asking damages of \$2,465.75 for losses sustained when Heisler's car collided with a truck owned by Borchardt on Patten-Tract-rd on September 3, 1943.

Borchardt's petition, filed by Marquart and Weichel, says that Tony Good was driving the truck south when the north-bound car operated by Heisler crossed to the wrong side of the road and struck the truck. He asks the judgement for damages to the truck, spilling of limestone it carried and damage to the mixing machine on the truck.

Around the Square

(By Phineas Whittleseed)

COOPERATION is a great thing, no matter how it is used. Take for instance the fine spirit of cooperation exemplified by a number of local men who recently volunteered to build five park tables if the Park Board would furnish the lumber. The lumber was purchased — Elmer Markeley soon rounded up help enough to do the job in one evening. Those who cooperated and volunteered to give their time included Clancy Roe, E. E. Marley, Whit Briggs, Donald Ford, Buck Buchanan, Arthur Pockock, Thor Woodworth, Ned Earnest, Otis Downend, Carrol Robinson, Dan Franklin and Glenn Dick. P. H. Root is to be congratulated on extending the use of the power saw and the electric drill. Thanks to all of you from the Park Board.

WEDNESDAY, Aug. 16, was a red letter day in the life of James Crockett, who registered on his 18th birthday for duty in the armed forces. With the induction of Jim, all male members of the class of 1944 of Plymouth High school will be working for Uncle Sam.

WHEN SOMEBODY says that collecting waste paper is a safe job, they are only kidding. While taking cardboard out of a building on the J. F. Schneider residence, several Scouts stirred up a nest of Yellow Jackets. Survivors of the battle were Forrest Amund, who was eye swollen shut; Gerald Schneider with a spot on his back and on his neck; Donald Cunningham with a spot on his arm and several boys whose names are not obtainable. The driver of the scrap truck came to the rescue of the Scouts and had four or five spots to show for his efforts. It was quite a lively sight to see everyone swatting right and left and then trying to outrun one.

THE SUREST sign of approaching Fall is the initial ganging up of birds for the mysterious Fall migration. Blackbirds, starlings, swallows and other early migrants are starting mobilization for the annual trek to milder climates. (0-mi-gosh in this heat) all of which simply shows that Nature follows the even tenure of her ways, in season and out of season. It is Persimmon, the starling, can remain indefinitely, but they'll be back in due time—and so will our boys.

THEODORE ROOSEVELT had this legend on his White House desk: "The value of a smile—costs nothing—but it creates much. It is rest to the weary—daylight to the discouraged—sunshine to the sad—and nature's best antidote for trouble! Yet—it cannot be bought, begged, borrowed or stolen—for it is something that is no earthly good to anybody—until it is given away."

ACCORDING to John F. Stambaugh, who operates 600 acres of productive muck land, west of Plymouth, he is in dire need of help in harvesting his onion crop. It's a chance for local women and children to make extra money and at the same time help increase food production. If you can spare a half day or so each week, let Mr. Stambaugh know about it.

CHARLIE Smith, who is daddy to the "Smith Sisters" — can't say just how many of them, recalls with one, which we think is a fair proposition — Charlie: "My boy, you'll never be able to support my daughter. Why I can hardly manage it myself."

Her Sutor: "Tell you what, sir, let's go fifty-fifty."

THOUGHT for the week: "Nothing is so fatiguing as the eternal hanging of an uncompleted task." —Wm. James.

WHEAT YIELD IS REPORTED AS VERY GOOD

Abram Smith of Ripley-t reports a yield of 468 bushels of wheat from 12 acres of 30 bushels to the acre. The kernels are large and well filled and there are apparently little moisture content.

Glenn Jennings of the same neighborhood got 550 bushels from 16 acres of 30 bushels to the acre. Another neighbor got 468 bushels from 14 acres or better than 33 bushels to the acre.

FILES SUIT

Norwalk, Ohio, August 16—Serah Jean Bacon, 18, through her father, John H. Bacon, 103 First-st, Norwalk, has commenced a \$15,000 personal injury suit in common pleas court here against Winifred Mingo of RFD New London. On July 25, Miss Bacon, a Cleveland nurse, while riding a bicycle on S. Main-st on 16 squares at New London, was injured when she had a collision with a car being driven by the defendant. Carpenter and Freeman are attorneys for Miss Bacon.

SOLDIER NEWS

Convincing In England
Pfc Edd Vanderpool, who was wounded in the Normand invasion, is now recuperating at a hospital in England, and recently wrote to his sister, Mrs. Bessie Collins, who resides just north of Plymouth on what is known as Sherman Hill.

Another brother, Pvt. Clarence Vanderpool, is now posted at the Aberdeen Proving Grounds, Md. after enjoying a furlough with Plymouth relatives and friends. He returned in June to the U. S. after participating in the battle at Casimo, Italy.

Edd's letter to his sister is as follows:
Dear Sis: Was happy to hear from you and to know that you and the folks are well. I'm still in the hospital with nothing much to say except that I'm getting better and am thinking of all you every minute. I'm still unable to use my hand so I had a friend of mine to write this for me.

Yes, Sis, I'm ok, and doing fine and I hope that you are the same. I'm walking around, therefore I can sleep better at night. My mind is with you at home and I pray hard for this mess to be over so we can all come back home and fill those broken hearts with joy once again. It'll be the biggest day of my life and, of course, all the boys that are over here lighting this.

Sis, I'm very glad that my brother is in the States and I hope he doesn't have to come overseas again. I'm sending my Purple Heart home so I want you to take care of it for me.

My letters will be very few and far between, but please don't let that stop you from writing to me, as you know that's one of the things we look forward to the most, especially when you are in the hospital and unable to write.

I will close now, hoping to hear from you real soon. Love to all,
Edd.

A Note From Dan Kirkpatrick

A letter from Dan Kirkpatrick to his father, Norris Kirkpatrick, states that while he has nine more weeks in the course he is taking at Navy training school in Madison, Wis., he is getting anxious to go to sea and see what it is all about.

He mentions that another division was shipped out, some going to California and some to Virginia, and that instead of the original 250 men in a division, it has been cut to 80.

Dan is also finding that the old axiom "A stitch in time saves nine" is really true in his case. It is the washing and a little salt washing at a time, saves a heck of a big one later on.

For diversion he has taken up golf and really likes it, and is enjoying his course in radio.

Receives Purple Heart

Mrs. Helen Einsel Bergen of Marietta, Ohio, has received the Purple Heart award for her son, James, on July 31 for injuries received while crossing the English Channel.

An enemy submarine sneaked in the channel, came up and torpedoed two ships. One of them was then slipped away. Jim's ship was one of those torpedoed and he was thrown clear down thru the hold and trapped. He finally wiggled loose as the water had gotten so shallow that he knew it. He said he was too excited to even know that he had been injured. He suffered a badly bruised shoulder and plenty of abrasions and bruises all over his body. He is now on the front lines again and feels ok.

Husband Wounded

Mrs. Jean Curpen Dones of Columbus has received the Purple Heart from the War Department at Washington, that her husband, Pvt. James Dones had been seriously wounded in action in France on July 18. Latest word states that after being confined to a hospital in France for ten days he had been removed on Aug. 3rd, to England for convalescence. He went overseas in May.

Mrs. Dones is the daughter of Mr. and Mrs. E. B. Curpen of Plymouth.

Joins WAVES

Anna Bromfield, 20, eldest of the three daughters of author Louis Bromfield, has enlisted in the WAVES at Cleveland. She will be assigned to Hunter's college, New York City, for six weeks' basic training. She expects to be called to duty in October.

Miss Bromfield obtained her early schooling in France and Switzerland, and also attended Stephens college at Columbia, Missouri.

Two younger sisters, Hope and Ellen, reside with their parents at Malabar farm, near Lucas.

Promotions
Joe Moore, son of Mr. and Mrs. C. C. Moore, has been advanced from private first class to corporal. His brother, Richard, recently received the same rating. Pfc. Wm. H. Rowe, son of Mrs. Julia Rowe of Shelby, but formerly of Plymouth, can now be addressed as P-5, William H. Rowe. He has been overseas for a number of months.

In Hospital 23 Days
Pfc. Lowell E. Lehman, who is on the island of Corsica, reports he has spent 23 days in a hospital, and is convalescing from burns suffered in an explosion, while in line of duty. He is the son of Mr. and Mrs. Jesse Lehman of New London who operated the Plymouth bakery a number of years ago.

New Rating
Ernie Rooks has recently received a new rating of second class Petty Officer and is now serving in the Pacific Area.

In The Marshall Islands
Mr. and Mrs. C. W. Burkett have received word from their grandson, Charles Burkett, S 1/c, a member of the Seabees, that he is now located somewhere in the Marshall Islands.

Called Home
Isiah Predieri, S 2/c, of Minneapolis, Minn., was called home owing to the illness and death of his grandmother, Mrs. Rose Predieri. He will return Friday.

Called To Report
Sid Thomas, son of Mr. and Mrs. P. W. Thomas was notified Saturday to report for service on Monday, August 28th.

Bob Moore, son of Mr. & Mrs. Robert Moore of Akron, but registered in Mansfield, was also notified to report.

Home On Furlough
Eddie Griffith, who is stationed

at Breckenridge, Ky., and his wife are visiting the former's parents, Mr. and Mrs. Harry Griffith and other relatives on furlough.

Promoted
Kenneth Baxter has been promoted from Pfc to Tech 5th grade, Atlanta, Ga., he recently wrote his parents, Mr. and Mrs. Ernest Baxter of Willard rural. The Baxter family formerly resided west of Plymouth.

APO numbers have been received by Tech 5th grade Walter E. Myers, formerly of Camp McCoy, Wisc., Cpl. Billy Snyder, brother of Mrs. James Rhine, and Cpl Norman Thamma of New Haven, formerly at Ft. Bragg, N. C. All APO numbers are of New York, and can be obtained from their nearest relatives or at the Advertiser.

Passes Exam
Robert Bachrach, who recently was re-classified in 1-A, took his physical exam Friday in Toledo.

Especially Obnoxious
An unknown clipping bureau is getting from 20 cents to \$1 from families of service men by sending them a postcard telling them they have a newspaper clipping about their son, father or husband which they will forward for a stipulated sum.

In most cases the clipping is from the home town newspaper, one the family already had. This is a cheap racket that can be prosecuted because it comes within the letter of the law.

The established price for clippings is 5c and reputable clipping bureaus do not solicit individual clippings. All papers should warn their readers of the racket.

On Rest Leave

Cpl. William Roger Ross, son of Mr. and Mrs. Ira Ross of the Bucyrus road is on rest leave in Australia.

A STEP-BY-STEP TRIP THROUGH AN ARMY CAMP IN ITALY TOLD IN A VERY INTERESTING LETTER

Miss Mary Frances Burrer of Sandusky street, is in receipt of a letter from her uncle, Cpl. Forrest E. Burrer, somewhere in Italy, which gives a minute picture of life in an army camp. He enclosed a picture of his camp and one can really imagine that you are taking the trip yourself from the description he gives. Several local boys are also mentioned. The letter, in full, follows:

Somewhere in Italy
29 July 1944
Dear Mary Frances and All:
Thanks a million for that swell air mail letter of 1 July. It was rather short but sweet. Now how about me coming in and pestering you for the next four or five minutes?

I received a neat letter from Joe Moore several days ago. Written 9 June from somewhere in New Guinea. Says that he's stationed only a stone's throw from Jack Hoffman—see him nearly every day. Edwin Beeching is located somewhere near him, and he plans on finding him before the war is over. You might thank Joe's sister, Evelyn, for sending me his address. Tell her to write again, sometime. I'll get around to answering it soon.

Here's a big THANKS to you Molly for your swell letter. If I didn't have so many letters to answer I'd write you a separate one.

You won't mind this time, will you? It was a very nice letter and I appreciated all the efforts you put forth. How's about writing another real soon, huh? Maybe by then I'll be caught up with my correspondence and will be able to write you alone.

Take the enclosed picture into your hands—OK? Now, grab your self a mess kit outta your tent and come along with me to even join chow in the 1435th Ordnance S & M Company mess hall. The place is built from salvaged material but still nice enough for us. That's one of our fire barracks setting there. Well, if it isn't Chick Torhucci walking this way. Chick hails from New Jersey and is one of our best cooks. We can't stop and talk with him or else the chow hounds will have everything eaten up.

Go on in—I'll hold the door open for you. Keep walking down the left side of the building until you get to the end. What's this fellow doing to our left? Oh, he's dropping a check in the box whenever a man comes in. This way our rations are computed for the day. Well, here it is, kids! Dip your mess kit into this can of hot water. You don't want to catch the G's do you? Who's this red-haired sergeant standing here? Oh, he's the mess sergeant and it's his job to see that you

take your daily stabrine. Now that we have that down, let's proceed across the end here and get some vitamins and calories. "Granny" Wright (we call him "Granny" because he bakes pies, cakes, rolls, etc., as well as a grandmother living) is standing behind the counter. "Duck quick"—he just threw a spoonful of mashed potatoes at you. Anrico, one of our native KPs, is standing next to Granny and he has—

Ye God, what is that stuff? Oh, it's not bad. Try some. It's dehydrated apples. Don't forget to get some Vienna sausages.

Watch the handle on that mess cup when Armando fills it with Spirits of Lemonade. Nine times out of ten the handle comes unfastened and you get a free foot bath. Reach in that 20 gallon aluminum can and get a couple slices of butter. That can of preserved butter setting on the table is for your use too. I don't like the stuff but you can have all you want. Now let's see if there's room somewhere in here to sit down. Ah, yes, there's a couple of seats way down near the end.

"Say, Corporal Burrer, did I get any mail today?" About ten or fifteen fellows ask. The answer is usually, "no." How do you like this chow? When that's all you can get, it doesn't taste bad, does it?

The mess tables and benches sway a little but that's probably due to the fact that they were made from green lumber. Well, I've eaten all I can hold—do you want any seconds? I thought you would say "no." OK, then, let's go out the side door and dump our left-overs in the garbage can. This long black trough with a pipe sticking up there is divided into three sections. First section has soapy water in it; second section has rinse water, and third has still a cleaner rinse water. Grab that G. I. brush and start scrubbing, chum. Now, then that's clean until tomorrow morning, do you want to go back there and take a look at the old well? It's only about 50 yards from here. Climb up these steps. It's pretty deep, isn't it? Let's bring some water up just for the fun of it. Grab one of these ropes and start pulling. See this one old wooden bucket going down, and the other coming up? Here she is, up to the top now. Stick your hand in that bucket. Isn't that cold? Be careful not to drop your mess kit down the well. It's terrible eating off a paper plate.

Let's turn around, go down the steps and take off for our tent number seven. Well, we've walked about three hundred feet and here we are. Come on in. Get yourself a piece of toilet paper and dry out your mess kit. Now that that's finished put it upon the shelf and flop on this can just to the left of you. Try on those ear phones—certainly is swell to lay here and listen to Frank Sinatra sing, "I'll Be See-

ing You." Well, chum, you've got about seventy-seven letters to write tonight so grab that bomb fin crate for your table and let's get started. What's that? You've got writer's cramps? Well, nevertheless fellow, get those answered or people may stop writing you. It looks as though I've written right up to "light's out" time—11 p. m.

So ends our little visit in camp for today. Now crawl into bed and tuck your mosquito net around you so as to allow no malaria mosquito to bite you during the night.

Say a few prayers for the folks back home and then do off.

All my love,
Gene.

MANY ATTEND ANNUAL PICNIC

More than three thousand farmers gathered in Plymouth Sunday to attend the third annual meeting and picnic of the Ohio Protest Quota Association. The weather was ideal, and a real picnic spirit prevailed throughout the day. At noon tables were spread with an abundance of food which was enjoyed by everyone. Following the noon meal, the children found enjoyment in the slides, swings, ball games, etc., while the business of the organization got under way.

H. H. Fackler, chairman, presided at the meeting and introduced J. Harry McGregor, congressman from the 17th Ohio district. Congressman McGregor gave an outstanding talk, bringing up current conditions and mistakes that should be corrected. He stressed the point of the people's power and their ability to vote. His oration was one which was well received and scores of those present commented on his exceptionally fine talk.

Attacking the internationalists, especially the world tankers, Wm. Lemke, congressman from North Dakota, gave facts and figures which proved interesting to his audience. He discussed the ills of the nation, and the bungling made by the New Dealers and O.P.A. Lemke minced no words in his expose of corrupt politics and pleaded to his audience to bring a halt to atrocities being committed under the present political manipulators.

Congressman Lemke stopped over in Plymouth after spending a few days at his home in North Dakota on his return to Washington. He has served his district for ten years, and will no doubt be elected for his sixth successive term in November.

The event drew farmers from many sections of the state who pronounced it one of the best meetings ever held.

SCRAP PAPER DRIVE HERE NETS LARGE QUANTITY

Thanks to the splendid cooperation of local citizens, Plymouth Boy Scouts collected 9750 lbs. of waste paper in the two-day collection held Tuesday and Wednesday of this week.

An effort is being made by local Scouts to attain a goal of 23,000 pounds of waste paper so that their troop will be eligible for a special award given by the War Production Board. In order to qualify, each active Scout in the troop must account for one thousand pounds of paper. Several calls have been received by Scoutmaster Don Eissel from persons who had been misled. This time there was so much paper it was necessary to take two days for the collection and some homes were missed in this manner. They ask you to please hold this paper until the next collection which will be the latter part of September.

Every effort is being made to collect waste paper in Plymouth and the response has been very good when you stop to think that only two years ago each collection netted about 2000 pounds. The state quota for each person is 5 pounds and Plymouth in this last collection made it seven pounds. Only real interest in the war effort by local citizens has made this possible.

Save every scrap of paper from now on and show the fighting men from Plymouth that we are behind them. Make that waste paper fight for YOU!

Sermon theme: "Wholehearted Worship." Psalms 34:4.
Christianity calls for decision. We make our tomorrow by the decisions of today. Responsibility is as inescapable as life. The law of harvest knows no suspension. To face the whole fact of Jesus Christ, and then say, "Yes or No" is not merely intellectual exercises. It is a crucial act, an act involving destiny itself. Our future is now. Our harvest is sowing. The Christian life does not just happen. The Christian life is one about which we ourselves must do something. You are invited to attend our services.
