

COUNCIL APPROVES RESOLUTION ASKING CONTINUANCE OF LEVY

COMPLAINT FILED BY LOCAL STORES; OTHER ROUTINE BUSINESS TRANSACTED.

The main piece of legislation acted upon at Tuesday night's meeting of the village council was the adoption of a resolution asking the voters of the village to approve the continuance of the cemetery one mill levy. The present levy expires at the close of 1945. A copy of the resolution is being sent to the Richland County Board of Election, and will be placed on the ballots for the November election.

Revenue from the one mill levy has been used mainly for paying salaries of caretakers, and has enabled the cemetery board to operate without showing a deficit. If the one mill levy is given approval by the voters in the November election, Plymouth will be able to maintain its present burying grounds to a standard which few communities can boast.

Complaint Registered

Mayor Wirth called attention of the council to a complaint he had received this week, signed by four local grocery store operators. The complainants pointed out that it was unfair to them to allow truckers to buy up produce, mainly melons and peaches, and allow them to park their trucks next to the front doors of store owners. Mayor Wirth told the council that while there was no ordinance prohibiting the use of the Public Square as a market place, that the license fee for hucksters and peddlers was set at from \$1.00 to \$50.00 per day. Judging his action by former mayors, Mayor Wirth had charged from \$2.00 to \$4.00 per day for such peddlers.

No definite action was taken by council Tuesday night on this problem, but an ordinance pertaining to this phase of merchandising will be presented to the mayor and council at its next session for consideration.

As has been the practice in past years, hucksters have come into Plymouth on Wednesday and Saturday nights, parked their trucks and sell off watermelons, cantaloupes, peaches and other produce. Not only is this practice an infringement on local stores, but there is always a mess the morning after, as well as presenting a traffic hazard.

A report of the condition of sidewalks within the village was handed to the mayor and council by the street committee. This committee has made a complete survey of all sidewalks within the village the past two weeks, and its report is complete in detail. The clerk was instructed to mail notices to property owners, stating the necessary improvements to be made. If after a certain time, improvements have not been made, it is the intention of the village to carry out the order and make a charge for this service. Sidewalks in many parts of the village are presenting a hazard, especially with the coming of winter, and the improvement program is one that will tend to eliminate dangerous high spots and low places in the walks.

It was also reported by the street committee that work of resurfacing many streets in Plymouth will probably start this week-end or the first of next week. The village has worked out an agreement with the Huron county highway department to spread stone and a tar compound on a number of streets. Empowerment of a material shortage has held up this phase of work all summer, but through cooperation of the town and county officials, a satisfactory program has been arranged, and it looks as though the "chuck" holes are destined to go.

Fire Chief F. B. Stewarts was present at the session and made a verbal report on the flushing of dry hydrants. He pointed out that of the half hundred hydrants in Plymouth more than fifty per cent of them were in bad condition. Leaking hydrants and plugged drain holes presented a serious problem in case of a fire. He called attention to the outstanding water lines in the town. Stewarts said that there were several streets that had only four in water lines, and that if the occasion ever arose to fight a serious fire, his department would be handicapped in getting sufficient water.

Financial Statement

Clerk James Rhine reported that the mayor had collected in fines and licenses for the month of August a total of \$26.60. The monthly balance sheet of the village shows the following receipts, disbursements and balances on hand at the end of the month:

Receipts	Expenditures	Bal.

DREAD DISEASE CLAIMS LIFE OF SHILOH CHILD WITHIN HOURS 360 CHILDREN ARE ENROLLED

Two-year-old Son of Mr. and Mrs. Neal McEwen Is Victim of Sudden Attack of Meningitis.

SHILOH, O.—It was a sleepless night in Shiloh on Monday. Mothers pressed their children a little closer. Hearts beat in sympathetic unison, and prayers were made for a stricken young mother. For the moniker, spinal meningitis, had come quickly and claimed the life of little Dickey McEwen, in three and a half hours.

The word spread faster than wildfire and from other communities were calls asking if the awful news could possibly be true. Richard Neal McEwen was born in Columbus, Oct. 13, 1942. He is the son of Mr. and Mrs. Neal McEwen.

Mrs. McEwen moved to the home of her father, E. W. Stiving to help him during the absence of her husband who is overseas. This home has been stricken the third time within four months. Mrs. E. W. Stiving was laid to rest on Monday, May 15, on the following Monday afternoon, May 22, the mother who lived in the home, Mrs. Mary S. Stiving.

This is a huge task, requiring both money and baked goods. Solicitors have been appointed for the church proper, but anyone who wishes to donate to this worthy cause may do so by contacting Mrs. E. R. Haines, Mrs. Ralph Ream, Mrs. Florence Ross, Mary Ellen Thomas, Ruth Ford or the Advertiser.

TWO FINED

Using a fictitious name, Dempsey Skiles, a newcomer in Plymouth, appeared before Marshal Hulbert last week and signed a warrant charging Charles Smith with reckless driving, claiming that Smith had knocked him down while driving his car and also passing through a red light. Smith was apprehended by the marshal and was held until the hearing which was scheduled last Wednesday evening. Skiles failed to appear, and Smith was released.

Smith, also a newcomer in the village, was again taken in by the law early last Friday morning in company with his lady companion. They were charged with drunkenness and disorderly conduct. Appearing before Mayor Wirth Friday afternoon Smith was given a fine of \$10 and costs, which totaled \$17.50. FIVE THOUSAND miles is a mere nothing when life-time friends get together and celebrate a birthday. Ever since he was 12 years old, Junior Marvin has insisted on having a birthday cake. Although stationed in Hawaii on his birthday, he has repeatedly asked his mother to have a birthday party for him, inviting "his gang." Well, come Tuesday and "June" was eight—no, he had wished, Mrs. Marvin invited a number of his friends down to a birthday dinner Tuesday evening, and a "good time was had by all" including "Monkey"—even if he was the little man that wasn't there.

AUGUST ENDS DROUGHT; CROPS GREATLY BENEFITED BY RAINS

The first half of August, 1944, was extremely hot and dry, being a continuation of the drought which began the last week in June. During the first sixteen days the thermometer registered 90 degrees or higher on fourteen days, and only 0.59 (slightly more than half an inch) of rainfall was recorded.

On August 17th 0.61 inch fell, and on the 23rd we got a real soaking—1.30 inches—definitely ending the drought and the extreme heat.

While these rains came too late to be of much help to late planted corn, they did greatly benefit many other fields of corn, as well as soy beans, late potatoes, fruit and pasture.

The normal rainfall for the month was 3.26 inches or 0.17 inch below normal, but 2.67 inches of the total fell during the last week of the month. There were 14 clear, 9 partly cloudy and 8 cloudy days. Thunderstorms occurred on seven days, but no damage from lightning, wind or hail in this vicinity was reported.—J.A.R.

LOCAL SCOUTS ENJOY OUTING

(Held Over from Last Week)

Twenty-two scouts of Troop I spent last week at Camp Avery Hand, Jr., located about three miles south of Ontario, O. Scouters in charge were Don Einsel, Jr., scoutmaster and Luther Brown, troop committee chairman.

The camp was divided by patrols and these were headed by explorer scouts of the troop, namely, Warren Wirth, Eldon Sourwine, Paul Scott and Gordon Seaholts.

Belt awards were given for various achievements during the camp. Scouts with the most tests passed while in camp were Gerald Schneider and Jim Shutt. Best tent inspection was won twice each by Donald Smith's tent and Kenneth Donathan's tent. Donald Cunningham was the only scout to complete a rank while in camp. He is now a second class scout. Camp Goals were Gerald Schneider, Hulbert Metcalfe and Jack Donnerwirth.

With the exception of Sunday's meals, all meals were prepared and served by the scouts themselves, under the direction of the Explorer scouts.

Kenneth Echelberry came within two seconds of tying the record on the obstacle course at the camp by running it in one minute, 17 seconds.

The daily program was varied, but as a rule followed this pattern: reveille at 7:30, flag raising, morning exercises, breakfast, sick call, campercraft, dinner, rest period, inter patrol contests, merit badge work, supper, games, camp fire and taps at 10:00.

Twenty-four parents and friends attended the camp fire period Thursday evening. At that time included Kenneth Donathan, Jimmy Shutt, Gerald Schneider, Alan Ford, Donald Cunningham, Gene Hale, Hulbert Metcalfe, Jack Donnerwirth, Desmond Donnerwirth and Jim Butner.

A very expensive tenderfoot investiture was conducted by Gordon Seaholts. Scouts were given glowing pieces of wood to hold and made to walk over it, also then brought to the campfire, they were sworn in by the scoutmaster. Fathers present pinned the tenderfoot badge on their sons. Scouts sworn in were Forrest Aumend, Jim Shutt and Gerald Schneider. Stunts were presented by the various patrols in camp and the campfire was closed by the playing of taps.

The parents, while there, were taken by scouters on the evenings inspection tour. Competition was so close that it was necessary to disqualify tents for so insignificant a thing as a grannyknot on knap sacks. One tent was disqualified for having two nails lying on the platform.

Bugler for the period was Leland Cole. Paul Scott was in charge of the physical program.

Corn Roast

Harry Aumend has invited all members of Troop one to a corn roast at his farm Saturday evening. Time has been set at 7:00 p. m. Aumend says "come on out and have a good time on me." That's a swell invitation and one that will be most appreciated by scouts of Troop one.

Somewhere in France

August 18, 1944

Dear Mother:

I suppose you aren't very much surprised to hear that I'm in France. I'm just fine but could use a nice juicy steak about now. We've been eating K-rations for the past several days and will probably have to eat a lot more of them before we get a steak. I'm sorry I haven't been able to write you but really we haven't been able to write for better than a week. It will probably be a week or more before our mail catches up to us now. I'll try to write every chance I get.

This country that we're in at present is sure a mess. It is supposed to compare quite a lot with Ohio but it sure doesn't right now. The people back in the states don't know how lucky they are to be in a country where there's no fighting. I've seen town after town that's been practically leveled to the ground. The French people were mostly evacuated but when they came back their homes are smashed. A person can't realize the horrors of war until they find it on their own doorstep. I've seen things that I'll never forget and I hope I never have to see again.

The farms in this particular section of the country aren't so bad but you can still see the damage that has been done. I imagine Jay Moser is here

somewhere because I haven't heard from him for more than two weeks. I met a boy from Mansfield here last night and he says there's a Keith Dawson in his outfit. I wonder if it could be the Keith Dawson from Shiloh. Maybe I'll get to see him.

Well, Mother, I guess that's about all. Write when you get time and don't worry.

Love to all,
Bob (Moser)

More Than One Way to Skin a Cat

Knowing that frontal assault probably would be too costly a way to stop German robot bomb attacks on England, Allies also know there's more than one way to skin a cat. Hence, Allied columns make surprise thrusts up French coast to pinch off "rocket coast" sectors holding robot bomb launching installations, as shown on map. Extensions of arrows show possible Allied drives into Germany, following general routes Germans took in invading France and Low Countries. Photo below shows German robot bomb being wheeled into cavern holding launching platform.

Mr. Verda is a descendant of a noble family of Maliks (princes). He was born in the hills of ancient Assyria, educated in the schools of his native land. He has travelled extensively in many different countries and speaks several languages including the language spoken by Christ, which is Aramaic.

This service is open to all who wish to attend. A free will offering will be taken to cover expenses, and to assist Mr. Verda in his work. He is now engaged in an extensive tour in the Lyceum series. We are fortunate to obtain his services.

THE OLD JUDGE SAYS...

"Judge, would you mind tellin' Charlie here what you told me the other night walkin' home from lodge. I can't woid it this way you did."

"Sure thing, Tim. Here's what I told him. Charlie, there's no such thing as votin' a state, a county, or even a community dry. We had proof enough of that

during our 13 years of prohibition. What you really vote for is whether liquor is going to be sold legally or illegally... whether the community is going to get needed taxes for schools, hospitals, and the like, or whether this money is going to go to gamblers and bootleggers. That's the answer, boys... simple as A-B-C."

Home Unexpectedly
Tom Moore, son of Mr. and Mrs. Phillip Moore, arrived home unexpectedly Friday evening. For twelve weeks his parents had had no word until Friday morning when they received a telegram announcing that he would arrive by train in Cleveland from San Francisco.

Tom is on a destroyer and has seen action in the Mariannas and other Southwest Pacific islands. By a strange co-incidence he was in the same area and witnessed the torpedoing of the battleship on which Bob Ross, another local boy, is a member of its crew.

A member of this year's graduation class, Tom is the only one of this group who joined the navy to have been in actual combat. He has a 14-day leave.

Member of 37th Division Calls On Plymouth Friends

It's always a thrill to receive first-hand information from boys overseas, especially when they have been gone 27 months or more, so when Lloyd McCreary of Upper Sandusky called Monday on Mr. and Mrs. Moody Sponseller, they felt they almost had a visit from their son Carl. Mr. McCreary has just recently been returned from Bougainville, where he served with the 37th Division for the past 27 months, and was well acquainted with Plymouth boys, including Carl Sponseller, Lawrence Cornell, Wayne Gebert and Monroe Van Wagner. He states the local boys are well, getting along fine, and at present are in no danger. The days are exceptionally hot and they wear no shirts, but during the night are compelled to put them on as a precaution against mosquitoes.

The trip home took four weeks and he thoroughly enjoyed it. He expects to report on the 16th in Florida for re-assignment. He was accompanied to Plymouth by his wife.

Strange, But True

Ice cream and the Aleutian Islands have little in common except that both are cold, so that when Kenneth McQuown wrote home that he was stationed in the Aleutians, and of things working in an ice cream plant, it did sound strange. But wherever you find American soldiers, you are sure to find ice cream, if at all obtainable. So, maybe, it is not so strange after all. I'll take vanilla, Kenny.

Still In Hospital

Noel McQuown, S 2-c, is still a patient at the Naval Hospital, Memphis, Tenn., although at times he is able to get up and around. He is suffering from rheumatic fever.

Pvt. Richard Fackler of Gulfport, Miss., is home on furlough with his parents, Mr. and Mrs. H. Fackler.

Returned From Rest Trip

Roger Ross, who is located in the Southwest Pacific, writes his parents, Mr. and Mrs. Ira Ross, that he has now returned from a 17-day furlough and rest spent in Australia and is back again at his work.

Son Returned to States

Pvt. William E. Turner, Shipensburg, R. R. 1, who spent 11 months overseas in Sicily and Italy, is now in the Valley Forge General hospital, Phoenixville, arriving there August 18. He was disabled when a rifle accident injured his hand in Oran where he was connected with the engineers and worked with the amphibious division as a road builder. Pvt. Turner wears the ETO and battle stars for the Italian and Sicilian campaigns. He is the son of Mrs. Ross Falior, Plymouth.

A Letter From Jimmie Cline

Since receiving word that Jimmie Cline was wounded in France, a great many inquiries have been received and we are glad to print this week the letter received by Mr. and Mrs. Wechter since his injury:

Dear Billy and Mrs. Wechter: Just a few lines to let you know how I am coming. A few days ago I got hit with three pieces of shrapnel, two in the left knee and one in the left thigh. I was lucky that none of them hit any bones. I had about a dozen more small pieces just under the skin.

At present I am in an evacuation hospital and the next will be a convalescent hospital for a week or so, then back with the old bunch, I hope. I am someplace in France and can limp around a little. I am sure lucky not to be hurt any worse.

My mail has been held up for sometime. The last I got was the day I was hit. Three letters and the Plymouth paper. When you see any of the boys give them my best. Mrs. Wechter, I had you small French pitcher, but I guess it has gone up in smoke as the rest of my personal stuff.

Since I have been in the hospital I have looked for somebody from home, but as yet have had no luck. Believe me I sure did get a lot of news out of the old Advertiser when it came. I even read the want and for sale ads. I guess I had better sign off for this time. God luck and will see you some of these days.

Your old friend,
Jimmie Cline.
