

WE DAY QUIETLY OBSERVED IN PLYMOUTH

HITLER BURNED ON SQUARE AS SYMBOL OF WAR'S END; CHURCHES TO HOLD SPECIAL SERVICES.

The eastern horizon just before sunrise Monday gave an ideal setting for the day that was to be flashed to all the world a few hours later—that the war in Europe was over.

It seemed that the entire heaven had been made into a stage backdrop before which the last act of the biggest drama of mankind was to be unfolded. . . . the close of another war in Europe. With a richness of bling that is seldom seen the entire sky was cleared of even the smallest cloud with but one exception. . . . a single cloud rested on the fringe of the horizon, and over to the center of it the New Moon took its position enhanced by the shining glory of the Morning Star. Such was the setting just a few minutes before six, when at this time the air waves were filled with rumors of the Peace for which all the world has been waiting.

At 9:45 cables from Paris and London indicated that the signing of peace proposals had been completed. While the news had not been officially given by the White House, it was confirmed by messages from Eisenhower's Headquarters that Peace had come.

Bulletins coming in over the air Monday morning indicated that the Big Three, President Truman, Churchill and Stalin, would make simultaneous announcements of the war's end, but shortly before noon, it was stated that the official announcements would be forthcoming until 9:00 a. m. Tuesday, May 8th.

However, Monday found Plymouth in joyous celebration. The community was filled with a gladness as never before experienced. All through the day radios were tuned in to get latest developments; schools were dismissed for the day, and children gathered in groups on the Square waving small American flags.

On Tuesday at 9 o'clock, just as President Truman issued his official proclamation proclaiming peace in Europe, the fire siren was sounded and church bells tolled the glad tidings. Most business places in Plymouth remained closed for the day.

The highlight in Plymouth's V-E day celebration was held at 7:00 o'clock in the evening, when "Hitler" was taken from the village jail, loaded onto the fire truck and hauled to the Public Square, where he was "strung up and burned." Music for the occasion was furnished through the amplifying system set up by Fester and the Sherry-Road-Bears citizens gathered for this part of the celebration which was the main event of the day.

Preceding the burning of Hitler, Rev. H. L. Bethel, Rev. E. R. Harts and Rev. Frederick Lambert spoke briefly giving thanks for the ending of the war in Europe. School children, waving flags, marched to the jail back to where the effigy of Hitler was burned.

After the word of Victory was received Monday, and officially on Tuesday employees at the plant of the Fester-Road-Bears remained at their work, as well as employees of all plants in Mansfield, Shelby, Ashland, Willard and other towns.

Special Services Sunday.

A solemn observance of Victory in Europe will be held in all Plymouth churches Sunday when special messages will be given by all pastors. Announcements of the programs at the Lutheran, Presbyterian and Methodist churches will be found in the church columns in this edition.

At Mother's Day also being observed on Sunday, capacity crowds are expected at all local churches.

IN SHELBY HOSPITAL.
 Mrs. Howard Smith was removed Saturday afternoon to the Shelby Memorial Hospital for rest and treatment.

NEWLY INJURED

Newt Vanderpool who resides near the Baswood School is a patient at the Willard Municipal Hospital with injuries suffered Tuesday afternoon in an auto accident.

Driving a 1941 4-door Chevrolet which he purchased only the preceding Saturday, he lost control of the car and crashed into an abutment on Rt. 598 south of the Harris Postema home. The accident occurred about 1 p. m.

Vanderpool received chest injuries but his companion, reported to be a cousin, suffered only minor injuries to his nose. The car was badly damaged.

FOUR BURNED IN EARLY FIRE

Mrs. Ralph Predieri in Hospital in Serious Condition; Father Rescues Son, While Two Girls Jump To Safety.

The condition of Mrs. Ralph Predieri, 35, who was severely burned last Thursday morning, remains very critical according to reports from the Willard hospital Wednesday.

When she attempted to start a fire in the kitchen at 5:30 a. m. last Thursday morning at the family home west of Plymouth, the kerosene can exploded, engulfing Mrs. Predieri in flames. The woman's terrified scream awakened her husband who rushed to his wife's aid, receiving severe and painful burns on his arms and legs when he tore the burning clothing from her body.

So fast did the flames spread over the home that the lives of four children who were asleep at the time of the explosion were greatly endangered. Mr. Predieri, after rescuing his wife from the burning house, went into the bedroom where his three-year-old son Semmie was sleeping, was pushed from the room by the flames and dashed through the flames to safety.

Two daughters, Patricia, 17, and Ross, 13, escaped from the burning home by jumping through a window. The two girls received burns on the hands, face and legs and were cut by window glass as they effected their exit from the burning home. The girls were sent to the Willard hospital for treatment where Ross is still confined with severe burns on her hands, while Patricia has been released.

A son, Isiah, 20, who has been in the Navy for the past year, stationed recently at Gainesville Ga., and who was reported at the Port of Embarkation at Newport, Rhode Island, was among the mother's misfortune through the efforts of the Red Cross. He arrived home Saturday.

The blaze completely destroyed the Predieri home and all its contents, including war bonds and cash, that had been placed in the home.

The family is temporarily residing with Mr. and Mrs. Sam Risher, under other arrangements can be made.

MOTHERS TO BE HONORED

Mother's Day will be appropriately observed Sunday in First Evangelical Lutheran church during the services.

While everywhere the heroism of mothers is being stressed and motherhood is synonymous with sacrifice, love, loyalty and devotion, and all the tender qualities of heart and soul, we shall not slight the significance of the day.

More than at any time in the history of the world, Mother's Day has become a day of national significance. The war has torn hideous gaps in the family ranks, has torn families a part and has made the peaceful pursuit of happiness impossible in many ways.

More than at any other time our nation is in need of mothers who are spiritually minded, mothers willing to rear their children in the fear and admonition of the Lord. May Mothers' Day bring all this to our attention and may motherhood have the continued favor on High.

RADIO STATIC IS ELIMINATED

HIGH TENSION LINE CAUSE OF INTERFERENCE AT THE PEAK OF WAR NEWS.

Well, with the war over in Europe, radio interference should be somewhat cleared up by now. Since the middle of last week over the week-end, and on Monday and Tuesday when war news was filling the airwaves with an unusual tenseness, radios on Plymouth were practically useless due to a "static condition."

At Monday night's meeting of the Board of Public Affairs, members Shepherd, Cushman and Scott, reported scores of complaints, and they admitted they didn't know what was causing the trouble. Supt. of Light and Water C. R. Crawford stated that he had been unable to "spot" any portion of the town where the static might have been created, and therefore, without any testing instruments, he was unable to do anything about clearing up the radio channels.

However, Crawford contacted Ohio Power officials at Bucyrus Monday night over the phone, and they sent over their test cars to Plymouth to check up on the trouble. It was very evident that the interference was coming from the "high line" by the strength of the noise.

The board passed a resolution for the purchase of necessary equipment to check and test light and power lines over the village, which will locate any trouble or leakage, causing radios to come in noisy. Crawford pointed out that there are scores of trees in Plymouth which need trimming, but at the present time he had too much work to do at the light and water plant, and other details which will probably hold up tree trimming for a few weeks. However, when the testing equipment arrives, the town will be thoroughly checked, and much radio trouble will probably be eliminated.

On arrival of the Ohio Power crew Tuesday from Bucyrus, work was started on the lines in Plymouth, and it was only a short time until it was found that a 3200 volt line was rubbing "elbows" with one of the city lines, thus causing the intense noise which has been playing havoc with radios. It was only a short time before the trouble was eliminated and radio reception here once again was normal.

CHANGE OF RESIDENCE

Mr. and Mrs. O. F. Ward who have been residing in Akron, Ohio, have resigned their position and gone to Bay Bridge, Ohio, to live.

Ford of Plymouth and Miss Wilma Eby at home; two brothers, John of Ashland and Emmanuel of Mansfield; 21 grandchildren and three great grandchildren.

WILL ADDRESS STUDENTS SUN

The local high school will hold its annual baccalaureate services in the auditorium Sunday evening May 14th at 8:00 p. m. Rev. Bethel will deliver the sermon. This is a religious service to culminate the years of study and effort expended by the seniors. It is truly a solemn occasion and one to be remembered by the seniors as well as the students in the schools.

The seniors will be dressed in their caps and gowns and will be escorted in the auditorium by the juniors.

On Friday evening May 18th, at 8:00 the seniors will take part in the 1945 commencement services of the Plymouth high school. Thomas Cunningham as valedictorian and Robert Sponseller as salutatorian will deliver short addresses. The main speaker of the evening is Dr. Leland Jacobs of Ohio State University. The invocation and benediction will be pronounced by Revs. Haines and Lambertus. Mr. Hershiser as president of the board of education will present the seniors with their diplomas.

FILES FOR DIVORCE

Emma Mae Landers, Shelby, against Thurman V. Landers, of Shelby. Action for divorce on the grounds of habitual drunkenness and cruelty. Plaintiff asks for alimony and custody of seven minor children.

POPPY DAY IS SATURDAY 26

AMERICAN LEGION AUXILIARY TO SPONSOR SALE IN PLYMOUTH.

Poppies to honor America's dead warriors of two World Wars will be worn in Plymouth on Saturday, May 26th, Mrs. Charles Lookbaugh, president of Plymouth unit of the American Legion Auxiliary announced today.

The little red flowers will pay tribute both to those men who have died for their country in the present war and to those who fell 27 years ago in France and Belgium among the swaying poppies. The money that is received for the flowers will be used to aid the afflicted veterans of both wars and their families.

Extensive preparations for the observance of Poppy Day are being made by the unit of the auxiliary here under the leadership of Mrs. Lookbaugh. Everyone in the city will be able to buy the flowers of remembrance from the many volunteer workers from the Auxiliary who will be on the streets all through the day.

The flowers are made of crepe paper on the pattern of the wild poppy of Flanders. They have been ordered from Sandusky where disabled veterans made them under the direction of the Auxiliary. Making the poppies has helped these veterans keep their minds and fingers occupied, causing the otherwise tedious months to pass quickly and at the same time furnishing the men with a means of livelihood.

This year it is expected that more Americans than ever before will wish to wear the poppies as a salute to the dead soldiers and their bereaved families, and as a financial aid to the living but disabled soldiers and their needy families.

DR. JACOBY DIES

Funeral services for Dr. George W. Jacoby, 65, of Ashland, were held Friday afternoon at his late residence and burial made in Ashland cemetery.

He practiced medicine in Savannah and later in New London and was well known in the entire community.

Surviving are his widow, Frances; two sons, L. George W. Jr., stationed at Mesa, Ariz., and Kenneth of Wadsworth; one brother, Dr. M. W. Jacoby of Cleveland and one grandchild.

COMMENCEMENT SPEAKER AT NEW HAVEN

Commencement exercises at the New Haven school will be held Thursday evening, May 17, at the High school auditorium. The hour is announced for 8:15 p. m. and the Hon. Dale Stump, Columbus, Ohio, will be the speaker of the evening.

Dale Stump is a prominent Ohio attorney who has a wide experience in the State Industrial Commission. He has served as president of the State Employee's

DALE STUMP

Association and later became the first executive secretary of the Public Employee's Retirement System, in which capacity he made a survey of all State Departments, making valuable recommendations to improve efficiency and secure economy in our State Department.

From experience gained in these important positions, Mr. Stump obtained a first-hand knowledge of the problems, operation and administration of our government. His subject for the address at New Haven is "Our Responsibility" and his talks are very appropriate in these critical times, when we are in a death struggle to preserve our democratic form of government.

Baccalaureate Services.
 Rev. J. C. Scholten, pastor of the Celeryville Christian Reformed Church will deliver the annual Baccalaureate Sermon for the New Haven graduates Sunday evening, May 13th, at the High School Auditorium, at 8 o'clock.

LESS SUGAR FOR REST OF YEAR

APPLICANTS TO GET 70 PER CENT OF 1944 CONSUMPTION, IT IS REPORTED.

Local consumers who are disturbed by the reduction of canned sugar were reminded today by C. C. Canfield, chairman of the Huron County War Price and Rationing Board, that institutional and industrial users also will receive less sugar during the remaining months of this year.

Chairman Canfield explained that the change in canning sugar resulted from a world-wide decline in sugar production, national consumption at a rate much greater than the allocation and the increased needs of the liberated countries. America will still have more sugar in 1945 than any other country in the world, he added.

Housewives should be careful to request only the amount of canning sugar they will be able to use for this purpose, Canfield declared. Applicants will be issued up to 70 per cent of their actual 1944 consumption, with a maximum of 15 pounds per person and 120 pounds per family. "Don't apply for canning sugar until you need it," the chairman urged, "so that your ration board and grocer can handle the distribution of sugar in an orderly fashion."

HIT-SKIP VICTIM

Ed Welty, 68, Willard hotel clerk, is in the Willard hospital with a fractured pelvis, the result of being hit by a hit-skip automobile driver last Friday. He was walking on Myrtle avenue when struck.

Police say the driver escaped without stopping and no trace of his identity has been found.

PASSES EXAM

James Kennedy successfully passed his physical exam Tuesday when he went with a group of Huron County inductees for their exams. This is the third time Jim has been up for call.

STRAIGHT TALK ABOUT THE 7th WAR LOAN

THE 7th WAR LOAN

starts May 14. Americans, as individuals, are taking on their biggest quota to date—7 billion dollars, 4 billions in E Bonds alone.

You may be wondering, "Why this biggest of all individual quotas now? Haven't we already reached the peak?"

A fair question—requiring a straight answer.

The Money Is Needed for War

The Battle of Japan has just begun. It must be backed up, paid for, fought for by a free people, intent on sweeping the Pacific clear of fascist hate—forever.

With the war in the West our first and major concern, we have not yet been able to go all-out in the East. But neither has the Jap.

The war to crush Japan will be bigger, tougher, and longer than most Americans expect. The Allied Military Command has estimated that it will take years, not months.

The destruction of Japan's armies has not yet reached the annual rate of normal replacements—between 200,000 and 250,000 men a year. And the Jap, as our men in the Pacific know, fights to the death.

As far as Japan is concerned, the outer Empire—and the men who defend it—are expendable. The Jap will fight the Battle of Japan from inside the inner Empire, of which Iwo Jima was an outpost. And Iwo Jima, according to Admiral Nimitz, was a pattern of the resistance our forces may expect to meet in future offensives.

New Tasks, New Needs

The single greatest obstacle to our crushing Japan is distance. While in the Battle of Europe supply ships from our bases in England had only an overnight run to make, ships in the Pacific have long reach round trips taking up to 6 months to make.

To crush Japan will take time, heroic and back-breaking effort, overpowering equipment. Millions of fighting men—freshly outfitted and equipped—will have to be moved from

Europe halfway around the globe and supplied day-in, day-out by hundreds of new ships now building.

More of everything will be needed. More B-29's. More tanks, half-tracks, jeeps, and trucks. More rockets, mortars, airborne radar. A whole new air force is in creation—huge new bombers dwarfing the Superfortress—fast new jet-propelled combat planes, the P-80 or "Shooting Star," coming off the lines by thousands.

These are just some of the 101 ways in which your dollars are needed more than ever to bring America's might to its full strength—so that we may crush our foe the faster, make an end of killing, and bring our men back home.

And Let Us Forget

The sick, wounded, and disabled will require medical attention and care.

Many millions of dollars will be required for mustering-out pay and benefits voted by Congress to help our veterans get started again in civilian life.

That's the least we can do in return for what they've done for us.

Winning the Peace

There are other weighty reasons for supporting the 7th War Loan—reasons that take us from the present to the future.

By investing in the 7th War Loan, the patriotic American is safeguarding his own future, his country's future.

By putting every dollar over rock-bottom expenses into the purchase of War Bonds, he is delivering a body blow to wartime Inflation—thus putting a lid on the cost of living and maintaining intact the purchasing power of the dollar. At the same time, too, he is insuring the country and himself against the catastrophe of a possible postwar deflation—with its depression, unemployment, misery, and heartache.

So save for your country—save for yourself. In helping your country, you are also helping yourself! Come peace, we'll all need money for education, replacements, retirement, new homes, a new start—and we'll need a lot of it. And there isn't a better or safer highroad to your goal than United States Saving Bonds.

Making 2=3

This year there will be only two War Loan Drives, not three. But in those two drives the Government will have to raise almost as much money from individuals as in the three drives last year. That means bigger extra bonds in the 7th. Because only by buying more can we make 2 take the place of 3.

The 26 million Americans who buy bonds on payroll savings are already off to a flying start! These patriotic men and women began their buying in April. And they will keep on buying extra bonds through May and June!

It's now up to the rest of us. It's our turn to swing in line. To raise the vast sum needed, every American will have to dig deeper into current income—dig deeper into cash reserves. Only by buying bigger extra bonds can we stretch 2 into 3!

Let all Americans do their part—for their own sake, for their country's.

If you have an income—whether from work, land, or capital—you have a quota in the 7th War Loan. Find out what that quota is—and make it!

FIND YOUR QUOTA . . . AND MAKE IT!

MUSIC FESTIVAL WAS A SUCCESS

Few parents and friends who witnessed the Spring Music Festival in the school auditorium last Friday night could have failed to

breathe a thankful prayer that his child was one fortunate enough to be born in America. In direct contrast to the frugal opportunities given a European child everyone was given a chance to display his or her musical talents and leadership. Not only were the musical numbers well executed but they showed a marked precision in working with each other and with the director, a characteristic worthy of development. The choice of music, left in part to the pupils themselves, gave opportunity for a varied program. Several of the children had been trained to direct their classmates and thus augment their powers of leadership. All solo parts both

in music and speaking were well done. The musical games played and sung by members of the first grade, directed by Mrs. Fackler were a pleasure both to listen to and to watch. The Second grade Toy Band, with Mrs. McFadden as their teacher, made a very definite "hit" with their rhythmic music. The Stephen Foster Songs selected by Mrs. Fort and the Sixth grade were familiar and well-liked. The Third and Fourth grades with their teachers, Mrs. Farrar and Mrs. Hoffman selected three of their favorite spring songs, and it was evident that they enjoyed

Making a break in the musical program was the Choral Reading done by this group also. The Playlet Tuneful Tones, written by Mrs. Erwin was an unusual method of presenting a class and its repertoire. A campfire scene, presenting the high school girls choral group made a clever and entertaining climax to the evening. One listener, in commenting upon this scene, stated that if you closed your eyes you could imagine you were listening to the radio. The program represented the combined efforts of ten teachers and pupils in music and other classroom work for the year. Miss Mary Alice Weller was a capable assistant pianist for the

performance. Directing the music and coordinating the work of all the teachers was Miss Joy Bethel, the music teacher of the school. The smoothness of the program and the organization of some 225 children made it a joy to witness.

DIES IN WILLARD

Mrs. Ida Reed, 67, widow of Edward Reed, died Thursday at the Willard Municipal hospital, following a long illness. A son, Cloyce of Willard is the only survivor.

Funeral services were held Saturday at the Secor funeral home and burial made in Greenleaf cemetery, Willard.

SHILOH NEWS

BROTHER DIES

Mr. and Mrs. E. H. Mellick were called to Tiffin Saturday, April 28, to the bedside of their brother, Henry Company, who passed away always enjoyed good health, and remained at the home, and Mr. Mellick and Mr. John Company returned to Tiffin on Tuesday morning.

Mr. Company, 72, had nearly always enjoyed good health, and was sick only one week. Funeral services were held Tuesday and the body placed in the mausoleum at Tiffin.

He is survived by two brothers, one living in Tiffin and John Mellick, also of Shiloh. Henry Company had often spent several weeks visiting his relatives at this place, and had made many acquaintances.

SELLS PROPERTY

Miss Anna Benton has sold her home on Prospect street to Mrs. J. J. Cihla of Cleveland. The change of ownership of this property recalls some interesting history and commends for notice.

Miss Benton's mother, Mrs. Elmira S. Benton, was living in Missouri with her family, when her husband, Judson Benton, died following a short illness.

Mrs. Benton then returned with her little family to her people in Shiloh. She purchased the lot on Prospect street from Jacob Koerber, and erected a home.

She kept her children together, educated them, and they became honored citizens. Her only son, Elba L. Benton, was the editor and owner of the Gleaner-Review in Shiloh and later editor of the Willard paper, and where he, with his wife and daughter, lived until his death while still a young man.

At the time Mrs. Benton made her home here. Jacob Koerber's home was in the house where Dean Owens now lives. From that home south to Main street and from there to Delaware street was a fine orchard, on the land inherited by Mr. Koerber's wife. It was a part of the Aaron Pettit farm, and there was a house on the north side of Main street, with the exception of the home of Jacob Henry north of Main on Delaware street. Mr. Koerber and Mr. Henry both married sisters of the late Thomas Pettit.

Mr. Henry's portion of the old farm was on south side of the Main street extending from the west end of Main street to the corner of Main and South Walnut street.

This is the first time the Benton property has ever changed. It has always been kept in fine repair, and we congratulate the young woman who has purchased it.

ANNUAL GRANGE MEETING. Mr. and Mrs. Donald R. Barnes and daughter, Rosemary, Mr. and Mrs. Paul Kranz and two sons, Mr. and Mrs. Carl Gearhart, Mr. and Mrs. Robert Forsythe and daughter, Kay, and Mrs. W. Forsythe represented the Shiloh Community Grange at the meeting for the annual program of Rural Life Sunday at Shenandoah.

There was a capacity house to hear the music number given by different granges, and the principal address given by Dr. D. Bruce Young of Shelby.

GRANGE NEWS. A birthday supper has been announced for the meeting of the Shiloh Community Grange Wednesday evening, Dec. 16.

VACATION BIBLE SCHOOL. If your child has not already registered this week for the Vacation Bible School, he should register this week either through his church, school or at Shaffer's store where registration blanks can be obtained.

The school is open to all children between the ages of 4 and 14. A full recreational program is being planned for all age groups. Due to the celebration of V-E day, registration for the Vacation Bible School will be postponed until next week.

Registration blanks will be available in the schools and at the G. W. Shaffer store.

SCHOOL NEWS

CHAPEL SERVICES. The chapel services at the school house on Thursday noon, was more than the ordinary service, which is usually expected at that time.

Rev. and Mrs. Thomas C. Henderson gave a program of outstanding value to the pupils. The Hendersons inspired the pupils in the discussion of the theme, "Preparation for the Future." Mrs. Henderson favored the group with a special piano solo. Both are musicians, and both sang and also led in chorus singing.

FOR A MEMORIAL. Mt. Hope Lutheran church is planning to purchase a 16 millimeter sound moving picture projector. A two hour show has been announced for Sunday evening, May 27, at which time a demonstration will be made by a Millersburg firm. This project will be a memorial for boys in the armed service.

SOLDIER AT HOME. Mr. and Mrs. Frank Seaman spent Sunday with Mr. and Mrs. Bill Wilson of Shelby. Mr. and Mrs. Wilson arrived in Shelby at their home at 6 o'clock in the morning. Mr. Wilson had been in service for some time, but while at Camp Livingston, La., a couple of months ago, he was stricken with meningitis, a serious sinus complicated the trouble and he was taken by plane to the McCroskey hospital at Temple, Tex., and underwent a serious operation. Slowly recuperating, he was given a furlough of 30 days at home and then return to the same hospital for a major operation.

Mrs. Wilson is the former Mary Esther Seaman and daughter of Mr. and Mrs. Frank Seaman of this place.

NEW AND DIFFERENT DISINFECTANT

KILLS COCCIDIA

on CONTACT!

Combat coccidia now, before it takes chicks your country needs. Don't wait. It may strike anytime, anywhere... and wipe out your profits. Provide clean ground; chicks must pick up coccidia to contract the disease. Spray buildings, equipment and the litter, thoroughly and frequently with Dr. Selabury's Par-O-San. Kills coccidia on proper contact; won't harm the chicks.

Then, while there's no "specific cure" for coccidiosis, of present practical experience shows that we can recommend these measures:

YOUR CHOICE OF TWO FINE MEDICINES

PHEN-O-SAL is the disinfectant used in the poultry industry. Does not cause irritation because it is non-toxic. Phen-O-Sal kills coccidia germ in 15 to 20 minutes. Drinking water, and (2) dips in the chick's digestive tract where coccidia do the damage. Phen-O-Sal in the mash is a good preventive measure.

BAKOR in the feed provides the bird with a natural antibiotic for fighting coccidia. BAKOR is the active ingredient in the stomach, intestines, crop, and caeca. It tends to stimulate appetite and is a long-time favorite of thousands.

In your battle against Coccidiosis, be sure to disinfect with Dr. Selabury's Par-O-San. Then use whichever medicine you prefer, Phen-O-Sal or Bakor.

POULTRY CONSERVATION FOR VICTORY PROGRAM. Follow the national "Poultry Conservation For Victory" program's recommendations. For full details and sound advice in combating coccidiosis, see brochures, drug, feed, and other stores displaying this emblem.

Breakfast Program Comes To Shelby

Tom Brennan's popular radio program "Breakfast at Hollywood" is to be reproduced and presented to the public Friday, June 15. The entire atmosphere of the "Breakfast" is to be copied and impersonated by local people.

Sponsored by the women of the Methodist church, two presentations will be given due to the limited seating capacity. Both performances at 1:30 p. m. and 8:00 p. m. will give about two and a half hours of entertainment.

Plans and general arrangements were completed last week when the committee met with the committee chairman, Mrs. W. H. Aldridge. Other members of the committee are Mrs. Clayton Mayer, Mrs. C. G. Keck, Mrs. W. R. Bond and Mrs. L. E. McMeeken as reporter.

Many are familiar with the program as it is given each morning over WMAN at 11:00 a. m.

This program has been planned for a public that likes the combination of merit and the company of others.

ONLY HALF THE PICTURE

Even in the midst of our jubilation gratitude for victory over Nazi Germany... we must remember war is still very much with us.

Our European victory does not complete the picture. We must still follow through to total victory over all our enemies... and win the peace that follows.

But now we must work for total victory even while preparing for the peace we hope will come soon. We can do both if we keep in mind that victory still comes first.

Therefore, telephone service is still a war industry. And it must remain so until considerable time after our total victory. We know you share our purpose and will continue to show us your fine spirit of cooperation.

FAILS PHYSICAL

Jim Moore who recently enlisted in the Merchant Marines was notified Monday that he failed to pass his physical for entrance.

COMING HOME

Miss Virgie Fenner, who has been visiting in Houston, Texas, expects to return to Plymouth after the 17th of the month.

CANCER FUND GETS A BOOST

A \$50.00 contribution received the past week from Mrs. Eleanor Whitney of Washington, D. C., gave the local Cancer Campaign now being conducted a good boost.

The first nation-wide campaign against cancer, sponsored by the American Cancer Society, is drawing to a close. Under the leadership of Eric A. Johnston, recently re-elected to a fourth term as president of the United States Chamber of Commerce, thousands of new volunteer workers have been enlisted, and many communities aroused to the dangers of cancer. Cancer kills eighteen Americans every hour, and this death toll can be reduced, if we have the necessary funds for research, education and treatment.

Locally the drive is headed by Mrs. E. R. Haines. The small containers have been placed for contributions in various business places and house-to-house workers have been on the job.

Mrs. Haines reports that plans are under way in Shelby to establish a cancer detection clinic at the Shelby Memorial hospital after the war. If you have not given to this worthwhile drive you may contribute by simply mailing your contribution to "Cancer," care of the local post office. No other address is needed. A coupon for the fight can be found elsewhere in The Advertiser.

SPECIAL SERVICE

In conformity with the request of President Truman, a special V-E Sunday Service will be held in the Presbyterian church at 11 A. M.

The service was prepared by the Federal Council of Churches of Christ in America and will fit in well with the idea of a Mother's Day service.

The sermon theme: "We Dedicate Ourselves to Thee." While this is a time of thanksgiving, it is also a time to dedicate ourselves to the great unfinished task. The choir will provide special music for the occasion.

BROTHER DIES

Irvin L. Carpenter, 64, of New London R. D. 4, died Thursday at the home of his sister, Mrs. William Friend, in Ashland following an illness of one month. He was a farmer and poultry raiser.

Surviving are his widow, Flora, one brother, Claydean of Savannah; three sisters, Mrs. Friend at whose home he died, Mrs. Harold Willis, Ashland and Mrs. Bert Hunter of near Plymouth.

The body was removed to the Denbow-Bear funeral home in Ashland where services were held Saturday at 9 a. m. in charge of Elder O. A. Wilcott, of Clarksville. Burial was made in Ruggles cemetery.

"In the name of the President of the United States, the Commander, First Carrier Task Force, United States Pacific Fleet, presents the Air Medal to Richard Leon Burdge, Aviation Machinist Mate, First Class, United States Navy, for service as set forth in the following citation:

"For distinguishing himself by a series of meritorious acts while participating in aerial flights during November, 1944, and January, 1945, in the Philippines, China Sea and Formosa. As turret gunner in a carrier based torpedo-bombing plane on eleven missions against enemy ships, airfields, and ground installations he materially contributed to the success of these missions and increased their effectiveness by repeated strafing and efficiently serving as lookout and advisor to his pilot in the selection of undamaged targets. His skill and courage were at all times in keeping with the highest traditions of the United States Naval Service."

Local Boys Meet in Germany

For the second time since they have been overseas, two local boys have had the pleasure of meeting each other. Sgt. LaVerne Moore and Lt. John Fackler first met in January in Holland, and again on April 21 and 22 in Germany. The boys were in the same army area, sleeping within a stone's throw of each other, sharing the same mess hall and were able to spend evening hours visiting.

LaVerne Moore received this news the past week.

At the expiration of his leave he will report to the Army hospital in Tennessee.

S/SGT. HENRY WIERS WOUNDED, EXPECTED TO COME HOME SOON

Mr. and Mrs. Ed Wiers of Celeryville expect their son, S/Sgt. Henry E. Wiers, who has been overseas for more than 32 months home soon.

He has written that he was wounded in the head on April 17, was flown to a hospital in England and expects to start home as soon as he is sufficiently recovered. The wound was over his eye but will not prove serious, he states.

S/Sgt. Wiers was with the First division and was last fighting in the Ruhr district. He was with the first African soldiers to land in England, was in the invasion and campaign in North Africa, the invasion of Sicily and Italy fought in southern France, was sent to England and then into western France and Germany. He has seen almost continuous action. The First division has suffered heavy casualties, and has a record of two replacements for every man originally in the division.

S/Sgt. Wiers has been awarded the Purple Heart.

MOTHER'S DAY—1945

IF THERE is any time when mothers deserve a special day set aside to do them reverence, it is this war year of 1945.

Ten million mothers in our country, and countless millions abroad, today have sons or daughters in uniform, many of whom are far away from home and many of whom are in danger. The mothers at home, who can do nothing but hope and pray for the protection of their children, are certainly going through a period of silent fear and tension which must be even harder to bear than the strain of being at the battlefield.

The men and women gathered together in San Francisco to set up the framework for an organization which can keep peace in the world, would do well to center their attention on the viewpoints of mothers for at least one day. Although these representatives from all corners of the world may speak different languages and hold different philosophies, they all know that the mothers of their countries are united in the belief that no dispute between nations is big enough to go to war over.

ARE BLACK MARKETS INCURABLE?

WE HOPE the congressional investigation of black market activities will help to erase this blight on American patriotism, but we are not too hopeful.

For the black market—particularly in meat—seems to have reached this stage where it may be incurable. Only by employing an enforcement army of thousands of trained investigators does it now seem possible that black markets might be cured.

So far the investigations indicate that the only other answer is the elimination of price ceilings or at least the raising of price ceilings. Of course that would help—but in many cases it would also help to bring on dangerous inflation.

In many cases there probably should be adjustments of price ceilings so that all those who handle the sale of a product get a fair profit from it. In other cases it has been proven necessary to have faster working OPA machinery for making quick price adjustments to avoid losses of large accumulations of perishable foods.

SUCCESS INDICATED EARLY IN LIFE

DO YOU want an almost never-fail sign by which you can tell if you are going to succeed in life?

Well, here it is. It has been proved an outstanding success in her field. And that field is science. And she is Katharine Blodgett, who has three degrees after her name. She is the discoverer of the so-called "invisible" glass. (This really means non-reflecting glass.) She is perhaps the most outstanding woman scientist in America. So she ought to know something!

Well, that's what she believes: "It is my experience that those who succeed are the ones who pitch in and solve their own problems. If a person leans on someone else and expects someone else to solve his or her problems, then that person is pretty well doomed so far as fitting into a success pattern is concerned."

She says this begins early in life and that a parent can watch her children and pretty well tell which one is going to succeed in that particular field, and which one will fall by the way.

A deep desire in a mother is to pick up her baby when it falls over. She would do much better to let the infant manage its own affairs. By beginning even so young, a mother can help a child develop self-confidence and the knack of depending on itself.

She says that a woman wanting to do something in science has to have this quality in an outstanding way. She says there are three qualifications necessary for a woman to advance herself in the field of scientific research:

1. She must be able to solve her own problem.
2. She must have everlasting persistence.
3. She must have patience.

The girl who cannot solve the small, individual problems of everyday living, can't hope to solve the vastly more complicated ones of a scientific laboratory.

When she graduated from college she wrote a thesis on the absorption of gases by carbon.

One of the reasons she believes so completely in each tub on its own bottom is that her father died a few weeks before she was born, and she and her mother had to work out their own destiny together. She says, "It was during these early struggle days that I learned that when you say 'I can't' it is equivalent to saying, 'It's too much trouble to try really hard.'"

Doings in Congress

By Cong. W.M. LEMKE

WHEN OUR SONS ENTER the armed forces they are given \$50 to \$55 a month. Out of this they pay for insurance and help Uncle Sam support their dependents. They are forced to buy bonds, donate to the Red Cross, the USO, etc. They sacrifice their lives, their limbs and their health.

On occasions they work for twenty-four hours a day. There is no

forty or forty-eight hour a week in the armed forces.

WHILE THEY WERE FIGHTING and dying, their Uncle Sam dished out billions of lend-lease-pot of it for the war effort, and part of it to foreign civilians. They were doing the fighting and the dying, we plunged their nation \$300,000,000,000 into debt—some of it for the war effort, much of it wasted, some disappeared in graft, and more of it went to the cost-plusers.

NOW THAT THOUSANDS are being discharged, we hear of neglect and mistreatment in hospitals in the words of Kipling,

"When the guns begin to boom, it is Tommy here, and Tommy there. But when the war is over, it is an injury here and an insult there."

LET CONGRESS DO JUSTICE to the veterans. If the fathers, the mothers, and the brothers, the sisters and the wives of our armed forces join with the veterans and demand justice, then they will get it. I introduced the Veterans Rehabilitation Bill, H. R. 1215, which has the approval of many veterans and armed officers. If this bill, or a similar bill is passed, it will prevent deflation and a financial collapse.

THIS BILL WOULD GIVE TO the veterans of World War II a paid-up life insurance policy. The amount of this policy would be at the rate of \$150 a month for home, and \$300 for overseas service. That is less than those who worked at home received for shorter hours and less strenuous work. It provides that the veterans may borrow seventy-five per cent of the policy's face value to engage in productive enterprise. This enterprise is defined as building a home, obtaining an education, or engaging in any commercial, agricultural, industrial or professional undertaking.

IT PROVIDES THAT VETERANS may form a partnership, or a corporation, and that the proceeds from such enterprise shall be exempt from state and federal income tax for five years. No interest is to be paid for the first two years, after that two per cent. This gives the veteran time to get started and even to invest in those who remained at home. No honest person can object to that.

IT WOULD GIVE THE ABLE-BODIED and the partially disabled veterans an opportunity to engage in business of their own, and create jobs for themselves and for others in place of asking for jobs that will not exist. It will not only help the veterans, but the nation.

Six & 1/2 Inch Sermon

↑ REV. ROBERT H. HARPER ↑

The Tragedy of the Northern Kingdom.
Lesson for May 13: 1 Kings 12:26-30; 16:30-33; 19:1-4, 13-18; 11 Kings 17:1-4.

Memory Verse: Psalm 34:3. Introducing idolatry in the northern kingdom, so as to vilen the people away from the Lord, the king of Jerusalem and the house of David, Jeroboam set the stage for all the tragedies that were to ensue. No man or family long held the throne—through intrigue and murder it often changed occupants. Wicked rulers, foreign alliances and widespread idolatry brought the ruin of the kingdom after a tempestuous history of two centuries. Scattered among the provinces of the Assyrian empire, the people disappeared as the "Lost Tribes."

Only the prophet of God rose preeminent in the northern kingdom. The sudden and brief appearances of Elijah, his wild habit, great strength and endurance, his wild changes from joy to grief and despair, and the splendor of his passing have all given a peculiar charm to his name. The "wells of his flight" after the slaying of the heathen prophets on Carmel—to repine under a juniper tree. It also shows him in a cave at Horeb, when the "still small voice" questioned him, bade him go on his way to assist and rule over Syria and Jehu over Israel, and Kilshah as his own successor in the prophetic office. And also informed him that 7,000 were left in Israel that had not bowed the knee to Baal. It should have encouraged Elijah to receive the spiritual sustenance of Israel.

The kingdom by wickedness fell, the Lost Tribes have not been found to this day, but all that was beat in the name of the Lord, the great names of Elijah, Elisha, Amos and Hosea still live and their prophecies shed important light on grave issues of today. So may we conserve the good.

COAL RATIONING IS NOW IN EFFECT

A Few Things the Consumer Should Know

- 1-Q. What is a consumer declaration?**
A. A Government form you must fill out and file with your regular coal dealer along with an order, either written or by telephone, whichever your dealer indicates.
- 2-Q. Where do I get a consumer declaration?**
A. From the fuel dealer who supplied your premises last year.
- 3-Q. Who must file a consumer declaration?**
A. All "domestic consumers," i. e., all persons who use coal or coke in houses, hotels or other dwellings, schools, churches, libraries, office buildings, banks, retail or service establishments, depots restaurants, theaters and other places of amusement.
- 4-Q. Why must I file a consumer declaration?**
A. So that the drastically reduced supplies of solid fuels can be equitably distributed. The Solid Fuels Administration has found it necessary to limit to 80% of a normal year's supply virtually all coals and coke for "domestic consumption."
- 5-Q. When must I file my consumer declaration?**
A. The sooner the better. Because, if you file and place an order with your regular dealer before May 15 he is required to deliver at least 30% of a full year's supply before Oct. 1, provided you will accept the kind of fuel he has to offer.
- 6-Q. Does the statement made by a consumer in a "Consumer Declaration" as to his normal annual requirements decide how much solid fuel a retail dealer can deliver to him?**
A. No! His statement is only an estimate to the retail dealer. The dealer MUST scale down any inflated statement of requirements.
- 7-Q. May I file a declaration with more than one dealer?**
A. Yes. You may file with each dealer you have been buying from, if you choose.
- 8-Q. How much coal will I get for the calendar year April 1, 1945, to April 1, 1946?**
A. 80%.
- 9-Q. When may I get my supply of coal for next winter?**
A. Your dealer must deliver 30% and is absolutely prohibited from delivering you over 50% if available prior to October 1, 1945.

P. S.—Forms are now on hand—get YOURS signed early.

LETTERS FROM OUR BOYS IN THE SERVICE

Pfc. Owen Fransens, son of Mr. and Mrs. Joe Fransens, west of Celeryville, writes his folks regarding the liberation of prisoners and the terrible atrocities of the Nazi people. The letter is as follows:

Germany
21st April, 1945
Dear Folks,
Well I finally have a little spare time so I will drop you a few lines. We have been very busy lately as you probably have read and heard over the radio. I wish we could get the news like you get it back home, but everytime BBC gives a broadcast the Germans butt in with a bunch of propaganda. We are sure living good, in some of the best homes beautiful, but the people are just about all Nazis.

I suppose you have heard of this awful atrocity at slaughtering at Gardelegen where about 800-1000 Russians, Poles, Dutch, French and also German political prisoners were burned and those who tried to escape were shot down by SS men. They put them in a barn made them lie down, then poured gasoline on them and then shot phosphorus grenades and tracer into it. I personally saw the results of this with my own eyes, but this was before we could get there, I saw this after it happened. And I sure hope the men who did it are caught before long, and the worst punishment in the world is too good for them. You just can't imagine people being so torturous. But those SS will do anything. At another place we freed 500 American soldiers and I never saw such a scene in all my life. They were so glad they cried and some even kissed our hands and we were happy. I personally crying myself to see the expressions on those boys' faces. We gave them everything we could. And they said K ration crackers tasted like cake after eating German food. They certainly were a happy bunch of boys.

Well I haven't much more news so will close for now hoping to write soon again.
Love,
Owen

Here's another letter from Richard Fox, serving in the Pacific, son of Mr. and Mrs. Proctor Fox, west of Plymouth:

Dear Mom, Dad and All:
Received quite a few letters from you today. They are just catching up with me and four of them are the best of health and those pictures of the kids were swell. They will all be grown up before I realize it. Yes, we get to hear the news every night and think for the sport clippings. All the boys on the boat read them. We are in dry dock at present. Getting the old baby all fixed up. She's sure done her share here. Is Hank Peterson still working at the Plymouth Elevator. Never thought that we boys would be so far apart. Received the shoes you sent me. They were the only thing left in the Hat. Had your received the picture of me with the Jap flag.

If you can get to see the show "Devil Boat," you can see what our boat looks like. I'll try to tell you a little of what we have gone through out here.
First the day after invasion we were attacked by eight suicide planes and a lot more of them to follow. We rescued some pilot up by — before they invaded. Got out some men who were in Jap prisons for three years. The boat I'm on has a battleship to its credit. We did a lot of other action against them. I had a rope around one little neck. Was he scared? We had a load of Filipinos aboard and some Jap prisoners. One of their planes at-

tacked us in daylight. Did we knock the "heck" out of him. The Jap just sat there. Plane went down in flames. All of us were shooting at them. Just heard that FDR passed away. It was a shock to us, and let's pray it won't hinder the war.

Suppose by this time you are well under way with the spring work. Gosh, I would love to see that old countryside again soon. I suppose baseball season is getting underway back there. Wish I could play some. Now, Mom, there is no use worrying about me as I'll be home before you know it. What a time we shall have. Keep praying for our safe return.

Your Loving Son,
Richard

BANDS PLAY AT GALION
High schools bands from northern Ohio participated Saturday night in Galion in the Northern Ohio League Music festival. A parade was held through the town before the bands gathered for their night's concert.

Bands taking part included those from Bucyrus, Crestline, Bellevue, Mt. Gilead, Upper Sandusky and Norwalk. The massed bands were directed by A. W. Liddell of the high school band of Galion. The Crestline band is under the supervision of Maurice Davis, son of L. Z. Davis, of Plymouth.

AT COLUMBUS HOSPITAL
Mary Ellen Lockhart, daughter of Mr. and Mrs. F. W. Lockhart, Crestline, and a niece of E. E. Markley, Plymouth, is a patient at White Cross hospital in Columbus.

RECEIVES FUNDS

Richland County Auditor Norman L. Wolfe states his office is in receipt of \$98,892, Richland County's share of the first half distribution of revenue from the that distribution of corporations' shares began Monday.

The money is to be used in the construction and maintenance of county highways and city and village streets. Richland county's share of the total will be \$74,700 while \$24,112 will be distributed to the nine corporations in the following amounts:
Belleville, \$512; Butler, \$275; Lexington, \$281; Lucas, \$225; Plymouth, \$383; Shiloh, \$275; South Boulevards, \$125; Shelby, \$3,275, and Mansfield, \$18,750.

Wolfe said that the \$98,892 was about half of what the county could expect to derive in revenue from the sale of auto licenses during 1945, unless unexpected sales of the tags developed later in the year.
