

RAINS AND COLD WEATHER HOLD UP FARM WORK

Continued heavy rains through out the month of May have delayed farm work and crop planting to the extent that it is causing grave fears of a crop shortage in Ohio. Although state authorities have given a fair outlook for crop production, many farmers in this section predict that wheat this season will be mostly straw and light grain. John Ganzhorn of the Plymouth Elevator stated that in his opinion, wheat in this section will not show up anywhere near as well as last year; that the bulk of the crop will be straw, and moisture content will be high.

In his review of the outlook for farmers, Burr Knaus, who operates the Hoffman Farms, an 845 acre tract of land west of Plymouth, states that out of 450 acres to be planted in corn, less than half of it has been planted. Knaus recalled the fact that at a meeting of farm managers last year, that government officials were advised of the present setbacks, due mainly to labor shortages on the farms, and with the additional delay caused by May rains, there is no way possible for most farmers to catch up. The situation is one that may cause a serious shortage of food and meat on Ohio farms.

In summing up the corn situation for this vicinity, Knaus estimated there will be a 20 percent cut in corn due to wet weather; farmers being unable to plow and plant average. He also admitted that wheat didn't look so good in this section, but those farmers who got out their oats stand a fair chance for a good crop, although there were hundreds of acres not planted in this crop.

In the summaries expressed by Ganzhorn and Knaus, the situation was explained by the prevailing generally over this section of the state. The heavy rains of last Thursday added another delay, and showers since have tended to hold up farm work from day to day.

With another 17 hundreds of an inch rainfall Tuesday night, John A. Root, official weather observer for Plymouth, states that so far the month of May has set a record for the weather. Mr. Root pointed out that the normal rainfall to date for May is 2.31-in. and stated that a total of five and seventy-three hundredths of an inch of rainfall has been recorded, which makes for an average of four times the total rainfall generally experienced in May.

Plymouth residents who have had garden spots plowed now feel certain that another plowing will be necessary. Few gardens have been put out here.

Damage At Celeryville
Celeryville gardens suffered the most of all from last Thursday's downpour. In this section rain flooded lowlands, and for a few hours the downpour was so heavy that creek channels were unable to carry off the surface water. As a consequence of this deluge, acres of onions, lettuce, celery and carrots were washed out. Sam Postema reports the loss of 15 acres of truck garden.

JIMMY CLINE, ON WAY HOME, IS INJURED IN WRECK NEAR PIQUA

After serving in the armed forces for a year and a half in the Southwest Pacific area, Cpl. James Cline of New Haven, who was en route home, for a 35-day furlough, was one of the 24 soldiers injured in a train wreck at Piqua, Ohio, Monday.

Captain Cline had written his wife on April 25 stating that he was leaving for the States. He arrived in Boston Saturday morning, and at that port a troop train was made up with soldiers to be sent to Camp Atterbury, Ind., Jefferson Barracks, Mo., and Fort Bliss, Texas. As the train entered Piqua, a derailment caused eight of the cars to topple over an embankment, which sent 24 soldiers to the hospital, three seriously injured. However, Cpl. Cline escaped with a cut on the head and which required four stitches to close. He will be discharged at Atterbury for a 30-day furlough.

DIES SUDDENLY

Word was received Friday by J. Eldon Nimmons of the sudden death of John Nimmons, 73, on Thursday, May 17, at the Belmont Hotel, San Francisco, Calif., where he resided, from his brother Samuel E. Nimmons, Saginaw, Mich.

Mr. Nimmons was born on the Jonas Trauger farm, south of Plymouth, a son of the late John and Amelia Wyandt Nimmons. He spent his boyhood days in Plymouth and graduated from Plymouth schools, class of 1888. He was a clerk in the Plymouth post office, when Frank P. Smith was post master, and also clerked in the Huron Parker dry goods store. He then went to Chicago and clerked for the James H. Walker Co., retail dry goods merchants, and was also associated with his brother, the late Harry Nimmons, in the grocery business in that city.

He was in South Africa from 1904 to 1908 and then came to California.
Besides his brother, he is survived by one nephew and one niece, and cousins.
The body will be cremated and the remains sent to his brother, Samuel E. Nimmons, and later brought to Plymouth for services and burial in Greelawn cemetery.

29 JAMAICANS ARRIVE HERE; HELP FARMERS

A group of twenty-nine Jamaicans arrived Monday to work in the gardens of Celeryville and were in town being outfitted by their prospective employers. They were furnished new shoes, shirts, and miscellaneous articles preparatory to their work.

They will be housed again this summer in the buildings at New Pittsburgh, the main one of which was the former New Pittsburgh school building. There are twenty-seven men to work in the fields and two cooks who remain at their quarters. The workers are transported daily to their work by their employers.

The Jamaicans did very satisfactory work last summer, it was reported. With the exception of one, all are new men this year. The Jamaican labor is under the direction of Carl Sidel of the Huron county agricultural agent's office at Norwalk.

About August 26th, twenty-six more will arrive to work on the Stambaugh farms for later crops. Celeryville gardeners who contracted for Jamaican labor are Buurma Bros., 5; Holthouse Bros., 3; Van Zoest Bros., 5; Sharpless and Son, 3; Sam Postema, 4; Wiers Bros., 2; John Danhoff, 2; John Vandellen, 1; Sam Danhoff 1; and Philip Lindeman, 1.

FARMERS AT SHELBY MEETING BLAME OPA FOR BLACK MARKET

A gathering of approximately 400 farmers and business men from Richland and other northern Ohio counties met in Shelby Wednesday evening of last week where they pointed out to two OPA officials from Cleveland that price subsidies and rationing practices are defeating the food production program and opening the way for black markets.

L. A. Whitam of the industrial division, and J. T. Taylor of the price division of the Cleveland OPA district office, were present at the meeting in Shelby. The session was sponsored by the Ohio Marketing Quota Protest Association, which invited OPA officials to be present.

Some of the 400 farmers and several business men charged the OPA with defeating all-out food production and with trying to superimpose socialism into American farms with current price subsidies and rationing practices. The farmers gave vent to grievances against sugar rationing.

Charging that Washington was seeking to injure socialized farming into America, H. H. Fackler, local farmer, and state chairman of the protest group and a long-time foe of the Triple A, demanded that questions on farm gasoline ration application forms referring to amount and kind of livestock and poultry be removed insisting that such questions are irrelevant and socialistic in import. "You can't put gasoline in an old hen or a cow," Fackler said to the delight of his farmer audience.

Decrying sugar rationing as a disgrace to American democracy, Wood county farmers, led by George Maidment, livestock breeder and best-grower, said Triple-A practices had removed 4500 acres from sugar beet production in their county alone.

Around the Square

(By Phineas Whittlesod)

SPRING COLDS are making the rounds, and Mr. and Mrs. Wm. Wechter are recovering from one which the "Mrs." claims Bill brought to her last week. Well, we're glad to report both are improving.

AN URGE to see the old hill country came upon Mrs. Ethel Reed Tuesday night, and so she, with her sister, Mrs. Freda Norris, went down to Woodfield, O., known as the "Alps of Eastern Ohio." Mrs. Reed, manager of Kroger's, no doubt needs a rest from the many questions and problems involved in operating a grocery store these days. And there's no better place than the old hills of Ohio to get a good, long and peaceful rest!

AT LEAST OPA could give us sugar... this would surely sweeten a sour situation!

TOM WEBBER keeps smiling—even though he got his A1 classification last week. We also learn that Bill Root made the Navy, and that's just what he wanted. Wonder how Don Markley is coming along with his basic training? Lt. V. Barber says he hasn't a worry in the world—not even homesick... must be the army chow that keeps 'em that way.

SEE BY THE PAPERS where WPB has approved the manufacture of a half million refrigerators. This is going to make the OPA boys really feel foolish, for what logical sense does it make to buy meat, eggs, butter and cream being off the market—or should I say "scarce ration points"?

THE MEAT SHORTAGE is really hitting Plymouth. About the nearest thing we can find to bacon or ham is the squeal of a pig as a stock truck passes thru the Square.

DINNER at a restaurant not only saved a few points, but it was also a celebration for Mr. & Mrs. Don Hamman of Shioh, who observed their tenth wedding anniversary Sunday. Congratulations, folks, and we wish you many, many more such events.

THE NEW MARCH OF TIME asks this question: "Is Congress Overworked?" My opinion is: Never! It is still to be, for over in all history of the country has so many laws been passed as in the last twelve years. If you want to see and hear what TIME thinks of Congress attend the Plymouth Townships this evening, Friday or Saturday. It is a worthwhile study of this great body of lawmakers!

PLYMOUTH, along with the rest of the nation, will pause in the work-a-day week next Wednesday to pay tribute to our heroes of all wars. The Peoples National Bank, stores and postoffice will be closed all day. Postmaster Claude Sourwine states there is to be no city delivery, but the lobby of the post office will remain open for boxholders. Years ago, Decoration Day was always a honoring day for former residents, but with the gas shortage, many who formerly returned for the day, will possibly be absent for the activities.

BLUE STAR MOTHERS TO PARTICIPATE IN PARADE

Members of the Blue Star Mothers are asked to meet at 9:45 a. m. on the Public Square to participate in the Memorial Day parade, next Wednesday, May 30th.

Those national war bands, stars and banners may obtain them at this time. The parade begins at 10 o'clock and will march to the cemetery.

The Blue Star Mothers will also attend the Memorial Sunday services in a body at 7:30 a. m. to meet at 7:30 at the Legion Hall. Services begin at 9:00.

Mrs. F. Nelson McQuown of Willard received the following telegram Friday from the War Department: "The Secretary of War desires to inform you that your husband, Lt. Floyd N. McQuown has returned to military control."

Lt. McQuown, bomber pilot, was first listed as missing over Yugoslavia, January 31st. Later his family learned he was a prisoner of war but details have been so meager that they became greatly alarmed. However, on Tuesday of this week, Mrs. McQuown received a letter from Mr. William McClure of Indianapolis, Ind., whose son, Lt. Robert McClure, is now in New York and who was a member of the same crew.

Lt. McClure told his parents that the entire crew of 10 bailed out safely over Hungary and were liberated April 29th from Moosberg Stalag 7A which is north-east of Munich. However, Lt. McClure suffered several broken bones in his foot when he jumped off a truck and stayed at Nuremberg, later being flown by plane to New York. He expects to return to his home sometime this week.

Other than the telegram, Mrs. McQuown had received up until Tuesday evening no further information regarding her husband but is hoping for word this week. Lt. McQuown has been in service over four and a half years and left the states for overseas duty Sept. 4, 1944, being stationed at an air base in Italy.

Lt. McQuown is the son of Mr. and Mrs. Bruce McQuown of Maple street and has a son whom he has never seen.

At Crile Hospital.
 Last Thursday morning Mrs. Willard Ross received a telephone call from her son Willard Ross, Jr., that he had arrived by plane from a hospital in England. He was en route to Crile Hospital, Parma, and would call again upon his arrival. Saturday evening a second call advised them that he was at the hospital and would be able to see them on Sunday.

Mr. and Mrs. Ross, son Richard and Mr. and Mrs. Fred Ross, motored up Sunday and were well satisfied with the condition of Willy. Willy was reported missing as of Dec. 17 somewhere in Germany and later, word was received that he was a prisoner of war. He was liberated on Good Friday and taken to an English hospital, suffering with machine gun wounds in his right thigh and a fractured knee cap on his left leg. Here he received treatment but developed jaundice delaying his trip home. However, he is responding splendidly and after an operation on his knee, hopes to have no ill effects. He will be confined to Crile Hospital for some time.

Mr. and Mrs. Ross also received the original photograph Saturday taken by a staff photographer of Life magazine of a group of liberated soldiers at Montauban, Germany. This picture was released through wire service and appeared in the Shelby Globe on April 9th. Glancing at the picture, Mrs. Ross felt sure one of the soldiers was Willy, so cut it out and took it to England, for confirmation. It really was Willy, so Mr. Moore of the Globe wrote for the original which arrived Saturday. Copies are being made so that other boys in the group may have one.

APO Changes.
 Boys in service who recently received new APO's of this service are Sgt. Frank Chapman, Alfred W. Laser, and Pvt. Maase Vanderbilt.

Leaves Sunday.
 Robert Croy expects to leave Sunday for Detroit, Mich., where he will report for Officers' Training in the Navy.

He Made It.
 Gordon Seasholtz has been accepted for service in the Navy and is now subject to call. Because of high visual standards, Gordon failed to pass his first examination, in Mansfield, but later was successful.

Returns From Visit.
 Lieut. Roger Miller and wife returned Saturday from Charleston, S. C., where they visited Mr. and Mrs. Harvey Miller. They also stopped enroute at Washington, D. C.

Doings in Congress

By Cong. W.M. LEMKE

UNLESS THE FRIENDS AND relatives talk plainly, the sacrifices that the fighting men of World War II made will be forgotten. About all that Congress and the Administration have done to date is to give lip service. We passed the G. I. Bill wrapped up in red tape, and a guarantee for the money lender.

THERE ARE SOME WHO FEEL insulted if you suggest that the men in service should be given the same compensation as those who stayed at home. They feel hurt if you suggest that those who were discharged because they were thirty-eight years old, or over, should receive the same mustering-out pay as those who were discharged for physical disability. Last week we tried to lower the interest rate of Federal Land Bank loans to veterans to three per cent. But we were turned down.

AGAIN THE FARMER IS NOT only treated with contempt by the bureaucracy, but trampled upon by Congress. A few days ago the House passed a resolution to amend the Constitution so that a majority of both Houses can affirm treaties. This would make it possible for a few States along the Atlantic and Pacific seaboard to realize their desire to give the domestic markets of the interior States to foreign nations for a little international trade.

TREATIES ARE NOT LIGHTLY gotten rid of. They cannot be repealed. They may be repudiated, but that may lead to war. A treaty annuls State Constitutions and State Laws. It supersedes the Federal Constitution and Federal Laws. Surely to affirm a treaty should require more than a mere political majority. The consequences are too far-reaching.

LAST YEAR WE WERE TOLD that the Federal Land Bank Loans should be raised from 3 1/2 to 4%. This to make them unattractive to real estate speculators. This week we were told that there should be a difference of one per cent between the commissioner and the Land Bank loans. In spite of our opposition, the House passed a bill boosting the rate to five per cent after June 30th. That is at least one per cent more than the insurance companies now charge on loans they make on city property. We shall attempt to get the Senate to refuse to accept this increase.

THIS WEEK WE ARE DEBATING the Reciprocal Trade Agreement Law. We are asked not only to extend this law for three years, but to permit the Secretary of State to decrease the tariff another fifty per cent on some articles. The object is to give away the farmers' and the laborers' domestic market, so that our international manufacturers may sell automobiles and other products to foreign nations—sell Am-

erican farm machinery, that we need here, to foreigners.

THIS SO THAT THE INTERNATIONAL bankers may buy foreign bonds and clip coupons at the expense of the American taxpayers. Truly the forgotten man in Washington is the veteran, the farmer, the laborer and the small businessman. The well remembered man is the international manufacturer, the international coupon clipper, the cost-pluser, and the lend-leaser. Millions for the big boys—pennies for the rest!

EXAMS SET UP FOR ACADEMIES

Annual examination of candidates for appointments to the U. S. military and naval academies, conducted by the U. S. Civil Service commission, will be held in Mansfield July 26 for residents of this vicinity. J. Henry McGregor, representative to Congress from the 17th Ohio district, announced today.

Final selection of principal and alternate candidates will be made from the list of those passing the examinations, he said. However, the examination in no way will exclude further requirements as set up by the military and naval academies themselves, he stated.

According to McGregor, those eligible as candidates must be between the ages of 17 and 21 on April 1 of the calendar year in which they enter the academies. No person who is married or who has been married is eligible.

McGregor said that applicants should notify him at 1534 House Office building, Washington D. C. before June 21. The following information should be included in the notification: full name, address in Ohio's 17th congressional district, present address if not now in 17th district, day, month and year of birth, and city or town where candidate will take the Civil Service examination.

He listed Canton, Cleveland, Columbus, Athens, Akron, Lima, Sandusky, and Toledo as other cities near Mansfield where the examinations will be given.

JIM: "That's right, I did, Mary. Is it true, Judge, that distillers recover part of the grain they use in making war-alcohol?"

OLD JUDGE: "That's absolutely true, Jim. Wherever the government has permitted distillers to purchase the equipment necessary to reprocess the used grain, at least 50% of the feed value (25% by weight) of the whole grain is recovered. It comes back to farms like yours in the form of premium-quality livestock feed... rich in vitamins B, and B₂."

JIM: "Is the same thing true when distillers are permitted to make whiskey, Judge?"

OLD JUDGE: "Yes, every bit as true, Jim."

NEW RULING FOR MAILING PAPERS TO NAVY MEN EFFECTIVE JULY 1ST

A change in mailing regulations affecting newspapers and magazines being sent to all Navy personnel overseas and of far-reaching importance to Plymouth and area residents who may be mailing such publications, has been announced by the Navy department.

In an effort to conserve shipping space and prevent non-essential mailings, newspapers and magazines addressed to personnel of the Navy, Marine Corps, and Coast Guard addressed via Fleet Post Offices, may not be sent after July 1, UNLESS SPECIFICALLY REQUESTED BY THE ADDRESSEE.

These requests for subscriptions or renewals must be in writing and postmasters have been instructed by the Post Office department to require publishers to present for their examination the requests from the addressee for such publications.

Relatives and friends may pay for the subscriptions, or renewals of subscriptions provided the addressee has initiated the requests therefor.

Complimentary copies sent by publishers, copies paid for by advertisers and copies sent under any kind of an arrangement whereby the requests are solicited shall not be accepted.

Copies mailed in fulfillment of subscriptions which are unexpired on the effective date of this order (July 1) shall be accepted until the subscription expires.

Publishers mailing copies in accordance with the new regulations must include with the ad-

dress a certificate reading: "Mailed in conformity with P.O.D. Order No. 27851." Copies not bearing the certificate are to be returned to the publishers.

The Navy department is also suggesting that the public be encouraged to include clippings of particular interest in letters to the publishers and copies of lists of papers and other publications.

CAN YOU SPARE A CARD?

"Cards for Yanks," sponsored by the George Washington Post of the American Legion of the District of Columbia has sent thousands of cartons of playing cards to members of the armed forces around the globe but it has never been able to keep abreast of the demand. Thus it asks those of us who can spare playing cards (G. I. Joe does not demand new cards) to mail them to Charles L. Schuttler, 6300 Seventh Street, N. W., Washington 11, D. C.

A number of local interested parties have sent cards to the above address which were gratefully received. Perhaps there are others in the community who wish to share their spares with the G. I.'s.

NOTICE, FARM SLAUGHTERERS

An announcement has just been issued of a new regulation by the OPA in an attempt to get better distribution of meat. This order will apply to many farmers. The officers of rural organizations in this vicinity request the letter be published, that all may understand the facts.

To all farmers and slaughterers:

The number one food problem of today is the scarcity of meat. The office of war mobilization and reconversion has directed the office of price administration to take steps to deal with this problem. The purpose of this new order is to achieve better distribution of meats. Farm slaughterers will be known as "Class 3 slaughterers." Farmers who slaughtered, or had slaughtered livestock which they owned and from which they sold or gave away 8,000 pounds or less of meat during 12 months of the period Jan. 1, 1944 to March 31, 1945 are asked to register with their local war price and rationing board not later than June 30, 1945.

However, a farmer must register by May 14, 1945, if he wishes to transfer any meat after that date and prior to June 30, 1945. A permit will be issued to an applicant by the local board on the basis of figures shown on the registration and agreement to comply.

"MAJORING IN MINORS" WAS THE THEME OF ADDRESS TO SENIORS

Twenty graduates received diplomas at the commencement on Friday evening. The message to the class by Supt. H. L. Ford of Fostoria, was interspersed with wit and humor, and held the attention of the large audience throughout his address. His illustrations were new and his appeal to the class to attain the highest in the world was by "Majoring in Minors," and cultivating the highest personal qualities, the greatest of which was an unblemished character. It was masterful and showed the true scholar and christian character of the speaker. The influence of Supt. Ford should leave an indelible picture to guide the life of each member.

MRS. N. BUSHEY WAS 91, MAY 16

Mrs. Nancy Bushey, an honored resident of Shiloh for many years, passed her 91st birthday Wednesday, May 16. She spent the day quietly, but with many greeting cards and reminders that friends didn't forget. Her Sunday school class, to which she has always been faithful, sent her a nice basket of fruit.

All of these things added to make her day a happy one, and all of which she appreciated.

As long as she was able she was a great worker and liberal contributor to Mt. Hope Lutheran church. She is active in her home and takes an interest in world events.

She is still blessed with her two children, Postmaster D. E. Bushy, and Mrs. Maud Ruckman, and with eight grandchildren.

Born to Mr. and Mrs. Loren E. Kline a son on Monday, May 21, at the Mansfield General hospital. He has been named Gary Lee.

BOY WRITES DIARY OF DOG

Dennis C. Sharp, the young son of Mr. and Mrs. Myron Sharp of Pittsburgh, Pa., is the author of a book, "Lucky's Diary." On the front page of the booklet is a picture of the author and his dog - Lucky.

This young boy, a prodigy, received first recognition from a Pittsburgh newspaper, and later he was interviewed by the Associated Press, who took pictures of the author and his dog, and had them sent throughout the States.

This news is of special interest to Shiloh people. The Sharp family are former residents here and well known. Dennis is the grandson of Mrs. Almada Sharp of Mansfield.

The story, in the form of a diary, extends over one year, and gives the history of how Lucky became a member of the Sharp family, and her experience as a member of the family. It is a booklet that should be in every home, not only for the children's benefit, but it is worth while for adults.

The remarkable part of this story is the fact that Dennis has been ill during much of his short life, and for two years has not been in school. He has been tutored a few months, but the greater part of the time he is under the care of a child specialist.

LETTERS FROM OUR BOYS

Writes From Philippines
Pvt. Massie Vanderbilt, who was home not so long ago, promised to write a few lines, and he has kept his word. You'll find his letter very interesting, and we are glad to pass it on to our readers:

Philippine Islands, May 10, 1945

Dear Tommy: When I was home on furlough, I stopped in to notify you of my change of address, and you asked me if I wouldn't drop a line some time. Well, I thought I had a little spare time now, and I will try and tell you a little I know. First, I want you to notice my new address. This is also a temporary address, so you can look for a change in my address in a few weeks.

I'm somewhere in the Philippine Islands. Where doesn't make any difference since they are all about the same. The civilians here are very friendly and willing to help our cause and many of them are working for Uncle Sam. Many are high school graduates, and most all can talk very good American. They teach American in schools. They live in houses, some made of palm leaves and some are luckier, and made of boards. In their villages they have their public markets, selling bananas, pineapple, pigs, eggs, chickens, clothing, etc. They raise rice and their bread and butter is rice and fish.

I had the opportunity of watching a Philippine barbecue. They take a young pig and tie it firmly to a pole, bamboo, and then stick it and drain the blood in a pan. Then they take out a few insides and put a pole straight through from head to foot. They scald him with hot water and scrape him, then they put him over hot coals, slowly turning him a real treat and sell a quarter (which is very small, about 10 pounds) for about \$6.00. No, I didn't buy any or eat any as it didn't look too good, and anyhow, I wasn't very hungry. You can buy a chicken dinner for \$2.50 and it isn't very good at that. So, I take my mess gear and stick to the old army chow.

The weather is very hot here and soon the rainy season will be here. It is not as jungle-like as the other islands, but it is thick in some places.

We have it pretty good here and get the latest news through our radios from a station here on the Island and from San Francisco.

Oh yes! While here, I ran into my brother, Hank! We came here about three days apart and have been together for over a month. It's really swell to see a friend from home, especially a brother.

One suggestion now for the paper — I read a buddy's clipping from his home town paper, telling all the news of the home town which mothers can clip out and send to the boys. We then could have it very much sooner as the papers take sometimes two to three months to reach us. I think it is a good idea. It is just one column telling all the news from the boys, town, doings, around, etc.

Well, I better close. Hope everyone enjoys my letter. I remain

Commencement Held Friday Night

Diplomas were presented to 15 young men and women Friday evening at the high school auditorium in recognition of their completion of twelve years of schooling.

Escorted by members of the Junior Class, the young ladies in formal, the Seniors, the guest speaker, pastors, Superintendent Van Brunt and George Hershiser, president of the Board of Education, were seated on the stage. The seniors wore caps and gowns — the young men in grey and the young ladies in scarlet, the class colors.

Following invocation by Rev. H. L. Bethel, James Moore sang "On the Road to Mandalay," and Thomas Cunningham and Robert Sponseller, as valedictorian and salutatorian, both gave addresses. These young men have made an enviable record for themselves throughout the four-year course, and expressed their thanks and appreciation for the privilege of getting an education and stressed the idea that, "Freely you have received; freely give."

The Girls' Glee Club who were also in formal dress, sang "I Love Life."

Dr. Leland Jacobs, Professor of Education, Ohio State University, who was scheduled to give the class address, was unable to come on account of illness, and Dr. Patterson of the Ohio State Appointment Bureau, substituted. Dr. Patterson spoke on, "Who will dominate this tomorrow—YOU or THEY. Will it be for better or for worse and will we live in peace and security. The people want a religious living and are striving for happiness. This mud stream has flown into our generation long enough and the 3rd World War is not in the discord. It is our obligation to know the facts. We are living in a world of conflicting ideas. It is necessary that we have an understanding of our age and knowing facts, do something about it."

Supt. Van Brunt then presented the class to Mr. Hershiser, president of the Board, and he in turn presented each with their diploma. The Triple Trio sang "Peace in the World," and benediction was pronounced by Rev. Lambertus.

At the conclusion of the program the class received their friends at the front of the auditorium who expressed their congratulations.

As valedictorian, Thomas Cunningham was awarded a year's subscription to "Readers Digest."

Class Roll
Members of the 1945 class are: Thomas Cunningham, Robert Sponseller, James Moore, Paul Scott, Wayne Davis, Floyd Robinson, Raymond Bewier, Gordon Sealhols, Clifford Steele, Bessie Kessler, Mae Reber, Viola Kessler, Patricia Bettae, Audrey Daron and Genevieve Jacobs.

RETURNS TO PLYMOUTH

Mrs. A. L. Burke and grandson returned Friday from Detroit, Mich., to spend the summer at their farm on the North Street road.

FARMERS AT SHELBY

(Continued from Page One)

They further advised increasing retail price of sugar to 15 cents a pound, doing away with subsidies and paying the farmer a just price for producing his crop.

At this point Fackler declared: "When one man receives a subsidy another pays for it." At present beet growers receive approximately \$8 a ton from the buyer plus \$6 a ton in government subsidy for sugar beets, it was announced.

Rolla Myers, Attica poultryman and egg distributor, quoted costs on his flock which produced 29,061 eggs in 1941. Margin of profit for producing a dozen eggs and what he had to pay neighboring farmers for eggs for resale was seven cents. In 1942 that margin dropped to 6 cents, and last year's costs of production including labor, amounted to 36.4 cents a dozen and his neighbors received but 32.4 cents a dozen or a loss of four cents a dozen as figured on his production costs.

Many other instances were cited whereby the farmer has been producing at less than cost, and it was revealed that the sentiment of the farmers present, that many of them will discontinue the production of eggs and poultry.

Quite a number of residents of Plymouth attended the meeting.

LEND A HAND, NEIGHBOR, IN THE biggest clearing job in the world!

The "tank-clearer," one of America's mighty new weapons that has cleared the way for our fighting men from the hedgerows of Normandy to the jungles of Luzon

Let's talk turkey.

Today your country is asking you to buy War Bonds—twice as many as you did last time—in the biggest and most urgent War Loan of all... the Seventh.

Why so much more than you bought before?

Here's why: Up to this time last year had been two war loans. This time, the Seventh War Loan must do the job of two.

And because the cost of the war is just as great, the money you put into War Bonds in one loan now must equal what you put into two last year.

Sure, a lot of optimistic people are saying, "Look at what's happened in Europe!"

They don't stop to think that regardless of Germany's condition, we at home must keep sending our millions of men in Europe tons and tons of supplies daily.

They don't realize how much money it takes to pay for the care we must give our thousands of wounded...

money for medicines, for hospital ships, for months of careful nursing and rehabilitation in hundreds of convalescent hospitals.

And in the Pacific—well, we've at last got into position where we can really start harvesting the seeds of victory our fighting men have planted.

We've got to lend those men a hand, *right now*, by loading more ships with more supplies, more guns, more tanks, more shells, more food than ever went across that broad ocean before.

That's why our country is asking that you back up our soldiers and sailors, among them millions of farm boys, who are fighting and dying far from their homes and fields... back them up by buying *twice as many bonds as you did before*.

WAR BONDS PAY OFF IN THESE 7 WAYS:

- 1 The same Government security backs your War Bonds as backs the actual dollars you put into them.
- 2 You get \$100 at maturity for every \$75 loaned now.
- 3 You can get your money back, 60 days after issue date, any time you need it... in the meantime you get safety and steady growth.
- 4 You have a backlog to renew farm buildings and equipment after the war.
- 5 Bonds will insure your children's schooling, or provide for your own security, travel, retirement.
- 6 Bonds go into a national nest egg that will help to assure post-war prosperity.
- 7 Bonds transform your love of home and country into action... you join personally in the biggest, most urgent War Loan of all—the Seventh!

BUY A POPPY ON SATURDAY

"Now we can begin! The poppies are here!"
When members of the American Legion Auxiliary heard these words today, many of them came to the Legion Rooms asking to start getting the little red flowers ready for sale on Poppy Day, May 26th.

The poppies, many hundreds of them, were in boxes shipped from Sandusky, where they were made by disabled war veterans. Each little poppy is a paper replica of those blooms that grew so bravely on the battle fields of the first World War. Since each is shaped by hand, each is slightly different from its fellows, but as Mrs. Lookabaugh, Auxiliary Poppy Chairman pointed out, every flower carries the same message and dedication.

"The poppy is the memorial flower for every man who has died fighting in either of our two great World Wars. They have all died in a common cause, whether death struck them on Flanders Fields in 1919 or on Tarawa in 1944," said Mrs. Lookabaugh. "In America's continual struggle to maintain her liberty, these dead warriors are linked together in spite of 25 years in time and thousands of miles in space. The poppy is worn as evidence that we remember and revere them all."

The poppies are now being sorted and counted so that they will be ready to be placed in the baskets of the Auxiliary volunteers who will distribute them throughout Plymouth on Saturday, May 26. They will be assisted by the Girl Scouts. The money that is received for them will be used in the Legion's and Auxiliary's aid to disabled veterans and the families of service men.
