

STAR AWARDED POSTHUMOUSLY

BRONZE STAR MEDAL PRESENTED TO WIFE OF THE LATE LT. CHAS. RHINE.

The Bronze Star Medal which was posthumously awarded to First Lieutenant Charles W. Rhine was presented to Mrs. Edna Rhine on Saturday afternoon, July 21st at 3:00 o'clock in the Post Chapel at Ft. Hayes, Columbus, Ohio. It was presented by the post chaplain with the citation being read by First Lieutenant Roth.

The citation reads as follows: "For heroic service in connection with military operations against an enemy of the United States in the vicinity of ... on 22 November 1944, during the course of an attack against the enemy-held village of ... Lieutenant Rhine, a platoon leader, volunteered to enter the village for the purpose of reconnaissance. Accompanied by an enlisted man, Lieutenant Rhine made his way to the village, gained access to the house, and from a vantage point therein, observed a trench from which enemy forces were defending the village. Lieutenant Rhine and his companion directed effective fire of the company upon the enemy-occupied trench, causing the enemy to withdraw from the trench and retreat through the town, whereupon Lieutenant Rhine and his companion moved out of the house and took up the pursuit, killing three Germans and capturing two others. His courage and resourcefulness in this field credit upon his character as an officer."

Accompanying Mrs. Rhine were the Misses Jeanette Chapman, Luella Vandervort and Arline Ford.

PUBLIC URGED TO SEE PICTURE

ATROCITY FILM TO BE EXHIBITED IN MANSFIELD WEDNESDAY, AUG. 1.

A special invitation is extended to the community of Plymouth to attend the moving pictures of German atrocities in Nazi-occupied Europe, sponsored by the McVey Post of the American Legion of Mansfield.

The film will be shown at the John Simpson auditorium on the evening of August 1. They are U. S. Signal Corp photos. Showing time is one hour and twenty minutes.

In arranging with Congressman McGregor in Washington to sponsor the film in Mansfield, McVey Post Commander John W. Graham said the people here that many pictures of German atrocities have been exhibited and although the German war has been over only a short time, already many of our people are crying for a soft peace for the Germans.

"They believe that Hitler and his staff alone, should be held responsible."

Lorne V. Holmes is chairman of the Americanism committee of McVey Post which is arranging the showing of the films. He has announced that the event will be free to the public but that children under 15 years will not be admitted because of the nature of the film.

RESIDENT OF STEUBEN DIES

One week after an emergency appendectomy, Mrs. Mary Ellen Murphy, 59, of Steuben, died at Municipal hospital in Willard, Sunday night.

She was born July 16, 1886 and was a lifelong resident of this area. Besides her husband Ed, she is survived by two sons, Carl of Norwich township, and Wayne at home; a sister, Mrs. Clarence Arnsch of Willard; and a brother, Miller Arthur of San Diego, Calif. Funeral services will be held at the family home in Steuben, but arrangements cannot be completed until word has been received from the brother in California.

SHELBY STORE CHANGES HANDS

Harvey Barnes, who has managed the west-side hardware store for the last eight years, became its owner Monday. Leo H. Shaw sold the hardware to his manager. Mr. Shaw purchased the hardware store from C. A. Black on January 1, 1944, when the latter went solely into the farm implement business. Mr. Shaw said he will continue to operate his two Western Auto stores, one in Shelby and one at Willard.

LAST RITES HELD FOR E. TRAUER

Just as the chimes on the clock indicated the hour of two, soft tones of organ music broke the silence among friends who had gathered for the last rites of Elmer Trauger, held Sunday afternoon at the Lanus funeral home. The ceremony was one which brought to a close the life of one of Plymouth's best known residents of "the old school." It was a service which was predominated by the presence of the older citizens, those who had known the deceased for a quarter of a century or more. And during those few silent minutes before the pastor began his address, an atmosphere of reverence pervaded the atmosphere, provoked only by the ticking of the Seth Thomas clock which sat on the mantelpiece and pointed out the fleeting moments of time by continuous tick-tick, which seemed to say, "to this end we all come some day."

In his discourse over the demise, Rev. Lambertus, pastor of the Lutheran church, spoke briefly but well of the man who was the son of Tobias and Mary Ann King Trauger, and who was born on his father's farm in Plymouth township, Richland county, on Oct. 2, 1861. He grew up on the farm, attended the district school, and was graduated from Plymouth High school in 1882. After graduation, he entered Wittenberg College the same year, where he received a degree of D. A. in 1888, and an A. M. degree in 1889. After his college work, Mr. Trauger was a teacher for several years; later reading law in the office of T. D. Gundersall, one of Plymouth's earlier lawyers, and in 1897 he was admitted to the bar. Mr. Trauger actively practiced law in Plymouth, up to a few weeks before he was confined to his home by illness.

His connection with the Lutheran church came in early life, and he has faithfully served it since becoming a member. For almost 50 years he was Sunday school superintendent, and served as a member of the church council for sixteen years; for many years he held the office of secretary of the church. Mr. Trauger would hold in high esteem by the congregation, having been chosen a lay delegate to the meeting of the General Synod in Pittsburgh, and in 1918 attendance at the convention in Chicago when the merger was made between the General Synod and the General Council of the United Lutheran Church of America.

Continuing in his work at his law office Mr. Trauger suffered the past few years greatly from arthritis, but despite this handicap, he maintained contact with his friends and as time passed, it became very difficult for him to go to his office. During the past few months, infirmities of old age forced him to his bed, and on Wednesday evening at 10 o'clock, July 18, the end came to this outstanding citizen. The deceased leaves no immediate relatives, being the last of his family, and his two sisters having preceded him in death. Those who knew him best all would find in him a sense of humor which was revealed by a humorous story of some state or national figure, or built around a local citizen. A staunch Republican, Mr. Trauger's ideals were high in regard to law and order, and he respected the laws of God and church. He held no sympathy for group or groups that would deteriorate American democracy in the smallest degree, and we believe that if he had to choose for himself an epitaph, that he would have selected these words of Browning: "A conservative, call me, if I am those things, and I am not. A creator nor destroyer, one Who keeps the world safe."

A Worthwhile Improvement

Keeping in mind postwar highway improvements, D. E. BeVier has submitted to the Richland county commissioners, a proposal whereby State Routes 61 and 39 would be connected in Shelby, and which would do much toward relieving traffic in the crowded streets of that city, and at the same time avoid traffic congestion at the Parsel Air Supply Depot.

The plan, as outlined by BeVier, is as follows: Where Route 81 turns over onto the Marsh Run Bridge, the highway would at this point go directly south, over the old street car line road bed, connecting with Broadway in Shelby. This new cut-off would allow all southbound traffic going into Mansfield and points south, to be routed through a single street in Shelby—Broadway, thus eliminating traffic lights, curves and congested streets. The new route would also eliminate the crossing of the Baltimore & Ohio Railroad tracks twice, and only one crossing over the Big Four tracks.

The proposed highway would require only one mile of new road, and the resurfacing of an old road for a distance of one mile. Of course, a new bridge would have to be built over the Blackfoot, but the elimination of traffic jams, hazardous curves and railroad crossing will be well worth the price of a new four-lane highway bridge.

We believe that if the Richland county commissioners really study those proposed they will find many advantages in connecting these two state highways; that postwar highway travel will receive a great benefit from the improvement, and that, too, the majority of residents in North Richland county will heartily approve the project.

There is no need for letting this project become one of a poster nature, for a survey of travel will definitely prove this to be one of the most travelled roads in this section of the state, and so small would be the cost it would be advisable to start construction at the earliest moment possible.

SUE WILLARD BARR RITES MAN FOR \$30,000 SATURDAY

Suit has been filed in common Pleas court for \$30,000 from L. E. Benson of Willard, Norven DeVoe, IT, daughter of Mr. and Mrs. DeVoe, died in Municipal hospital three hours after she was hit by the Benson car the evening of Oct. 22 last.

The plaintiff asks a total judgment of \$30,000 in three separate death claims filed in behalf of the parents, a brother Jack G. and a sister Shirley J. The state police made an investigation at the time of the accident and exonerated Mr. Benson. The girl, they reported, was riding her bicycle on Highway 224 a short distance from her home without lights. Mr. Benson said a car coming from the other direction blinded him so that he did not see the girl. He and Mrs. Benson brought her in their car to the hospital. She was a junior in the Greenview high school. Death was caused by a fractured skull. The plaintiffs are represented by Judge E. S. Miller of Norwalk.

Edgar O. Barr, youngest son of William and Catherine Barr, deceased, died in Ventura, Calif., July 14th. His death was caused by pneumonia, following an operation. He is, as most people called him, was well known here, having spent the greater part of his life in Plymouth.

The last eight years he had made his home in Santa Paula, Calif., returning a few times to spend the summer here. His funeral was held Saturday afternoon at 2:30 at the McQuate funeral home.

Services were conducted by Rev. Lambertus and burial was in Shenadoah cemetery. He is survived by a daughter, Mrs. Raymond Baker of Ashland, Ohio, and a son, Mr. Donald E. Barr of Athens, Ohio, one grandson, Dick Baker, two sisters, Mrs. S. W. Truener of Plymouth, Mrs. Mary E. Chappell of Lake Worth, Florida, and one brother, Charlie Barr, of Plymouth.

NEW DRAFT BOARD HOURS Because of new regulations the Huron County Selective Service Board office closes at noon on Saturdays. Employees are restricted to a 44 hour week.

WILL STURTS PASSES AWAY

49-Year-Old Resident Dies Following Operation: Funeral Tuesday.

Will C. Sturts, 49, of Shelby, died Saturday at 11:55 p. m. at the Memorial hospital from complications following an appendectomy.

He was born January 22, 1896 in Plymouth township and lived in Shelby for 23 years, having been employed at the Ohio Seamless Tube Co., that length of time. He was a member of the United Brethren church, O'Brien Post No. 328, American Legion having served with the 91st division overseas during World War I for nine months.

He is survived by his widow, Alice, three sons, Ralph of the N. S. Navy, Wayne and Delmar, two daughters, Gloria Ann and Carol Jean, his parents, Mr. and Mrs. J. G. Sturts, of Plymouth township, two brothers, Henry of Plymouth and Carl of Ashland, two sisters, Mrs. Earl Anderson and Mrs. Robert Gilger of Plymouth.

Funeral services were held Tuesday at 2:30 p. m. at the Dye funeral home with Rev. D. F. Emerick officiating. Burial was in the Oakland cemetery. An American Legion military service was held at the grave.

DISCHARGED

Lt. Donald Bettac advised his parents Wednesday that he had been transferred to inactive status and will be subject to recall to active duty when and if it should become necessary in the country's interest. He is formerly of the Army Air Corps and recently returned from overseas duty.

RETURN TO PLYMOUTH

Mr. and Mrs. William DeWitt returned to Plymouth Wednesday afternoon from Florida. They have been residing there for the past few months. They expect to stay in Plymouth a month and when they return their daughter Shirley will accompany them.

GOING TO CHAUTAUQUA

Around the Square

(By Phineas Whittlesold)

WE'VE BEEN very observant the past few months, and we've come to the conclusion that Plymouth should really have a recreation center of some kind for its young people. The problem of youth should be met and placed where it can be worked out, and it is a movement that will pay big dividends. Plymouth children have absolutely NOTHING on which to spend their spare time. The attraction which appeals to them. Let us think over the situation carefully, and see if we can't find a solution to the problem. We are confident that if the young people will give their co-operation, and parents voice an interest in the project, there is bound to be an answer. We do know that it is possible to find a place where they can congregate and enjoy clean and wholesome entertainment, through winter as well as summer.

DIG DEEP in your family records and see if you can locate Mary T. Cherry, James E. Terry or George K. Terry, or any of their heirs. If you know of any such persons or heirs, have them write Attorney C. Vernon Hines, Nashville, Tenn. Attorney Hines advises us that he is anxious to get in touch with the above-named persons or heirs as he has a matter of much interest to them.

PLYMOUTH has a "trio" of which it can be justly proud are the Mills Brothers—Paul, Fred and Clarence. They're home for a 30-day furlough, and through coincidence, they got here at about the same time—Paul and Fred getting in Tuesday, and Clarence coming in early Wednesday. Neither of them knew that the others were coming home.

INCIDENTALLY, Clarence arrived at a Texas post, and was on his way home; Paul had been in the States and boarded the train at Camp Atterbury. The two met at Bellefontaine when they got off the train to partake of donuts and coffee.

TO MAKE things more surprising for the two brothers that had met in Bellefontaine, they were again surprised when Fred arrived home early Wednesday. There really is an occasion like this proved to be a real surprise to everyone!

GOOD RECORDS have been made by all three boys. Fred, who is with the Army, has been a gunner on a B-17 bomber, and saw action over Italy. He has the sir medal, oak leaf cluster, the presidential citation, and the battle stars. He's been in the service three years. Paul, who put his time in over Germany, has the Infantry Combat Badge, the purple heart, the Presidential Unit Citation, and two battle stars. He's been handling the gun for two years. Clarence is the youngest in service, having joined the Navy a year ago, and most of his work has been on transport duty in the Atlantic. He wears the European ribbon and two battle stars. The boys are glad to be home, and they're really "cutting in" 30 days before they head for the Pacific to start the finish of the Japs!

WE HAVE received a note from Paul C. Tucker, clerk of the Huron County Board of Elections, advising the final date for filing petitions for township, village and school board work is set for August 8th, 6:30 p. m. This is 30 days earlier than usual, due to the fact that the extra time will allow ballots to be distributed to our Armed Forces.

AND SPEAKING of candidates, we are informed that our present mayor, W. W. Wirth refuses to run for a second term, and to some former officeholders we used to know. And Clerk Rhine vows he won't be a candidate—so the field is wide open. Lots of names are being put in, and it's going to run, but let's wait till the petitions are in.

LETTERS FROM OUR BOYS IN THE SERVICE

News From Donald Dunham
Mr. Donald Dunham, former Plymouth athletic coach, now in Manila, writes to his friend G. W. Pickens on his activities in the Philippines. It will be of interest to former boys under his coaching that he recently attended the first football game ever to be held in the island. The letter follows:

Manila
July 5, 1945

Dear Pick:
Received a V-mail letter from you on July 4th. Want to answer it at this time.

Did I write you that I am now located in Manila. Our area is located in the southern part of Manila, about a fifteen minute walk to town. I am working in a large government postoffice. It was originally the city postoffice of Manila. The building was a very fine structure before the war, but it was damaged quite a bit during the fight with the Japs in the city.

We are in the rainy season here in the Philippines. Talk about rain, winds, and storms, they sure have them here. Believe it is worse here than it was in New Guinea,

if that is possible. Hal July 4th was a cold rainy day in Manila. When it rains here the air becomes quite cool, but if it rains and the sun comes out, the heat is terrific. (120 F.)

On the 4th, we had a big football game, the first ever played in Manila. The game was held in the Manila Bowl between two star-studded service teams. I didn't go to the game until starting time because it was raining so hard. There were approximately 50,000 G.I.'s and sailors there. I milled around in the mud trying to see the game. The score finally ended in a 0-0 score.

Last week I attended the Masonic Lodge here in Manila. The Japs burnt down the grand Masonic Temple they had here. Now they are holding their lodge meetings in a temporary building. Before the war there were 102 Masonic Lodges in the Philippines and now they have over 50 lodges opened again.

Not figuring on an early discharge. A quick end of the war is my only hope to get home inside of a year.

Don

in the Leyte and Luzon campaigns in the Philippines, T-3 Alonzo W. Payne, of Shelby, has been awarded the Bronze Star Medal.

Staff Sergeant Payne shortly after the landing at Leyte set up a motor pool in a swamp area and despite inclement weather and heavy air attacks was operating within a few days.

Discharged.
Among Ohioans from this area discharged from military service are Pvt. Chester E. Nichols of Shelby, discharged from Indiantown Gap, Pa., separation center; S-Sgt. Gerald W. Funk of Willard, discharged from Camp Atterbury, Ind.; Pfc. Stanley W. Shaver, Plymouth, from Camp Atterbury, Ind.; Staff Sergeant Alexander M. Douds of Sandusky, formerly of Plymouth and Shelby was also discharged from the Atterbury Separation Center.

Meet for First Time in Three Years

Pfc. Kenneth Noble who has been serving with the 17th Signal Corps overseas for the past twenty-one months arrived home un-

expectedly last Tuesday morning and surprised his parents, Mr. and Mrs. W. E. Noble of Shiloh, who were of the opinion that he was still in Germany. After a thirty day leave, he will report to Camp Atterbury, Ind. for re-assignment.

Another son, Pfc. Howard Noble, wife and baby are also visiting in the same home on a fifteen day furlough. He has been stationed at Camp Davis, N. C., and has been in service for almost three years. It was the first time in three years, that the brothers had seen each other.

Coming Home.

Sgt. Alex Bachrach writes that he expects to leave soon for the States and to hold up further mail. He is the son of Mrs. Josie Bachrach.

Visit Grandparents.

Tech. Sgt. Robert Fralick of Memphis, Tenn., was a supper guest Thursday evening at the home of his grandparents, Mr. and Mrs. A. A. Roset Sandusky Street. In the evening Mrs. Ross and grandson called on Mrs. Eva

Smith.

Discharged.

Pfc. A. LeRoy Ellison, son of Mrs. A. T. Ellison of Plymouth, has received an honorable discharge from the U. S. Army, at Danville, Ky.

Coming Home.

15TH AAF IN ITALY—Staff Sergeant Dick B. Shepherd will return home soon with the 301st Flying Fortress Bombardment Group, one of the oldest units in the European theatre of operations.

Sgt. Shepherd, son of Mr. Neal B. Shepherd, 23 Trux street, Plymouth, Ohio, has served 22 months with the Air Force overseas as a clerk.

The 301st Group returns home after almost three years of active duty in the European and Mediterranean Theatre, ready after rest and refitment to throw its weight into the war still to be won.

In the victorious European conflict the 301st completed 470 precision bombing missions as part of the 8th, 12th and 15th Air

Force. Its giant Fortresses dropped 28,000 tons of high explosives on priority Axis targets, while its gunners destroyed 417 enemy planes in the air alone.

Since flying its first mission from a base in England Sept. 5, 1942, the 301st has reflected the sweeping growth of American strategic air power. As a pioneer group in England it flew some of the first American attacks on Axis Europe. Then it switched to North Africa at the start of that dusty offensive and helped crumble the enemy in record time.

The 301st led the first historic attack on Rome, and cooperated with ground forces in the tough Sicilian, Italian and southern France campaigns. With the giant 15th Air Force in Italy it ranged into almost every Axis-dominated country in Europe, and penetrated the Nazi heartland as deep as Berlin.

For outstanding aerial attacks the group earned two Distinguished Unit Citations, and its original members are authorized to wear 12 battle stars on their theater ribbon.

HERE AND THERE IN THE SERVICE

Completes Course.
Bette Dane Root has finished her training at Hunter college, N. Y., and also a special V course at Olathe, Kansas and is now a Flight Orderly. Friends here will recall that she resided in the P. H. Root home some time ago.

Gets Gold Star.
Rear Admiral Glen B. Davis of Norwalk, Ohio, was awarded the Gold Star in lieu of a Second Legion of Merit for services as commander of the battleship division in the Pacific, the navy department announced. He is the son of the late Col. A. W. Davis and wife of Norwalk and known locally.

Graduates.
Among those graduating recently from an intensive course of basic engineering training at Service Schools at Great Lakes, Ill., is Richard S. Ryder, son of Mr. and Mrs. Rex Ryder of Shelby. Mr. Ryder, Sr., has frequently

participated in local Boy Scout activities and Richard Ryder is known to many here.

Lieut. Richard Woodward Killed in Action.

Although Lieut. Richard Woodward of Norwalk, son of Mr. and Mrs. Charles L. Woodward was killed in action in Germany on Nov. 8, 1944, the parents did not receive word of his death until last week. He had previously been reported missing in action. He went overseas in July, 1944.

Besides his wife and young daughter, Susan, he is survived by his parents; three sisters, Mrs. Fred Isele, Mrs. R. F. Crawford, of Norwalk, Mrs. Lloyd Signs, of North Fairfield; two brothers, Oliver, of Norwalk, and Pfc. Delos Woodward with the 94th Division in Europe.

Gets Bronze Star.

Ohio... we've come a long way together

Ohio, you have given America seven presidents in the 75 years we have been citizens of your state. In those 75 years you have given the nation its first street lighting, its first electric street railway, its first airplane, cash register, pneumatic tire, self starter. You have become one of the country's greatest industrial and agricultural producers because of better ways to do things. Many of these inventions have called for new developments from petroleum . . . and Standard Oil men have been up to the job of creating them. Standard Oil provided the lubricants for the first airplane flight . . . for Ohio's early railroads so they could speed up

trains . . . for the first automobile internal combustion engine—after it had been labeled a failure and was about to be sent back to England.

Through petroleum, and the magic power it holds, we have helped bring your people a new and better way of life. Machine power to do the labor they once had to do with their hands . . . in the factory, the home and on the farm. Heat, light and hundreds of other conveniences. Fast, comfortable transportation . . . new leisure . . . new freedom.

Yes . . . and with wonderful new discoveries from petroleum now being made—and still to come—we'll go a long way together in the years ahead, Ohio.

To the independent business men selling Sohio products: On our own 75th Anniversary we are proud to point to your continued high standard of service over the years. We appreciate your services in representing Sohio to the people of Ohio.

500,000 PLANES

IT LOOKS as though rural America is going to be alive with airplanes after the war.

We have recently been studying a survey which shows that farmers and small town people are apt to buy half a million planes within five years. They will buy them for all kinds of purposes, including farming, business trips, and pleasure.

Maybe it will be a million planes. Who knows? Some of us picture the coming air-age with forboding. We think of the noise, the confusion, the accidents and the change in the whole pace of living. But when we hear people talk about those things we can't help but turn back a few pages of history to the time when wagon drivers swore at those "blankety-blank contraptions" which were speeding past them on the roads and scaring them and their horses half to death.

PETTY SACRIFICES

A GROUP of women were complaining about their shopping troubles—the difficulties of getting meat, butter, eggs and of having to bother with ration points and ration applications. Finally one member of the group, a little annoyed over the unwillingness of the others to shoulder their petty sacrifices, said:

"Yes, I have problems, too. But I figure it's simpler to put up with those things than to have to learn to speak Japanese."

That remark stuck in our mind, not just because it was an amusing remark but because it so well emphasized the ridiculousness of our thinking that our little home front difficulties really do amount to anything.

We don't know how long it will take to finish the job, or how many additional small sacrifices we will be called upon to make. But we would like to see everyone take the attitude of the young woman who, with her pertinent remark, so succinctly belittled our home front problems.

Dale Carnegie
Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

HE PROVED HIS WAY TO FAME

A YOUNG man in his 20s hit on one of the most profound truths in all human psychology. When you want to convince a man, don't tell him. Show him.

The young man was Philo T. Farnsworth, and he was trying to raise money for a television invention. He got the idea as a boy living on a farm near Rigby, Utah, and was going to high school. As he rode back and forth to school on the back of an old farm horse, he worked on his television idea.

He was so interested in electricity that he bought a ten-volume encyclopedia—a dollar down—and a dollar a month until he owned it.

The idea for television without the use of moving parts came to him as a freshman. He so earnestly believed in this idea that he set to work to perfect it. He made others believe in it, too, and at last was able to interest two capitalists in putting up the money. But the working out of the television method took longer than Philo Farnsworth had expected, and it took more money, too. But he did have a crude machine which would televise.

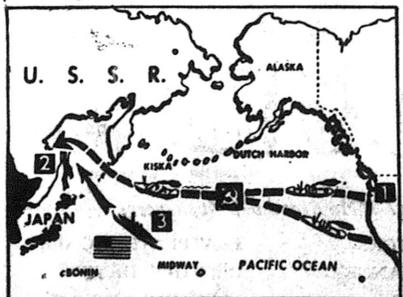

Finally a friend said he would bring a banker to see him; and that the banker might put up the money.

Philo Farnsworth was delighted. If he could win this man over, then he could go on with his work. Television was almost in his grasp. Now he could lay his hands on it. He went to the banker and put up a good talk. But you know bankers! The boy was so young that his age was against him. Besides the banker couldn't understand the scientific end. Philo went over and over this for the cool and indifferent banker. And got nowhere.

Finally the banker turned to him and said, "Is there any money in this pick-up tube?" Philo had explained that, but the banker hadn't grasped it.

Philo thought a moment, then went to a sheet of glass and drew a dollar sign—\$. Meanwhile the banker sat watching, wondering what young Philo had in mind and why he didn't answer the question. Then Philo started the machinery, and, to the banker's astonishment, the dollar sign was projected on another screen.

Big Three Point of Discussion

As new big three prepare for meeting, one of major discussions is expected to concern Russia's future attitude toward Japan. Several new sources have been commenting on large stores of land-lease goods from Pacific ports, (1) that have been shipped to Manchuria-Siberian ports, (2) recent U. S. fleet visits in area of Japanese northernmost outposts attracted particular attention to this area.

Doings In Congress

By CONGRESSMAN WILLIAM LEMKE

Foreigners preferred, Americans forgotten—sums up the situation as to lumber, farm machinery, sugar, meat and other food products, as well as wearing apparel. The lumber shortage is the result of unfair allotments, and supplying foreign civilians with lumber needed by our own people.

In addition the Army has been as wasteful with lumber as with manpower. It demanded the drafting of farm boys and help when they still had four million men in the armed forces that never left the continental United States. The Army now demands fifty per cent of the lumber production. This is just hoarding the lumber, the same as they are hoarding manpower. After the Army takes its fifty per cent, then there are further allotments to airplane factories, shipyards, 30,000 prefabricated homes for Great Britain with several million feet of lumber added. Then comes UNRRA and other agencies serving foreign civilians, not that the war effort. Then the War Production Board tells us that the total for foreign civilians is only three per cent. That is the queer way of figuring of the bureaucrats. That three percent is of the total high peak production. I am sure that it is from ten to fifteen per cent of the amount left for civilians after the army and the war industries' allotments are satisfied. This three per cent would be sufficient to provide stowage for the farmers' grain.

The sugar situation was bungled by trying to get the sugar from Cuba for nothing. Then, it was bungled some more by trying to get Cuban molasses at six cents a gallon. Then, after Cuba destroyed it, we used 900,000 tons of sugar to make alcohol for rubber. Yes, for the war effort, but after we had bungled the war effort to the extent of 900,000 tons of sugar. Not satisfied with that, we provided several million tons of sugar for lend-lease to foreign nations.

Then, the meat situation was bungled by OPA until the black market became the legitimate market. In addition, millions of pounds of meat and other food products went to foreign nations again via lend-lease.

The same is true of the farm implement situation. First, the farm implement manufacturers were turned into war implement manufacturers. In place of making a reasonable balance, the farm implement business was all but wrecked. It was a lop-sided ignorant arrangement. But worse still, small as the production was, sixteen per cent was sent to foreign countries while our own farmers had to work their wives and their children to take the place of proper equipment.

I am glad, however, to report that the farm implement situation is improving. While we are still exporting sixteen per cent of the total production, yet manufacturers inform me that they are producing many more implements this year than last year, or the year before.

The truck situation has become especially more favorable. The ODT informs me that there will be quite a few trucks available for agriculture. They suggest that where a farmer has been turned down, he make new application direct to the regional ODT office. He does not need an AAA certificate. They suggest that the farmer take some pains, however, in making out a proper application, showing a real need for a truck.

We are all willing to help foreign nations out of our surpluses, never out of our necessities. "Charity begins at home."

Telephone Service Star

The Northern Ohio Telephone Co.

★ High among the heroes of this war are the telephone communications men... who risk their lives on the vitally important job of installing telephone communications. Many of these men were telephone men in civilian life, and their war service has naturally left civilian service shorthanded. We miss them and are firmly co-operating to help speed the day when we can welcome them back to their old jobs.

CONG. MCGREGOR IN MANSFIELD

Congressman J. Harry McGregor, 17th district representative will return to Mansfield Aug. 4 and 2 for another of his series of "man-to-man" conferences with county residents who want to talk to him about matters pertaining to his office.

The congressman will be at the common pleas courtroom in the courthouse from 9 a. m. to 6 p. m. both days to interview business men, farmers, housewives, and any other persons who have suggestions to offer him or questions to ask about governmental measures.

He will conduct interviews in Ashland July 30 and 31 and at Mt. Vernon Aug. 3 and 4. He also has scheduled conferences in the other three counties in the 17th district.

47TH ANNIVERSARY

Mr. and Mrs. Frank Fransens, R. D. 1, Shiloh, will observe their 47th wedding anniversary Friday, July 27, with open house from 7 to 11 p. m.

BREAKS COLLARBONE

Peggy Anne Clabaugh, 11-year-old daughter of Mr. and Mrs. Marshall Clabaugh of the Shelby Road suffered a broken left collarbone Sunday while playing at the Mary Fate Park.

Peggy Anne attempted to run under the swing she was pushing and failed to clear it, the swing striking her left collarbone and breaking it.

Medical aid was given and she was taken to her home.

CHRIS WEBER certainly got a thrill from Ted Weems's Coca-Cola show which was broadcast from the Paresi Air Supply Depot Monday evening. Plymouth was well represented, and much praise was given to the performers and performance of the show.

IT COULD have happened while she was looking for a star, but we doubt it. At any rate Norma Luxon, pretty brunette waitress at the B & G, is wearing a piece of adhesive tape over her chin, (it matches her uniform) to hide, shall we say injury? It couldn't be that she stuck her chin out too far, could it?

JIM SCHRECK is the best "trimmer-upper" you ever saw when it comes to evergreens. Deciding to surprise his wife who was on vacation, he had all the evergreens in front of his home removed. The effect was startling—so much so that friend wife had to make a special trip and now new evergreens are being 'bahied' at the Schreck home. Did you say Surprise, Jim?

SO MANY COMPLAINTS have been turned into Marshal Clay Hubert and the Advertiser, regarding the unnecessary noise

Unless those motorcycle "cav" pass through the Square a little quieter and the people who insist on staying up all hours of the night and keeping folks who wish to sleep, awake—they will find themselves answering to county officials. Yep—it's hot, but offenders will find it a little hotter—unless . . .
