Bonds Go To Cincy Firm

Out of eight bidders for the \$50,000.00 Bond, Village School Board, the First Reich Co., of Cincinnati was considered the best, and was awarded the bonds. The Cincinnati firm made a bid for the issue by submitting a one and three-quarter cent interest rate plus a premium of \$700.00.

The award was made by the Board at a meeting held on last Thursday. The bond issue was advertised, and bids were received up to noon Thursday of last week, and a review of the bids was held at Thursday night's session.

While the Board of Education has advanced to the point of selling its bonds—which were voted two years ago, there is little indication when actual construction on the new grade school will begin.

During the past few months the Board contacted several architects, and some weeks ago selected Charles J. Maer of New Philadelphia to design the grade school project. Maer will present plans to the Board shortly after Christmas, at which time further developments will be considered.

The Board has a total of \$81,000 with which to build the new school, with construction costs up, plus of the proposed structure have had to be curtailed to stay within bounds of money available.

About six years ago, the voters of Plymouth school district approved a \$45,000 bond issue, but war conditions stymied construction at that time. In order to alleviate a crowded condition at the high school, \$13,000 was used to build a four-story annex there leaving a balance of \$31,000 of the first bond issue.

Two years ago, the Board entertained hopes of getting started on the grade school building, but there was insufficient funds to begin operations, and voters again approved an additional \$45,000 bond issue. Conditions failed to improve after the war, and a continued rise in prices has shrunk the original value of the dollar to the extent that original proposed plans for the school had to be altered. However, if and when the program gets underway, a six-room building is assured this fall.

When the Board meets with the architect after the holiday, some definite outlook on the construction of the school may be forthcoming at that time.

Burkett Resigns As Commissioner

After serving the past year as street commissioner, Omar Burkett turned in his resignation to Mayor LaCoste, who accepted it. The meeting of the village council, Burkett's resignation will be effective Jan. 1. No action was taken at the meeting to appoint a successor.

Council approved various resolutions and ordinances at their session, but other than this, only routine business was transacted.

It was reported that the rest rooms have been abused to such an extent that there is serious consideration of closing them. Many incidents the past few weeks gave officials reason to entertain the idea of permanently closing the rooms. Council will meet again on December 31, to officially wind up the year's business.

Airline Proposes Domestic Network

Thirteen border cities of the United States will be connected with each other and the rest of the world if Pan American World Airways plans now before the Civil Aeronautics Board are approved. The airline proposes a high-speed aerial transportation system connecting all of Pan American's gateways in this country.

The airline proposes to use in this service the Boeing Stratocruiser and the Republic Rainbow, offering speeds of up to seven miles per minute.

The Government has permitted many of the proposals already entered into the overseas aerial transportation picture. It has certified routes for several European carriers to, into, and across the United States. In the air transport field, in competition in all fields of serial transportation, the Civil Aeronautics Board has advanced consideration of Pan American's domestic route program to the top priority.

It is in accordance with this policy that Pan American World Airways, heretofore confined exclusively to the overseas transport field, submitted its domestic routes program to the CAB.

The program, as offered, will be made possible only by the use of the new Boeing and Republic planes.

The new Clippers of the Rainbow type will be faster by more than a hundred miles per hour than any transport in use today. Republic engineers rate them at 450 miles per hour for trans-continental flights. Boeing Stratocru-

Typical Proposed Speeds

cruisers will fly at about 340 miles per hour.

Despite the advanced type of equipment and higher speeds to be offered by the Company, it has been decided that fares will be lower than now offered by the domestic airlines.

The thirteen cities to be linked by the proposed non-stop program are New York, Boston, Philadelphia, Richmond, Washington, Detroit, Miami, New Orleans, Houston, Seattle, San Francisco and Los Angeles.

Connections will be provided to all parts of Latin America, Alaska, Honolulu, New Zealand and Australia, Japan, China, the Malay Peninsula, India, Thailand, Siam, Indo-China, India, Arabia, Turkey, Italy, Austria, Czechoslovakia, Germany, Belgium, England, Lisbon, Ireland, the Azores, Bermuda, Newfoundland, all parts of central Ameri-

ca, all parts of South America and down South Africa to Cape Town.

As part of the above schedules, Pan American will offer a round-the-world service.

Already many of the cities named have asked the Civil Aeronautics Board to support Pan American's request for permission to enter this service. The New York Port Authority strongly advocated the permission. It has been backed by the mayors of Chicago, San Francisco, and many of the others. It has the backing of civic bodies in many cities.

Editorial comment in scores of cities have favored Pan American's program. Typical of the editorial comment was that by the Scripps Howard chain headed, "Save For The Gilders."

"The public's interest and why not?" says the editorial.

Air transport has become of equal importance to a nation with military air power. Military aircraft guarantees the territorial interests of the nation. Commercial aircraft have become a guarantee of the economic status of the country. Without fast and speedy transportation for the business man to all parts of the world, our trade would be almost an impossibility.

In 1927 Pan American started flying from Miami to Havana. It has pioneered commercial routes the length of Latin America and across the Atlantic and the Pacific. It carried the American Flag by air to the rest of the world.

CHRISTMAS PARTY ENJOYED BY TWENTIETH CENTURY

Mrs. Helen Miller graciously opened her home for the annual Christmas party of the Twentieth Century Circle Monday. After a brief business meeting the entertainment committee, consisting of Mrs. Miller, Mrs. Kemp and Mrs. Robinson had charge of the program.

Miss Roll Call read excerpts from the "Birds' Christmas Carol" by Kate Douglas Wiggin. This was followed by two Christmas contests in charge of Mrs. Robinson. "Christmas in Other Lands" was the subject of a talk given by Mrs. Davis, who chose legends and symbols of celebrating Christmas in twelve countries. This was interspersed with appropriate carols sung by Mrs. Miller and Mrs. Ramsey with the Circle occasionally singing the chorus. Roll Call followed with each member responding on her individual project.

Trays containing dainty refreshments, lighted candles and favors were passed by the hostess, assisted by the refreshment committee Mrs. McFadden, Miss Traeger, Mrs. Derringer and Miss Fleming.

An exchange of presents took place at the Christmas tree, ending the 1946 portion of the club program.

COLORFUL designs and gay sentiments brighten this year's first real post-war Christmas cards. The last several years to be annually produced during wartime, the 1946 holiday greetings reveal that candle, Santa, the Nativity, bells and other traditional symbols are still America's favorites. More popular, too, are cards for specific persons, like the one at lower left addressed "To the Boss." And an indication that this will be a light-hearted Yuletide season is seen in the growing number of whimsical cards, such as the one at lower right showing an angel leading a lamb across the top of a cloud.

help to make the tree beautiful. Large red Santa Clauses, drawn by Nora Slocum and assisted by Patti Darling and Mary Fox, on the walls make the room really Christmas. The bright colors of Christmas and other decorations add to the decorations and boost the holiday spirit. Mrs. Lindsey and the Home Ec class are to be congratulated on the appearance of the Home Ec Room.

The F.H.A. is having their party in this room Thursday evening, Dec. 19, to be either social or formal or street-leather dress. The attractive decorations will help make this party a memorable occasion for the Seniors who are graduating and leaving the club.

ORDER ANNUAL NOW

The Senior class is now taking orders for the 1947 annual which will be published early next spring. There will be just the same number of annuals printed that there are orders for and no extras. All school students can place their orders at the ticket booth in the hall during the noon hour or after school. The town people can order theirs from the Plymouth Advertiser until the first week in January, stopping January 3rd. The terms on which the annuals are sold are 75 cents down and 75 cents when you receive your annual.

The Seniors are working very hard to put out a nice-looking interesting annual which you will want to keep for years to come. So if you have not already ordered your annual do so before the time is up.

DOINGS IN CONGRESS

By Cong. Wm. Lemke

We wish to know the truth. We demand to know the facts. Is the United Organization suppressing both facts and truth? Is this organization of the so-called fifty-two "peace loving" nations putting its stamp of approval upon slavery and robbery?

The Lithuanian delegation has filed charges with the UNO that Russia was still liquidating or exiling some of its people. These charges were filed on November 10, but to date have been suppressed. In addition, these charges have been made public by American Lithuanians for over a year. The times come for us to stand up to the United Nations. America will never knowingly consent to slavery and brutality.

The same charges have also been repeated by Estonia, Latvia, and other nations, whose territory was grabbed by Russia at the time of the Hitler-Stalin pact. Our Government has not

Willard Port News
(Last Week's News)

Thirty-seven members and guests attended the Willard Flying Club meeting last Thursday night at the Airport. The President, Earl McQuate named the Executive Board to draw up new rules which will be presented to the members next month.

Dues were lowered to 50¢ a month with flying privileges granted to Club members. The annual Christmas dinner and dance will be held December 19 at 7:00 at the Norwalk Country Club. Music will be furnished by Ray Black's Orchestra.

Floyd McQuown, Willard, gave a very interesting talk on

recognized Russia's right to these nations. It has not dared to do so because of public sentiment. It still recognizes the representatives of Lithuania, Estonia, and Latvia, the delegations that at the time Russia grabbed them. This is just part of the ugly picture. The war has now been over for about a year and a half. Yet, while delegates of the "Big Four"-Peck's bad boys abroad, stuck their tongues out at each other, and call names, Russia,

Great Britain, and France still enslave war prisoners. The fact that the brute Hitler did this is no excuse. Nearly all nations practiced that brutality while war was on. But the war is over. Anyway, two wrongs do not make a right. It simply doubled the wrong.

Young Lincoln, when he witnessed the beating of slaves at New Orleans, made up his mind that such inhumanity must cease. It took the Civil War to stop it. He issued the Emancipation Pro-

clamation, and ended slavery in America in 1865. But in 1946, the United Nations apparently approve human slavery. I am sure that if our nation would take steps to end it, that all of the so-called fifty-two "peace loving" nations except perhaps Great Britain, Russia and France, would join in putting an end to this brutality.

We demand that our State Department make known to the world the real facts concerning the treatment of Lithuania and

other nations. We challenge the State Department to make known to the world how many prisoners of war humanely treated were being held in slavery by Great Britain, Russia and France. We want to know how many have been murdered by starvation and beatings. We demand to know whether our Government has silently approved of these inhuman and brutal acts. W. H. Spencer Strong Dies in Sandusky

William Henry Spencer-Strong, 77, widely-known Sandusky resident and active worker in church, fraternal and civic circles, died at the family home in that city late Tuesday night after a short illness.

Born July 10, 1869 at Plymouth, Ohio, the son of George B. and Sarah K. Spencer, he graduated from Plymouth High School in 1887. He entered Ohio State University, then a small school with less than four hundred students, graduating with the degree of G. E. in 1891. After working in a drug store, he became a registered pharmacist in East Liverpool and Oberlin. He married Rena Belle LaDow, of Plymouth October 25, 1892. They moved to Sandusky in May 1898, and operated a wholesale paper store on Water-st., in which his uncle, H. C. Strong, was interested, and then joined the Ohio Motor Co.

In 1910, he moved to Fredonia, Kansas, to manage the Fredonia Gas Co., but returned to Sandusky the next year, and had been a well-known and honored resident of this community ever since. At that time he was adopted by his uncle, H. C. Strong, and took the name of W. H. Spencer-Strong, by which he has been known since.

He became vice-president and treasurer of the Ohio Motor Co., and later, after H. C. Strong retired, he was elected president, which office he retained until his death.

For many years he took an interest in Good Samaritan Hospital, was a member of the board of trustees, representing the interests of Grace Episcopal Church. He served as president of the board for four years, then became treasurer, and, at the beginning of the depression, was made treasurer and able to help only to bring the institution through the hard times in good shape, with a considerable increase in equipment, but to also reduce the indebtedness over \$10,000.

Mr. Spencer-Strong was a member of Grace Episcopal Church, many years, and was the only member, since the church was organized in 1833, to hold every elective office, having served as clerk-treasurer for ten years, Junior Warden for four years, and Senior Warden for two. He was a charter member of the United Council of Travelers, serving as Senior Counsellor in 1905. He was a Mason, having received all the degrees to the thirty-second. He served as Master of his Lodge, Perservance, No. 329; High Priest of Sandusky City Chapter, No. 72; Thrice Illustrious Master of Sandusky City Council, No. 26; Emeritus Commander of Commandery No. 23. He was a past president of all the associations of past officers, as well as past president of the Masonic Temple Association.

He was county chairman of the OPA during World War II.

In addition to Mrs. Strong, he is survived by his brother, George B. Spencer of Fredonia, Kan.; one sister, Mrs. Mary Hohl, of Toledo; one daughter, Mrs. W. W. Jeffrey, of Oil City, Pa., and one son, Dr. George H. Spencer-Strong, of Baltimore, Md. Four grandchildren also survive.

Funeral services were held from the home 403 E. Washington Street, Friday afternoon at 2:30 p.m. Rev. Hunsader Clegg Jr. officiated and burial made in Oakland cemetery, Sandusky.

New Sugar Stamp Effective Jan. 1st

A new sugar stamp will be made effective January 1, OPA has announced. The stamp will be good for five pounds of sugar and will continue in effect thru April 1, 1947.

"It is anticipated," the announcement said, "that the second consumer stamp for 1947 will be made good before this first 1947 stamp expires, thus increasing the present consumer rating of five pounds of sugar for each four months."

Meanwhile, stamp No. 31 has been continued valid through December 31. Canning sugar stamps 9 and 10 have also been extended through December 31. These two canning stamps gave an additional 10 pounds for 1946. Industrial sugar allotments for the first quarter of 1947 will remain unchanged from the last quarter of 1946, OPA announced.

FREE SPEECH FOR THE C. I. O. All through the war, with the help of a biased government, the labor unions succeeded in denying employers their constitutional right of free speech. Remember how it worked? A union organizer came into a plant, signed up, then demanded an election to determine if the union should be made bargaining agent for the whole plant.

It was then that the government stepped in to take charge of the election on the theory that its supervision guaranteed fairness. The government declared, through its board, that employers were forbidden by the Waner Act to present their side of the questions at issue right there in their own plant.

A number of employers refused to be intimidated, as readers will remember. Some addressed employers through advertisements in newspapers. Some distributed letters and pamphlets, and Frederick C. Bradford, president of Thompson Products in Cleveland, spoke at mass meetings. Government agents haled them into court, and the lawsuits dragged on and on.

At the end federal courts upheld the employers because the Constitution is clear on free speech. However, the government labor board had assisted the union movement by continuous harassing of employers.

We had many occasions then to argue that one-sided law was the true tyranny, no matter on whose side it was located.

We say the same thing now—and this time it is a C. I. O. union calling for help, not an employer. Montgomery Ward & Co. obtained an order in an Illinois court enjoining a C. I. O. union from publishing untruths about the company, its handbook and policies. The C. I. O. was appealed, and according to the developments as set forth by the Chicago Tribune, the Illinois Appellate Court dissolved the injunction. The Appellate court held that, in spite of extreme provocation, a court could not impose censorship by prior restraint on publication.

Here a court, on a plea by the C. I. O., affirms the right of individuals or publications, to speak untruths. The court re-states the fundamental principle that individuals and publications are responsible for their statements and that Montgomery Ward should seek relief in libel suits, not through the arm of censorship.

And above all else, this should be remembered: The court which dissolved the injunction did so in spite of its own belief that the C. I. O. was guilty of printing defamatory and libelous—untrue—statements.

What one may say does not affect the right to speak. —Cleveland Plain Dealer.

WHERE ARE THE DEAD?

by Dalton F. McDougal

Part VII
My closing thoughts on this
subject have been two questions:
"What has been in the mind
of man ever since the days of
the prophets of the Old Testament?
"In what condition are the dead?
And do the dead know what
takes place after they depart
this present life?" The first
question Daniel gave a very
clear answer and many
of those that sleep in the dust
of the earth shall awake, some to
everlasting life, and some to
shame and everlasting con-
tempt." Dan. 12:2. The dead are
asleep. Paul, Luke, Matthew,
and Jesus speak of death as
sleep. (Col. 1:18; Acts 7:60;
Matt. 22:31; 1 Cor. 11:13; 1 Thes.
4:14.) Fifty-four times in
the Bible death is called a sleep.
As a person in deep sleep is uncon-
scious and unaware of the pas-
sage of time, so the dead are un-
conscious and unaware of the
passage of time. When a Chris-
tian dies, the next moment so
far as his personal affairs are con-
cerned, he is with Christ to stay.
The lapse of time between a
Christian's death and Jesus' sec-
ond coming—the glorious resur-
rection day—will seem to him
like an instant. To him it will
seem but the next moment after
he closes his eyes in death until
he wakes to the glorified Saviour
forever. The first righteous
man who died will awaken
and stand in Christ's presence at
the same time as the last good
man who dies. To each the
elapsed time between death and
the resurrection will seem but
a moment. Even though one
was dead five thousand years,
to him it would not seem one
minute. He has no knowledge
of the intervening time. To him
it would be as though Christ's
coming and the resurrection took
place the same minute as his
death. When a person dies the
prophet Job tells us what takes
place after this present life.
"His sons come not; and he and
his wife are not; and they are
broken low, but he perceiveth
it not of them." Job 14:21.

The second question, Do the
dead know what takes place af-
ter they depart this present life?

The book of Ecclesiastes give a
very clear answer. "The living
know that they shall die; but the
dead know not anything . . .
also their love, and their hatred,
and their envy, is now perished."

Ecccl. 9:5, 6.

It is impossible for the dead to
communicate with the living, be-
cause they are completely un-
conscious. Again God's truth de-
fines the truth about the state of the
dead. Error, and sets us free,
dead explodes the error of Spi-
ritualism, masses for the dead,
baptism for the dead, and the
transmigration of the soul. We
who believe God's word know
that these spirits which profess
to communicate with the living
through spiritualism are not the
spirits of the departed dead, but
are none other than the lying
spirits of devils—fallen angels
(1 Kings 22:2; John 8:44; Rev.
16: 13:14). God has solemnly
warned us to beware of them
(Deut. 18:10-12; Lev.
19:31). There is a way that a
person can live forever and it is
summed up in these words: "He
that believeth on the Son hath
everlasting life; and he that believeth
not the Son shall not see
life; but the wrath of God abideth
on him." John 3:36.

A Grand
American Tradition.

The Cuppers had a grand old
family reunion last week for
the first time since the war.

Big and Little Cuppers came by
car and train, from as far west as
Nebraska and as far east as
Vermont. They crowded Inn and
Jane's house, set up quarters in
the barns, or stopped with neigh-
bors—and a jollier gathering you
couldn't have imagined!

I was asked to their final Sat-
urday night supper, when they sang
old songs, drank beer and cider,
remainedeed. Dark Cuppers an-

cient case—Yankees accents and
Alabama drawls—doctors and farm-
ers—all with their differences of
taste and politics, yet as close and
harmonious in spirit as a group could be.

From where I sit, it's a great
American tradition—not just fam-
ily reunions, but the ability to get
along as one harmonious family,
regardless of differences of taste—
whether it's taste for politics or
farmimg, beer or cider.

Mr. and Mrs. James Root Installed as Worthy Patron, Matron of O. E. S.

With the Star of the East, and Christmas, as the theme of the evening, the Installation of the 1947 officers of Plymouth Chapter, 231, O. E. S., was very beautiful and very impressive.

Mr. and Mrs. James Root, Matron of the new Worthy Grand Matron of Ohio had requested the Installation was not open to the public, and therefore followed the regular Chapter meeting.

Officers who will head Plymouth Chapter for the coming year and who were installed at the regular Tuesday evening meeting, are: Worthy Patron, Clara Root, and Worthy Patron, James Root. The other officers installed are: Associate Matron, Thera Kennedy; Associate Patron, Harry Dawson; Conductress, Martha McBeth; Associate Conductress, Edith Rose.

Installing Officer for the evening was Past Matron, Mrs. Anna Root; First Vice Matron and Patron-elect. Other installing officers who assisted were installing Marshal, Mrs. Janice McQuate; Installing Chaplain, Mrs. Alice Jorgenson; of Anne Rutledge Chapter, Lakewood, who is the mother of the new Worthy Matron; Installing Secretary, Mrs. Josephine Lanius; mother of the new Worthy Patron; Installing Organist, Mrs. Eva Ross; Soloist, John Root; Installing Conductress, Mrs. Margaret Pitzen; Installing Warder, Mrs. Arline Schreck; Installing Sentinel, Orva Dawson.

Decorations

The Chapter room was beautifully decorated. There were lighted wreaths in every window and near the piano stood a large, elaborately decorated lighted Christmas tree topped with stars.

There were tall vases of ornamental evergreens at the Associate Matron's station, and at the secretary's desk. Before the Matron's pedestal stood a large, brilliantly red poinsettia, and below it a white star-shaped container holding flowers of the Star colors. A small Christmas tree stood near the entrance door. A lighted, artificial poinsettia plant was a beau-

tiful and unusual decoration, and the tables for the buffet luncheon served later in the evening, were also decorated in the Christmas manner.

Mr. and Mrs. James Root, Matron of the new Worthy Grand Matron of Ohio had requested the Installation was not open to the public, and therefore followed the regular Chapter meeting.

Worthy Matron of 1946, Mrs. Mabel Lanius, conducted the business meeting and presided over the Chapter until the Installing Officer took charge during a declared recess. She was graciously presented with a Past Matron's pin, which she had most certainly earned by a fine year's work. The pin is a gift from the chapter and was presented by Past Deputy Grand Matron Arline Schreck, who further honored Mrs. Lanius with a most interesting poem concerning her Chapter accomplishments during her year.

John Lanius was presented with the Past Patron's jewel by Past Patron, Orva Dawson. The Silver Seal Club remebered both 1946 officers with a gift. Mr. Lanius presented his wife with a surprise gift with which to remember their Star together.

Unusual

It is quite unusual to have a husband and wife, Mr. and Mrs. John Lanius, leaving the offices of Worthy Matron and Worthy Patron, and to have the husband leave with Mr. and Mrs. James Root, as the newly installed officers.

It is also unusual and very nice to have the respective mothers of the new officers eligible to take part in the installing service.

New Officers

Mrs. Root, for her Installation, wore a floor length gown of soft rose crepe, cut in classic style, and trimmed with gold sequins. Her corsage was an orchid, given her by her two young sons.

All incoming officers wore floor-length dresses, and were presented with a shoulder corsage of small yellow roses, by "Worthy" McQuate. All installing officers were in white formal, and were also given a corsage of yellow mums.

Christmas carols were played by Mrs. Eva Ross during the recess, and John Root, brother of the new Worthy Patron, installed assist of the evening, sang while the orchestra was lighted with white tapers. His solos during the latter installation work were also much enjoyed.

The Star-point addenda, conducted by installing Marshal Janice McQuate was very lovely.

Due to the illness of the previously elected secretary, Mrs. Lanius, another addendum was called during the business meeting, and Mrs. Anna Root was voted to the secretary's office for 1947. As she was the Worthy installing Officer for the evening she was installed in her new office before the close of Chapter by Past Matron Marguerite Root, and the installing Marshal Janice McQuate.

Gavel Presented

Mrs. Anna Root presented the new Matron with a silver gavel. She was also nicely remembered by her husband, her new corps of officers, Mr. and Mrs. Lanius, and Mr. and Mrs. McQuate. In turn, Mrs. Root remembered each of her 1946 officers and installing officers with a lovely gift.

Guests Present

Besides many local members, O. E. S. members of other Chapters attended from Shiloh, Greenwich, Willard, Lakewood, Grand Representative of Satchewatchewen, Canada, Elma Stevenson, attended and made a few appropriate remarks.

The Christmas buffet luncheon was enjoyed, and all committees of the evening were commended for their work.
