

# Crawford Tenders Resignation; Board Outlines Improvements

**EARNST ROOKS TO ASSUME CHARGE OF LIGHT AND WATER DEPARTMENT MARCH 1st.**

After serving seven years in the village light and water department, C. R. Crawford, superintendent, tendered his resignation Monday night to the Board of Public Affairs. The resignation will become effective March 1st.

**Rooks to Succeed**  
Ernest Rooks, who was connected with this department prior to entering the Navy two years ago, was appointed by the Board to succeed Crawford. He will take active charge of the department the first of the month. Rooks has had much experience during his two years in the Navy, and expects to take special training in both the electrical and water management of the plant.

**Hire Assistant**  
Alvin Wolf who has been helping Supt. Crawford in the work of this department, was hired at Monday night's meeting as assistant superintendent. Mr. Wolf will assist mainly in meter reading and give such help as may be needed at the water plant.

**Plant Needs Revamping**  
Going through four years of wartime restriction the municipal light and water department has become somewhat rundown, not to mention management of previous board members, but mainly for the lack of help and the inability to purchase necessary repairs and materials.

Now that supplies and equipment are gradually coming back on the market, many changes are being planned for the improvement of both water and electric service in Plymouth.

Two filters are to be cleaned and overhauled at the water plant as well as reconditioning the softening equipment. Pipes, pumps and tanks are to be cleaned and painted, and in general, a broad program of maintenance and upkeep is being planned.

**Light Lines To Be Checked**  
The distribution system of the village will also get a "go-over" this year. So far, the Board has been unable to secure the services of a tree-trimming contractor, but this work will not be completed within the next few weeks. Hanging tree branches are causing much disruption to radio receivers caused by limbs rubbing against light wires.

The Board also plans a survey for the distribution system which

In some sections of the town have become overloaded, while in other parts the power factor is more than sufficient. A general clean-up is planned for those lines on which insulation has worn off, more transformers are to be installed where necessary, and an automatic switch for the lights around the Square is being considered.

The improvement program which the Board has outlined, will no doubt take a year's time to complete, but at the end of the year, Plymouth should have its water and light department back to a high degree of efficiency.

**Time Limit Cut**  
In view of the numerous claims which have been made in the past year among residents in Plymouth, the Board passed a resolution at Monday night's meeting setting the tenth of the month as a deadline for payment of the previous month's light and water bills.

# Council Has Busy Session

With Mayor Lasch presiding, members of the Village Council experienced a busy session at their first meeting in February, Tuesday night. An ordinance fixing the salaries of the street commissioner and marshal was given its first reading and tabled for a second reading at a later meeting. These two offices, which have been held by one individual, are to be separated, and two men will be placed on the jobs, one as a street commissioner and the other as full time marshal.

**McIntire Appointed**  
At the January meeting Lasch appointed J. W. McIntire to succeed himself as a member of the cemetery board for a six year term. Members of the council failed to confirm the appointment at that time, and Mayor Lasch appointed a committee of councilmen, Whittier Briggs, Joseph and Fred Mosier, to investigate conditions pertaining to the cemetery.

A report of the committee was given at Tuesday night's session, and recommending that Mayor Lasch appoint Mr. McIntire as a member of the Board, and this was passed on with the approval of the entire body. McIntire has served on the Board for many years.

# THE WEATHER

The month of January, 1946, was comparatively mild, with only five days with temperatures below 10 degrees, and only one day below zero. The highest was 46 degrees on the 6th; the lowest 4 degrees on the 21st. The average temperature for the month was exactly 30 degrees or 1.7 degree above normal.

Precipitation was decidedly deficient. The total was only .81 of an inch, while the normal is 2.24 inches. Snowfall was also light, totaling only 5.1 inches.

There were 11 days with measurable rain or snow; 11 days were clear, 4 partly cloudy and 16 cloudy.

After the severe winter of a year ago with a total of \$1.7 inches of snow and in December, January and February, we are probably entitled to a nice, open winter; but since the growing season is shadowy, we can now, of course, expect the worst.

The lack of snow and moisture, however, is hard on wheat which got off a poor start, so we should welcome a nice blanket of snow and be glad if it stays on the ground through March. It might mean the difference between a bumper crop and an average bread basket.

# Philip L. Postema, Veteran of Three D-Day Landings Receives Silver and Bronze Stars For Outstanding Service

**CAMP PERRY**—A veteran of three D-Day landings during World War II, Mr. Philip L. Postema of Route No. 1, Plymouth, was recently presented the Silver Star and Bronze Star medals which had been awarded to him by the War Department because of outstanding and courageous service during his combat experience in North Africa and Europe.

A member of the 1st Infantry Division, the first complete American Division to go into combat with the Germans, Mr. Postema served with that outfit for almost three years, thirty-three months of that time being overseas. Joining the service on the 6th of March 1941, he received his training at Camp Wolters, Texas and after eighteen months of training joined the 1st Inf. Div. at Fort Devens, Mass. His D-Day landings included the ones in North Africa, Sicily and France.

After being discharged in May of last year at Camp Atterbury, Mr. Postema has been engaged in the wholesale fruit and vegetable business in the vicinity of Norwalk and Willard, under the partnership name of Postema & Puhari.

# DAIRY MEETING LISTED

**COLUMBUS**—An attendance of 250 is expected for Ohio State University's Dairy Technology Conference February 11-15. The program will include discussions of herd management, sanitation, pasteurization, chemical problems of dairy products, plant problems, new insecticides, and modern refrigeration methods.

# Pilgrims Lose To Lexington

Even though the Pilgrims lost the game to Lexington last Friday night, with a score of 32 to 28, the boys are back in the groove and playing the sort of ball which they have attracted such huge crowds of year. However, they still did not play with the finesse of which they are capable, but they are definitely "coming back" and if they continue like this, win or lose, they will have the backing of the entire community.

The first half looked like easy victory for the Pilgrims with the score standing at 21 to 12, but the beginning of the third quarter saw the Lexington team put full steam ahead to pile up the score for them and to hold the Pilgrims to a mere seven points.

There was a noisy, nervous, but sportsmanlike crowd to witness the game, even though two of the Pilgrims were put out of the game because of fouls. Fouls were about even with twenty-two being called on Plymouth players and twenty-one on Lexington.

Hampton was high scorer of the evening with 15 points.

The structure was abandoned when the dial system was installed at Greenwich. A small building was erected a month or so ago to house the dial system equipment. Guy Weaver is in charge of the newly erected exchange.

# GOV. LAUSCH TO SPEAK AT CONFERENCE

Gov. Frank J. Lausche and State Highway Director Perry T. Ford will be the principal speakers at the one-day Ohio Traffic Safety Conference at the Neil House, Columbus, Wednesday, February 20. It was announced Saturday by A. Finkbeiner, Toledo, chairman of the Ohio Traffic Safety Council.

Governor Lausche, honorary chairman of the Council, will speak at the 12:30 luncheon. "The Responsibility of the State for Traffic Safety" Director Ford will welcome the expected 300 Ohio county and municipal officials according to the program announced by the Council.

# Infant Son Dies

The baby boy born Saturday evening at the Willard Hospital to Mr. and Mrs. Ora Farnwalt of Boughtonville died Sunday morning. Commitment services were held Monday afternoon and burial made in the Greenwich cemetery. Rev. White officiated with Hines & Bender Funeral home in charge.

Mr. Farnwalt, the former Miss Juanita Plough, daughter of Leo Plough of Greenwich, was seriously injured last Wednesday morning in an auto accident when her car left the road near Delphi after taking her husband to work at the F. R. H. plant in Plymouth. Her condition remains about the same.

# Around the Square

**WORD WAS RECEIVED** Tuesday that Dean Snyder, well-known local lad, who has been in the Navy for some time, took up to himself a wife, February 2nd, somewhere in California. The lucky lady is Lt. Marie Margaret Murray, a nurse in the Army Nurse Corps. They expect to spend a little time in Plymouth at an early date.

**AFTER AN ABSENCE** from her work for many weeks it was mighty good to see Cora Statter back at her desk at The F-R-H Co., Wednesday. Miss Statter has been ill, and was a patient at the Shelby Hospital. Her many friends will be glad to know she is well again and really looks good.

**AFTER THE PAST TWENTY** years on a farm, Perry Gundrum is quitting the business. Mr. Gundrum's having a public sale on the 14th of this month, at the farm north of Ganges and four miles south of Shiloh, on State Route 78. "Getting too old to farm, and too much to do," says the farmer. Mr. Gundrum gave on giving up farm work. He's been farming for around forty-five years, which is quite a record for a tiller of the soil.

**OUR LOCAL BANK PRESIDENT**, John I. Beelman, has been missing from his desk for several weeks due to illness. The doctor says Mr. Beelman is not a little while Monday, and he seems to show continued signs of improvement. Yet, when you don't see John Beelman around the Bank it doesn't seem right.

**THE HITCHING POST** is singing the Melancholy Blues this week—two of their part-time members were at the hospital for appendicitis. Yesterday morning Miss Olive Kennedy was removed to the Shelby Hospital where she underwent an operation and on Wednesday afternoon Miss Doris Hulle was also taken to the same hospital.

**SEVERAL NEARBY** towns and cities have been receiving complaints of mail boxes being lifted from post boxes after being delivered by the carrier. As yet there have been none reported locally but this week a bulletin was received by the carrier to the delivery. The bulletin states—"Penalty envelopes containing government checks not requiring personal delivery should be placed in the mail receptacle entirely within the mail receptacle. At the time of making delivery, the carrier should summon the addressee by ringing the bell or knocking on the door. It is not contemplated that this will require additional time, and the carrier will not be required to stand around for his summons. This should clarify the misunderstanding that the mail carrier must await until the addressee comes to the door. So if you are expecting a letter, it will be a safety-first precaution to be on the outlook for them.

**A STRAY HUNTING** dog is reported at the Walter in Plymouth with home, southwest of Plymouth. The folks say it is a pretty nice dog and no doubt the owner would be glad to know of its whereabouts. By proper identification the dog will be returned to its owner.

**"GUARANTEED STARTING"** was needed last Saturday morning by Stanley Shaver, local distributor for the Standard Oil Co. Shaver's big Sohio bulk oil tanker, still right on the Square, and the Standard Oil Shaver couldn't get it started. As a last resort a check was made on the gas tank, and it was dry. Well, anyway, Shaver had several hundred gallons reserved to draw from.

**THROUGH MANY YEARS** a certain woman in Plymouth becomes horrified when a dog gets too close to her. The climax happened last Friday afternoon when she alighted from her car, and opened the door, she was licked by the car door, a dog dashed between her legs and on to the back seat. It's needless to say she was a little bit shaken, but if you want to know how to take care of dogs, ask Mrs. Thor Woodworth.

## ANOTHER STEPS DOWN

THE day of heroic leadership seemed to be passing as General Charles de Gaulle, fiery French patriot, stepped down in that country as had wartime leaders in many other nations.

Churchill, whose intrepidity and eloquence had spurred Britain in its darkest hours, had already sunk to the post of minority leader. He was currently taking it easy in Florida, and would not even criticize the party in power while vacationing. De Gaulle, it was announced, would soon be a tourist in Canada.

The world, which in the not too distant past could trace the course of history in the actions of a few outstanding men, now finds things more complicated. Men who are only average, or comparatively unknown, in many cases hold the reins of government.

The people of the world are fearful of putting their faith in these men's leadership as new scientific discoveries are announced. The significance of human leadership pales in view of the power of the atomic bomb and of the new radar contact which has been made with the moon.

We wonder if any leaders, no matter how brilliant, will be able to steer us on the right course during the portentous years ahead.

## GOOD WEATHER AHEAD

IMPROVED weather reports—which may save farmers millions of dollars—are expected as a result of the weather bureau's decision to use balloons, radio and radar to gather information twelve miles above the earth.

The method is highly technical—but there is every reason to believe that it will result in greatly increased accuracy, both for short and long-term reports. Present methods of observation are greatly handicapped by fog and clouds, but the new method, known as "reason," will have no such handicaps.

By 1947 it is expected that "reason" reports will have replaced the present methods of getting weather information. From then on, there will be few arguments with the weather man. When he says "rain," the chances will be ten to one that it will rain.

But already the weather bureau is protecting itself against wrong predictions by pointing out that even the "two-mile up" reports will not be perfect. The next move, already under consideration, is to get reports from the upper stratosphere—sixty miles up. When that plan has been worked out, our weather prediction problems will be over.

## Doings in Congress

By Cong. W. M. LEMKE

Strikes and more strikes. Some of these are promoted by Communists. Their purpose is to create confusion. Others are justified. They are a revolt under conditions that do not permit an American standard of living-conditions that breed communism. During the war, wages were frozen and the "little steel" formula. But the cost of living and rentals are not frozen.

No apologies to the OPA. The OPA bungled and interfered with production and then raised the ceiling. It bungled the lumber situation until production fell from thirty-six billion feet a year to less than twenty-five billion feet. It bungled the rental until a furnished home, that used to be \$80 a month, is now \$150 and up. It bungled the sugar situation so that you can't get it.

The average industrial worker receives less than \$200 a month. If he has a family, he will have to pay at least \$100 a month for a half-way decent home to live in—another \$50 for heat, light, water and gas. This leaves \$50 with which to clothe and feed himself and family.

These strikes are unfortunate. They come at a time when there is an accumulated shortage of everything. A shortage produced by four years of war. A shortage increased by exporting farm implements, wearing apparel and other things that we ourselves need. These shortages are not solely caused by strikes, but are largely the result of war.

Don't worry; Congress will pass an anti-strike law, just as it passed the Smith-Connally Act. It will be just as ineffective. Congress cannot pass a law to make you work if you do not wish to—especially not if you have a grievance.

In place of passing laws that neither labor or management want, Congress should set up machinery for arbitration. It should give both industry and labor an equal opportunity to select the arbitrator. It should provide that the decision of the arbitrator should go into immediate effect, but with the right of either

party to ask for a review by the Circuit Court of Appeals.

The conservation Chicago Tribune recently criticized management for refusing to accept the 18 1/2% increase recommended by the Presidents Fact Finding Board. It pointed out that the difference between the offer of General Motors and the committee was only 3 1/2%. Yet General Motors, part of whose stock is owned by the British Govern-

ment, refused to accept that escalation.

We know that, under the OPA's bungling, the dollar has only \$60 purchasing power. We know that the laborer who now gets \$200 a month can buy no more than he could with \$100 before World II. We will outline the headaches caused by the war, and in spite of emotional and hysterical waves, our aim is to build a greater and better nation for all.

#### DAN CLARK REMEMBERED ON 88th BIRTHDAY

From morning until night it was a happy day for Daniel E. Clark on February 2nd, who celebrated his 88th birthday last Saturday. Mr. Clark has been living in Plymouth or vicinity for more years than we can remember, and a good many of his friends remembered his birthday by cards, or by calling at his home on West Broadway.

A niece, Miss Alma Clark, of Cleveland, spent the week-end at the Clark-Young residence, and a birthday breakfast was served by Mr. Clark's daughter, Mrs. Ruby Young, at which time he was surprised with birthday packages.

Mrs. Nora Hindley, of Norwalk, a sister, arrived in time to help celebrate with a birthday dinner at noon. A decorated cake (bearing a good many candles) was presented to Mr. Clark as a climax to this dinner. The mailman brought many lovely cards, and these were thoroughly enjoyed and appreciated.

In the evening neighbors then helped to observe the day by calling and sharing in a birthday "dessert." Mr. Clark had the good fortune to blow out all the candles on this second birthday cake of the day. At this time a telegram opportunity arrived from friends in Cleveland with best wishes for the day. Mrs. Ross Ervin, of Shelby, was an evening caller.

Dan doesn't mind having his birthday roll around at all, even if it does make him one year older. In fact he promised that he would "be here next year, so come on over."

FELLOWSHIP DINNER SPONSORED BY BETHANY CLASS

For their February meeting, the Bethany Class of the Methodist Church held a Fellowship dinner Tuesday evening for members and prospective members in the Church parlors.

Twenty-eight responded and enjoyed a splendid chicken dinner under the supervision of Mrs. Frank Pitzner, Mrs. Ralph Ream, Mrs. George Cheesman and Mrs. V. Hicks. Favours and appointments were carried out in a valentine motif.

With guests still seated at the tables, a devotional period was conducted by candlelight in charge of Mrs. E. R. Haines. Participants in the devotions were Mrs. Hicks, Mrs. Ream, Mrs. Fred Port and Mrs. Alden Willett.

Programs for the year were distributed and for roll call each member and guest were asked to write down their suggestions for the betterment of the Sunday School after they were taken on an inspection tour of the rooms and materials used. Some were very good and the class will make an effort to see that at least some of them are taken on as class projects.

Mrs. Earl McQuate presided over this portion of the program.

Mrs. Jacob Schneider, as president, expressed the class's regret in losing one of their members, Mrs. V. Hicks who with her family return this week to Concord, N. C.

Mrs. Earl McQuate will be hostess for the March meeting.

Mrs. Lowell Keith spent Monday in Columbus.

CARD OF THANKS We wish to thank each and every one who helped in all ways to put the fire out Monday afternoon, which burned approximately ten acres of straw on our farm and Nobles, and kept it from burning the woods.

## Good Markets Are Seen For State Pea Crop

The nation's increasing appetite for canned peas indicates starry markets for Ohio pea crop, 12,168,000 pounds of which went into cans in 1944 according to W. C. Stolk, vice president of the American Can Company.

Mr. Stolk said that a study made by his company revealed that per capita consumption of canned peas in the United States increased from 4.9 pounds of canned weight in the crop year 1939-40 to 8.8 pounds in 1940-41, last normal prewar crop year, a gain of almost a pound.

The only other canned vegetable item showing a consumption increase comparative to peas was canned tomatoes, Mr. Stolk continues. Because Caley had a different spirit, the Lord promised Him would bring the nation into Palestine but those men who had disobeyed and provoked God would never enter the Land of Promise.

Because Caley had a different spirit, the Lord promised Him would bring the nation into Palestine but those men who had disobeyed and provoked God would never enter the Land of Promise.

In 1939-40 Americans ate 5.5 pounds, canned weight, of tomatoes per capita as against 6.5 pounds in the period 1940-41. That canned vegetables are steadily gaining in popularity is shown by a comparison of the consumption of all varieties, which increased from 23.39 lbs. canned weight, per capita in 1939-40 to 23.43 pounds in 1940-41.

The can official added that the widespread use of canned vegetables by the armed forces probably will be reflected in peacetime consumption, as a result of more general acquaintance with canned goods by millions of ex-servicemen.

## Six Such Sermon

† REV. ROBERT H. HARPER †  
A People Disciplined.  
Lesson for February 10: Numbers 14:1-24.

The lesson presents a striking contrast between Moses and the good spies on the one hand and the mass of the Israelites who knew nothing of the value and the mastery of discipline.

After the people had heard the report of the evil spies, they gave way to despair and unbridled Moses. In his appeal to God, Moses assumed that God would of course know—that the ruin of the Israelites would be a scandal among heathen nations.

God promised Moses that He would bring the nation into Palestine but those men who had disobeyed and provoked God would never enter the Land of Promise.

Because Caley had a different spirit, the Lord promised Him would bring the nation into Palestine but those men who had disobeyed and provoked God would never enter the Land of Promise.

Let us beware in this age fast and loose of the drift and of everything that will undermine character and betray a man to the enemy who would rule the earth can so weaken a man's will to resist other evils as the continual giving way to his appetites for strong drink. Wine is a mocker, strong drink is raging, and whosoever is deceived thereby is not wise.

## "SCOUTS OF THE WORLD BUILDING TOGETHER"

### Boy Scout Week

February 8-14

Nearly 2,000,000 Cub Scouts, Boy Scouts, and Senior Scouts will mark the 26th anniversary of the Boy Scouts of America during Boy Scout Week, Feb. 8th to 14th. The theme of the celebration is "Scouts of the World—Building Together." Members of the Movement are helping brother Scouts throughout the world to reorganize. Their "World Friendship Fund" of voluntary contributions and their "White-Of-Our-Brother" project of donating Scout Uniforms parts and equipment, will assist Scouting overseas and help develop understanding among the boys of the world. Above is the official poster marking the event.

**SCOUT WEEK**  
Local Boy Scouts will join with nearly two million Boy Scouts, Cub Scouts, Senior Scouts and their adult leaders throughout the United States to commemorate Boy Scout Week, which begins Friday, February 8th and continues through Thursday, February 14th. The theme of the observance which marks the thirty-sixth anniversary of the founding of the movement in America, is "Scouts of the World—Building Together."

Boy Scout Sunday, February 10th will see hundreds of thousands of unarmaged Scouts attending large city cathedrals or small village churches. Many sermons, addressed to the Scouts, will dwell upon the World Brotherhood theme of the anniversary. Local Scouts will attend the Lutheran Church this year with Rev. Paetznick delivering the sermon.

**DOG SHOW IN CLEVELAND, MARCH 9-10**  
More than 1500 prize dogs from every section of the United States will be in Cleveland for the Cleveland Dog Show at Public Auditorium, Saturday and Sunday, March 9 and 10th.

The Cleveland Dog Show, now known as the Cleveland Classic, has been staged annually for a generation by the Western Reserve Kennel Club and has become the second largest dog show in the entire nation. This year the Cleveland Dog Show is to be the biggest in the history of the Western Reserve Kennel Club with more than \$10,000 in the special prize fund for the longest special premium list ever offered in this show.

## INTERESTING FACTS ABOUT Homogenized Milk

Practically all dairy products are improved by homogenization. The breaking up of fat particles and the fine distribution of them makes a richer tasting, fuller bodied, more digestible product. Homogenized Milk has been growing in importance the past five years. It is recognized today as the ultimate in milk production. Homogenizing lowers the curd tension and makes it more digestible . . . It is especially recommended for those of weak digestion, but it is relished by all. The distribution of fat particles in homogenized milk makes a relatively moderate butterfat product . . . rich in cream, and encourages milk consumption . . . and prevents skimming of milk. Homogenized milk brings out the full flavor of coffee!

As An Introductory Offer We Will Feature Homogenized Milk Friday and Saturday Only 14c Per Quart

## NEWS OF OUR MEN HERE AND THERE IN THE SERVICE

### Promotion

Pfc. Peyton Sid Thomas has recently been promoted to T-5. Sid is employed in a Seventh Army Publication Depot at Bensheim, Germany. He also had the pleasure of meeting and talking to a local soldier, the first he has seen or met since he left home in August, 1944. The local soldier was Walter Myers of Plymouth Street, who is now enroute home.

### To Be Reassigned

Miss Betty Brown who is with the Red Cross returned January 21 to Paris, France for re-assignment. The Red Cross Club which she operated in Laon, France, has been closed.

In closing up her accounts at Laon, Miss Brown noted that more than \$9000 of coke had been sold during the past four months, which is probably one reason why coke is so hard to supply in the states. She is the daughter of Mr. and Mrs. S. C. Brown of North Street.

### Sons Back Home

The family of Mr. and Mrs. C. C. Moore is reunited after four years, both of their sons having received their honorable discharges from the army and marines respectively.

Cpl. Richard Moore returned to Plymouth Saturday night after receiving his honorable discharge January 30th at Camp Pendleton, Oceanside, Calif. Richard had been in the service of the Marine for four years and overseas in the Pacific Theatre of War, two years. He holds a Presidential Unit Citation, The American Theatre, The Asiatic-Pacific Ribbon with four stars, the Good Conduct medal and the Victory medal.

Their other son, Sgt. Joe Moore received his discharge January 5th at Camp Atterbury, Ind. after his return from the Pacific Theatre of War the past two years, with three years service in the army. He holds the American Theatre, the Asiatic-Pacific Ribbons with two stars, the Philippine Liberation Ribbon with two stars, the Good Conduct and the Victory medal. Joe was with the 30th Air Force.

Both young men are recuperating and have no immediate plans for the future yet.

### Back to Work

Sgt. Billy Snyder and wife were guests the first of the week of the former's sister, Mrs. James Rhine and family. Sgt. Snyder received his honorable discharge January 13th at Indiantown Gap, Pa., after three years service, seventeen months in the Pacific Theatre. His four campaign stars are for the Air-Offensive on Japan, India-Burma Campaign, Central Burma Campaign, and the China Defensive Campaign. After a visit with his wife's folks in Villa Platte, La., he expects to report on the 20th to the Apex Electrical Mfg. Co., in Sandusky, to resume his former position.

### Accepts Position in Michigan

1st Lt. Raymond Hatch, wife and son are spending a few days in Plymouth before taking up his new duties as Director of Guidance at East Lansing High School Lansing, Mich., Monday. His wife and son will remain here until a home can be secured at Lansing.

Lt. Hatch received his honorable discharge Saturday, Feb. 2nd at Pentagon, Wash., D. C. since now on terminal leave. He has been in the service thirty-two months and has been Chief of Tests Section, Instructors Method Branch, at Ft. Belvoir, Va. He has recently received the Army Commendation Medal for Organization, and administration of the Evaluation Program, Engineers School, and for the supervision and improvement of Post Children's School. He also holds the American Theatre, Victory and Good Conduct medals.

### To Be Stationed in Germany

A letter received yesterday from Miss Betty Brown states she has been reassigned to Hofgelsmar, Germany, just north of Kassel, where she will be in charge of a Red Cross Club. The club she has been operating at Laon, France, was closed recently.

Miss Brown's first impression of Germany is that her people look better than other Europeans but towns she has passed thru that were badly bombed are beyond imagination. She states "I cannot think of anything you have seen that you could compare it to. . . just imagine a big building having been knocked by an earthquake, then burned, then all the stuff falling into the first floor, then visualize 80 per cent of the buildings in the town the size of Mansfield in exactly the same condition. . . about half with barbed wire strung in front of them, to keep people away in

case some more of it falls down. The rubble is usually about as high as you would hang pictures."

### Home For Short Visit

Sgt. John E. Croy, U. S. Army, is home for a few days. He will report back to Camp Atterbury for his discharge. Sgt. Croy entered the service three years ago this May. He has been stationed recently at Camp Cook, Calif.

### Visiting Here

First Sergeant Russell Bethel was discharged at Jefferson Barracks January 31st. He, his wife and daughter, Susan and his sister, Mae came Friday, Feb. 1st to spend a week with his parents.

### Briefs

Pvt. James Rhine of Camp Crowder, Mo., arrived last Wednesday evening for a few days visit with his parents. Mr. and Mrs. James Rhine. He left Monday for Sacramento, Calif., to report and expects to be sent overseas.

Quentin Ream, navy, who has been visiting his parents, Mr. and Mrs. Ralph Ream, left Monday to report to San Diego, Calif.

### Returns to Toledo

Miss Elma Bland who has been in the WAC's received her discharge January 8th at March Field, Calif. returned to Toledo to make her home. Her brother, Arthur L. Bland, recently enlisted in the Air Corp and is now stationed at Sheppard Field, Texas. His address is Pvt. Arthur L. Bland, 15214009 Bks 784 Ptl. 32 Sqn. D. Sheppard Field, Texas. Both Miss Bland and her brother are former residents.

### In Alaska

**COMPANY IN NORWALK**  
WILL ENLARGE PLANT  
NORWALK — It has been announced that Fisher Auto Top Co. has awarded a contract for an addition to present plant. William M. Ernst, president of the company, states that a substantial addition will be made at the northwest side of the present building and will contain two floors.

The project also includes a modern heating plant placed in a basement under the new addition. The structure is to be built of combination brick and cement block with steel sash windows.

The building project will provide for an increase of upwards of 8,500 square feet of floor space, and will permit the rearrangement of the entire plant. In planning this project, the management has laid emphasis on improved facilities for manufacturing operations and more spacious working conditions for employees. Work will be started immediately.

The contracting firm on this work is Darin and Armstrong, Detroit, which is planning to employ as much local labor as possible.

**CARD OF THANKS**  
I wish to thank all my friends and neighbors for all the cards and gifts; the W. S. C. S.; the St. Ambrose Community Grange for fruit and Dr. Butler for his care. It was greatly appreciated.

## Miss Clarabelle Jacobs Married In Toledo Saturday; To Reside There

A wedding of interest locally took place last Saturday morning, Feb. 2nd, at 10:30 at the St. Thomas Aquinas Rectory, in Toledo, when Miss Clarabelle Jacobs became the bride of Lyman O. Sheely. The double ring ceremony was performed by Rev. Russell Gillig in the presence of the immediate families and a few friends. Attendants were Miss Theres Tonis and Mr. John Tonja.

The bride was attired in a powder blue dress, street length, with brown accessories and wore a shoulder corsage of pink carnations. The bride's maid, Miss Tonja, wore chartruse with black accessories and a corsage of pink carnations.

The new Mrs. Sheely is the daughter of Mr. and Mrs. Carl Jacobs, Plymouth, a graduate of the local school, class of 1942. The groom is the son of Mr. and Mrs. Luther O. Sheely of Toledo and a returned veteran of the 37th division. He was overseas thirty-eight months and served his country for four years and nine months; he was honorably discharged Nov. 12, 1945.

Following the ceremony a reception was held at the home of Mr. Sheely's sister, Mrs. Harold Hendrickson in Toledo for the wedding party. Mrs. Carl Jacobs and Mrs. James Jacobs of Plymouth were among the guests. The young couple will make their home in Toledo where Mr. Sheely is Sales Manager of the Starr Roofing & Siding Company.

**What do I think of the servant situation?**

Why, I haven't any servants! I do all my own housework.

Not quite all, Mrs. Smith. You have some household appliances, haven't you?

Of course, but—

OF COURSE—that's the answer, Mrs. Smith. You DO have a servant, but you take that servant for granted. You've got a combination laundress, cook, cleaning woman, lampfighter, seamstress and entertainer—one who doesn't mind a few odd jobs like heating the bath water, guarding your food, fanning your fevered brow—

Oh, you mean ELECTRICITY—

Yes, Mrs. Smith, electricity—the universal servant who works 24 hours a day at low pre-war wages—and never asks for time off. Why, Mrs. Smith, your "servant situation" here in America is better than anywhere else in the world.

## Aged Resident Has Birthday

Mrs. Elizabeth Crawford on Friday, Feb. 8, celebrated her ninety-fourth birthday, but one could hardly believe it was her 94th. Though she has not been well for some time, on her birthday she seemed so bright and felt much better. She received a great many beautiful cards and there were callers, and beautiful flowers from her granddaughter.

Mrs. Crawford and her husband, Taylor Crawford, had a very important place in the early history of Shiloh, for Mr. Crawford and his two brothers owned the mill, situated where "Perrill Field" now stands and farmers from all the community around brought their wheat and grain to be ground there. Later, Mr. and Mrs. Crawford were the proprietors of the hotel, known as "The Crawford House," relinquishing the responsibility only when Mr. Crawford's health failed.

Mrs. Crawford has spent most of her life in Shiloh, and has always taken a keen and friendly interest in the people of the community and their activities, and the people of Shiloh now return that interest in friendly best wishes for her health and happiness.

## HOME ON LEAVE

## AN APPRECIATION

Readers of The Advertiser in Shiloh and vicinity will regret to learn that Mrs. Algy Cockburn has given up her work as co-correspondent for this paper, due to her health. Mrs. Cockburn has faithfully served the paper and her community for over twenty years and in that period she has brought us many new subscribers and acquaintances for which we are grateful.

For the past few months Miss Ina Brumbach has assisted on the news end in Shiloh, but she also finds herself unable to continue with the work. We appreciate very much her efforts in pinching hitting for the news.

Feeling that the community should have some representation, Mrs. A. W. Firestone has consented to look after the news in Shiloh and she will appreciate very much if news items turned in are written. However, she will be glad to receive them over the phone. The number is 2441. While Mrs. Firestone is serving temporarily, we trust that through co-operation and her interest in the community will be such that she will continue in this capacity for a long time.

## Miss L. Hoffman And Mr. Fred Mills Take Vows

A very pretty wedding was solemnized after the service at the Methodist Church, Wednesday, 12:30 o'clock when Miss Lillian Hoffman became the bride of Mr. Fred Mills of Plymouth.

The wedding church was adorned with two huge baskets of flowers. As the beautiful Lohengrin wedding march was played by Miss Rose, the bride arrived, attended by her sister, Mrs. Richard Rule, the Matron of Honor. Mr. Paul Miller acted as best man for his brother. The bride was given in marriage by her mother, Mrs. Ed. Hoffman, and while "Holy, Holy, Holy" was very softly played, Rev. Boehm performed the impressive double ring ceremony. Only the immediate families were present.

After a visit to the photographers, the wedding party and guests motored to the "Fairway" where a reception was given, followed by a six o'clock dinner, the table was decorated by a centerpiece of spring flowers and a lovely three-tiered wedding cake. Twelve guests were present. The bride wore a suit of powder blue with brown accessories and a corsage of American Beauty roses. Mrs. Rule wore a strapless length dress of dark blue with black accessories and a corsage of pink carnations. Mrs. Hoffman was attired in black with yellow jewelry.

Mrs. Mills is a graduate of the Shiloh High School, class of 1940. Mr. Mills was graduated from the Plymouth High School and is now employed at the Fater-Root-Heath Company. He is also a discharged veteran and has won decorations as a member of the Air Force over Europe.

The bride and groom will be at home at 25 Sandusky St., Plymouth, Ohio.

The wedding was to have taken place the latter part of the month, but the date was advanced so that the loved sister, Mrs. Rule, who with her husband, Mr. Richard Rule, are now here on a visit from Pensacola, Florida, might participate in the ceremony.

The Advertiser extends its best wishes and congratulations.

## W. S. C. S. MEETING

The Women's Society of Christian Service will meet Thursday, February 14th at the Methodist Church, Plymouth, Ohio. The usual dinner will be served to members and guests.
